Millinery Opening

AT THE

GOLDEN LION

Our opening days are Wednesday & Thursday, April 2nd and 3rd, and following days, and our customers and friends are cordially invited to call and inspect our unusual large display.

ROBERT FAIR.

W. W. JOHNSTON

wishes to call your attention to the fact that you can have a fine assortment of

New Spring Goods

to choose from if you come to

410 GEORGE-ST.

The Stock is complete in all departments. If you want a Dress we have them in all the Shades and Prices. If its a Print the ladies say they are very handsome and oh, so cheap.

In COTTONS, COTTONADES and SHEETINGS, our Stock is very complete. The same may be said of our

EMBROIDERIES and LACES,

and as for

LACE CURTAINS

we can do up the town.
All our Millinery marked away down

SAFETY STEEL

Barbed Fence Wire

at 5½c. per lb. or rod.

4, 5 and 6 TINED
MANURE FORKS.

Shovels and Spades

STEEL SQUARES, HAND SAWS and ADZES.

BRANDRAM'S

B. B. WHITE LEAD.

Always the best goods and the the Lowest Prices for Hardware.

GEO. STETHEM.

Wedding Cakes

MADE TO ORDER.

Wedding, Breakfast and Evening Parties catered for and supplied with every essential. Oyster Patties made to order. Our Stock of Candies are pure and made by ourselves. Home Made Cakes Iced and Ornamented.

Long Bros.

CONFECTIONERS,
Nos. 396 and 414 - - George-st.

Millinery Opening

—AT—

TURNBULL'S

Wednesday and Thursday, April 2nd and 3rd, are Turnbull's Millinery Opening days, when all the new spring styles in Millinery, Mantles, Mantle Cloths and Trimmings will be on display. We will be pleased to see everybody who can make it convenient to pay us a call and look over our elaborate display of new goods in every department. The more callers we have the happier we shall be. We do not look to make sales on these days, but will take pleasure in showing the new things, believing that our efforts this season to place before the public a very attractive stock at close prices will reap its reward later on.

This week we have received the last shipment of our foreign importations, which makes our dress goods department very complete.

We would call special attention to a line of Silk Warp Henriettas in all the prevailing shades.

Our Linen department is also now well stocked with choice goods at surprising low figures.

All the spring domestic paper patterns now in stock.

TUESDAY, APRIL 1, 1890.

IT WAS CRUEL REVENGE.

A "SCAB" ASSAULTED BY STRIKING TAILORS.

Harris Melzer of New York Says He Was Fearfully Maltreated—He Undergoes a Dangerous Operation and May Recover

NEW YORK, March 31.—Detectives Mulvihy, Leary and Stapleton, of the Seventh Police Precinct, are actively investigating what appears to be one of the most outrageous and vindictive assaults perpetrated in this city for years. From the statement of the victim, who is a tailor, it appears that his assailants were striking tailors, who wanted to punish him for continuing at work against their wishes.

An ambulance took to the Gouverneur Hospital yesterday Harris Melzer of No. 9 Ludlow-street, who has been working as a presser for a manufacturing tailor at No. 17 Essex-street. Dr. Johnson, after hearing the patient's story and making a careful examination, sent for Dr. O. J. Ward of No. 179 East Broadway, who is the visiting surgeon at the hospital. After a brief consultation it was decided to perform the operation of urethrotomy, and the patient was put under ether. After the operation Dr. Ward showed a reporter a sewing-machine belt of compressed leather 27 inches long which had been taken from the patient's bladder.

Melzer said that about 7 o'clock Wednesday evening, while eating supper at his home, he was informed that there was a letter for him at a cigar store on Pike-street. His wife and five children are in Russia, and under the impression that the letter was from his wife he accompanied his unknown informer. Before they had walked far, Melzer says, his companion disappeared and he was seized by four men who dragged him down to the wharf at the foot of Pike-street, stifling his cries and overpowering his desperate struggles. When near the end of the pier, Melzer says, two of the men, who were strangers and of whom he could give no description to the police, held him prostrate upon the pier, and while the third prevented his outcry by placing a hand over his mouth, the fourth forced the thong into the bladder. His assailants then fled and Melzer staggered home in frightful agony.

"I am perfectly satisfied," said Dr. Ward "that there was an assault and that Melzer, did not introduce the leather cord into his own body. He could not have stood the pain. Melzer had continued to work at No 17 Essex while the other tailors were out on strike, and many tailors who work sewing machines carry an extra belt with them in order to be prepared for any accident to the working belt. There were exactly 24¼ inches of the belt out of sight. I think the man was assaulted for a vicious and revengeful object."

A similar case was reported some years ago and there are relics of that case now in Bellevue Hospital, the victim having died under the operation.

LOUISVILLE'S DISASTER.

Burials of the Victims—A Heavy Snow-storm Inflicts Hardships.

LOUISVILLE, March 31.—It has been snowing here since early last evening, and this it is feared greatly damaged the goods in the tobacco district. The snow has also interrupted the work of repairing, which was actively pushed all day yesterday, and has otherwise inflicted hardships on the homeless and destitute. Meantime the relief committees are doing all in their power to render aid to the stricken. The last of the dead are being laid away to-day. The Louisville & Nashville Railway has given $10,000 to the relief fund.

Heavy Rains in Tennessee.

MEMPHIS, March 31.—The river is again rising here. Rain has fallen in torrents since last night and all the small streams are running full. It now seems probable that all the low lands below Helena not already inundated will be overflowed within the next two weeks. A break in the levee of about fifty feet occurred last night at Austin, Miss., and at 7 o'clock this morning it had widened to 800 feet. There is no way to close the gap and as the levee is on a sandy foundation for a mile from that point the break may increase to an unlimited extent. All plantations in the vicinity of the break are being rapidly submerged and the tenants are leaving without their effects.

Got the Wrong Man.

HARROW, March 31.—The man arrested at Portage la Prairie, Manitoba, and supposed to be McDuff, who is charged with the murder of an old man named Holton at Tilbury Centre several years ago, was brought here from Windsor this morning for identification. McDuff lived here for years and was well known. No one here recognized the man under arrest as McDuff. There is little or no resemblance between the two.

Losses Caused by Flames.

UNIONVILLE, Conn., March 31.—The Upson Nut Co.'s works were burned here to-night, loss $150,000.

MILWAUKEE, March 31.—St. Joseph's Catholic convent was burned here to-night. The 150 occupants barely escaped. Sister Blanker jumped from a fourth story window and was fatally hurt. Two candidates jumped from the third story and were seriously injured. Two firemen were injured. Loss $70 000

DOMINION LAWMAKERS.

MR. DAVIN'S ATTACK ON COMMISSIONER HERCHMER.

The Bill for George T. Smith's Relief Burked—Mr. Cook's Civil Service Measure Withdrawn—The Easter Adjournment.

OTTAWA, March 31.—There is a considerable feeling in favor of a long adjournment at Easter. Sir John Macdonald being questioned in the House to-day, said all that the Government proposed was to take a holiday on Good Friday, the House to sit on Easter Monday.

There was strong objection made to this and finally the whips were requested to find out just what the majority want. They will probably ask for and get an adjournment from Wednesday to the following Tuesday.

Mr. Davin to-day proceeded with his long-promised arraignment of the chief officer of the Northwest Mounted Police, opening up with this resolution:

"That it is expedient that a select commission of enquiry, having power to examine witnesses under oath, do issue to enquire into the management of the Northwest Mounted Police and into the conduct of Lawrence W. Herchmer, commissioner, from the date of his appointment to Dec. 31, 1889."

Mr. Davin made a long speech in support, relating to the House the various charges which have been preferred in The Regina Leader against the commissioner.

The motion was quite earnestly opposed by Sir John Macdonald, under whose immediate control the police are. He said it was well known that before Herchmer took hold of the force there were grave abuses, and Commissioner Herchmer had applied himself fearlessly to the correction of them, thereby no doubt incurring a good deal of unpopularity. No doubt he had some faults of temper, but angels were not found in this world. The officers of the force were men of too high spirit to submit quietly were such indignities as described put upon them, and as for the men, that they were fairly well satisfied with their position was shown by the fact that out of 198 whose five years' service expired last year all but 31 re-enlisted for further service.

No one backed up Mr. Davin's charges, but Messrs. Laurier, Macdowall, Watson and Mulock urged that their gravity was such as to call for such an investigation as desired. Mr. Blake, too, would like to see something done, but said he would be satisfied if Sir John would promise that a departmental enquiry would be made on the spot.

Mr. Kirkpatrick, speaking as a personal acquaintance of Commissioner Herchmer and from knowledge he gained from a *visit to the Northwest and conversations* with officers of the police who had visited this part of the country, said he was convinced that all the charges made were capable of satisfactory explanation or else were trumped up and baseless. He believed that just as many complaints could be secured against officers commanding every military school in the country if the editor of a local paper stood with mouth and ears open to hear such complaints and would give publication to every fancied grievance.

Mr. Daly declared his belief that the charges largely originated out of personal pique. His speech brought the discussion up to 6 o'clock and the matter then stood over until next private members' day.

The bill to permit the Commissioner of Patents to consider George T. Smith's application for an extension of his middlings purifier patent was burked this evening, a motion by Mr. Small that the House should go into committee on the bill being talked over the hour for private bills. The opposition was inaugurated by Clarke Wallace, who represented that in connection with the patent Smith had acted in a very objectionable manner, having in fact pursued a system of blackmail. Smith's company had, he said, sued the Greeys in Toronto and not only withdrew the suit but paid $10,000 as well. He said they had gone to all the mills in the country and charged $100 for each purifier there found which they claimed to come under their patent. He estimated that 1000 machines had been found and that the Smith Company had extorted $100,000. He contended that this patent should never have been issued in the first place and now that it had lapsed by mistake or otherwise he objected to its renewal and moved the six months' hoist.

Mr. Trow explained that this was quite a different patent from that over which the trouble referred to took place.

Sir John Thompson read a declaration from the Patent Department that the article for which the patent was issued was not covered by any other. He said that after close examination he had come to the conclusion that the patent had not lapsed by reason of any negligence, but through deliberate fraud on the part of a solicitor's clerk, and if ever the House was to interfere this was a case in which the patent should be renewed.

Mr. Blake also said this was an exceptional case and he would support the bill. Several other members spoke, some on one side some on the other, but their combined eloquence exhausted the hour for private bills and it will be a lucky chance if an opportunity is offered this season for passing the bill.

Mr. Cook's bill to prevent the importation of impecunious English swells to occupy places in the civil service which Canadians are quite ready and willing to fill was in the promoter's absence taken charge of by Mr. McMullen, who moved the second reading.

The bill provides five years residence in Canada as a necessary qualification for appointment. In support Mr. Barron said it would be well to remove the impression very generally prevailing in the country that gentlemen with influence from the Old Country have a better chance for employment than Canadians have.

Sir John Macdonald said no impression could be more unfounded than that mentioned by Mr. Barron. He appealed to the House to consider what the effect would be in England, Scotland and Ireland were people there to be told that if they come to Canada they would be considered as foreigners and aliens until they had been five years in this country. This he thought would have a most unhappy and unwholesome effect and would tend to loosen the tie between the Dominion and the Mother Country.

"If the bill is right in principle," observed Mr Laurier, "and it threatens British connection, then I might say, as has been said before, so much the worse for British connection." [Laughter.] After further discussion J. A. Chapleau was about to move the six months' hoist, when Mr. McMullen accepted a friendly suggestion that he should withdraw the bill.

Prorogation of the Manitoba Legislature.

WINNIPEG, March 31.—The Legislature was prorogued this afternoon by Lieut.-Gov. Schultz, who assented to all the bills, nearly eighty in number, reserving two which reenacted objectionable clauses of the recently disallowed tax sale act.

FATHER BOYLE IN LUCK.

The Carolina Priest Acquitted on His Second Trial.

RALEIGH, N.C., March 31.—Father Boyle was acquitted Saturday night of the scandalous charge preferred by Miss Whitaker, the organist of his church. The case was given to the jury at 8 o'clock and at 11¼ the jury came into the court-room. The judge entered his stand and remarked: "I want it understood that there must be no demonstrations from either side when the verdict is announced." The jury were then asked for their decision, and they all simultaneously replied, "Not guilty."

In spite of the judge's order there was a wild burst of applause from hundreds of throats, and this was kept up for five minutes. People crowded round Father Boyle and congratulated him heartily. Then they began to call on him for a speech, but his attorney announced that no speech would be made. Father Boyle went back to the jail and remained there until Father Charles, of the Church of the Sacred Heart, came for him in a carriage and took him to the rectory as his guest.

Father Boyle, it will be remembered, on his first trial was found guilty and sentenced to death, the offence being one included in the category for capital punishment in this state. His appeal, however, for another trial was successful.

BURGLARS IN OAKVILLE.

Several Stores and Dwelling Houses Broken Into and Ransacked.

OAKVILLE, Ont., March 31.—Burglars have been very active in Oakville during the past three months, and several dwelling houses as well as business places have suffered in consequence. The private residences of Messrs. J. H. Heatty, Robert Howe and R. M. Watson were entered in quick succession and a number of articles stolen; also the offices of Messrs. H. Doty & Sons' basket factory, Samuel McGippin's hardware store and Joseph Howe's and J. Joyce's grocery store. Three young lads about 17 years of age, the sons of respectable parents, pleaded guilty to entering the several places and were committed to the county jail at Milton for trial. Another burglary occurred Friday night at the postoffice, all the out-going letters posted after 5.50 p.m., and numbering about 700, being stolen. The telegraph office was also ransacked. All the cash they secured was 11 cents, which was in the telegraph till. All registered letters and stamps are securely locked. The burglars did not tamper with the safe. R. C. Balmer's drug store next door was also gone through and about 500 cigars stolen.

BEGBIE A DESERTER.

He Joined the N.W.M.P. but Deserted After Four Months' Service.

OTTAWA, March 31.—Commissioner White of the N.W.M.P. furnishes these particulars with reference to F. K. Begbie, who, it was thought by Mr. T. B. Alderson of New York, might have shared the fate of Benwell:

"Francis K. Begbie joined the N.W.M.P. at Toronto April 24, 1885. His attestation sheet shows the following: Height, 6 feet ½ inch; age 23 years and 1 month; chest measurement 35½, hair and complexion dark; eyes, blue; marks none; previous occupation, farming and volunteers; last residence, Lindsay, Ont.; former service 45th Battalion, volunteers; religion, Church of England; nearest relative, his mother, Mrs. Gertrude Begbie, Stoke Villa, Limely Stoke, Bath, England. He left the 45th to join the N.W.M.P. and was strongly recommended by Capt. Greyband as a young man of excellent character and a good soldier, whom he did not doubt the officers of the Mounted Police would speedily promote. His police papers also show that he had been plucked in his military examinations in England. Apparently he did not like the police," said Mr. White, "for he only stayed 125 days. On Aug. 26, 1885, he deserted while on escort duty at Winnipeg. You see he had been out west on service and when he got down to Winnipeg probably did as they so often do, started to paint the town red. Then he was ashamed to go back to his barracks for punishment. For drunkenness that is very severe. We hold it might be somewhat excusable in a soldier but drunkenness in a policeman is inexcusable. Probably he went to the States, but at any rate as a deserter would not want to make his whereabouts known."

JUMPED HIS BAIL.

Hamilton's Alleged Bigamist Missing—A Cockfight Interrupted.

HAMILTON, March 31.—Stephen Patton, the alleged bigamist, did not answer when his name was called in the Police Court this morning and it is supposed that he has jumped his bail.

On Saturday J. L. Russell, son of Dr. Russell, was arrested for stealing a small sum of money from his father. The young man was kept in custody, but his name was not placed on the slate and special efforts were made to keep his arrest a secret. This morning he was not among the prisoners in the dock, but after the audience and reporters had departed he was tried. He was found guilty, and on promising to reform was allowed to go on deferred sentence.

The customs duties collected at this port during March were $62,769, an increase of $16,866 over the corresponding month last year.

Constable Miller ran across a cockfight yesterday afternoon. The persons interested selected a house near the foot of Hughson-street as the scene of the main, and the middle of the afternoon as the time. The officer is now working up evidence for the prosecution.

TORONTO TOPICS.

The Timber Policy of the Government Discussed in the Assembly.

TORONTO, April 1.—A discussion on the timber policy of the Government, conducted mainly on party lines, occupied the time of the Assembly yesterday afternoon. Mr. Hardy's bill to amend the Free Grants and Homesteads Act was sustained in committee at the evening session and Mr. Hardy's bill respecting municipal assessment exemptions was read a second time.

At Osgoode Hall yesterday the St. George railway accident case entered on its seventh week. The examination of Chief Engineer Peterson of the C.P.R. was continued.

The Color Line in Sandwich.

WINDSOR, March 31.—The trouble in the Sandwich school as to whether colored children be allowed to attend the same school as white children has been settled by the school board, which has decided that after April 1 Protestant male and female children shall attend No. 1 school, Roman Catholic children shall attend No. 2, and colored male and female children shall attend No. 3. One of the trustees says he is willing that colored people shall have the same rights as whites, but is strongly opposed to both attending the same school.

Voted $8500 for a High School.

BOWMANVILLE, March 31.—A bylaw granting $8500 for the erection of a new high school was voted on here to-day and was carried by a majority of 166.

M'KINLEY'S TARIFF BILL

PRESENTED TO THE WAYS AND MEANS COMMITTEE

Intended to Effect a Reduction of $45,000,000 in the United States Revenue—The New Free List and Transfers to the Dutiable Schedule.

WASHINGTON, March 31.—At a special meeting of the Ways and Means Committee to-day Chairman McKinley presented the Republican Tariff Bill.

The minority will be allowed ten days in which to offer amendments and prepare their views upon such amendments as may be made before the bill is reported to the House. The bill, according to Chairman McKinley, will effect a reduction of $45,000,000 in the revenue. The only change of special significance made in the bill since those already announced within the past week is in hides, which have been placed upon the dutiable list at the rate of 15 per cent. ad valorem, with a provision allowing a drawback on exported goods made from imported hides equal to rate of duty paid.

The additions made to the free list by the new tariff bill include: Acids used for medicinal, chemical or manufacturing purposes not specially provided for. Aniline salts. Any animal imported specially for breeding purposes provided it be of a pure and recognized breed and has been duly registered. Animals brought into the United States for not exceeding six months for exhibition or competition for prizes, also teams of animals including harness and vehicles actually owned by persons emigrating to the United States with their families and in actual use for such emigration. Articles in a crude state used in dyeing or tanning or specially enumerated.

Photographs printed and bound more than twenty years. Books and pamphlets printed exclusively in languages other than English, also books and music in raised prints used exclusively by the blind. Engravings, photographs, etchings, bound or unbound, imported by authority or for the use of the United States.

Braids, plaits, flats, laces and similar manufactures suitable for making or ornamenting hats, bonnets, and hoods composed of straw, chip, grass, palm leaf, willow, brier or rattan. Bristles raw.

Cabinets of old coins and medals and other collections of antiquities. Chicory unground. Coal tar crude and pitch of coal tar.

Dandelion roots unground. Diamonds and other precious stones rough or uncut.

Eggs of birds, fish and insects.

Fish the produce of American fisheries and fish caught by American vessels in the open waters of the great lakes. Currants, dates, fruits not specially enumerated.

Glass plates or disks, rough, cut or unwrought for optical instruments, etc. Grasses and fibres, jute, jute butts, manilla, sisal grass.

Human hair raw, uncleaned and not drawn.

Ivory and vegetable ivory not manufactured.

Natural mineral waters and all mineral waters not effervescent or artificial and natural mineral salts.

Molasses testing not above 56 degrees, except that if any export duty is levied in the country of shipment, the present import duty shall be levied here.

Needles, newspapers and periodicals.

Olive oil for manufacturing or mechanical purposes, unfit for eating or not otherwise provided for. Attar of roses, spermacetti, whale and other fish oils of American fisheries and all other articles not the produce of such fisheries. Opium, crude or manufactured, and not adulterated, containing 9 p.c. and over of morphia. Ores of nickel.

Paper stock, pulp of grasses and poplar or other woods fit only to be converted into paper.

Mother of pearl not manufactured.

Platina, potash, crude or "black salts," chlorate of potash, nitrate of potash or saltpetre, crude sulphate of potash.

Rags not otherwise specially provided for.

Anise, canary, caraway, cardamom, cotton hemp, mustard, rape and sugar beet seeds, bulbs and bulbous roots not edible, and all flower and grass seeds not otherwise provided for. Skins of the goat, kangaroo and other wild animals undressed. Chlorate of soda, sponges, sulphur or brimstone crude.

Tapioca, cassava or cassidy "provided the same is not fit for use as starch." Tobacco stems. Spirits of turpentine.

Wearing apparel and other personal effects not merchandise of persons arriving in the United States not exceeding $500 in value.

Briar root or briar wood and similar wood unmanufactured or partially unmanufactured.

Paintings in oil or water colors, the personal production of an artist only and statuary wrought by hand from marble or stone and by a statuary or sculptor and not otherwise provided for.

Manufactured tobacco exported without payment of internal revenue tax must pay the tax before reimportation.

The following articles now admitted free have been placed on the dutiable list:

Hides, except sheepskins with the wool on, 15 p.c. ad val. Mica 35 p.c. ad val. Aluminum 25 p.c. ad val, or 10c. per package of 100 leaves. Straw $8 per ton. Macaroni or vermicelli and all similar preparations 2c. per pound. Eggs of poultry 5 cents per dozen. Egg yolks 25 per cent. ad val. Chair cane not made into finished articles 10 per cent ad val.

Some changes have been made in the dutiable sections in addition to those already published. The earthenware and glassware schedule has been rearranged.

Timber is cut 50 per cent. Sawed white pine boards, now $2 per 1000, are placed at $1.50 and a safeguard against export duties on logs is provided to equal the excess in that duty.

Cigars, cigarettes and cheroots, now $2.50 per pound and 25 p.c., are placed at $3 and 25 p.c. The clause fixing the duty on leaf wrappers unstemmed, now 75c, and stemmed, $1 a pound, now establishes rates of $2 and $2.75 respectively.

Cotton manufactures are practically as fixed on the Senate bill of last Congress.

A bounty clause to operate for 10 years provides for payment of $1 per pound on silk produced and reeled in the United States and 7 cents per pound on cocoons.

Under the head of books, paper and pulp wood pulp, now 10 p.c., is fixed at $2.50 per ton for ground, $6 for unbleached and $7 for bleached chemical pulp.

Various increases are made in the leather schedule.

The bill contains administrative sections mainly restorative of existing law. The main outlines of the internal revenue provisions have been already published. The entire bill makes a closely printed pamphlet of 152 pages.

NEW YORK, March 31.—The ice dealers of New York, Brooklyn and Jersey City met here to-day, discussed the shortage in this year's ice crop and decided that at present ice must cost $5 a ton wholesale. The ice dealers also complain of eastern speculators having bought up 75 per cent. of the ice crop and hoarding it.

The Old Doctors

Drew blood, modern doctors cleanse it; hence the increased demand for Alteratives. It is now well known that most diseases are due, not to over-abundance, but to impurity of the Blood; and it is equally well attested that no blood medicine is so efficacious as Ayer's Sarsaparilla.

"One of my children had a large sore break out on the leg. We applied simple remedies, for a while, thinking the sore would shortly heal. But it grew worse. We sought medical advice, and were told that an alterative medicine was necessary. Ayer's Sarsaparilla being

Recommended

above all others, we used it with marvelous results. The sore healed and health and strength rapidly returned." – J. J. Armstrong, Weimar, Texas.

"I find Ayer's Sarsaparilla to be an admirable remedy for the cure of blood diseases. I prescribe it, and it does the work every time." – E. L. Pater, M. D., Manhattan, Kansas.

"We have sold Ayer's Sarsaparilla here for over thirty years and always recommend it when asked to name the best blood-purifier." – W. T. McLean, Druggist, Augusta, Ohio.

"Ayer's medicines continue to be the standard remedies in spite of all competition." – T. W. Richmond, Bear Lake, Mich.

Ayer's Sarsaparilla,

PREPARED BY

Dr. J. C. Ayer & Co., Lowell, Mass.

Price $1; six bottles, $5. Worth $5 a bottle.

Children Cry for Pitcher's Castoria.

The Daily Review.

TUESDAY APRIL 1, 1890

THE SCHOOL QUESTION.

Forced to do something, or to make a pretence of doing something, the Ontario Government introduced its bill to amend the Separate school law. The objection to the clause which the Government had introduced into the law was that it changed the foundation of the school system by compelling the assessors to rate every Roman Catholic as a Separate school supporter whether he had give notice that he desired to be so rated or not. *The Liberals* contended that the law had not this effect, and now, to "remove doubts," where they contended no doubt existed, they propose to add to the duties of the municipal officers by causing them to take a little more trouble, but the clause in the act which was complained of is allowed to remain. Mr. Meredith's proposed an amendment that would *really* have the effect the Government professed to desire, but it was voted out by the Government and its supporters.

On this school question Mr. Mowat and his colleagues have again shown themselves to be enemies of the ballot. Mr. Meredith proposed to make the ballot compulsory at *all school elections* in cities, towns and incorporated villages, but, although the Legislature had previously given permission for the ballot to be used in the election of Public school trustees only, the *Government* and its majority voted down this proposition also. Only two Liberals in the House had moral courage enough to oppose the Government and vote for this progressive measure.

Mr. Creighton's bill, which was also voted down, proposed to require teachers of Separate schools to have the same qualifications as Public school teachers, the bill to take effect in 1892, and Mr. French introduced a bill to repeal the clause giving the Separate school board representation on the High school board, which was also thrown out.

These were the measures which gave rise to the debate in the House last week, and the result of the vote was to sustain the Government's ineffective and deceptive piece of legislation and to defeat the bills by the leader and members of the Opposition.

Hon. Mr. Fraser takes *the ground* that the Conservatives in the Legislature are responsible for all legislation adopted by it, although they are in the minority. At Ottawa the Liberals do not hold themselves responsible for legislation passed when they were in a majority and in office. What irresponsible persons they are!

A meeting is to be held on *April 16th* to nominate a support of the Mowat Government to contest West Peterborough. If a gathering of about a dozen was a large and enthusiastic meeting at Norwood, how will the meeting here be described if a hundred should attend?

Greyness, baldness, dandruff, and all diseases of the scalp and falling of the hair can be cured by using Hall's Vegetable Sicilian Hair Renewer

YOUNG'S POINT.

The Shingle Mill in Full Blast—A Sudden Departure.

Correspondence of the Review.

Shingle Mill.—The shingle mill is now in full blast for the season. Mr. Austin Dunn has made arrangements with Mr. G. Young to again run it by the thousand. Mr. Dunn employs seven or eight hands and turns out an A1 shingle.

Gone West.—Bright and early on Thursday morning last a fellow who had a good deal of the sloth in him, whom some people took for a fool (but the knave was deeply imbedded, as he lived on others) took the advice of a great man (now dead) and went west. His sudden departure—with a wife and three small children—although he leaves some creditors behind in the lurch, is a gain and not a loss. We can do without such men in our community.

The Weather.—Your correspondent will take all back what he described about spring, etc., in last issue, as we have now got our winter at last. Time, too. About next July I will describe the weather in this part of Canada, going up the lakes, etc.

When Baby was sick, we gave her Castoria,
When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria

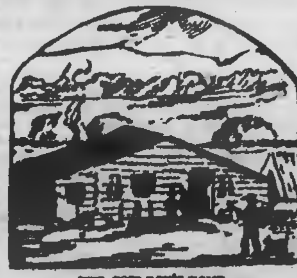
Will you suffer with Dyspepsia and Liver Complaint? Shiloh's Vitalizer is guaranteed to cure you. Sold by Geo. A. Schofield, Druggist Peterborough.

PRAIRIE RANCHING

THE CATTLE INDUSTRY IN ASSINABOIA RAPIDLY INCREASING

Pointers for Those Intending to Follow Cattle Ranching—Cattle that Take Care of Themselves During the Winter and Come Out Fat in Spring—A Prairie Corral—Steer Maturing.

ONE of the most interesting parts of the Canadian North West that it has been my privilege to visit is that portion of the District of Assiniboia commencing at Swift Current and extending to Medicine Hat on the South Saskatchewan River and lying south of the Canadian Pacific Railway. This District of which the thriving village of Maple Creek is the supplying and shipping point lies along the north side of the Cypress Hills and is about 180 miles by 40 wide. In the great rush to the well advertised cattle grounds of the Bow and Belly Rivers, this section of the country has been overlooked. It is now beginning to attract considerable attention due to the great success that the cattle men have met with, and it can fairly be said to offer advantages to men desiring to enter the field of cattle or horse raising, equal, if not superior, to any other portion of the North American Continent. It is everywhere covered with a carpet of the nutritious buffalo grass, and is well watered by numerous running streams, springs and lakes, the latter being literally covered in season by flocks of swans, geese and ducks. The well wooded hills and valleys afford ample shelter against the occasional storms of winter. Deer antelope and prairie chicken are plentiful on the plains. The winters are short bringing with them but little snow, so that from the stockman's point of view it may be considered as complying with all the requirements essential to his business. The writer has spent parts of several years in the District, and has made it a point to talk with the stockmen, with the view of obtaining from those who are competent to speak a knowledge of what he believes will eventually be the chief industry in the North Western provinces of Canada. There are as many sub branches connected with this class of farming, as there are in connection with the branch of agriculture that treats of the cultivation of the soil. I would refer first to the system that is usually practised of raising cattle from a band of imported range cows placed on the prairies of the West. These cattle and the calves that they produce are hardly seen or handled by the owner until they are grown into beef cattle ready for shipment to the eastern markets.

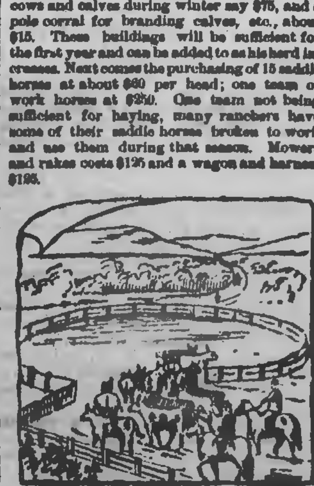


THE COW BOY'S HOME.

The cattle industry in the Maple Creek District, (N. W. T.) is increasing rapidly year by year and promises in a short time to rival that of Montana and the western parts of the United States. Although the majority of the stockmen in this district have begun with only a few head of stock and limited capital the increase has been so rapid that they now begin to rank amongst the foremost of stockowners in the North-West. The past two winters have been such that the mortality has not amounted, at the outside, to more than one per cent. This district being within the "Chinook" belt the snow rarely lies on the ground for more than a few days at a time and on the buttes not so long, so that *cattle range freely all winter and provide for themselves coming out in the spring beef fat.* Butchers purchase and kill beef from the *range at all seasons of the year.*

For the benefit of intending settlers who have an idea of embarking in the business of cattle ranching, an account of the means and costs may be interesting:

Take as an example a person bringing in a band of 500 head of good grade two year old heifers at say, $25 per head, also 20 bulls at $50. In the first place he must locate a suitable site for buildings, etc., in the vicinity of good water—a *running stream* is of course preferable. Then comes his buildings, viz., a log house which will cost about $150, a horse stable of logs to accommodate eight horses for $50; a shed 100x30 feet for weak cows and calves during winter say $75, and a pole corral for branding calves, etc., about $15. These buildings will be sufficient for the first year and can be added to as his herd increases. Next comes the purchasing of 15 saddle horses at about $60 per head; one team of work horses at $250. One team not being sufficient for haying, many ranchers have some of their saddle horses broken to work and use them during that season. Mowers and rakes costs $125 and a wagon and harness $125.

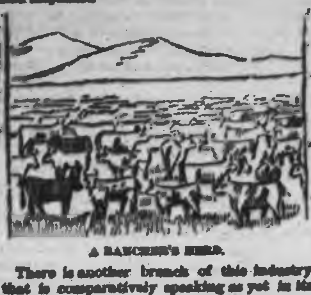


A PRAIRIE CORRAL.

This will be the principle outlay but of course does not provide for many of the smaller tools necessary nor for household furniture. Considering a man established with his stock in the country, buildings erected, stock branded and turned loose on the range and two men hired, who will want about $25 per month for the year we will now take up the life of a cow-man from this time. His cattle will want but little attention until the fall, so his first work is to provide for them in case of a hard winter in the way of hay which can be cut on the prairie. He should provide himself with say 100 tons which should be *stacked* at his buildings if possible. After haying he will be employed in fixing up generally and his men *in riding* the range and keeping an eye on the cattle until the fall roundup which takes place the latter part of September. This with the spring roundup, (which he will have to attend hereafter) is accomplished in the following manner: A meeting of the stockmen of the district having been held at which the date for commencement has been fixed, a captain chosen, and the number of representatives each owner is to send (arrived at proportionately to the number of cattle he owns) all hands with their saddle horses, bedding, etc., gather at a designated point to commence their work. The *roundup* outfit here usually consists of about 30 men, divided as follows; 1 cook, 1 horse herder for the day and one for the night; the balance riders. Each rider has his own string of horses from five upwards. Two four horse teams, one to haul the mess wagon and one the bedding tents, branding irons, etc., comprise the outfit.

The daily routine is much as follows: We are awakened in the early morning by the melodious voice of the cook shouting "Grub pile" at the top of his voice, and woe betide the lazy fellow who does not immediately turn out, and proceed to eat our breakfast. Meanwhile the herder has brought in the band of horses and saddle horses for the morning's ride are caught and saddled. A little amusement is sometimes caused by a horse not thoroughly broken undertaking to buck his rider off, but generally without success.

The captain now gives the men their orders as to which way they shall ride, and gather in all stock that they find, to meet at some designated point, usually within ten miles, where there is in most cases a branding corral. Arriving there the cattle are bunched together and the representatives of each brand successivly ride into the bunch and cut out their cattle, which are in turn driven to the corral and the calves roped, thrown and branded. This work continues until the whole country has been ridden over and all the calves branded. The principle object of the roundup is of course, the branding of calves, to which may be added the driving in of the cattle, that have strayed too far from the ranche and the gathering of beef for sale and shipment.



A RANCHER'S HERD.

There is another branch of this industry that is comparatively speaking as yet in its infancy, but which bids fair to become an important factor in the cattle business. That is the transplanting of yearlings from the East, when winter feeding is necessary, to the Western plains, where they are fattened on the natural grasses. This method has certain advantages over that we have just described, which I will endeavor to make clear in the following observations. This business is commonly called

STEER MATURING.

To persons with capital, and without a thorough practical experience in breeding and raising calves on the range and who wish to go into the cattle business this industry will present itself advantageously. The difficulties of breeding and raising cattle have hitherto been underestimated, and much money has been lost for want of experience, whereas the business of raising beef is conducted on lines, which leave little to individual management. The lines on which the business at present can be conducted are: A number of yearling steers are bought each spring for three years, and turned out on the range. A suitable house with stables, corrals, etc., is put up with accommodation for two men. And in three years the first installed is ready for sale. My meaning will possibly be clearer if I show in figures the cost and result of an investment in 250 yearling steers for three years in succession:

EXPENDITURE IN FIRST THREE YEARS.

250 yearlings each year, 750, at a cost laid down on the range of $12	$9,000.
Wages of two men at $40 and $30 a month for three years	2,520.
Board of men at $15 per month each	1,080.
Cost of buildings, furniture etc.	200.
2 horses, waggon, mower, rake etc.	450.
5 riding horses	300.
Harness, saddles, etc.	100.
	$13,600.

At the end of three years allowing for loss, there would be on the ranch as follows:

Four year olds	235 at $40	$9,400.
Three year olds	240 at 30	7,200.
Two year olds	245 at 20	4,900.
		$21,500.

The ranch would now be on a paying footing. There would be for sale 235 head of four year old steers valued at $9,400, which would be disposed of as follows:

For purchase of 250 head of yearling steers	$3,000.
Wages and board of men	1,280.
Sundries	200.
	$4,480.
Leaving a net income of	$5000.

Each year it will go on the same.

The duties of your two men in summer will be to put up enough hay to feed the weakest stock for any one month in the year; in spring and fall to ride the range, to assist in keeping the stock on the range in which duty, a stockman bear their share; in winter it will be necessary to ride so as to bring in to the ranche all poor stock and feed through the severest weather. Of course the hay put up may not all be used, if so it can be re-stacked and kept over for another winter. Steer cattle in a healthy condition come well through the severest winter. This business offers inducements to a man who has capital and wishes to invest in cattle for these reasons more so than to a man with a *limited* capital and who is looking for a home.

From the nature of the industry it is not necessary for an owner to give all his time to the business. If he was engaged in any other work, a couple of months in the year would be all that would be necessary to devote exclusively to it. Any party wishing to live on his ranch, would not only save a considerable item, in the wages and work of one man, but he would have the finest open air life possible, in a magnificent climate, where sport of all kind abounds. And even then in winter he could easily spare a few months without any injury to his interests.

In order that this letter may not be too cumbersome and so weary the reader, I am obliged to close without giving information that would be of value to those who contemplate moving to the Northwest, relating to the methods of disposing of ranche lands adopted by the Government, and the Canadian Pacific Railway. However, those desiring to follow up this subject will be greatly aided by getting from the Minister of the Interior, Ottawa, or the Land Commissioner of the Canadian Pacific Railway, Winnipeg, copies of the maps and pamphlets dealing with this question which they have prepared for free distribution. Pen and Plough.

ODDS AND ENDS OF HUMOR.

Boulanger has been booted out of France on the box-toe of fate, but now that he has a boil on the back of his neck he begins to realize what hard luck is.

An exchange tries to prove that a navy is necessary to a nation. The able editor apparently forgets that America gets along very well without one.

The young Emperor of Germany declares his intention to "dash to pieces" all those who oppose him. He is likely to find that he is not such a dashing young fellow as he thinks he is.

Tommy Wilkins—We've got a new baby.

Johnnie Seymore—Oh! That's nothin'. I've had the same father for six months.

Mistress (kindly)—"Jane, I hear you have been seen in the park with my husband."

Jane (defiantly)—"Yes, ma'am; I have."

Mistress (still more kindly)—"Well, Jane, you are a good girl, and I dislike to lose you, but I cannot have any one about the house who keeps bad company."

Collector—I have called to present your bill.

Count—Bill! Vhat ees zat!

Collector—Your account.

Count—Oui, monsieur; I am von Count, as you say.

Collector—Yes, I know; but I want you to pay; pony up, see!

Count—Pay! Pony up!

Collector—Yes, your account, you know.

Count—Oui, monsieur; I am von Count, as you say.

Collector—Well here's your bill.

Count—Bill! Vhat ees zat!

Collector—Your account.

Count—Oui, monsieur; I am von—

[When the account was sued for, the Count had a counter-claim against the collector for assault and battery.]

Catarrh cured, health and sweet breath secured, by Shiloh's Catarrh remedy. Price 50 cents. Nasal Injector free. Sold by Geo. A. Schofield Druggist, Peterborough.

THAT BOY needs a new suit.

The one he has on is not only fairly shabby but is already worn out. More than worn out. One or two neat patches or an otherwise good Suit is certainly permissible. But not enough of them to make the Suit resemble a map of North Burleigh. Your boy may derive a great deal of satisfaction from wearing such kaleidoscopic attire, but we doubt it, if you don't. Suppose you look back a score or so of years and recall how you would have enjoyed associating with better dressed companions in such apparel Even admitting that you wore such clothes "because compelled to" is that any reason why your boy should? Times have changed since then. Changed for the better, too. What would scarcely have attracted notice in your clothes will hardly be excused in your boys now.

We repeat, that boy needs a new Suit.

Are you going to give him one?

We have little boy's Suits in all qualities and several styles—there's not many styles for very little fellows, but enough to show a variety in the family if you've three or four boys to clothe. We have them light and heavy, and some very nice Suits just 'twixt and between. In fact we pay more attention to the little fellow's wants than any store in the County. There is no particular extravagance about our Boy's Suits, simply good, decent, proper, becoming, useful garments, proper for any boy to wear and exceedingly durable.

Such is what your boy needs.

Give your boy a Hat. He needs that too. His fur cap is warm, too warm, and besides it gets banged about too much.

It's a little early for a Straw Hat but we suggest a neat Felt. Good for boys. No matter how they abuse these Hats the wear is there.

Clap a new Hat on your boy's head.

Anything else? Yes! Certainly!

Boots!
Shoes!

GOUGH BROS.

Extension of Territory.

We learn that Mr. Henry Sutherland, of Toronto, has been appointed manager for the Temperance and General Life Assurance Company. Mr. Sutherland has had a long and varied experience in life assurance matters and the appointment is considered a good one by all interested in the Company's welfare. Mr. H. P. Lindsay, of this town, has also had a promotion. He is now general agent for the counties of Peterborough, Durham and Northumberland. His work has warranted this extension of territory.

Not Easily Forgotten.

Persons entering the premises of W. J. Morrow cannot easily forget the mistake they have made if they have been buying groceries elsewhere. Our announcements cause a great deal of discontent among people in our line owing to the success our cheap sales meet with. They pay 50 cents for Baking Powder when you can buy strictly pure in 1 lb. tins for 15 cents, 3 lb. tins Peaches, 15 cents each. French Peas, 15 cents per tin, Salmon, 2 tins for 25 cents. We are sacrificing all our lines of Teas, and certain to give you extra good value in all lines. W. J. Morrow, 360 George-st. d65-w13

Curling Chit Chat.

Still the ice lingers and the curlers take advantage of the lingering. At the rink last night the skips and vice-skips of the rinks in the challenge cup series played a game for the oysters, which resulted in the skips being victorious by one shot. The rinks and scores were:—

SKIPS.	VICE-SKIPS.
S. Ray,	Geo. Fitzgerald,
T. Rutherford,	J. B. Pentland.
C. McGill,	J. Stanger,
W.H. Beddes, s'p...16,	S. Clegg, skip.....15.

Majority for the skips 1 shot.

The skips and seconds of the challenge cup rinks will play for the bivalves to-night.

THE FARMER BENEFITTED

ALSO MILLERS AND PORKPACKERS BY THE TARIFF CHANGES.

A Reporter Interviews the Leading Millers—The Farmer Will Get More for his Wheat and the Miller Will Have More Flour to Grind—The Porkpacking Interests—Pork is Worth Half a Cent More.

The tariff changes which went into force last week throughout the Dominion have been the subject of considerable speculation as to their effect upon the business interests of the different manufactories and products the duties upon which were changed. Two of the interests which came within the sweep of the remodelling hands at Ottawa are largely represented in Peterborough, viz., the milling and pork industries. To ascertain, if possible, by an expression of opinion from those who should know as to the extent to which the changes in the tariff on these two industries would effect those interested in them and the farmers from whom they buy, a REVIEW reporter yesterday afternoon interviewed several of Peterborough's leading millers and porkpacker.

THE PORK-PACKING INTERESTS.

Mr. F. MATTHEWS, who manages the local branch of the pork-packing business of Mr. Geo. Matthews, was the first gentleman seen. In answer to the reporter's query as to the effect the increased duty on pork would have upon his business and upon the farmers, Mr. Matthews said: "The increase will effect us in this way, that the farmers will get half a cent a pound more for their pork than they did before. The day after the changes I wrote to every one of our buyers, about twenty-five in all, instructing them on account of the increase in the duty to pay half a cent more for pork. It will also benefit them in another way. Last year we did not pack a barrel of heavy pork, but this year we will buy up heavy hogs and the farmers can thus use their coarse grains to feed up their pork. It will also benefit us, as it will give us a chance to compete with Chicago in this heavy pork. It will not effect us this summer, for buyers had been anticipating this change and had bought up enough pork to do the Canadian trade without importing for twelve months to come. In lard it will also benefit us, as the duty has been about doubled, and will thus shut out the adulterated lard which was brought in before and with which our pure goods could not compete. The duty has also been raised ten per cent. on live hogs and this will tend to raise the price of Canadian hogs, as a large number of Chicago hogs were slaughtered every year in Toronto and elsewhere." In answer to a question just before leaving Mr. Matthews remarked:—"Last year the pork packers sent a deputation to Ottawa asking for this increase, but they were given the 'go-bye.' But this year the farmers sent a deputation with a petition to raise the duty on beef and they also included pork in the petition and now we have the desired increase."

THE MILLERS' OPINIONS.

Mr. J. H. MULHERN, proprietor of the Otonabee flour mills, was found by the reporter at his office, and in reply to questions said:—"This increase of twenty-five cents per barrel is not perhaps all the protection we should have. However, it will benefit us as it will help to save the Eastern market for the Canadian millers. It will, we think, enable us to pay more for our wheat at times, and in this way will benefit the farmers. In the Lower Provinces the idea was prevalent that when the duty went up there would be an advance in the price of flour, but the leading millers have not advanced prices a cent. I had enquired from the lower provinces asking if prices would advance, but I answered 'No.' As to the necessity for this increased duty wheat was selling at a very low figure in the States and also in Europe and the Americans were sending in flour and underselling the Canadian miller who could not compete with them down east."

A RAISE IN WHEAT.

Mr. W. H. MELDRUM, of the firm of Meldrum & Davidson, was next visited in the office of the mill on the race. The scribe's queries brought out the following view of the results which will follow the increase of the duty on flour:—"I do not anticipate that the changes will give us any benefit in giving us the market in the Lower Provinces. The farmers are the ones who will get the benefit of the raise in the duty. The fact that wheat has raised three cents on our local markets show that this is the case. The millers will get a benefit in that it will shut out American flour. There will be no perceptible change in the price of flour, the farmer will be the man who will reap the benefit. He is a better protested man than the miller, for we are paying more for Canadian wheat than it is worth for any other than the local trade. We could not, therefore, compete with outside millers. We received a cable on Saturday from England according to which Canadian wheat would be worth about 75c. per bushel if there was no duty. In a short crop year there might be a little more asked for flour, but in a good year there would be no perceptible increase. I'll go further and say that any miller who will support the Reform party after their action in fighting tooth and nail against the millers getting this protection, ought to be kicked. The Reformers have said that this protection was to the injury of the farmer, but any miller knows that the man who would say this was either a fool or talking against the interests of his country. There is not the slightest doubt but that the effect of the duty will be to raise the price of wheat, which means something to a farmer with five or six hundred bushels. Wheat has raised all over, and the fact of flour being shut out of the Lower Provinces will help every miller in the country. As far as the millers in Peterborough are concerned we will not derive as much good as the western millers, but we took the liberal view that if the Western millers were under a disadvantage and a duty would help them we would derive an indirect benefit from it also. The farmers here, however, will get the same advantages as the farmers in the west."

BOTH WILL PROFIT.

Mr. E. PEPLOW, of the firm of Hilliard & Peplow, was seen by the reporter at his residence on Water-st. last evening. Mr. Peplow agreed with the other millers in regard to the effect of the increase upon the miller and the farmer. He said the increase of the duty would have a tendency to cause a rise in the price of wheat, and would benefit the millers by giving them an increased amount of flour to grind. The duty would keep out American flour and the Canadian millers would have that much more to grist. Their profits would not be increased except in proportion to their increased trade. Mr. Peplow anticipated no increase in flour as the result of the increase of the duty.

No medicine has had greater success in checking consumption, in its early stages, than Ayer's Cherry Pectoral. It stops coughing, soothes the throat and lungs, and induces much-needed repose. Hundreds have testified to the remarkable virtues of this preparation.

The Rink.

The rink will be kept open while the frost lasts if expenses are paid, if not it will be closed without further notice. Admission will be for curlers, skaters and visitors 10c., payable at the door. d77

A New Company.

A new financial institution, known as the Alliance Bond and Investment company of Ontario, has been organized, with head offices at Toronto. Mr. James Kendry, of Peterborough, is one of its directors.

Personal.

Major Spooner and wife, of the Salvation Army, have arrived in town. Major Spooner will remain as successor to Staff Captain Marshall who has taken up other work in connection with the Army. The welcome four days special meetings to the new officer will commence Friday next.

A Cold Bath.

A boy, who was in a canoe gathering wood in the river just below the Ashburnham bridge, was upset from his frail bark about noon to-day and treated to a cold bath. His canoe floated away down stream, while he sought refuge on a stump in mid stream until rescued from his cold and undesirable position by two men in a boat.

Will not be Here.

The Eoy Medicine Company with the female orchestra were dated for the Opera House here for the whole of this week. They did not arrive here yesterday, however, and in their place Mr. Bradburn received a telegram from Toronto stating that the company would not be able to fill their engagement owing to circumstances, and he would hear from them later.

Two of a Kind.

Two drunks made merry in the police cells last night and paid for their merriment to the extent of two dollars at the Police Court this morning. Geo. Sweeney, of Garden Hill, walked into the station in an intoxicated condition and was locked up. Wm. Tully, of Smith, was the other victim of the flowing bowl. He paid his fine this morning, but Sweeney was given time to go out and borrow the necessary to liquidate his.

Happy Little Ones.

The Band of Hope entertainment held in the "Y" hall on George-st. last night was a most pleasing and successful event. About one hundred and twenty little ones were present, and a good programme of youthful talent was well rendered. Rev. P. Clifton Parker was present and made a short address, and the prizes for proficiency in sewing were also awarded. In all, the evening was a very enjoyable one, and the ladies who have the interests of the Band at heart can well feel proud of their success.

A Seed Grain Case.

Among the cases set down for hearing at the Belleville assizes, according to the Ontario, is the following:—"Jeffery Meanean for the larceny of a three hundred dollar grain note from Geo. A. Landon who was then agent for the Dominion Grain and Seed Company. The defendant is from Hungerford township and the evidence against him is that he grabbed the note from the agent's hands when he became aware, as he alleged, that it had been obtained by fraud and misrepresentation."

The Laboring Laymen.

The regular monthly meeting of the Peterborough Laymen's Evangelical Association was held last evening at the residence of Mr. Joseph Batten. The President in the chair. There was a fair attendance of members. After devotional exercises, reports of the meetings held during the month were given by the brethren. All reported very favorable. The meeting decided to take on two more appointments weekly. Two new members were also received. After a very pleasant and profitable session the meeting closed with the benediction.

Brevities.

—The Board of Education meets this evening.

—The regular meeting of the Fire Brigade will be held to-night.

—To-day was all Fool's Day and many a April fool's joke was perpetrated on the streets.

—The annual meeting of the Otonabee Canoe Club will be held in the office of the Sun Life Insurance Co. this evening at 8 o'clock.

—Ed. Connors was arrested this morning for the non-payment of a two-dollar fine which was levied on him in July last for drunkenness. He will have to pay up or go to gaol for ten days.

—The Secretary of the Cricket Club, Mr. Sam Ray, has accepted dates with the Toronto club to play here on the 23rd of May and for the local club to play in Toronto on July 4th. The Toronto's wanted to play here on the 30th of August also, but but they were given the 29th.

Mr. C. E. B. Price's Organ Recital.

The organ recital given in the George-st. Methodist church on Monday evening by Mr. C.E.B. Price, organist and choir master, was probably as fine an exhibition of technical skill in the mastery of the pipe organ as has been given in Peterborough. Mr. Price sustained the greater part of the programme, and, in fact, in instrumental and vocal selections gave the entire programme, with the exception of an anthem by the church choir. The audience was not large, yet the recital was very fairly attended; admission by collection at the door. Of the seven selections for the organ, the "Sonata in F minor," by Mendelssohn, exhibited, with its varied movement, the technical skill of the player to best advantage. The opening selection was finely rendered, while the closing number was strong and powerful. With these, other selections were very acceptably given, lending a graceful variety to the programme. Mr. Price, as his performance evinced, is a magnificent player, an artist, and one having a thorough command of the instrument. Two vocal solos rendered by Mr. Price proved an acceptable and enjoyable feature, his powerful and cultivated baritone showing to advantage in the selection, "The Star of Bethlehem." It is seldom that such excellence in both instrumental and vocal ability is possessed by the one individual, and this peculiarity fits Mr. Price for his position as choir master and organist. It is hoped that Mr. Price will contribute vocal solos to some of our public entertainments, where he can be heard to greater advantage by a larger audience. The piano accompaniments to Mr. Price's songs were admirably played by Miss Nellie Wrighton. The fine anthem, "Hark, Hark, My Soul," was given by the choir with excellent effect, and in good time and execution,—a better performance is seldom heard, the result showing the care and training given by Mr. Price. With the material at hand, there is no reason why a succeeding entertainment should not be given that would, by its character and excellence, draw a large audience and prove remunerative.

That Hacking Cough can be so quickly cured by Shiloh's Cure. We guarantee it. Sold by Geo. A. Schofield, druggist, Peterborough.

JUMPED TO HIS DEATH.

A MAN MEETS A TERRIBLE DEATH AT THE G.T.R. STATION.

Stealing a Ride and Remains on the Train too Long—He is Badly Mutilated—His History for the Last Six Weeks as Told by Companions—"Billy" Devine, of Boston, is His Name.

Stretched out on a beir covered with a white sheet in the rear of Belleghem's furniture establishment this morning laid the lifeless, mutilated remains of a poor unfortunate man who jumped to his death from the incoming Port Hope train at the Grand Trunk railway station here at nine o'clock last night. A stranger among strangers he met his horrible and terrible end, but, nevertheless, when the news of the fatality became noised abroad and the crowd began to gather around the spot where the fatal jump had been made and where laid the ghastly, bloody and mutilated remains of what in life had been a vigorous young man, the feelings of all were those of sadness and sympathy. It was indeed a sad spectacle that met the morbid gaze of the large crowd—the head lying on one side of the rail and attached to the body by only a thin piece of the skin of the neck, one foot almost severed from the leg just along the top of the boot and the other gone altogether—chopped up into little pieces and scattered along the track, while his life's blood covered the track and laid in pools on the hard frozen ground. He was an unknown and the manner of his awful end was also unknown. But the tale was soon unravelled, and it was the old story, which it is to be wondered does not repeat itself more often. He would come under the head of "tramp," he had been stealing a ride, in company with three other "partners," had remained on the train too long and jumped at about the worst place he could have selected.

THE DETAILS AS THEY ARE.

The Toronto train from Port Hope had just pulled into the station and the express from Lindsay, which crosses here, had just steamed out on its way to Port Hope, when a man coming up the track made the ghastly discovery of the mutilated remains on the track just a short distance south of King-st. He reported to Station Agent Brandrett who at once telephoned for the police, having first ascertained that there was no life in the unfortunate victim of the iron wheels. Constable Stewart, who received the message at the police station, was soon on the scene. The body was lying just south of the King-st. crossing, near the switch from the main line onto the side track which runs next to the platform at the station. The poor fellow's head laid across the rail and was almost severed from the body, while his limbs were across the rail of the main track, there being only about two feet between the two tracks. The right foot was cut off and there was nothing left of the other but a chopped and haggled stump. The body, which laid between the two tracks, was not mutilated. The police had the remains gathered up and conveyed to Mr. D. Belleghem's undertaking establishment. Up to this time the man's identity was not known, but the conclusion was that he had been stealing a ride and had failed to clear the train when he jumped.

THE STORY OF HIS SIX WEEKS.

Not long after the news of the fatality had began to be circulated it reached the ears of three strangers, rather rough looking individuals, who were meandering up George-st. They went to the station and identified the remains as those of a "partner" of theirs with whom they had stolen a ride up on the express from Garden Hill. The three strangers went with Chief Roszel and Coroner Bell, who had been summoned, to the Police station and told all they knew about him who had been hurried into the hereafter in such a terrible manner. The trio were characteristic specimens of that class of men who lead a careless life, wandering from town to city looking for work, but they were good-hearted and civil and seemed to be affected by the awful fate of their companion. John Dawson, moulder, of Montreal, Lewis Parrault, machinist, of Troy, and Pleade Sayen, alias "Frenchy," laborer, of Montreal, was the account they gave of themselves to the Chief. The dead man they said they knew as "Billy" Devine and they had heard him say he came from Boston, where he had three sisters who kept a millinery store and a brother-in-law who ran a saloon. Dawson, the moulder, had been with the deceased longer than any of them and his story told to a reporter was like this:—"I struck 'Billy' about six or seven week ago in Toronto and he was a square boy. He always used me square and I used him the same. He told me he lived in Boston and that he wanted to get down that far, as he had friends there who were pretty well fixed. I have heard him speak of three sisters of his who kept a millinery store and a brother-in-law who ran a saloon. From Toronto we beat our way to Montreal, where we were on St. Patrick's day. From Montreal we started back west and went into almost every town along the line looking for work. I am a moulder and I told 'Billy' if I could strike a job I would keep him and we would be all right. We reached Cobourg on Saturday. There we met Parrault on Saturday night. He had been working in the Crossen car works for several days, but had quit because they would not pay him seventeen cents an hour as they had promised him. We stayed in Cobourg on Saturday and Sunday and came up to Port Hope yesterday morning. We hung around Port Hope yesterday and had one drink. We caught the four o'clock express to come out here, as we were told we could get work in Peterborough. We had not reached Garden Hill when the conductor got onto us and put us off the train. 'Frenchy' had joined us and the four of us walked to Garden Hill. Here we had a drink and then waited for the night express. We caught her all right, the four of us getting on the blind end of the baggage car. The ride was all right. When we reached what you call the diamond Parrault and myself jumped off when she slowed up, but 'Frenchy' and 'Billy' stayed with her saying they would ride into the station. I walked around the engine and caught onto the side of the tender and rode in a bit further. I called to 'Billy' and told him to jump, but he said that he was going to ride into the station. I told him he would ride in and be arrested, but he said 'To h—l with the arrest' and that was the last I heard of him. He was a straight fellow, I tell you, and I feel pretty sore over this. He told me he had worked in almost all the livery stables in Boston. He was a carriage washer or hostler."

HE JUMPED TOO LATE.

"Frenchy," who remained on the baggage car with Devine, jumped some where between Sherbrooke and King-sts. and escaped all right. The unfortunate "Billy," however, waited until the train had passed the switch at King-st. before he jumped. The express from Lindsay was standing on the main line waiting to run out to Port Hope, and, as the incoming train crossed the switch, she started to move out. It is supposed that when Devine jumped he tripped on the main track and fell, his head going under the wheels of the train he had jumped from. Then the outgoing express was upon him instantly and chopped off his feet. No matter exactly how this may have been, death must have been instantaneous.

Coroner Bell listened to the story of the deceased man's companions and decided that an inquest was unnecessary. The trio, who had been brought into considerable notoriety by their connection with the sad affair, slept in the police cells all night. Parrault, the machinist who had worked last week in the Crossen Car Works at Cobourg, had five dollars of his wages left yet, but they could not get into any of the hotels.

HIS DESCRIPTION.

This morning a great crowd beseiged Belleghem's furniture establishment eager to satisfy their morbid curiosity by gazing on the unfortunate victim of the accident. They saw the remains of a man who was of about the average build and height, with a clean cut face, a light sandy moustache and who did not look more than twenty-six or twenty seven years of age. He wore no vest, but had on two shirts, which Parrault said belonged to him. His three companions also went in and looked at the remains and turned away with the remark "It's tough poor, fellow."

When searched the pockets in the clothes of the deceased contained nothing more than the average tramp's. A small looking glass and a comb and a short clay pipe and some matches made up all the contents.

Chief Roszel this morning telegraphed to the Chief of Police in Boston asking that officer to find Devine's relatives if possible. No answer had been received up to three o'clock and it is possible that Devine is not the unfortunate fellow's name.

The Athletic Baseballers.

The Athletic Baseball Club met last night and perfected organization for the season. The club uniform, it was decided, will consist of grey shirts and knickerbockers, and maroon caps, belts and stockings. The rules and by-laws of the club were adopted, after some animated discussion.

Stepniak, the Nihilist:

Stepniak, the Russian Nihilist, who is spending some years of exile in London, is not as prosperous as he might be, although he has recently been paid a big sum for his new work on Nihilism. He is one of the most industrious workers in London; he is always writing or studying. He spends hour after hour in the British Museum, accompanied usually by his charming wife. They ransack through the big books, make piles of notes, and then the great socialist goes home and to work. He is possessed of a wonderful constitution, for frequently, after spending an entire day in the museum, he dines very frugally, then goes into his little study and remains there until daybreak. But somehow with all his hard work, he does not seem to make as much headway as he should.

He is occasionally seen at the clubs and at the theatre, but he does not make a practice of going much into society. He writes English with ease, but in speaking often seems lost for a right word. He has a small army of friends who stick to him loyally, and in their society and that of his books he seems happy. He is perhaps the best informed man in England on the Russian question. He has been asked to come to America and take the lecture platform, but I doubt whether he would be a success here. He could hardly tell us anything new, and his use of English is not such that our public would be pleased with. He seems to recognize these facts, and goes on plodding, studying and writing, hoping that the sun may break through the black clouds that obscure him, and that he may wake up some morning and find that the Russian dynasty is a thing of the past.—Philadelphia Times.

Leprosy in Philadelphia.

PHILADELPHIA, March 29.—Hop Yan Lee, aged 33, a Chinese laundryman here, was today taken to the hospital for contagious diseases, suffering from leprosy in its advanced stages. He was taken two weeks ago to the almshouse, where his disease was diagnosed as erysipelas and where 3000 people were exposed to the possibility of contracting the disease.

For Delicate, Sickly Children.

Scott's Emulsion is unequalled. See what Dr. C. A. Black, of Amherst, N.J., says: "I have been acquainted with Scott's Emulsion of Cod Liver Oil, with Hypophosphites, for years, and consider it one of the finest preparations now before the public. Its pleasant flavor makes it the great favorite for children, and I do highly recommend it for all wasting diseases of children and adults. Sold by Druggists, 50c. and $1.00

To Nervous Debilitated Men.

If you will send us your address, we will mail you our illustrated pamphlet explaining all about Dr. Dye's Celebrated Electro-Voltaic Belt and Appliances, and their charming effects upon the nervous debilitated system, and how they will quickly restore you to vigor, and manhood. Pamphlet free. If you are thus afflicted, we will send you a Belt and Appliances on a trial.

—OUR—

SPRING EXHIBIT!

Any one will recognize the benefit of dealing with a house that shows a Large Range of Goods as well as the Newest Colorings and Styles.

In this connection we would mention the fact that we have several hundred different Styles in our Tweed Department embracing many new and novel effects. Our selections have been made from the markets' choicest offerings.

We would state to those who contemplate ordering their Spring Suit that we have been favored with a very large trade and would esteem it a favor if buyers would order early.

Our facilities are now taxed to their full capacity and early orders will prevent delays.

Never since our existence have we been so overwhelmed with work. What is the cause? The answer is easy. Our Styles are right, our Goods are right and our prices are right.

Ready With Our Spring Bargains

TO THE GENTLEMEN OF PETERBOROUGH:

NEVER before have we been so well prepared for a Season's trade as we are for this one, and it is with every confidence that we ask the Gentleman of Peterborough to visit our extensive premises. We are thoroughly abreast of the times; and the requirements of the day, the needs of the hour, are our constant study. What is the result? In a season like the present, when we hear constant complaints of dullness of trade and decreasing sales, we are steadily increasing our business, month by month.

We leave no stone unturned in order to get Goods at Bottom Prices, and we are anxious to have fine dressers and all who are particular as to fit, style and fabric, to examine the immense line of Suitings, Trouserings and Overcoatings we are now showing. The stock is twice as large as that of any other tailoring establishment in Peterborough and the prices throughout are guaranteed to be from **15 to 20** per cent. lower.

We will **Commence** the season with **Bargains.** We will **Continue** the season with **Bargains.** We will **End** the season with **Bargains.**

You will, of course, need a **Spring Suit** and **Spring Overcoat** sooner or later—perhaps before Easter or the 24th of May. Well, why delay?* If you want Style, Durability, Gentility—and, above all, a Bargain, leave your measure at the **City Clothing Store.** I wont take long to convince you.

H. LeBRUN & Co.,

CITY CLOTHING STORE.

*Better buy now and be on the safe side. Prices are bound to advance as the spring and busy season advances. Come in and see us anyway.

Children Cry for Pitcher's Castoria.

The Daily Review.

TUESDAY, APRIL 1, 1890.

CLARE'S REVENGE.

The kindly look died out of Mrs. Preston's face, and a stern frown took its place.

"Not to-night, Miss," she said, edging towards the door. "I was told most particular not to let you go out at night; and Mr. Hartley"——

"Never mind Mr. Hartley," said May, with a mirthless attempt at a laugh, as she put on her hat and threw her traveling cloak over her arm. "Time enough to obey him when I have said the orthodox words 'love, honor and obey.' Kindly let me pass, madam."

The latter words were added in a hard, commanding tone quite unusual to May, as she advanced quickly.

Mrs. Preston was desperate; she had long seen that all was not quite right between the "lovers," and she would see a big reward if she allowed the girl to escape.

She stood, therefore, at the door to prevent her egress.

But she had entirely miscalculated the strength of will existing in that youthful mind, and the power lying dormant in the lithe young form. With one spring, May Fielding had darted forward, and seizing the woman by the arm, had swung her backward into the centre of the room.

Then, without a pause, she fled down the stairs, out into the street, and away toward the busy highway at the end.

She had money with her, abundance for her purpose, and hailing a cab she drove to the police station.

After an hour's interview with a very delighted and astonished inspector, the brave girl drove off again, this time to the railway station at Euston.

It was apparently a very pleased and self possessed young lady who took a first class ticket by the express to Deepford, who gave the porter half a crown to obtain her a carriage to herself, and who made herself cosy in a corner for her long journey.

But as the train began to tear madly along, shrieking through the fields and villages, May Fielding lay in a tumbled heap on the floor of the carriage, oblivious to all.

Mrs. Raymond and Clare sat in the drawing room at the lodge.

The former was indulging in one of her favorite naps; Clare had been pretending to read, but as soon as the regular breathing of her mother told her that she was in the land of dreams, she threw aside her book to think.

The flight of May had caused the utmost consternation; none the less so when it was found that, in virtue of her father's foolish will, she had transferred all her money in the Alliance bank to Mr. Thomas Hartley.

Clare, of course, kept silent, refusing to judge her in any way; only expressing a hope that Guy L'Estrange would be satisfied now of the worthlessness of the girl with whom he had been so infatuated.

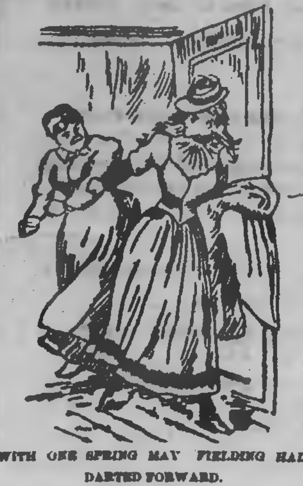
That morning news had come that the injured woman at the infirmary had recovered her senses and was able to be carried to the court; but as to the result, nothing was yet known.

And so in the shadow of the big room Clare sat at the window looking across the lawn and hoping—hoping that she might see the tall form of Guy L'Estrange striding across it.

Hark! sounds of wheels approaching; then a loud rat-tat-tat at the door. Hurried steps cross the great hall, and in another moment the door opens and Guy L'Estrange rushes in, foollowed by Paul Armstrong.

A girl's figure springs to meet him, and is clasped to his panting heart, while passionate kisses rain upon her lips.

Surely that moment was heaven to Clare Raymond.



WITH ONE SPRING MAY FIELDING HAD DARTED FORWARD.

She knew that that fond embrace, those eager kisses, were not for her; but none the less was it rapture to lie in his arms, lip to lip, for the first and, it might be, the last time!

A servant in another moment entered with lights, and Clare struggled away, smiling and covered with blushes.

"You did not give me time, Guy," she said, "to explain the mistake." Then she added gravely: "Have you not heard?"

Guy L'Estrange felt a giddy sensation of dread stealing over him, and he grasped the table for support.

"Heard what?" he cried. "Speak! tell me where is May?"

"She is not here. She has fled," said Clare in her gentlest and most studied accents. "Sit down, Guy, and listen."

He did, his brain whirling and his heart turning sick with dread.

But he listened to the end without interrupting.

Then the whole thing was clear to him.

To be continued.

BISMARCK WAS BOUNCED.

He Says that His Retirement Was Not of His Own Seeking.

BERLIN, March 31.—The Vossische Zeitung says that in replying to an address from citizens of Dresden expressing regret that he had resigned at so critical a time, Prince Bismarck declared that his retirement was not of his own seeking. The reply has caused great excitement at Dresden.

Emperor William has promised to pay Prince Bismarck a visit at Fredrichsruhe.

Her Fate Uncertain.

LONDON, March 31.—It is reported Madame Tschebrikova, who recently wrote a letter to the Czar calling attention to the political situation, has been secretly conducted to Siberia. Another report states Madame Tschebrikova was released by order of the Czar, and the Czar wrote upon the margin of the letter sent him by Madame Tschebrikova: "This is bitterly written, nevertheless the author can be left alone."

The Charleroi Miners' Strike.

BRUSSELS, March 31.—The strike of the coal miners at Charleroi is spreading. The Labor League has presented its ultimatum to the mine owers demanding an advance of 15 per cent. in wages.

The Plymouth Dockmen's Strike Ended.

LONDON, March 31.—The strike of the dockmen at Plymouth has ended. The employers have agreed to pay the wages demanded by the union.

The City of Paris' Big Leak.

LONDON, March 31.—The steamer City of Paris on Sunday landed all her passengers, mails and luggage at Queenstown, all well. They all arrived in Liverpool and London by special trains early this morning. A despatch just received from Queenstown says the water flowing into the City of Paris is gaining on the steam pumps. It is probable the number of pumps will be increased and if it is then found that they cannot hold their own against the water the steamer will be beached to prevent her from sinking. Her cargo will be transferred to other vessels. Tugs are in constant attendance to tow the City of Paris to Liverpool in the event of the divers succeeding in lessening the leak.

THE MISSISSIPPI FLOODS.

Twenty Inches of Snow at St. Louis—The Ohio Still Rising.

ST. LOUIS, March 31.—Twenty inches of snow fell here yesterday and last night, but about half of it has melted. At points in Southern Illinois and in Central Southern Missouri from 10 to 15 inches fell. The melting of this great body of snow is likely to be quite rapid and all small streams tributary to the Missouri and Mississippi rivers within the area mentioned will pour out floods of water in the next three days. Trains on the Missouri and Illinois roads have been somewhat delayed but it is thought there will be no serious detention to traffic. Snow has stopped falling here and although the thermometer is lower than it was yesterday the indications are that there will be rain. The Ohio river continues to rise at Cairo. A large amount of suffering among the poor people in the submerged districts in the lower Mississippi River is reported.

A CANDIDATE FOR JERSEY JUSTICE.

Fiddler Smith Stabs Two Workmen in a Newark Hat Factory.

NEWARK, March 31.—The room at Herman's hat factory where two dozen men are employed in sizing hats was entered to-day by "Fiddler" Smith, a notorious tough. Rushing up to George Hastings he demanded:

"What have you been saying about me?"

Hastings retreated and Smith followed with a shoe knife. A workman interfered but was knocked down. Smith then plunged the knife into Hastings' abdomen, making a wound from which the bowels protruded. Frederick Butler then rushed to Hastings' assistance. Smith plunged the knife into Butler's side near the heart and the blade broke against the man's ribs. Butler sank to the floor beside Hastings.

Workingmen then overpowered Smith and gave him over to the police. Hastings died this evening and Butler's life is despaired off. They were each over 60 years old. Smith is 54 years old.

Smith was discharged from Herman's a few days ago and blamed Hastings for his dismissal.

TRADE AND TRAFFIC.

Leading Features of the Grain and Produce Markets at Home and Abroad.

TORONTO, April 1.—At St. Lawrence market choice roll butter is quoted at 25c, eggs 13c to 14c per dozen, potatoes 60c to 65c per bag, and other vegetables unchanged. Veal is scarce at 9c to 11c, mutton 8c to 10c and beef 4½c to 7c by the quarter.

Produce dealers report no change, but the prices of mess pork, etc., are expected to be advanced in view of the increased duty. Eggs bring 13c to 13c in case lots, choice dairy tub butter 15c to 17c, and rolls from 11c to 14c.

Wheat is quoted at 87c for white fall, 84c for red winter, 86c for goose and $1 for spring.

Barley—40c to 47c.

Peas—58½c to 58c.

Oats—32c to 33c.

Dressed hogs—Offerings light at $5.70 to $6.

Hay—$10.50 to $12, clover $8.50 to $9.

Straw—$6 to $7.

The Oswego barley market is unchanged and quiet. No. 2 Can. held at 8d.

LIVERPOOL MARKETS.

Liverpool reports: Wheat quiet, demand poor. Holders offer moderately. Corn quiet, demand poor. Spring wheat, 7s 3d; red winter, 6s 11d; No. 1 Cal., 7s 1½d to 7s 1d; corn, 3s 6½d; peas, 5s 7d; pork, 44s 9d; lard, 32s 6d; bacon, 30s and 30s 6d; cheese, 58s 6d.

BEERBOHM'S REPORT.

Beerbohm reports: Floating cargoes—wheat quiet; corn nil. Cargoes on passage—wheat slow; corn steadier. Mark Lane—English wheat quiet and foreign steady. American corn steadier and Danube steady; flour quiet. French country markets steady. Liverpool—spot wheat quiet and steady; corn rather easier.

Morin Convicted of Murder.

ST. THOMAS VILLAGE, Que., March 31.—In the Queen v. Morin, charged with murder, the addresses of counsel and the judge's charge were finished at 3 o'clock, when the court adjourned till 5 for the verdict. The jury declared that they had not yet agreed and the court again adjourned until 8 o'clock, when the jury brought in a verdict of "guilty."

Halifax Painters Conceded Nine Hours.

HALIFAX, March 31.—The painters here went on strike to-day for the 9-hour system. The masters immediately conceded the demands and the men returned to work.

Gov. Hill Opposed to Ballot Reform.

ALBANY, March 31.—Governor Hill sent to the Senate to-night a veto of the Saxton Ballot Reform Bill.

Four Men Killed by this Explosion.

BIRMINGHAM, Ala., March 31.—An explosion occurred to-day at the Coalburg mines. Four men were killed and eight others hurt.

For purifying the blood, stimulating the appetite, and invigorating the system in the spring and early summer, Ayer's Sarsaparilla is unsurpassed. Be sure you get Ayer's Sarsaparilla and no other; else the result may be anything but satisfactory.

HE MARCHED WITH SHERMAN TO THE SEA;

Trudged all the way on foot, over mountain and through morass, carrying knapsack and gun, slept on brush heaps to keep out of the mud, caught cold, from the effects of which his friends thought he would never recover. Lingering with slow consumption for many years, he saw Dr. Pierce's Golden Medical Discovery advertised in a country newspaper, and he determined to try it. A few bottles worked a change; six months' continued use cured him. Always too independent to ask his country for a pension, he now says he needs none. He helped save his country, he saved himself! Consumption is Lung-scrofula. For scrofula, in all its myriad forms, the "Discovery" is an unequaled remedy. It cleanses the system of all blood-taints from whatever cause arising, and cures all Skin and Scalp Diseases, Salt-rheum, Tetter, Eczema, and kindred ailments. It is guaranteed to benefit or cure in all diseases for which it is recommended, or money paid for it will be refunded. Sold by druggists.

Copyright, 1888, by WORLD'S DIS. MED. ASS'N.

DR. SAGE'S CATARRH REMEDY cures the worst cases, no matter of how long standing. 50 cents, by druggists.

READ THIS CARD.

Now we have the merchants where we want them, worked up to the highest pitch over our price of goods. We are slaughtering them doing the business, hence the jealousy. W. J. Morrow is actually receiving anonymous letters and cards what they, the writers, will do if he does not advance the prices of goods but he answers in the affirmative that the step has been taken to buy goods for cash and sell cheap giving his customers the benefit will be continued. One actually speaks of cutting goods still lower and quotes prices. Why I can drop goods spokenof to his figures and make money. So this youth had better post himself in buying before trying to compete with

W. J. MORROW

The Only Cheap Grocer, 340 George-st.

Copy of Post Card, Note the Spelling.

PETERBOROUGH, March 28th, 1890.

DEAR SIR,—I notice you without any malice in the matter whatever, but one thing certain if you continue quoting prices in the paper we will put salmon with all can Goods at 10½c. per can and it is no truble to sell sul; her 30 or 35 lbs. for $1.00. There is no use in one man to think he is going to quote prices and others look on and if we start again there will be more of it than has been done, so you will please consider the matter at once. Yours etc.

GROCER.

BUSINESS BOOKS!

If you carry on a business and keep books, what you will want to know is *how, when and where* to get books that will fit your business like the bark on a tree.

We have been able, and are always able, to give you this information successfully.

Wouldn't it be a good idea—if you need Business Books—to find out what we know about it.

We ought to, and do know something about it, for we make hundreds of special Blank Books and sell hundreds more every year. This work does not come to us by accident but because we know how to make them.

INTERCOLONIAL

RAILWAY OF CANADA.

The direct route between the west and all points on the Lower St. Lawrence and Baie de Chaleur, Province of Quebec, also New Brunswick, Nova Scotia, Prince Edward, Cape Breton and the Magdalene Islands, Newfoundland and St. Pierre.

Express trains leave Montreal and Halifax daily (Sunday excepted) and run through without change between these points in 30 hours.

The through express train cars of the Intercolonial Railway are brilliantly lighted by electricity and heated by steam from the locomotive.

New and elegant Buffet Sleeping and Day Cars are run on all through express trains.

The popular summer sea bathing and fishing resorts of Canada are along the Intercolonial or are reached by that route.

Canadian-European Mail and Passenger Route.

Passengers for Great Britain or the Continent leaving Montreal on Thursday morning will join outward mail steamer at Rimouski the same evening.

The attention of shippers is directed to the superior facilities offered by this route for the transport of flour and general merchandise intended for the Eastern Provinces and Newfoundland, also for shipments of grain and produce intended for the European market.

Tickets may be obtained and all information about the route, also freight and passenger rates on application to

LATEST STYLES AT THE

REVIEW Stationery Store

Millinery Opening

—AT—

TURNBULL'S

Wednesday and Thursday, April 2nd and 3rd, are Turnbull's Millinery Opening days, when all the new spring styles in Millinery, Mantles, Mantle Cloths and Trimmings will be on display. We will be pleased to see everybody who can make it convenient to pay us a call and look over our elaborate display of new goods in every department. The more callers we have the happier we shall be. We do not look to make sales on these days, but will take pleasure in showing the new things, believing that our efforts this season to place before the public a very attractive stock at close prices will reap its reward later on.

This week we have received the last shipment of our foreign importations, which makes our dress goods department very complete.

We would call special attention to a line of Silk Warp Henriettas in all the prevailing shades.

Our Linen department is also now well stocked with choice goods at surprising low figures.

All the spring domestic paper patterns now in stock.

WEDNESDAY, APRIL 2, 1890.

HONORING BISMARCK.

THE OLD CHANCELLOR'S BIRTHDAY CELEBRATEL.

Congratulations and Gifts Showered Upon the Creator of the German Empire—He Replies to an Address—An Enthusiastic Demonstration.

BERLIN, April 1.—To-day is the 75th anniversary of the birthday of Prince Bismarck. The railway station at Friedrichsruhe is almost blocked by the enormous number of presents arriving for the Prince.

During the day Bismarck received numberless congratulatory telegrams. He spent the day quietly with his family. In the evening he was serenaded. After the procession last night the Prince invited Herr Woermann and other Hamburg visitors to his home. Herr Woermann in the course of a conversation expressed his hope that the Prince would not be altogether a stranger to politics and that he would still take part in the debates in the Reichstag. To this Bismarck made an acquiescent reply.

The Hamburger Nachrichten says that Bismarck, referring to his departure from Berlin, said that at his age people did not make such a journey twice. According to the same authority the ex-Chancellor, referring to the Socialists' strikes, said they were not the worst danger, for they would pass over. The saddest possibility for the workers was the chance that the strike would so dishearten the employers that they would lose all desire to continue business.

Eighteen hundred birthday greetings have been sent to Prince Bismarck. Five train loads of admirers visited Bismarck during the day. Emperor William sent his portrait.

Herr Bleichroder presented to Prince Bismarck a beautiful screen of gilt worked leather representing the Bismarckian genealogical tree from the sixteenth century with the different coats of arms.

Twelve hundred railway men formed a torchlight procession to-night and marched to Bismarck's residence where the ex-Chancellor was serenaded with patriotic songs. Replying to an address Bismarck gave a retrospective sketch of the founding of the railways and the opposition met with. He said he had himself always advocated rapid communication. The railway was now a vehicle of civilization. They should never forget the immense service rendered by Minister Maybach in carrying out the centralization of the railways and the conversion of them to state property.

Bismarck recommended to the railway men that the work of building tunnels and bridging rivers be continued, but he advised the work be proceeded with cautiously as there were also in the way hard rocks that were impenetrable. He concluded with an expression of hope that as an individual he might maintain neighborly relations with the railway administration. After thanking the visitors the Prince walked the entire length of the procession and was greeted with deafening cheers. The Prince evinced considerable emotion and was obliged to wipe away tears that stood in his eyes. His speech is regarded as a proof of keen and unimpaired intelligence and marvellous memory. Dr. Schweninger closely attended Prince Bismarck throughout his walk to and from the meadow opposite his residence. Herr Krahne, the leader of the visitors, was invited to enter the house. Four thousand persons wrote their signatures in the visitors book.

All the German princes and many other princes telegraphed congratulations. Besides his portrait Emperor William sent a handsome pipe and an autograph letter by an adjutant. Although Bismarck was engaged during the whole day in receiving deputations he showed no signs of fatigue.

The Berlin press is pouring out a tribute of prose and verse in eulogy of Bismarck. Augsburg has conferred the freedom of the city upon Bismarck.

Bismarck admitted to Herr Woermann yesterday that he had accepted the Dukedom of Lauenburg.

Marschall Bieberstein has been appointed Foreign Secretary of State.

The Kaiser's Latest.

BERLIN, April 2.—The Emperor on the ground that the people's curiosity to see him disturbs the services has ordered that the first row in the galleries of the Hofkirche be reserved for soldiers, who he hopes will not follow the bad example set by civilians.

A Coward to the Last.

LONDON, April 2.—A man who murdered eight women was hanged yesterday in Szegedin, Hungary. He exhibited great cowardice on the scaffold.

The Russian Students' Agitation.

LONDON, April 2.—Arrests of students continue daily in the university towns of Russia. The students keep up their agitation.

The Porte to Repress the Kurds.

LONDON, April 2.—The Sultan of Turkey yielding to the advice of England, has decided to have the Kurds in Armenia repressed by the Turkish garrisons.

The Watertown a Total Wreck.

KINGSTON, April 1.—The schooner Watertown, which went ashore Thursday at Bear Creek, is a total wreck. Loss on vessel $6000, on cargo $600.

IMPULSE AND LIQUOR.

PICKTHALL'S QUEER STORY OF HIS WANDERINGS.

He Returns to Woodstock to Clear Himself of Suspicions Attached to Him in Connection With the Benwell Case—Drunk, Drugged and Robbed.

WOODSTOCK, April 1.—Neville T. Pickthall, whose recent mysterious disappearance excited so much comment in connection with the Benwell murder case, arrived in town early this morning by the Grand Trunk limited express from the west. When asked if he desired to make an explanation, he replied:

"Certainly I do; here's my story:

"I left Woodstock on Monday, Feb. 10. Our train stopped for five minutes at Niagara Falls and I got off. On the station platform I saw Mr. Van Ingen of Woodstock. I remember getting off at Niagara Falls, for there I changed some Canadian money into American. I went through to Buffalo that night. I remained in Buffalo until Wednesday afternoon, Feb. 12, when I took the train for New York, arriving some time next morning.

"On one occasion in New York I thought I recognized Mrs. Burchell in the Metropolitan Hotel, but was not sure about it. Since, however, she is said to have seen me there I feel confident that I saw her. I did not see Burchell. Indeed I would not have known him as Burchell, and although I looked on the register, not finding 'Somerset' there, I had no idea that he really was there. I stayed in New York from Wednesday till the following Monday, when I bought a transcontinental ticket to California and took the train. I arrived at Albuquerque, N.M., on Saturday, and shortly after, owing to a washout on the Colorado River, was compelled to leave the Atlantic & Pacific and take the Santa Fe to the Southern Pacific.

At Deming, N.M., I missed my train. I was drinking there and must have pulled out a large bill, which someone around must have seen, for before I knew what was going on I was perfectly stupid. I was drugged. It was there and then that I lost my money. I was fleeced. I had just enough left to take me to Tucson, Ariz., and there I went.

"When I left Woodstock it was with the intention of changing my mode of living. I had no definite plans; I did not know where I was going: I had no positive intention of remaining away for good, neither had I any intention of settling down on my farm again and returning to my old life. I had grown dissatisfied with my farm life. I did not like it as well as I might have; I was not making as much money as I thought I should. I am naturally impulsive and under the influence of liquor I became extraordinarily so. I had, as I said before, become dissatisfied with my life. When I got some liquor in me the impulse came suddenly upon me to seek for a change, to make a home some place else. I decided to raise $1000 on my farm. I asked it for the short time of two weeks because I thought I would get it more readily. The story about my wanting to realize on some investment in Norwich and the one about my wanting to buy some cattle in Zorra were made up for the purpose of furnishing a reasonable explanation.

"After I had got away from Woodstock I gradually grew ashamed of myself and decided I would not come back but would seek a new home in the far west, and having made it, bring my wife there.

"I admit the circumstances were suspicious looking and it was to allay these suspicions that I came home. I have been furnished by my friends in Woodstock with clippings from the newspapers in which my name was freely used with the Benwell tragedy, and it was these that decided me to come back. I might have gone on to California, made a new home and have got my wife to follow me, but that course would not have removed her and my friends from the cloud of suspicion that hung over them. I felt that by clearing myself I cleared them and so I came.

"In short, I left here through a sudden impulse, aggravated by liquor, with the intention of beginning life again. I came back to clear myself of the suspicions that very naturally were attached to me."

Riotous Strikers Arrested.

BERLIN, April 1.—The Cabinet to-day discussed labor bills to be laid before the Reichstag.

The Dortmund strikers to-day made an attack with stones upon a number of workmen leaving the Rheinelbe pit. The disorder was suppressed by gendarmes and many strikers were arrested.

Two Vienna Strikes.

VIENNA, April 1.—Ten thousand builders' employes and 800 bakers' apprentices are now on strike here.

Cleveland Painters Out.

CLEVELAND, April 1.—Three hundred painters struck here to-day because they were refused $3.50 for nine hours work.

Nyack Carpenters Idle.

NYACK, April 1.—The carpenters and joiners of this place and vicinity stopped work to-day because the builders refused to grant their demand of nine hours and $2.75 a day. Many men are idle.

New York Bricklayers Compromise.

NEW YORK, April 1.—The bricklayers and their employers have compromised on the 8-hour demand by the bricklayers working 9 hours a day but getting 5 cents an hour more, making a day's wages for the ensuing year $4.05.

Trunk Line Freight Rates.

NEW YORK, April 1.—The executive committee of the trunk lines met here to-day. Chairman Hayden presided and all the lines were represented. After discussion it was decided to maintain last year's rate for the coming season, viz., 54 down to 20 cents on first and sixth classes per hundred pounds to Chicago and 51 down to 16 cents on first and sixth class to beyond points. No action was taken on east bound rates and the matter of advance of rates from the seaboard to St. Paul referred to the committee by the freight conference last week was disposed of by deferring all action until after the western freight meeting in Chicago to-morrow.

To Die by Electricity.

NEW YORK, April 1.—Recorder Smyth this afternoon sentenced Joseph Wood, a colored aqueduct laborer, to die by electricity. Wood was convicted of murder in the first degree for killing Charles Ruffin, also an aqueduct laborer. The execution is to take place in the week commencing May 12.

York State Canals to Open May 1.

ALBANY, April 1.—Superintendent of Public Works Hannan said to-day that the canals would not be opened until the same time as they were last year, about May 1. The canals are not in as good condition this spring as on previous years.

Losses Caused by Flames.

PARIS, Ont., April 1.—A fire broke out about 3 o'clock this morning in the vacant Royal Hotel formerly occupied by Charles McCabe. The building is a total loss. Insurance $1260, in the Ontario Mutual. It is evident that the fire was the work of an incendiary.

TORNADO VICTIMS.

Loss of Life and Property in Outlying Kentucky Counties.

GLASGOW, Ky., April 1.—In the lower part of this and Allen counties the tornado of Thursday did immense damage. For 10 miles beyond Barren River and five miles on this side the storm swept everything before it, its track being 500 yards wide in some places and half a mile in others. It seems to have hugged the ground closely and did not leave a house or tree standing. Andrew Winn's house in Allen county was leveled and his wife killed. George Carver's house was wrecked and his wife killed. A child of Jack Green was killed. Samuel White, his wife and son were crippled. White had a fruit farm of 50 acres and a large number of bee hives. Every tree was blown down and every hive carried away. Joe Bush's house in Barren county was unroofed. Alonzo Whitney's house near by was demolished as, was William Dutton's. Seventeen lives in all are said to have been lost in Allen county. Dwellings, barns, timber and fences were destroyed and the money loss will be heavy.

LITCHFIELD, Ky., April 1.—News of damage done in the extreme northwestern part of this county and southern part of Breckenridge county by the recent storm has just reached here. At Falls of Rough several houses and small bridges were blown down and Mrs. Tom Edwards was killed. Mrs. Edwards' husband was drowned from a raft of logs at Spottsville Bridge on Green River only a week or ten days ago. At McDaniels eight or ten houses were damaged and the wife of John Jarboe was killed by the chimney being blown over and crashing through the roof. Two children of John Tucker are reported killed and several other persons injured.

HARTFORD, Ky., April 1.—In the path of Thursday's storm near here was the Gidcombe homestead. Mr. Gidcombe, sr., had gone to Evansville on a raft of sawlogs. His son, aged 23, and a daughter, aged 17, were killed by being crushed by stones from the falling chimney. Two others of the family were slightly injured. Mrs. Gidcombe escaped death by a miracle. The heavy stone chimney was blown over on the house, caving in the roof and carrying the upper floor with it. There was an old-fashioned loom on the upper floor and it crushed through with the falling chimney and completely enclosed Mrs. Gidcombe under it, its massive frame being stout enough to hold the roof and falling chimney from grinding her to death.

ST. LOUIS, April 1.—Fifteen families in the bay bottoms near Golconda, Ill., were rendered homeless by the recent tornado and most of their members injured. The storm literally swept growing wheat from the ground. Ten dwellings were utterly wrecked and all barns and outhouses destroyed. Several hundred head of cattle were scattered and most of them are known to have been killed. In Livingston County, Ky., directly across the Ohio River from Golconda, Jacob Schwab had his farm house blown away, his barns and threshing machine wrecked, and was himself carried 200 feet, dashed against a tree, mangled beyond recognition and killed instantly. William Bell's house was torn to pieces, his furniture blown into the river five miles away, his barn demolished, his stock killed and of his family of five everyone had an arm or leg broken or was otherwise injured. Eli Bobbett and family were at supper, and although his house was carried away and demolished, no one was hurt.

FAYETTEVILLE, Tenn., April 2.—The damage done here by the cyclone last Thursday night aggregates $250,000. Milton college and all the churches and 200 houses are in ruins and the people are homeless, destitute and suffering. Aid is needed. Chattanooga is raising money for the relief of the sufferers here.

TO PATROL THE ATLANTIC.

Congressman Turner's Scheme for the Protection of Life.

WASHINGTON, April 1.—Mr. Turner of New York to-day introduced in the House a preamble and joint resolution for the better protection of human life on the Atlantic Ocean. The preamble recites the great increase in the number of steamers plying between the United States and Europe, calls attention to the recent accident to the City of Paris which jeopardized the lives of over 1000 persons; says the rivalry between competing lines of steamships is so keen that considerations of safety and even of humanity are often lost sight of in the effort to reduce the time occupied in crossing the Atlantic; says the laws of certain foreign countries compel vessels carrying mails to make all possible speed, having regard solely to landing the mails at the earliest possible moment, and the temptations to the commanders of such vessels are very great to sacrifice all considerations of convenience, safety and even of humanity to that of speed, and holds that better protection to human life and property can be afforded by a system of ocean patrol than by any other means. The conclusion is as follows:

"Whereas the nations chiefly interested in trans-Atlantic travel are the United States, England, France, Italy and Norway and Sweden, therefore be it resolved by the Senate and House of Representatives in Congress assembled that the President be and is hereby requested to communicate through the Secretary of State or other proper channel with the foreign powers so interested in trans-Atlantic travel with a view to securing their co-operation in the establishment of an efficient system of ocean patrol, which shall include the employment for the said service of war vessels or such other suitable vessels as may be available for the purpose."

UNCLE SAM RESPONSIBLE.

He Must Make Good the Salaries Stolen by Silcott.

WASHINGTON, April 1.—The Court of Claims to-day gave judgment in favor of Representative Crain of Texas, in his suit to compel the Government to reimburse him for money lost through the defalcation of H. Craven Silcott, who absconded with the funds of the Sergeant-at-Arms' office last December. This decision has caused great rejoicing among the members of the Lower House, many of whom lost from six to 12 months' back salary through Silcott's steal.

Winter Wheat in the States.

CHICAGO, April 2.—The crop correspondents of The Farmer's Review give discouraging reports of the condition of winter wheat in Illinois, Indiana, Ohio, Kentucky, Missouri, Michigan and Wisconsin. The reports from Kansas alone are encouraging.

A Suicide in Gotham.

NEW YORK, April 2.—Morris Marks, a commission merchant and silk importer, committed suicide here yesterday by shooting himself in the head. Last October Marks married Mrs. Beasley, a widow who had a 16-year-old daughter. Marks was strongly attached to his wife but they had a quarrel recently and she left him. He grew despondent on this account. His step-daughter called on him Monday and gave him a rose which was sent by her mother. When he was found dead the rose had been pinned over his breast.

NOTES FROM THE CAPITAL

THE MEMBER FOR LINCOLN BEFORE THE COMMITTEE.

General Middleton's Evidence in the Bremner Fur Case—The House to Adjourn from Thursday until Tuesday—The Budget Debate.

OTTAWA, April 1.—At the Rykert Committee this morning the member for Lincoln was put on the stand in his own defence. He gave his interpretation of the expressions in his letters. When he said, "I am engaging all I can to help me and will have to pay them well," he meant that he was retaining lawyers to conduct possible litigation with the Canadian Pacific Railway.

He was next asked as to his letter of March 8, 1883, which said: "I find that the Canadian Pacific Railway have certain ministers working for them. I am afraid it will cost us each $500 or $1000 to get this made all right. I have five or six at work for me and have agreed to pay them well if they succeed." He explained that this referred to the contest with the Canadian Pacific Railway and that Sir David McPherson and the late Mr. Pope were disposed to favor the claim of the railway company. The five or six referred to were not ministers but outside parties, of whom he could recollect only Joe Kirby and Muckle, a timber agent for the Canadian Pacific Railway.

He never paid a cent to any minister or used any corrupt influence whatever. The payments referred to were payments anticipated to be necessary to make to the Canadian Pacific Railway on account of its claim.

Mr. Rykert maintained that he had, as he said, brought young Macdonald and Tupper from Winnipeg, but he did not expect them to use any improper influence. Their firm were solicitors for Adams and it was as such solicitors he wished them to work. The Government knew nothing about the agreement that his wife should have half the proceeds and he had no idea of the value of the limit when the transaction was put through.

Hon. William MacDougall then said that having heard his client's statement he did not think it necessary to address the committee, but at the suggestion of a member Mr. MacDougall was given a few days to consider whether or not he would argue the case, and the committee adjourned.

General Middleton read a statement before the Bremner Fur Committee to-day. In this he admitted having ordered the confiscation of the furs, which he was told in a general way belonged to the rebels who had been arrested. He thought he was not exceeding his military authority in ordering the confiscation or in directing that the furs should be given to some of the officers as mementoes of the campaign. He denied having himself received any of these furs and said if any were put on the boat at Battleford for him it was without his knowledge or direction.

In cross-examination Gen. Middleton maintained that he had no knowledge of having received any of Bremner's furs, and said he had purchased a considerable quantity, besides which some had been presented to him. He had sold some to R. J. Devlin of Ottawa and had given away some. He had kept no record of the disposition of the furs.

Hayter Reed was next examined and deposed that the furs were confiscated by Gen. Middleton's directions and that some were put up for Gen. Middleton by the general's express direction. Other packages were put up for Bedson and witness. He understood that those for Gen. Middleton and Bedson were put on board the steamer at Battleford. Those for Reed were sent overland to Regina some months afterwards, but Reed having doubts as to the propriety of receiving the furs had sent them back, and he believed they were now in the police barracks.

Mr. Reed in cross-examination said he had heard that the fur packets had been broken into on the boat and some of the furs removed.

The committee will now consider the evidence with a view to making up their report.

The Easter holiday business was settled after a discussion in the House to-day, Sir John Macdonald giving notice of motion that the House adjourn from Thursday to Tuesday next.

Mr. McMullen resumed the Budget debate and held the floor until 6 o'clock. Mr. Brown followed and in the course of his address read the Glen letter and other documents, which he claimed showed a close connection between leading Canadian politicians on the Opposition side and the Congressmen who are engaged in framing the United States tariff. Mr. Flynn spoke in opposition to the increased duty on flour. Mr. Hesson praised the National Policy and attacked Sir Richard Cartwright's mortgage figures.

Mr. Hesson spoke in ardent support of the national policy. Mr. Rinfret followed in French, supporting Sir Richard Cartwright's amendment.

Mr. McKeen followed, showing what protection had done for the Nova Scotia coal industry and expressing regret that the Government had not seen fit to increase the duty on soft coal.

Mr. Jones (Hal.) moved the adjournment of the debate and the House rose at 1.15.

Several more tariff deputations arrived in town to-day and it is expected that they will regularly arrive until the new tariff resolutions are considered in committee after the Easter holidays.

Representatives from Montreal and Toronto were heard to-day, the deputation being accompanied before the ministers by Messrs. Brown, McKay, Curran, Small, Gigault and White (Card.). They opposed the change recently made by which the tariff in hats was reduced and a duty placed on linings and asked that linings, etc., be left free and the duty restored to its former figure.

Amongst other requests preferred by deputations to-day were that the duty should be uniform on all descriptions of rolled plate glass; that the duty on pens should be specific; that the duty on bolts, nuts and screws should be more clearly explained; that seeds bought and in transit at the time the new tariff went into effect should be admitted duty free; that restrictions on the grinding of litharge should be relaxed, as it cannot be ground in Canada.

TORONTO TOPICS.

Rushing Through Business in the Assembly—Labor Troubles.

TORONTO, April 2.—In the Assembly yesterday Mr. Garson's bill respecting the examination of stationary engineers and the inspection of stationary engines was passed in committee. Mr. Whitney's bill to amend the Ontario Election Act was defeated [illegible] division. Mr. Ingram's bill [illegible] the relations between employers and [illegible] men passed its second reading and was referred to a special committee. Mr. [illegible] bill to amend the [illegible] Homestead Act was also [illegible]. Mr. Creighton's bill respecting [illegible] Department was lost on division [illegible].

The prospect of a settled [illegible] [illegible] is increasing.

Every Household

Should have Ayer's Cherry Pectoral. It saves thousands of lives annually, and is peculiarly efficacious in Croup, Whooping Cough, and Sore Throat.

"After an extensive practice of nearly one-third of a century, Ayer's Cherry Pectoral is my cure for recent colds and coughs. I prescribe it, and believe it to be the very best expectorant now offered to the people."—Dr. John C. Levis, Druggist, West Bridgewater, Pa.

"Some years ago Ayer's Cherry Pectoral cured me of asthma after the best medical skill had failed to give me relief. A few weeks since, being again a little troubled with the disease, I was promptly

Relieved By

the same remedy. I gladly offer this testimony for the benefit of all similarly afflicted."—*F. H. Hassler, Editor Argus, Table Rock, Nebr.*

"For children afflicted with colds, coughs, sore throat, or croup, I do not know of any remedy which will give more speedy relief than Ayer's Cherry Pectoral. I have found it, also, invaluable in cases of whooping cough."—Ann Lovejoy, 1251 Washington street, Boston, Mass.

"Ayer's Cherry Pectoral has proved remarkably effective in croup and is invaluable as a family medicine."—D. M. Bryant, Chicopee Falls, Mass.

Ayer's Cherry Pectoral,

PREPARED BY

Dr. J. C. Ayer & Co., Lowell, Mass.

Sold by all Druggists. Price $1; six bottles, $5.

NICHOLLS HOSPITAL.

The Statistics of the Month. Visitors Record and Donations.

The following is the Nicholls Hospital monthly report:—Number of patients remaining in the hospital March 31st, 1890, 7. Diseases—Hip joint disease, 1; debility, 2; pneumonia, 1; erysipelas, 1; fracture of thigh, 1; uterine, 1. Total number treated during the month, 16; discharged cured, 4; improved, 1; unimproved, 2; died, 2. Cause of death—Cancer, 1; gangrene, 1. From Peterborough, 12; other places, 4; pay patients 3; non-paying 8. Dr. Bell attending physician for March; Dr. Boucher and Dr. King in attendance on private ward patients.

ACKNOWLEDGMENT.

The lady superintendent thankfully acknowledges the following donations to the hospital in March:—Mrs. Mason, flowers (weekly); Mr. Minore, daily papers; Miss Becket, Faithful Witness; Mrs. Innes, picture screen; Mr. A. Clegg, framed picture for reception room; Mrs. Tassie, fruit and candies; Y.M.C.A., tracts; Rev. Mr. Bone, tracts; a friend, book for nurse's library; Mr. Courtney, bagatelle board for patients.

RECORD OF VISITORS.

Names of visitors to the Nicholls Hospital in March, 1890:

Capt. Annesley, Mrs. B. Shortly, Mrs. F. Mason, Miss McDonald, Miss Ferguson, Miss R. E. Ferguson, Mr. and Mrs. M. Wilson, Miss McIntosh, Miss Alford, Miss Lyle, Mr. A. Dawson, Mrs. R. A. Morrow, Miss Craik (Port Hope), Rev. E.F. Torrance (St. Paul's church), Mrs. Birdsall, Miss Carpenter, Mrs. Macpherson (Skae, Toronto), Mrs. Weller, Mrs. Poussette, Mrs. R. W. Bell, Mrs. J. B. Hunter, Mrs. J. R. Stratton, Miss Statton, Mr. W. Hudson, Mr. R. S. Davidson, wife and children, Mr. and Mrs. Dumble, Miss Brood, Miss Beckett, Mr. S. Pikey, Mrs. B. Moharry, Mrs. G. Burnham, Miss Wrighton, Mr. and Mrs. J. McKee, Mr. C. McGill, Mr. and Mrs. Richard Hall, Miss Hall, Miss Thompson (Toronto), Master H. Hall, Judge Weller, Canon Demuulin (Toronto), Mrs. and Miss Orde (Ashburnham), Mr. B. Orde, Mr. W. H. Budden, Miss Ames, Mrs. Crossley, Miss F. Kerr (Toronto), Mr. B. J. Colville (Grand Secretary Y. M. C. A.), Mr. A. McNeil, Mr. T. McKee, Rev. C. B. Kenrick (St. John's church), Rev. S. J. Shorey (Charlotte st. church), Mrs. T. Brown, Miss Brown, Mrs. Tassie, Mr. and Mrs. McWilliams, Miss Allen (England), Rev. T. Bone (St. Catherines), Miss Dench (Lakefield), Miss Bird, Miss Brown, Mr. G. Summers, Mrs. Sabine, Mrs. Dunlop.

Y. M. C. A. Notes.

The Ladies Auxiliary held their monthly meeting yesterday afternoon, Mrs. H. S. Griffin, President, presided. Future work in the interest of the Association was discussed and arranged for.

The monthly meeting of Board of Directors was held last night, Mr. G. J. Early, President, occupied the chair. There was a fair attendance of the directors. Reports were read from Devotional and Invitation committees also General Secretarys, of work done during the past month, which were deemed very encouraging. The following items are from the Devotional Committee's report read by Mr. Richardson, chairman:—There were five young men's meetings held on Saturday evenings, attendance, 206, average 41. Four Consecration meetings Sabbath mornings; attendance 32, average 8. Four personal purity meetings, Sabbath afternoon; attendance 120, average 30. Four Gospel and song service meetings Sabbath evenings; attendance 95, average 24. Three Bible training class meetings, Tuesday evenings; attendance 27, average 9. Family worship held 25 times during month, attendance 205, average 8. Special meeting for Rev. Mr. Bone, 25 present; signed the pledge 5; conversions 4; introduced to pastors 3. Five services held at Nicholls hospital Sabbath mornings. Four services held at Protestant Home Monday afternoon's. Four new members were elected; nine active members have received letters of introductions to other associations in Canada and United States. We are feeling the hard times in collecting funds to carry on the work among young men and we trust those to whom God has given the silver and gold will be constrained to contribute to the maintainance of this *the only place* in our town, where our boys and young men can enter freely and be safe from all the alluring places which tend to degrade and ruin those whom we love, we know Christian people will see to it that the funds shall be given to carry on the Lord's work. The average daily attendance at our rooms during the past month has been 50. We praise God for what He has done believing for greater things.

The conference which opens in our hall on *Friday* afternoon at 2 30 promises to be the best attended yet held. The papers to be read are full of interest and will be of much profit to all.

The mass meeting to be held Good Friday evening in St. Paul's Presbyterian church will be, without exception, one o great interest, the addresses to be given by Mrs. Craik, Port Hope, on "Women's Work;" Mr. Kilgour, the honored President of Toronto Association, on "Why should business men support the *Association.*" Rev B. Canfield Jones, Port Hope, who needs no introduction to a Peterborough audience, having won all by his eloquent addresses, will speak on the live question of the day, "The great missionary uprising among young men." Admission will be free. All are invited to these enjoyable meetings.

To Nervous Debilitated Men.

If you will send us your address, we will mail you our illustrated pamphlet explaining all about Dr. Dye's Celebrated Electro-Voltaic Belt and Appliances, and their charming effects upon the nervous debilitated system, and how they will quickly restore you to vigor, and manhood. Pamphlet free. If you are thus afflicted, we will send you a Belt and Appliances on a trial.

VOLTAIC BELT CO., Marshall, Mich.

The World's W. C. T. U. Petition.

At the regular meeting of the W. C. T. U., Monday afternoon the President distributed among the ladies copies of the world's petition to be circulated for signatures. This petition is from the world's W. C. T. U. "To the Governments of the world, collectively and severally." It asks for total prohibition and is signed not only by white ribboners but by every woman who will do so and gets the opportunity. The W. C. T. U. has set itself the task of securing two million signatures to this unique petition, and the number Canada is expected to contribute is 220,000. It will be remembered by some of the ladies that this petition was circulated in Peterborough three *years ago.* The number reached in Canada at that time was 85,000. This is the last year of the five that were set in which to work it up. The *indefatigable* round-the-world missionary of the W. C. T. U., Mrs. Mary Leavitt, has made this her special work during that time. The white ribbon encircles the world, and in the greatest petition ever known will appear signatures of women in every clime praying our legislatures to use their influence in freeing us from the curse of our homes.

Chicago and Milwaukee Go Democratic.

MILWAUKEE, April 1.—The election here to-day excited unusual interest, as the Bennett Law, requiring the teaching of English in all schools, private and parochial as well as public, was made an issue. The Republicans defended the law, while the Democrats were pledged to its repeal, which was demanded by the Catholic bishops and German Lutheran, clergy who had bitterly denounced the law. The Democrats elect George W. Peck of Peck's Sun mayor and their entire ticket by 5000 majority.

CHICAGO, April 1.—The Democrats made a clean sweep of all the offices in the three principal township elections here to-day. The majorities vary from 200 to 4500. The outgoing South Town office holders are all Republicans and the North Town the same with one exception.

Chicago Quotations Cut Off.

CHICAGO, April 2.—The officials of the Board of Trade have notified the Western Union Telegraph Company that commencing to-day none of the company's operators would be given access to the floor of the Exchange. This action is supposed to be a new step in carrying out the board's policy of preventing the distribution of market reports to bucket shops. Assistant Superintendent Lloyd of the Western Union said the company would take out its instruments and suspend operations completely. The change it is thought will more or less affect trade on nearly every exchange in the United States.

Lake Erie Open for Navigation.

COLCHESTER, Ont., April 1.—Capt. John Manson, keeper of the Colchester reef light, lighted last night for the first time this season. There are few crafts out yet. It is but fair to presume that as there is no ice in Lake Erie it will not be long before the season of navigation will be generally open. The storm of last Thursday was most severe along this shore. The fishermen all suffered more or less from the effects of the high water, which was such as has not been seen here in 20 years.

The Panama Canal.

NEW YORK, April 2.—Panama advices say the people there are beginning to have a more lively faith in the prospects of a resumption of work on the Panama Canal. The reasons for this are the assumption of the responsibility for the canal's affairs by M. Monchicourt, the eminent French financier, and the fact that the discharges of 60 of the remaining employes have been cancelled.

When Men Buy Bonnets.

A Wabash avenue saleswoman in a millinery store: I have been brought up in this business, and I never before knew of as many men buying hats and bonnets for women as there are this season. I can remember when a man would have no more thought of coming into a place like this, except as a looker-on, than a woman would think of going into a saloon. But for the last few seasons men have taken it into their heads to do much of the buying for their wives, sisters or sweethearts. And I must say that I like the change. The average man can pick out a becoming hat or bonnet for a woman and not look over one third of the store. As a general thing, a man knows better than a woman what is best suited for her. Very few hats or bonnets selected by men are ever returned. One of the most prominent lawyers in the city—he used to be a Judge—drove up in his carriage the other day and brought in his wife's old bonnet and gave minute instructions as to how it should be *trimmed.* And I must say he had excellent taste. I was over to Paris a few weeks ago, and I found men doing a good deal *of shopping in this line of* goods.

A Shocked Clergyman.

A subject for the Pastors' Union to tackle (maybe they have) is the Sunday "church notices" from the pulpits. One of our popular clergy read on Sunday morning a certain notice of a coming entertainment of a gastronomic sort of the church vestry, and then added: "It always makes me shudder to read such a notice as that *from* a pulpit, but I suppose it is a necessary evil, and—we hope you will all come." There are some things that certainly seem too material for a church pulpit, and pork and beans and fish chowder, or New England dinners, are not without power to disturb the equanimity.—Lewiston (Me.) Journal.

A Matrimonial Novelty.

A young lady recently invented a new fashion for weddings that may be taken up by members of the fair sex who are crowded with engagements. *Unable to* appear at her friend's wedding, she had her photograph specially taken for the occasion, and this portrait, with appropriate good wishes, greeted the bride on the morning of the eventful day. This should be taken up by Americans especially, who have *friends* in every quarter of the globe, and cannot be present in every place where they are wanted.

Advice to Mothers.

Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.

Catarrh cured, health and sweet breath secured, Shiloh's Catarrh remedy. Price 50 cents. Nasal Injector free. Sold by Geo. A. Schofield Druggist, Peterborough.

Let any young man who is uneasy about his physical condition read Dr. Lane's Essay on nervous diseases mailed free to any address. Lane's Specific Remedy is an invaluable preparation for the permanent cure of all diseased resulting from evil indulgence. Sold at $1.00 per package or sent on receipt of price to any address free of charge. THE LANE MEDICINE CO., MONTREAL, QUE

TO WEAK MEN

Suffering from the effects of youthful errors, early decay, wasting weakness, lost manhood, etc., I will send a valuable treatise (sealed) containing full particulars for home cure, FREE of charge. A splendid medical work; should be read by every man who is nervous and debilitated. Address, Prof. F. C. FOWLER, Moodus, Conn.

THAT BOY needs a new suit.

The one he has on is not only fairly shabby but is already worn out. More than worn out. One or two neat patches or an otherwise good Suit is certainly permissible. But not enough of them to make the Suit resemble a map of North Burleigh. Your boy may derive a great deal of satisfaction from wearing such kaleidoscopic attire, but we doubt it, if you don't. Suppose you look back a score or so of years and recall how you would have enjoyed associating with better dressed companions in such apparel Even admitting that you wore such clothes "because compelled to" is that any reason why your boy should? Times have changed since then. Changed for the better, too. What would scarcely have attracted notice in your clothes will hardly be excused in your boys now.

We repeat, that boy needs a new Suit.

Are you going to give him one?

We have little boy's Suits in all qualities and several styles—there's not many styles for very little fellows, but enough to show a variety in the family if you've three or four boys to clothe. We have them light and heavy, and some very nice Suits just 'twixt and between. In fact we pay more attention to the little fellow's wants than any store in the County. There is no particular extravagance about our Boy's Suits, simply good, decent, proper, becoming, useful garments, proper for any boy to wear and exceedingly durable.

Such is what your boy needs.

Give your boy a Hat. He needs that too. His fur cap is warm, too warm, and besides it gets banged about too much.

It's a little early for a Straw Hat but we suggest a neat Felt. Good for boys. No matter how they abuse these Hats the wear is there. Clap a new Hat on your boy's head.

Anything else? Yes! Certainly!

Boots!
Shoes!

Not Easily Forgotten.

Persons entering the premises of W. J. Morrow cannot easily forget the mistake they have made if they have been buying groceries elsewhere. Our announcements cause a great deal of discontent among people in our line owing to the success our cheap sales meet with. They pay 30 cents for Baking Powder when you can buy strictly pure in 1 lb. tins for 15 cents, 3 lb. tins Peaches, 15 cents each, French Peas, 15 cents per tin, Salmon, 2 tins for 25 cents. We are sacrificing all our lines of Teas, and certain to give you extra good value in all lines. W. J. Morrow, 340 George-st. d68-w18

A Heavy Loss.

The Hastings Star says:—"Mr. Joseph Cole, Alnwick, met with serious loss on Tuesday morning. He, with his family, stopped in the village over night to take the morning train for Manitoba. When the party reached Birdsalls' Mr. Cole missed his pocket book which contained some $40, a draft on the Imperial Bank, Calgary, and the railway tickets of his family. Mr. Cole returned on Morris' train and offers a reward of $10 for the return of the book. Payment of the draft has been stopped and the numbers of the tickets telegraphed to all conductors."

Curling Chit Chat.

The curlers are carrying their sport well into the spring. Last night the skips of the Challenge cup rinks played the seconds of the same rinks and won by 6 shots. This makes three straight wins for the skips. The ice remains in very good condition. The rink and scores were:—

SKIPS.	SECONDS.
G. Dunsford	C. Rutherford
S. Ray	J. McClelland
T. Rutherford	D. Belleghem
C. McGill, skip....15	Geo. Edmison, s'p.. 9

Majority for the skips 6 shots.

To night another rink of skips will play the victorious skips of the Challenge cup rinks.

APRIL 15th.

Will you suffer with Dyspepsia and Liver Complaint? Shiloh's Vitaliser is guaranteed to cure you. Sold by Geo. A. Schofield, Druggist, Peterborough.

THE OTONABEE CANOE CLUB.

Annual Meeting and Election of Officers—A Good Season Anticipated.

As winter leaves us with its snow and ice, the enthusiastic canoeists can dream of quiet paddles and peaceful sails and his spirit of interest in these delightful pastimes awakens within him with due fervor. The Otonabee Canoe Club held its annual meeting last evening and these dreams were made to take a more realistic and active form. The canoeists assembled in the office of the Sun Life Insurance Co. and Mr. W. H. Hill presided as chairman. The coming season promises to be a lively and successful one for the club. The club boat house is to be repaired and fitted up for the better accommodation of the canoes, etc., of the members and an increased membership and enthusiasm is expected to follow. The membership fee has been reduced to fifty cents, with the understanding that all who use canoes from the boat house are to pay the membership fee. The Executive Committee have the matter of the necessary repairs and improvements in the boat house in hand and intend to do their work satisfactorily. These with other matters of interest to the club were discussed last night, while the officers for the year were elected as follows:—

Honorary Commodore—J. Miller, Toronto.
Commodore—W. H. Hill.
Vice Commodore—W. H. Stock.
Secretary—A. E. Dixon.
Assistant-Secretary—J. Tucker.
Treasurer—C. H. Allison.
Executive Committee—Thos. Barry, A. E. Scott, W. A. Mason and J. Connal.

Snow Shoe Club.

Practice of minstrels in the hall, Opera House block, on Thursday evening, at 7 30 sharp.

Hot Cross Buns.

Don't forget L. Potvin, corner of George and Dublin-sts., for hot cross buns. Leave your order early. 2d

Volunteers, Attention!

"E" Co. meets for drill in Old Music Hall to-night (Wednesday). By Order.

1d78 CAPT. W. J. MILLER.

Preparing for Navigation.

Mr. Calcutt is getting his steamers ready for the opening of navigation. The ice is almost entirely out of the water and the Daisy, which is ready for work, will probably be down to the lake before the week is out.

The Last of the Lectures.

The last of the series of special Lenten lectures at St. John's church will be given this evening by Rev. E. C. Cayley, M. A., fellow of Trinity College, Toronto. The subject is "The Covenant" and the address is sure to be interesting.

Royal Templar Notes.

Six candidates were initiated at the meeting of Peterborough Council last night.

A resolution was adopted regretting the departure from town of Bro. W. Hendricks, who had been an active member of the Council, and commending him to the brethren in Ingersoll, where he is going.

Bargains in Spring Overcoats.

Just received 150 spring overcoats bought at half price from one of the best manufacturers in Canada will be sold for almost half price. Men should come and see these coats, the biggest bargains ever offered in Peterborough. No matter whether you want to buy or not see these bargains. H. LeBrun & Co. 2d78

What is a Bargain?

Generally speaking it means getting more value for your money than you've expected. This, then, is what you will get at the clearing sale of the Duncan Cameron bankrupt stock now going on at the old stand. There's a lot of Tweeds and Suitings that must be cleared. The price is low almost less than 51½c. on the dollar of value. The goods are bargains. Call at the store, the old stand, George-st., and look over the assortment. You'll hardly fail to get suited. *Lots of other goods going at ridiculously low prices.* d78tf

For Delicate, Sickly Children.

Scott's Emulsion is unequalled. See what Dr C. A. Black, of Amherst, N.J., says: "I have been acquainted with Scott's Emulsion of Cod Liver Oil, with Hypophosphites, for years, and consider it one of the finest preparations now before the public. Its pleasant flavor makes it the great favorite for children, and I do highly recommend it for all wasting diseases of children and adults. Sold by Druggists, 50c. and $1.00

Personal.

Messrs. W. H. Meldrum and E. Peplow are attending the mass meeting of the millers of the Dominion which is being held in Toronto.

Rev. J. W. Bell, B. D., of Hamilton, Chairman of the Royal Templars Mission Board, arrived in town to-day. Mr. Bell was a former resident of Peterborough and his mother now resides here. He will meet the Peterborough Royal Templars at a special meeting on Friday evening and will address a public meeting on Tuesday evening next. To-night he will assist in organizing a Council in North Monaghan.

"When the spring-time comes," we usually find ourselves drowsy and exhausted, owing to the impure and sluggish state of the blood. To remedy this trouble, take Ayer's Sarsaparilla, the most powerful, yet safe and economical, blood-purifier in existence.

Peter and "Laboring" John.

Another pair of inebriates occupied the police cells last night. They were not strangers in their quarters either, for they had both been there before. "Laboring" John fell a victim to his besetting weakness again yesterday and was locked up by Constable McGinty. At the Police Court this morning he sang his old, old song, and wanted to be allowed his freedom so that he could go to Apsley. He was fined $2 or twenty days in gaol. Peter Whelan was the other half of the pair. Peter had some trouble with Mr. Conners over a bottle of whiskey and was locked up. At the Police Court the Magistrate fined him $2.00 or ten days for drunkenness. Both of the men went up.

Sleepless nights, made miserable by that terrible cough. Shiloh's Cure is the Remedy for you. Sold by Geo. A. Schofield, Druggist Peterborough.

Buried Among Strangers.

Chief Roszel this morning received a telegram from the Chief of Police of Boston, stating that a search had failed to locate any of the relatives of "Billy" Devine, the unfortunate tramp who met the terrible death at the Grand Trunk station here on Monday night. It is just possible that this was not the poor fellow's right name. Rev. Father Rudkins, however, took charge of the body upon the receipt of the news and will have it respectably interred in the Roman Catholic cemetery this afternoon. A strange coincidence is the fact that Mr. F. Garvey, of town, says that his brother in Boston has a man working for him by the name of Tom Devine who has a couple of sisters in the millinery business and also a brother-in-law running a saloon. Mr. Garvey intends writing to see if a clue can possibly be gained from this family. It will be remembered that the dead man spoke of having three sisters in the millinery business and a brother-in-law who ran a saloon.

If your cough keeps you awake and restless by night, take Ayer's Cherry Pectoral and obtain immediate relief. This remedy allays inflammation, heals the pulmonary organs, induces sleep, and restores health. The sooner you begin the better.

EDUCATIONAL COUNCIL.

THE BOARD OF EDUCATION IN REGULAR SESSION.

Inspector Seath's Report not to Given to the Public Until After the Board has Considered it—The Finance Report—The Appointments—The Institute Difficulty and Mr. Duncan—The Kindergarten—Other Matters.

The Board of Education held a regular monthly meeting last evening, when considerable business of a routine character was rushed through. The gentlemen present were Messrs. Hill, Bradburn, McKee, Hamilton, Ferguson, Wrighton, English, Dumble, Kendry, Corkery, Dr. Boucher and Dr. Burnham. In the absence of Mayor Stevenson, the Chairman, Mr. Denne was chosen to preside.

The minutes of the last regular meeting were read and confirmed.

AN ENQUIRY.

Mr. Kendry, under the head of inquiries, asked if single sheet foolscape was being supplied to the schools.

The secretary said the paper supplied was according to contract.

COMMUNICATIONS.

A communication was received from Sergt.-Major Rundle asking for an increase of salary. He claimed he was employed eight hours a day and was entitled to an increase.—Committee on Appointments.

Another lengthy communication was received from Mr. Duncan, the late science master of the Institute, in which that gentleman stated in detail the difficulty in the Institute which had caused him to dismiss himself. The trouble arose over the conduct of one of the boy pupils, whom Mr. Duncan thought deserved expulsion. The Principal and teachers of the Institute would not bear Mr. Duncan out in expelling the pupil and hence he left.—The communication was received.

THE INSPECTOR'S REPORT.

Inspector Seath's report, which has already been published in the Review, was read.

In moving the reception of this report Mr. Dumble congratulated the Board upon its very satisfactory nature and expressed the opinion that they could now expect good work in the Institute.

Mr. English said he would just like to say that in future he did not think it would be wise to publish the inspector's report before it had come before the Board.

Mr. Kendry was of the same opinion and he enquired who had given the report to the reporters.

The Secretary said Mr. Stevenson, Chairman of the Board, had given Mr. Long permission to have the report published.

Mr. Dumble also spoke strongly against the action of the Principal in having the report made public before it was laid before the Board. He said the reporter had asked him if he would acquiesce in having the report published and he had said that he did not think it would be proper and that was all he heard about the matter. He had been surprised when he had seen it in the paper.

Mr. Long said the report had been published in former years and he thought there was a desire to read it on the part of the public. He had not intended to do anything wrong, but had asked the Chairman before he had given the report to the papers.

The matter dropped with the understanding that the report was not to be made public again until it had come before the Board.

ACCOUNTS.

The following accounts were presented:

E. G. Rundle	$ 3 75
A. Comstock	6 00
Mr. Sweeting, wood	60 90
R. Nugent	12 50
Gas Co	2 85
Review Co	11 50
J. E. Fitzgerald	65 12
A. Fairbairn	3 00
Metropolitan Grocery	2 45
A. E. Duncan	62 21
John Fairbairn	25 68
G. H. Sherwood	6 00
Mulholland & Roper	37 50
J. Davidson, teaching for Miss Graham	——
Lee & Thompson	40
Lee & Thompson	1 21
H. Rosborough, wood	12 37
Wm. Forsythe	1 00
W. English, expenses to Toronto	5 00
D. W. Dumble, expenses to Toronto	5 00
J. R. Stratton	94 60

The accounts were all referred to the Finance Committee.

ATTENDANCE AND FEES.

The report of attendance at the different schools for the month of March were presented as follows:

	Average	On Roll
Collegiate Institute	148	162
South Ward School	275	282
West Ward School	151	158
North Ward School	126	158
Central School	411	464

The fees from the Collegiate Institute for the month of March were reported as having been five dollars.

THE FINANCE REPORT.

Dr. Boucher, Chairman of the Finance Committee, brought in the report of his committee, which read as follows:

To the Board of Education:

Gentlemen,—The Finance Committee beg leave to report as follows, recommending the payment of the following accounts:

Peterborough Water Co	$ 4 85
St. Paul's church, rent of Mission School	100 00
W. A. Carr	5 00
W. Forsythe	1 00
G. N. W. Telegraph Co	44
M. Green	24 00
Clarke & Gibson	6 00
G. Hunter	12 00
G. Tighe	7 00
G. Noble	3 00
H. Willis	5 25
John Kincaid	24 00
Andrew Douglas, when certified to by chairman of Building Committee	110 00
J. Buller, to be deducted from the accounts of the Canadian School & Furniture Co	6 25
Lillie Pratt, teaching three days in Miss Martin's room	3 75
Miss Cameron's account for teaching in West and South Ward Schools, when certified to by the head masters of those schools	3 75
Canadian School & Furniture Co	1,115 20

As it is customary in Toronto to pay the architects a percentage on the cost of the Smead & Dowd furnaces, etc., your committee recommend that the accounts of W. Blackwell for $166 75 and J. E. Belcher for $124 be paid. Your committee recommend that J. Bogue be paid six dollars in full of his account.

All of which is respectfully submitted.

GEORGE BURNHAM, Chairman.

The report was adopted.

APPOINTMENTS.

Mr. Dumble, as Chairman of the Committee on Appointments, presented the following report:—

To the Chairman and Board of Education:

Gentlemen,—The Committee on Appointments beg to report that as to the applications of Miss McLennan and Miss Becket for increase of salary, the rule of the Board, which provides that no teacher who has not been one year in the employment of the Board may receive an increase of salary, prevents your committee dealing with the matter, and your Committee would not recommend any violation of that rule.

As to the application of Mr. Stirling, your Committee report that owing to the broken session of the South Ward School in consequence of the building operations and the prevailing sickness, your Committee is unable to form a fair judgment of the year's efforts, but suggest that as now the school possesses every advantage for successful labors the consideration of this application be held over until the end of the year, when it may be more intelligently dealt with.

Your Committee beg leave to notify the Board that they have employed Mr. Drope, an honor graduate of Victoria College, as mathematical master at a salary of $800 Mr. Drope appears to be an efficient and able master and is giving entire satisfaction to the Principal.

Owing to the great difficulty in obtaining properly qualified science masters your committee submit that the suggestion of Inspector Seath, that Mr. Fife assume the science mastership, be adopted by the Board.

If your committee's suggestion be adopted your committee recommend that Mr. Fife retain the salary he now has.

Your Committee also notify the Board that Miss Davidson has been placed over Miss Graham's room, Miss Blackwell over Miss Davidson's and that Miss Wrighton has been employed until midsummer to take charge of Miss Blackwell's room. Your Committee recommend that the Board room be seated to accommodate some of the pupils of Miss Blackwell's room, who average in attendance between 60 and 70 pupils—a number too large for any teacher to instruct effectively.

All of which is respectfully submitted.

D. W. DUMBLE, Chairman.

The report was adopted

THE INSTITUTE DIFFICULTY.

Dr. Boucher presented the report of the Supervision Committee as follows:—

To the Chairman and Members of the Board of Education.

Gentlemen,—Your Advisory Committee beg leave to report that on March 6th the Principal notified them that the Science Master, Mr. Duncan, had absented himself from his classes and had intimated to Mr. Long as well as several other members of the staff that he did not intend to continue teaching. Your Committee upon investigating the cause of the trouble found that the whole difficulty was caused by Mr. Duncan, who insisted upon a certain line of discipline being carried out contrary to the opinion of Mr. Long and the rest of the staff. Under the circumstances the committee thought it advisible that Mr. Duncan should be interviewed and Mr. Wrighton and myself called upon him, but not finding him at home left a note asking him to at once write to the Secretary of the Board stating what he intended doing. Your Committee fully concur in the action taken by the Principal as being conducive to the best interests of the Institute.

All of which is respectfully submitted.

R. P. BOUCHER, Chairman.

After some little discussion the report was adopted.

THE KINDERGARTEN.

Mr. Dumble then introduced the Kindergarten teaching, a motion concerning which he had given notice of at the last meeting. He wished to give the benefit of this teaching to all classes of pupils if possible, and he went on to outline his proposed plan which is contained in the following resolution, which he moved and which will take effect after Easter:—"That the Kindergarten school be conducted on the following basis:—That all the children coming to the Central school who are between the ages of five and seven shall be first admitted to the Kindergarten school until the complement of children there required is filled—the youngest in all cases to have the preference. The youngest children now in the Public school to be remitted to the Kindergarten school and the children to be there retained from six months to two years according to the exigency. The fees to be 50c. a term, simply for payment of supplies. And in reference to the lowest rooms in the Public school that the junior pupils be divided into two classes—one half of whom shall attend in the morning and the other in the afternoon. This arrangement to refer to first book pupils only. That children under the age of five years be admitted only to the Kindergarten if there may be room for them, and, if admitted, that they be charged $2 a quarter payable in advance.

Mr. Hill spoke in favor of the half day system of teaching for young pupils, after which the motion, which was seconded by Dr. Boucher, was carried.

THE NORTH WARD SCHOOL.

Mr. Hill then drew the attention of the Board to the crowded state of some of the rooms of the North Ward school, which were filled beyond their seating capacity.

After a little discussion the matter of employing a teacher temporarily until midsummer for this school was left in the hands of the Committee on Appointments.

Mr. English moved, seconded by Mr. Dumble,—That ten dollars be placed to the credit of the Secretary as petty cash.

TO OPEN AT NINE.

Mr. Ferguson inquired how it was that some of the schools opened at 9 o'clock and some at 9.30.

It was stated that the rule was that all the schools should open at nine o'clock except in winter.

Mr. Walkie, who was present, stated that he had conferred with the other teachers and they had thought it would be better to continue as they had been during the winter until the snow went off. The pupils did not come till 9.30 and were given no recess. If the Board desired they would, however, open at nine o'clock.

The Board thought it would be better to adhere to the rule and have all the schools open at nine o'clock.

THE GYMNASIUM.

Principal Long, upon being given permission, addressed the Board regarding the equipment of the gymnasium. He pointed to the two clauses in Inspector Seath's report regarding the equipment of the gymnasium. He asked that the *Chairman of the Property Committee* be authorized to make necessary repairs. The equipments mentioned as necessary by the inspector could be considered by the Committe. It would cost about $35 to put in the new apparatus and make the necessary repairs.

The matter was referred to the Property Committee with power to act.

The Board then adjourned.

When Baby was sick, we gave her Castoria,
When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria

That Hacking Cough can be so quickly cured by Shiloh's Cure. We guarantee it. Sold by Geo. A. Schofield, druggist, Peterborough.

—OUR—

SPRING EXHIBIT !

Any one will recognise the benefit of dealing with a house that shows a Large Range of Goods as well as the Newest Colorings and Styles.

In this connection we would mention the fact that we have several hundred different Styles in our Tweed Department embracing many new and novel effects. Our selections have been made from the markets' choicest offerings.

We would state to those who contemplate ordering their Spring Suit that we have been favored with a very large trade and would esteem it a favor if buyers would order early.

Our facilities are now taxed to their full capacity and early orders will prevent delays.

Never since our existence have we been so overwhelmed with work. What is the cause? The answer is easy. Our Styles are right, our Goods are right and our prices are right.

THOS. DOLAN & CO.,

CLOTHIERS & FURNISHERS,

380 George Street.

AN AMALGAMATION OF LIGHT.

The Electric Light and the Gas Purchased by a new Company.

For several days past negotiations have been in progress for the amalgamation of the two light supplying companies of the town—the Gas and Electric Light Companies. This morning the negotiations were complete, the Gas and Electric Light Companies both selling out to a new Company, which will be known and incorporated as "The Peterborough Light and Power Company (limited.)" The new Company will be formed with a capital stock of $200,000 and intend making improvements in both of the lighting plants. An incandescent light plant will be placed in among other changes. The new Company is meeting this afternoon to perfect arrangements and for organization.

Brevities.

—The market was small this morning.

—The Fire Brigade held a regular meeting last evening.

—Messrs Stephenson & Co., Ashburnham, shipped a nest (seven) pretty canoes to England to-day.

—Two of the tramps companions of the unfortunate victim of the accident at the G. T. R. on Monday night slept in the cells again last night.

—A communication has been received signed "Pro Bono Publico," but the writer neglected to send his name with it.

—A new piano has been rented and placed in the gymnasium at the Collegiate Institute. The instrument is used in drilling, etc.

—There was an average attendance of 17 at the Kindergarten room during the month of March. The member of little tots will probably greatly increase when the snow is completely gone.

—The assizes open here on April 14th. If the Dunn vs. Hess suit comes on at this court, as it probably will, the case will be tried during the week that Jos. Hess is to hold a series of meetings here.

SLOCUM, M.C., 186 West Adelaide St., TORONTO, ONTARIO.

Ready With Our Spring Bargains

TO THE GENTLEMEN OF PETERBOROUGH:

NEVER before have we been so well prepared for a Season's trade as we are for this one, and it is with every confidence that we ask the Gentleman of Peterborough to visit our extensive premises. We are thoroughly abreast of the times; and the requirements of the day, the needs of the hour, are our constant study. What is the result? In a season like the present, when we hear constant complaints of dullness of trade and decreasing sales, we are steadily increasing our business, month by month.

We leave no stone unturned in order to get Goods at Bottom Prices, and we are anxious to have fine dressers and all who are particular as to fit, style and fabric, to examine the immense line of Suitings, Trouserings and Overcoatings we are now showing. The stock is twice as large as that of any other tailoring establishment in Peterborough and the prices throughout are guaranteed to be from 15 to 30 per cent. lower.

We will **Commence** the season with **Bargains**. We will **Continue** the season with **Bargains**. We will **End** the season with **Bargains**.

You will, of course, need a **Spring Suit** and **Spring Overcoat** sooner or later—perhaps before Easter or the 24th of May. Well, why delay?* If you want Style, Durability, Gentuity—and, above all, a Bargain, leave your measure at the **City Clothing Store.** I wont take long to convince you.

H. LeBRUN & Co.,

CITY CLOTHING STORE.

*Better buy now and be on the safe side. Prices are bound to advance as the Spring and busy season advances. Come in and see us anyway.

Children Cry for Pitcher's Castoria!

The Daily Review.

WEDNESDAY, APRIL 2, 1890.

CLARE'S REVEN[illegible]

"She had been cajoled away—deceived by a Mistress," he said. "I know now; I feel now that the whole secret of this infamous affair lies in a nutshell. I had a twin brother (which was the cause of the strange marks on our arms), and I was led to believe by my father and all my family that he died at the age of 16. I have discovered since, through my dear friend, Paul Armstrong here, that he did not; but was expelled from school (while I was at home in bad health under a tutor), and sent abroad.

"He married in Australia the beautiful but unfortunate creature, who died to-day, under the name of Roy Talbot, his real name being Ernest L'Estrange. Before her death she exonerated me from all blame. In her lucid moments she recognized the difference in our faces, in the color of our eyes, in the marks upon our arms. When she found he had fled, leaving her, like the infamous scoundrel he was, she found a letter which told her of his destination, and she followed him. She mistook me for him, and, when I rushed from her, she encountered him as if by a miracle. It was he who struck her down, and who was seen by another woman, who, from the description given by my brother's wife, I believe now to be you, Clare. Tell me," he added sternly, "what did you tell her? How has she been deceived?"

"I told her what I saw," said Clare, "and she fled."

She thought it best to keep back the truth even yet. Fate might still play into her hands. Before the news of Guy L'Estrange's release reached London she might be the wife of Ernest L'Estrange.

She was silent, therefore, as to her meetings with Ernest in the woods and the infamous conspiracy between them for the ruin of May's happiness forever.

"Well, then," said Guy, rising, and pressing the hand of the startled Mrs. Raymond, who had not yet been able to utter a word or to thoroughly comprehend the meaning of the scene, "we must go to London after my darling."

Clare's patience gave way at this.

"What!" she cried; "you, Guy L'Estrange, the last of a noble house, will stoop to follow the footsteps of a runaway girl who fled from you at the first breath of calumny? Shame upon you! Rouse your manhood and your pride! Let her go! She is not worthy of a second thought!"

He read her secret in her parched lips, her shifting color, her heaving bosom, her wistful eyes.

This woman loved him with an absorbing passion as yet unknown to him, but which, now he had realized its existence, explained all that had occurred.

"I shall follow the dictates of my heart, Clare," he said, "and that bids me save my darling if I can."

At this moment there was again a knocking at the door, and a servant entered presently.

"A groom has ridden round from the park, Mr. L'Estrange," she said. "Miss Fielding is there. She was brought there in a carriage, very ill."

Guy waited for no more, not even to ask the lawyer to follow him; but, rushing out, he leaped on the groom's horse, and was off like lightning.

Paul Armstrong, before he went turned to Clare Raymond, saying in a low voice:

"Young lady, you played a desperate game, which might have resulted in very serious consequences. I suspected you all along."

Then, bidding adieu to Mrs. Raymond, he hurried out, just in time to catch the groom gossiping with the servant, and to walk quietly with him to the park.

May Fielding was delirious when her lover reached home; and it was many a long day and night before she recovered sufficiently to look back upon the past and comprehend the present.

It was to Guy's aunt that she poured forth all her troubles—her interview with Clare; the coming of her supposed lover to the lodge; his entreaties; her flight and her revulsion of feeling; how she only saw her pretended lover by night; how she strove to love and respect him, and how her heart all the time was yearning for home and for something which she seemed to have lost.

In his secret heart Guy had felt sorely aggrieved that May should, even for a moment, mistake another man for him; but the illness, even unto death, through which she had passed; her wistful, childlike eyes; her pretty penitence and self-abasement, conquered him, and he took her to his heart as truly and as lovingly as ever.

Ernest L'Estrange saved a great deal of the inevitable exposure by putting an end to his own existence when, on the morning which was to have seen his marriage with May, he was arrested at Mrs. Preston's; and as he was easily proved to be the Thomas Hartley to whom May had assigned her money, Guy, as next heir to his brother, received it back.

"So you see I shall wed a penniless bride after all," he said, as they wandered in the shady avenues of L'Estrange Park.

"Ah, Guy," she said, "I deserved to lose both my fortune and your love, for my folly in being so deceived! But yet all the while there was a feeling in my heart that it was not Guy; his manners were not the same, and"——

"And I hope his kisses were not," he said, as he caught her to him and pressed his lips to hers.

The sound of those wedding bells which rang out so merrily at Harchester cathedral, to celebrate the union of Guy L'Estrange and May Fielding, never reached the ears of Clare Raymond.

She persuaded her mother to quit the lodge and travel on the continent.

She met there, and married, an old French count, and it is said is now both a flirt, and an adept at the gaming tables.

Guy L'Estrange and his wife, however, are models of happiness, and as they wander along love's flower-strewn pathway, they can afford to forgive and forget the woman who would have marred both their lives for her own passion's sake.

THE END.

SWEPT AWAY BY THE FLOOD.

Homes and Stock the Prey of the Rivers—Suffering Among the People.

ST. LOUIS, April 1.—Information from Laconia Circle, a section of country between Helena and Arkansas City, which is practically surrounded by the Mississippi and White Rivers, is to the effect that the people there are in a deplorable condition and suffering. The water poured over the levees on all sides and in three hours the circle was filled even with the surface of the river. The water averaged eight feet deep. This occurred so suddenly that the people had no time to do anything, their houses, stock and everything they owned was in the water and in some cases swept away before they realized what had happened.

The citizens of Helena sent the steamer Hampton Coombs down there last Thursday as a relief boat to aid the people. A correspondent on board writes that when the steamer arrived at the circle a number of houses were found to have been washed off their blocks or stilts and others badly careened over into the water. People had been living in the lofts of some of the low houses and when they careened could only escape by knocking holes in the roofs. Several people were blown into the water and swam to trees where they remained all of Thursday night, and a number of cattle were blown from the levees and drowned. On Friday men went over the whole circle in skiffs and transferred people from trees and roofs to the gin houses, which are generally large and substantial buildings.

All these houses are now packed with people, 200 persons being in some of them. The Coombs brought out 120 people and 110 head of stock and took them to Helena, arriving yesterday. When the Coombs came out of the circle the steamer Titan with barges was going in and it is thought they can bring out all the remaining stock and as many of the people as desire to get away. Many of the planters in the circle are utterly ruined and the remainder have no seed to plant even should the waters subside in time to put in a crop.

TIRED OF LIFE.

Suicide at Hamilton—A Lake Captain's Sudden Death.

HAMILTON, April 1.—Capt. Thomas Thornton, one of the most popular mariners that hailed from this port, was found dead in bed at 3 o'clock this morning. Deceased was 31 years old and a native of Buffalo. Heart disease was the cause of death.

William Kemp, aged 46, while in a fit of despondency yesterday stabbed himself with a large knife, inflicting a fatal wound in the region of the heart.

A Toronto syndicate headed by W. D. Matthews to-day completed the purchase of the Gage farm of 64 acres in the eastern suburbs at $500 per acre.

Lieut.-Col. Otter, D.A.G., was in the city to-day enquiring into the recent troubles in the 77th Battalion of Dundas between Majors Walker and Bertram.

KEMMLER RESENTENCED.

To Die by Electricity in the Week Beginning April 28.

BUFFALO, April 1.—William Kemmler, the murderer, has been resentenced to die by electricity within the week beginning April 28, in the State prison at Auburn. This will be the first execution by electricity, although the law went into force Jan. 1, 1889.

Kemmler, it will be remembered, was convicted of killing Matilda Ziegler, a woman who lived with him as his wife. The murder took place on South Division-street on March 29, 1889, and was a most brutal one, the weapon used being a hatchet.

THE P.E.I. POISONING CASE.

Lizzie Stewart's Evidence Incriminates the Prisoner.

CHARLOTTETOWN, P.E.I., April 1.—The Weeks-Sutherland poisoning case was resumed to-day. Lizzie Stewart, the witness alleged to have been spirited away by the defence, testified that in the fall of 1888 Mrs. Weeks asked witness how much she would take to poison Mrs. Sutherland.

W. F. Carter, who was on the train from the Cape with Mrs. Weeks, was recalled and said Mrs. Weeks asked him if Sutherland went back on her would he lend her a revolver to shoot him.

The Coolest Thing in Trusts

CHICAGO, April 1.—An ice trust has been formed by Chicago dealers and prices were advanced to-day 25 to 50 per cent. over the figure current a year ago. The crop in this vicinity is said to be 1,000,000 tons short of the usual requirements and the supply is practically all in the hands of the trust. Over one-third of the firms and companies in the business last year are now out of ice. A further advance in prices is threatened before June 1.

Scratched 28 Years

Body covered with scales. Itching terrible. Suffering Endless. No relief. Doctors and medicines fail. Speedily cured by Cuticura at a cost of $5.

Cured by Cuticura.

If I had known of the CUTICURA REMEDIES twenty-eight years ago it would have saved me $200 00 (two hundred dollars) and an immense amount of suffering. My disease (psoriasis) commenced on my head in a spot not larger than a cent. It spread rapidly all over my body and got under my nails. The scales would drop off of me all the time, and my suffering was endless and without relief. One thousand dollars would not tempt me to have this disease over again. I am a poor man but feel rich to be relieved of what some doctors said was leprosy, some ringworm, psoriasis, etc. I took.... and ....Sarsaparillas over one year and a half, but no cure. I went to two or three doctors, and no cure. I cannot praise the CUTICURA REMEDIES too much. They have made my skin clear and free from scales as a baby's. All I used of them were three boxes of CUTICURA and three bottles of CUTICURA RESOLVENT and two cakes CUTICURA SOAP. If you had been here and said you would have cured me for $200 00, you would have had the money. I looked like the picture in your book of psoriasis (picture number two "How to Cure Skin Diseases"), but now I am as clear as any person ever was. Through force of habit I rub my hands over my arms and legs to scratch once in a while, but to no purpose. I am all well. I scratched twenty-eight years, and it got to be a kind of second nature to me. I thank you a thousand times.
DENNIS DOWNING, Waterbury, V.

Cuticura Resolvent

The new Blood and Skin Purifier and purest and best of Humor Remedies, internally, and CUTICURA, the great Skin Cure and CUTICURA SOAP, an exquisite Skin Beautifier, externally, speedily and permanently cure every species of itching, burning, scaly, crusted, pimply, scrofulous and hereditary diseases and humors of the skin, scalp and blood, with loss of hair, from pimples to scrofula.

Sold everywhere. Price, CUTICURA, 75c; SOAP, 35c; RESOLVENT, $1.50. Prepared by the POTTER DRUG AND CHEMICAL CORPORATION, Boston.

Send for "How to Cure Skin Diseases," 64 pages, 50 illustrations, and 100 testimonials.

PIMPLES, black-heads, chapped, and oily skin prevented by CUTICURA MEDICATED SOAP.

FREE FROM RHEUMATISM

In one minute the Cuticura Anti-Pain Plaster relieves rheumatic, sciatic, hip, kidney, chest and muscular pains and weaknesses. The first and only pain-killing plaster. 30c.

WHICH WILL IT BE?

Which is the fairest, a rose or a lily?
Which is the sweetest, a peach or a pear?
Merry's coquettish, and charming is Milly;
Dora is gentle and fair.
Sweet as a flower was her face when I kissed her,
(Love is the romance and glory of life.)
Milly, my playmate, I love "like a sister,"
But Dora I choose for my wife.

That is right, young man, marry the girl you love, by all means, if she will have you. Should her health become delicate and her beauty fade after marriage, remember that this is usually due to functional disturbances, weaknesses, irregularities, or painful disorders peculiar to her sex, in the cure of which Dr. Pierce's Favorite Prescription is guaranteed to give satisfaction, or money refunded See the printed certificate of guarantee on bottle-wrapper.

For overworked, "worn-out," "run down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," housekeepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic, or strength-giver.

Coughs, Colds, Croup.

Allen's Lung Balsam was introduced to the public after its merits for the positive cure of such diseases had been fully tested. It excites expectoration and causes the Lungs to throw off the phlegm or mucus; changes the secretions and purifies the blood; heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. Such is the immediate and satisfactory effect that it is warranted to break up the most distressing cough in a few hours' time, if not of too long standing. It contains no opium in any form and is warranted to be perfectly harmless to the most delicate child. There is no real necessity for so many deaths by consumption when Allen's Lung Balsam will prevent it if only taken in time. For Consumption, and all diseases that lead to it, such as Coughs, neglected Colds, Bronchitis, Asthma and all diseases of the Lungs, ALLEN'S LUNG BALSAM is the Great Modern Remedy. For Croup and Whooping Cough it is almost a specific. It is an old standard remedy, and sold universally at 50 cents and $1.00 per bottle. The 25-cent bottles are put out to answer the constant call for a Good and Low-Priced COUGH CURE. If you have not tried the Balsam, call for a 25-cent bottle to test it.

Allen's Lung Balsam

READ THIS CARD.

Now we have the merchants where we want them, worked up to the highest pitch over our price of goods. We are slaughtering them doing the business, hence the jealousy. W. J. Morrow is actually receiving anonymous letters and cards what they, the writers, will do if he does not advance the prices of goods but he answers in the affirmative that the step has been taken to buy goods for cash and sell cheap giving his customers the benefit will be continued. One actually speaks of cutting goods still lower and quotes prices. Why I can drop goods spokenof to his figures and make money. So this youth had better post himself in buying before trying to compete with

W. J. MORROW

The Only Cheap Grocer, 340 George-st.

Copy of Post Card, Note the Spelling.

PETERBOROUGH, March 28th, 1890.

DEAR SIR,—I notifie you without any malisce in the matter whatever, but one thing certain if you continue quoting prices in the paper we will put salmon with all can Goods at 10½c. per can and it is no truble to sell sulpher 30 or 35 lbs. for $1.00. There is no use in one man to think he is going to quo a prices and others look on and if we start again there will be more of it than has been done, so you will please consider the matter at once.
Yours etc.
GROCER.

I CURE FITS! THOUSANDS OF BOTTLES GIVEN AWAY YEARLY.

When I say Cure I do not mean merely to stop them for a time, and then have them return again. I MEAN A RADICAL CURE. I have made the disease of Fits, Epilepsy or Falling Sickness a life-long study. I warrant my remedy to Cure the worst cases. Because others have failed is no reason for not now receiving a cure. Send at once for a treatise and a Free Bottle of my Infallible Remedy. Give Express and Post Office. It costs you nothing for a trial, and it will cure you. Address:—H. G. ROOT, M.C., Branch Office, 186 WEST ADELAIDE STREET, TORONTO.

INTERCOLONIAL RAILWAY OF CANADA.

The direct route between the west and all points on the Lower St. Lawrence and Baie de Chaleur, Province of Quebec, also New Brunswick, Nova Scotia, Prince Edward, Cape Breton and the Magdalene Islands, Newfoundland and St. Pierre.

Express trains leave Montreal and Halifax daily (Sunday excepted) and run through without change between these points in 30 hours.

The through express train cars of the Intercolonial Railway are brilliantly lighted by electricity and heated by steam from the locomotive.

New and elegant Buffet Sleeping and Day Cars are run on all through express trains.

The popular summer sea bathing and fishing resorts of Canada are along the Intercolonial or are reached by that route.

Canadian, European Mail and Passenger Route.

Passengers for Great Britain or the Continent leaving Montreal on Thursday morning will join outward mail steamer at Rimouski the same evening.

The attention of shippers is directed to the superior facilities offered by this route for the transport of flour and general merchandise intended for the Eastern Provinces and Newfoundland, also for shipments of grain and produce intended for the European market.

Tickets may be obtained and all information about the route, also freight and passenger rates on application to

Millinery Opening

—AT—

TURNBULL'S

Wednesday and Thursday, April 2nd and 3rd, are Turnbull's Millinery Opening days, when all the new spring styles in Millinery, Mantles, Mantle Cloths and Trimmings will be on display. We will be pleased to see everybody who can make it convenient to pay us a call and look over our elaborate display of new goods in every department. The more callers we have the happier we shall be. We do not look to make sales on these days, but will take pleasure in showing the new things, believing that our efforts this season to place before the public a very attractive stock at close prices will reap its reward later on.

This week we have received the last shipment of our foreign importations, which makes our dress goods department very complete.

We would call special attention to a line of Silk Warp Henriettas in all the prevailing shades.

Our Linen department is also now well stocked with choice goods at surprising low figures.

All the spring domestic paper patterns now in stock.

The Daily Review.

THURSDAY, APRIL 3, 1890.

NOTES FROM THE CAPITAL.

The Government Propose to Double the Pig Iron Duty.

OTTAWA, April 2.—Hon. G. E. Foster to-day gave notice that he would move the House into committee to consider a resolution to increase the bounty on pig iron made from Canadian ore, from $1 as now paid, to $2 per ton. The increase will come into effect on July 1, 1892, and be continued for five years.

Sir Richard Cartwright said he would not debate the proposition now further than to state his objection to the Parliament binding its successor to a proposition of this kind.

The Budget debate was then resumed, Mr. Jones (Hal.), Gen. Laurie, Col. O'Brien, Mr. Macdonald (Hur.), Mr. Smith (Ont.), Mr. McMillan (Hur.) being among the speakers, and the policy of protection being the general battle ground.

The debate continued until 1¾, when Hon Peter Mitchell moved the adjournment and the House rose.

E. T. Wright, manufacturer of bird cages, *wire cloth, etc., of Hamilton, interviewed* the Government to-day to protest against the new duty on wire entering into his manufactures. It was formerly free but now will have to pay from 15 to 25 per cent. He asks that if this duty is enforced a tax of like amount be put on wireware imported.

THE T., H. & B. BONUS.

Hamilton Ratepayers Approve the $275,000 Grant by a Big Majority.

HAMILTON, April 2.—The bylaw granting a bonus of $275,000 to the Toronto, Hamilton & Buffalo Railway was voted on by the ratepayers to-day and carried by over 1500 more than the necessary majority. The bylaw required 2160 votes *to carry. The vote was:*

For	3,697
Against	312
Majority for bylaw	3,385

The large vote cast is an evidence of the keen interest felt in the contest. The small vote against the bylaw is explained in part by the fact that the opposition confined themselves to the task of keeping votes from the polls, in the hope thus to defeat the grant.

On Sunday afternoon last Mr. Thomas Durford, Hannah-street west, missed his daughter, Ann Eliza, 23 years of age, from his home. The girl is unfortunately an imbecile, and the father had fears for his daughter's safety. He reported her disappearance to the police, but nothing was heard of her till this morning, when she returned home with the story that she had been visiting a girl friend at Burlington. Mr. Durford was not satisfied with the explanation and made enquiries, which resulted in a French-Canadian tobacco-roller named *William Lackie* being arrested for the seduction of the girl. It is said the Frenchman took the girl to a room on Merrick-street, detaining her there since Sunday night.

Col. Otter, D.A.G., held an investigation at the American Hotel yesterday afternoon to enquire into the trouble in the 77th Batt. The difficulty arose through a petty jealousy between Capt. Bertram and Capt. Walker. The former was recently gazetted Major of the 77th Battalion and the latter, who had been breveted major, considered his claims to seniority over *Bertram as superior,* hence the trouble. Capt. Walker and four other officers resigned. Col. Gwyn presided at the investigation, at which almost all the officers of the battalion were present. *The* evidence was trifling and of the most amusing character and at the conclusion Col. Otter administered a severe rebuke to Capts. Walker and McGregor and at the same time gave them some very excellent advice on military etiquet. The other officers withdrew their resignations, but Capts. Walker and McGregor stood pat. Lieut. Laith will be gazetted captain to fill the vacancy caused by Capt. Walker's retirement, and a successor to Capt. McGregor will be selected shortly.

A Gotham Failure.

NEW YORK, April 2.—F. R. Townsend & Co., commission wool merchants, assigned to-day. The firm was rated at from $125,000 to $200,000.

Organising a General Strike.

MADRID, April 2.—The workingmen of Catalonia are making arrangements to organise a general strike in May.

Emin Pasha has accepted proposals made to him by Major Wissmann and has entered the German service.

In consequence of the discovery of a conspiracy among the students, the University of St. Petersburg has been closed.

The new White Star line steamer Majestic, under command of Captain Purcell, sailed from Liverpool for New York on her maiden voyage Wednesday.

The British Government has decided that the rejection of Russell's bill prevents further proceedings with any other Irish liquor bill during the present session.

Col Hughes-Hallett has decided to apply for a divorce from his wife, formerly Emily Schaumburg of Philadelphia, on the ground of Mrs. Hughes-Hallett's alleged misconduct with John Chandos, the solicitor.

The French test of smokeless powder is likely to result in a change of uniform for the infantry, whose picturesque red trousers made them an easy mark.

TRANSATLANTIC ADVICES

A LIBERAL VICTORY IN THE WINDSOR ELECTION.

War on the Eastern Horizon—A Partially Successful Attempt on the Life of the Czar Rumored—The Russian Student Troubles.

LONDON, April 2.—In the Parliamentary election at Windsor to-day Barry (Con.) received 1522 votes and Grenfell (Lib.) 1972. In the last election the Conservative candidate was returned without opposition.

An Attempt to Kill the Czar.

LONDON, April 1.—A Berlin correspondent says a partially successful attempt has been made upon the life of the Czar. The name of the would-be assassin and the kind of weapon used are unknown.

ST. PETERSBURG, April 2.—The report that the Czar has been ill is untrue. He is in good health.

War on the Eastern Horizon.

LONDON, April 2.—The Servian agent, in compliance with his Government's instructions, will leave Sofia to-morrow. A rupture between Servia and Bulgaria is imminent. The trouble is said to have been fomented in Russia.

LONDON, April 2.—The Vienna correspondent of The Times declares that diplomatic relations between Servia and Bulgaria are already severed.

Emin Pasha's "Ingratitude."

LONDON, April 2.—The London press is unanimous in bitter denunciation of the ingratitude displayed by Emin Pasha in entering the service of Germany and organising an expedition *to return to the Equatorial* province he formerly governed. Though great stress is laid upon his nullification of the work done by Stanley in rescuing Emin from his perilous position and conducting him in safety to the seaboard, it is quite obvious that the inspiration of the articles is born of alarm at the prospect of German interference with English interests in Africa, and that if these interests were not menaced Emin might go whither he pleased without the slightest objection on the part of anybody in England. It is perfectly well known that Emin has for some time past been desirous to return to his province, and it is equally well understood that he has never forgiven Stanley for "rescuing" him, or to put it plainer, for making his desertion of his post and journey to Bagamoyo a matter of compulsion. While nobody is surprised that Emin has entered the service of Germany it is nevertheless a matter for regret that he has done so.

Russian Peasants Rising.

LONDON, April 2.—A St. Petersburg despatch says: "The peasants are rising in Riasan and blood has already been shed. The agitation is spreading to Finland and Poland and gendarmes and Cossacks have been sent to quell disorder. The excitement is intense. Everybody sympathises with the students."

Even the Czar Believes It.

BERLIN, April 2.—The Post says Russian Ambassador Schouvaloff's report to the Czar of his interview with Emperor William had dispelled all doubts as to the effect of the retirement of Bismarck.

Fatal Boiler Explosion.

PARIS, April 2.—A boiler exploded at Lefevre's distillery at Arras to-day, killing three men and setting fire to the building.

Refused the Proceeds.

PARIS, April 2.—Dom Pedro has refused to accept the proceeds of the forced sale of his Brazilian property ordered by the Provisional Government.

Dr. Peters Reported Safe.

COLOGNE, April 2.—The Gazette publishes news from Mombasa that Lieutenant Ehlers, who left Pangani for Mount Kilmar-Njaro with a detachment of Wissman's troops, has sent a despatch stating that Dr. Peters and Lieutenant Tiedmann, with 40 porters belonging to Dr. Peters' party, are safe.

Collapse of a Grand Stand.

LONDON, April 2.—During the races at Fowey, Cornwall, to-day the grand stand collapsed. More than 200 persons were thrown to the ground, a distance of 30 feet, and many were injured, some, it is feared, fatally.

Punishing the Students.

MOSCOW, April 2.—Fifteen of the students arrested here will be tried on the charge of being political revolutionists. Forty-two have been expelled from the university. Of this number 37 have been allowed the right to enter other universities. *Forty-four* will be subjected to minor punishments and the remainder will be released. The disorders are considered to be a sign of revolutionary plans in connection with the agitation in foreign countries regarding the treatment of political prisoners in Siberia and the letter of Madame Tschebrikova to the Czar. It is not thought the new movement has the slightest prospect of success. The masses of the people are thoroughly loyal. Sixty-seven students at the Charkoff University have been arrested and eleven expelled. Order has been restored there.

The Russian Students' Trouble.

ST. PETERSBURG, April 2.—Count Delianoff, Minister of Public Instruction, has refused to receive the petition of the university students asking for a reduction of entrance fees, unrestricted admission of Jews and equality of male and female students. Three hundred excited students assembled to-day intending to march to the Ministry of Public Instruction but the police arrested 175 of them. Three hundred students of the Technological Institute and many pupils of the School of Forestry and the Academy of Medicine have been arrested for taking part in seditious meetings.

Attempted Train-Wrecking on the I.C.R.

HALIFAX, April 2.—A diabolical attempt was made last night to wreck the Halifax accommodation train on the Pictou town branch of the Intercolonial Railway. Two pieces of logs about four inches square were laid one across the other on the rail near the middle of the Hornbrook Bridge, which at that point is nearly 90 feet high, but the cowcatcher threw off the obstruction, which had it been an inch less in thickness must have passed under the wheels. An unusually large number of passengers were on board the train.

A Rear End Collision.

POUGHKEEPSIE, April 2.—Trains on the Hudson River Railway were delayed between three and four hours this morning at New Hamburg by an engine running light crashing into the rear of a freight train. The single engine was badly smashed and the engineer and fireman had a narrow escape. The wreckage was thrown for some distance along the tracks, delaying trains. The engineer of the single engine says he did not have it under proper control, thereby causing the collision.

TORONTO TOPICS.

Another Breach of Promise Case—The Central Press Agency Vindicated.

TORONTO, April 3.—Miss Mary White of Toronto is suing Liveryman Patrick Hughes for $5000 for breach of promise of marriage, and the trial of the action was commenced at the Assizes yesterday afternoon before Mr. Justice McMahon, a jury and a crowded courtroom. Some interesting evidence was given by the plaintiff, an attractive-looking young woman on the sunny side of 30. Her story in brief is that about September last the defendant made a proposal of marriage, which was accepted, the defendant presenting her with a chased gold engagement ring and at the same time promising that the marriage should take place about *December*, 1889. In the month of October following the promise was repeated, and under that promise, as it is alleged, the plaintiff was seduced. Dr. Rea and Miss Margaret Pratt gave evidence corroborative of the plaintiff's and then Coachman Edward Edgington was called for the defendant. He was severely reprimanded by the court for appearing in an intoxicated condition. Edgington swore that he had been in the plaintiff's bedroom and that she had been in his and that *they had been unduly intimate.* The case was not concluded when the court rose.

The case of the Central Press Agency v. the American Press Association was tried *before Mr. Justice McMahon yesterday.* The cause of action was a libellous letter written by W. G. Benton, the defendant's manager in Buffalo, to the effect that the Central Press had stolen their plates of the Talmage sermon. The case was settled by the defendants apologising for having written the letter and withdrawing the charges contained in it. The defendants pay all costs, which amount to about $1200.

The city is on the eve of one of the most extensive labor strikes witnessed here for years. The cloud which has been growing in size and density for some weeks past has reached such dimensions that there is little prospect of it rolling away, and a pitched battle between the employes and the bosses is now as good as decided upon. Meetings of both the Bricklayers' Union and the Builders and Contractors Association were held last evening, but nothing was accomplished tending to foreshadow a settlement of the difficulty. The men demand 35 cents an hour and the employers will pay but 32½ cents.

The court heard the evidence yesterday in the St. George accident case of Assistant Chief Engineer Mackenzie of the Intercolonial Railway. There is no sign of the end of the trial yet.

It was learned yesterday that a clue had been obtained to the identity of the man who was murdered and thrown into the feeder of the Welland Canal at Dunnville on Nov. 1, 1888, and for connection with which crime Joseph Clemo will be tried at Cayuga on the 25th inst. The murdered man is thought to have been a former resident of this city who went to *Dunnville a few days* prior to the murder with $400 or $500 in his possession with the object of starting a harness store, and has never since been heard of. A reporter called at the Attorney-General's *office* yesterday but was informed that Detective Murray had left for the west and consequently no particulars of the case could be learned.

The Pan-Americans.

WASHINGTON, April 2.—The Pan-American Conference to-day adopted a report favoring the establishment of an international American monetary union and the issue of uniform international coins, the kind and quantity of which shall be determined by a commission composed of one or more delegates from each nation represented in the present conference. The President is requested to invite this commission to meet in Washington in a year's time or less after the final adjournment of this conference.

Fatal Explosion in a Coal Mine.

WILKESBARRE, April 2.—By an explosion of gas in No. 4 slope of the Susquehanna Coal Company at Nanticoke to-day James Adams, William A. James and Anthony Roseman were killed, John Marshall, Morgan Price, John J. Griffith and John D. Lansley were seriously injured, and George Elmy and Joseph Noforski were slightly injured. The mine was not damaged. The gas is supposed to have ignited from a naked lamp.

Morgan Price died this evening. The explosion was due to the ignition of gas by a naked lamp carried by John Griffith.

The War on the Bucket Shops.

CHICAGO, April 2.—Members of the Board of Trade are quite enthusiastic over the result of the first day's trading with the quotations dropped. They say the volume of business done has been larger than for any day for months past. They attribute this to orders from men who have been dealing through bucket shops.

In spite of the efforts of the Board of Trade to prevent them from doing so the bucket shops managed to secure quotations to-day with reasonable *promptness* and frequency and they claim their business was not injured.

1000 Men Idle Through This Failure.

PHILADELPHIA, April 2.—Rhodes Bros., operators of the Aston, Knowlton and West Branch Mills in Aston Township, Delaware County, suspended to-day. Judgments aggregating $100,000 have been entered against the firm. The liabilities are large. The firm owns the village of Aston, comprising over 200 houses. It employed 1000 persons. The business consisted of the manufacture of doeskins, shirtings, domets and jeans.

Shooting at the Wellington Range.

WELLINGTON, Mass., April 2.—The Wellington range was thronged to-day. The event was the closing shoot in the championship series between the Eastern and Western teams, which was won by the latter. J. R. Stice won the silver pitcher offered by the Wellington Club to the Western man making the highest score.

East Victoria Conservative Convention.

FENELON Falls, April 2.—The East Victoria Liberal Conservative convention was held here to-day, every part of the riding being represented. John Fell, the present M.L.A. for the riding, was unanimously selected to carry the colors of the party in the next campaign.

Attempted Suicide at Montreal.

MONTREAL, April 2.—J. G. Witte, an extensive toy dealer of New York, shot himself in the head in his room at St. Lawrence Hall this afternoon. The wound is not necessarily fatal. Despondency caused by ill-health was the cause of Mr. Witte's rash act.

Death of Mr. Hugh MacKay.

MONTREAL, April 2.—Word was received in this city to-night that Hugh MacKay of the firm of MacKay Bros. died to-day in St. Louis. He was one of Montreal's best known citizens.

Mr. Robertson's Successor.

MONTREAL, April 2.—Mr. Henry Bulmer has been appointed chairman of the harbor commissioners vice the late Mr. Andrew Robertson.

ONTARIO ASSEMBLY.

NUMEROUS DISCUSSIONS AND DIVISIONS.

Rushing Through Business Preparatory to Prorogation on Saturday—The Liquor Law Amendment Read a Third Time—The Railway Resolutions.

TORONTO, April 3.—The features of yesterday morning's session of the Legislature were short debates on church exemptions and as to what constitutes a "mercantile business." For the former Mr. Hardy argued that as the individual members of churches paid taxes, therefore it was a mistake to say the churches did not pay taxes. He argued throughout on the assumption that every taxpayer is a supporter of some church or another. Mr. Meredith combatted this view, and he said the rural municipalities had made no great outcry on this question, as the property exempt in the townships was slight, but it was different in cities. He laid it down as a principle that church support should be voluntary. Mr. Hardy retorted that the support of the schools is compulsory, but Mr. Meredith took the ground that the public school is a state institution supported for the general good of the state, while the principle of a state church is not recognized in Ontario. As to mercantile taxation, Mr. Meredith *asked to have a definition of the word* "mercantile" so that it might be better understood what classes of business are affected. The Government view prevailed in both cases.

At the afternoon session, when the amendments to the Liquor License Act came up for a third reading, Mr. Wood (Hastings) moved an amendment to the effect that an application to *transfer* a license *from* one polling subdivision to another should be subject to the same conditions as an application for a new license. This was defeated 49 to 31, when Mr. Meredith moved that the lists to be used for petition purposes shall be the municipal rather than the Legislative lists, the object being to give women and others who do not figure on the provincial voters' lists to have a voice in the petitioning for or against a liquor license. This was defeated also by 44 to 36.

A third division took place on an amendment by Mr. Meredith based on the muddle which took place in Essex in granting licenses after the repeal of the Scott Act, the amendment being lost on a vote of 50 to 32. A fourth amendment, moved by Mr. Meredith, declared that license commissioners should be further removed from political influence than is possible where the appointments rest with the Government. He asked to have the rural commissioners appointed by the county councils and the urban commissioners elected by the direct vote of the people, including women entitled to vote for municipal representatives. Mr. Garson capped this by moving that all the commissioners be elected by the municipal electors, but voted against Mr. Meredith's proposal, which was defeated, 53 to 29.

After Dr. Willoughby had aired his grievance of last session regarding the return of convictions under the Scott Act, the bill to amend the liquor law was read a third time.

Mr. Meredith again divided the House on his proposal to amend the insurance act so as to include the affianced wife of a man as among the beneficiaries of a policy who should have precedence as against creditors in case of the intended husband dying. This proposal was defeated, 54 to 26, the ladies' champion, Mr. Waters, voting with the majority.

At the evening session the House passed Mr. Fraser's bill to amend the Street Railway Act, several amendments being made in committee.

On the motion for a third reading of the Provincial Secretary's bill to amend the Registry Act, Mr. Meredith moved the third reading of his own bill as an amendment to the Government measure. Mr. Meredith's bill provides that registrars of deeds shall hereafter be appointed by the council of the city or county wherein the registration division for which they are appointed is situate, and that such councils shall be empowered to fund the fees of the office and pay by salary. It also contains other provisions of a somewhat less important nature. His amendment, he argued, should be carried on public grounds. The patronage should be taken from the hands of the Government, because that patronage was not properly administered.

"What kind of arguments are these advanced by my hon. friend?" said Mr. Mowat in reply. "He objects to the management of superannuation in public offices, but we have no superannuation in regard to registry offices." Then he also objected to the appointment of registrars by the Government because the berths were dangled before partisans. But how did this compare with the methods adopted by the Dominion Government! The charge of delay in making the appointments had also been made by Mr. Meredith, but the instances in which delay occurred were in the small minority.

Several bills were rushed through a third reading and this motion was moved by the Treasurer:

That this House resolve itself into a committee of the whole to consider these resolutions:

That there be granted out of the consolidated revenue fund to the under-mentioned railway companies for the construction of the portions of railway hereinafter mentioned:

To the Ontario & Rainy River Railway a cash subsidy of $3000 per mile for the construction of 25 miles of said railway westward from the point near Rand Lake where the 80 miles terminate for which aid was granted.

To the Ottawa & Parry Sound Railway from Eganville to a point in the township of Sherwood, a distance not exceeding 30 miles, a cash subsidy of $3000 per mile.

That all the provisions of sec. 2 of chap. 26 of 52 Vic., respecting the option of substituting half-yearly payments for 40 years in lieu of a cash payment and all the conditions provided by sec. 2 of said act shall apply to the grants hereby made.

Provided that any arrangements made between the Rainy River Railway Company and the Port Arthur, Duluth & Western Railway Company providing for the expenditure of any part of the aid hereby granted in the construction of any portion of the line of the Port Arthur, Duluth & Western Railway shall be subject to the approval of the Lieutenant-Governor in Council.

That for the purpose of forming a subsidy fund there is hereby set apart so much of the lands of this province belonging to the Crown as lie within the distance of ten miles on each side of those portions of the Ottawa & Parry Sound Railway and of the Rainy River Railway to which aid is hereby granted, or on each side of that portion of the Port Arthur, Duluth & Western Railway upon which by agreement between the companies any portion of the aid now or heretofore granted may be expended, which land shall be sold and dealt with in the same manner as provided in sections 4 to 10 inclusive of the said chapter 26 of 52 Vic.

At a late hour the House went into committee on the estimates and passed the remaining items.

Fatal Cave-in at Syracuse.

SYRACUSE, April 2.—At 1.30 this afternoon a cave-in occurred at the Kennedy-street sewer in this city, burying five men. Four were rescued alive but Jeremiah Lynch was suffocated. The men were working in a trench twenty feet deep through a sandy soil and tons of earth fell upon them.

Every Household

Should have Ayer's Cherry Pectoral. It saves thousands of lives annually, and is peculiarly efficacious in Croup, Whooping Cough, and Sore Throat.

"After an extensive practice of nearly one-third of a century, Ayer's Cherry Pectoral is my cure for recent colds and coughs. I prescribe it, and believe it to be the very best expectorant now offered to the people."—Dr. John C. Levis, Druggist, West Bridgewater, Pa.

"Some years ago Ayer's Cherry Pectoral cured me of asthma after the best medical skill had failed to give me relief. A few weeks since, being again a little troubled with the disease, I was promptly

Relieved By

the same remedy. I gladly offer this testimony for the benefit of all similarly afflicted."—F. H. Hassler, Editor *Argus*, Table Rock, Nebr.

"For children afflicted with colds, coughs, sore throat, or croup, I do not know of any remedy which will give more speedy relief than Ayer's Cherry Pectoral. I have found it, also, invaluable in cases of whooping cough."—Ann Lovejoy, 1251 Washington street, Boston, Mass.

"Ayer's Cherry Pectoral has proved remarkably effective in croup and is invaluable as a family medicine."—D. M. Bryant, Chicopee Falls, Mass.

Ayer's Cherry Pectoral,

PREPARED BY

Dr. J. C. Ayer & Co., Lowell, Mass.

Sold by all Druggists. Price $1; six bottles, $5.

The Daily Review.

THURSDAY APRIL 3 1890.

CAVANVILLE CULLINGS.

A Sunday School Teacher Honored—An Interesting Budget.

Correspondence of the Review.

SNOW STORM.—A severe snow storm swept over this locality on March 28th.

OFF TO DAKOTA.—Mr. and Mrs. William Swain and Mr. F. Emmerson left on March 25th for Dakota, where they propose making their future homes. They took with them horses and cattle and in fact everything necessary for farming. A large number of their friends and neighbors went down to the C. P. R. station to see them off. Mr. and Mrs. Swain have lived in this neighborhood since childhood and were universally respected by all with whom they were associated. We all join in wishing them peace and prosperity in their future home.

ADDRESS AND PRESENTATION.—On the evening of March 27th a very pleasant event occurred at the residence of Mr. A. J. Matchett, the occasion being the presentation of a handsome silver fruit dish, accompanied by an address, to Mrs. Matchett, by the pupils of her Bible class, previous to her departure for the Queen city. The address was read by Mr. J. Douglas and the presentation was made by Mr. H. Kingon. Although taken by surprise, Mrs. Matchett made a very neat and touching reply, expressive of the pleasure she had always found in teaching the class and considering she had done nothing more than her duty. Mrs. Matchett has held the position of teacher of the Young Men's Bible Class for about two years, and by the faithfulness of her teaching and the purity of her life, has gained the confidence and love of every member of her class, and in parting with her we feel that we have lost not only a faithful and conscientious teacher, but a sincere friend and a useful member of society. About forty young ladies and gentlemen participated in the happy event. The ladies came well provided with all the delicacies of the season, and the rapidity with which they disappeared was sufficient proof of their excellence. After spending the evening in social intercourse and singing the gathering dispersed about midnight, after singing "God Be With You till We Meet Again."

REVIVAL SERVICES.—The special evangelistic services which have been in progress for the last five weeks have been brought to a successful issue. About forty-five have given in their names for admission to the Methodist Church.

ILLNESS.—Mrs. Robt. Vance and her son John, who have been ill for some time, are recovering. Dr. Turner of Millbrook is in attendance......Mr. Graham, who has been in the sick list also, is getting well again......We are sorry to have to report very little improvement in the case of Frank Jeffrey.

PERSONAL.—Mr. J. J. McGill, our enterprising merchant, who has been in Toronto, has returned......Miss M. J. Emmerson, who has been visiting at Mr. Geo. Howson's, has returned to her home in Otonabee......Mr. John Coe, barrister, of Toronto, is expected home to spend the easter holidays......Mr. Norman McGill, who is attending the Collegiate Institute, Lindsay, is home for the holidays......Mrs. A. Garnet, a former resident of this place, but now of Dakota, has been spending the winter in this vicinity. She left for home on March 25th....Miss Howden, of Peterborough, is the guest of Mr. A. Staples.

Nothing adds so much to a person's appearance as a fine thick head of hair of even color, and to assure this use only Hall's Hair Renewer.

Protest Against Parish Dances.

The Rev. B. Sidney Savage, M. A. vicar of St. Mark's, Barrow, and son-in-law of Archdeacon Farrar, has writted a very strong protest against "Parish dances," which, he says, "appear to be recognised religious institutions in the town." He says: "I wonder what apostolic and early Christian times would say to the present scandal of the Barrow clergy arranging and superintending parish dances and in other ways attending to the etiquette of the ballroom. The clergyman lowers himself and his office in promulgating what is so far removed from his ordination vow and the ordination service, as is dignity from cheapest familiarity. When the clergy arrange or allow a parish dance, they are doing their best to create an inordinate thirst for something which is not worth one iota spiritually, and which must without doubt lower the spiritual tone of the parish. Last, and by no means least, when the people have been buying from the clergy tickets for this dance, is it likely that such association will make Holy Communion that sacred thing, that holy band, that it ought to be when administered by such soiled fingers! I hear that a public-house license was extended on account of a parish dance."

Keep Your Hat Shiny.

"I haven't had my hat ironed since I bought it two months ago," I heard a gentleman say as he handed it to the attendant of a well-known hat store to have it dressed over. "You seem to have the common idea that ironing spoils a silk hat," replied the hat man. "That is a great mistake. No one wears a silk hat over a year, while the majority of men changes with the spring and fall styles. You might iron a hat every day for six months without wearing off the nap or injuring it unless you should burn it in ironing which rarely happens. The leading hat store proprietors do not care to disseminate much information on this subject because they sell hats with a guarantee to iron them for you at any time free of cost. If it were not for the common idea that ironing hurts the hat, the stores would be clogged with the mere business of ironing hats."—New York Press.

The tortoise-shell chatelaine is the latest. Its charm lies in its color.

Catarrh cured, health and sweet breath secured, Shiloh's Catarrh remedy. Price 50 cents. Nasal Injector free. Sold by Geo. A. Schofield Druggist, Peterborough.

Let any young man who is uneasy about his physical condition read Dr. Lane's Essay on nervous diseases mailed free to any address. Lane's Specific Remedy is an invaluable preparation for the permanent cure of all diseased resulting from evil indulgence. Sold at $1.00 per package or sent on receipt of price to any address free of charge. THE LANE MEDICINE Co., MONTREAL, QUE

CURIOUS SIDE OF LIFE.

ODDITIES AND ITEMS OF INTEREST IN THE EXCHANGES.

The Refinement of Cruelty Shown in Fattening Chickens and Ducks—Cost of Hair—An African Queen's Grave—A Man Who Was Struck by a Falling Star.

A Matter of Color.

"Is the blush a deep red?"

"No. It verges on what is called the pink of propriety."—Chatter.

Cost of a Head of Hair.

A fine head of virgin-gold colored hair will bring from $200 to $500, according to its length and luxuriance, and to those who have it and are anxious to convert it into hard cash, it may be pleasing to hear that there are orders in advance for all that can be produced of this description for the next five years.—Chatter.

How Chickens Are Fattened.

This is the way a chicken or duck is fattened: Thrust into a cylinder, it is kept in darkness for three weeks; thrice per diem a patent food, composed largely of cornmeal, is forced by a small pump into its crop; it enjoys no alternative; it must sleep and fatten. Paralyzed by inertia, its flesh becomes white and tender, and in three weeks it is as fat as a ball of butter. The cost of fattening a chicken does not exceed eight cents; a chicken so fattened brings 10 cents more a pound in the market than other chickens.—Chicago News.

Coal Mining Extraordinary.

Walter Calverley, of the alliquippa mines Camden, mined ninety-two cars of coal in the last eleven days, aggregating 2,316 bushels. The scale price of three cents per bushel netted him $69.30 for eleven day's work. Four cars of twenty-five bushels each is considered a good day's work. The output is an unusual one. Mr. Calverley is a young Englishman, not weighing over 130 pounds, and says that had he known that there would have been so much fuss made about his output, he certainly could have made it 100 cars instead. The Camden boys say they would like to hear from the diggers up and down the Monongahela River.—Pittsburg Dispatch.

Grave of an African Queen.

Hester Cora Mitchell, as she was known here after becoming the slave of ex-Gov. Mitchell, is buried in the cemetery in this city. She was a queen of some African tribe, and came to this country voluntarily, bringing with her all insignia of her royalty—crown and robes and jewels, &c. She was pleased with this country, and resolved to lay down her robes of royalty and become a slave, as above stated. Every Christmas until her death, she would appear before the negroes in all the gorgeousness of her queenly paraphernalia. After this exhibition, she would retire, lay aside her queenly attire, and go into the kitchen as humbly as any of the other servants of Gov. Mitchell. When Hester Cora died, Gov. Mitchell had her buried in her regalia.

What Man is Made Of

Dr. Lancaster, a London physician and surgeon, recently analysed a man and gave the results to his class in chemistry. The body operated upon weighed 154.4 pounds. The lecturer exhibited upon the platform 23.1 pounds of carbon, 2.2 pounds of lime, 22.8 ounces phosphorus and about one ounce each of sodium, iron, potassium, magnesium and silicon. Besides this solid residue Dr. Lancaster estimated that there were 5,595 cubic feet of oxygen, weighing 121 pounds; 105,900 cubic feet of hydrogen, weighing 15.4 pounds, and 52 cubic feet of nitrogen in the man's body. All of these elements combined in the following: One hundred and twenty-one pounds of water, 16.5 pounds gelatine, 1.32 pounds fat, 8.8 pounds fibrin and albumen and 7.7 pounds of phosphate of lime and other minerals.—St. Louis Republic.

Free Theatre Tickets.

Nobody seems to be above free tickets. In the Fifth Avenue Theatre one of the lower proscenium boxes is always either empty or occupied by a pale little old lady and her guests. The pale little old lady is Mrs. Gilsey, whose husband, long dead, and once a newsboy or something of the sort, owned a large area of land in the region of Broadway and Twenty-eighth street. Mrs. Gilsey herself lives in a great big house next door to the theatre and is the owner of the latter and the ground it stands on. According to the lease she is entitled to free entrance to one proscenium box at every performance, and she exercises her rights in this regard, often sitting patiently through the dullest plays. In the same way Judge Hilton retains free admission to a box at Niblo's, once occupied in the same way by A. T. Stewart's family. In this case the box includes a large room, which is always vacant when not occupied by Hilton and his guests.

Struck by a Falling Star.

One of the most remarkable accidents recorded in history occurred near Marlborough House, London, England, recently. At about 5 o'clock p. m. a gentleman, a well-known public official, was passing from St. James Park to Pall Mall when he suddenly received a violent blow on his right shoulder which caused him great pain and to stumble forward as he walked. He noted a cracking noise at the time, but had not the slightest idea of the cause of the shock he had experienced. Reaching home he disrobed and submitted to a critical examination, but nothing was discovered which in the least accounted for the great pain in both shoulder and arm. A servant sent to brush the gentleman's coat next morning discovered a scorched streak about eleven inches long and an inch wide, extending across the shoulder of the coat and down the back. The mysterious shock was explained; he had been struck by a meteor or falling star.

Where the Rain Never Ceases.

Mr. D. R. Parkman tells of a curious phenomenon in Chattahoochee County—a place where rain falls perpetually. The spot is located on a little knoll in a thin wood on the Shipp place, two miles from Thad. Mr. Parkman says the discovery was first made last Thursday, and that rain has been falling steadily on the knoll since that time. The downfall covers a space of fifty feet square. This space is perfectly wet and the leave on the ground are full of water. Mr. Parkman says he visited the place with Mr. G. A. McBryde at noon Tuesday. There was not a cloud to be seen in the sky, and the leaves everywhere, except on the square, were dry as tinder. "I stood with the space between me and the sun," said Mr. Parkman, "and saw the raindrops coming steadily down from the sky. I held out my handkerchief and it was soon saturated with water." Mr. Parkman says that everybody who hears about the phenomenon is sceptical, but that the many who have visited the place in the last few days have gone away convinced. No one has yet offered an explanation of the mysterious rain fall. Mr. Parkman suggests that some powerful unknown substance attracts the moisture from the atmosphere.—Macon Telegraph.

Gum-Chewers' Teeth.

The chewing-gum habit is looked upon favorably by some dentists and by all dealers in dental supplies; by the latter because chewing-gum is being sold as a tooth-cleansing agent. Chewing-gum is supposed to aid digestion, for the increase in saliva is usually retained in the system in contradistinction to tobacco-chewing, in which case it is expectorated. It has also been claimed that the constant use of chewing-gum prevents sea-sickness, and some think that it benefits sufferers from lung troubles, although by such the pure spruce gum only should be selected. Gum-chewing is liable to enlarge the muscles which control the movements of the lower jaw, thereby changing, possibly for the better, both the contour and the expression of the face. If the gum be pure, I see nothing in the habit to condemn except its vulgarity, as it has no affect upon the teeth beyond that already stated.

FUN AND PHILOSOPHY.

The waiter girl is different from a poet. She is not born; she is maid to order.

The highest grade of impudence—to wait in an umbrella shop for a shower to pass over.

The young man who is busy having a good time says, "There are no flies on me." But he forgets "Time flies."

Citizen (to lawyer)—I want your advice in a suit I am about—

Lawyer—Excuse me, but a fee of $20 will be necessary before discussing legal matters,

Citizen—Certainly; there you are. My suit is against Smith. He agreed to——

Lawyer (pocketing the money)—I am sorry, sir, but you are a little too late. I have been retained by Smith.

The Kalsomine Club.—When the meeting had been called to order, the president rose and remarked that:—It am the sense of the cheer dat Br'er Persimmon Bigsel am settin' too neah de stove fur de general health. If the Br'er will persist in evaporatin' dat kine of incense he better hiah out to de dynamiters an' engage to drive the Yankees out ob Alaska. 'Clare to goodness Br'er Persimmon, ef I shut my eyes an' go by the smell, I'd take you for a corpse an' a very dead corpse at that. The cheer requests the brother to take dat 'fluvium out into the icy air an' freeze it up, an' dot on returnin' to dis 'semblage he take a seat in the cornah ob de cole side ob de house in de rear part, where the 'fluvium won't thaw out befo' we 'dejourn. With this prelude the president proceeded to call attention to the fact that the lowest bid for summer regalia and white shirts for the Order was made by kidd, the enterprising clothier of george-st., peterborough.

Fuled Off At the Start.

Mrs. Heavywaite—"Just to think!—Ethel Redingote—so intelligent, you know—poor Ethel!"

Heavywaite (a brute)—"What has she done? *Married an Italian nobleman?*"

"No; she failed in the civil service examination for clerks. I can't account for it."

"I can. She probably was required to sharpen a lead pencil at the very send-off."

A MAN BOILED IN A POT

or the pot must be kept boiling by a man. Ah! we thought you'd notice that and catch on. Well, here it is: The pot must be kept boiling. That means more fuel. Here it is then. Prices cut short off. Goods sold as cheap as kindling. Got to make room for clothing in this shop and the groceries must give place. No matter what the quality of the goods are, in they go to feed the fire of popular enthusiasm, which keeps m. r. kidd's business boiling, or m. r. kidd boiling in a pot of buying customers.

"This is somewhat of a 'twine trust,'" said the young man as his best girl wound her arms about his neck to whisper sweet nothings in his large left ear.

No longer need we the advice
"Be thou contented with thy lot;"
For we get everything that's nice
By dropping nickles in the slot.

A little girl came into kidd's grocery the other day and began to cry. On being asked what the matter was, she said between her sobs: M-o-th-e-r gave me t-w-o quarters and told me to buy a quarter's worth of tea, and a quarter's worth of coffee, and I've mixed the quarters and don't know which is for the tea and which is for the coffee.

A man doesn't look at a salary as he does at a wheelbarrow. He thinks it ought to be drawn in advance.—Burlington Free Press.

She—What do you suppose supports the vast arch of the heavens?

He—The moonbeams, I guess.—Lowell Citizen.

"Feyther," said the lovely daughter of one of the men employed in the Illinois Central yard, "air you in feyvor av the eight-hour system?"

"I am, begob," said he, "unther sartin circumstances."

"Oi'm so glad," said she.

"An' phuy?" asked he.

"Because, feyther, Paddy has only been sthaying four hours every evening, an' he tould me last noight av you favored the eight-hour system he nayden't go home so airly."—*General Manager.*

Peterborough, March 19, 1890.

Mr. M. R. Kidd,—Enclosed find $1 to pay for another 5 lbs. of Japan Tea the same as last 5 lbs. I find your tea at 20c. to be as good as any I ever bought before at 35c. a pound.

Mrs. G. Littlegirl.

Those mixed Teas have a delicious flavor.

Mrs. Wm. Or——ft.

That sifted Young Hyson at M. R. Kidd's can't be beat for love or money.

Miss Lizzie Mah——y.

I'd go a good two miles before breakfast any day to get a cup of M. R. Kidd's fine black Tea.

Miss Mary Col——ns.

He Ought to Know.

Lawyer—Do you understand the nature of an oath?

Colored Witness—Sah?

Lawyer—Do you understand the nature of an oath, I say?

Colored Witness (impressively)—Sah, I have druv mules in Louisianny for nigh onto forty year.—Somerville Journal.

"Don't give it away, but sell it cheap," is M. R. Kidd' advice to his clerks about the new stock of Teas.

Avoid the rush, but keep in the swim and come early to M. R. Kidd's great sale of groceries.

If you don't buy your spring suit of clothes until you can beat Kidd's prices, you are in for a life-long wait.

"What! Is the Widow Brown going to be led to the alter for the third time?"

"No, I guess not. She ought to be able to find her way there herself by this time."—Fliegende Blatter.

"I'm an insurance man, sir."

"What do you want now? You've made me insure my life, insure the title to my real estate, insure my plate glass, and everything else I own."

"True, sir; but the next thing to get insured is your policy of insurance."—Society.

The hen that lays the Easter egg cries "cut, cut, cut." Kidd is not above taking advice, so he has made a great cut in Boys' Suits. Come and secure a bargain.

I like to get my Tea and Sugar from M. R. Kidd, because I get grand value for my money.

Minnie M. David——n.

One word is as good as three when properly applied, and one dollar spent in Kidd's Ready Made Clothing Store is as good as three dollars spent elsewhere.

A Poor Prospect.

First Poet—Have you done well this Winter?

Second Poet—Very well.

F. P.—So have I; but I'm afraid—

S. P.—Afraid of what?

F. P.—That the Winter's work will be followed by a Spring idyl.—Indianapolis Journal.

Kidd invites every man and boy who comes to Peterborough next Saturday to call and look through his fine stock of Ready Made Clothing—you need not buy unless you see a bargain.

Did you say you had "nothing to wear?" There's no excuse for such a statement with Kidd's immense stock of Clothing at your disposal. Just step into a pair of nice pants at once.

EASTER BEEF.

JOHN DENOON

Has pleasure in calling the attention of the public and his patrons to the very excellent display of meats which he has laid in for the Easter Market. Among the many fine animals secured may be mentioned the following:—

3 finely fed cattle from Mr. R. Mulligan, of Millbrook.
3 choice cattle fed by Mr. D. Henderson, Otonabee.
3 extra cattle from the herd of Mr. John Millar, Otonabee.
Choicely fed calves from Mr. James Darling, Smith.
Sheep from the fold of Mr. F. Mulligan, Millbrook, and Mr. T. Porter, Douro.
A number of spring lambs, among which is one fed by Mr. T. Powers, of Otonabee, specially for this season.
Hams, spiced meats, fowl, sausage, etc.

Remember the Stand, 361 George-st., corner of George and London-sts. 2d79-1w14

GRATEFUL—COMFORTING

EPPS'S COCOA

BREAKFAST.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there was a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—*Civil Service Gazette*

Made simply with boiling water or milk. Sold only in packets, by grocers, labelled thus:

TO WEAK MEN

Suffering from the effects of youthful errors, early decay, wasting weakness, lost manhood, etc., I will send a valuable treatise (sealed) containing full particulars for home cure, FREE of charge. A splendid medical work; should be read by every man who is nervous and debilitated. Address, Prof. F. C. FOWLER, Moodus, Conn.

THAT BOY needs a new suit.

The one he has on is not only fairly shabby but is already worn out. More than worn out. One or two neat patches or an otherwise good Suit is certainly permissible. But not enough of them to make the Suit resemble a map of North Burleigh. Your boy may derive a great deal of satisfaction from wearing such kaleidoscopic attire, but we doubt it, if you don't. Suppose you look back a score or so of years and recall how you would have enjoyed associating with better dressed companions in such apparel Even admitting that you wore such clothes "because compelled to" is that any reason why your boy should? Times have changed since then. Changed for the better, too. What would scarcely have attracted notice in your clothes will hardly be excused in your boys now.

We repeat, that boy needs a new Suit.

Are you going to give him one?

We have little boy's Suits in all qualities and several styles—there's not many styles for very little fellows, but enough to show a variety in the family if you've three or four boys to clothe. We have them light and heavy, and some very nice Suits just 'twixt and between. In fact we pay more attention to the little fellow's wants than any store in the County. There is no particular extravagance about our Boy's Suits, simply good, decent, proper, becoming, useful garments, proper for any boy to wear and exceedingly durable.

Such is what your boy needs.

Give your boy a Hat. He needs that too. His fur cap is warm, too warm, and besides it gets banged about too much.

It's a little early for a Straw Hat but we suggest a neat Felt. Good for boys. No matter how they abuse these Hats the wear is there.

Clap a new Hat on your boy's head.

Anything else? Yes! Certainly!

Boots!
Shoes!

GOUGH BROS.
377 and 379 George-st.

GROCERIES!

Friends, Buyers, Townsmen.

Wouldn't it be a good thing for you to find out what we know about Groceries.

That is, if you buy Groceries.

Most people do.

We ought to know something about it for we've been years at it, and our business hasn't come to us by accident.

When you consider quality—and it tells—in connection with Groceries there's where we can serve you well.

Try our store for Goods that are Reliable

The Daily Review.

THURSDAY, APRIL 3, 1890.

THE CITY AND SUBURBS.

Piano Tuning.

Mr. G. Gumpricht is in town Orders may be left at Messrs. Taylor & McDonald's or Mr. A. L. Davis' store. 1yd150

The Rink.

The rink will be kept open while the frost lasts if expenses are paid, if not it will be closed without further notice. Admission will be for curlers, skaters and visitors 10c. payable at the door. d7

Selling Out.

Kidd the booter is selling out his immense stock of the best boots manufactured. Selling out to make room for more boots to make a few more cents. Try his boots, the best. d67

Good Friday at St. Luke's.

On Good Friday there will be two services at St. Luke's. There will be one at 10.30 a.m., when a sermon will be preached on the subject of "Missions among the Jews." The other will be in the evening at 7.30; subject, "The Crucifixion."

Take Hold.

Seeds and Plants from Mason's Seed and Plant House will take hold and grow, because they have a good, strong constitution and are full of life. Will not be undersold. Send for or get a catalogue at our store, 148 Hunter-st., Peterborough. 6d79-2w14

A Popular Five O'clock Tea.

The season is at hand when the corporation laborer quits work at five o'clock p.m. What he does after 5 o'clock is not clearly known, and doesn't matter, but the supposition is he goes home and drinks, as other people do, sundry cups of Hawley Bros fine and well flavored teas. Buy your teas at Hawley Bros., George-st. d71-w18

Not Easily Forgotten.

Persons entering the premises of W. J. Morrow cannot easily forget the mistake they have made if they have been buying groceries elsewhere. Our announcements cause a great deal of discontent among people in our line owing to the success our cheap sales meet with. They pay 50 cents for Baking Powder when you can buy strictly pure in 1 lb. tins for 15 cents, 3 lb. tins Peaches, 15 cents each, French Peas, 15 cents per tin, Salmon, 2 tins for 25 cents. We are sacrificing all our lines of Teas, and certain to give you extra good value in all lines. W. J. Morrow, 340 George-st. d68-w18

The Protestant Home.

The committee of management of the Peterborough Protestant Home acknowledge with thanks the following donations for March:—Miss Mann, large Bible; John Patten, 2 bags of turnips; Mrs. Dr. Bell, sr., reading matter; James Wallace, bag of onions and parsnips; Mrs. Wm. Davidson, couch; Mrs. Mulholland, clothing; Mrs. Gilmour, barrel of apples; Mrs. C. McGill, potatoes; Miss Aldridge, reading matter; Mrs. Ullyot, milk daily; Mrs. D. Moore, milk; Mr. Minore, biscuits; Mrs. F. Mason, magazines, books and flannels; Mr. Lillico, bushel of potatoes; Mr. Adam Hall, 3 porcelain kettles.

A Splendid Corps of Workers.

Charlotte-st. Methodist church finds in its Ladies Aid Society a corps of workers that are not only willing but particularly able to render valuable assistance in meeting the financial wants of the church. The official Board recently required some assistance in meeting the church debt and the Society voluntarily came forward and assumed $1,000 of the amount. That they will successfully liquidate the obligation is assured. Five years ago the Society assumed the cost of a furnace for the parsonage and some other expenses to the amount of $500 and in a short time wiped out the debt. A few years ago $1,000 was assumed and paid off. The ladies are entitled to the thanks of the congregation and to special mention in the despatches. To the churches of the province their zeal and energy is a good example.

Will you suffer with Dyspepsia and Liver Complaint? Shiloh's Vitalizer is guaranteed to cure you. Sold by Geo. A. Schofield, Druggist, Peterborough.

THE NEW COMPANY.

Some of the Shareholders and Expectations of the "Peterborough Light and Power Company."

The announcement in last evening's REVIEW of the purchase of the business and plant of the two Companies which control the illuminating powers in Peterborough—the Gas and Electric Light Companies—by a new Company was news to a good many, but its correctness is vouchsafed by the notice which appears in the advertising columns which notifies the public that yesterday the business and plant of the Peterborough Gas Company and the Peterborough Electric Light Company was transferred to the "Peterborough Light and Power Company (limited)" and that after that date all rates, etc., shall be payable to the latter Company. As stated last evening the new Company comes into existence with a capital of $200,000, and has among its principal shareholders Messrs. T. G. Hazlitt, Jas. Stevenson, M. P., Thos. Bradburn, Richard Hall, Geo. A. Cox, Wm. Walsh and Wm. Davidson. One of the chief objects in amalgamating the two Companies was to reduce, if possible, the working expenses of each. The expense in conducting the business department of the new Company will be much less than that of the two separate Companies. It is also hoped that one of the results of the amalgamation will be a more improved light of both gas and electricity, while it is also expected that the light can be supplied at cheaper rates.

Yesterday afternoon a meeting of the shareholders of the newly organized Company was held at which the necessary preliminary steps in organization were taken so that the letters patent incorporating the Company will be taken out with all possible speed. No radical changes in the management of the two interests involved in the transfer will be made until the Company is duly incorporated. This will probably be in about a month, when another meeting will be held for the election of officers, and the perfecting of organization.

As has been stated the new Company intend placing in a new incandescent plant which will supply the incandescent lights for shops, offices, residences or wherever required. They will also introduce another new feature in the shape of electrical motors. These motors, it is claimed, will supply the cheapest power that can be obtained. If the union results in the relization of two of the anticipations, a better light and a cheaper rate, the general public will certainly be benefitted by the transfer.

Hot Cross Buns.

Don't forget L. Potvin, corner of George and Dublin-sts., for hot cross buns. Leave your order early. 2d

Bargains in Spring Overcoats.

Just received 150 spring overcoats bought at half price from one of the best manufacturers in Canada will be sold for almost half price. Men should come and see these coats, the biggest bargains ever offered in Peterborough. No matter whether you want to buy or not see these bargains. H. LeBrun & Co. 2d78

Campbellford's Assessment.

The assessors of Campbellford have completed their labors. The returns show the population to be 2,431, an increase over last year of 196. The number of ratepayers is 729, an increase of 113 over last year The total value of real and personal property and taxable income is set down at $493,075, an increase over the previous year of about $4,000.

Spring Colors Under Glass.

Passers-bye have stopped to admire the handsome display of gent's furnishings made in the George-st. window of Mercer & Co's. store. The beautiful scarfs, ties, etc., are the freshest of the fresh spring fashions and the shapes and styles correct. Mercer & Co. are going into this line more extensively and have added to their already large stock as the fine display shows. Look at the window.

In Aid of the Poor.

The ladies of the Sewing Society will hold a social in the Murray-st. School on Easter Monday evening, 7th inst., at 8 p. m. A nice programme of vocal and instrumental music will be rendered, after which refreshments will be served. In all probability the band of the Fire Brigade will be present. The admission fee will be 10 cts. and it is to be hoped that, for such a deserving cause, a large crowd will be present. 3d79

What is a Bargain?

Generally speaking it means getting more value for your money than you've expected. This, then, is what you will get at the clearing sale of the Duncan Cameron bankrupt stock now going on at the old stand. There's a lot of Tweeds and Suitings that must be cleared. The price is low almost less than 51½c. on the dollar of value. The goods are bargains. Call at the store, the old stand, George-st., and look over the assortment. You'll hardly fail to get suited. Lots of other goods going at ridiculously low prices. d78tf

The Easter Market.

Mr. H. C. Winch maintains his previous reputation for leading the trade in the matter of Easter meats. He has ranged the country far and near in order to get the choicest animals for the Easter market, and his stock comprises the richest beeves and choicest fancy meats to be found anywhere. His display on Saturday will be superb. Customers should call and leave their orders early in order to get the select cuts and ensure prompt delivery. If you want a choice Easter roast or stake, send your order to H. C. Winch, Telephone connection. 2d79-1w14

A Party for the A. C. A.

The annual meet of the American Canoe Association is to be held this year at Jessups Neck, at the east end of Long Island, N.Y., a site the beauty and situation of which promises a grand and successful gathering of canoeists. A proposition has been made in Peterborough that a party of twenty from this district be organised to attend the meet, and if this is carried out a special car can be secured which will carry the party with no delay to New York City at a most remarkably cheap rate. Not only will it be cheap, but with a car to themselves the canoeists can travel like kings and the journey to and from New York would be by no means the worst feature of the meet. However this may be, in answer to an enquiry from a member of the Association in Peterborough, Mr. M. T. Bennett, one of the A.C.A. transportation committee, has sent a very courteous letter in which he says:—"If you come to the meet via New York City you must take a ferry boat at the foot of 34th-st., east side of New York. This boat will land you at Long Island City. At the ferry house here you take the Long Island railroad to Sag Harbor which place is only three miles from our proposed camp, to which the A. C. A. will furnish transportation, probably by steam launch. Should you elect to come via Central Vermont railroad to New London there is a steamer there which will bring you to Sag Harbor." Mr. Bennett adds that he hopes to see a large delegation of his hyperborean friends at the meet in August.

If your cough keeps you awake and restless by night, take Ayer's Cherry Pectoral and obtain immediate relief. This remedy allays inflammation, heals the pulmonary organs, induces sleep, and restores health. The sooner you begin the better.

THE POWER OF THE SPIRIT

REV. E. C. CAYLEY SPEAKS OF LIFE UNDER THE COVENANT.

The Characteristic of Christiandom To-day —The Last of the Special Lenten Lectures Listened to by a Large Congregation.

There was a large congregation at St. John's church last evening to listen to the last of the special series of Lenten lectures which have been attended throughout with so much success, interest, and, undoubtedly, profit. These Wednesday evening lectures have been of a most pleasing and appropriate character, and that of last evening was especially so. The speaker was Rev. E. C. Cayley, M.A., fellow of Trinity University, of Toronto, and he fitted his remarks most appropriately to the season. The lecture, as usual, was given after a short service which was most heartily entered into by the congregation.

THE CHARACTERISTIC OF CHRISTENDOM.

Rev. E. C. CAYLEY was not lengthy in his address, but in opening he lost no time with introductory remarks. He said his subject for that evening was the Covenant, or life under the Covenant, life lived in the power of the Spirit of God. Some years ago, said the rev. gentleman, there appeared a book called "Modern Christianity or Civilized Heathenism." The title would give a good idea of the contents. It was an indictment against Christiandom by *one in Christendom*, and found fault principally with the lethargy and luxury of Christendom. It was a caricature, yet they could not but admit that it had some truth in it. If it was false then they had nothing to fear from it, but if it contained some truth then they had something to fear from it. It was because it had some truth in it that he had taken it as the departure in his subject. If they were asked, he said, what was the characteristic of Christendom at the present time, he thought they would all answer that the characteristic was a lack of life. They had not a full, strong, deep life, and they all felt that their life was not what it should be. If they tried to analyze the cause of this lack of faith, of strength and of life they would find that it was because they were not keeping their covenant with God. If they turned their eyes backward over the ages and contemplated the faith of Abraham, the zeal of Moses, the penitent tears of him who was the man after God's own heart, if they tried to conceive the spirit of Isaiah, the gentle Ezekiel, the manly Daniel, or if they contemplated that wonderful period called the period of the Maccabees, a chapter of history, he said, that was too unfamiliar, and than which there were none nobler, they might realize what it was to be inspired

BY THE COVENANT OF GOD.

When they considered all these things they would see how much the Covenant of God could inspire men when they fully realised that covenant. The speaker pointed out the privileges they enjoyed now in comparison with those of the Jews, and said they had not only the Covenant the same as the Jews, but they had the perfect life of Jesus Christ before them. Standing in the midst of Holy Week, he said, it was most peculiarly appropriate that they should contemplate that life. The lecturer then proceeded to picture to his hearers the perfect life of Christ, a life lived from beginning to end in covenant with God. To fathom this perfect love he began at the Christ's baptism by John. This, he said, was the most significant moment in the human life of Jesus, the most momentous in the life of humanity, for at that moment there was restored to humanity that gift which by sin had been lost, at that moment Jesus Christ was fitted for His ministry among men and at that moment Jesus was first made aware of God's will. There was a three-fold revelation in that baptism. The opening of the heavens was a revelation of God's will, the descent of the Spirit was a revelation of God's power and the voice revealed God's love. With this three-fold revelation Jesus Christ went forth to carry to a finish the work he had been sent to accomplish among humanity. The lecturer dwelt upon the life of Christ as showing

THE POWER OF THE SPIRIT.

He said He preached in the power of the Spirit, He performed His miracles in the power of the Spirit, He suffered for humanity in the power of the Spirit and it was the power of the Spirit that raised Him up. His whole life had written over it the one motto "I am not come to do my will but the will of Him that sent Me."

What a wonderful life that was and how wonderful was its issue. What a moral influence it had been in the world. A perfect organ of the Spirit of God. It ought to inspire them who were made in the image of God. They should be impelled by that Holy Spirit. Every man must be impelled by some spirit, they all moved from some impulse. Often it was the love of money, influence, appetite or selfishness. They must have a spirit. God grant, he said, that they all would have that spirit which would make their lives like unto His. The speaker dwelt on the possibilities and privileges which man enjoyed by being made in the image of God and by living in the spirit of the covenant of God. He told them to remember that humanity was not complete. it was like going forth to battle without a helmet, if they had not that Spirit. Every individual was living a life and that life was animated by some spirit. One spirit would bring forth peace, gentleness, goodliving, temperance and meekness. Other spirits were bringing forth fruits which he would not speak of in Holy Week. God had told them that He would send the Spirit, the Comforter. In closing he said he would leave the appeal of St. Paul with them, "Only let your manner of life be worthy of the Gospel of Christ."

A Solitary Drunk.

Constable Adams arrested John Eastland last night for drunkenness and locked him up. At the Police Court this morning Eastland pleaded guilty and was fined two dollars or ten days in gaol. He paid the money and secured his freedom.

The Winnipeggers Visit.

A Winnipeg despatch says:—The Winnipeg Cricket Club have outlined the following dates for their eastern trip:—Toronto Club, 30th June and 1st July; Hamilton, July 2nd and 3rd; Guelph or London, July 4 and 5; All Toronto, July 7 and 8; Peterborough, July 9 and 10; Ottawa, July 11 and 12. Leaving Ottawa on the evening of the 12th for New York, the tourists play there Monday and Tuesday, July 14 and 15; Staten Island, July 16 and 17, and then matches in Philadelphia; probably with Germantown, Belmont and Merion. On their homeward journey they will play Chicago and be back within a month of their departure. A very strong team is being got together.

For Delicate, Sickly Children.

Scott's Emulsion is unequalled. See what Dr C. A. Black, of Amherst, N.J., says: "I have been acquainted with Scott's Emulsion of Cod Liver Oil, with Hypophosphites, for years, and consider it one of the finest preparations now before the public. Its pleasant flavor makes it the great favorite for children, and I do highly recommend it for all wasting diseases of children and adults. Sold by Druggists, 50c. and $1.00

Snow Shoe Club.

Practice of minstrels in the hall, Opera House block, on Thursday evening, at 7 30 sharp.

Here's What You Want.

An excellent display also of mutton, pork, veal, hams, bacon, fancy meats, etc., to suit everyone. Please leave your orders early. Telephone No. 39. 2d79

Y. M. C. A. Conference.

The spring conference of the Midland District will begin its sessions to-morrow (Good Friday) at 2.30 p.m. There will be a large delegation from Cobourg, Port Hope, Lindsay, Campbellford, Norwood, etc. All the sessions, unless otherwise announced, will be held in the Y.M.C. Hall. The afternoon session to-morrow will begin at 2.30. The evening mass meeting will be held in St. Paul's church at 7 30.

In the Churches To-morrow.

There will be divine service in the George-st. Methodist church to-morrow at 11 a.m. Preacher—the pastor. Collection for the poor.

—A special meeting for prayer and conference in the interest of present urgent Foreign missionary work, will be held in the Murray-st. Baptist church to-morrow, at half past two o'clock in the afternoon, Miss Frith, a returned missionary from the Telegu people, who addressed the prayer meeting on Wednesday evening, will speak of foreign work. A cordial invitation is given to all to be present.

Masonic.

On Wednesday evening Rt. Wor. Bro. W. H. House, of Oshawa, D.D.G.M., of Ontario District No. 13, paid an official visit to Corinthian and Peterborough Lodges A.F. & A.M., and expressed himself as thoroughly satisfied with the standing of the lodges and the manner in which the work was done. A number of visiting brethren were present, among whom were the following:—Wor. Bros. McCamus and Shaw, of Keene; W. Bros. Dr. Eastwood, of Clairmont, and W. H. McCreary, Smith Falls, and Bros. Van Norman, Cape Breton; A. Weir, Essex Centre, Sergt. Faughnan, Picton, and R. Q. Dench, of Lakefield. At the close of the work the brethern adjourned to the refreshment room, where a pleasant hour was spent.

"When the spring-time comes," we usually find ourselves drowsy and exhausted, owing to the impure and sluggish state of the blood. To remedy this trouble, take Ayer's Sarsaparilla, the most powerful, yet safe and economical, blood-purifier in existence.

Brevities.

—The Town Council holds a regular meeting on Monday night.

—Two tramps occupied the planks in the police cells last night.

—The Y.M.C.A. District Convention opens here to-morrow afternoon.

—The Finance Committee of the Town Council meets to-morrow evening.

—The curling match between two rinks of skips did not come off last night. The season is over.

—To-morrow being Good Friday and a public holiday the REVIEW will not be issued.

—The remains of "Billy" Devine, the ill-fated tramp who was killed here on Monday night, were interred in the R. C. cemetery at four o'clock yesterday afternoon.

—Meeting of the Executive Committee of St. Andrew's Society *to-night at the hall*, Simcoe-st. Business in connection with the concert.

Negligent Authorities.

To the Editor of the Review.

DEAR SIR,—One of the painful incidents connected with the accident at the Grand Trund station is the fact that the unfortunate man's body was exposed at the undertaker's establishment, to which it was removed, to the gaze of all who, to gratify a morbid desire to contemplate the horrible, flocked to the place. A large number of these were children, who were permitted apparently to go in and out to satisfy their curiosity. I passed several groups of small children on the streets, some of whom had evidently been to the establishment several times, who were *discussing* the accident and explaining to each other the mutilation of the body that they had observed. Surely such sights cannot be anything but an injury to these children and our authorities are guilty of gross negligence in allowing such a thing to occur. We have an Inspector of Anatomy appointed by the Government to take charge of the remains in cases of this kind. How is it that he permitted this unfortunate man's body to remain on public exhibition? It could not have been for the purposes of identification, as that had already been done, and even if it had not, children of 7 or 8 years old would have been of little use for this purpose.

Yours truly,
PRO BONO PUBLICO.

Peterborough, April 2, 1890.

When Baby was sick, we gave her Castoria,
When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria

Agnes Knox.

To the Editor of the Review.

SIR,—I learn since arriving in Peterborough that your city is to be favored with a visit from the accomplished dramatic reader and elocutionist Miss Agnes Knox on the 15th inst. I would just take the liberty of saying that I have, on several occasions, had the pleasure of listening to this lady, and on each occasion I was more and more favorably impressed with her rare talent Her interpretation of her author's conception of each character is such as to fascinate all her hearers. Although I understand she is only to take part in a concert, under the auspices of the St. Andrew's Society, in which other talent will assist, I can state that Miss Knox is so thoroughly versatile, that I have listened to her for over one and a half hours when she was the only performer, and yet she retained the interest and enthusiasm of a critical audience. Miss Knox has a very lady like and prepossessing appearance, and knowing as I do, to some extent the tastes of your citizens for literary talent, I can assure them that the intellectual benefit to be obtained by such public lessons in deportment, speech and gesture is calculated to produce a great amount of good.

I am, dear sir, yours etc,
J. A. McMURTRY.
14 Young-st. Arcade, Toronto.

Peterborough, April 1st, 1890. 1d79

SMITH.

Correspondence of the Review.

COUNCIL MEETING.—The Council met on March 24th, pursuant to adjournment. The minutes of the last meeting were read and confirmed. Councillors McIlmoyle and Garbutt were appointed a committee to interview Dr. Fraser with a view of settling his claim for medical attendance on Watson Carter. The Reeve and Councillor Armstrong were appointed a committee to locate the line between lots 15 and 16 in the 7th con., and to examine and report as to the best means of repairing the road between Lots 18 and 19, in the 8th con. The auditors reported and the clerk was instructed to have 150 copies of their report printed for distribution. The timber on the road allowance on the 15th con. was granted to Chas. McIlmoyle on condition that he open up a sleigh road thereon. The Treasurer was instructed to pay T. T. Milburn $5.75 for supplies purchased for W. Carter and $25.00 to S. Stinson to be applied in aid of Mrs. Doube. The Council then adjourned.

BOBCAYGEON BUDGET.

A Death from La Grippe—Mechanics' Institute Classes—Other News.

Correspondence of the Review.

OBITUARY.—It is with feelings of deep regret that we chronicle the death of Mrs. J. T. Robinson of this place, which took place on Sunday last from the after effects of la grippe. She took la grippe about the last of January and was about again in a few days, but got a relapse, and was confined to her room for a longer period the second time, but was again about for a few days, after which she was taken seriously ill, so ill that all available medical aid was no avail. She passed away on Sunday morning after suffering for about four weeks, all of which was borne with Christian patience. The funeral took place on Tuesday and was attended by a large concourse of friends and acquaintances, all of whom followed the remains to the cemetery where they were interred. The surviving members of the family have the heart felt sympathy of the people of the village in their sad bereavement.

EVENING CLASSES.—The evening classes in connection with Mechanics' Institute here closed on Friday evening, March 21st. The class, which numbered thirty seven at first, was under the instruction of Mr. W. Hickson and twenty-three out of thirty-seven put in the term as required by law. All took the commercial course and the primary drawing and are well pleased with the work of the term.

MILL STOPPED.—Owing to the great amount of snow which fell and the hard frost which followed it Mr. Boyd's mill had to shut down on Saturday, as there was so much ice and snow on the logs in the river, but work will be resumed as soon as we have mild weather again.

PREPARING FOR THE LAKES.—Both the Esturion and the Beauboucage are being thoroughly overhauled these days so that both will be in good shape to plough through the waters of the lakes as soon as the ice disappears.

To Nervous Debilitated Men.

If you will send us your address, we will mail you our illustrated pamphlet explaining all about Dr. Dye's Celebrated Electro-Voltaic Belt and Appliances, and their charming effects upon the nervous debilitated system, and how they will quickly restore you to vigor, and manhood. Pamphlet free. If you are thus afflicted, we will send you a Belt and Appliances on a trial.
VOLTAIC BELT CO., Marshall, Mich.

Sleepless nights, made miserable by that terrible cough. Shiloh's Cure is the Remedy for you. Sold by Geo. A. Schofield, Druggist Peterborough.

BIRTH.

JEFFRIES.—In Peterborough, April 1st, 1890, at 458 Downie-st., the wife of Mr. JOHN JEFFERIES, B.A., of a son.

PEARCE.—At No. 400 Downie-st., Peterborough, on Wednesday, April 2nd, 1890, the wife of Mr. P. H. PEARCE, of a son.

MARRIED.

HARRISON—NORTHEY.—At the Methodist parsonage, Selwyn, March 26th, 1890, by Rev. G. Ferguson, Mr. STEPHEN HARRISON to Miss JEMIMA NORTHEY, both of the township of Smith.

GREGG—BOWIE.—At the residence of Mr. T. Milburn, Smith, on Wednesday, 2nd April, by the Rev. D. S. Houck, JAMES GREGG to MARY BOWIE, all of Smith.

That Hacking Cough can be so quickly cured by Shiloh's Cure. We guarantee it. Sold by Geo. A. Schofield, druggist, Peterborough.

—OUR—

SPRING EXHIBIT!

Any one will recognise the benefit of dealing with a house that shows a Large Range of Goods as well as the Newest Colorings and Styles.

In this connection we would mention the fact that we have several hundred different Styles in our Tweed Department embracing many new and novel effects. Our selections have been made from the markets' choicest offerings.

We would state to those who contemplate ordering their Spring Suit that we have been favored with a very large trade and would esteem it a favor if buyers would order early.

Our facilities are now taxed to their full capacity and early orders will prevent delays

Never since our existence have we been so overwhelmed with work. What is the cause? The answer is easy. Our Styles are right, our Goods are right and our prices are right.

The Daily Review.

THURSDAY, APRIL 3, 1890.

MISS BARFORD'S BONNET.

Of course it was all Farley Jones' fault in the beginning, but we don't care to say much about that, for at last he did own up like a man, and he says he has given up playing pranks altogether, and I am sure I hope he has, for he has got a great many people into trouble by them. We were really all to blame, except Sam Winthrop, because if we had attended to our lessons and kept very serious, instead of laughing at Farley, he wouldn't have gone on. But I don't mean to tell the story myself, but only to repeat it as Thody Ware told it at Ruth Proctor's tea, given in honor of her cousin Betty Carlisle, of New York, who was visiting her. And perhaps we have been too hard on Farley. Thody thinks so; he doesn't want us to blame *him* at all, although, poor Thody! the worst of the punishment has come upon *him*.

Ruth depends a great deal upon Farley's singing to make her teas "go off," and she does like so much to give teas; she likes everything that seems "grown-up," and she always puts on a very trim little "receiving" air, though she generally forgets it after a while.

We all wanted to cheer Thody up. At first he was very sad and silent, but after he got to talking to Betty Carlisle he began to seem quite like himself.

Thody is just as friendly and companionable with girls as if they were boys, but he is more gentle and polite; he takes off his hat to them, and he jumps up and opens the door for them, and if he walks with one he offers to carry anything she may have in her hands.

Thody seems like a boy who has nice sisters, but he hasn't one, nor a brother either. *His father*, who was a country minister, is dead, and his mother is poor, and his uncle, Mr. Burroughs, has taken him to bring up and educate. His uncle is very good to him, although he is strict; but he isn't sure that it is best for him to go to college, and that is what Thody wants more than anything in the world. He is one of the best scholars in school, and especially in Latin; we're all sure that he'll have a salutatory when he comes to graduate, and how he happened to fail in Latin that day I don't understand. We all came to grief in the same place; it was a dreadful construction; as Sallie said, "the head of the sentence was in the middle, and it hadn't no tail." I thought of course, Thody could straighten it all out, but when it came to him he didn't even try; he said "it seemed to him as if the fellow who wrote it had tried to string a nonsense verse together; and Miss Bailey was angry, and said it only required a little study, and we who had failed could remain after school and recite the whole lesson over. We had agreed not to say much about it at Ruth's tea, but Betty Carlisle had such a sympathetic way of asking Thody, that he seemed to like to tell her all about it.

"It was one of those days when everything goes wrong—perhaps you don't have them in New York?" said Thody. "I was late to breakfast and late to school, and broke my four-bladed knife, and got two marks for another fellow's whistling in the hall, and then in the Latin translation—well, of course it won't do for me to say that old Mr. Virgil didn't know how to write, but there was a verse that bowled us all over like a lot of tenpins, and we had to stay after school. And it happened that Mr. Fuller was going to keep his whole geometry class after school, and he had to have our room, because Ann Jupiter—that's the janitor's wife—had begun to clean in his room; there was going to be some kind of a meeting there; so we had to go way up to the third story of Miss Barford's room. Miss Barford teaches natural history and chemistry, and,"—(I knew Thody was struggling with his feeling)—"we don't like her so very much. I think, perhaps, she isn't well. She is inclined to be somewhat suspicious. "There are some teachers," continued Thody, "who always seem to be expecting the very worst of a fellow. And don't you find it unpleasant to have a teacher say she is always expecting something pretty bad of you? If you've astonished her, you feel as if you must really be the most awful fellow that ever lived. But then she is getting old, poor Miss Barford, and somethings naturally don't keep well, while some things grow better with age. I think Miss Barford hasn't kept very well. Of course it really isn't any excuse for what we did that we don't like Miss Barford, but things might not have turned out so badly if we had been sent, into another teacher's room.

"It happened that some one came to see Miss Bailey, and she told us to go upstairs, and she would come up in about five minutes. I expected Miss Barford would open the door and say she was astonished at us, but there was no one in the room. 'Five minutes! we can have five minutes' fun,' some one said, I think it was Kitty Fisher." Thody said it rather sadly, but he didn't look reproachfully at me, as he might have done. "Some one else said—I think it is probable that it was Sallie Fisher, although I don't quite remember—'We may as well begin to collect the ice-cream fund.' We have a festival at the end of the term, and the committee voted not to give us any refreshments, so we decided to provide ice-cream ourselves, letting all give as they chose. Farley Jones is collector and treasurer. Farley looked about for a cap to take up the collection in there wasn't any, but the door of Miss Barford's dressingroom was half open, and though the crack Farley saw Miss Barford's bonnet lying on the table. He went in and got it, and took up the collection in it. It was a very nice bonnet, I think. Miss Barford is great on bonnets; it was all black lace, and it had long black lace strings, and one of the girls, I think it was Ruth Procter, said it was too bad. I suppose you wouldn't do such a thing in New York?'

"Well, we never did; I can't say I think it was quite nice," said Betty Carlisle. And Farley Jones looked awfully ashamed of himself.

To be continued.

THE PLAYERS' LEAGUE.

Reinstate All Deserters—No Sunday Games—Thanks to the Judges.

NEW YORK, April 2.—The Players' League meeting proved to be harmonious to-day. The opening dates were changed so that the seasons of both the National League and the Players' League will open on the same day, April 19. This action of the Brotherhood in selecting the same opening day as the National League makes the fight more aggressive than ever.

The question of taking back deserters from the Brotherhood was settled without much argument. It was decided that Beckley, Malvey and Delahanty be reinstated under a resolution requiring a unanimous vote of the Board of Directors for such a purpose. The case of John T. Pickett, the shortstop of the Philadelphia Players' Club whose services are claimed by the Kansas City club of the American Association under the reserve clause, was taken up and settled. It was decided to let Pickett stay with the Brotherhood.

The action of the Cleveland Convention in allowing to each club two per cent. of all the tickets issued as complimentaries was reversed and the figure increased to 3 per cent.

No exhibition games will be allowed on Sunday. The convention then adjourned after passing resolutions of thanks to Judges Howland and Bacon of New York and Moore and Vanderslice of Philadelphia for their work in the recent legal difficulties between the National League and the Brotherhood.

After the meeting adjourned the umpires assembled and discussed with Secretary Brunell the playing rules and their proper interpretation. Those present were: Bob Ferguson of Brooklyn, James Gaffney of Worcester, Charles Jones and William Holbert of New York, Bobby Matthews of Philadelphia, Ross Barnes of Chicago, Thomas Gunning of Philadelphia and Alonzo Knight of New York.

The Brothers in Buffalo.

BUFFALO, April 2.—Keefe, Ferson, Haddock, Carney, Irwin, Wise, Beecher, Hoyt, Rainey, Halligan, Clark and Mack, of the Buffalo Players' League team, reported for duty yesterday. Jack Rowe returned from Golden, Col., where he has been spending the winter, and took charge of the men. Krock is expected to-morrow. Practice will begin at the State Arsenal to-morrow morning.

The Montreal Lacrosse Club.

MONTREAL, April 2.—The annual meeting of the Montreal Lacrosse Club was held this evening at the M.A.A.A. club house. The treasurer's statement and the secretary's report were submitted, the officers elected for the year and delegates appointed for the annual convention. The statement of the treasurer shows the receipts to be as follows:

Subscriptions $68, gate receipts $6576.98, minor subscriptions $116.70, total receipts $6693.68; disbursements, match expenses $1132.65, general expenses $643.77, printing and advertising $202.35; total $1978.77, leaving a credit balance of $4714.91.

The secretary's report shows that during the past season they played eight championship matches, winning seven. In these matches there were 48 games, the Montreals taking 30. The report recommends the continuation of the league system with a few minor details. The membership numbers 1010. The following officers were elected:

President, F. E. Nelson; *first vice-president*, T. L. Paton; *second vice-president*, F. M. Larmont; *secretary*, W. Geragaty; *committee*, T. Carlind, E. Sheperd, E. H. Brown, A. Cameron, J. Michand, J. Findlay, A. E. McNaughton.

Joliet Quarrymen Idle.

JOLIET, Ill., April 2.—All the Joliet stone quarries are idle. Nearly 1000 men quit work to-day. It is understood a general strike throughout the Desplaines Valley will ensue. The men demand 17½ cents per hour instead of 15 cents.

The P.E.I. Poisoning Case.

CHARLOTTETOWN, P.E.I., April 2.—In the poisoning case to-day Lizzie Stewart's mother testified that an unknown man offered her $400 to get her daughter out of the way and to prevent her giving evidence against Mrs. Weeks.

Losses Caused by Flames.

BRANTFORD, April 2.—Fire in Mrs. Cochran's fancy goods store in Colborne-street caused a loss of $1000 on stock, insured in the Commercial and Quebec companies; damage to building, owned by Joseph Elliott, $400; fully insured.

Killed by a Falling Tree.

WATERTOWN, N.Y., April 2.—James Cullin, a well-to-do farmer, aged 35, living near Adams Centre, was working in the woods this morning when the limb of a tree fell, striking him on the head and killing him instantly.

TO HARNESS NIAGARA.

The Old Scheme Revived—A Boom in Falls Real Estate.

NIAGARA FALLS, Ont., April 2.—Excitement in real estate circles at Niagara Falls, N.Y., runs high on account of the contract being signed last night between the Niagara Power Company and the Cataract Construction Company for the building of the proposed tunnel, subject to three or four conditions, all of which can probably be fulfilled in the next few weeks. The route of the tunnel will be from Port Day, about 1½ miles above the falls, across the northeast side of the town of Niagara Falls, emptying itself into the gorge of the Niagara River near the railway suspension bridge, making in all a distance of three miles, and it is expected to furnish power to run several thousand factories, mills, etc.

Reciprocity in Wrecking.

WASHINGTON, April 2.—On motion of Mr. Mason (Rep., Ill.) a bill has been passed in the House amending the act to aid vessels wrecked or disabled in waters co-terminous to the United States and the Dominion of Canada. It grants authority to Canadian wrecking vessels to aid Canadian vessels in distress when similar authority shall have been given by the Canadian Government to wrecking vessels of the United States to aid United States vessels in distress.

Killed a Looker-on.

WILKESBARRE, April 2.—At Duryea this morning a quarrel occurred between John Pryor and John Butz. During the progress of the fight a shot was fired which struck Hugh Graham, killing him instantly. Pryor and Butz are in jail.

The Quebec Legislature Prorogued.

QUEBEC, April 2.—The Quebec Legislative Assembly was prorogued at 3 this afternoon with a brief and purely formal Speech from the Throne.

WHICH WILL IT BE?

Which is the fairest, a rose or a lily?
Which is the sweetest, a peach or a pear?
Merry's coquettish, and charming is Milly;
Dora is gentle and fair.
Sweet as a flower was her face when I kissed her,
(Love is the romance and glory of life,)
Milly, my playmate, I love "like a sister,"
But Dora I choose for my wife.

That is right, young man, marry the girl you love, by all means, if she will have you. Shou'd her health become delicate and her beauty fade after marriage, remember that this is usually due to functional disturbances, weaknesses, irregularities, or painful disorders peculiar to her sex, in the cure of which Dr. Pierce's Favorite Prescription is guaranteed to give satisfaction, or money refunded. See the printed certificate of guarantee on bottle-wrapper.

For overworked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," housekeepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic, or strength-giver.

Copyright, 1888, by WORLD'S DIS. MED. ASS'N.

ADVERTISE IN THE REVIEW

READ THIS CARD.

Now we have the merchants where we want them, worked up to the highest pitch over our price of goods. We are slaughtering them doing the business, hence the jealousy. W. J. Morrow is actually receiving anonymous letters and cards what they, the writers, will do if he does not advance the prices of goods but he answers in the affirmative that the step has been taken to buy goods for cash and sell cheap giving his customers the benefit will be continued. One actually speaks of cutting goods still lower and quotes prices. Why I can drop goods spoken of to his figures and make money. So this youth had better post himself in buying before trying to compete with

W. J. MORROW

INTERCOLONIAL
RAILWAY OF CANADA.

The direct route between the west and all points on the Lower St. Lawrence and Baie de Chaleur, Province of Quebec, also New Brunswick, Nova Scotia, Prince Edward, Cape Breton and the Magdalene Islands, Newfoundland and St. Pierre.

Express trains leave Montreal and Halifax daily (Sunday excepted) and run through without change between these points in 30 hours.

The through express train cars of the Intercolonial Railway are brilliantly lighted by electricity and heated by steam from the locomotive.

New and elegant Buffet Sleeping and Day Cars are run on all through express trains.

The popular summer sea bathing and fishing resorts of Canada are along the Intercolonial or are reached by that route.

Canadian, European Mail and Passenger Route.

Passengers for Great Britain or the Continent leaving Montreal on Thursday morning will join outward mail steamer at Rimouski the same evening.

The attention of shippers is directed to the superior facilities offered by this route for the transport of flour and general merchandise intended for the Eastern Provinces and Newfoundland, also for shipments of grain and produce intended for the European market.

Tickets may be obtained and all information about the route, also freight and passenger rates on application to

MILLINERY NEWS

—AT—

TURNBULL'S

We had two delightful days for our Millinery Opening and were exceedingly pleased with the hearty response our townspeople gave to our invitation to come and inspect the new Spring Styles. We had previously announced that we did not look to make sales these days but expected as many as could make it convenient to pay us a visit and pass through without purchasing.

Notwithstanding this announcement when we came to count up the days sales in the various departments we found that they had far exceeded any similar occasion which was gratifying, being a proof that our friends and the public generally appreciated our endeavors to place before them all the new lines in Staple and Fancy Dry Goods as they come out of the hands of our Canadian and foreign manufacturers. We have just received a large shipment of Tapestry Carpets, the patterns are very choice and new, prices range from 30c. to 85c.

Flannelettes have come out in darker shades this year. We show some good patterns in Grey Stripes and Checks; remember them when you are buying children's wear. Our Curtain Nets, Art Muslins and Scrims are even a surprise to ourselves, they are so much cheaper than former years. See our Art Muslins at 10c. a yard.

When Buying Tweeds for boys call on us, we strongly recommend the goods we sell at 85c. a yard.

SATURDAY, APRIL 5, 1890.

MRS. EDWARDS ACQUITTED

JUDGE STREET CHARGES STRONGLY IN HER FAVOR.

The Jury After Ten Minutes' Deliberation Return a Verdict of Not Guilty in the Whiteley Poisoning Case—The Result Favorably Received.

GODERICH, April 4.—The trial of Mrs. Edwards of Woodstock on the charge of poisoning her former husband, Hugh J. Whiteley, was concluded this forenoon. Mr. Justice Street charged strongly in favor of the prisoner and took the ground that the girl Johnston, who was the principal witness against the prisoner, if her story was true was an accomplice and that her unsupported testimony would not warrant a conviction. He also pointed out vital discrepancies in the story told by the girl.

The jury returned in about ten minutes with a verdict of not guilty. The verdict meets with general approval.

TWO-ROWED BARLEY.

Over 2500 Applications for Seed Received at Ottawa.

OTTAWA, April 4.—Over 2500 applications for two-rowed English barley have been received at the Experimental Farm and the staff is working night and day in order to expedite distribution. Those farmers who desire samples for seeding this spring should communicate with Prof. Saunders without delay.

A. J. Christie, Q.C., has issued an address to the electors asking for their suffrages in the election to fill the seat in the Dominion House for this city made vacant by the death of the late Mr. W. G. Perley. Mr. Christie is a Conservative. Mr. Mackintosh, however, is likely to receive the party nomination.

A new electrical company are asking incorporation under the name of the Canadian Interior Conduit Company (Limited), the chief place of business to be Toronto and capital stock of $150,000 in $100 shares. The applicants are H. P. Dwight, Toronto; Thomas Leggat, Charles G. Clouston, Montreal; John H. McClement and Edward H. Johnston, New York. The company ask authority to carry on all sorts of electrical business, outdoors as well as in.

Permission has been granted to change the name of the vessel Howard B. Payne of St. Catharines, Ont., to C. F. Dunbar.

The monthly financial statement just out shows the revenue for March to have been $3,264,051 and ordinary expenditure $1,246,022. For the nine months of the fiscal year the revenue has been $29,117,997 and the expenditure $24,764,212. The debt was decreased by $1,599,693 during the month and the March expenditure on capital account was $436,370.

German Frauds on the U. S. Customs.

FORT WAYNE, Ind., April 4.—United States Consul H. W. Dedrich writes from Leipsic to former associates of the faculty of Concordia College that he has unearthed a gigantic system of frauds on the part of German exporters whereby many thousands of dollars of import duties are annually lost to the United States. He does not particularise on what articles these frauds have been practiced but will shortly forward to Washington a detailed report of his discovery.

Fire in a Shamokin Colliery.

SHAMOKIN, Pa., April 4.—The fire in the Cameron colliery is now beyond control and the entire mine, comprising 25 miles of galleries, will have to be flooded. Three creeks will be turned into the mine and it is estimated it will take 60 days to flood it and nearly a year to repair the damage. The loss is estimated at $100,000.

An Oklahoma Boomer Shot.

OKLAHOMA CITY, April 4.—Capt. Couch, the leader of the Oklahoma boomers and ex-mayor, was shot to-day. The wound will cripple him for life. Couch was a contestant for a valuable claim adjoining the city, on which Adams has the filing. Couch attempted to take possession to-day, with the result stated.

Death of Sheriff Chauveau.

QUEBEC, April 4.—Hon. P. J. Chauveau, sheriff of Montreal, died here this evening at the residence of his son-in-law, Dr. Vallee. Mr. Chauveau had been ill for some time and his death was not unexpected.

PRICES AND PROSPECTS.

BRADSTREET'S WEEKLY REVIEW OF TRADE.

Favorable and Unfavorable Features—The Depression in the Iron and Steel Market—Wheat Shipments — Business Failures—Dun-Wiman's Report.

NEW YORK, April 4.—Special telegrams to Bradstreet's corroborate previously reported indications that while the volume of general trade is heavy there has been a distinct check to the movement of staples to retailers' hands as compared with the distribution some months ago. Improvement in trade is reported following more seasonable weather at Omaha, San Francisco and Cincinnati. There are no signs of increasing activity at Boston or Philadelphia. The overflows along the lower Mississippi Valley have checked trade at New Orleans and even at St. Louis a similar influence has been felt. Advices from Chicago are moderately cheerful. At New York, while the quarter's total of bank clearings is 4 per cent. larger than in 1889, for March the total this year is 2½ per cent. less than in March, 1889.

Special investigation by Bradstreet's into general trade for the past quarter and into mercantile collections (at 21 cities) shows that the late mild winter, low prices, and depression in the coal trade have had unfavorable effects upon retail distribution of heavy wearing apparel and kindred goods, and the influence of the heavy stocks carried over by retailers is reflected in a less active demand than anticipated and slow collections at many points. There is less discounting of bills and small demand for accommodation.

The only assignable cause for the existing depression in the iron and steel market, in the face of the extraordinary consumption and prospects for a still heavier consumption, is found in the fact that productive capacity has been developed in every department to an extraordinary degree. The increase in the production of crude iron within the past six months amounts to but little less than 50,000 tons per week. The capacity for puddling, heating and rolling has also been greatly enlarged. The pig iron market is dull, prices are low and there are no signs of an early reaction, as users of all kinds of finished and rolled iron decline to place heavy orders.

Wheat has not varied in price much, tending upwards towards the close. Reduced stocks abroad and crop damage at home are the stimulating features, for our exports have declined visibly, notably from the Pacific coast. The total shipped this week from both coasts (including flour as wheat) is 1,891,893 bushels, against 2,401,156 bushels the week before. From July 1 last to date exports equal 81,215,675 bushels, against 69,040,120 bushels in a like period of 1888-89. Indian corn is firmer on lighter interior shipments and continued heavy exports. Oats, likewise, are practically higher.

Reports to Bradstreet's of mercantile failures throughout the United States during the first quarter of the current year show a total of 3336 against 3569 in the first quarter of 1889. The aggregate liabilities of failing traders are $32,814,801 against $41,761,696, and actual assets $16,063,212 against $20,376,798 in the first quarter of 1889.

Dun-Wiman's Report.

NEW YORK, April 4.—Dun, Wiman & Co.'s weekly review of trade will say: The first quarter of the year has passed without the financial disturbance which many saw reason to fear, with fewer failures than in the same quarter last year and smaller liabilities by 12 per cent., with a larger railroad tonnage than in the same quarter of any previous year and with larger payments than ever through bankers' clearing houses outside of New York. Foreign trade has been heavier than ever for the season and domestic consumption, while much smaller than usual in coal, in woolens and heavy winter goods, has been at the maximum in nearly all other lines. The new quarter begins with no apprehension of monetary difficulty, with the general level of prices recovering from the depression of February and with signs of improvement in many quarters though the recurrence of failures of woolen commission and manufacturing concerns calls renewed attention to the evil effects of long credits in that department and to the unusual strain to which it has been subjected by a succession of two mild winters.

The money market is no longer a centre of apprehension. Rates here have been about steady at 4 per cent. on call. Foreign exchange is a trifle stronger, but still only a shade above par, and news from monetary centres abroad is generally favorable. Moreover, returns of commerce indicate a considerable excess of exports over imports in March. The money markets of the interior are more satisfactory.

The number of failures during the first quarter of 1890 was 3223 against 3311 last year, with decided decrease at the East, the South and in the Pacific States, but increase in the Middle and Western States. The aggregate of liabilities was $37,852,968 against $42,972,516 last year. Business failures during the last seven days number for the United States 189, for Canada 17, total 206, compared with 243 last week. For the corresponding week of last year the figures were 187 failures in the United States, 35 in Canada.

Missouri's Poor Wheat Crop.

ST. LOUIS, April 4.—Secretary Chubbuck of the State Board of Agriculture says the condition of the wheat crop in Missouri as shown by the monthly crop report to be issued to-morrow will not exceed 85 per cent. The bad condition is due to freezing weather in March. The weather during the past week has been such as to considerably improve the condition of wheat.

Shot by Moonshiners.

LOUISVILLE, April 4.—At Flemingsburg, Ky., the moonshiners have recently ambushed the revenue officers in a number of instances. E. Cooper, Sim Cooper, B. Bumgartner, George Hogg and Nelson Egan, revenue officers, have been shot, but advices do not state whether mortally or not. Hiram Roberts was seriously wounded.

A Runaway Train.

BALTIMORE, April 4.—While a freight train yesterday on the Mineville branch of the West Virginia Central Railroad was on a steep grade the engineer lost control and it ran away. Every car and the locomotive left the track at a short curve near Sharp's station, making a complete wreck of everything. Just before the cars left the track Engineer Edward Lippincott and Fireman Z. E. McAbe jumped. McAbe was killed. Lippincott was seriously wounded and also Conductor Dunk, Flagman Rielly and Brakemen Miller and Sheppard.

Gaudaur Defeats Hamm and Hosmer.

ST. AUGUSTINE, April 4.—In the sculling exhibition race at North Beach yesterday Gaudaur defeated Hamm by a few feet, Hosmer third.

Horace Greeley's Letters Burnt.

NEW YORK, April 4.—Mr. Greeley's letters were all burned in the destruction of the homestead at Chappaqua yesterday.

ONTARIO ASSEMBLY.

Winding Up the Business of the Session—Supplementary Estimates.

TORONTO, April 5.—The Assembly spent Thursday morning in committee of the whole, discussing various measures. The afternoon was almost wholly taken up in discussing the Municipal Amendment Act. These bills passed to a third reading: Bill to amend the act to impose a tax on dogs and for the protection of sheep; bill respecting certain railway bylaws of the municipality of Nesbing; bill to amend the timber slides companies act; bill to amend the act respecting conveyances to trustees for burial grounds; bill to amend the general road companies act; bill to amend the jurors act; bill to amend the act respecting conditional sales of chattels; bill relating to manhood suffrage voters; bill respecting sales for taxes in Muskoka and Parry Sound; bill respecting the city of London; bill for the consolidation of the floating debt of the town of Trenton and other purposes; bill respecting the city of Toronto; bill respecting certain statistical returns; bill to amend the act respecting mortgages and sales of personal property; bill to amend the High Schools Act; bill respecting timber licenses affecting registered land; bill respecting the custody of juvenile offenders; bill to amend the free grants and homesteads act; bill to amend the trades arbitration act; bill respecting the assessment amendment act, 1890; bill to amend the joint stock companies winding-up act.

On the third reading of Hon. Mr. Hardy's bill to amend the Free Grants and Homesteads Act, Mr. Marter moved four different amendments, which were negatived by an average vote of 30 to 49, and the bill finally passed.

The supplementary estimates aggregating $125,639.79 were brought down.

There was a vigorous discussion for 4½ hours at the night session on Mr. Craig's bill respecting the language of instruction in the public and separate schools. The mover made a comprehensive speech and the Minister of Education replied at length defending the administration of his department. The debate was continued by Mr. Meredith, the Attorney-General and Messrs. Hess and Evanturel until 2.30, when the Minister of Education moved an amendment giving the bill the six months' hoist, which was carried, 51 to 30.

The House then went into committee on the supplementary estimates, which were passed and the House adjourned at 6 a.m. Prorogation will take place at 3 o'clock on Monday.

THE WORLD'S FAIR.

Meeting of the Stockholders at Chicago—A Stormy Scene.

CHICAGO, April 4.—The stockholders in the World's Fair Association held a meeting today, 300,879 shares of stock being represented out of 500,000. The proposition to elect a "slated" board of 45 directors met with vigorous opposition. Ex-Mayor Harrison and others characterised the committee's work as a "Star Chamber" performance. There was tremendous excitement and hundreds of delegates were mounted on chairs all yelling at once their respective views, while those who were not vainly wasting their wind were gesticulating frantically. The motion to select 45 directors was, however, finally adopted and nominations were made, and all the names on the printed list were nominated and many more, ranging from Chauncey Depew of New York to John Smith of the Sixth Ward. A ballot was then taken for the purpose of choosing 45 of the nominees to act as directors of the corporation. When all the votes had been cast the meeting adjourned. A great deal of time will be required to count the votes as cumulative voting was provided for. The result will not be known till next week.

Shortly before adjournment the following resolution was passed and ordered sent by telegraph to the senators from Illinois and Washington: "Resolved, That the vast meeting representing the great majority of shareholders in the World's Exposition of 1892, and representing also the larger body of citizens of Chicago, approve and confirm all pledges heretofore made on our behalf by our representatives in Congress. We earnestly appeal to the United States Senate for a prompt and favorable consideration of the House Bill on the World's Columbian Exposition in order that our people may expedite the needed preparation for the stupendous undertaking to be confided to us.

THE CANADIAN RAILROADS.

Senator Cullom's Committee Makes an Exceedingly "Strong" Report.

WASHINGTON, April 4.—Senator Cullom has submitted to the Interstate Commerce Committee his report upon the investigation which that committee has been making during the last summer into the competition of Canadian railroads with the transcontinental railroads of the United States. The report will not be given out for publication, the statement having been made in the committee that until all the members could give it careful consideration it was inexpedient to publish it. A member of the committee who read it, however, says it is an exceedingly strong document; that it recommends that the Grand Trunk and other Canadian railroads shall be placed upon the provisions of the interstate commerce law, so far as it will be practicable to do that as to the business transacted in the United States, and that the report recommends that exactly the thing shall be done which the managers of those roads had hoped would not be done. The committee will not meet again until next Wednesday. At that time the expectation now is that the committee will adopt this report as its own, and that it will then be made public.

Opposition to Mr. Pacaud.

WINDSOR, April 4.—A meeting of Liberals held in Windsor last evening decided not to support Mr. Pacaud for re-election to the Ontario Assembly and 47 of the 51 delegates from Windsor to the convention April 11 go pledged against him.

By the Strychnine Route.

SAN DIEGO, Cal., April 4.—M. R. Alexander of Temecula committed suicide yesterday by taking strychnine. He had been drinking heavily. He was a son of Gen. B. T. Alexander, U.S.A.

Jay Gould Seriously Ill.

ST. LOUIS, April 4.—It is reported that Jay Gould is seriously ill again and that his stay in Mexico is to be prolonged. He is troubled with a return of his old nervous spells.

NEW YORK, April 4.—George Gould received a despatch from his father to-day and says he is in his usual fair health.

Confessed and Was Lynched.

LOGAN, Tex., April 4.—W. M. Williams, a negro, was arrested yesterday for criminally assaulting the 8-year-old daughter of his employer, Charles Griffin. A crowd of 120 men took the prisoner away from the officers and hanged him and riddled the body with bullets. Williams had confessed.

TERROR RULES RUSSIA.

DYNAMITE FOUND IN THE WINTER PALACE.

The Conspiracy to Kill the Czar Was Directed Also Against His Family—Emin and the Germans—The Vatican and Berlin.

LONDON, April 4.—It is impossible to ascertain the exact state of affairs in St. Petersburg. The censorship, applied with more than usual rigor, stifles authentic information. All kinds of wild rumors prevail in consequence and cause alarm here. It is evident danger again hangs over the house of the Romanoffs.

The latest conspiracy against the Czar, revealed by the letter of the dying naval officer who committed suicide, is thought to have led to the Czar's illness, which has disquieted every market in Europe.

This letter, it is said, disclosed the fact that the plot was not directed against the life of the Czar alone, but threatened the lives of his daughter, the Princess Zenie; his uncle, the Grand Duke Constantine, and Elizabeth, the wife of the Grand Duke.

In view of these disclosures it is not surprising that a reign of terror prevails in the Russian capital.

A Serious Condition of Affairs.

LONDON, April 4.—Advices received here to-day from St. Petersburg reaffirm the reports of the serious condition of affairs in Russia. They declare the Czar is suffering from nervous fever. The scheme for the Russification of Finland is received with extreme disfavor in that country and trouble is certain. The advices further say that all the universities in Russia have been closed by the Government. The students at the St. Petersburg University made an attack upon Lieut.-Gen. Gresser, chief of the St. Petersburg police, who went to the university to quell the disturbances, and treated him in a very rough manner. He was thrown to the floor and while lying prostrate was kicked a number of times.

Explosives Found at Gatschina.

ST. PETERSBURG, April 4.—The police at Gatschina have discovered explosives on the grounds of the Imperial palace. The Imperial family has in consequence renounced the idea of going there to finish Lent. The Czar for two days has suffered from a relapse of influenza which has compelled him to postpone audiences. His condition is not serious. Among the students arrested are Prince Viasemsky and a son of Nabkoff, a former minister of justice.

The Students' Disaffection.

ST. PETERSBURG, April 4.—The students abandoned the meeting which they had proposed to hold yesterday, the attendance being too small. A number of the students who have been interviewed persisted in their declarations that the agitation arises solely on account of educational matters. In proof of this declaration the students assembled at the university and the technological institute and sang the anthem "God Preserve the Czar." The Czar is greatly incensed because of the disturbances and has signified his intention of closing all the higher public educational establishments for a year. It is feared by the Russian officials, however, that a year's idleness will foster the growth of disaffection among the students.

Russia Pressing Her Turkish Claims.

CONSTANTINOPLE, April 4.—Russia has notified Turkey that the sums paid on account of the arrears of the war indemnity and the securities given for payment thereof are not sufficient, and that therefore if the new loan which Turkey proposes to raise is subscribed for she will demand priority for the payment of her claims before the money is devoted to other purposes.

Politicians Making a Catspaw of Emin.

ZANZIBAR, April 4.—Emin Pasha in a hand bill accuses the British consul of falsely describing him as the plaintiff in Tippoo Tibb's case, the real plaintiff being Stanley. Emin appears to be mistaken in this, the real plaintiffs being the Emin Relief Committee. The general belief is that politicians here are making a catspaw of Emin.

The German View.

BERLIN, April 4.—The National Zeitung declares that the intrigues of the British East Africa Company have been thwarted by Emin's entering the German service.

Stanley's Opinion.

LONDON, April 4.—The Times, correspondent at Cairo reports Stanley as saying: "Emin had both English and German offers and he cannot be blamed if he thought the German offers preferable. The German sphere of influence is clearly defined. Wissmann and enterprising Germans are entirely within their rights in availing themselves of every assistance. Any transgression by either the English or the Germans is a matter for diplomacy. Emin is very sensitive; Things have gone unfortunately awry since he returned. It is likely matters were misrepresented to him during his illness. He probably thinks his absence the best plan. If he wins over the Arabs he will add to his reputation and not hurt English interests. Still the Germans cannot be too cautious in their natural desire to secure trade routes. I have heard of no action either by Germans or by Emin that would chill my sympathies with them. Emin's proclamation reveals the soreness and was unnecessary."

Emin has written to neither Stanley nor Parke since they left him. Stanley expresses regret and surprise that Emin did not come to thank the Khedive. He supposes Emin is unable to adapt himself to civilized life.

Brussels Preparing for Stanley.

BRUSSELS, April 4.—The royal palace and the town hall are being prepared for the reception that will be given to Henry M. Stanley upon his arrival here April 20. He will remain in this city for five days. He will go from here to England.

The Vatican in German Politics.

ROME, April 4.—The Vatican has instructed the Papal Nuncio at Berlin and Bishop Kopp to act in energetic accord with the leader of the German Centrist party and to yield to the Government on no point without securing in return a real and adequate concession.

Surpassed His Hopes.

PARIS, April 4.—M. Delahaye, who was a delegate to the International Labor Conference at Berlin, says the results achieved by the conference greatly surpassed his hopes.

Big Bond Forgers Arrested.

LONDON, April 4.—A gang of forgers of Spanish and Italian bonds has been caught at Trieste. The forgeries amount to 25,000,000 francs. It is stated that many well known men of London and Paris helped to dispose of the bonds.

Wholesale Horse Thieves in Wyoming.

CHEYENNE, Wyo., April 4.—All the northern sheriffs are at full cry on the trail of a desperate gang of wholesale horse thieves. The freebooters finding themselves closely pursued cut the telegraph wires. The thieves have by this time reached Montana with 200 Wyoming horses.

Every Household

Should have Ayer's Cherry Pectoral. It saves thousands of lives annually, and is peculiarly efficacious in Croup, Whooping Cough, and Sore Throat.

"After an extensive practice of nearly one-third of a century, Ayer's Cherry Pectoral is my cure for recent colds and coughs. I prescribe it, and believe it to be the very best expectorant now offered to the people."—Dr. John C. Levis, Druggist, West Bridgewater, Pa.

"Some years ago Ayer's Cherry Pectoral cured me of asthma after the best medical skill had failed to give me relief. A few weeks since, being again a little troubled with the disease, I was promptly

Relieved By

the same remedy. I gladly offer this testimony for the benefit of all similarly afflicted."—F. H. Hassler, Editor *Argus*, Table Rock, Nebr.

"For children afflicted with colds, coughs, sore throat, or croup, I do not know of any remedy which will give more speedy relief than Ayer's Cherry Pectoral. I have found it, also, invaluable in cases of whooping cough."—Ann Lovejoy, 1251 Washington street, Boston, Mass.

"Ayer's Cherry Pectoral has proved remarkably effective in croup and is invaluable as a family medicine."—D. M. Bryant, Chicopee Falls, Mass.

Ayer's Cherry Pectoral,

PREPARED BY

Dr. J. C. Ayer & Co., Lowell, Mass.

Sold by all Druggists. Price $1; six bottles, $5.

Children Cry for Pitcher's Castoria.

The Daily Review.

SATURDAY APRIL 5, 1890.

WELCOMING MAJOR SPOONER.

The New Divisional Officers of the Salvation Army Received.

There was a good attendance at the Salvation Army temple last night when Major Spooner, Capt. Marshall's successor as Divisional Officer, was welcomed. Many of the male soldiers appeared wearing red sashes and the female soldiers with white sashes.

The meeting was opened with the usual lively singing and several prayers.

THE NEW OFFICER.

Major SPOONER then read the Scriptural account of the crucifixion. He is a man of medium size, with neatly trimmed whisker, and in conducting the meeting exhibited that nervous earnestness characteristic of many army officers. After reading, the Major said he had not come to their midst to preach Salvation Army to them, though he was a strong believer in it; neither did he come to preach dry theory, nor himself, but to preach Jesus. Christ forsook *happiness* and *harmony* and came down to this sin-stricken, half-damned world to *save sinners. For this purpose Jesus died*. He was going to live Jesus Christ, so they would see by his actions as well as his words that he believed in Christ. Jesus was the power that was going to attract men and women out of the mire of sin, and eradicate from them their sinful nature and make them pure. He urged them to ever live and preach Christ.

A CHARACTERISTIC WELCOME.

Capt. JONES then gave out the announcements. He said Major Spooner and family would be with them and the other meetings of the series.

Major SPOONER—I have two of them here to-night and (pointing to them) there they are.

Capt. JONES—We are glad to see them. All who are glad to see them say amen. (A loud "Amen" from the soldiers). All who give them a hearty welcome say amen. (Another hearty shout).

Major Spooner—You might think I was an old man to see them, but I am not so old.

AN INCIDENT.

Singing and testimonies from soldiers followed, and Major Spooner discarded his coat and in the flaming red shirt conducted this part in a lively manner. A small woman on the soldier's seats revitted the attention of even the boys and girls in the back seats. Here voice was clear, though not strong, and when she got warmed up she waved her hands, rose upon her toes to improve her stature and shouted out her words in a torrent of praise and appeal. Despite her earnestness, however, there was an element of the comical, and officers, soldiers and audience were wreathed in smiles, and, catching the spirit of the occasion, several "volleys" were fired while she was speaking.

TWO CAPTAINS.

Capt. COTTINGHAM was introduced as a "hallelujah Irishman," and was received with a volley. He delivered a spirited address, referring to his conversion and making an appeal to the audience.

Capt. MACKENZIE good naturedly chided the Major for mentioning the Methodists more frequently than the Presbyterians, and proceeded with a quiet address.

A WARRIOR.

Major SPOONER then introduced his *sister-in-law*, who in a pleasing voice sung a solo and added her testimony. In giving his own testimony the Major said he was glad to be in Peterborough again. Since he had been here before God had kept him working. "If there is anything He detests it is a lazy Christian. And yet there are lots of them about, you know." He had been in Quebec three years, and it was a war—a war against sin, drink and the devil, and against one of the worst devils, bigotry. Yet their division had received 3,000 recruits. He only wished to help to subjugate the world for God, and believed a great revival was coming now in the Army in Canada. He proceeded with an earnest exhortation.

The meeting was closed in the usual way.

A children's meeting was held this afternoon at 2 o'clock and a women's meeting at 3. To-night there will be a "Salvation demonstration," to-morrow special meetings at the usual hours, and a "Musical Bang Tang" Monday night.

"When the spring-time comes," we usually find ourselves drowsy and exhausted, owing to the impure and sluggish state of the blood. To remedy this trouble, take Ayer's Sarsaparilla, the most powerful, yet safe and economical, blood-purifier in existence.

Personal.

Rev. M. L. Pearson, who has accepted an invitation to go to Orangeville, has been transferred to the Toronto Conference, to take effect at the meeting of Conference, and Rev. J. H. Locke, who has been invited to the George-st. church, has been transferred into the Bay of Quinte Conference. Rev. F. McAmmond, formerly of Ashburnham, goes to the Montreal Conference. Rev. J. E. Starr is transferred from British Columbia to the Toronto Conference. Rev. C. E. McIntyre goes to the city of London, Rev. James Allen to Winnipeg and Rev. W. L. Rutledge comes to this conference.

Let any young man who is uneasy about his physical condition read Dr. Lane's Essay on nervous diseases mailed free to any address. Lane's Specific Remedy is an invaluable preparation for the permanent cure of all diseases resulting from evil indulgence. Sold at $1.00 per package or sent on receipt of price to any address free of charge. THE LANE MEDICINE CO., MONTREAL, QUE

Holloway's Corn Cure is the medicine to remove all kinds of corns and warts, and only costs the small sum of twenty-five cents.

SIBERIA'S HORRORS RIVALED.

Cruelties of Georgia's Brutal Convict System—Women Stripped and Flogged.

MACON, Ga., April 4.—The State of Georgia is absolutely and entirely without the least semblance of a state penitentiary. The commonwealth has no place whatever to send its convicts to and they are consigned to camps where their labor is leased to manufacturers and contractors. *One of these* camps is at Chattahoochee, and William Seabrook, a colored man, aged 24, who had just been released pending a new trial for an alleged assault, tells this story of the cruelties practiced there:

"When I went into the prison I was told that if I didn't do just right I would be whipped and I was given to understand that I'd better keep my mouth shut when any strangers come around if I knowed what was good for me. I'd been there only a day or two before I see them whipping some of the prisoners. Cap'n Woodruff, who is the whipping boss appointed by law, did the whipping; nobody else was allowed to. The women convicts were not moved from Chattahoochee to Bolton until about a month ago, and they used to whip the women just the same as the men. When Woodruff would say, 'Down your dress,' the women would know what that meant, and they'd take their dresses off sometimes *as far* as below their waist, although often and *often, sir*, I've seen women convicts made to strip stark naked before all the men convicts, and they were whipped right there. They didn't use to take them into any special building to whip them, but it would be done right there where the women happened to be totin' (carrying) brick. I saw twenty-one or twenty-two women whipped—nearly all there was in the prison.

"The men prisoners was treated about the same; they'd be made to take off everything except thier trousers, and they have to slip those down to their knees. Then the man or woman who was to be whipped would be made to bend over while standing up and the whip would be put on. They were all whipped below the waist. I've seen half-a-dozen prisoners whipped at one time. If any prisoner resisted or tried to fight five or six others of the biggest and strongest convicts would jump on him and hold him on the ground on his stomach while Woodruff licked him. I've seen black men whipped, mister, till they turned pale, and I've seen white men whipped till their flesh turned black. They'd scream and holler, and pray, and bleed like slaughtered hogs; but, Lord! what good would it do them to pray and holler? There wasn't nobody there to help 'em, sah, not a one.

"There are always some illegitimate children around the camp. They were the children of the women convicts by the white guards. If the women didn't do as the guards wanted them to they'd report them and have them whipped and get even with them that way. It wouldn't be long before the women would submit. They're only flesh and blood they couldn't stand being whipped to death, and so had to give in."

MR. M'ADOO'S BILL.

To Prevent the Employment of Aliens in the United States Navy.

WASHINGTON, April 4.—The bill to prevent the employment of aliens in the navy was reported to the House by Mr. McAdoo, who says the committee has direct evidence that the decadence of the American merchant marine has so reduced the number of American sailors that difficulty is found in getting naturalized men to man our war vessels. The committee also has evidence that preference has been given to foreigners in manning the vessels of the navy rather than to citizens by birth and adoption. Outside of apprentice boys there are 1936 American-born men in a total force of 7946, and counting the boys there are 3668 American-born as against 4278 foreign-born.

The committee unanimously recommends that the bill pass.

A Yacht Capsized Near Toronto.

TORONTO, April 5.—A small yacht under sail capsized in a squall two miles south of the exposition grounds yesterday afternoon. Six soldiers at the fort went out to her in a gig and found the name Idler on the boat but no trace of her crew. It is thought the yacht belonged to Hamilton.

Church Services Yesterday.

The church services were all fairly well attended yesterday.

At the George-st. church Rev. M. L. Pearson preached an able and well-time sermon to a fair congregation.

At St. John's Church the special services held yesterday were of an appropriate and impressive character and were all well attended.

At St. Peter's cathedral special services were held at 9 a.m., 3 p.m. and 7.30 p.m. At the nine o'clock service the Adoration of the Cross was celebrated, Rev. Father Dupe officiating. At the three o'clock service His Lordship Bishop O'Connor and Rev. Father Dupe celebrated the Stationing of the Cross. To-morrow morning three masses will be celebrated, at 6 30, 8 and 10.30.

At St. Luke's church, Ashburnham, two services were held. At 10 30 in the morning a sermon was preached on "The Mission Among the Jews," and at 7 30 in the evening the subject of the discourse was "The Crucifixion." Both services were fairly well attended.

Religious Services.

The following is a list of services in the several churches to-morrow:—

ST. JOHN'S CHURCH.—Rev. J. C. Davidson, M.A., Rector. Rev. C. B. Kenrick, M.A., Curate. Easter Sunday, April 6th. 8.30 a. m., Holy Communion. 11 a. m., Matins, Sermon and Holy Communion. 3 p. m., Sunday school and Bible Class. 3 30 p. m., Childrens service. 7 p. m., Evensong and Sermon. Strangers heartily welcome at all services. Ushers for the day, H. Long, B. Armstrong, R. A. W. Hay, H. T. Everitt. Special collection for church debt.

ST. LUKE'S (Ashburnham).—Rev. W. C. Bradshaw, Rector. April 6th, Easter Sunday. Holy Communion at 8 a. m. Morning Prayer and Holy Communion at 11 a.m. Childrens service in the church at 3 p. m. Evening Prayer and Sermon at 7 p. m. Services conducted by the Rev. J. W. McCleary. All seats free. Strangers are welcome.

ST. PETER'S CATHEDRAL.—At St. Peter's Cathedral, Roman Catholic, there will be two masses celebrated, the first at 8 a.m., and the second at 10.30 a.m. Vespers at 7 p.m.

ST. PAUL'S.—Rev. E. F. Torrance, M.A., pastor. Services as usual at 11 a.m. and 7 p.m.

GEORGE-ST. METHODIST CHURCH.—Rev. M. L. Pearson, pastor. Easter Sunday. Special services 6 a. m., "Early at the Sepulchre" meeting for Thanksgiving and prayer; 10 a. m., *meeting for Fellowship*; 11 a. m., sermon by pastor, special Easter music by choir; 2 30 p.m., Sunday school and adult Bible Class; 7 p. m., the Rev. J. W. Bell, of Manitoba, will preach. Collections morning and evening in aid of Superannuation Fund.

CHARLOTTE-ST. METHODIST CHURCH.—Rev. S. J. Shorey, pastor. Services at 11 a. m. and 7 p. m. The Rev. J. W. Bell, B. A., in the morning and the Rev. S. J. Shorey. Reception of new members at the close of the evening service. Sunday school 2.30. Bible class 3 p. m. All are welcome.

ST. ANDREW'S CHURCH.—Services at 11 a. m. and 7 p. m. Rev. Alex. Bell, pastor.

BAPTIST CHURCH, Murray-st.—Rev. P. Clifton Parker, pastor. Services at 11 a. m., and 7 p. m. Mr. T. S. Cole, Travelling Secretary Y. M. C. A., will preach in the morning and Mr. Frank Wesley, General Secretary, Lindsay, in the evening. Communion at close of morning service. Sunday Prayer meeting at 10 a. m., Sunday school at 3 p. m. Strangers and non-church goers invited. Hymn books will be provided. No rented seats. Church Supported by voluntary offerings

METHODIST CHURCH, Mark-st. (Ashburnham).—Rev. A. C. Wilson, pastor, will preach both morning and evening. At 11 a. m. the subject will be "The Resurrection of the Dead a Doctrine of Revelation and not of Science." At 7 p. m., "The Power that a belief in the Resurrection has in Shaping the Conduct in this life." Free pews and a hearty welcome to all. Messrs Weir and Brady ushers. Sabbath school at 2.30. Mr. H. S. Armstrong Superintendent.

ST. JOHN'S MISSION ROOM SOUTH WARD.—Easter Sunday, April 6th. 3 p. m., Sunday school. 7 p. m., Evensong and sermon. Services conducted by the Rector assisted by members of the Bible Class choir.

BAPTIST MISSION.—Corner Dalhousie and Stewart-sts. Sunday school will be held as usual in the afternoon at 3 o'clock. In the evening at 7 o'clock a sermon will be preached by the pastor, Rev. P. Clifton Parker, subject "*Before the Cross.*" Special collection for Home Mission. A hearty welcome to the service. Hymn books provided.

PETERBOROUGH CIRCUIT.—Rev. F. A. Leitch pastor, service at Middletons 10.30 North Monaghan 7o'clock, Nassau 7 o'clock.

PETERBOROUGH LAYMEN'S EVANGELICAL ASSOCIATION.—Services at the gaol 9.30 a. m., Sunday, supplied by R. Holland and J. Frise. Protestant Home, 3 p.m., and on Tuesday evening 7 30 supplied by M. Cummings, and Capt. Piper.

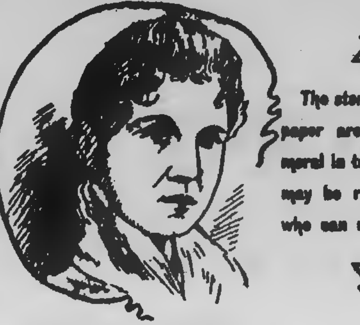
THE POPULAR NEW STORY.

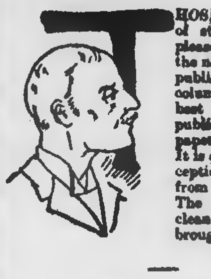
The writer of "The Judge" has earned for herself the reputation of being original in thought.



MRS. ELIA W. PEATTIE.

The stories in this paper are new and moral in tone. They may be read by all who can read.

"The -:- Judge."



THOSE who are fond of stories will be pleased to learn that the new story to be published in these columns will be the best that has been published in a newspaper for many years. It is original in conception and differs from the usual style. The characters are clean cut and well brought out.

THE story is a prize story. It was selected out of hundreds. It is not by an amateur, however. Mrs. Elia W. Peattie is one of the best story writers of to-day. She has earned for herself the reputation of being one of the foremost in the ranks of lady authors. Her articles appear in the best magazines.

ALL the incidents are vividly described and the author never keeps her reader waiting for interesting passages. The whole story is full of interest. There is a murder. There is the judge who tells quaint legal incidents. There is a live newspaper man. There is enough humor to enliven the more heavy part of the story. There is a good plot well worked out.

"I AM delighted with "The Judge," said a critic who has read the story. "The Judge" will more than satisfy the average story reader. It will please all. The man who thinks it "the old story" will learn that he has not yet fathomed all the incidents that occur in every day life. The woman who says "Oh, it is all about love!" will find something interesting to her.

WHEN you have started "The Judge" you will continue to buy the paper from day to day till it is finished. No doubt about this. To read this story will be like reading in a new field of novel literature. There are so many surprises, yet they are consistent.

WITH each chapter the reader becomes fascinated and waits anxiously for the next. Those who read "The Judge" will say it is powerfully written and the interest well maintained. The author has chosen a new field for her incidents. There is a freshness about the story that gives it zest and the reader never becomes weary of it.

Be sure and get the first instalment. There is no long preamble. The writer introduces her characters in rapid succession and one scene quickly follows another.

This Story will be commenced on Monday.

FOR MEN ONLY!

A POSITIVE CURE For LOST or FAILING MANHOOD; General and NERVOUS DEBILITY; Weakness of Body and Mind; Effects of Errors or Excesses in Old or Young. Robust, Noble MANHOOD fully Restored. How to Enlarge and Strengthen WEAK, UNDEVELOPED ORGANS & PARTS of BODY. Absolutely unfailing HOME TREATMENT—Benefits in a day. Men testify from 47 States, Territories, and Foreign Countries. TO WEAK MEN

Suffering from the effects of youthful errors, early decay, wasting weakness, lost manhood, etc., I will send a valuable treatise (sealed) containing full particulars for home cure, FREE of charge. A splendid medical work; should be read by every man who is nervous and debilitated. Address,

Prof. F. C. FOWLER, Moodus, Conn.

THAT BOY needs a new suit.

The one he has on is not only fairly shabby but is already worn out. More than worn out. One or two neat patches or an otherwise good Suit is certainly permissible. But not enough of them to make the Suit resemble a map of North Burleigh. Your boy may derive a great deal of satisfaction from wearing such kaleidoscopic attire, but we doubt it, if you don't. Suppose you look back a score or so of years and recall how you would have enjoyed associating with better dressed companions in such apparel Even admitting that you wore such clothes "because compelled to" is that any reason why your boy should? Times have changed since then. Changed for the better, too. What would scarcely have attracted notice in your clothes will hardly be excused in your boys now.

We repeat, that boy needs a new Suit.

Are you going to give him one?

We have little boy's Suits in all qualities and several styles—there's not many styles for very little fellows, but enough to show a variety in the family if you've three or four boys to clothe. We have them light and heavy, and some very nice Suits just 'twixt and between. In fact we pay more attention to the little fellow's wants than any store in the County. There is no particular extravagance about our Boy's Suits, simply good, decent, proper, becoming, useful garments, proper for any boy to wear and exceedingly durable.

Such is what your boy needs.

Give your boy a Hat. He needs that too. His fur cap is warm, too warm, and besides it gets banged about too much.

It's a little early for a Straw Hat but we suggest a neat Felt. Good for boys. No matter how they abuse these Hats the wear is there.

Clap a new Hat on your boy's head.

Anything else? Yes! Certainly!

Boots!
Shoes!

A Foregone Conclusion

That every lady in town will be anxious to get a peep at the beautiful chair in A. Clegg's window. 1d80

Take Hold.

Seeds and Plants from Mason's Seed and Plant House will take hold and grow, because they have a good, strong constitution and are full of life. Will not be undersold. Send for or get a catalogue at our store, 142 Hunter-st., Peterborough. 6d79-2w14

Court Little John Concert.

On Friday evening Court Little John will give a concert in the hall over China Hall. The programme will include vocal and instrumental selections, and an exhibition of stereoptican views by Prof. Roy. The entertainment will be a good one and worthy of patronage. Remember the date. 1d80

In Aid of the Poor.

The ladies of the Sewing Society will hold a social in the Murray-st. School on Easter Monday evening, 7th inst., at 8 p. m. A nice programme of vocal and instrumental music will be rendered, after which refreshments will be served. In all probability the band of the Fire Brigade will be present. The admission fee will be 10 cts. and it is to be hoped that, for such a deserving cause, a large crowd will be present. 2d79

What is a Bargain?

Generally speaking it means getting more value for your money than you've expected. This then, is what you will get at the clearing sale of the Duncan Cameron bankrupt stock now going on at the old stand. There's a lot of Tweeds and Suitings that must be cleared. The price is low almost less than 51½c. on the dollar of value. The goods are bargains. Call at the store, the old stand, George-st., and look over the assortment. You'll hardly fail to get suited. Lots of other goods going at ridiculously low prices. d78tf

Not Easily Forgotten.

Persons entering the premises of W. J. Morrow cannot easily forget the mistake they have made if they have been buying groceries elsewhere. Our announcements cause a great deal of discontent among people in our line owing to the success our cheap sales meet with. They pay 50 cents for Baking Powder when you can buy strictly pure in 1 lb. tins for 15 cents, 3 lb. tins Peaches, 15 cents each, French Peas, 15 cents per tin, Salmon, 2 tins for 25 cents. We are sacrificing all our lines of Teas, and certain to give you extra good value in all lines. W. J. Morrow, 340 George-st. d68-w13

The Baptist India Missions.

A most successful and profitable missionary meeting was held in the Baptist church yesterday afternoon. An appeal has been made for fifty-two missionaries to labor for the evangelization of the three millions of the Telegu people, which is the Baptist mission field in India. The appeal was sent out by the fourteenth annual conference of Canadian Baptist Missionaries held in India in January last and the request was that the 4th of April be a day of fasting and prayer on which they should humble themselves to a sense of their neglect in the past and should call mightily unto God that He will pour forth His Spirit upon all the work and that He would send from the home land missionaries and raise up missionaries in India to do His work. The meeting which was held in compliance with this request was, as has been said, a most earnest, appropriate and profitable one. Rev. P. Clifton Parker conducted the opening services and vigorous addresses on mission work in India were delivered by Miss Frith, a returned missionary from India, Mr. Wm. Craig, jr., of Port Hope, a member of the Executive Committee of the Baptist Foreign Mission Board, and Mr. Warnocker, of the Woodstock College. The addresses were interesting and attentively listened to by the large congregation.

Will you suffer with Dyspepsia and Liver Complaint? Shiloh's Vitalizer is guaranteed to cure you. Sold by Geo. A. Schofield, Druggist, Peterborough.

GRAND EASTER CHARITY CONCERT.

The Sale of Tickets Begun—List of Stores Where They May be Obtained—The Attraction Billed for This Event.

The sale of tickets for the Grand Easter Charity Concert to take place on Tuesday, April 15th, has commenced. In order to make it convenient for the public to secure tickets and seats, the committee have placed them on sale in a number of the principal stores in different parts of the town as follows:—

Doucet's Music Store
Peterborough Book Store
A. Mercer & Co.
T. Dolan & Co.
W. A. Sanderson
Fairweather & Co.
A. Elliott
Lee & Thompson
Ormond & Walsh
Sal'sbury Bros.
J. H. Neale & Co.
A. R. Kidd
John McKee
John Cameron
John McClelland
W. R. Greatrix
Geo. A. Schofield.

Tickets may also be obtained from members of the concert committee. Plan of hall at Doucet's music store, where seats are now being secured.

The general admission is only 25c, reserved seats 50c, children to reserved seats 25c, and to back seats 15c. The prices are certainly made very favorable for families or others going in groups.

The prospects of a packed house are of the most encouraging character. The unusual attractions billed for the concert, coupled with the benevolent object in view, are well calculated to make it a gratifying financial success and prove a generous augmentation to the relief fund of St. Andrew's Society. Following are the principle attractions announced: (See posters.)

MISS AGNES KNOX, the accomplished Elocutionist and Dramatic Reader.
MISS McMANUS, the Wonderful Lady Whistler.
MISS SOPHIE CAMERON, Peterborough's Pleasing Soprano Soloist.
THE MISSES WATSON, with Songs in Character.
MR. D. ANDERSON, Millbrook's Popular Basso.
MR. E. M. ROY, with his highly interesting Stereopticon Views of the Highlands of Scotland.
MR. J. MACKINTOSH, (winner of highest prizes for Highland fling and sword dances) with Humorous Scottish Songs and Dances in Highland Costume.
MISS KALAND, Organist of St. Peter's Cathedral, and PROF. PARKER, Organist of St. Paul's, have kindly consented to preside at the Piano. 1d80

Selling Out.

Kidd the booter is selling out his immense stock of the best boots manufactured. Selling out to make room for more boots to make a few more cents. Try his boots, the best. d67

A Temperance Lecturer.

On Tuesday evening next Rev. J. W Bell, B. D., of Hamilton, will deliver a temperance lecture in the Opera House. No doubt many who remember Mr. Bell, as this is his native town, will be glad to hear him, especially as he is a popular platform speaker. 1d

A Popular Five O'clock Tea.

The season is at hand when the corporation laborer quits work at five o'clock p.m. What he does after 5 o'clock is not clearly known, and doesn't matter, but the supposition is he goes home and drinks, as other people do, sundry cups of Hawley Bros fine and well flavored teas. Buy your teas at Hawley Bros., George-st. d71-w18

Nothing adds so much to a person's appearance as a fine thick head of hair of even color, and to assure this use only Hall's Hair Renewer.

An Evening With the "Y" Our Poet and Laureates.

Under the above title the members of the Young Women's Christian Temperance Union invite their friends to a pleasant entertainment in their hall, 426½ George st. Thursday evening 10th inst. The programme is a unique one. Look for it in Wednesday's issue of this paper. 1d80

The Easter Market.

Mr. H. C. Winch maintains his previous reputation for leading the trade in the matter of Easter meats. He has ranged the country far and near in order to get the choicest animals for the Easter market, and his stock comprises the richest beeves and choicest fancy meats to be found anywhere. His display on Saturday will be superb. Customers should call and leave their orders early in order to get the select cuts and ensure prompt delivery. If you want a choice Easter roast or steak, send your order to H. C. Winch, Telephone connection. 2d79-1w14

The Eight Hour Movement.

Mr. Henry Loyd, of Toronto, will address a public meeting in Labor Hall, over China Hall, on Wednesday evening next. His subject will be "United Labor, its aims and benefits and the importance of the coming eight hour movement." As Mr. Loyd is considered one of the finest speakers in America on the above subject he will be well worth hearing. He will give some important facts in regard to the stand to be taken by the Federation of Labor in reference to eight hour movement on the first of May. The ladies are invited to be present, chair to be taken at 8 o'clock. Every one should come, admission free.

"Alvin Joslin" Here Next Week.

On Friday evening next, April 11, Mr. Chas. L. Davis company will open for one night only in Peterborough. Mr. Davis is famous as "Alvin Joslin, and will appear in a new play, of which the Boston Advertiser says:—"We can congratulate Mr. C. L. Davis on his new play, "One of the Old Stock," in which he plays the leading role of Alvin Joslin, the hearty old Vermont farmer. The large audience that completely filled the Grand Opera House last evening passed a favorable verdict on both play and player, to judge from the continuous laughter and hearty applause." 1d80

Sleepless nights, made miserable by that terrible cough. Shiloh's Cure is the Remedy for you. Sold by Geo. A. Schofield, Druggist Peterborough.

Re-elected Secretary and Manager.

On Wednesday afternoon a meeting of the Directors of the West Peterborough Exhibition was held at the Morgan House, when considerable business was transacted. Mr. Wm. Hetherford, President, was in the chair and present were Messrs. John Garbutt, A. P. Morgan, Geo. E. Elliott, S. Matchett, T. Brown, Jas. Davidson and the Secretary, Mr. Wm. Collins. The committees for the different departments were drafted and Mr. Wm. Collins was re-elected secretary and manager. The work of revising the prize list was taken up and almost completed, the directors sitting until evening.

Children Cry for Pitcher's Castoria.

A DISTRICT CONFERENCE.

GOOD FRIDAY WITH THE Y. M. C. A DELEGATES.

A Most Successful and Profitable Conference—The Bible, its Study and Use—The Christian Endeavor Society and the Association—An Evening Meeting in St. Paul's Church—The Women's Auxiliary and the Association Work—Address by Mr. R. Kilgour, of Toronto.

That the Young Men's Christian Association is exerting a vast influence for good throughout the world none will deny, and in few districts, outside of the large cities, is the work of the Association prosecuted more earnestly, more systematically or more successfully than in this Midland District. This fact would seem to be evidenced by the conference of Association representatives from the Midland District which opened in the rooms of the local Association here yesterday afternoon. Several active Associations were represented, while a large attendance of friends of the organization filled the hall to its greatest capacity. The delegates registered were:—Messrs. Walter Wesley, Henry Skitch and Wm. Craig, jr., of Port Hope; Messrs. F. C. Stephenson, John Henderson, and W. H. Hopper, of Cobourg; Mr. J. W. Ridpath, of Lakefield; Messrs. F. B. Utley and Chas. Matthews, of Lindsay; Mr. Robt. Kilgour, of Toronto; Mr. F. M. Pratt, General Secretary, Hamilton.

The Afternoon Session.

Mr. J. W. Bennet, Chairman of the Midland District, presided at the afternoon meeting, which proved to be of a most interesting and profitable character to all interested in Association work. The Association band was in attendance and led the singing.

IN OTHER PLACES.

The meeting opened with devotional exercises, after which the delegates from several of the Associations reported. These reports outlined the work that was being carried on in different places, and in every instance the results were most encouraging. Messrs. Henry Skitch, President, and Wm. Craig, Secretary, of the Port Hope Association, reported on behalf of that organization. The Cobourg work was presented by Messrs. W. H. Hopper, President, and Mr. F. C. Stephenson, Secretary, of the Association in that town. Mr. F. B. Utley, General Secretary of the Lindsay Association, made an encouraging report of the work in that town.

Mr. HAMILTON, a former resident of Lakefield, thought that an Association would find a good field for work in Lakefield.

This gave rise to the question of organizing Associations in the smaller places in the District, such as Campbellford, Millbrook and Lakefield, and some action in this direction may be taken.

THE STUDY AND USE OF THE BIBLE.

Mr. S. H. GRIFFIN, after a hymn had been sung, read an excellently written paper on "The Bible, its Study and use in the Work." The paper beautifully spoke of the importance of the Word of God and the help which it would be to all in the work. Young men engaged in the work should have their own Bibles and not depend upon memory, as by so doing they often failed to give the Scriptures in its full connection. Mr. Griffin advocated the use of Bible helps, but warned them against accepting the teachings of even illustrious teachers if they did not harmonize with God's. They should take the Holy Spirit as their teacher and guide. They should study the whole Bible, with the one object to know Jesus. If their study only led to a doctrine it was in vain, but if it resulted in the student finding a Saviour, a King, and a Captain they would find a pearl of great price.

This paper was discussed very profitably some for time, after which another hymn was sung.

THE Y.P.S.C.E. AND THE Y.M.C.A.

Mr. CHAS. MATTHEWS, of Lindsay, next read a well-constructed paper on "The Y.P.S.C.E. and the Y.M.C.A. and how Mutually Beneficial." The paper was a practical one, speaking of the importance of the work of both these organizations, and pointing out that a co-operation and harmony should exist between the two which would make their relations of the most pleasant and cordial nature. The paper suggested several ways in which the one society could help and benefit the other. The look out committees of the Y.P.S.C.E. should kept in touch with General Secretary of the Association and furnish a means of access to the church for young men who came into the association. The other suggestions were in the line of union meetings where the workers in the one society would meet and become acquainted with the workers of the other.

This paper also brought forth considerable discussion. Mr. A. Johnston and Rev. P. Clifton Parker spoke to the paper and emphasized the suggestion of co-operation between the Chairman of the Endeavor Society's committee and the Secretary of the Association. Both of these gentlemen also advocated a union of the Endeavor Societies of the different churches.

After another hymn had been sung the session closed with the benediction by Rev. P. Clifton Parker.

The Evening Session.

The evening meeting, which was held in St. Paul's church, was intended more for the general public than the day sessions, but the disagreeable weather interferred greatly with the attendance. However there was a fair turnout, and the proceedings were of a very interesting character. From 7.30 until 8 o'clock a musical service was held, the Association band being present and rendering several sacred selections. The choir of St. Paul's was well represented and added greatly to the musical part of the programme.

At eight o'clock Mr. G. J. Early took the chair and seated on the platform with him were Rev. P. Clifton Parker, Rev. S. J. Sherey, Rev. Mr. Peer, of Norwood, Mr. R. Kilgour, of Toronto, Mr. G. M. Roger, President of the local Association, and Mr. Colville, the local General Secretary. The meeting opened with the singing of the familiar hymn "Onward Christian Soldiers." Rev. Mr. Peer offered an opening prayer and Rev. Mr. Parker read a passage of Scripture, after which another hymn was sung.

THE WOMEN'S ASSISTANCE.

Mrs. CRAICK, President of the Woman's Auxiliary of Port Hope, was then introduced by the chairman. This lady read an interesting paper on "How can the Woman's Auxiliary assist the Y. M. C. A." The paper was very complete in its character and beautifully dealt with the Auxiliary and Association work. In the first place Mrs. Craick gave a short sketch of the origin, mode and attainments of the Woman's Auxiliary, and said this sketch went to show that the Women's Auxiliary could assist the Association by lending that influence which emanated from Christian women and which tended to raise young men to a higher standard. They could also assist by aiding the workers in the Association and by the ladies using their individual influence with the young men. There were many ways which could be suggested in which the Auxiliary could help the Association and she dwelt in beautiful language upon the Christian unity and organization which should pervade a Woman's Auxiliary. They should never try to supersede the Y. M. C. A. and Mrs. Craick went on to point out the obvious reasons why the Woman's Auxiliary should never seek to enjoy the special privileges of the Association. In closing the paper referred in beautiful language to the value of the young men in the nation, speaking of them as the pride of the mothers, which was the keynote of the women's work for the Association. If the Auxiliary faithfully sought to carry out the aims for which it was organized Mrs. Craick said it could not fail in many ways to assist the Association.

THE BUSINESS MEN.

Mr. ROBT. KILGOUR, President of the Toronto Association, after another hymn had been sung, gave a short address, his subject being "Why Should Business Men Support the Y.M.C.A." After his opening remarks Mr. Kilgour said that any reasons he would give why business men should support the Y.M.C.A. would also apply to business men in the congregations and other Christian organizations. He believed the first duty of a man was to support his minister and his congregation. He referred to the apathy of the large majority of men in religious matters and dwelt upon the spirit of worldliness and money-making which seemed to pervade the world to-day. He said that through the travelling secretaries of the Association they were enabled to feel the spiritual pulse of the world, and it was gratifying to be able to say that many business men were taking an interest in spiritual affairs, and their influence was being felt in the cities and communities where they lived. There was still a great deal to be accomplished and the reason why the Association sought to rescue the young men was because they were the most important element of a country. A young man had decided for good or bad and taken his place in the community before he was thirty years of age. It was upon a realization of these facts that the Association was formed, and the speaker proceeded to give a short sketch of the history of the Association and its work, which he said, had been aptly called "a work by young men to seek to do good to young men." He referred to the great progress that had been made by the organization and the special advantages which its members enjoyed. He spoke of the many prominent men who were taking an active interest in the Association work and said that it paid to take an interest in spiritual and Christian institutions. In many households children were brought up to believe that the chief aim of man was to make money and religion was a secondary matter. The speaker said that if they were Christian people their chief aim would be to glorify God. Some said the Association did not accomplish all that it was intended to, but, he said, that when they considered that they were young men who managed organizations it was a wonder there were not more mistakes. If they had not accomplishing all they desired, still they were doing a great work among the young men. Spurgeon had said that it was the duty of all to support the Association, and in Philadelphia with its 100,000 young men they considered they could get along better without their church than their Associations. The best business men in the United, States, Wannamaker, of Philadelphia, Fairman, of Chicago, and Wm. E. Dodge, of New York, and many others gave testimony that this work paid. They all admitted that young men would have societies of some kind. They (the people of the town) were accountable, it might be said, for the stranger within their gates and the Y.M.C.A. was about the only society to which they could invite a stranger, and for this reason it should be supported. He spoke a word of eulogy of Mr. Colville, the General Secretary, and solicited for him the support of all Christians. In closing he spoke of the assistance and encouragement which the ladies could lend the work.

While a collection was being taken up to defray the expenses of the Conference the choir rendered an anthem.

THE YOUNG MEN IN INDIA.

Miss FRITH, a returned lady missionary from the Baptist Mission field in India, was then introduced. Mr. B. Canfield Jones, of Port Hope, was to have addressed the meeting, but illness preventing his attendance, Miss Frith kindly took his place. Her address was a description of the young men of Telegu, India, and the possibilities of work among them. Miss Frith's work was principally among the women of India, but her work among the men seemed to come to her, and she said her work among young men and the natives in general was advanced in untold ways by the young men whom she had instructed in the Scriptures. Miss Frith spoke of the condition of the English young men who went out to that country. She said they had no place to spend their idle hours but in the saloon, and she believed the Y.M.C.A. could do a great work among them. She told of the good results which had followed the organization of a Bible Class by herself and her language teacher and was confident that an Association would find a great field for work in that country. In closing she made an appeal for aid in establishing an Association in Telegu. She had already received a twenty-five dollar subscription for this object in Port Hope.

After the Y.M.C.A. band had sung an appropriate hymn in very good style, the meeting was closed.

The report of to-day's session is held over until monday.

TO-MORROW'S PROGRAMME.

There will be a mass meeting for men this evening, consecration meeting to-morrow morning at 9 30, a ladies' meeting in the Baptist church at 4 o'clock, a meeting for men at 4.15 and a farewell meeting in the George-st. church at 8 30 in the evening.

If your cough keeps you awake and restless by night, take Ayer's Cherry Pectoral and obtain immediate relief. This remedy allays inflammation, heals the pulmonary organs, induces sleep, and restores health. The sooner you begin the better.

Three of a Kind.

Last week Mr. Arthur Elmhurst, Otonabee, found his live stock on the farm suddenly increased. A cow had calved and presented to the astonished owner three calves, two heifers and one bull calf. The progeny are all alive and flourishing at last accounts.

May His Errors be Few.

A copy of the Bradford Sunday News received here contains a cut of Mr. J. R. Leady together with a short sketch of his record as a baseballist and an athlete. "Jimmy" will be remembered in Peterborough as he was captain of the local nine at one time. He is now entering the arena as a professional baseball player with bright prospects. He will cover left field this season for the Cleveland League team.

For Delicate, Sickly Children.

Scott's Emulsion is unequalled. See what Dr C. A. Black, of Amherst, N.J., says: "I have been acquainted with Scott's Emulsion of Cod Liver Oil, with Hypophosphites, for years, and consider it one of the finest preparations now before the public. Its pleasant flavor makes it the great favorite for children, and I do highly recommend it for all wasting diseases of children and adults. Sold by Druggists, 50c. and $1.00

The Good Friday Drunks.

Thursday night two drunks were gathered into the fold by the police. Samuel Detcher, jr., and Thos. Hatton, of Smith's Mills, were the names of the pair. They were allowed their liberty by the Magistrate yesterday morning in consideration of the holiday.

Still it Grows.

The police library continues to grow, and if the generous chord of the hearts of the citizens continues to be struck the force will be able to boast of quite a respectable library before long. The latest donations are six volumes from Mr. Barton Earle, including "Lippincott's Pronouncing Gazetter," and a nicely bound volume of Mr. Wm. Telford's poems from Mr. A. P. Morgan. The police, needless to say, are duly grateful and wish to return their sincere thanks to their thoughtful and generous friends.

Thursday Evening's Event.

On Thursday evening next you are cordially invited to an entertainment which is to be given by the Mission Band of the Baptist church in the Sunday school room of that church. An excellent programme has been arranged and a most enjoyable evening may be expected. The programme will commence at 8 o'clock. Admission ten cents, refreshments five cents extra. 3d81

Here's What You Want.

A special display of Easter meats is made at Mr. J. J. Howden's shop. He has some of the finest beef ever shown in Peterborough, the animals including first prize ones at Toronto and Peterborough. An excellent display also of mutton, pork, veal, hams, bacon, fancy meats, etc., to suit everyone. Please leave your orders early. Telephone No. 89. 2d79

Brevities.

—There was a very fair market this morning.

—The Town Council meets on Monday night.

—Port Hope's natural gas scheme has flattened out.

—Good Friday was a very quiet, uneventful day in town.

—There was a blank at the Police Court this morning.

—The Salvation Army are to have a "musical rang tang" on Monday night.

—The Property, Finance and License Committees of the Town Council met last night and disposed of some general business.

—An "At Home" will be held at Mr. Wand's, Lake-st., on Tuesday evening, 8th, in aid of the Mark-st. Methodist Church, Ashburnham.

—The St. Andrew's Church difficulty will come before the public again next week, as the Presbytery visitation to inquire into the affairs of the congregation is to be held on Tuesday.

—A special meeting of the W. C. T. U. will be held in their hall on Monday afternoon at half past three. Every member of the Union is most earnestly requested to be present as matters of special importance will be discussed.

When Baby was sick, we gave her Castoria,
When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria

That Hacking Cough can be so quickly cured by Shiloh's Cure. We guarantee it. Sold by Geo. A. Schofield, druggist, Peterborough.

—OUR—

SPRING EXHIBIT!

Any one will recognize the benefit of dealing with a house that shows a Large Range of Goods as well as the Newest Colorings and Styles.

In this connection we would mention the fact that we have several hundred different Styles in our Tweed Department embracing many new and novel effects. Our selections have been made from the markets' choicest offerings.

We would state to those who contemplate ordering their Spring Suit that we have been favored with a very large trade and would esteem it a favor if buyers would order early.

Our facilities are now taxed to their full capacity and early orders will prevent delays

Never since our existence have we been so overwhelmed with work. What is the cause? The answer is easy. Our Styles are right, our Goods are right and our prices are right.

THOS. DOLAN & CO.,

CLOTHIERS & FURNISHERS,
390 GEORGE STREET.

The Daily Review.

SATURDAY, APRIL 5, 1890.

MISS BARFORD'S BONNET.

"After he had taken up the collection Farley put the bonnet on his head—you don't mind my telling, Farley?—and Miss Barford's wrap, all trimmed with beads and fringe, over his shoulders and walked around the room. He put on a look just like her—Farley can do those things—and we all laughed; some of us said that it was 'horrid,' or that if he wasn't careful he would get caught, but we all laughed—all except Sam Winthrop, that is—I forgot to say that Sam had sat down with his face to the wall, and put his fingers in his ears, and gone to studying as soon as we got up there, for he hadn't quite got the hang of that sentence.

"There was a large plate on the desk; it looked as if the chemistry class had been using it in experiments, and I took the Pharaoh's-serpent out of my pocket and lighted it on the plate. Perhaps you don't have Pharaoh's-serpents in New York? They look like innocent little wads of paper, but when you light one, a great long tailed fiery serpent bursts out of it. Horace Flint, whose father had sold out his drug store, had just given me a whole pocketful of them. That one went off splendidly. Farley leaned over the desk to look at it, and one of the long lace bonnets strings got into the plate and caught fire. I snatched the bonnet off Farley's head; it was all in a blaze. I saw there was no such a thing as putting it out without getting badly burned, and I flung it out of the window on the grass. Farley ran down stairs as fast as he could go, and tramped on the blazing thing. There was not a great deal of it left by that time, as you may imagine, but we were afraid it might set something on fire. We talked the affair over when Farley came back. Of course we knew we ought to own up at once; but when we thought how angry Miss Barford would be, we couldn't get up the courage. And Mr. Fuller cuts up very rough about some things. So we agreed that we would say nothing about it if we could help it, but that Farley and I would take all the money we'd been saving for the Fourth of July, and buy a handsomer bonnet than that, and send it to Miss Barford anonymously.

"I am sure I don't know how we got through that lesson; it was fortunate for us that Miss Bailey had a friend waiting for her, and was in a hurry, and not very particular. We were none of us disposed to linger about the schoolhouse, but we had to go to our own room to get our caps and things, and before we were out of the door we heard a great noise upstairs, and Mr. Fuller called down to us; 'Here! stop a minute! Did you see Miss Barford's bonnet?'

"It happened that Sam Winthrop was behind.

"'No, sir, I didn't,' said Sam.

"It was literally true, you know Sam, with his fingers in his ears, had not once turned round from the wall until Farley dashed out of the room. But Sam is as truthful as daylight, and it hurt him awfully to tell 'a falsehood of intention;' that's what Mr. Fuller calls such things. He wouldn't have done it for himself. It's no good blushing and denying, Sam; you know you wouldn't have. Mr. Fuller believed him, of course, and didn't ask us at all.

"Miss Barford was crying and carrying on dreadfully upstairs. 'Then it was Ann Jupiter!' she screamed. 'Send for a policeman at once to arrest Ann Jupiter! I'm sure they know something about it, those Jupiters, for I questioned little Pete, and he told a story about seeing a ball of fire shooting out of my window. Ann Jupiter has stolen my money! Perhaps it was careless to have money in that way but when the pay clerk brought my month's salary, I found that I had left my purse at home, and I put the money into my glove; then I rolled the gloves together, and slipped them under the lining of my bonnet. It was ripped so there was just enough space, and I thought the money would be perfectly safe. Ann Jupiter has stolen bonnet and all! Mr. Fuller will you send for a policeman?'

"Of course we couldn't hesitate then. Farley looked at me, and I looked at Farley, and we walked up together and 'faced the music.' We told the whole story, both talking at once, Miss Barford threatened to faint, and sent people this way and that for fans and smelling-salts. I think she really was astonished that time, although she forgot to say so. And Mr. Fuller kept saying, 'This is a very serious matter—very serious!' We said that Farley's father and my uncle would pay the money, and that we would buy Miss Barford a new bonnet, and she calmed down a little, though she still gave us awful looks.

"I must say Mr. Fuller was pretty good to us: I suppose he saw that we were feeling badly enough, and he always knows when not to talk. It makes us like him."

"Well, it seems to me that you got out of it very well," said Betty Carlisle, as Thody paused.

"The worst of it is we're not out of it," said Thody, with a groan. "Farley has got to work hard all the summer vacation to pay the money, instead of going yachting, as he expected, and my uncle says I have got to leave school right away, and go into Scratchett & Fling's office—they are brokers. I shall perfectly detest it. I wanted to go to college. I meant to be—" Poor Thody choked.

Betty Carlisle tried to console him by telling him that she thought a boy could make the wrong place into the right one by doing his best, and Sallie urged him to have a macaroon, and Ruth wanted to put more sugar in his tea, and I asked Farley to sing some of the Mikado songs, which Thody likes best: just at that moment there came a great knocking at the door, and Joe Pray rushed in. Joe is Thody's particular friend, and a very nice boy, although he won't go to afternoon teas.

"Such a jolly thing has happened!" cried Joe, almost out of breath. "Mr. Fuller sent me to tell you, Miss Barford has found her gloves and her money in one of the drawers of her desk. She staid to write letters after school this afternoon, and found them. She remembers now that she took them out of the bonnet, thinking it wasn't a safe place, and hid them away in the drawer. Mr. Fuller went to your house to find you, and he had a talk with your uncle; and Mr. Fuller told me I might tell you he had decided not to take you out of school, and that whether you want to college or not would probably depend upon yourself."

"If it depends upon myself!" said Thody, holding his head erect, and setting his teeth together tightly.

Such a time of rejoicing as we had! Farley came radiantly out of his gloom, but he interspersed his funny songs with good resolutions in a very remarkable way; he couldn't forget a moment what he had been through. And Ruth and I have still quite a weight on our minds, for the boys have commissioned us to buy Miss Barford's new bonnet.

THE END.

CALAMITY FOLLOWS CALAMITY.

Arkansas City Overwhelmed by the Floods and Shaken by a Terrific Storm.

NEW ORLEANS, April 4.—A special from Arkansas City received late last night says: Another wind and rain storm raged all night. The rain poured down all night. About 1 o'clock several strong blasts of wind in rapid succession severely tested the strength of every house in town and brought their occupants out of their beds. For several minutes it looked as though the town would be blown away. The terrors of a storm in a town covered by water to a depth from 8 to 12 feet can hardly be imagined. The Catholic Church, a fine structure, was blown from its foundation and considerably damaged. The building was flooded to a depth of 8 feet. All of the furniture and fixtures were damaged. A negro church was also blown over. Three or four residences were treated likewise.

This morning dawned bright and clear. The river has been falling all day after a rise of one foot last night on account of the rain. The back water is falling again, and if it should continue to fall for a few days the outskirts of the overflowed districts along Crooked Bayou would be sufficiently relieved for planting operations. The two Government boats have been busy all day relieving distressed people on the opposite side of the river. A barge is at Offutt's landing being loaded with colored families and their goods. They will be brought here to-morrow.

An Illinois Tornado.

GALENA, Ill., April 4.—A tornado passed over this city yesterday afternoon. It was accompanied by a deluging rain and a fearful rumbling noise which caused great fright among the people. No lives were lost and no person injured. Much damage was done.

At Urbana, Ill., three business houses were unroofed.

A small cyclone struck Monmouth, Ill., yesterday and some damage resulted. Several buildings were damaged and roofs blown away.

Against Repeal in Iowa.

WASHINGTON, April 4.—The Iowa senators and representatives were interviewed to-day regarding the Iowa prohibition law. Senators Allison and Wilson thought the law would not be repealed. Mr. Wilson said the repeal could not carry in the Senate, and besides the Republicans in the House one man who voted with the Democrats usually would vote against the repeal. If the question were submitted as before, instead of 30,000 majority for prohibition there would be nearer 50,000 majority. Prohibition, he said, was the forceful cause for the decrease in crime in Iowa.

The Bait Act to Be Repealed.

ST. JOHN'S, Nfld., April 4.—The Newfoundland Government has decided to repeal the Bait Act and hereafter French, American and Canadian fishermen will be permitted to freely purchase bait in Newfoundland harbors upon payment of tonnage and license fees, but the exportation of bait to St. Pierre-Miquelon will be prohibited.

The Outcome of an Indiana Revival.

KOKOMO, Ind., April 4.—A traveling evangelist recently held a series of revival meetings at Hamilton, Madison County, and made many converts, some of them being prominent citizens. The preacher required the new members to relate their sins publicly and several husbands made astonishing disclosures. Their wives have declared their intention of applying for divorces.

His Bride Is a Lawyer.

BOSTON, April 4.—Miss Lelia J. Robinson, the first woman lawyer admitted to the Massachusetts Bar, was married yesterday to Eli B. Sawtelle, a Boston business man. The happy couple left for Washington, where the bride will mingle business with pleasure by applying for admission to practice before the United States Supreme Court. Her marriage will not interfere with the continuance of her legal practice before the Boston Bar.

Scratched 28 Years

Body covered with scales. Itching terrible. Suffering endless. No relief. Doctors and medicines fail. Speedily cured by Cuticura at a cost of $5.

Cured by Cuticura.

If I had known of the CUTICURA REMEDIES twenty-eight years ago it would have saved me $200.00 (two hundred dollars) and an immense amount of suffering. My disease (psoriasis) commenced on my head in a spot not larger than a cent. It spread rapidly all over my body and got under my nails. The scales would drop off of me all the time, and my suffering was endless and without relief. One thousand dollars would not tempt me to have this disease over again. I am a poor man but feel rich to be relieved of what some doctors said was leprosy, some ringworm, psoriasis, etc. I took....and ...Sarsaparillas over one year and a half, but no cure. I went to two or three doctors, and no cure. I cannot praise the CUTICURA REMEDIES too much. They have made my skin clear and free from scales as a baby's. All I used of them were three boxes of CUTICURA and three bottles of CUTICURA RESOLVENT and two cakes CUTICURA SOAP. If you had been here and said you would have cured me for $200.00, you would have had the money. I looked like the picture in your book of psoriasis (picture number two "How to Cure Skin Diseases"), but now I am as clear as any person ever was. Through force of habit I rub my hands over my arms and legs to scratch once in a while, but to no purpose. I am all well. I scratched twenty-eight years, and it got to be a kind of second nature to me. I thank you a thousand times.

DENNIS DOWNING, Waterbury, Vt.

Cuticura Resolvent

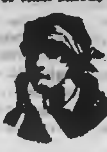
FREE FROM RHEUMATISM

In one minute the Cuticura Anti-Pain Plaster relieves rheumatic, sciatic, hip, kidney, chest and muscular pains and weaknesses. The first and only pain-killing plaster. 30c

JENKS' DREAM.

Jenks had a queer dream the other night. He thought he saw a prize-fighters' ring, and in the middle of it stood a doughty little champion who met and deliberately knocked over, one by one, a score or more of big, burly-looking fellows, as they advanced to the attack. Giants as they were in size, the valiant pigmy proved more than a match for them. It was all so funny that Jenks woke up laughing. He accounts for the dream by the fact that he had just come to the conclusion, after trying nearly every big, drastic pill on the market, that Pierce's Pleasant Purgative Pellets, or tiny Sugar-coated Granules, easily "knock out" and beat all the big pills hollow! They are the original and only genuine Little Liver Pills.

Beware of Imitations, which contain Poisonous Minerals. Always ask for Dr. Pierce's Pellets, which are Little Sugar-coated Pills, or Anti-bilious Granules. One a Dose.



SICK HEADACHE,

Bilious Headache, Dizziness, Constipation, Indigestion, Bilious Attacks, and all derangements of the stomach and bowels, are promptly relieved and permanently cured by the use of Dr. Pierce's Pleasant Purgative Pellets. They are gently laxative, or strongly cathartic, according to size of dose. Smallest, Cheapest, Easiest to take. 25 cents a vial, by druggists.

HEALTH RESTORER
AND
BLOOD PURIFIER
WILL CURE
SKIN DISEASES
PIMPLES, BLOTCHES
SALT RHEUM, HUMOURS & C.
SARSAPARILLA

Coughs, Colds, Croup.

Allen's Lung Balsam was introduced to the public after its merits for the positive cure of such diseases had been fully tested. It excites expectoration and causes the Lungs to throw off the phlegm or mucus; changes the secretions and purifies the blood; heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. Such is the immediate and satisfactory effect that it is warranted to break up the most distressing cough in a few hours' time, if not of too long standing. It contains no opium in any form and is warranted to be perfectly harmless to the most delicate child. There is no real necessity for so many deaths by consumption when Allen's Lung Balsam will prevent it if only taken in time. For Consumption, and all diseases that lead to it, such as Coughs, neglected Colds, Bronchitis, Asthma and all diseases of the Lungs, ALLEN'S LUNG BALSAM is the Great Modern Remedy. For Croup and Whooping Cough it is almost a specific. It is an old standard remedy, and sold universally at 50 cents and $1.00 per bottle. The 25-cent bottles are put out to answer the constant call for a Good and Low-Priced COUGH CURE. If you have not tried the Balsam, call for a 25-cent bottle to test it.

Allen's Lung Balsam

I CURE FITS! THOUSANDS OF BOTTLES GIVEN AWAY YEARLY.

When I say Cure I do not mean merely to stop them for a time, and then have them return again. I MEAN A RADICAL CURE. I have made the disease of Fits, Epilepsy or Falling Sickness a life-long study. I warrant my remedy to Cure the worst cases. Because others have failed is no reason for not now receiving a cure. Send at once for a treatise and a Free Bottle of my Infallible Remedy. Give Express and Post Office. It costs you nothing for a trial, and it will cure you. Address:—H. G. ROOT, M.C., Branch Office, 186 WEST ADELAIDE STREET, TORONTO.

READ THIS CARD.

Now we have the merchants where we want them, worked up to the highest pitch over our price of goods. We are slaughtering them doing the business, hence the jealousy. W. J. Morrow is actually receiving anonymous letters and cards what they, the writers, will do if he does not advance the prices of goods but he answers in the affirmative that the step has been taken to buy goods for cash and sell cheap giving his customers the benefit will be continued. One actually speaks of cutting goods still lower and quotes prices. Why I can drop goods spokenof to his figures and make money. So this youth had better post himself in buying before trying to compete with

W. J. MORROW

The Only Cheap Grocer, 340 George-st.

Copy of Post Card, Note the Spelling.

PETERBOROUGH, March 28th, 1890.

DEAR SIR,—I notifie you without any mallace in the matter whatever, but one thing certain if you continue quoting prices in the paper we will put salmon with all can Goods at 10½c. per can and it is no truble to sell suphur 30 or 35 lbs. for $1.00. There is no use in one man to think he is going to quote prices and others look on and if we start again there will be more of it than has been done, so you will please consider the matter at once. Yours etc.

MILLINERY NEWS

—AT—

TURNBULL'S

We had two delightful days for our Millinery Opening and were exceedingly pleased with the hearty response our townspeople gave to our invitation to come and inspect the new Spring Styles. We had previously announced that we did not look to make sales these days but expected as many as could make it convenient to pay us a visit and pass through without purchasing.

Notwithstanding this announcement when we came to count up the days sales in the various departments we found that they had far exceeded any similar occasion which was gratifying, being a proof that our friends and the public generally appreciated our endeavors to place before them all the new lines in Staple and Fancy Dry Goods as they come out of the hands of our Canadian and foreign manufacturers. We have just received a large shipment of Tapestry Carpets, the patterns are very choice and new, prices range from 30c. to 85c.

Flannelettes have come out in darker shades this year. We show some good patterns in Grey Stripes and Checks; remember them when you are buying children's wear. Our Curtain Nets, Art Muslins and Scrims are even a surprise to ourselves, they are so much cheaper than former years. See our Art Muslins at 10c. a yard.

When Buying Tweeds for boys call on us, we strongly recommend the goods we sell at 35c. a yard.

DOMINION DOINGS.

MRS. WEEKS FULLY COMMITTED FOR TRIAL.

Admitted to Bail in $8500—Another Scandal at Charlottetown—Another Proposition to Lease Convict Labor—Among the Politicians.

CHARLOTTETOWN, P.E.I., April 5.—The final act in the Weeks-Sutherland poisoning preliminary examination took place this morning, when Mrs. Weeks was sent up to the Supreme Court for trial. The judges fixed the amount of bail as follows: Two sureties in $2250 each and her own bonds for $4000. The bonds were signed this evening by J. J. Davies and T. A. McLean.

An Unfaithful Shepherd.

CHARLOTTETOWN, P.E.I., April 5.—Rumors of another scandal have been going the rounds here for some time, and the report of a committee of 16 members of the Baptist Church of this city finding their late pastor, Rev. Edward Whitman, guilty on the following counts was presented last night to the congregation: Associating with a young woman under an assumed name, misappropriation of church funds, untruthfulness. Mr. Whitman was pastor of the Baptist Church here for seven years and is now pastor of a large Church in Joliet, Ill.

CONVICT LABOR.

Mr. Mullarky's Proposal to the Department of Justice.

OTTAWA, April 6.—Another application for the use of convict labor has been received by the Department of Justice. M. C. Mullarky of Montreal has renewed his proposal to the Government to form a joint stock company for the employment of convict labor to manufacture in bond boots and shoes and ready made-clothing for export. The company, it appears, would require to obtain the right of importing raw material free and the labor of the prisoners free for a term of three years so as to teach them the trade, after which they would be ready to pay the Government so much per day for the convicts' labor. From the commencement they would allow a small amount per day to each convict, to be placed in the Government Savings Bank until the time of his release. This proposal, it is understood, has not yet been considered by the Government, and from the unsatisfactory experience which the Department of Justice has had in connection with previous efforts to utilize convict labor for contract purposes, it is very doubtful indeed if the scheme can be matured.

TORONTO TOPICS.

The Bricklayers' Strike—Dr. Montague's Election Contested.

TORONTO, April 7.—In a drunken row on Saturday an Italian named Muncio Rogers sliced off with an ax a big piece from the arm of a compatriot named Antonio Mare. Rogers was arrested after an exciting chase.

By a nearly unanimous vote the bricklayers decided at their meeting Saturday to strike for 35 cents an hour.

At the Ontario Veterinary College on Saturday 140 students were awarded their sheepskins.

A petition was filed at Osgoode Hall on Saturday to void the election of Dr. Montague, M.P. for Haldimand. The charges are bribery and other corrupt practices. Returning Officer Reichald is joined as defendant and is also charged with corrupt practices.

Dangerous Sport.

WINDSOR, April 6.—Arthur Finney, a 12-year-old son of Hector Finney, had his right foot badly smashed by a Grand Trunk Railway caboose yesterday afternoon. He, in company with some comrades, was playing in the railway yard when a train came in. The boy in company with some of the others caught hold of the caboose, and while swinging on the steps Finney got his foot under the wheels, mashing it in a horrible manner. It is thought the foot will have to be amputated. The injured boy is well known as being an expert Scotch dancer.

The Quebec Elections.

MONTREAL, April 6.—Premier Mercier has notified his followers that the provincial elections will be held within the next sixty days.

THE TWO BISMARCKS

CAN HAVE ROOM MADE FOR THEM IN THE REICHSTAG.

The Offer Not Accepted—The New Military Bill—Colonial Affairs Overshadow Home Politics in Berlin—Emperor William's Latest Army Order.

BERLIN, April 5.—It is reported the Emperor has again refused to consent to the publication of Prince Bismarck's letter of resignation. The public still declines to believe that the retirement of Bismarck is final, it being urged that he is by five years the junior of Gladstone and may still count upon a decade of activity. The Cartellers have offered to resign two seats in the Reichstag in favor of Prince Bismarck and Count Herbert Bismarck, but it is certain that the ex-Chancellor and his son will not accept them at present, whatever they may do at a later time. The Emperor, having declared that he will recognize only two parties—those for and against him—will be likely to disregard conventional party divisions and to seek the assistance of a Liberal-Clerical coalition. Thus Prince Bismarck in the event of his re-entering the Reichstag might seem to be in the unusual position of the nominal if not actual leader of the Opposition. The opening of the Reichstag and the royal speech are awaited with the keenest interest. Dr. Windthorst claims three indispensable concessions in return for his support of the Government—the return of all religious orders, religious teachings in the schools and the removal of a discretionary revocable character from all concessions.

According to The National Zeitung the new military bill provides for a permanent increase of 18,000,000 marks in the annual expenditures. For the moment colonial affairs overshadow home politics. Herr Vonderheydt, the financial backer of the East Africa Company, recently declared that Prince Bismarck's departure was the sign of a new and an energetic colonial policy. Herr Reichardt, the explorer, in a lecture showed that it is of the utmost importance to secure possession of Tabora, which place is further inland than Mpwapwa in the direction of Lake Tanganyika and the Victoria Nyanza. This and the strengthening of the treaty footing in the German sphere of interest appear from enquiry in the most reliable quarters to be the sole object of the Emin-Wissmann expedition. Emin has advised the conclusion of a treaty of peace with Bana Heri in order that his assistance may be secured in the advance of the Germans. The talk of the recapture of Wadelai is based upon mere surmise. The exact scope of the expedition will not be known until the bill of supplies is before the Reichstag.

Emperor William to-day issued an Imperial order that, in view of its incompleteness, the reserve infantry military officers system hitherto pursued, which provides that officers must come from the rank of the nobility, must be extended to include those noble by character, in order that the sons of honorable middle-class families may hold appointments in the army. The same rule will also apply to the civil service. The Emperor further disapproves the holding of commissions being dependent upon the private income of aspirants. He therefore decrees that the pay of officers of rifles, foot artillery and pioneers shall be increased by 45 marks monthly, that of officers of field artillery by 75 marks, and that of officers of cavalry by 150 marks. At much length he enjoins commanders to set an example of self-sacrifice to officers, and to check indulgence in unnecessary luxuries, the habit of making costly presents and giving frequent banquets, etc. It is the Emperor's pleasure that only commanding generals shall be expected to entertain. It must not occur that staff officers who have done good service shall feel any anxiety about facing sacrifices which might seem incumbent upon them if they held regimental commands. The Emperor desires that lists of aspirants shall be submitted to him with the names of officers who do not conform to the rules prescribing a simpler mode of life. He declares that habits of luxury must be seriously and firmly opposed and intends to a large extent to judge of the capacity of the officers by this standard.

Emperor William's decree relative to the army has made a great impression, especially as the wording conveys an apparent intention to exclude Jews.

The Reichsanzeiger publishes a series of articles supposed to have been directly inspired by the Emperor on social politics and reform. So far no definite projects are mentioned, but the tendency is towards legislation for the regulation of the working day and wage questions.

MURDERED BY TRAMPS.

A Conductor's Plucky Fight Against Fatal Odds.

LIMA, O., March 6.—As the third section of a freight train was pulling into a long side track half a mile west of here to-day Conductor Tuckey noticed six tramps getting into a box car of the train. He ordered them to leave and they returned insolent answers. Tuckey grappled with one, when one of the tramps discharged a gun inside the car. The shot missed, however, and Tuckey grappled with the gang but was finally himself thrown out of the car. The tramps then jumped out of the door on the north side of the car. Tuckey climbed over the train and as he alighted on the opposite side one of the gang produced a revolver, which Tuckey wrenched out of his hand. Two others then caught him, holding his arms so that he was powerless, when another placed a revolver at the conductor's left side and fired, fatally wounding him. Four of the tramps were arrested.

SHOT BY A NEGRO.

One Youth Killed and Another Wounded at Pittsburg.

PITTSBURG, April 5.—A shooting affray occurred on Fifth-avenue to-night, resulting in the killing of John O'Hara, aged 17, and the serious wounding of Martin Fahey, a youth of about the same age. The shooting was done by a negro named Lightner, and the victims, who were white, were innocent bystanders. The colored Knights Templars were having a parade, and as they passed McNulty's livery stable a white woman was jostled by the marchers. An unknown expostulated with the colored men, when a party of five young negroes standing on the pavement took up the quarrel. Lightner, who was one of the party, pulled his revolver and fired three times into the crowd. Lightner escaped.

Peel Conservatives.

BRAMPTON, April 7.—The Conservatives of Peel met in convention here Saturday and selected James L. Hughes of Toronto as their candidate to contest the riding with Mr. K. Chisholm, M.L.A., at the approaching elections.

Surrendered by His Bondsmen.

HALIFAX, April 6.—James McLeod of Whitehill, Pictou, who was committed for trial for poisoning his wife by mixing oxalic acid with her tea and was held in $5000 bonds, has been arrested. It was feared he would skip and his bondsmen withdrew.

THE CITY OF PARIS COLLAPSE.

Wild Rumors Afloat in London—The Company's Policy of Silence.

LONDON, April 5.—The accident to the City of Paris has called forth many columns of comments and descriptions, but in no English paper has any explanation of its cause yet appeared. There are conjectures, but no facts or no statement, authoritative or otherwise, of the one vital fact of the whole case—why did the starboard engine of this ship suddenly collapse? Much depends on the answer to this unanswered question. The collapse was violent enough to wreck the starboard engine, burst through the bulkhead which separated the starboard from the port engine, and bring the whole motive power of the great ship instantly to wreck. What caused it? If the owners know the public have a right to know. There are dark hints, suspicions and wild rumors which the company would do well to silence, if they can.

The City of Paris arrived at Liverpool on Wednesday, and there, as in Queenstown, efforts to discover the truth were vain. Strict orders, say the Liverpool papers, were issued by the company that no person should be allowed on board without special permission. No officer, engineer, stoker, sailor, or any person in any way connected with the ship was allowed to give any information whatever. Not content with suppressing the facts, the company, or somebody acting in their interest, has put forth a story that the water in the ship was only sufficient to replace the coal consumed on the voyage. The public are expected to believe, then, that the City of Paris when she left New York drew 27 feet of water astern to 25 feet forward. These critical views find no expression in the English papers, which are mainly occupied with well-deserved tributes to the captain, engineer and officers for their coolness, courage and good judgment after the accident occurred. Mr. Carnegie, the second engineer, who shut off the steam, meets, perhaps, less than his due share.

All that is well, but the attempt to conceal the true history of the accident is not well. It is admitted that a gale would probably have sent the City of Paris to the bottom. It is suspected that the engine broke down either from an original defect slowly developed by wear and tear, or, more probably, because this ship has been driven in all weathers at excessive speed. If these suspicions be unjust the company have only their policy of silence to thank for them.

A letter in to-day's Times raises a different but hardly less serious question. The writer asks whether the bulkheads between the two sets of engines were really closed. He says they were not closed on the sister ship, the City of New York; that there was not only a doorway, which he himself had seen open, but a passage made by removing a plate, through which he had walked. This, he thinks, may explain why the disaster involved both sets of engines, which could not, in his opinion, have occurred had faith been kept with the traveling public.

The Bell Rock Light Extinguished.

LONDON, April 6.—A fog signal prematurely exploded last night at the famous Bell Rock lighthouse off the east coast of Scotland. The dome was shattered by the explosion and the light was extinguished for the first time since the lighthouse was built in 1811. After the explosion a passing steamer had a narrow escape from being wrecked on the reef owing to the absence of the light. She was warned just in time by fog signals.

Unable to Fulfil His Promises.

PARIS, April 5.—M. Ballot has been appointed to succeed M. Bayol as French agent at Katonou, Dahomey. This change is made because the Dahomians, under threats of death, exacted from Bayol promises which France is unable to fulfil. To enforce her prohibition against the landing of arms in Dahomey, France will establish a blockade along the Dahomian coast.

LOSSES CAUSED BY FLAMES.

A New York Village Wiped Out—Incendiary Blaze in Michigan.

WATERTOWN, N.Y., April 5.—The business section of the village of Theresa, about 25 miles from this city, was entirely destroyed by fire this morning. Forty-two buildings were burned, involving a loss of something like $150,000 to $200,000. About 29 of the buildings were dwellings and the remainder were stores and shops.

BAY CITY, April 5.—Ross, Bradley & Co.'s planing mill, employing 150 hands, was destroyed to-night by fire, which broke out at 6 o'clock. The department was unable to check the flames, which spread to adjoining lumber piles and consumed 500,000 feet of the value of $[illegible]. Some of the machinery was saved. The fire broke out in a shed back of the mill and was of incendiary origin, it being the third attempt within six weeks to burn up the industry. The loss on the mill will reach $80,000, without insurance. There is a slight insurance on the lumber.

WORCESTER, April 6.—The Forest block was burned to-day. The ground floor was occupied by W. L. Davis, druggist; Hebbard & Co., drygoods; H. C. Livingston, confectionery, and C. B. Eddy, billiards. Loss $75,000.

PHILADELPHIA, April 6.—Fire in F. Middleton & Co.'s coffee, tea and spice warehouse here last night caused a loss of stock estimated at $30,000. Adjoining buildings were damaged $[illegible]. Five firemen were overcome by the fumes of burning pepper. Injuries not serious.

Chicago Carpenters on Strike.

CHICAGO, April 6.—The journeymen carpenters of Chicago held a gigantic mass meeting to-day and unanimously ratified the action of their Executive Council ordering a general strike to-morrow for an 8-hour day and minimum wages of 40 cents an hour. Five thousand men are expected to strike and the leaders predict that 1000 more will follow in a few days.

Exhibition Games Saturday.

A Surprised Heiress.

MONTREAL, April 6.—Constant Girardin, heiress to the estate of the late Ernest Chantaloup, brass founder, valued at $200,000, arrived here from France yesterday to claim the property. She had never seen her Uncle Chantaloup and the bequest was an entire surprise.

TRANSATLANTIC ADVICES.

LORD ROSEBERY'S IMPORTANT WORDS ABOUT HOME RULE.

Another Thunderbolt Launched at the Ministry—Lord Randolph Churchill on Irish Land Purchase—He Has a Scheme of His Own.

NEW YORK, April 6.—Mr. G. W. Smalley cables The Tribune from London: Much the most significant incident in the week's politics in England is Lord Rosebery's declaration in Edinburgh about Home Rule and the political future of the Liberal party. He began by telling his somewhat astonished Scotch audience that Home Rule is not a question of morals but of expediency. His great leader would be far more likely to say that it is not a question of morals but of faith. No vital principle, said Lord Rosebery, is at stake; again a view which seems to differ widely from the accepted Gladstonian view. Then follows this:

"I believe that the next election, whenever it comes and whatever result it may have, will in all probability, for our generation at least, settle the Irish question."

That seems equivalent to saying that if at the next general election the country once more gives a verdict against Home Rule, the Gladstonians will acquiesce in that verdict and Home Rule will disappear from the Gladstonian platform. Lord Rosebery is commonly supposed to be as deep in Mr. Gladstone's confidence as anybody. It might be rash to infer that he is now speaking for Mr. Gladstone; but he is at any rate speaking for himself, and he does in substance declare that he, for his part, will accept a decision against Home Rule as final if again pronounced by the country as a whole. He goes further, for he bases on this belief in the settlement of the Irish question the further belief that after this election the Liberal party is to be reunited. Such an opinion, expressed by a man in Lord Rosebery's position, high in the party councils and designated by Mr. Gladstone as his successor, cannot be lightly dismissed. The English Home Rule organs accordingly do not dismiss it, lightly or otherwise, but they have thus far ignored it. They neither affirm nor deny, nor has any voice been heard from St. James' Square, where Mr. Gladstone is immured, much engaged, say the faithful, in literary occupations.

But in dear old Scotland itself voices are heard. The chief Gladstonian organ in Edinburgh—a paper started to preach the pure Gladstonian gospel—is The Scottish Leader, not a very powerful sheet. Such as it is, it repudiates Lord Rosebery, tells him that Liberalism is not an empty name, repels the idea of reuniting with the Liberal Unionists, and declares that the question that divides the two wings of the Liberal party is a question of morals, by reason of coercion, if nothing else. The Liberal-Unionist Scotsman, on the other hand, describes Lord Rosebery's speech as one irradiated with genius. It appreciates its genuine feeling and accepts his faith in reunion as itself a guarantee of the essential unity of a party temporarily torn asunder. The whole incident is full of suggestiveness. The Scottish Leader represents, no doubt, a section of the Gladstonian party, and expresses that sentiment of sullen estrangement from its old allies which a section does cherish. But it need not be believed that this section is a majority, or that Lord Rosebery's view, founded on good sense and good feeling, will not prevail at the end.

Lord Randolph Churchill from amid the clear skies of the Parliamentary holidays has launched another thunderbolt at the Ministry. The Morning Post of Thursday published a letter 2½ columns long, in which he attacks the Land Purchase Bill with his usual point and vigor. This is but the first of a series of of three. He presses upon the party the danger of a measure which proposes to bring the great mass of Irish tenants in direct relation to the state as debtors. You are planning, he says in substance, to thrust upon Ireland a boon which Ireland does not want, in the face of warnings which no wise Minister would neglect. He quotes Lord Ashbourne, Lord George Hamilton, Mr. Goschen and Mr. Balfour himself, all ministers, against the policy now proposed. He quotes Mr. Chamberlain also, Mr. Gladstone and Mr. Dillon, and finally Mr. Parnell, who warned England only last December that if she chose to advance money for such purchase, Ireland might accept it, but would, when a convenient moment came, disown the debt and have power to resist its payment. That is Lord Randolph's justification for an argument based on the assumption that Irish tenants are dishonest, that public opinion in Ireland is ripe for repudiation, and that no bargain can be made which the Irish can be trusted to keep.

This view Lord Randolph enforces in his second letter, which appears this morning. This second letter is partly devoted to setting forth the illusory nature of the contingent securities by which the Ministry expect to secure the Exchequer against loss, should $165,000,000 advanced not be repaid. "In event," says Lord Randolph, "of some 130,000 tenant state debtors successfully repudiating payment to the state of $6,500,000 yearly, national education in Ireland is to be arrested, local government is to be impeded and impaired to the extent of $9,500,000 yearly, paupers are neither to be housed nor fed, asylums are to be closed, salaries of local officials to be unpaid, making and repair of roads and bridges are to be stopped and all other local purposes are to be interferred with." The state would have to carry out three operations simultaneously: recover its debts, enforce decrees of court against the defaulting tenantry and exact and collect from great districts a direct tax in reimbursement of its loss of rent—three impossibilities, says Lord Randolph. But he has a land scheme of his own, which he will set out next week. The Unionist press of London thus far takes little or no notice of these powerful letters.

For what port Lord Randolph is now making it is not easy to see clearly. He has renounced all hope of re-entering the present ministry and as far as they are concerned he now flings away the scabbard. He contented himself when the Parnell Commission was proposed with a private written protest to the First Lord of the Treasury. They paid no attention to that. If he speaks in the House he has to rely on cheers from the Opposition benches; nor can he speak for some time to come on this subject. So, as he evidently believes this Land Purchase Bill fraught with mischief to the party and the country, he appeals to the party and the country through the press.

Dom Pedro Improving.

CANNES, April 5.—Dom Pedro revived today and is improving. Prof. Charcot has returned to Paris.

CANNES, April 6.—Dom Pedro was much better to-day and dined with his family. He [illegible]

A Landslide on the West Shore Road.

TROY, N.Y., April 6.—A big landslide has occurred on the West Shore Road at [illegible] Johnsonville. An east-bound freight [illegible] it and Engineer Potter and [illegible] men are buried in the slide. The men are all dead. The slide occurred about 9 a.m.

Every Household

Should have Ayer's Cherry Pectoral. It saves thousands of lives annually, and is peculiarly efficacious in Croup, Whooping Cough, and Sore Throat.

"After an extensive practice of nearly one-third of a century, Ayer's Cherry Pectoral is my cure for recent colds and coughs. I prescribe it, and believe it to be the very best expectorant now offered to the people."—Dr. John C. Levis, Druggist, West Bridgewater, Pa.

"Some years ago Ayer's Cherry Pectoral cured me of asthma after the best medical skill had failed to give me relief. A few weeks since, being again a little troubled with the disease, I was promptly

Relieved By

the same remedy. I gladly offer this testimony for the benefit of all similarly afflicted."—F. H. Hassler, Editor *Argus*, Table Rock, Nebr.

"For children afflicted with colds, coughs, sore throat, or croup, I do not know of any remedy which will give more speedy relief than Ayer's Cherry Pectoral. I have found it, also, invaluable in cases of whooping cough."—Ann Lovejoy, 1251 Washington street, Boston, Mass.

"Ayer's Cherry Pectoral has proved remarkably effective in croup and is invaluable as a family medicine."—D. M. Bryant, Chicopee Falls, Mass.

Ayer's Cherry Pectoral,

PREPARED BY

Dr. J. C. Ayer & Co., Lowell, Mass.

Sold by all Druggists. Price $1; six bottles, $5.

The Daily Review.

MONDAY APRIL 7, 1890.

JOHN PATTERSON IS GONE.

I did not intend to touch upon this subject, only for this simple incident that prompted me to draw upon the muse. On Saturday walking past Mr. Leck's residence on Hunter-st., I met John's two dogs. They stopped and look up in my face with a deep expression of canine instinct. The scene kindled my thoughts.

Each week I walked along on Hunter-st.,
John and his dogs I frequently did meet;
Their ears were sharp—tails rounded like a bead,
In size and form type of the Greenland breed.
John always walked in head-bent attitude,
But when we met bold and erect he stood,
His ready jest, his comic laugh would rise
Till mirth and cough brought water to his eyes.
Saturday I met his dogs—John was not there
They looked at me with sad and piteous stare;
Not in man's words, in language of their own
Their meaning struck me, "Bill, our master's gone."

I do not mean to praise the silent dead,
Nor weave a false wreath round his grave-bound head.
It would be well if men through life display
More of his honest principles to-day.
He had his faults, the greatest was his own—
One all perfection I have never known,
And when he yielded to temptation's yoke
He hid it not with the dissembler's cloak.
Blunt in his manners, language unrefined,
In a rough casket virtues good we find;
Straightforward, sterling, honest to the core;
Mean, selfish, pilfering sternly did abhor.
Two faced deception in him found no place,
His inward thoughts he told you to your face;
To please or vex, on these you might rely,
His motto truth, he scorned to tell a lie.
St. Andrew's Society, too, his loss will feel,
For its success he worked with ardent zeal,
One of the oldest members on its roll,
Its name, its aim, was chisled on his soul.

He was trained up to good in youth, I know,
And when he erred its influence would show,
Recalling teachings in his youthful years,
Pious parents' prayers still whispering in his ears.
Without a warning he was not cut down,
Long weeks he lay beneath God's trying frown;
We doubt not, under his afflicting rod,
He earnest sought and found true peace with God.
Judge not, frail man, for you may deviate,
Forgive a fault and good traits imitate;
You do not know your neighbor's heart at all—
Some shining stars have been observed to fall.
It is not our prerogative to go,
Beyond the grave his future state to know,
I know his body sleeps beneath the sod,
I hope his soul lives very near to God.

WM. TELFORD, Smith.

Grandma's Glasses.

"Freddy, have you seen my spectacles?"

"Your gold-rimmed glasses, Gramma?"

"Yes."

"What you wear on your nose and see through?"

"Yes, where are they?"

"The glasses that Grandpa gave you?"

"Yes."

"For a Christmas present?"

"Yes; tell me where they are."

"Are they the glasses that you read the Bible with, Gramma?"

"Oh, yes! I'm getting impatient, Freddy. Get them for me."

"Glasses that *you read about David and Goliah with*, and the three children in the fiery furnace?"

"Yes; the same glasses. Tell me where they are, and quit asking so many questions."

"Do you want to read with them now, Gramma?"

"No; I want to sew."

"What are you going to sew, Gramma?"

"I want to hem a few handkerchiefs."

"For me?"

"No; for Grandpa. Where are those glasses, you little torment?"

"You can't sew with the glasses, can you, Gramma?"

"Of course I can. I can't sew without them."

"I thought you sewed with a sewing machine, Gramma."

"Oh, you aggravating boy! Look right at me! Now tell me where those glasses are?"

"Dunno."

"Haven't you seen them lately?"

"Nome."—Puck.

Charles Lamb's Habits.

The lachrymose and dolorous tones of respectability are forever heard croaking loud in lamentation that Lamb was a drunkard, which he never was, and could not have been, with his delicate organization. He was, I believe, a victim to what is now known as nervous dyspepsia; a malady partly congenital, largely acquired by his disregard of diet, of fitting hours of exercise—he would walk to excess often—and of all proper precautions. Although given to plain fare, and no gormandizer, he was fond of outrageous dishes, and fearless in his appalling experiments on his digestive apparatus. Like Thackeray, he had the courage of his gastronomic convictions, and has left an imperishable record of his love for roast pig, cow-heel, and brawn. "I am no Quaker at my food—I confess I am not indifferent to the kinds of it. . . I hate a man who swallows it, affecting not to know what he is eating; I suspect his taste in higher matters. *I shrink instinctively* from one who professes to like minced veal!"—admirable judgment! "C——— holds that a man cannot have a pure mind who refuses apple-dumplings—I am not sure but he is right." And about the roast pig, to Wordsworth: "How beautiful and strong those buttered onions come to my nose!" And of a present of brawn: "'Tis, of all my hobbies, the supreme in the eating way . . . . It is like a picture of one of the old Italian masters, its gusto is of that hidden sort."—Scribner's.

"When the spring-time comes," we usually find ourselves drowsy and exhausted, owing to the impure and sluggish state of the blood. To remedy this trouble, take Ayer's Sarsaparilla, the most powerful, yet safe and economical, blood-purifier in existence.

Catarrh cured, health and sweet breath secured, Shiloh's Catarrh remedy. Price 50 cents. Nasal Injector free. Sold by Geo. A. Schofield' Druggist, Peterborough.

TWO ARE DEAD.

A Servant Girl Suspected of Poisoning a Chicago Family.

CHICAGO, April 5.—George B. Noonan, a citizen of Englewood, died suddenly this morning, his wife a few hours later and their daughter is now seriously ill at the same place from the effects of poison that, it is thought, was administered to them last evening. A servant girl, Emma Stark, who has since disappeared, is suspected of the crime. She left this morning for La Porte, Ind. The police there have been telegraphed to arrest her. It has also been learned that a girl resembling the servant bought Rough on Rats at a drug store near the scene of the poisoning yesterday afternoon.

Frank Newland, a grown-up son, was also poisoned, and although made very sick it is not thought that his life is in danger. The maid servant had been in the service of the family only one day and no cause can be assigned for her commission of the crime, if she in fact committed it. Yesterday afternoon she complained that she was suffering with toothache and the daughter, Miss Grace, aged 18 years, gave her money to buy medicine to relieve it. The supposition is that she bought Rough on Rats, which she administered to the family at supper in some canned corn. Mr. Newland was a well-known citizen, a retired real estate dealer and lived in an elegant house in Englewood.

This evening a woman answering the suspected servant's description was arrested at the Park Theatre. She denied all knowledge of the poisoning or of the Newland family, though positively identified by a number of persons as being the suspected girl. The prisoner said she was a variety actress under the alias of Della Foster and that her real name was Mrs. Star, William Ray, her husband, from whom she was living apart, being a bill poster at Fort Wayne, Ind. She tells a rambling story of having a sister who is an almost picture of her, both in appearance and dress, and who is the wife of a railroad man named Ed. Favorite, at Peoria. The police took little stock in the sister story, but promptly placed the supposed prisoner behind the bars. A sad feature of the case is the fact that the Newland family in taking the servant were doing an act of charity. The Anchorage Mission, from which they obtained the servant, has been constantly helped by the Newlands financially and otherwise. It is a refuge for women in the disreputable quarter of the city.

THE MISSISSIPPI FLOOD.

Precautionary Measures at Greenville—The Sunflower Inundation.

GREENVILLE, Miss., April 6.—The crevasse at Catfish Pond is now 1800 feet wide and still increasing. Washington-avenue, the main business street, is one sheet of water from the corner of Poplar-street to the race-track and water is making its way over the sidewalks into the stores. A great many people had to vacate their houses to seek higher quarters. All the ditches and other channels leading to the southern high portion of the town are being dammed up to preserve the ridge situated between Washington and Canal-avenues from being flooded, as this spot will perhaps in a few days be the only available piece of land where the many horses, mules, cattle, etc., can be congregated and kept out of the water until the flood falls.

Parties who arrived here to-day from Greenwood, the greater part of their journey being made in skiffs, describe the situation in the Sunflower lowlands as a terrible sight to look upon. At an astonishing speed the water is spreading over the vast improved and cultivated lands and forests of the planters, many of whom would have been at the end of another week through with their planting. Houses of all descriptions and fences in long sections are easily carried away by the terrible current and every conceivable household object is seen floating down the Bogue Phalia swamps. Stock and worldly effects that can be transported are now being hurried to the front by those who have not taken precautionary steps. In the neighborhood of Skipwith tents are badly needed by the colored people. Food will soon be needed, and if not provided there will be great suffering. The Government officers have done a great deal of good in that section, but as there are other localities which are showing signs of distress their means have to be divided.

Seven Negroes Drowned.

VICKSBURG, April 6.—A raft containing twenty negroes who were trying to escape from the flood, was capsized yesterday in the mouth of Bogue Falaya, the rapid current having carried the frail craft against a tree. Thirteen of the crew reached the shore alive.

Burglary at Strathroy.

STRATHROY, April 5.—Berry & O'Dwyer's liquor store in Front-street was entered last night by some unknown persons and robbed of $40 or $50 worth of liquor. Entrance was made by the breaking of a plate glass window and the contents of the window were stolen.

A Rich Donation to McGill.

MONTREAL, April 6.—Mr. W. C. McDonald has given $150,000 for the endowment of the law faculty of McGill and $50,300 for the founding of a chair of experimental physics.

A Matter of Etiquette.

A woman who has studied the question a good bit was speaking to me the other day of the difference between New York and Chicago cafe etiquette. "In Chicago," she said, "no lady thinks of taking a glass of wine at a public restaurant. Should she order wine for her luncheon at Kinsley's or the Richelieu she would be socially ostracised. At Del's or the Brunswick here the reverse is true. It is a common affair to see ladies order wine at either of these places and nothing is thought of it." The New York feminine swell never goes to the opera or to an assembly with a man. She goes with her maid unless she is to be of a party. A veritable sensation was made the other night at the opera by the appearance of a sweet creature who came in in the middle of the second act accompanied by her maid. The lady was fair to look upon, and her frock was very smart, but she had, as it were, laid herself out on her Dorcas. The maid was a very pretty girl, several years younger than her lady. She wore the stiffest and smartest of capes, and as she slipped off her cape showed to an awe-stricken audience that she wore a black stuff gown, high-necked but with shoulder-sleeves! Long black gloves were worn which did not quite reach the shoulder and which left an inch or two of the pretty, bare arm exposed. There really seems to be no valid reason why a maid should not expose her anatomy as well as her mistress, but it is an innovation, to say the least.

Ireland's Great Champion.

It is newly rumored that Charles Stewart Parnell will soon come to America for dollars. He will get them, it is said, by lecturing. Some of the descriptions of Parnell are remarkable for inaccuracy. Scarcely one agrees with another on the make-up and presentability of the Irish leader, and yet there is nothing remarkable about him. He is tall, slender and courteous, and has the air of confirmed ill-health. His cheeks are pallid, his neck thin and his shoulders bowed. In manner he is absolutely and indubitably the most imperturbable man in the British Parliament, and when it is remembered that he is the target night and day for an endless amount of abuse and assailment, his composure is all the more wonderful. His popularity is not only with people, but with the great men of England as well. No matter how bitter the denouncement of the Irish leader may be by the Conservatives, there is always a deep and wholesome sentiment of admiration for the uncrowned King of Ireland. All the talk about the sum of money which he receives is absurd. If he had an income of $10,000,000 a year it would not be conducive to his comfort in the slightest degree, for his diet is restricted to the commonest food, he does not care for fine clothes, and his life is passed constantly in study and work.

FARM AND GARDEN.

DEVOTED TO THE INTEREST OF FARMERS AND STOCK BREEDER'S.

Facts About Feeding Swine of Interest to Those Engaged in Practical Pig Producing—Illustrated Plans of Pig Troughs That are Worthy of Consideration.

Most farmers think that any kind of a trough is good enough for a hog to drink from. Be that as it may, everybody knows that as soon as any liquid is turned in the trough all the hogs in the inclosure crowd about the spout to obtain the first taste, the weaker ones being obliged to wait until the bottom of the trough is flooded ere they can quench their thirst or appease their hunger. All this crowding and unequal feeding may be regulated, says a correspondent in Rural New Yorker, by the simple appliance shown in Fig. 1.

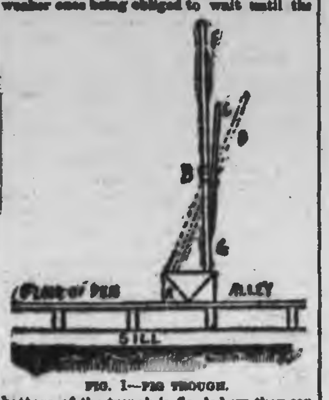

FIG. 1—PIG TROUGH.

A trough, A, is located beside a fence or division in the pen, a board, G, about a foot and a half wide is hinged to the portion at B. When feeding is to be done pull on the handle C when the position indicated by the dotted lines is assumed; you can then pour in the swill or coarser feed and distribute it evenly in the trough. The handle C is released and the occupants simultaneously commence eating.

The plan shown of Fig. 2 is intended to prevent crowding. The top of the trough is divided in separate apartments by cleats, as shown. They should be made of hard wood with rounded edges and firmly nailed not more than one foot apart. The plan shown at Fig. 1, while more expensive, is well worth the extra outlay.

The following summary of results as obtained by Professor Hunt, of the Illinois College farm, in his experiments can hardly fail to be of interest:

It required 12-80 pounds of skim milk to produce one pound of pork when fed with corn meal, ratio 1 1-7 to fattening hogs.

It required on an average 4½ pounds of shelled corn to produce a pound of pork during an average period of four weeks, or one bushel produced 13½ pounds.

It required 4½ pounds of corn meal to produce one pound of pork, or one bushel of corn made into meal and fed will produce 12½ pounds of pork.

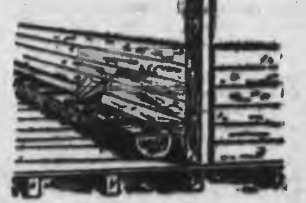

FIG. 2—PIG TROUGHS.

When fed dry, shelled corn is more economical than corn meal to feed fattening hogs.

It required 7½ pounds, or one-fourth bushel, of ground oats to produce one pound of pork, when fed with equal parts by weight of corn meal.

One bushel of corn is worth nearly three bushels of oats as food for fattening hogs.

Corn fed pigs gained 4½ pounds per week, and ate about 21 pounds of corn per 100 pounds of live weight.

Indian corn is the most economical pork producing material during the winter months in regions where extensively grown.

A Plea for Cross Bred Poultry.

A New Jersey poulterer makes a plea in American Agriculturist for market poultry obtained by proper crossing. He says: For market the desired points are an increased production of eggs and improvement for the table. These are the legitimate grounds which justify cross breeding. In crosses we combine quality with size, as, for example, Houdan on Cochin or Brahma, or Cochin on Dorking. The latter cross is after the English fashion. They take a good 2-year-old Cochin cock and mate with six good Dorking hens of a year old. The pullets of the cross are next season mated with game, and their produce is then marketed. Thus they gain size from the Cochin, and quantity from the Dorking. By the game cross very little in size is sacrificed, while another first rate cross in point of quality, is added. An Englishman, referring to this cross, once said: "The flesh is white as snow, and as savory as any aldermanic gourmand could desire." It must be understood, however, that nothing is gained by mating the progeny. Cross bred birds should never be mated together. When we make the cross we have the ideal of our experiment; beyond that there is a downward tendency. We do not believe any great success can be obtained in mating for increased egg production. That is, no cross can be secured that will give a higher egg record than that which some of our noted strains now have. It is principally for an improvement of table quality that we recommend interbreeding.

A Noted Breeder of Guernsey Cattle.

Vice President Morton is a noted breeder of Guernsey cattle. At his farm on the Hudson he has one of the finest herds of this breed to be found in the United States. Many of his animals have won prizes at state and county fair. Mr. Morton is also one of the directors of the American Southdown association, an organization that has for an object the *maintaining* of the purity and high standard of American bred Southdown sheep.

News and Notes.

The corn and oat yields for 1889 are reported the largest ever made.

The importation of fruit trees into Canada from the United States is largely on the increase.

A new scheme consists in especially constructed cars for the transportation of live poultry.

Kansas has a flattering outlook for a big winter wheat crop.

George W. Childs was elected president of the Pennsylvania Horticultural society on the occasion of its sixty-first anniversary.

News from the northwest confirms previous reports of great losses of cattle and sheep.

The Language of the Veil.

The art of adjusting the veil properly and coquettishly belongs to the Frenchwoman. To the Englishwoman the veil is almost purely an article of utility. The American woman is like her French sister over the sea. To the Spanish woman alone belongs the art and skillful arrangement of the veil in such ravishing folds that every good point of her features becomes prominent, while all the shaky ones retire to the background.

The fan and veil are the two weapons of warfare with which the Spanish woman attacks the world. They are her defence as a modest maiden under her duenna's eye, and they are her valued mise en scene when the duenna looks the other way. A playful toss of her veil or the languid opening or shutting of her fan are her resources in flirtation. Rob a fair Castilian of her mantilla, and then seek her beauty, and you will find that it has vanished.

GOING OUT LIKE FUN!

THEY ARE THE GOODS!

We had a rattling trade on Saturday. Though our British Columbia and Northwest Goods only got here by the noon train we had them on sale during the afternoon.

They Pleased Hundreds Mightily

and well they might as they are daisy bargains every one.

HATS - HATS - HATS

Hundreds of Styles. New, nobby and becoming. We are making quick sales, and no wonder for we ask only one half as much as the high priced Hatters. Get your Spring Hat from us.

GOUGH BROS. 377 and 379 George-st., Peterborough.

BITS OF SCIENCE.

With a view of testing the rapidity of electric welding, twenty pieces of one-inch common round iron bars with rough ends were recently welded together by two men in thirteen minutes.

It is claimed that wall paper can be made in such a way that the passage of low tension electric currents will heat it moderately warm to the touch and diffuse throughout the room an agreeable temperature.

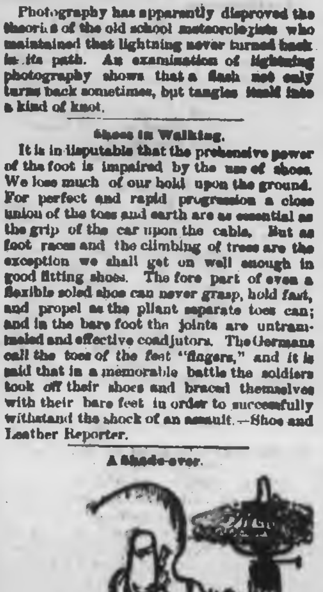
The conclusions reached by modern meteorologists are that cyclones of great intensity are ascending spiral whirls of wind having a rotary motion in a direction in the northern hemisphere opposite to the movement of the hands of a watch.

Photography has apparently disproved the theories of the old school meteorologists who maintained that lightning never turned back in its path. An examination of lightning photography shows that a flash not only turns back sometimes, but tangles itself into a kind of knot.

Shoes in Walking.

It is indisputable that the prehensive power of the foot is impaired by the use of shoes. We lose much of our hold upon the ground. For perfect and rapid progression a close union of the toes and earth are as essential as the grip of the car upon the cable. But as foot races and the climbing of trees are the exception we shall get on well enough in good fitting shoes. The fore part of even a flexible soled shoe can never grasp, hold fast, and propel as the pliant separate toes can; and in the bare foot the joints are untrammeled and effective coadjutors. The Germans call the toes of the feet "fingers," and it is said that in a memorable battle the soldiers took off their shoes and braced themselves with their bare feet in order to successfully withstand the shock of an assault.—Shoe and Leather Reporter.

A Shade-over.



"At present," says a fashion authority, "top-heaviness is the very essence of good style. All the cloaks, coats, and mantles are gathered or pleated on the shoulders, and furnished with a superabundance of capes.

Is the above curious close resemblance to the object in the right-hand top corner accidental or intentional, we wonder.

FOR MEN ONLY!

A POSITIVE CURE For LOST or FAILING MANHOOD; General and NERVOUS DEBILITY; Weakness of Body and Mind; Effects of Errors or Excesses in Old or Young. Robust, Noble MANHOOD fully Restored. How to Enlarge and Strengthen WEAK, UNDEVELOPED ORGANS & PARTS of BODY. Absolutely unfailing HOME TREATMENT—Benefits in a day. Men testify from 47 States, Territories, and Foreign Countries. You can write them. Book, full explanation, and proofs mailed (sealed) free. Address ERIE MEDICAL CO., BUFFALO, N. Y.

GRATEFUL—COMFORTING

EPPS'S COCOA

BREAKFAST.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there was a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—*Civil Service Gazette*

A Popular Five O'clock Tea.

The season is at hand when the corporation laborer quits work at five o'clock p.m. What he does after 5 o'clock is not clearly known, and doesn't matter, but the supposition is he goes home and drinks, as other people do, sundry cups of Hawley Bros fine and well flavored teas. Buy your teas at Hawley Bros., George-st. d71-w12

In Aid of the Poor.

The ladies of the Sewing Society will hold a social in the Murray-st. School on Easter Monday evening, 7th inst., at 8 p.m. A nice programme of vocal and instrumental music will be rendered, after which refreshments will be served. In all probability the band of the Fire Brigade will be present. The admission fee will be 10 cts. and it is to be hoped that, for such a deserving cause, a large crowd will be present. 2d79

Not Easily Forgotten.

Persons entering the premises of W. J. Morrow cannot easily forget the mistake they have made if they have been buying groceries elsewhere. Our announcements cause a great deal of discontent among people in our line owing to the success our cheap sales meet with. They pay 50 cents for Baking Powder when you can buy strictly pure in 1 lb. tins for 15 cents, 3 lb. tins Peaches, 15 cents each, French Peas, 15 cents per tin, Salmon, 2 tins for 25 cents. We are sacrificing all our lines of Teas, and certain to give you extra good value in all lines. W. J. Morrow, 340 George-st. 6d8-w12

Don't be too Hasty

in assuming that spring weather will rule. There's another month to straddle over before the linen ulster and palm leaf fan will be needful or fashionable. In the meantime the question of Tweeds is before you. Barring during a week or two of hot weather, a good tweed suit can be worn every day. Get such a suit, selecting the material, if you want it for little money, from the bankrupt stock of Duncan Cameron, now being sold at the old stand, George-st. Some splendid pieces of tweeds are still left and lots of trouserings. If you haven't bought your spring suit, do so at once and save money. Remember the sale and the place, Duncan Cameron's old stand, George-st. d81tf

Going to Toronto.

The rubber stamp factory of W.A. Carr & Co., is about to be removed to Toronto. Mr. Herb. S. Dixon is going into partnership with Mr. Carr, and the business will be continued by Carr & Dixon at 9 Adelaide-st. east. In addition to the rubber stamp business, the firm will do printing and carry a stock of commercial stationery. They will also publish a monthly paper, The Energetic Agent, devoted to the interests of agents generally. They are putting in new presses, type, etc., and will be in a position to do a good and satisfactory trade. Their place of business is centrally located and with the two energetic young men at the helm they will no doubt do a prosperous business. While regretting their removal from Peterborough we wish the firm of Carr & Dixon all success.

APRIL 15th.

Will you suffer with Dyspepsia and Liver Complaint? Shiloh's Vitalizer is guaranteed to cure you. Sold by Geo. A. Schofield, Druggist, Peterborough.

EASTER SUNDAY SERVICES.

The Special Services at St. John's Church Attract Large Congregations—Special Music Attractions—Other Churches.

Easter Sunday was not characterized yesterday by the bright, cheerful and auspicious weather which always seems in harmony with the occasion. Nevertheless the church services were all well attended, and one of the sermons in almost all the churches had reference to the resurrection.

AT ST. JOHN'S CHURCH.

The special Easter services at St. John's church attracted large congregations and as usual were of a most interesting, appropriate and cheerful character. The sacred edifice had been most beautifully decorated, the chancel especially having received more special attention from the decorating hand. This and the font presented a very bright, attractive and beautiful appearance. Masses of choice flowers surrounded the altar, behind which was a reredos of wood with white enamel panels, bearing a gilt and decorated cross with an Alpha and Omega on either side. Four magnificent brass vases of flowers had also been placed on the altar. The arrangement of the flowers, of which there was a profusion, was very effective, while a new brass alter desk and chancel screen were also used for the first time. The latter is a very tasteful piece of workmanship and was made by the Young Men's Bible class. It stands twelve feet high and bears on its face the words "Alleluia, Alleluia, Alleluia." At the eleven o'clock service there was a large congregation, and in the evening the crowd was so great that the aisles were filled with chairs. Rev. J. C. Davidson preached in the morning and Rev. C. B. Kenrick in the evening. The music was unusually elaborate, and had been selected especially for its appropriate, bright and cheerful character. The large choir present rendered the musical services with excellent and telling effect, especially at the evening service. In addition to the hymns, chants and responses, the following anthems were rendered:—"Dyke's" *Te Deum*, Seward's "Jubilate," Seward's "*Nunc Dimittis*" and Floyd's Easter Anthem. The male voices were particularly well sustained in the Easter Anthem. Two trios were very sweetly rendered by Mrs. Seward, Miss Hunt, Miss Bucke and Miss Hales. During the evening service Mrs. Seward sang the short solos, her voice being sweet and clear and was heard with pleasing effect in all parts of the church. The beautiful floral decorations, combined with the cheerful and well rendered music, were special beauties of the day, and the choir can be congratulated, for they certainly acquitted themselves well.

There were two celebrations of the Holy Communion, and the number of communicants was very large on both occasions, being greatly in excess of last year. The children's service in the afternoon was also largely attended and was made particularly interesting by the baptising of an eight-year-old boy. The choir went in procession to the font singing "Christ the Lord is Risen To-day." They formed round the font and assisted at the baptism, which was performed by the rector. Immediately the boy was baptised he was robed in a surplice and took his place among the other choiristers. The procession then re-formed and marched to the chancel singing "In Token that Thou Shalt Not Fear." The regular service was then proceeded with. The singing by the Bible class choir was better than ever before. Rev. Mr. Kenrick presided at the organ and the rector conducted the service.

IN OTHER CHURCHES.

The Easter services at St. Luke's, Ashburnham, were of a very interesting character and were attended by large congregations. The services were conducted by Rev. J. W. McCleary.

At St. Peter's Cathedral the usual Easter services were held. The congregations were very large, especially in the evening. Special music had been prepared for the 10.30 mass, at which His Lordship Bishop O'Connor officiated.

At St. Paul's church yesterday morning Mr. F. M. Pratt, General Secretary of the Y.M.C.A. at Hamilton, preached an appropriate Easter sermon to a large congregation. At the close of his discourse he referred to Association work and impressed the claims of the Association upon the congregation. Mr. T. S. Cole, Travelling Secretary of the Association, occupied the pulpit in the evening and delivered an excellent discourse. Rev. E. F. Torrance was suffering from a severe cold.

Rev. J. W. Bell, of Winnipeg, preached in the Charlotte-st. church yesterday morning and occupied the pulpit in the George-st. edifice in the evening. Both of his discourses were vigorous effort.

Mr. T. S. Cole, travelling secretary of the Y. M. C. A., preached in the Baptist church yesterday morning and Mr. F. B. Utley, of Lindsay, in the evening.

The St. John's church mission room in South Ward was also decorated for the services yesterday. A large congregation attended the services which was conducted by Rev. J. C. Davidson, assisted by Mr. R. Belcher and members of the Bible Class choir in surplice.

The Easter vestry meetings of St. John's and St. Luke's will be held this evening.

Rev. Mr. Wendell, of Pontypool, preached at both services at St. Andrew's church yesterday. Rev. Alex. Bell is in Toronto.

Still Needs! Still Needs!

ow in price, excellent in quality, neatness, in printing, promptness in delivery, at the REVIEW Stationery store, 380 George-st

Selling Out.

Kidd the booter is selling out his immense stock of the best boots manufactured. Selling out to make room for more boots to make a few more cents. Try his boots, the best. d67

Thursday Evening's Event.

On Thursday evening next you are cordially invited to an entertainment which is to be given by the Mission Band of the Baptist church in the Sunday school room of that church. An excellent programme has been arranged and a most enjoyable evening may be expected. The programme will commence at 8 o'clock. Admission ten cents, refreshments five cents extra. 3d81

The Spring Scraping.

George-st. was worse than a Lindsay street for mud on Saturday, but to-day the scene was changed. The heavy rain of last night softened the street to its bed, and to-day Street Inspector Pope put a gang of twenty or thirty men to work scraping the mud and accumulations of the winter from the road. It was needed.

Football at Norwood.

A very successful football meeting was held in the Norwood High School on the 29th inst. The following officers were elected for the coming season:—

HON. PRESIDENTS.—W. H. Stephenson and T. Fraser.

PRESIDENT.—A. F. Hutchinson.

VICE-PRESIDENT.—F. W. Truscott.

SEC.-TREAS.—J. M. Jory.

CAPTAIN.—H. Bewell.

CURATOR.—E. Wood.

COUNCILLOR.—J. Brackenridge.

A WORK FOR YOUNG MEN

THE DISTRICT CONFERENCE OF THE Y.M.C.A. CLOSES.

The Sessions on Saturday—The Special Sunday Services—The Ladies Addressed and Their Assistance Solicited in the Work—A Farewell Mass Meeting in the George-st. Church—Short Speeches in Order.

The Conference resumed at 9 o'clock on Saturday morning. Mr. Pratt conducted the devotional exercises. Mr. Skitch, of Port Hope, then took the chair and opened the proceedings with some remarks on the benefit of the work among young men.

THE WORK IN VILLAGES.

The question of "The Best Method to carry on Y.M.C.A. work in Villages," was taken up.

Rev. Mr. CROSS, of Roseboro, said that in many villages he believed an Association could be maintained in connection with Mechanics' Institute.

Mr. W. WALLBROOK gave his experience in holding meetings for young men in Bobcaygeon, and pointed out that the work should not be pushed forward too fast, but be built on a solid foundation. Organization of some kind was a requisite, and visits from neighboring towns would greatly aid the work in villages.

The discussion was continued by Messrs. Pratt and Utley, the latter suggesting organization on the basis of a Bible class.

Mr. COLVILLE said that he had visited a couple of villages and endeavored to get a committee of young men to work and to get the W.C.T.U. to furnish a room.

Mr. SAMUEL GRIFFIN pointed out the importance of securing the co-operation of the pastors.

The question was discussed for some time in a conversational way.

HOW TO DO IT.

The next question was "Our Work, How to Do It."

Mr. UTLEY, in introducing the subject, pointed out the advantages of friendliness in meetings, of tact in the invitation and other work and of effectively advertising the meetings. A training class was helpful in getting the young men to work, and he emphasized the importance of sticktoitiveness.

Mr. COLVILLE suggested an interchange of work by General-Secretaries for a short time.

Mr. UTLEY said that they should not be discouraged if their invitations were not accepted as freely as they would like. It was their duty to give the invitations.

Mr. PRATT said that in addition to rescuing young men, the Association did a good work in preventing young men from falling.

Mr. WARNOCKER spoke of the way educational classes assisted in drawing young men, illustrating it by referring to Montreal.

After further discussion of the subject the session was closed with prayer by Rev. P. Clifton Parker.

SATURDAY AFTERNOON.

The afternoon session was opened on Saturday at 2 30, Mr. Wm. Wallbrook conducting the devotional exercises.

HOW TO REACH YOUNG MEN.

Mr. J. W. BENNET read a paper prepared by Mr. R. A. Budge, of Montreal, on "How to Reach Non-Church-Going Young Men." One way pointed out was to have attractive rooms. There should be an invitation committee, who would make friendly visits to boarding houses, etc., and a calling committee, to call on young men coming to the town. In the evangelistic meetings they should have good music, bright, earnest teachers and friendliness. It was a good plan to secure an evangelist. Receptions for special classes had been found beneficial, and also periodical Sunday teas for new arrivals. Medical talks had proved attractive. In conclusion the writer dwelt on the importance of junior work.

Messrs. Colville, Pratt, Utley, Skitch and Cole took part in the discussion on the paper.

VILLAGE WORK.

Mr. T. S. COLE, Travelling Secretary, who had been absent in the morning, read a paper on "Village Work." He referred to two village societies established in Ontario, and dwelt upon the benefit one earnest, upright young man could be among his fellows in the village. An idle brain was the devil's workship, and work such as theirs was needed in villages. He would have enough method to keep the spiritual idea before the workers, and would not neglect the literary and social requirements of the young men.

FINANCES.

Mr. PRATT introduced the subject of "Y.M.C.A. *Finances*." This matter, he said, should be promptly attended to at the beginning of the year, so as not to be a drag on the Association. He mentioned some of the causes of failure, and outlined a plan that commended itself to him. It was for the finance committee to prepare an estimate of the expenses, and to get a list of persons to be called upon for aid. Then the workers should be called together and the list assigned. Meetings should be held weekly until the work was accomplished, and might be made socially pleasant as well as attending to the business. There should also be the greatest care in the expenditure. The paper was a thoughtful one and contained many good points.

There was considerable discussion on the paper. One plan suggested was to receive monthly contributions of stated amounts from supporters.

The Sunday Meetings.

Yesterday several special services were held in connection with the Conference and in the evening a grand farewell mass meeting was held in the George-st. Methodist church. A consecration meeting was held at nine o'clock in the morning in the local Association rooms, which was conducted by Mr. T. S. Cole, Travelling Secretary of the Association. This meeting was a most enjoyable and profitable one for those who attended.

THE WOMEN'S WORK.

In the afternoon two meetings were held. One was for men only, held in the Y.M.C.A. hall and addressed by Mr. F. B. Utley, General Secretary of the Lindsay Association. The other was a meeting for the ladies in the Murray-st. Baptist church. The attendance was not large, but the object of the meeting may nevertheless be realised as a result. The proceedings were conducted by Mr. F. M. Pratt, General Secretary of the Hamilton Association. This gentleman gave a short address, which was well-timed and fell upon most attentive ears. Mr. Pratt explained to the ladies the aim of the Association work—to perform a definite work for Christ by giving the young men an attractive and comfortable place where they could build up their physical, intellectual and spiritual manhood. He then went on to point out the assistance which the ladies could lend in this work by the Woman's Auxiliary. The ladies could give great assistance socially. They could have a visiting committee which would undertake the task of furnishing the nick-knacks and little fixings which would make the room attractive and which only a woman's hand could make and place in position with taste. The ladies, Mr. Pratt hinted, could also assist the Association financially by swelling the membership of the Auxiliary and charging a yearly fee of one dollar. He instanced the work that was being done by the ladies in this direction in other places and urged them all to visit the handsome buildings of the Association when any of them were visiting the large cities. The meeting closed with a hymn and the benediction by Rev. P. Clifton Parker.

THE FAREWELL GATHERING.

At 8.30 in the evening the George-st. Church was filled at the mass meeting which was held as a farewell to the delegates attending the Conference. The members of the local Association and the delegates occupied the front pews, where also was seated the band of the local Association which led the singing during the meeting. Mr. T. S. Cole, the Travelling Secretary, conducted the meeting and had on the platform with him Rev. J. W. Bell, late of Winnipeg, Rev. M. L. Pearson, Rev. P. Clifton Parker, Messrs. G. J. Early, President of the Association here, G. M. Roger, F. M. Pratt, F. B. Utley and R. J. Colville, local General Secretary.

The meeting was not of the ordinary character. The hymns were short, and the addresses were also short but numerous After the opening hymn and prayer, Mr. Pratt read a passage of Scripture, and then followed the short, three-minute addresses, interspersed with the singing of verses of familiar hymns. Rev. Messrs. Pearson and Parker spoke first, welcoming the delegates here and endorsing and encouraging the Association in its work. Rev. Mr. Bell followed with a brief address on true holiness. Then Mr. Pratt gave an earnest address in which he spoke to the delegates, the members of the local Association and to the people of Peterborough. His remarks to the last were intended to awaken an active interest in the work among the young men, impressing upon them the importance and need of the work. He wanted to see a suitable Association building erected here. Mr. Utley, in his few remarks, spoke to the young men of their grand possibilities if they followed the Christian life. Mr. Roger was the next speaker and then Mr. Colville returned thanks to all who had attended and aided the Conference and spoke of the great blessings which he had received from the meetings. Mr. Early also spoke briefly, after which one-minute speeches were called for, and many of the members of the Association responded, expressing in one sentence the good they had received from the Conference or Association. Mr. Cole followed with an earnest address on the Association work and its importance.

The closing was one of the features of the meeting. The members of the Association joined hands in a circle, united in singing "Blest Be the Tie That Binds," and then repeated the Lord's Prayer. The meeting then dispersed with the benediction pronounced by Rev. Mr. Pearson.

Business College.

The Easter session opens Tuesday, April 8th. Intending students should enter at once. Special advantages to such. Apply to the Principals. 1d81

Snags.

Rev. W. F. Wilson, of Toronto, has been attracting large audiences in Toronto and Ottawa. Don't miss his address on "Snags" in George-st. church on Thursday evening, 10th inst. First class programme. Silver collection at door. 3d81

Are you made miserable by Indigestion, Consumption, Dizziness, Loss of Appetite, Yellow Skin? Shiloh's Vitalizer is a positive cure. For sale by Geo. A. Schofield, Druggist, Peterborough.

A Musical Rang Tang.

The special series of services of the Salvation Army held in connection with the welcome of Major Spooner, the new D.O., were continued on Saturday evening and yesterday. To-night the series will close with a grand musical rang tang, to which everyone is invited.

If your cough keeps you awake and restless by night, take Ayer's Cherry Pectoral and obtain immediate relief. This remedy allays inflammation, heals the pulmonary organs, induces sleep, and restores health. The sooner you begin the better.

An Appeal Entered.

Mr. J. E. McIntyre has entered an appeal against the judgment of Police Magistrate Dumble in the case of O'Brien vs. McIntyre. It will be remembered that Mr. McIntyre was fined twenty dollars and costs for selling liquor to Edward O'Brien, husband of the plaintiff and an habitual drunkard. The County Judge will hear the appeal.

The First of the Season.

The steamer Daisy made the first trip of the season on Saturday. She ran as far as Jubilee Point and made good time and the trip was made without incident. This is the earliest trip that is remembered on these waters. Capt. Claire Calcutt was in command. The ice is almost out of Rice Lake and a trip will be made to Harwood this week.

Kickers From England.

It is probable that a team of amateur football players from England will visit Canada this year. One of the promoters of the visit is Mr. W. Stirling, one of the best goal keepers in England and secretary of the famous London Caledonians. Mr. Stirling is a brother of Mr. J. Stirling, of Peterborough.

Going West,

Must have money and there is no time to lose. The vacant lots as well as the houses and lots must be sold before the fifteenth. Come quickly if you want to buy a home, under value. If any others want to sell, let me know at once as I have several customers to supply. There will be a big turn over next week. Comfortable rigs for buyers at 357 George-st. T. HURLEY. 3d81

Nothing adds so much to a person's appearance as a fine thick head of hair of even color, and to secure this use only Hall's Hair Renewer.

Personal.

Mr. Jas. Little, of Belleville, has been in town for a few days.

Miss Hill, of Brandon, Man., is in town visiting her uncle, Mr. W. H. Hill.

Rev. M. L. Pearson is at Lindsay attending court, having been called as a witness in a bigamy case.

Capt. Clare Calcutt goes to Kingston this week to enter as first mate on the steamer Scotia. Capt. Calcutt wishes to increase his nautical experience.

Several changes are to be made in the staff of the Montreal Bank here. Mr. P. S. McDonnell, teller, has been moved to London, Mr. Miles Hamilton will succeed him as teller, and Mr. A.W. Strickland will take Mr. Hamilton's place as ledger keeper.

For Delicate, Sickly Children.

Scott's Emulsion is unequalled. See what Dr C. A. Black, of Amherst, N.J., says: "I have been acquainted with Scott's Emulsion of Cod Liver Oil, with Hypophosphites, for years, and consider it one of the finest preparations now before the public. Its pleasant flavor makes it the great favorite for children, and I do highly recommend it for all wasting diseases of children and adults. Sold by Druggists, 50c. and $1.00

Holloway's Corn Cure is the medicine to remove all kinds of corns and warts, and only costs the small sum of twenty-five cents.

Children Cry for Pitcher's Castoria.

Equal Rights Mass Meeting.

A mass meeting of the friends of the Equal Rights movement in the East Riding will be held at Norwood on Monday, 21st April next, to consider the advisability of placing a candidate in the field, and for the purpose of nominating a candidate at the meeting.

That Hacking Cough can be so quickly cured by Shiloh's Cure. We guarantee it. Sold by Geo. A. Schofield, druggist, Peterborough.

—OUR—

SPRING EXHIBIT!

Any one will recognise the benefit of dealing with a house that shows a Large Range of Goods as well as the Newest Colorings and Styles.

In this connection we would mention the fact that we have several hundred different Styles in our Tweed Department embracing many new and novel effects. Our selections have been made from the markets' choicest offerings.

We would state to those who contemplate ordering their Spring Suit that we have been favored with a very large trade and would esteem it a favor if buyers would order early.

Our facilities are now taxed to their full capacity and early orders will prevent delays

Never since our existence have we been so overwhelmed with work. What is the cause? The answer is easy. Our Styles are right, our Goods are right and our prices are right.

THOS. DOLAN & CO.,

CLOTHIERS & FURNISHERS,

380 GEORGE STREET.

Brevities.

—The Town Council meets this evening.

—There was a blank at the Police Court this morning.

—A runaway on George-st. on Saturday evening caused a little excitement but no damage was done.

—The Presbyterial visitation to inquire into the affairs of St. Andrew's church will open at 9.30 to-morrow morning.

—Mr. Henry Lloyd, of Toronto, a well-known labor orator, will address a public meeting in labor hall on Wednesday evening.

—Rev. S. J. Shorey, of the Charlotte-st. church, will preach the anniversary sermon to the Oddfellows of the town on Sunday afternoon, April 27th.

Advice to Mothers.

Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.

Sleepless nights, made miserable by that terrible cough. Shiloh's Cure is the Remedy for you. Sold by Geo. A. Schofield, Druggist Peterborough.

New Advertisements.

TENDERS For Swing Bridge

TENDERS will be received up to the twenty third day of April, for the erection of an Iron Swing Bridge to replace the wooden structure over the locks at the Village of Hastings. For further particulars apply to the undersigned. The lowest or any tender not necessarily accepted.

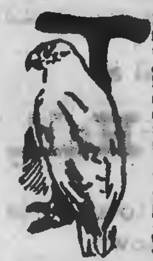
The Daily Review.

MONDAY, APRIL 7, 1890.

THE JUDGE.

CHAPTER I.



THE long library was the favorite room in the Barthwait House. When Judge Barthwait came home from his duties at night, he was almost sure to find his daughter there. It seemed like a foretaste of heaven to sit there in the twilight with Margaret. The fire, dancing between the expanse of pictured tiles, Nat, the grayhound, on the rug, the book-lined walls—next to Margaret, the treasure of the judge's heart—the shimmering curtains, the burnished bronzes, the [illegible] and Margaret with her [illegible] these, familiar as they were, seemed ever new, ever inviting, ever luxurious.

All that confidence and comradeship which a man usually gives to his wife, the judge, long a widower, gave to his daughter, and if he [illegible] companion somewhat jealously, he compensated for it by a devotion more chivalrous than fatherly in its nature.

Much as he prided himself upon his hospitality, he liked it ill, if, after a day of judicial perplexities, he found a third person [illegible] at the hour set apart for [illegible]. For the judge was a man [illegible] friends well knew, and as [illegible] knew much better than any one else.

Therefore, when he came home one stormy January night and found Margaret sitting by the fire with a stranger, it was not surprising that he should own to his annoyance with a gesture of impatience. The gas had not yet been lighted, and he could not see the features of the stranger, but by the way she sat on the edge of the leathern chair, and by the peculiar shooting forward of the head, that one sees often in the despairing, the judge knew her to be some suppliant for aid. Margaret sat opposite, idly stroking the parrot, her whole attitude expressing sympathy.

"Father," said she in a low voice, "this is the mother of the lad you sentenced yesterday."

The judge advanced with outstretched hand, a cordiality breaking through the natural hauteur of his manner.

"I am very sorry for what I had to do yesterday," he said. Pallid, abashed, bitter and none too clean, the little woman stood up and held her ground, bony hand in that of the judge. She could hardly believe that the voice she now heard was the same that had used such stern accents in the court room—the court room with its dreadful scenes. But she had come prepared to accuse, and she was not to be placated by a word.

"Yer honor," she said, with form and voice trembling, "Yeh may well be sorry! [illegible] to be sent where he's [illegible] the bull thing while it happened, an' I know he wan't to blame. I ought to know, I think! If it hadn't bin fur Jim, I would be a corpse this day, sir, an' I was tellin' yer da'ter."

"Sit down," said the judge, gently pushing her toward the chair. "I am glad to have a chance to talk with you. I think I can explain matters so they will seem—"

"I don't see that there's anything to explain, yer honor," broke in the woman. "He's been sent to the penitentiary for a bein' a hero, and savin' his mother's life, and you are blamin' him to punished fur it!"

She had evidently prepared her speech with much thought, but she could not speak it with the indignation she had meant to use, for the tears came uppermost. She began angrily playing with a stiletto that lay on the table. It was a dainty thing—as dainty as it was deadly—and the judge kept it among his belongings to serve as a paper knife, and as a reminder of Florence the beautiful.

"Madam," said the judge, watching the pitiful, trembling hand as it slipped the instrument in and out of its sheath, "your son's case was unfortunately handled."

"What difference would that make," cried the woman shrilly, "of the law was what it should be! Just listen to this, yer honor. I had been sick a month. I come down stairs in the mornin' to git breakfast. My husband—not the father of my boy, mind you—he has bin dead ten year—come in an' began growlin' because the meal wasn't fixed. I was sick an' I answered back pretty sharp. He had bin drinkin' the night before an' agin' in the mornin'. He got crazy mad in a minit an' picked up a pitchfork he had brought in with him, and come at me like a wild beast. Jim was just comin' out of the upstairs door, an' he seed me. He tol' him to drop the fork or he'd shoot. The ole man dropped the fork an' went fur Jim. They had a tussle. They looked terrible, I can tell you! They fought 'way acrost the kitchen, an' out of the door. The ole man give Jim a push off the stoop, an' when Jim was a-fallin', his fingers tightened naturally on the trigger of the revolver he had in his hand, an' off it went."

"Madam," said the judge patiently, "your lawyer pleaded that your son killed your husband by accident. In other words, that your husband came to his death by the accidental discharge of the revolver that was in your son's hand."

"An' he's right, sir. Then why is my son sent away; tell me? The only support I have and my left arm as stiff as a rail, yer honor, with the rheumatism. Accidental shooting, judge—an' then prison!" She drew the stiletto quite out of its sheath and played with it so recklessly that the parrot cried out, and leaped to his mistress' shoulder in alarm.

"Yes, but my dear madam, your lawyer then neglected to prove that the shooting was an accident. He proved, instead, that your husband deserved to be killed. I have no doubt he did, but it muddled the case sadly, you see, and I could only recommend him to mercy, which the jury did not see fit to grant."

"Oh, it's well enough to talk," said the woman, in a loud voice from which the tears had all departed. "I don't understand the points ye make, an' I don't see no justice in it. What is the law fur? Just to find excuses fur convictin' a man. Jim's a good boy, I tell you judge, an' them as has ruined his life—"

The judge motioned Margaret to leave the room. She did so with reluctance. The woman's manner made her afraid, and she could not help wishing that she would put down that stiletto. It may have been fancy, but she thought her father shared the feeling, for she saw him watching the woman's movements with a peculiar look in his eyes. The distress of the poor mother made her miserable, and all the way up to her room she battled with a sense of pain and oppression that was quite foreign to her natural gladness. However, there was an important matter to think about. She had to make a dinner toilet, for she and her father were to dine out.

Women have many delights that men know nothing about. Men, for example, do not know what it is to dress. Of course they put on clothes; but that is quite different from dressing. Were a man to be intruded upon in the midst of his toilet he might be angered, but he would not be embarrassed. Such a pursuit has no mystery for him. But when maids, such as Margaret, such as Margaret, dress, they draw the curtains close; they bolt the door; they move with caution, and they glance into the glass with a certain coyness. To draw on the perfumed stocking, to twist the hair afresh, watching the reflection of the moving white arms in the dimness, to pin the laces about the throat, to hide all the white embroideries under the dainty gown and to select the bracelets from the sharp-smelling cases, has a sort of mystic delight, such as a priest feels when he decks the Virgin's altar with lilies. It is, indeed, the coronation of innocence and of beauty—when the maids are such as Margaret.

There was nothing somber about Margaret—not even her dresses. She was not one of those women who look ugly and imagine they are modest. When she left her room, smelling of the roses she wore, her very walk showed that she was conscious of her ornate, symmetrical, pulsating self, and of her tender draperies. She felt a momentary chagrin that her father should pass her in the hall without noticing her.

"He will not be himself at dinner," she confided to her turquoise bracelet as she twirled it on her arm. "He will be judicial—and glum," and she laughed at her own little attempt at indulgence. She went back into the library, and was surprised to find that the room was still lighted by the high blazing fire, although the dusk had now deepened to dark. She pushed an ottoman under the chandelier with her bronzed boot and stood on tiptoe to light the gas.

As she did so she saw a sight that made her turn pale. She put one trembling hand to her mouth to check the cry that forced itself to her lips. On the chair where she had sat before she left the room, lay her gorgeous parrot, brighter than ever for the blood that streamed over his plumage. She made herself take the bird up—right through the splendid breast feathers was a small knife-thrust.

(To be Continued).

DEATH OF JUDGE BOTSFORD.

The New Brunswick Jurist the Victim of an Accident.

MONCTON, N.B., April 6.—Judge Botsford fell through a second-story window in the Moncton Club last evening and struck the sidewalk 15 feet below on his back. He was putting on his coat and is supposed to have fainted. He was picked up unconscious and grew steadily worse till noon to-day, when he expired. Deceased was 77 years old and weighed over 200 pounds. His wife, three daughters and a son survive him. He was a brother of Senator Botsford.

Death of General Renwick.

LONDON, Ont., April 6.—General Renwick, senior general in the British army, aged 9[illegible] years, died at his residence in Oxford street in this city last night at 11¼ o'clock. He had been suffering from influenza for three or four weeks past. The general has been a resident of London, Ont., for nearly 40 years.

Death of Rev. Mr. Toulson.

LONDON, April 6.—Rev. Mr. Toulson, president of the Primitive Methodist Conference, fell dead on the street to-day.

Death of Mr. Donald Chisholm, M.P.

NEW WESTMINSTER, B.C., April 5.—Donald Chisholm, M.P. for the New Westminster district, died at 5 o'clock this morning, aged 60 years. The remains will be taken to Antigonish, N.S., for interment.

MYSTERY FOLLOWS MYSTERY.

An Epidemic of Sensational Murders in an Ohio Town.

HAMILTON, O., April 6.—The body of Joseph Jacobs, jr., son of a wealthy citizen, was found this morning in the hydraulic reservoir. He has been missing since March 19. His skull was crushed in and his face disfigured. Every evidence exists of foul play. There is much excitement on account of the prominence of his family. This is the third case of the kind in this city within the past month.

Mr. Awrey Again Their Choice.

HAMILTON, April 6.—At a convention of the Reformers of South Wentworth held in the Young Men's Liberal Club rooms yesterday Mr. Nicholas Awrey, the present representative of the riding, was unanimously chosen as a candidate for the Legislative Assembly at the approaching elections. A resolution expressing confidence in the administration of Mr. Mowat was passed and Joe Rymal delivered one of his characteristic speeches.

A Wholesale Stabbing Affray.

NEW YORK, April 6.—There was a wholesale stabbing affray in the tough neighborhood in Cherry-street here this evening, for which Cornelius and John Curkin, brothers, were arrested. Their victims were all taken to a hospital. They were John Sloan, aged 50, severely cut in abdomen; Hanna Sloan, wife of above, cut over left eye; Mary Driscoll, aged 10, cut in left breast; James Norton, cut in the head and neck.

NERVOUS DEBILITY ORGANIC Weakness, Failing Memory, Lack of Energy, Physical Decay, arising from excess or [illegible] using some of the following effects:—Nervousness, Debility, Dimness of Sight, Self Distrust, Defective Memory, Pimples on the Face, Loss of Ambition, Melancholy, Dyspepsia, Stunted Development, Loss of Power, Pains in the Back, etc.; also Gonorrhoea and Gleet are treated with unparalleled success. Safely, Privately, no Mercury. Curable Cases Guaranteed. Write for information, enclosing stamp.

A HORSE WHO CAN TALK!
Everybody has heard of a "horse laugh," but who has ever seen an equine gifted with the power of speech? Such an animal would be pronounced a miracle; but so would the telegraph and the telephone a hundred years ago. Why, even very recently a cure for consumption, which is universally acknowledged to be scrofula affecting the lungs, would have been looked upon as miraculous, but now people are beginning to realize that the disease is not incurable. Dr. Pierce's Golden Medical Discovery will cure it, if taken in time and given a fair trial. This world-renowned remedy will not make new lungs, but it will restore diseased ones to a healthy state when other means have failed. Thousands gratefully testify to this. It is the most potent tonic, or strength restorer, alterative, or blood-cleanser and nutritive, or flesh-builder, known to medical science. For Weak Lungs, Spitting of Blood, Bronchitis, Asthma, Catarrh in the Head, and all Lingering Coughs, it is an unequaled remedy. In derangements of the stomach, liver and bowels, as Indigestion, or Dyspepsia, Biliousness, or "Liver Complaint," Chronic Diarrhea, and kindred ailments, it is a sovereign remedy.
GUARANTEED. "Golden Medical Discovery" is the only medicine of its class, sold by druggists, under a printed guarantee, from the manufacturers, that it will benefit or cure in every case of disease for which it is recommended, or money paid for it will be promptly refunded.
Copyright, 1888, by WORLD'S DIS. MED. ASS'N.
$500 OFFERED by the manufacturers of Dr. Sage's Catarrh Remedy, for an incurable case of Catarrh in the Head.

MILLINERY NEWS

—AT—

TURNBULL'S

The last two [illegible] days [illegible] Millinery [illegible] and were exceedingly pleased with the hearty response our townspeople gave to our invitation to come and inspect the new Spring Styles. We had previously announced that we did not look to make sales these days but expected as many as could make it convenient to [illegible] pass through without purchasing.

Notwithstanding this announcement when we came to count up the days sales in the various departments we found that they had far exceeded any similar occasion which was gratifying, being a proof that our friends and the public generally appreciated our endeavors to place before them all the new lines in Staple and Fancy Dry Goods as they come out of the hands of our Canadian and foreign manufacturers. We have just received a large shipment of Tapestry Carpets, the patterns are very choice and new, prices range from 30c. to 85c.

Flannelettes have come out in darker shades this year. We show some good patterns in Grey Stripes and Checks; remember them when you are buying [illegible]. Our Curtain [illegible] Art Muslins and [illegible] a surprise to [illegible] so much cheaper than former years. See our Art Muslins at 10c. a yard.

When Buying Tweeds for boys call on us, we strongly recommend the goods we sell at 85c. a yard.

TUESDAY, APRIL 8, 1890.

A TOWN WIPED OUT.

PROPHETSTOWN (ILL.) THE PREY OF A CYCLONE.

Wiped from the Face of the Earth—Twenty Freight Cars Smashed to Atoms—Many People Killed—The Wires All Down.

MINNEAPOLIS, April 7.—A special to The Tribune from Burlington, Ia., [illegible] at 11 o'clock to-night [illegible] is reported that Prophetstown, Ill., was blown away to-night by a cyclone. [illegible] wires are down and no details can be obtained.

BURLINGTON, Ia., April 7.—It is reported that Prophetstown, Ill., has been swept away by a cyclone. There are [illegible] twenty freight cars were [illegible] to atoms and that the whole town has been wiped from the face of the earth and many people have been killed. The wires are all down and at this hour ([illegible] m.) it seems probable that no additional information will be secured to-night.

A Kentucky Village Demolished.

LOUISVILLE, Ky., April 7.—It is just learned here that [illegible] Ferry, Ky., was almost completely demolished by the recent tornado. The village, composed of less than two dozen houses, is a considerable distance from any railroad. All the houses were in the path of the tornado. Men, women and children were buried beneath the ruins. Not a house remained standing and the whole surrounding country was covered with wreckage. Mrs. Laura Thomas, the wife of a farmer, was found dead by the side of a large tree [illegible]. An infant child of Farmer Fletcher was found beneath the ruins of its father's residence smothered to death. Seven or eight were injured badly but none fatally. The property loss will amount to $30,000.

THE LAMBTON MILLS OUTRAGE.

New Whitecaps "Reconstructed" [illegible] William F. Scott.

TORONTO, April 8.—In the Civil Assize Court yesterday Mr. Justice McMahon and a jury commenced the trial of the Lambton Mills whitecap case. Plaintiff William [illegible] alleges that [illegible] Scott, [illegible] and Richard [illegible] on the night of Nov. 22 last took him from his bed, placed him under his own pump, drenched him to the skin, placed him on a rough pole or rail, carried him to and fro, tossed him up and down, whereby his leg and hand were terribly lacerated. The defendants admit that they entered the house on the night of Nov. 22, "but they did so in a peaceable and quiet manner at the invitation and with the consent of the plaintiff, and as the plaintiff well knows, the only object which the defendants had in entering the plaintiff's house was to remonstrate with him for his violent and abusive conduct in beating his wife and to effect a settlement between the plaintiff and his wife." The [illegible] adjourned.

Killed by Sandbaggers.

NEW YORK, April 7.—Robert O'Sullivan, aged 27, a brother of Rev. Morris O'Sullivan, was found this morning sitting on a door step. He was covered with blood and bore marks of violence on the face and head. He died this noon from a fracture of the base of the skull. It is believed he was robbed and murdered by sandbaggers. O'Sullivan came from Ireland recently and lived in Auburn until three weeks ago, when he came here to buy a grocery. Several hundred dollars, a watch and chain are missing.

South Wentworth Conservatives.

HAMILTON, April [illegible] nominating convention of South Wentworth Conservatives two weeks ago to select a candidate to contest the riding with Mr. [illegible] in the approaching elections, met here Saturday afternoon. The choice fell upon C. D. [illegible] of Glanford Township. A ratification meeting will be held next Saturday afternoon.

A Kentucky Feud.

LOUISVILLE, Ky., April 7.—At Chambers' station near Mount Sterling yesterday Will Barnes and Kelly Daly were killed by Allen Barnes and George Stephens. The Barnes [illegible] cousins and the shooting grew out of an old feud. Daly was a bystander and had no part in the quarrel.

TRANSATLANTIC ADVICES.

MADAME TSCHEBRIKOVA IN THE CAUCASUS.

Stanley Condemns the British East Africa Company—Emperor William's Scheme for an Imperial Ministry—Preparations for Emin's Expedition.

VIENNA, April 7.—Madame Tschebrikova, who was reported to have been exiled for her letter to the Czar, is now at [illegible] in the Caucasus in strict police watch. She was conveyed thither [illegible] in a carriage without windows. No halt was made except in the open air, her food was abominable. She was constantly guarded by gendarmes and not allowed to speak to anyone.

Stanley on Africa "Sport."

ALEXANDRIA, April 7.—Stanley reproaches the British East Africa Company for allowing American and [illegible] sportsmen to [illegible] the resources of their territory—which he says will be required some day for military [illegible]—merely to decorate their [illegible] walls with [illegible], hides, and horns [illegible] return. It is better he says to allow the district to fall into the hands of Germany which will not permit English [illegible] in her territory. He had hoped Germany would prevent a single shot [illegible] for mere sport.

Stanley Sails from Cairo.

CAIRO, April 7.—Henry M. Stanley left here to-day for Brussels.

The Kaiser's Ministry Plan.

LONDON, April 7.—A Vienna correspondent says Emperor William of Germany has decided to create several ministers for the whole empire who shall be responsible both to the Crown and to the Reichstag. The chancellor is to be president of the new ministry.

Emin's Expedition.

ZANZIBAR, April 7.—The German officials are hastening preparations for the departure of the Emin expedition. It is believed the first objective point of the expedition will be the lake district.

Kemp Accepts McLean's Challenge.

SYDNEY, N.S.W., April 8.—Kemp has accepted McLean's challenge to row a race on the Paramatta River. The race will take place three weeks after the contest between [illegible] and [illegible].

RUINED BY DEFALCATIONS.

Failure of a New York Firm—The Branch Manager Short $150,000.

NEW YORK, April 7.—George K. Sistare's Sons' failure has just been announced on the Stock Exchange. There is a reported defalcation in the firm's Philadelphia office said to amount to $250,000.

Wall street men generally in talking of the suspension expressed doubts [illegible] that the defalcation of a quarter of a million could alone account for the disaster. The following is the only statement the firm would make until late this afternoon:

"Douglas Hilger was manager of George K. Sistare's Sons' Philadelphia office. That office was found to be short $150,000. Mr. Hilger died Saturday. This and the Baltimore defalcation of A. M. Stanton for $[illegible] a few years ago caused the suspension."

The Post's financial says the Sistares' failure was not due to any special or immediate event but was a case of "dry rot." The liabilities of the firm on the Stock Exchange are very small.

The liabilities of the suspended firm are put by street rumors at $400,000 and the amount of the defalcation at about the same. The firm was composed of W. H. H. Sistare and his brother-in-law, Harvey Clemens. It had branches at Philadelphia, Baltimore and Detroit, and did a large stock business by wire. Mr. Clemens said to-day the firm expects to resume soon.

PHILADELPHIA, April 7.—The only member of the firm of George K. Sistare's Sons who has been resident in Philadelphia was Douglas Hilger, who died at his home, here about a week ago after two weeks' illness. At the time of his death there was quiet talk on the street that Mr. Hilger's dealings with the firm were [illegible] until receipt of the despatches from New York to-day announcing the failure of the firm in consequence of a defalcation in the Philadelphia office. At the office of the firm, 115 South Fifth-street, this afternoon nothing could be learned regarding the matter. A couple of young clerks were the only persons in the office and they informed all enquirers that they had been [illegible] by the firm in New York to give no information to the public and the statement that the firm had suspended payment.

A St. Louis Failure.

ST. LOUIS, April 7.—Moses Fraley, the leading grain speculator on this market, failed to cover his shortage this afternoon and has suspended. [illegible] Fraley states that the cause of his trouble is that he was called upon to-day for $[illegible]. He said that if the parties would wait until to-morrow he would settle.

U.S. Silver Coinage.

WASHINGTON, April 7.—The House Committee on Coinage to-day authorized a favorable report on a bill for the [illegible] of the [illegible] to [illegible] the Secretary of the Treasury to coin the subsidiary silver coins of the United States which are abraded, worn, mutilated, defaced or otherwise unfit for circulation, or are of denominations for which there is no current demand, to be recoined into such denominations as may be required to meet the demand therefor. It provides that the loss incidental to the recoinage shall be paid from [illegible].

The War on [illegible].

CHICAGO, April 7.—[illegible]

Navigation Opened at the Sound.

OWEN SOUND, April 7.—Navigation will open to-morrow. The first boat to leave will be the steam barge [illegible] for Chicago. The Government tug Bayfield went into Georgian Bay to-day. There is very little ice in the bay.

A DEVOTED WIFE.

Mrs. Birchall Will Remain in Woodstock Until After the Trial.

NIAGARA FALLS, Ont., April 7.—Mrs. Birchall, accompanied by her father, Mr. David Stevenson, and her sister, Mrs. West-Jones, leave here on the 7½ train to-morrow morning for Woodstock. Mrs. Birchall and her sister will remain at Woodstock until after the trial of her husband. Mr. Stevenson will return here, thence to New York, whence he will sail on the White Star line steamer Germanic for England.

PROROGUED.

End of the Fourth Session of Ontario's Sixth Parliament.

TORONTO, April 8.—There were only 16 members of the Assembly present at the closing of the House yesterday afternoon. The usual military display was made and the Lieutenant-Governor delivered the formal closing speech as follows:

Mr. Speaker and Gentlemen of the Legislative Assembly:

Now that you have brought to a close your labors for this session and I am about to relieve you from further attendance here, I desire to express to you my high appreciation of the zeal and intelligence with which you have discharged your duties as representatives of the people.

The public measures which you have passed, having for their object the improvement of the municipal law, the better administration of justice, the simplification of the procedure in respect of mechanics' liens, the promotion of agricultural interests, the protection of valuable live stock and the amendment of the registry laws and the insurance laws, are, I am persuaded, in the public interest, and will be found to have been framed with a due appreciation of the ends to be attained.

I cordially approve of the amendments made to the Public and Separate Schools Act. Although it was already clear that no person was to be ranked as a separate school supporter except through his own voluntary act, [illegible] section 40 of the Separate Schools Act will, doubtless, tend to prevent [illegible] mistakes in the rating of public and separate school supporters respectively, and thus secure greater certainty with regard to assessments for school purposes.

It is gratifying to me to observe your continued desire to aid in every proper manner the interests of education throughout the province. Your sympathy was practically evinced on the one hand by the unanimity with which you [illegible] to the assistance of the provincial university [illegible], and on the other hand by the [illegible] schools in the new districts, where, owing to sparseness of population and other disadvantages, settlers have serious difficulties to contend with in [illegible].

I cannot dismiss the subject of education without referring to the excellent [illegible] made [illegible] by the [illegible] deputed to the University of Toronto [illegible] building that institution.

I am pleased to note that the [illegible] which you have adopted [illegible] regulations [illegible]. The act will [illegible] the [illegible] and comfort of the [illegible], and [illegible] the [illegible] of the province will be applied on more improved methods.

The measure amending the General Mining Act will afford [illegible] mining lands [illegible] of their lands in the [illegible] in which the lands lie, and for [illegible].

The amendments made to the Free Grants and Homesteads Act will, I trust, beneficially affect, not only those who may be within its immediate operation, but the free grant districts generally.

It is with much gratification that I give my assent to the act passed for the purpose of encouraging county councils in the laudable work of erecting houses of refuge in connection with industrial farms, and thereby relieving jails of the care of the poor and aged, [illegible] to the [illegible] of the act, and thus give effect to your timely legislation in this respect.

I have with much satisfaction observed your efforts to make more adequate the provisions of the law having for their object the proper care of [illegible], and [illegible] that children under the age of thirteen years shall be sent, not to penal institutions, but, where practicable, to duly certified industrial schools, where they may receive a training calculated to make them useful citizens.

I trust it will be found that the abolition of certain exemptions from municipal assessment has been in the public interest, your action having been largely, if not wholly, based upon communications to my advisers from the various municipal councils in the province, which had been considered with a view to ascertaining the extent to which public opinion would concur in changes to be made.

I have assented with pleasure to the amendments made in the liquor license law. They appear to be in accordance with the growth of public sentiment upon the [illegible] and to have received [illegible] sympathy and approval. I have no doubt [illegible] on this subject has been [illegible] in the public interest and will prove [illegible].

I notice that the private legislation this session has been unprecedentedly large, a [illegible] of an active population. These [illegible] many of which are of a very [illegible] character, bear evidence of having received [illegible].

I thank you for the liberal appropriations which you have made for the public service. The supplies which you have granted will be expended with care and in the public interest.

It now devolves upon me to bring to a close this, the last session of the sixth Legislature of Ontario. In doing so I wish to assure you that I take leave of you with a due sense of the wisdom and patriotism which have guided your deliberations. My hope is that your successors will be found to be not less earnest in fulfilling their duty [illegible] and that, like you, they will at all times have a just appreciation of the high trust which, as representatives of the people, will have been committed to their safekeeping.

[illegible]

NEW YORK, April 7.—The will of the late Thomas Hope, banker, leaving $[illegible] to build a hospital at Langholm, Scotland, his birthplace published, gives over $[illegible] to [illegible].

The will of the late Mrs. Mary Rogers of this city gives $[illegible] to charitable institutions, including $[illegible] to the Presbyterian hospital library at Binghampton, founded by her husband.

Peru's [illegible].

LIMA, Peru, April 7.—Pierola, the ex-dictator, finding he had no chance in the coming Presidential election, tried to foment rioting here and was locked up by the Government, whose action is supported by public opinion. Pierola has withdrawn his candidature and through an agreement between the other two candidates, the election will come off quietly Sunday next.

A RIVAL OF THE WELLAND.

PROPOSED SHIP CANAL AROUND NIAGARA FALLS.

The United States House Committee Decide to Report Favorably on Representative [illegible] Bill—The Route Proposed is 21 Miles in Length.

WASHINGTON, April 7.—The Committee on Railways and Canals to-day acted favorably on a bill introduced by Representative [illegible] of New York directing the United States to build a ship canal around Niagara Falls from a point on Lake Ontario to a point on Lake Erie.

The bill provides that the canal shall be located along one of the routes for which a project has been surveyed. The route favored is 21 miles long. It is provided the canal shall be located by a board composed of [illegible] the engineer corps of the army, two are to be civil engineers of [illegible] and the other to be, in the language of the bill, "a distinguished [illegible]."

The board is directed to make examinations of the existing surveys and to [illegible] all [illegible]. For this work $[illegible] is appropriated [illegible] the project $1,[illegible].

The canal is intended as an offset to the Welland Canal on the Canadian side of the Falls. Under existing conditions the United States is [illegible] and the [illegible] the Great Lakes and it would be utterly impossible [illegible] a squadron quickly and effectively in the event of war.

[illegible]

A DEAR LITTLE HUSBAND.

[illegible]

TRADE AND TRAFFIC.

[illegible]

TORONTO, April 8.—[illegible] prices down to 11 to 11½c, where they remain with large stocks on hand.

Butter is steady, but the holders have caused the usual quiet. Choice tub is quoted at 17 to 18c, good rolls 15 to 17c.

[illegible]

Apples are [illegible]. Cars on track $3.[illegible].

Very little No. 1 baled hay offering and prices are firm at $10 for car lots. [illegible]

[illegible]

Flour—Quiet but steady. Holders ask [illegible]

Wheat—[illegible]

Barley—There is a good demand and a firm feeling. Holders ask [illegible] for No. 2 extra outside and [illegible] for No. 3. [illegible]

Oats—The market is firm. Holders ask 35c and 35½c for mixed outside, with buyers offering 35c and 35½c.

Bran—Firm and unchanged. Cars on track $14.

Peas—Quiet with little demand. No. 2 outside offered at 56c.

Oswego [illegible]

Prince [illegible] of [illegible] and [illegible], head of the house of [illegible], is dead at [illegible].

[illegible]

[illegible], April 7.—It is reported that [illegible] Indians on Cree & Ortho [illegible] are suffering from want of food and that the aged and infirm are liable to die of starvation unless helped at once.

Every Household

Should have Ayer's Cherry Pectoral. It saves thousands of lives annually, and is peculiarly efficacious in Croup, Whooping Cough, and Sore Throat.

"After an extensive practice of nearly one-third of a century, Ayer's Cherry Pectoral is my cure for recent colds and coughs. I prescribe it, and believe it to be the very best expectorant now offered to the people."—Dr. John C. Levis, Druggist, West Bridgewater, Pa.

"Some years ago Ayer's Cherry Pectoral cured me of asthma after the best medical skill had failed to give me relief. A few weeks since, being again a little troubled with the disease, I was promptly

Relieved By

the same remedy. I gladly offer this testimony for the benefit of all similarly afflicted."—F. H. Hassler, Editor Argus, Table Rock, Nebr.

"For children afflicted with colds, coughs, sore throats, or croup, I do not know of any remedy which will give more speedy relief than Ayer's Cherry Pectoral. I have found it, also, invaluable in cases of Whooping Cough."—Ann Lovejoy, 1251 Washington street, Boston, Mass.

"Ayer's Cherry Pectoral has proved remarkably effective in croup and is invaluable as a family medicine."—D. M. Bryant, Chicopee Falls, Mass.

Ayer's Cherry Pectoral,

Dr. J. C. Ayer & Co., Lowell, Mass.

Sold by all Druggists. Price $1; six bottles, $5.

Children Cry for Pitcher's Castoria.

The Daily Review.

TUESDAY APRIL 8, 1890.

MUSICAL RANG TANG.

A Lively Meeting at the Salvation Army Barracks—A War Council.

A "musical rang tang," the closing of the series of meetings [illegible] or [illegible], was held in the Salvation Army barracks last night. There was a large attendance and the soldiers' seats were well filled. Major Spooner conducted the meeting and the visiting officers present were Capt. Mackenzie, War Cry [illegible]; Capt. Miller, Oshawa; Capt. Logan, Courtice; Capt. Greatrix and lieutenant, Uxbridge; Capt. Cunningham, [illegible]; [illegible]; Capt. Ward, Bobcaygeon; Capt. [illegible] and lieutenant, [illegible]; Capt. Wood, Omemee; Capt. Wills, Lindsay; and others.

The opening exercises were lively. [illegible] by a good [illegible] army who sang, and a "[illegible]" was introduced while it was being sung, the officers and many of the audience waving their [illegible] over their heads as they sang. [illegible] the roof it had the appearance of a couple of hundred [illegible] over the audience.

NOT A FUNERAL.

After the opening Major Spooner said that while, in one sense, this was a solemn occasion, they had met for a good time. This was not a funeral. He had been to his funeral some time ago. (A voice—So have I.) He had died to sin and had been resurrected to life in Christ. So had his comrades, and had they not reason to rejoice? He explained the recent changes and said that part of the Toronto division [illegible] of the city had been annexed to Peterborough, and part of this division had been added to Kingston. There were now [illegible] stations and [illegible] number of officers in this division. He asked the active sympathy of all in carrying on his work. He extended a welcome to the officers and welcomed those who had been in the Toronto division to this division.

Capt. Logan, introduced as a wild Irishman and the Army artist, sang a solo and danced to the chorus sung in concert. Testimonies from soldiers followed, and testimonials were also given by a number of officers. While the lieutenant was speaking Capt. Logan and Capt. Greatrix shouted "hallelujah" and similar exclamations frequently, while others joined in similar demonstrations, and these two captains broke into a dance to manifest their feelings. Capt. Wood sang a solo in good voice, followed by further testimonies. Capt. Logan's address was a particularly bright one, in which several amusing stories of Irish bulls were introduced. Capt. Greatrix made an intensely earnest appeal. Mrs. Spooner closed the testimony meeting and Major Spooner gave an exhortation, which concluded the first part of the meeting.

To-day a Divisional council of officers is being held.

Personal.

Messrs. Jas. Kendry and W. H. Law have been elected on the Executive Committee of the Canadian Manufacturers Association.

A Fraternal Visit.

This afternoon by the 1.30 train, Mr. Robt. Weir, Grand Master of the Royal Black Knights of Ireland, Mr. G. W. [illegible], Grand Secretary, and other local Orangemen left on a fraternal visit to the brethren of sister lodges at Keene.

The Song Service.

The members of the different choirs and other singers are most cordially invited to assist with the song service at the "[illegible]" meetings next week. All who can, please come to the rehearsal Thursday evening, 10th inst., at 7.30. Place, Royal Templars Hall, over Nugent's drug store.

Going West.

Must have money and there is no time to lose. The vacant lots as well as the houses and lots must be sold before the fifteenth. Come quickly if you want to buy a house under value. If any others want to sell let me know at once as I have several customers to supply. There will be a big turn over next week. Comfortable rigs for buyers at 357 George-st. T. HURLEY. 2481

Election of Officers.

A meeting of the Young People's Association of the Congregational church was held last evening when the principal business was the semi-annual election of officers. Mr. T. York, President, was in the chair. After the opening exercises the election of officers was proceeded with by ballot without nomination. The following were the elected:—

PRESIDENT—A. E. Scott.

FIRST VICE-PRESIDENT—A. E. Bush.

SECOND VICE-PRESIDENT—Miss L. Rutherford.

SECRETARY—Jas. Bradley.

ASSISTANT SECRETARY—J. W. Dennis.

TREASURER—Miss M. Bosch.

The topic for the next meeting will be "Prayer—Hindrances and Helps."

"When the spring-time comes," we usually find ourselves [illegible] and exhausted, owing to the impure and sluggish state of the blood. To remedy this trouble, take Ayer's Sarsaparilla, the most powerful, yet safe and economical, blood-purifier in existence.

Catarrh cured, health and sweet breath secured, by Shiloh's Catarrh remedy. Price 50 cents. Nasal Injector free. Sold by Geo. A. Schofield Druggist, Peterborough.

THE PETERBOROUGH PRESBYTERY.

The St. Andrew's Visitation Postponed on Account of Mr. Bell's Illness.

The Presbytery of Peterborough met at St. Andrew's church this morning, in accordance with adjournment.

The Moderator, Rev. D. A. Thompson, was in the chair, and there were present Rev. Messrs. J. Cleland, J. Ewing, W. C. Windell?, [illegible], P. Duncan, D. Sutherland, J. Cameron, E. F. Torrance, W. White, W. H. Jamieson, J. Carmichael, J. McEwen, R. Hyde, W. MacWilliam and H. [illegible], and Messrs. W. B. Roxburgh, J. Carnegie, A. Fairbairn, R. [illegible] and R. [illegible].

QUESTION OF PRIVILEGE.

Rev. Mr. Ewing rose to a question of privilege. He had received a note saying that he had charged the Managers of St. Andrew's church with working to nullify the influence of the minister by [illegible] [illegible] [illegible]. He had spoken in general terms and said Managers of a church could nullify the influence of a minister.

MR. BELL'S ILLNESS.

The MODERATOR read a letter from Rev. Alex. Bell, dated at Toronto, on April 5th, stating that he would not be able to be present at the meeting. His absence was of necessity. The Presbytery could proceed or not as it thought fit, but he asked that his interests should not be allowed to suffer. Enclosed was a certificate from a physician stating that Mr. Bell would not be able to return home for a month or six weeks.

Rev. Mr. ANDERSON said he did not think they could proceed with the visitation in the absence of Mr. Bell. But they could dispose of the appeal [illegible] at the last meeting, and he moved that it be taken up.

Rev. J. McEWEN [illegible] the Presbytery would express, with one accord, deep sympathy with Mr. Bell on account of his illness, and he moved that the Presbytery record its sympathy.

Rev. Mr. Anderson seconded this motion and it was carried.

NEXT REGULAR MEETING.

Rev. Mr. TORRANCE moved,—That the next regular meeting of the Presbytery be held in the First church, Port Hope, on the second Tuesday in July at 9.30 o'clock.—Carried.

THE APPEAL.

Rev. Mr. ANDERSON renewed his motion to take up the appeal of Dr. Bell and others, seconded by Rev. Mr. Sutherland.

Rev. Mr. CARMICHAEL said they could not, with any justice, take up the visitation and they should go on with the appeal.

Rev. J. McEWEN said that the motion was really one to reconsider, and that as Mr. Anderson had not voted at the previous meeting he could not move for reconsideration.

Rev. Mr. CARMICHAEL contested that view.

Rev. Mr. McEWEN moved in amendment that they proceed to enquire into the temporal affairs of St. Andrew's church.

Rev. Mr. Windell seconded the amendment, as if they went on with the visitation the finances would naturally come up.

Rev. Mr. McEWEN pressed his point of order regarding the motion.

The MODERATOR ruled that the motion would require notice.

THE VISITATION POSTPONED.

Rev. Mr. MacWILLIAM moved that as the visitation could not be fairly or effectively proceeded with in the absence of the pastor, it and the consideration of other matters from St. Andrew's congregation be postponed until May 1st, and that a committee be appointed to enquire into the financial affairs of St. Andrew's and to report.

Rev. Mr. TORRANCE seconded the motion.

Rev. Mr. McEWEN objected to the reference of the financial investigation to a committee.

Mr. JOHN CARNEGIE said that the way this matter was dragging was doing incalculable injury, yet he recognized the difficulty of proceeding with the matter in Mr. Bell's absence. Under the whole circumstances he believed it would be better to postpone.

Rev. Mr. TORRANCE withdrew his name as seconder of the motion and Rev. Mr. Cleland's was substituted.

Mr. G. M. ROGER moved in amendment, seconded by Mr. McLaren, that they proceed with the visitation. Mr. Roger said that if it was at any time found necessary to adjourn it they could do so.

After discussion the amendment was put and carried.

In accordance with the motion the Moderator appointed as the committee Rev. Messrs. McEwen and Sutherland and Mr. Roxburgh.

The Presbytery adjourned for dinner.

Seeking Her Son Among the Dead.

Last night's express from Toronto brought a Mrs. Devine to town who came here with sad forebodings to satisfy herself as to whether the tramp, "Billy" Devine, who met his death at the G.T.R. station here last week, was her son or not. Mrs. Devine is an elderly lady and has a son about twenty-two years of age who went away a couple of years ago and has not since been heard of. He was said to have gone east and as his name was "Billy" and he had signed himself as being from Boston, she thought it might possibly have been him who had met the terrible death here, account of which she had seen in the papers. Chief [illegible] accompanied the lady to the Roman Catholic cemetery where [illegible] the remains of the unfortunate tramp [illegible], but a glance satisfied Mrs. Devine that the corpse was not that of her son. She left on the noon train to-day for Toronto.

FRILLS OF FASHION.

Overgaiters are much worn.

Fashion [illegible] the crystallized rose leaves [illegible] pudding.

Girls and young ladies are wearing necklaces of hollow gold beads.

Ten or a dozen bands of silver or gold, smooth, twisted or in chains, are worn at once, and not two alike.

[illegible] diamonds and [illegible] bangles in the form of crescents and [illegible] of Roman pearls are some of the ornaments worn in the [illegible] [illegible].

In [illegible] the plaids and checks and bowed effects are carried out as in wool materials. In other words, a 15-cent gingham may be the replica of a $3 English [illegible] cloth.

Violets are the flowers in the [illegible]. A wreath of Russian violets, set between two twists of brown velvet and tied together at the back with a [illegible] bow of velvet, is effective.

[illegible]

ADVERTISE IN THE REVIEW

[illegible] CAUSED BY FLAMES.

A Disastrous Conflagration at Waterford—[illegible] Gone Up in Smoke.

WATERFORD, April 7.—At 7 a.m. to-day the Bauer block on the east side of Main-street was discovered to be in flames from some unknown cause, and the block was entirely consumed with most of its contents. The lower flat was occupied by A. B. Walker, general merchant, and R. G. Christie, hardware [illegible]; the second flat by [illegible], dentist; third flat by the lodge rooms of the Oddfellows, A.O.U.W., Select Circle and Foresters, and the upper flat by the Masons. The fire quickly communicated to the adjoining D. L. Bauer block, occupied as a dwelling by Mrs. Bauer, the lower flat being used for shoe and barber shops. The livery barns and blacksmith shop of J. McCool were also consumed. The fire also spread northward to the Bauer Hotel, sheds and barn, which were consumed and much damage done to the hotel and contents.

A strong gale coming from the northeast carried the flames across Main-street and ignited the large brick building known as the Green block, which was also entirely destroyed. The building was occupied by D. Harding, jeweller, A. S. Rowe and H. R. Smith, merchant tailors, and James Boyce, boots, shoes and groceries. The next building, owned by R. H. Slaght and occupied by J. F. Acton, druggist and telephone office, was gutted, and then came L. D. Grover's brick building, grocery and crockery, and Bauer's brick building adjoining, empty, at which place the fire was got under control on Main-street. Hatch's block, occupied as a hardware store, A. E. Duncombe's law office, the office of O. K. Duncombe, V.S., Green & Co.'s tin shop and A. B. Dunn's blacksmith shop, on the west side of West-street, were much injured with their contents.

The fire company of Simcoe was communicated with and arrived in 1½ hours, and the Waterous Engine Company of Brantford sent an engine, both of which did much valuable service in preventing the further spread of the flames.

The total loss on buildings as far as ascertained is about $40,000; stocks and furniture $20,000, with total insurance between $40,000 and $50,000.

An Incendiary Blaze at Guelph.

GUELPH, April 7.—Fire, probably of incendiary origin, gutted Martin O'Donnell's stable this morning. Loss $300, no insurance.

A $20,000 Loss at Montreal.

MONTREAL, April 7.—A fire broke out to-night in the building No. 7 and 9 St. Helen-street, occupied by the Dominion [illegible] Company, George Davey, hides and leather, and J. A. Shearer, manufacturer's agent. Damage was also done to the woollen goods of John Ewen & Sons, amounting in all to $20,000. The fire had its origin in the store of the Dominion [illegible] Company.

The Chicago Strike.

CHICAGO, April 7.—It is estimated 7000 carpenters here are on strike. In some places the bricklayers went out with the carpenters out of sympathy. It is said all the bricklayers will be called out unless the trouble is settled within a week. Nearly all the other building trades will have to stop work soon unless terms are reached between the carpenters and the bosses. In that event 50,000 men will be idle. Some contractors who must complete the work they have on hand to-day offered to accept the men's terms but the brotherhood refuse to let any one return to work until the Builders' Association has recognized the union. President O'Connell of the Carpenters' Brotherhood says the strike is not now so much for higher wages or shorter hours, the whole thing resolves itself into whether or not the bosses propose to recognize the brotherhood as such.

Egg Rolling on the White House Lawn.

WASHINGTON, April 7.—The White House grounds presented a decidedly picturesque appearance to-day, the occasion being the annual gathering there of the children of the district for the purpose of "egg rolling." The entire grounds back of the mansion were turned over to the children and several thousand spent a portion of the day there. They were of all classes and conditions from the colored pickaninny in rags to the pampered child of luxury. They all played together on the lawn and made a bright and animated scene. The President stopped occasionally in his work to look at them and seemed to enjoy the sight. During the afternoon the occasion was enlivened by the presence of the Marine Band, which was ordered out by the President for the special benefit of the children.

Maxie Takes His Medicine.

NEW YORK, April 7.—Quite a stir was caused around the Tombs Police Court this afternoon when it became known that Joseph F. Maxie, the referee in the Flack divorce proceedings, had surrendered himself so as to undergo his sentence for conspiracy of 30 days in the city prison. When Maxie saw the quarters to which he had been assigned tears coursed down his cheeks. It is the cell in which Murderer Packenham spent the last hours of his life. Maxie said the judgment of the court had worried him and he would prefer to undergo his sentence in the Tombs than be disappointed by the confirmation of Judge Barrett's sentence by the Court of Appeals.

The Arkansas Floods.

LITTLE ROCK, April 7.—John B. Simms of Lake Village, Ark., sends the following account of the flood situation in Chicot County: The situation here is alarming. There are many breaks in the levee from Lake Village up and the water in the swamps has risen to within a foot of the 1882 flood. Little dry ground is to be seen. The farms are all under water except Frenchman's and water is running across it. The stock is huddled upon the high banks and will soon begin to die of starvation. Wood is [illegible] only by dugouts. The water is still rising. Much suffering is sure to ensue.

MEN'S FASHION NOTES.

A [illegible] is among the latest [illegible].

Emeralds are being revived for scarf pins, cuff buttons and fob chains.

Tailors all along the line report a growing demand for the double-breasted vest.

Underwear fashioned in club colors is shown for the benefit of athletic enthusiasts.

The lightweight overcoat promises to be the favorite for spring. It will be seen in a variety of fancy colors, such as fawn, mauve, light brown, electric blue, &c.

The puff scarf is showing a tendency to [illegible] rather than to expansion in this [illegible] [illegible]. [illegible] the puff is no longer considered swell in London, its grip on the American dude has not been slackened. The most fashionable neck dressing in London at the present time is the De Joinville scarf, tied into an awkward knot.

Fancy colors in hats are dying out. For spring only the cheaper grades of hats, as a rule, will be seen in other than black and dark brown. The soft hat will dispute the right of way with the Derby, which has for several years had the call.

Very Curious.

It's curious how [illegible] get a girl's back in to fall down when it is all her own.

C. O. D.

They had a quarrel and she sent
His letters back next day;
His ring and all his presents went
To him without delay.

"Pray send my kisses back to me!"
He wrote: "Could you forget them?"
She answered speedily that he
Must come himself and get them.

GOING OUT LIKE FUN!

THEY ARE THE GOODS!

We had a rattling trade on Saturday. Though our British Columbia and Northwest Goods only got here by the noon train we had them on sale during the afternoon.

They Pleased Hundreds; Mightily

and well they might as they are daisy bargains every one.

HATS - HATS - HATS

Hundreds of Styles. New, nobby and becoming. We are making quick sales, and no wonder for we ask only one half as much as the high priced Hatters. Get your Spring Hat from us.

A Popular Five O'clock Tea.

The season is at hand when the carpenter [illegible] quits work at five o'clock p.m. What he does after 5 o'clock is not clearly known, and doesn't matter, but the supposition is he goes home and drinks as other people do, [illegible] of Hawley Bros. fine and well [illegible] teas. Buy your teas at Hawley Bros., George-st. 471-w13

Nothing adds so much to a person's appearance as a fine thick head of hair of even color, and to ensure this use only Hall's Hair Renewer.

Not Easily Forgotten.

Persons entering the premises of W. J. Morrow cannot easily forget the mistake they have made if they have been buying groceries elsewhere. Our announcements cause a great deal of [illegible] among [illegible] owing to the success our [illegible] they pay at cash for [illegible] W. J. Morrow, 346 George-st. 665-w13

Don't be too Hasty

in assuming that spring weather will remain. There's another month to straddle over before the linen ulster and palm leaf fan will be useful or fashionable. In the meantime the question of Tweeds is before you. Buying during a week or two of hot weather, a good tweed suit can be worn every day. Get such a suit, selecting the material, if you want it for little money, from the handsome stock of Dowson Cameron, now being sold at the old stand, George-st. Some special goods in Tweeds are still left and lots of trimmings. If you haven't bought your spring suit, do so at once and save money. Remember the date and the place, Dowson Cameron's old stand, George-st. [illegible]

In Our Schools.

All the schools opened this morning after the Easter holidays with a full attendance. The crowded state of the lower rooms has compelled the Board to employ two new teachers, one for the North and one for the Central School, Miss Jenkins going to the North Ward and Miss Cameron to the Central. The kindergarten room opened with over 40 little ones in attendance. This room is the most interesting feature of our rapidly improving school system, and is going to be a splendid preparation for higher work. Dr. Tilley, our Public School Inspector, is here intending to spend the week in our schools. Thanks to Dr. Tilley's zealous attention, our schools are rapidly assuming an advanced form, and we hope we think they will be second to none in the Province. Our Collegiate Institute too is getting into better form, and with the energetic and able staff we now have that institution will soon take a rank which a town of our importance should secure in its leading educational institution.

Shiloh's Cough and Consumption Cure is sold by us on a guarantee. It cures Consumption. Sold by Geo. A. Schofield, Druggist, Peterborough.

EASTER VESTRY MEETINGS.

The Business Transacted at St. John's and St. Luke's.

The annual Easter vestry meeting of St. John's church was largely attended last evening. Rev. J. C. Davidson, the rector, presided.

After the minutes of the last meeting had been read and confirmed the churchwardens presented the financial report which was accompanied by several recommendations from the Finance Committee. The financial statement showed a [illegible] year, while the recommendations were three in number. The first was that an effort should be made to reduce the church debt by [illegible] during the next [illegible]. The second recommended that the [illegible] salary be fixed at [illegible], an amount which was considered sufficient, while the committee did not desire to reflect at all on Mr. Seward's ability. The third recommendation was that Rev. Mr. Kendrick's stipend as curate be increased to [illegible].

These last two recommendations gave rise to considerable discussion and finally the report and recommendations were carried with the one amendment that Mr. Seward's salary as organist remain at [illegible]. It was also understood that Rev. Mr. Kendrick's increase should date from December last.

Mr. Wm. English was chosen as the people's Church Warden and Mr. G. A. [illegible] was appointed as the rector's warden.

Messrs. H. T. Everett, Joseph Mills, H. Rush and H. Long were elected sidesmen.

The Finance Committee chosen consisted of Judge Weller, Messrs. A. P. Poussette, R. A. Morrow, H. Rush, Dr. Boucher and Dr. Halliday.

A communication from the Superintendent and Secretary of the Sunday school asking for some assistance towards the school library was received and referred to the Finance Committee with power to act. Mr. [illegible] salary was increased by [illegible], making it [illegible] per annum.

The vestry meeting then adjourned for two weeks.

[illegible] the election of lay delegates to the Synod which resulted [illegible], Dr. [illegible] and A. P. Poussette being chosen. Very complimentary references were made to Mr. W. H. Sheward in closing his [illegible] delegate, and thanks was also expressed to Mr. H. Long and others for their labors in beautifying the church.

At St. Lukes.

There was a fair attendance at the vestry meeting in St. Luke's church, Ashburnham.

SATISFACTORY REPORTS.

The first business was the presentation by the Church Wardens of the statement of receipts and expenditures and a statement of the building fund. These reports were highly satisfactory, showing that during the past year a most favorable increase had taken place in the finances of the church. The receipts were shown to have been about $1,[illegible] and the expenditure about $1,[illegible], thus leaving a deficit of about $[illegible]. This is very satisfactory when it is remembered that last year there was a real deficit of about $[illegible], and the small shortage this year was a matter of congratulation. The building fund report showed that the church debt had been reduced by $[illegible] during the past year and was now $[illegible]. Both these reports were referred to Messrs. Rooney and Adams to be audited.

The statement from the Finance Committee was also received.

CHURCH WARDENS AND OFFICERS.

The appointment of Church Wardens and officers was then proceeded with and resulted as follows:—

CHURCH WARDENS.—Mr. H. S. Strickland, people's Church Warden, Mr. John Burnham, rector's Church Warden, Messrs. H. C. Rogers and F. Adams, assistant Church Wardens.

SIDESMEN.—Messrs. Ingram, Adams, Leah, W. Manison, and R. Hossell.

VESTRY CLERK.—Mr. R. A. Peck.

LAY DELEGATES TO SYNOD.—Messrs. H. C. Rogers, J. Burnham and J. J. Rooney.

FINANCE COMMITTEE.—Messrs. Jamieson, McFadden, F. Adams, J. J. Rooney, R. B. Rogers, Ingram, Burt, R. Manison, Hale, Mrs. John Moss, Mrs. Cole, Mrs. Jackson, Misses Mills and Bennett, the Church Wardens and Mr. R. A. Peck, convener.

RESOLUTIONS ADOPTED.

A resolution expressing regret at the death of the late [illegible], an official of the church, and conveying the sympathy of the vestry to the sorrowing widow was adopted.

Resolutions of thanks were also passed to the Ladies Aid [illegible], the [illegible] and choir, to Mrs. Jackson for her special efforts in wiping off the organ debt, to the Temperance Society for its donation to the church funds, to the churchwardens and to Rev. W. J. McKenzie.

The meeting then adjourned for one week when the auditors' report will be received and the question of the appointment of a successor in the event of Rev. Mr. Bradshaw resigning the rectorship will be discussed.

Tonight's Lecture,

In the Opera House by Rev. J. W. Bell, B.D., of Hamilton. The lecture will be interesting, and illustrated by many "lime light" views.

Friends of the Order

should attend the concert to be given in the Fireman's Hall, under the auspices of Court Little John, on Friday evening, April 11. A very fine programme is promised and Mr. Roy will exhibit stereopticon views. Admission 15cts. 1d62

Thursday Evening's Event.

On Thursday evening next you are cordially invited to an entertainment which is to be given by the Mission Band of the Baptist church in the Sunday school room of that church. An excellent programme has been arranged and a most enjoyable evening may be expected. The programme will commence at 8 o'clock. Admission ten cents, refreshments five cents extra. 2d61

A Girl Charged With Stealing.

Sarah Clarke, a rather good looking girl of some eighteen or twenty summers, spent a lonely night in the police cells last night. She was brought here from Lakefield yesterday afternoon by Chief Rossel on a charge of having stolen a silver watch the property of James Scrimshaw. Sarah's father resides at Lakefield but she has been living in Peterborough for some time and it would appear that she has not been very exemplary in her life here. She was one of the invited guests at the famous Murray-st. dance which was held last winter and is said to have taken a prominent part in the proceedings. Shortly after living lately with Mr. Stewart Stevens until Saturday last when she went to Lakefield. After she was gone Mr. Scrimshaw, another man living with Mr. Stevens, missed his silver watch. He suspected Sarah but did not wish to prosecute her, being satisfied to regain his watch. Mr. Cochrane, of Lakefield, joined the girl yesterday and and found that she had the watch. Chief Rossel accordingly went up and arrested her. At the Police Court this morning she was remanded until to-morrow morning.

GRINDING A GREAT GRIST

THE TOWN COUNCILLORS TRANSACT CONSIDERABLE BUSINESS.

Communications and Accounts—The Finance Report—The [illegible] Received by the Town—The Committee's Report—A Great Benefit to the Town—The Market Tolls—New [illegible]—Other Matters.

The civic legislature held a regular session last evening, Mayor Stevenson presiding. Surrounding him were the following Council representatives:—Councillors [illegible], Davidson, [illegible], Kelly, E. H. D. Hall, Dawson, Moore, Langford, Kendry and Hartley.

COMMUNICATIONS AND PETITIONS.

Town Clerk Macdonald read the minutes of the last meeting which were confirmed. The following communications were presented:—

From Mr. John [illegible], who is entering an action for damages against the town [illegible] by falling on the [illegible]-st. crossing, in which he pointed out that the collector's instructions had been wrong in his case, as the crossing had not been raised by the action of the frost.—Referred to the Finance Committee.

From Mr. J. Coyle Brown asking the town what he would do in regard to the drain on [illegible]-st. which was higher than his lot and his [illegible].—Street and Bridge Committee.

From Mr. Valentine Best re taxes of Mrs. Croft.—Court of Revision.

From a number of the ratepayers on [illegible]-st. asking that the street be properly graded and repaired and that the electric light be placed on the street.—The repairing of the street was referred to the Street and Bridge Committee with power to act and the matter of the electric light was referred to the Fire, Water and Light Committee.

From John Foster, secretary of the Fire Brigade band, asking for the usual annual grant.—Granted.

From W. H. Jackson, John [illegible] and Mrs. [illegible] asking for remission of taxes.—Court of Revision.

ACCOUNTS.

The following accounts were also received, and referred to the Finance Committee:—

[illegible]

FINANCE.

Councillor Davidson, Chairman of the Finance Committee, presented the report of that committee as follows:—

To the Mayor and Town Council of Peterborough:

GENTLEMEN,—Your Finance Committee beg leave to report and recommend as follows:—That these amounts be paid:—

Dickson Co. [illegible]	[illegible]
Metropolitan [illegible]	[illegible]
Nicholls Hospital [illegible]	[illegible]
[illegible]	[illegible]
Geo. Mitchell & Son	6 75
P. Connal & Co.	21 75
A. Elliott	20 00
George Hilliard	8 10
Dickson Co.	6 75

Your Committee have had plans for the [illegible] and ask your authority to [illegible] for tenders for the same.

All of which is respectfully submitted.

R. S. DAVIDSON,
Chairman.

The report was adopted as read.

THE TOWN'S SPECIAL LEGISLATION.

Councillor Davidson presented the report of the Special Committee which was appointed to wait upon the Private Bills Committee of the Ontario Legislature as follows:—

To the Mayor and Corporation of the Town of Peterborough:—

GENTLEMEN,—The Committee appointed to appear before the Private Bills Committee of the Legislative Assembly to secure the passage of the Act [illegible] the debt of the town and to [illegible] by-laws lately passed beg leave to report:—

That they have secured the passage of an Act legalizing the following by-laws, viz:—(1) The by-law for raising $[illegible] for school purposes; (2) The by-law to provide funds for the construction of the new market [illegible]; (3) The by-law granting aid to [illegible].

They also by the same Act obtained the right to issue debentures for a term of 30 years instead of 20 years, which they expect will enable the town to borrow money at a rate not exceeding 4 per cent and making the yearly rate for a sinking fund 1 per cent, but subject to the approval of the ratepayers in the manner provided by the Municipal Act to issue liabilities not exceeding 10 per cent of the total assessed value of the real and personal property in the municipality, and to issue debentures therefor, thus avoiding the necessity and expense of a special act as has heretofore been requisite whenever it became necessary to increase the liabilities of the town for school, municipal, or other like purposes. The Act also gives the town the right, subject to the approval of the ratepayers, to aid manufacturers by assuming part or the whole of the cost of the premises occupied by them, or to erect buildings for a manufactory, if either should be deemed in the interest of the town.

The Committee succeeded in obtaining the passage of the act substantially in the form in which it was drawn by the Town Solicitor and consider that this legislation will be of great benefit to the town in securing a reduced debenture rate and avoiding further expense in obtaining special acts.

The Committee also took the opportunity when in Toronto of waiting on the Honorable the Provincial Treasurer to bring before him the claims of the Nicholls Hospital for a grant for the years 1888 and 1889, and are pleased to report that he placed the sum of $[illegible] in the estimates for this purpose and obtained the approval of the Legislature to the grant. This is principally a grant to the ratepayers who support this useful institution and the obliging and prompt manner in which your Committee's request was entertained and complied with added very much to the acceptability of the grant. The Nicholls Hospital has now also been placed on the list of hospitals entitled to an annual grant from the Government.

The Committee desire to express their thanks to the Hon. A. M. Ross, Provincial Treasurer, and the Hon. J. M. Gibson, Chairman, and the members of the Private Bills Committee for their courtesy and patience in hearing the views of your Committee and their prompt and business like way of dealing with their requests.

Your committee also desires to thank Mr. J. R. Stratton, M.P.P., for securing the passage of the special Act and for the trouble he has taken to have the wishes of this Council carried out in this respect and for the great assistance he rendered your committee in obtaining the grant to the Nicholls Hospital, and your committee feel that without his attention neither of these matters could have been so successfully carried through.

And your committee further desire to heartily thank Mr. E. B. Edwards, Town Solicitor, for the able assistance rendered by him.

R. S. DAVIDSON,
Chairman.

Councillor Moore pointed out the benefit which this special Act would be to the town and the report was adopted.

THERE IS A SURPLUS.

Councillor Davidson said the Town Treasurer had told him that he had made out his balance sheet for last year and there was a surplus of $[illegible] to the town's favor. He thought it might be gratifying for the council to know this.

THE MARKET TOLLS.

Councillor Cahill then presented the report of the Market Committee as follows:—

To the Mayor and Town Council of the Town of Peterborough:

GENTLEMEN,—The Market Committee begs leave to report as follows:—

Your committee [illegible] authority to [illegible] taken [illegible] during the summer, the [illegible] to be done by tender.

Your committee also recommend that the market tolls for the present year be continued to the present market clerk at the same price as last year. Owing to the contemplated changes on the market square your committee are of opinion it would not be advisable to make any change in the clerkship at present. No damages to be allowed to the market clerk in consequence of [illegible].

All of which is respectfully submitted.

THOS. CAHILL,
Chairman.

Councillor E. H. D. Hall called the attention of the Council to the slow progress that was being made on the new market building.

Councillor Cahill said he knew the work would be pushed as rapidly as possible.

Councillor Rutherford said the mishap last fall had caused a delay and that the open character of the building had made it impossible to plaster. The work was now being pushed forward.

The report was adopted after a little further discussion.

NEW SIDEWALKS.

Councillor [illegible], seconded by Councillor E. H. D. Hall,—That the Street Inspector be instructed to have the sidewalk ordered last year on Charlotte-st. west of Park, on the north side, put down as soon as possible.

This motion was carried.

Councillor [illegible] moved, seconded by Councillor Davidson,—That the Street and Bridge Committee [illegible] are hereby authorized to procure the necessary material for building a sidewalk on Crescent-st. from Lock-st. to the Little Lake Cemetery and have said sidewalk put down at the first favorable opportunity.

Councillor Moore enquired where the balance of the money granted to do the cribbing on Crescent-st. had gone.

Councillor Davidson replied that the balance, about $[illegible], was floating in Little Lake in the shape of cedar which would be used in cribbing the remainder of the street.

The motion carried.

REQUESTS OF THE GRAND TRUNK.

Councillor Moore moved, seconded by Councillor [illegible],—That the clerk notify the G.T.R. [illegible] a culvert adjoining their track on the west side of Donegal-st. and south of McDonnel-st. so as to drain the water that lies there into the creek and request their early attention to the matter.—Carried.

Councillor J. J. Hartley moved, seconded by Councillor Kendry,—That the Town Clerk be instructed to request the G.T.R. Co. to remove the [illegible] on Harvey-st. near the black bridge.—Carried.

Councillor Langford moved, seconded by Councillor Kendry,—That the usual grant of $[illegible] be paid the Fire Brigade for the band.—Carried.

AN ACT OF CHARITY.

Councillor Hartley moved, seconded by Councillor Kendry,—That this Council pay the board of Lawrence Hill in the Protestant Home for one month, providing the committee of the Home will help him.

After a little discussion this motion carried with the understanding that this would only be for one month.

THE POLICE QUARTERS.

Councillor Moore moved, seconded by Councillor Kendry,—That the Property Committee cause to be made such repairs in the police hall, cells, court room, etc., as may be necessary.—Carried.

Councillor [illegible] moved, seconded by Councillor Moore,—That the [illegible] be instructed to draw a [illegible] off the [illegible] of Park and [illegible] ray-sts. [illegible] had said if a few loads of these scrapings were drawn to this spot he would spread them around the trees.

The motion carried.

THE TOWN SOLICITOR'S SALARY.

Councillor Moore said he had been spoken to by the Town Solicitor in reference to an increase of salary, which, he said, was not adequate for the amount of work he had been called upon to do. Councillor Moore therefore moved, seconded by Councillor Kendry,—That the matter of the salary of the Town Solicitor be referred to the Finance Committee to report on the same.

The motion was carried.

A DISCUSSION ON CHARITY.

Councillor Cahill moved, seconded by Councillor Davidson,—That the taxes of Mrs. Sarah Drake be [illegible].

Councillor Moore [illegible] if Mrs. Drake did not own some property. If she did he could not consent to such an innovation as the motion would be.

Councillor Cahill said Mrs. Drake did own some property, but it was not valuable. The woman was in want and was deserving of charity.

Councillor Moore was willing to give Mrs. Drake charity if she deserved it but he objected to the [illegible].

Councillor Langford said the case of Mrs. Thornton in the Third Ward whose request for remission of taxes was refused [illegible].

Councillor E. H. D. Hall, Rutherford and Dawson also objected to the motion, it being stated that Mrs. Drake had a son who was earning good wages, and who would come in for the property at the woman's death.

Councillors Kendry and Hartley favored the motion if Mrs. Drake had no money.

Mr. Wm. Yelland addressed the Council, pressing the claims of Mrs. Drake and Mrs. Thornton.

Councillor Hartley strongly objected to [illegible] being put on the [illegible] of [illegible] and he [illegible] in this matter.

Both the cases of Mrs. Drake and Mrs. Thornton were finally referred to the Charity Committee with power to act.

CLOSING BUSINESS.

Councillor Kendry moved, seconded by Councillor Hartley,—That the Chairman of the Police Supervision Committee be authorized to purchase waterproof capes for the police force.—Referred to the Police Supervision Committee.

Councillor E. H. D. Hall moved, seconded by Councillor Kelly,—That the Chairman of the Street and Bridge Committee be authorized to obtain a yard for storing lumber, water carts and other property, provided it is entirely separate from any other yard and not to [illegible] for the payment of the [illegible].—Carried.

Councillor Rutherford moved, seconded by Councillor Hartley,—That all pay sheets as far as possible be submitted to the Finance Committee before being paid.—Carried.

The Council then adjourned.

If your cough keeps you awake and restless by night, take Ayer's Cherry Pectoral and obtain immediate relief. This remedy allays inflammation, heals the pulmonary organs, induces sleep, and restores health. The sooner you begin the better.

Croup, Whooping Cough and Bronchitis immediately relieved by Shiloh's Cure. Sold by Geo. A. Schofield, Druggist, Peterborough.

A CHARITABLE SOCIAL.

An Entertainment Given in the Murray-st. School Room by the Ladies.

A large crowd gathered at the Murray-st. school last evening to attend an entertainment given by the Ladies' Sewing Society of St. Paul's church for the benefit of the poor. The [illegible] had been arranged by Miss [illegible] and was conducted by Mr. [illegible]. Tables were spread by the ladies with abundance of edibles and, [illegible]. The evening was a very enjoyable one, the [illegible] pleasant social spirit pervading those present. The following is the programme, which was well rendered:—

The Daily Review.

TUESDAY, APRIL 8, 1890.

"It was made," said Margaret in slow [illegible] of useless cruelty made her faint, and she could not bring herself to look at the point of the [illegible] which lay on the desk, once more in its sheath.

[illegible] bird on her blood-stained hands. The judge hastened to her. He looked at her with bright eyes and took her hand in his, with [illegible]

"That woman," cried Margaret, choking with the [illegible] has taken [illegible] Who could have imagined she was such a [illegible] such a hot and angry look [illegible] or what he would do and fail to making [illegible]

[illegible] circumstances, to be logical. She will always blame you, no doubt. But my poor, my Topsy. I am sure I did her no harm. [illegible] Do not look so vexed about [illegible]

[illegible] the wound by the light, as if he were very [illegible]

her romantic had [illegible]

"You [illegible] stand by and see [illegible] Are you sure she did it [illegible]

[illegible]

"Did you [illegible]

"Now, William [illegible] McCook," cried Margaret, with [illegible] of her head, "you are [illegible]

[illegible]

"There is [illegible] the host, rising as the butler whispered to him, "for dinner. Judge, you will be glad to take [illegible] my sweetheart, you will come with me and I shall [illegible] all the way out.

They led the way, and the two young [illegible]

[illegible] He had expressed the opinions of men of all nations, persuasions and religions. He had [illegible] sympathy. His power [illegible] in the place of the man who stood before him for justice had won for him a reputation for [illegible] Nature had [illegible] physically upon a noble scale. He [illegible] he had not lost all trace of the [illegible] could see that of late the mental was triumphing over the physical. It showed in the brightness of his eyes. [illegible] could be seen [illegible] the strain had fallen [illegible] and fatigue which had wearied his daughter, was visible. He had a [illegible] air that made her rejoice, and she tried not to see that his eyes were over bright. He knew his value as a story-teller, and employed himself in [illegible]

[illegible] reflected the [illegible] carving, the [illegible] very plate on the table [illegible] as the violins, marked it the home of a collector of the [illegible]

Three men and one woman were in this [illegible] bowing, "I am going to kiss you on both cheeks." Then she stretched out her hands [illegible] hair.

"And you, Uncle Leiton, are to kiss me on both cheeks." Then she swept a bow to one of the young men on the hearth, with a smile as bland as a summer evening. Just at that [illegible] hearth. But he was a generous and forgiving young man [illegible] the elderly [illegible] she has had [illegible] looked like the lady frowned also, but it may not have been for the same reason. The judge and his white-haired old friend [illegible] of the [illegible] as for the young man who had been slighted, he was radiant. He seemed to charge the air [illegible] glad magnetism, that every [illegible] way or another, and though he had [illegible] the [illegible] He said nothing at all [illegible] one would hardly [illegible] if not a [illegible] head and [illegible]

"Harry did it," said the old man, looking lovingly in the direction of this slighted but evidently happy young man, "have passed the whole of this long day here together, in this room. Harry has been reading me his new play. I haven't laughed so much since I was a boy. Really, Northwold, I wish we might have it read again this evening." The company, with one accord, threw up their hands in protest.

"This leads to the like a conspiracy," cried the judge, "when I come here to dine with the oldest and dearest friend I have on earth, and I suppose that I am to pay a price for my dinner? Is it a [illegible] by you and Harry to catch the unwary?"

"Or perhaps," said the elderly lady, unfurling an enormous feather fan and waving it at the white-haired host, "you will kindly listen while my son William repeats his argument in the case of the State vs. McPherson. It was a brilliant thing, I assure you."

"That same brilliant effort cost me my dear Topsy, my parrot, if you please, Mrs. McCook, and I refuse to listen to it. If I had not washed my hands over and over again, you would see the dripping blood at this moment."

The [illegible] to examine a [illegible] Amati that hung near him on the wall. Margaret told the story of the distracted mother who came to arraign the judge with the evasions of the law, and how she had taken revenge on the pretty innocent that Margaret fed from her own hand.

"Was she alone in the room with the parrot?" inquired the young man to whom

[illegible] for a [illegible] when the window and the woman [illegible] during the storm ran to her assistance and succeeded in [illegible] her after some time.

Though unable to speak for [illegible] she was apparently calmed by the shock [illegible] the [illegible] strands. This line does still run visibly down the middle of the head, but about an [illegible] a quarter to one side.

A remarkable feature of the occurrence is that the woman says that as she was struck she was conscious of a terrible pang in the side of her head which is unchanged, and [illegible] opinion that she owes her life, and at any rate her reason, to the thickness of her locks, [illegible] the [illegible]

MILLINERY NEWS

— AT —

TURNBULL'S

We had two delightful days for our Millinery Opening and were exceedingly pleased with the hearty response our towns-people gave to our invitation to come and inspect the new Spring Styles. We had previously announced that we did not look to make sales these days but expected [illegible] convenient to [illegible] pass through without purchasing.

Notwithstanding this announcement when we came to count up the days sales in the various departments we found that they had far exceeded any similar occasion which [illegible] ifying, being a proof that our friends and the public generally appreciated our endeavors to place before them all the new lines in Staple and Fancy Dry Goods as they came out of the hands of our Canadian and foreign manufacturers. We have just received a large shipment of Tapestry Carpets, the patterns are very choice and new, prices range from 30c. to 85c.

Flannelettes have come out in darker shades this year. We show some good patterns in Grey Stripes and Checks, remember them when you are buying children's wear. Our Curtain Nets, Art Muslins and Scrims are even a surprise to ourselves, they are so much cheaper than former years. See our Art Muslins at 10c. a yard.

When Buying Tweeds for boys call on us. We strongly recommend the goods we sell at 45c. a yard.

EDMUND YATES' GOSSIP.

THE GERMAN PRINCES DISTRUST THE EMPEROR.

[illegible] Throwing the Liberal Party in London [illegible]

NEW YORK, April 9.—In a special cable despatch from London to The Tribune Edmund Yates says: [illegible]

[illegible]

A PACHA'S VENGEANCE.

EIGHTEEN DEAD BODIES FOUND IN A BOX.

A Horrible Story from Morocco—The Victims Probably the Inmates of a Harem Decapitated for Unfaithfulness—The Bohemian Strike.

MADRID, April 9.—A horrible story comes from Morocco. A large box was recently brought from the interior to the port of Mazagan for shipment. When opened a ghastly sight was revealed. In the box, packed closely together, were the bodies of sixteen young women and [illegible]. All the victims had been decapitated and their heads were missing. Their bodies were embalmed and had evidently been in the condition in which they were found for a long time. The slaughter had been [illegible] of some pacha who visited vengeance on his harem for unfaithfulness.

Strike Riots in Vienna.

VIENNA, April 9.—At a meeting of strikers here to-day [illegible] the workmen and [illegible] policemen were stoned by [illegible] and many strikers were arrested.

[illegible] unemployed men held another disorderly meeting which culminated in a serious riot. The mob demolished the police guard room in the suburb [illegible] and seriously wounded the officer in charge. They then set fire to a spirit shop and prevented the firemen from approaching and plundered several Jew shops. The police were powerless and the troops which were called out were compelled to fire several blank volleys before the rioters dispersed. The rioters afterwards sacked another tavern and smashed all the windows in the place. Every vehicle that passed was stoned by the mob. Two squadrons of cavalry and a battalion of infantry dispersed the rioters. Many civilians and [illegible] policemen were wounded. [illegible] persons were arrested.

The rioters stoned the police from the shelter of [illegible] and when the police stormed their stronghold the rioters fled. There were similar scenes in the suburbs throughout the day. Late at night rain began to fall and assisted in restoring order.

[illegible]

THE ALIEN CONTRACT LAW.

[illegible]

TORONTO TOPICS.

[illegible]

THE HOUSE IN HARNESS.

A SLIM ATTENDANCE AFTER THE EASTER RECESS.

Mr. Weldon, of St. John, Resumes the Budget Debate and is Followed by Mr. Daly—Sir Richard Cartwright's Amendment Lost.

OTTAWA, April 9.—When the Commons [illegible] the House filled up [illegible]

The debate on the Budget [illegible] by Mr. Weldon, St. John, who [illegible] the Government [illegible] He referred to the [illegible] deficit on the Intercolonial, which he said was due to the carrying of [illegible] He admitted that the reductions on molasses and corn would not affect the increased duty on flour and beef, and [illegible] the people would rise and demand separation.

Mr. Daly said, with reference to the resolution [illegible] in favor of unrestricted reciprocity, that that resolution was passed by [illegible] and said that the tariff and the [illegible] of the Canadian Pacific Railway had [illegible] the market for Canadian goods.

Mr. [illegible] followed in support of the [illegible] amendment of Sir Richard Cartwright. [illegible] Canada under the Reciprocity Treaty of 1854, [illegible] the Liberals, he said, were [illegible] of drawing dark pictures of the condition of the country. [illegible] the Liberals only pointed [illegible]

[illegible]

Mr. [illegible] and Mr. [illegible] followed and then the House divided on Sir Richard Cartwright's motion, which was lost by a vote of 60 to 97.

[illegible]

A STORMY MEETING.

OTTAWA, April 9.—[illegible]

[illegible]

High-Pressure

Living characterizes these modern days. The result is a fearful increase of Brain and Heart Diseases – General Debility, Insomnia, Paralysis, and Insanity. Chloral and Morphia augment the evil. The medicine best adapted to do permanent good is Ayer's Sarsaparilla. It purifies [illegible] vitalizes the blood, and thus strengthens every function and faculty of the body.

"I have used Ayer's Sarsaparilla, in my family, for years. I have found it invaluable as

A Cure

for Nervous Debility caused by an inactive liver and a low state of the blood." – Henry Bacon, Xenia, Ohio.

"For some time I have been troubled with heart disease. I never found anything to help me until I began using Ayer's Sarsaparilla. I have only used six bottles of this medicine, but it has relieved me from my trouble, and enabled me to resume work." – J. P. [illegible], Perry, Ill.

"I have been a practicing physician for over half a century, and during that time I have never found so powerful and reliable an alterative and blood-purifier as Ayer's Sarsaparilla." – Dr. M. [illegible], Louisville, Ky.

Ayer's Sarsaparilla,

PREPARED BY

Dr. J. C. Ayer & Co., Lowell, Mass.

Price $1; six bottles, $5. Worth $5 a bottle.

The Daily Review.

WEDNESDAY, APRIL 9, 1890.

A FALSE ACCUSATION.

It is falsely charged against the Conservatives in the Provincial Legislature that they have formulated a policy calculated to do injustice to the Roman Catholics of the Province. We know that this cry will be used against them, and that it will be used effectively. Mr. Fraser's speech in the House on the Separate school question, in which he sneered at the Conservatives by saying that "when Mr. Meredith called his Cabinet together the Grand Lodge would be in session," has been published in full where it would be [illegible] among his co-religionists, and will, no doubt, be more extensively circulated among them. Mr. Fraser went so far in this class of miserable tactics as to point out as Orangemen members of the House who never belonged to that Order, and he assumed that to be a sufficient reason why they should not be permitted to hold office in the Government. Mr. Fraser will learn that a man's religious opinions are not a bar to political advancement in Ontario and a more serious charge than that will be required by [illegible] public men in this Province.

No one on the Conservative side of the Legislature has any wish to do injustice to any class in the community. No party would be sustained in Ontario that would propose to do an injustice to the Roman Catholics or any other body, and for this reason, if actuated by no higher motive, no party would suggest such a course. The proposals regarding the school laws made by Mr. Meredith and his supporters were such as would restore the Public schools to their proper and just position and would tend to benefit the Roman Catholics themselves, though Mr. Mowat and Mr. Fraser would have them believe differently. The speech of Mr. Clancy showed that, and further evidence is furnished by the Irish Canadian. Summing up a long article on the debate that paper says:—

"The debate, on the whole, was characterized with moderation and dignity; and its most prominent features—to many Catholics at least—were the ballot and the teaching qualification test, which, we think, Mr. Mowat should have conceded. There is something repulsive in denying to Catholics rights and privileges freely granted to Protestants. Both should, in our judgment, be placed in this respect, and in every other respect, on the most perfect equality before the law."

The Mowat Government and its supporters would gladly make the Protestants of Ontario believe, if they could, that the Conservatives proposed a species of persecution, but only misrepresentations and false assertions can give any semblance of truth to such a charge. Mr. Meredith proposed to restore the Public schools to their proper position in the foundation of the school system of the Province, but he was outvoted; he proposed to have the ballot used in all school elections in cities, towns and villages, but he was voted down; he proposed that all teachers in schools receiving Government aid should possess qualifications in accordance with the standard set by the Government, and the Government successfully opposed him; he proposed to make English the language of the schools of the Province, and again he was in a minority in the House.

But from the House Mr. Meredith will appeal to the country, and the verdict of the people will be with him.

Sometimes a tricky politician finds himself in a tight place when votes are to be recorded, and sometimes he tries to avert a loss by absenting himself, or, in political parlance, "shirking the vote." Two proposals clearly in the interest of temperance were made in the Provincial Legislature when the License bill was under consideration, but Mr. Stratton did not vote upon them, though he was in the House a few minutes afterwards. Mr. Blezard, however, kept up his record of standing by the Government through thick and thin.

When the [illegible] Liberals who nominated Mr. Blezard met at Norwood an adjournment was talked of to secure a larger attendance. But Mr. Blezard had said that he desired a unanimous nomination, and the opportunity afforded by the storm was one not to be lost, and the proceedings went on.

In purchasing medicines, don't try experiments; the best and only consideration should be genuineness. Ayer's Sarsaparilla has stood the test of forty years, and to-day it is in greater demand than ever—a triumphant proof of popular approval.

WOMAN'S FOREIGN MISSIONS.

In Connection With the Presbyterian Church—The Annual Meeting.

HAMILTON, April 8—Over 400 delegates from every part of Ontario are in attendance at the fourteenth annual meeting of the Woman's Foreign Missionary Society of the Presbyterian Church, which opened this morning in Macnab-street Church.

After devotional services conducted by the president, Mrs. Ewart of Toronto, assisted by Mrs. [illegible] and Mrs. [illegible], Mrs. Lyle of Hamilton, delivered an address of welcome on behalf of the Hamilton [illegible]. Mrs. Burrell of Smith's Falls made a speech in reply. The president delivered her annual address, referring to the work done by the society. Letters of greeting were received from societies in New York, Philadelphia and Halifax. Reports were read from a large number of presbyterial societies.

The annual reports were also presented. In the foreign [illegible] the work of the [illegible] for the Indians in the Northwest [illegible] Central India, [illegible].

The home secretary's report showed the strength of the society as follows: Number of Presbyterial societies, [illegible]; number of auxiliaries, [illegible]; total number of [illegible], [illegible]; membership, 12,300; [illegible] 15,[illegible]; total number of life members, [illegible].

The report of the treasurer, Miss [illegible], showed receipts, including $[illegible] balance from last year, of $[illegible], of which amount the Hamilton society contributed $[illegible]. The expenditure was about $[illegible], leaving a balance on hand of $[illegible]. Of the expenditure about $[illegible] was paid [illegible] for foreign mission work.

A public meeting was held this evening in the Central Church, at which Rev. Dr. Wardrope presided. Addresses were delivered by Rev. John Wilkie and Rev. A. B. Winchester, two returned missionaries, Rev. Prof. McLaren, Rev. D. H. Fletcher and others.

HAMILTON, April 8—H. E. Robertson, barrister, son of Judge Robertson, was married this morning to Miss Edith Brown, daughter of Edward Brown. The wedding took place at the Church of the Ascension, and was attended by only the relatives of the contracting parties. The ceremony was performed by Rev. E. P. Crawford. W. H. [illegible] was the groomsman.

Fell 120 Feet.

[illegible] a good tweed suit [illegible] every day. [illegible] the material if you want it for little money, from the bankrupt stock of Duncan Cameron, now being sold at the old stand, George-st. Some splendid pieces of tweeds are still left [illegible]. If you haven't bought your spring suit, do so at once and save money. Remember the name and the place, Duncan Cameron's old stand, George-st. dtf

Visitors at Church.

To the Editor of the Review.

SIR,—In common with many others I attended St. John's church Easter service on Sunday evening on the understanding that pursuant to the many urgent invitations extended to members of other churches, all strangers would be heartily welcomed. Judge therefore of my surprise when in the course of his sermon the preacher referred to visitors in anything but a friendly manner, saying amongst other things that there were very many present (meaning, of course, visitors) who came because it was Easter Sunday as there would be "something extra," and to hear the music and to admire the decorations. There is no doubt that the decorations and the music formed the leading and by far the best part of the service, [illegible] of the speaker to infer that all visitors came out of mere curiosity [illegible].

Much [illegible] in church matters has been recently aroused in this town by the efforts of the [illegible] of St. John's, [illegible] should be displayed in that [illegible] extended to members of other denominations [illegible] towards that union which all true Christians hope may one day be realized, the union of Christ's church on earth.

Take Note.

Seeds and Plants from Mason's Seed and Plant House will take hold and grow, because they have a good [illegible] constitution and are full of life. Will not be undersold. Send for or get a catalogue at our store, 1[illegible] Hunter-st., Peterborough. [illegible]

The Ice Blocked the Way.

The steamer [illegible] yesterday afternoon to try to make a trip to Harwood. The staunch little steamer succeeded in getting as far as Spook Island, about a [illegible] and a half from Harwood, when she was obliged to turn back on account of the ice in Rice Lake, which is not yet cleared.

A Popular Five O'clock Tea.

The season is at hand when the corporation laborer quits work at five o'clock p.m. What he does after 5 o'clock is not clearly known, and doesn't matter, but the supposition is he goes home and drinks, as other people do, a [illegible] cup of Hawley Bros. [illegible]. Buy your tea at Hawley Bros., George-st. [illegible]

The Eight Hour Movement.

Mr. Henry Lloyd, of Toronto, will address a public meeting in Labor Hall, over China Hall, this evening. His subject will be "United Labor, its aims and benefits and the importance of the coming eight hour movement." As Mr. Lloyd is considered one of the finest speakers in America on the above subject, he will be well worth hearing. He will give some important facts in regard to the stand to be taken by the Federation of Labor in reference to eight hour movement on the first of May. The ladies are invited to be present, chair to be taken at 8 o'clock. Every one should come, admission free.

Not Easily Forgotten.

Persons entering the premises of W. J. Morrow cannot easily forget the mistake they have made if they have been buying groceries elsewhere. Our [illegible] cause a great deal of [illegible] among people in our line owing to the success our cheap sales meet with. They pay 50 cents for Baking Powder when you can buy strictly pure in 1 lb. tins for 15 cents, 3 lb. tins Peaches, 15 cents each. French Peas, 15 cents per tin, Salmon, 2 tins for 25 cents. We are sacrificing all our lines of Teas, and contrive to give you extra good value in all lines. W. J. Morrow, 2[illegible] George-st. [illegible]

Rev. J. W. Bell in the Opera House.

There was a fair audience at the Opera House last evening to attend the lecture given under the auspices of the Royal Templars by Rev. J. W. Bell, B.D., Superintendent of mission work for the order. The lecturer had for his subject "The Saloon vs. the Individual, Home and State," and was a thorough temperance address. The speaker spoke of the evils resulting from drink and of the influence of the saloons. The lecture was illustrated by some fifty lime light views which added much to the interest and brought out in life-like pictures the evil influences of which the lecturer was speaking.

The Summer Styles for Ladies.

An attraction which should interest all the ladies of Peterborough is announced for to-morrow, when Miss Delaney will hold her summer opening at her millinery establishment, [illegible] George-st. This will be an opportunity to inspect all the latest styles for the coming summer, and none of the ladies should allow it to pass without taking advantage of it. Miss Delaney [illegible] attended the opening of several of the large wholesale establishments both in Toronto and Montreal since she held her spring opening a few weeks ago, and as a result of her visit she has now a most elaborate and well-selected stock of the newest and latest styles in millinery of all descriptions. This stock will be arranged for inspection to-morrow, and all the ladies are invited to attend the opening. 1[illegible]

ST. ANDREW'S FINANCES.

The Investigation by the Committee of the Presbytery.

The committee appointed by the Presbytery to enquire into the financial affairs of St. Andrew's church met in the school room of the church yesterday afternoon. The committee consisted of Rev. John McEwen, of Lakefield, Rev. [illegible], B.A., of Warkworth, and Mr. W. [illegible], of Norwood. Mr. [illegible] presided as chairman. There were a number of members of the congregation present.

The committee took up the consideration of the annual financial reports from 18[illegible] to 18[illegible].

THE MANAGERS' EXPLANATION.

Dr. Bell, Chairman of the Board of Managers, gave explanations. He [illegible] questions from the committee in regard to the [illegible] of interest and their bearing on the current expense account. The [illegible] [illegible]. In [illegible] the subscriptions amounted to $[illegible] and in [illegible] to $[illegible]. [illegible] from [illegible] they lost between [illegible] and [illegible]. In [illegible] they lost [illegible] subscribers, but the loss was more than made up by the additions. In the first half of [illegible] they lost [illegible] subscribers. Between 18[illegible] and 18[illegible] there was a difference of $[illegible] in the subscriptions, due to removals from town. Taking the two items of subscriptions and collections the loss up to [illegible] as compared with [illegible] was about $[illegible]. In [illegible] there was a deficit in round numbers of $[illegible]. There might have been $[illegible] or $[illegible] of arrears yet. A couple of hundred dollars would be required this year for repairs to the church.

Mr. McEwen—There should be a special effort for solid work.

Dr. Bell—We are running behind [illegible] a month now. This year they estimated the subscriptions at $[illegible]. A number had given notice that they would reduce or stop their subscriptions on certain conditions—if Mr. Bell remained.

Mr. Carnegie—All gave that reason?

Dr. Bell—Not all. Some gave no reason. He had urged members to continue their subscriptions, and the managers had tried to influence members to continue their subscriptions, as had been insinuated at the former meeting of the Presbytery.

Mr. H. T. Bell—Some in giving notice said they would stop their subscriptions in the present state of things.

THE INFLUENCE OF EXAMPLE.

Mr. Sutherland—Have any of the managers set the example?

Mr. A. McFarlane—I have. I have taken a seat in another church and had to cut off my subscription here.

Mr. Sutherland—That action would have an influence on others.

Dr. Bell—I may say I have notified the Secretary that I could not continue my subscription under the present state of things.

Mr. Sutherland—That action on the part of the managers and of the Chairman must have had influence on others. There was the example of the member occupying the most responsible financial position in the church.

THE ENQUIRY NARROWED.

The Chairman said they were to examine into the financial position, and not [illegible].

Mr. Sutherland said all the questions had been bearing on the case.

The Chairman—We enquire why the revenue has been reduced, but it is beyond our province to enquire why members have cancelled or reduced their subscriptions.

The Secretary of the Board of Managers was notified to furnish the committee a list of the subscribers on which the estimates had been based.

A COMPARISON OF RECEIPTS.

Mr. John Carnegie said that up to well on 1888, had been a year of special effort, and for a comparison it would be better to go even behind that. He quoted the amount of subscriptions given from 18[illegible] up and said that the amount given in 18[illegible] was more than in any previous year except in the two special years of 1887 and 1888. The plate collections, a good test in attendance, had last year been in excess of all previous years except the two special ones when they had gone into the new church, and in the last half, [illegible] the last three months of the year, the [illegible] had been in a very [illegible] condition. There had been no rapid falling off up to the end of 1889.

The Chairman—[illegible] entire into the present state of affairs. Can you suggest any plan to restore the revenue?

Mr. Carnegie—No. The congregation has been broken up. I believe the fault is more with the congregation than with the minister.

Mr. McFarlane—I want to ask Carnegie, did he say that the managers either wilfully or ignorantly made false representations to the congregation?

Mr. McEwen—Mr. Carnegie apologized for his excited language.

Dr. Bell—He tried to justify that statement.

Mr. McFarlane—That is where the whole difficulty arises.

Mr. Carnegie—If you wish me to, I [illegible] that now, all right.

The Chairman—We cannot go into that.

Mr. Carnegie—If I am the only difficulty as Mr. McFarlane says, I will go out at once and it will be settled.

Mr. McFarlane—I didn't say that.

Mr. Carnegie said the statement [illegible] made at a meeting of the congregation that the congregation [illegible] behind. He took up the report [illegible] said the year had not been begun with a clear sheet, and pointed out items to show that the deficit for the year had been under $[illegible].

NARROWING THE ENQUIRY FURTHER.

The Chairman—What do you wish to show?

Mr. Carnegie—That there was not a deficit of $[illegible] in [illegible].

The Chairman—The liability is there. I don't see what difference it will make. We want to take the estimates and see what the congregation can do.

Mr. Carnegie—I think it is important that you see where the deficit arises from, considering the purpose of the enquiry. There was a large reduction in the subscriptions that was not the fault of the minister, managers or any one else.

The Chairman—We find a large reduced subscriptions and a probable deficit. That is the subject of the enquiry.

Mr. Sutherland—Our commission was to [illegible] the finances for three years.

[illegible] that waterworks had been put in the church and not used and other expenses incurred last year.

Dr. Bell said that extra expenses would arise every year. The water had been until [illegible] church [illegible].

Mr. McEwen said Mr. Carnegie's difficulty was that the congregation was disorganized, and he laid the blame on the managers. That was a matter for the Presbytery, and not for the committee.

After some further talk Mr. McEwen moved that the committee rise.

TO APPOINT REPRESENTATIVES.

Mr. Fitzgerald asked how the congregation was to act to appoint representatives to appear before the Presbytery, as the Moderator of the Session was ill and the Session would not [illegible] him.

Mr. McEwen said that Mr. Bell could request some minister to act for him.

Mr. Sutherland said the Session and Managers would appear before the Presbytery according to the rules.

Mr. McEwen said the Clerk of the Presbytery had spoken to him about the difficulty in appointing representatives and would probably take some action.

The committee [illegible] at 9 o'clock [illegible].

[illegible]

Full [illegible] of the [illegible] in the Opera House hall. [illegible] are urged to attend. [illegible]

[illegible]

[illegible]

Selling Out.

Kidd the hooter is selling out his immense stock of the best boots manufactured. Going out to make room for more boots to make a few more cents. Try his boots, the best. [illegible]

Going West.

[illegible] to [illegible]. The [illegible] and [illegible] to sell [illegible]. Come quickly if you want to buy a horse [illegible]. [illegible] the know at once as I have several customers to supply. There will be a big [illegible] over next week. Comfortable [illegible] for buy[illegible] at [illegible]. T. [illegible] [illegible]

Endorsed by Prof. Daniel Wilson.

UNIVERSITY COLLEGE, TORONTO, [illegible].

"I have much pleasure in bearing testimony to Miss Knox's ability as a public reader. [illegible] the sympathy of her audience.

DANIEL WILSON."

Go and hear her and Miss McManus, the wonderful Lady Whistler, in Opera House, Tuesday evening, April 15. 1[illegible]

Thursday Evening's Event.

On Thursday evening next you are cordially invited to [illegible] which is to be given in the [illegible] of the [illegible] church in the Sunday school room of that church. An excellent programme has been arranged and a most enjoyable evening may be expected. The programme will commence at 8 o'clock. Admission [illegible] cents, refreshments five cents extra. [illegible]

Card of Thanks.

PETERBOROUGH, April 8th, 1890.

To the North American Life Assurance Company:

GENTLEMEN,—On behalf of the beneficiary, Mrs. Sodon, we beg leave to tender you our [illegible] thanks for your promptness in paying the amount, $[illegible], the day you received the claim papers, under Policy No. [illegible], on the life of the late Jno. J. Sodon, M.D., of Belleboro. We also desire to express our thanks to your agent at Peterborough, Mr. T. Willis Gibbs, for his kindness and courtesy in getting the claim papers completed and forwarding [illegible] to you. [illegible] respectfully,

[illegible] Executors.

2[illegible]-1w15

Y.M.C.A. Notes.

We return our sincere thanks to our friends who so kindly entertained the delegates at their homes during the conference. All the delegates were delighted with the hospitality rendered.

One of our young men who has left our town has sent us seven volumes for our library and Mr. J. Coyle Brown has also presented us with two years of the Fortnightly Review in 4 volumes. We need a book-case for our large and library is growing. Who will present the Association with this gift?

We desire to thank Mr. A. Blade for plants for our parlor.

At the Nicholls Hospital.

At the Nicholls Hospital last evening a number of [illegible] of the hospital met by invitation [illegible]. Miss Dalby, on [illegible] of the by-laws by two of the young ladies, who have engaged to serve the course of instruction at the hospital, Miss Mercer, of [illegible] and Miss Dye, of Wellington Co., [illegible] read [illegible] by-laws and the course of instruction prescribed, after which the signatures were affixed and witnessed. Refreshments were served in the dining room and afterwards the arrangements and equipment of the building inspected. The occasion was a pleasant one and the evening enjoyed by all who participated.

Shiloh's Vitalizer is what you need for Constipation, Loss of Appetite, Dizziness, and all symptoms of Dyspepsia. Price 10 and 75 cents per bottle. Sold by Geo. A. Schofield, Druggist, Peterborough.

[illegible] up for Trial.

Sarah Clarke, the unfortunate young girl who was arrested on Monday on a charge of having stolen a watch belonging to [illegible], was brought before the Police Magistrate this morning for her preliminary trial, she having elected to be tried by jury. Mr. R. E. Wood, County Crown Attorney, appeared for the prosecution, and Mr. [illegible] for the defence. The young girl did not show any particular signs of fear or sorrow at the position in which she was placed, but with apparent [illegible] watched the proceedings. The first witness called was [illegible], who owned the watch which was alleged to have been stolen. He said he lived with Mr. George [illegible] as a hired man and Clarke was the servant girl. She had been there a month and left last Saturday morning. At noon on [illegible] he [illegible] watch [illegible]. To Mr. [illegible] he admitted that the girl had carried the watch on a couple of occasions before this. Mr. [illegible] the girl be discharged, as he pleaded that she had been in the habit of wearing the watch and intended bringing it back with her on Monday morning. The Magistrate said that it was too bad that [illegible] had not gone to Lakefield and got the watch, and not have put the county to a great deal of expense and placed the girl in an awkward position. There had been no [illegible] he would [illegible] the evidence offered, which showed she had taken away what did not belong to her. The girl will accordingly come up for trial at the Assizes next month.

Advice to Mothers.

Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

[illegible] Croup and Consumption Cure is sold by us on a guarantee. It cures Consumption. Sold by Geo. A. Schofield, Druggist, Peterborough.

THE DAMAGES OF A DOG.

The Ashburnham Council in Session—The Corporation [illegible] Nine Hours a Day [illegible].

The [illegible] last evening. Mr. [illegible], presiding. The [illegible] were Councillors [illegible] and Throop.

[illegible] minutes of the [illegible] meeting had been confirmed, the following communications were presented:—

Mrs. Mary M. Swanson wrote to the Council in reference to her license. The clerk was ordered to notify Mrs. Swanson that the Council had no power to deal with the matter.

A petition was read from the corporation employees asking that nine hours a day constitute a day's work on the corporation. The document was signed by nineteen laborers.

Mr. L. Lapham, of Carlisle-avenue, asked the Council that the Street Inspector be instructed to [illegible] in front of his residence.—Granted.

Mrs. C. McGregor wrote to the Council asking that part of her taxes be refunded, as she had had a great deal of sickness and trouble during the past winter.—The matter was laid over.

NINE HOURS GRANTED.

Councillor ADAMS moved, seconded by Councillor CALCUTT,—That the prayer of the petitioners for nine hours a day be granted, to take effect from first of April, 1890.

This motion was carried.

ACCOUNTS.

The following accounts were presented and on motion of Councillor CALCUTT, seconded by Councillor ADAMS, they were ordered to be paid:—

Business paper, printing	[illegible]
Electric light	[illegible]
E. R. Burt, charity	[illegible]
Pay sheet No. 6	[illegible]
Pay sheet No. 7	[illegible]
J. Craig, wood	[illegible]
J. Craig, salary	[illegible]
Wickson Co., lumber	[illegible]
[illegible] Co., wood, [illegible]	[illegible]
P. H. Moore	[illegible]
J. C. Sullivan	[illegible]

ARREARS IN TAXES.

Reeve BURNHAM said something should be done in reference to the arrears in taxes. There was still about $[illegible] of the taxes uncollected. The village had expenses to meet and should have their taxes. They would have to borrow money to meet the current expenses and also to cover their unpaid taxes, which simply meant that they were paying interest for someone else. Something would have to be done to collect these unpaid taxes.

Councillor ADAMS suggested that the village adopt the same system as the town.

A by-law authorizing the borrowing of $2,000 at [illegible] per cent, to cover current expenses was read and passed.

Councillor ADAMS moved, seconded by Councillor CALCUTT,—That the [illegible] account for salary be paid.—Carried.

CROSSINGS AND SIDEWALKS.

Councillor THROOP [illegible] a crossing on Elizabeth-st. from Mr. [illegible] store across to his shop. This, the Councillor claimed, was greatly needed.

A number of ratepayers from [illegible] presented a petition asking that a sidewalk be built on that street.

Mr. Maxwell also asked the Council for a short piece of sidewalk near his house.

On motion of Councillor CALCUTT, seconded by Councillor ADAMS, these two petitions were referred to the Street and Bridge Committee with power to act.

THE DAMAGES OF A DOG.

The Reeve then brought up a matter which had received some attention from the Council last year. It was in reference to a sheep killing case in Otonabee. It will be remembered that a farmer by the name of [illegible] had a number of sheep killed by a dog on his farm in Otonabee. Messrs. James Crowly and Dan O'Brien were charged with the ownership of the dog and the Police Magistrate ordered them to pay some $[illegible] damages for the [illegible] sheep. Crowly paid his half, but O'Brien, who lives in Ashburnham, was not worth [illegible], and according to the statutes the municipality in which he resided was held liable for his share of the damages. This bill had been sent on to the Village Council, but was never paid. It is now being pressed again. The Reeve said he was in favor of fighting the case, as he was told that O'Brien did not own the dog at all. The [illegible] have an opportunity to [illegible] its liability.

Several gentlemen present said that O'Brien had stated to them that the dog did not belong to him.

The Councillors were generally in favor of fighting the case and this will probably be done.

The Council then adjourned.

[illegible]

Miss [illegible] are attending the annual meeting of the Woman's [illegible] Society now being held in [illegible].

Board of Trade.

A meeting of the Council of the Board of Trade will be held in the Town [illegible] committee room on Friday evening, 11th, at 8 o'clock. [illegible] are urged to [illegible]. [illegible]

"Ayer's Hair Vigor is a most excellent preparation for the hair. I speak of it from experience. Its use promotes the growth of new hair, and makes it glossy and soft. The Vigor is a sure cure for dandruff."—J. W. Bowen, Editor Enquirer, McArthur, Ohio.

Unique Entertainment.

An evening with the "Y" and England's Poet-Laureate on Thursday, April 10th:—

Closing exercises of Ritual..........

"Y" hall, [illegible] George-st., 8 o'clock. Admission 15 cents. 1[illegible]

APRIL 15th.

APRIL 15 is the date of the Grand Easter Charity Concert in the Opera House. Go and hear MISS AGNES KNOX in her remarkable realistic dramatic impersonations, and MISS McMANUS, the Wonderful Lady Whistler, assisted by popular local talent. [illegible]

Croup, Whooping Cough and Bronchitis immediately relieved by Shiloh's Cure. Sold by Geo. A. Schofield, Druggist, Peterborough.

A New Fire Alarm.

A gang of men commenced work to-day on the new fire alarm system which is to be put in by the Bell Telephone Company. The completion of the system will necessitate the erecting of some seventy new poles and the stretching of about five miles of wire. The work will be pushed along as rapidly as possible and will soon be in working order.

A Beautiful Woman.

Miss Knox more than sustained her wide spread reputation as an elocutionist. She is a beautiful woman, with a superb stage presence and her articulation and gestures and the [illegible] with which she entered into the [illegible] fairly captured the audience [illegible] at her bidding.—[illegible].

Go and hear her and Miss McManus, the wonderful Lady Whistler, in Opera House, Tuesday evening, April 15. 1[illegible]

Brevities.

—[illegible] last night.

—The Bible Association [illegible].

—The Board of Health is called to meet this evening in the Council committee room.

—The University Cricket Club ask to play here on the 24th of May, the Secretary, Mr Sam Ray, having received a postal card to that effect to-day.

To Nervous Debilitated Men.

If you will send us your address, we will mail you our Illustrated pamphlet explaining all about Dr. Dye's Celebrated Electro-Voltaic Belt and Appliances, and their charming effects upon the nervous debilitated system, and how they will quickly restore you to vigor, and manhood. Pamphlet free. If you are thus afflicted, we will send you a Belt and Appliances on a trial.

VOLTAIC BELT CO., Marshall, Mich.

Success Attends the League.

The closing "At Home" of the season of the Epworth League of the [illegible] Methodist Church, Ashburnham, [illegible] last evening at the residence of Mr. Wm. Ward, Lake-st. Success again attended the efforts of the League. The attendance was large and the programme well rendered. Dr. Goldsmith performed the duties of chairman and opened the programme with a few [illegible] remarks, after which the Misses Smith and Messrs. Armstrong and Hill rendered a very pleasing quartette, Miss File recited in good style, Messrs. Armstrong and Hill gave a vocal duet, Mr. Wm. Johnston gave a recitation, Misses L. Mowry and E. Wilson rendered a pleasing instrumental duet, Mrs. E. J. Weir gave an excellently rendered recitation, Mr. B. Hill sang a solo, Miss Minnie Hamilton recited, Mr. H. Armstrong gave a song, Mrs. Weir contributed a reading, and a quartette by the Misses Smith and Messrs. Armstrong and Hill closed the programme. After the chairman had made a short, happy speech, a very tempting supper was partaken of by those present. Altogether the evening was a very enjoyable one, and about seventeen dollars were realized as a result.

[illegible] use Shiloh's Porous Plaster. Price 25 cents. Sold by Geo. A. Schofield, Druggist, Peterborough.

—OUR—

SPRING EXHIBIT!

Any one will recognize the benefit of dealing with a house that shows a Large Range of Goods as well as the Newest Colorings and Styles.

In this connection we would mention the fact that we have several hundred different Styles in our Tweed Department embracing many new and novel effects. Our selections have been made from the market's choicest offerings.

We would state to those who contemplate ordering their Spring Suit that we have been favored with a very large trade and would advise it is better to [illegible] order early.

Our [illegible] are now [illegible] to their full capacity and early orders will prevent delays.

Never since our existence have we been so overwhelmed with work. [illegible] the [illegible]. Our [illegible] are right, our Goods are right and our prices are right.

THOS. DOLAN & CO.,

[illegible]ERS,

[illegible]

When Baby was sick, we gave her Castoria,
When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria.

Dr. CHANNING'S SARSAPARILLA
A SCIENTIFIC HEALTH RESTORER
BLOOD PURIFIER
WILL CURE SKIN DISEASES [illegible]

Coughs, Colds, Croup.

Allen's Lung Balsam was introduced to the public after its merits for the positive cure of such diseases had been fully tested. It excites expectoration and causes the Lungs to throw off the phlegm or mucus; changes the secretions and purifies the blood; heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. Such is the immediate and satisfactory effect that it is warranted to break up the most distressing cough in a few hours' time, if not of too long standing. It contains no opium in any form and is warranted to be perfectly harmless to the most delicate child. There is no real necessity for so many deaths by consumption when Allen's Lung Balsam will prevent it if only taken in time. For Consumption, and all diseases that lead to it, such as Coughs, neglected Colds, Bronchitis, Asthma and all diseases of the Lungs, Allen's Lung Balsam is the Great Modern Remedy. For Croup and Whooping Cough it is almost a specific. It is an old standard remedy, and sold universally at 50 cents and $1.00 per bottle. The 25-cent bottles are put out to answer the constant call for a Good and Low-Priced Cough Cure. If you have not tried the Balsam, call for a 25-cent bottle to test it.

Allen's Lung Balsam

CONSUMPTION SURELY CURED

TO THE EDITOR:—Please inform your readers that I have a positive remedy for the above named disease. By its timely use thousands of hopeless cases have been permanently cured. I shall be glad to send two bottles of my remedy FREE to any of your readers who have consumption if they will send me their Express and P.O. address. Respectfully, T. A. SLOCUM, M.C., 186 West Adelaide St., TORONTO, ONTARIO.

MILLINERY NEWS
—AT—
TURNBULL'S

We had two delightful days for our Millinery Opening and were exceedingly pleased with the hearty response our townspeople gave to our invitation to come and inspect the new Spring Styles. We had previously announced that we did not look to make sales these days but expected as many as could make it convenient to pay us a visit and pass through without purchasing.

Notwithstanding this announcement when we came to count up the days sales in the various departments [illegible] they had far exceeded any [illegible] occasion which was gratifying, being a proof that our friends and the public generally appreciated our endeavors to place before them all the new lines in Staple and Fancy Dry Goods as they come out of the hands of our Canadian and foreign manufacturers. We have just received a large shipment of Tapestry Carpets, the patterns are very choice and new, prices range from 30c. to 85c.

Flannelettes have come out in darker shades this year. We show some good patterns in Grey Stripes and Checks; remember them when you are buying children's wear. Our Curtain Nets, Art Muslins and Scrims are even [illegible] they are so [illegible] former years. See our Art Muslins at 10c. a yard.

When [illegible] boys call on us, we strongly recommend the goods we sell at 85c. a yard.

TRANSATLANTIC ADVICES.

EUROPEAN DISARMAMENT FORESHADOWED.

Talk of an Agreement Between France and Germany—But Switzerland Begins to Build New Forts—German Army Officers Dissatisfied.

PARIS, April 9.—La Paix, supposed to be inspired by President Carnot's secretary, says there is talk of the possibility of an agreement between France and Germany to be followed by a general disarmament.

Bankrupt Rome.

ROME, April 9.—It is reported the inquiry into the municipal finances reveals a state of bankruptcy exceeding the worst anticipations. The Government declines further to assist in averting a crash. Numerous failures are expected.

Switzerland Building Forts.

LONDON, April 9.—In accordance with France's confidential desire Switzerland has commenced to build forts at Mont Poris and St. Maurice in the canton of Valais for the protection of the frontier.

Passports in Alsace-Lorraine.

BERLIN, April 9.—The Vossische Zeitung says the compulsory passport regulations in Alsace-Lorraine will shortly be abolished.

Dissatisfied German Army Officers.

BERLIN, April 9.—Many officers of the guard are not satisfied with the Emperor's order lowering the scale of private income necessary for securing a commission in the army and have requested to be allowed to retire from the service.

The Dahomian Blockade.

PARIS, April 9.—All the powers recognize the blockade of the Dahomian coast by France.

A Terrible Scandal in High Life.

BERLIN, April 9.—The disclosures caused by the arrest of Frau Oberstlieutenant Hosser for gross immorality are exciting all official and fashionable Berlin. Frau Hosser, who is the wife of a leading municipal official, has for some time been giving a series of receptions at her residence in Friedrich-street, which were really orgies of an Oriental character. She was assisted by her handsome daughter, [illegible] Among her frequent visitors were members of the highest nobility, court and city officials, officers of the army and other persons of distinction. Pretty girls of good family were invited by Frau Hosser and in many instances unwillingly lured to their ruin. Money bail was given for Frau Hosser by a high official, and now she has succeeded in escaping beyond the jurisdiction of the courts. The daughter has been arrested and persuaded into making a confession, her evidence being taken in camera, so as to screen the names of certain persons of rank.

A CAUSE CELEBRE.

Brennan v. Earle at the Wentworth Assizes—A Libel Suit Dismissed.

HAMILTON, April 9.—At the Assizes to-day William Lahie was acquitted on the charge of committing "an offence against the public morality," the crown failing in its attempt to prove that the [illegible] woman was insane.

The libel case of Howarth v. Fisher was dismissed. This was an action brought by James G. Howarth, a Toronto merchant, against W. H. C. Fisher of Dundas for $10,000 damages for publishing the following libel: "What do you think of a man who would [illegible] his [illegible] warehouse and take it? Also hold the insurance policy? This is what Howarth did." The defence was that the [illegible] privileged.

W. R. Walker, Q.C., moved to have the case of Brennan v. Earle placed on the list, but the judge refused the application. The suit is one brought by Joe Brennan of this city against John Earle, general freight agent of the Grand Trunk at Toronto, his brother-in-law, for alienating the affections of Joe's wife. Brennan claims that all the [illegible] which have [illegible] the subject of a rather sensational suit in Toronto were [illegible] by the defendant. The alienation consisted in Mr. Earle having advised Mrs. Brennan to leave her husband. J. W. Nesbitt, Q.C., opposed the motion.

NOTES FROM THE CAPITAL.

A SPIRITED DISCUSSION ON THE TARIFF CHANGES.

The New Duties on Livestock Provoke Strong Opposition on the Part of the Reform Members—The Alien Labor Bill.

OTTAWA, April 9.—A complaint by a Fredericton paper that though the Scott Act is the rule in that community three bars are openly maintained in connection with the Royal School of Infantry was read in the House to-day by Mr. Gillmor. The article complained that the young men who joined the school for school course were demoralized by these bars, which are in connection with the canteen, the sergeants' mess and the officers' mess. Mr. Gillmor asked what the Minister of Militia proposed to do about it and Sir Adolphe Caron replied that he would have an enquiry made.

Sir John Macdonald made a feeling reference to the death of the member for New Westminster (Mr. Chisholm) and pathetically remarked [illegible] and events following so closely, one upon the other, were reminders of the uncertainty of human life.

The House having gone into committee on the tariff resolution the clauses embodying the orders in council adopted since the last tariff bill were passed with [illegible] Then the new tariff was taken up. The items respecting acid, [illegible] and precious stones evoked no discussion but there was a great flow of oratory over the proposition that live cattle, sheep and hogs should pay an import duty of 30 per cent. in place of 20 per cent. as formerly.

Mr. Foster explained that this increase was about equivalent to the increase in the duty on dead meats.

Sir Richard Cartwright, Mr. Charlton and Mr. Mulock denounced this increase as serving no good purpose and tending only to inspire the United States with a feeling of hostility to Canada.

Mr. Foster repudiated the idea that Canada should have to consult the United States before passing legislation believed to be in the interest of the Dominion. He ridiculed the statement that this change in the tariff was thrown out as a challenge to the United States or could be described as retaliation. The simple fact was, he said, that the Government realized that certain of the farmers' products did not receive proper protection, and this it was proposed to give them. If Canada met with difficulties in the way of retaliatory legislation they would face them not as cowards, but as brave men. [Applause.] He accused the Opposition of conduct nothing less than criminal in endeavoring to create the impression at home and abroad that the Government were inspired with a malicious desire for retaliation.

Sir Richard Cartwright, and after routine Messrs. Charlton, McMillan (Hur.), Landerkin, McMullen, Rochard, Paterson (Brant), [illegible] and others of whom on the Opposition [illegible] against the change in this duty as unwise in itself and a standing challenge to the States.

At 12.10 the committee rose and the House adjourned.

The Alien Labor Bill.

OTTAWA, April 9.—A meeting of the special committee on Mr. Taylor's Alien Contract Labor Bill was held to-day, when Mr. Ormiston, collector of customs at Gananoque, was examined at length. He held that he made enquiries last year along the frontier to see how the alien labor law affected Canadians, and he cited a number of cases to show that Canadians were compelled to go and reside in the [illegible] while they were there or give up their employment. He said that the proclamation issued by Mr. Taylor had a [illegible] effect on the United States authorities last season and he did not know whether another would be necessary this summer or not.

Robert Lawrence of [illegible] Bridge, N.Y., gave evidence to the effect that he was a Canadian, living on the Canadian side, but was compelled to remove with his family to the other side or change his employment.

The evidence of W. [illegible] of Alexandria Bay went to show that Canadians were prevented from going to the other side to pursue their vocations last season, [illegible] talk of enforcing the law again next season.

Farmer Cook of Gananoque gave similar testimony.

Notes and Gossip.

OTTAWA, April 9.—At a meeting of the Railway Committee to-day a bill for the incorporation of a railway from [illegible] to Calgary was passed. The promoters of the road have been promised a subsidy from the Dominion Government.

Captain Neelon, John [illegible], W. A. Greenwood and E. A. Smith of St. Catharines had an interview with the Government to-day in regard to the St. Catharines & Niagara Central Railway. They want a subsidy for the balance of the road, some 14 miles, into Hamilton.

Mr. D. F. Burk of Port Arthur, who was the Liberal candidate for Algoma at the last general election, is here with a delegation to press upon the Government the granting of a subsidy to the Port Arthur, Duluth & Western Railway.

The Government have promised Mr. O'Connor, who is here in the interests of the Winnipeg & Southeastern Railway, to give a land grant to the road.

E. A. Gleghorn, London; A. Turner, Hamilton; J. F. Young of Perkins, Ince & Co., Toronto; [illegible] of Lucas, Park & Co., Hamilton, interviewed the Ministers of Customs and Finance to-day regarding the duties on liquors and [illegible] The deputation was introduced by Messrs. Brown and [illegible] M.P.

The fishery protection service on the Atlantic coast will be resumed about May 15.

Mr. Nicholas Murphy, Q.C., of Toronto, had been in the city endeavoring to obtain the release of the two [illegible] Kerr and Gilbery, sentenced to 12 months' imprisonment for [illegible] at the Queen-street subway, Toronto. The men have served half their term and a very largely signed petition praying for the remission of the remainder has been forwarded. Sir John Thompson received Mr. Murphy [illegible]

A Montreal deputation to-day urged that the duty on heavy chemicals should be continued as before in place of being admitted free as proposed for manufacturing purposes only.

Hon. J. A. Chapleau was taken severely ill in his office to-day and had to be taken home.

[illegible] motion to [illegible] Northwest [illegible]

[illegible] of horses and [illegible] the famous [illegible] Hill, is dead at Philadelphia. [illegible] Beyond his fame as the owner of many of the most noted celebrities of the turf Mr. Welch lived a quiet life.

EAST SIMCOE CONSERVATIVES.

A [illegible] of Midland Chosen to Run Against Mr. Drury.

ORILLIA, April 9.—The Liberal-Conservative convention held here to-day was attended by about 150 delegates from all over the riding. The convention was called for the purpose of selecting a candidate to oppose Hon. Charles Drury in the coming local election. The only nomination made was that of Mr. Andrew [illegible] of Midland, the delegates by a [illegible] vote declaring him to be the choice of the convention. Addresses were delivered by Messrs. Craig, Clarke, H. H. Thompson, [illegible] H. Bennett, Dr. Slaven and Mr. [illegible] the delegates, Robert Birmingham [illegible] and G. F. Marter, M.L.A.

SO THEY WERE MARRIED.

A Fashionable Wedding in the Ambitious City.

HAMILTON, April 9.—The marriage of Mr. Charles [illegible] and Miss [illegible] Roach, [illegible] of this city, took place at [illegible] Cathedral at 3 o'clock this afternoon. The ceremony was performed by Rev. [illegible] assisted by Rev. [illegible] Forneret. The bride wore a [illegible] with a court train [illegible] and carried a large bouquet of [illegible] and lilies of the valley. The bridesmaids, the Misses Louise and Bella Roach, wore pale gray faille and white crepe de chine, with [illegible] trimmings and hats to match. Each carried a large bouquet of pink roses. Mr. Arthur S. [illegible] was best man. Among the invited guests were many society people from Toronto, Montreal and Boston. After the ceremony a reception was held at the residence of the bride's father in [illegible] street. Mr. and Mrs. Jones left at 5.35 in a private car for New York.

The Chicago Strikes.

CHICAGO, April 9.—The striking carpenters have pickets at all the depots and yards of the suburban towns. Whenever they find carpenters coming here to work they labor with them and almost invariably induce them not to work. The strike is costing them $25,000 to $40,000 per week, but they say they are prepared for an all-summer siege. The struggle is for a recognition of the union and the bosses say they will not grant this.

The cigar makers' strike took a new turn this morning when 20 non-union bunch makers employed at the Columbia cigar factory struck for higher wages. While the strikers were [illegible] with [illegible] Yetta Haney and [illegible] a charge of having [illegible] The striking bunch-makers voted to join the union.

New York Carpenters Successful.

NEW YORK, April 9.—The organized carpenters of this city at a meeting this evening decided to demand eight hours as a day's work after May 1 and $3.50 per day.

Preventing [illegible] Demonstrations.

VIENNA, April 9.—The unemployed workmen [illegible] made several attempts to hold meetings but were prevented from assembling by patrols of cavalry.

Texas Insect Pests.

ST. LOUIS, April 9.—Advices from Texas say 75 per cent. of the whole crop in the counties of Cook, Grayson, Collins, Denton, Wise and Montague has been destroyed by insects. One of these [illegible] is similar to the northern chinch bug and the other is the common lady bug. [illegible]

[illegible]

THE STORM IN THE STATES

A TORNADO DOES GREAT DAMAGE IN OHIO.

New York, Pennsylvania and Virginia Also Suffer—Great Loss of Property and Life—Tidal Waves in Lake Michigan.

AKRON, O., April 9.—The first regular tornado ever known in this country struck Springfield township last night. The storm moved in a path 10 rods wide, utterly wrecking everything in it. The house of A. Jones, the two-story house of Scott Swaiker and five barns and sheds were demolished. Mr. Swaiker, his wife and two children were thrown into the cellar when the house went down and escaped uninjured.

Swaiker's loss on crops and farm implements is heavy. The tornado also wrecked houses on the Rodenbaugh and Robinson farms. It is reported that 10 houses were demolished at Shelby by the tornado and ten to a dozen persons killed. Huber Falk, a well-known farmer, was among those killed. His wife was seriously injured.

NORWALK, O., April 9.—The following were injured by last night's cyclone here: Rose M. Palmer, killed, head crushed; Maud [illegible] injured; Carrie [illegible] Bragg, cut in face and badly bruised about head; Maggie Ellis, cut about head and face; Rose Lyke, caught by falling timber and bruised about the shoulder and head cut. The 40 girls employed in the umbrella factory tried to escape from the main building but [illegible]

Reuben Emerson and wife [illegible] are believed to be fatally [illegible] injuries and [illegible]

At Collins, [illegible] and daughter were probably fatally injured. Arthur [illegible] had three ribs broken and his [illegible] was dislocated. Several members of the Hand family, L. D. Vining and wife and Mrs. Adam [illegible] received serious injuries. About twenty houses, two saw mills, a cheese factory and a dozen barns were demolished, trees thrown down and fences destroyed. The storm continued for seven hours and was the worst that ever visited that section.

[illegible] by Lightning.

ITHACA, N.Y., April 9.—[illegible] storm early this morning lightning set fire to and burned [illegible] large barns in [illegible] county.

A Freight Train Wrecked in a Storm.

MIDDLETOWN, N.Y., April 9.—While Otisville was experiencing a severe storm at 2 o'clock this morning a freight train on the Erie Railway broke in two at the station and running together caused a bad wreck. The cars smashed into the Weller Hotel and carried away the [illegible]

In Pennsylvania.

PITTSBURG, April 9.—Western Pennsylvania was visited by a severe rain, wind and electric storm this morning. Great damage was done and at least two lives were lost. In this city a number of houses were struck by lightning and several persons stunned but not seriously injured. The rain fell in torrents for several hours flooding cellars and causing small streams to overflow. At West Elizabeth [illegible] children of George Heakle, a boy and girl aged 7, were drowned on their way to school while crossing a foot log over Lobb's run. The girl lost her footing and fell in the water and her twin brother in trying to rescue her lost his life also. At Indiana, Pa., lightning struck the [illegible] of Wigley & Wilson and it was burned to the ground. The loss was $20,000. In Westmoreland county great damage is reported. For two hours the rain fell in torrents and nearly all the streams overflowed their banks, sweeping away bridges, fences and everything in their way. At [illegible] a number of families were compelled to vacate their homes and seek shelter on high ground. Up the [illegible] valley the greatest damage was done to most of the bridges along the [illegible] The [illegible] Valley Railroad at [illegible] [illegible]

High-Pressure

Living characterizes these modern days. The result is a fearful increase of Brain and Heart Diseases — General Debility, Insomnia, Paralysis, and Insanity. Chloral and Morphia augment the evil. The medicine best adapted to do permanent good is Ayer's Sarsaparilla. It purifies, enriches, and vitalizes the blood, and thus strengthens every function and faculty of the body. "I have used Ayer's Sarsaparilla, in my family, for years. I have found it invaluable as

A Cure

for Nervous Debility caused by an inactive liver and a low state of the blood." — Henry Bacon, Xenia, Ohio.

"For some time I have been troubled with heart disease. I never found anything to help me until I began using Ayer's Sarsaparilla. I have only used this medicine six months, but it has relieved me from my trouble, and enabled me to resume work." — J. P. Carzanett, Perry, Ill.

"I have been a practicing physician for over half a century, and during that time I have never found so powerful and reliable an alterative and blood-purifier as Ayer's Sarsaparilla." — Dr. M. Maxstart, Louisville, Ky.

Ayer's Sarsaparilla,

PREPARED BY

Dr. J. C. Ayer & Co., Lowell, Mass.

Price $1; six bottles, $5. Worth $5 a bottle.

Children Cry for Pitcher's Castoria.

The Daily Review.

THURSDAY, APRIL 10, 1890.

YOUNG'S POINT.

The Roads in Bad Condition—A Removal—An Official Visit—Signs of Spring.

(Correspondence of the Review.)

REMOVING.—[illegible] are leaving the village [illegible] He has [illegible] and will keep a temperance house. We wish him success in his new undertaking.

ON BUSINESS.—Mr. Geo. Cochrane, Government License Inspector for the West Riding, was up here one day last week on his annual tour of inspection.

IMPROVEMENT.—Mr. C. Young is making quite an improvement to the place by having his large barn removed [illegible] of his [illegible] to a more [illegible] place.

SPRING BIRDS.—Nearly all the feathered tribe have got back this length. The swallow will come next, then we will have the song [illegible] in the [illegible] once more.

THE ROADS.—The roads are indeed very bad for horses to travel over just now. In fact they could not be worse. If I had to drive the mail from Peterborough to Apsley I would try a balloon for a change.

Visitors at St. [illegible]

To the Editor of the Review.

SIR,—In last evening's Review there appeared a letter over the signature of "A Visitor," who seems to have been offended by something that fell from the lips of the preacher at St. John's last Sunday evening. If the words referred to had been intended in the sense in which they were evidently taken by your correspondent there would be ground for taking umbrage at them, but it was clear to me, and I believe to all the other members of the church, as well as many visitors, that no offence was really made to any except those members of the church who, through their neglectful observance of the season of Lent, had [illegible] to the [illegible] the [illegible] provided. I know that nothing was further from the preacher's mind than to reflect upon the visitors to the church, and it would be impossible for him to be guilty of the discourtesy of which he is accused. I am sure your correspondent will not say that he did receive a hearty welcome to the church, and if the minister, who was completely worn out and really unfit to take his duty, failed to make his meaning as clear as could be desired, fair allowance should be made. But was it not rather ill-natured and possibly irreverent for "A Visitor" to say that "the decorations and the music formed the leading and by far the best part of the service"? He must surely have forgotten that lessons were read from the Old and New Testaments, besides three of the most beautiful of the Psalms of David, to say nothing of the thoroughly Scriptural [illegible]. I trust your correspondent will see that the preacher was not guilty of discourtesy and I am sure [illegible] of St. John's will feel that the rebuke to them was just.

Yours faithfully,
[illegible]

April 10th, 1890.

[illegible] on the [illegible]

To the Editor of the Review.

SIR,—On Thursday last week the lady passengers on board the [illegible] to Peterborough were greatly annoyed, disgusted and frightened by the presence of [illegible] car. He [illegible] himself highly [illegible] was appealed to, in vain. The [illegible] replied that the people of [illegible] should keep a policeman to look after such cases. I always thought that the duty of a conductor is to look after the comfort and safety of his passengers, but it appears that I am wrong. [illegible] the [illegible] of the [illegible] will be called to this subject; but it is my humble opinion that it is better to "lock the door" to prevent the horse from being stolen, and not after the [illegible] taken place.

Yours, &c.,
A HUSBAND.

An [illegible]

Another fad, entre nous, and I'll bid you adieu. You know, of course, that the chemise is [illegible]. Well, by all odds, the sweetest, [illegible] garment that goes over the shoulders of beauty is the woven undervest, [illegible] and not much wider than a wedding [illegible]. For the past two or three years [illegible] have been at their [illegible] fantastic designs [illegible] is an array of marvellously beautiful [illegible] round and [illegible] as delicate [illegible] not much wider than [illegible]. These clinging, [illegible] as [illegible] for a [illegible] you suppose? [illegible] be shocked, but I rather enjoy the exhibition of the glistening white neck and arms, shoulders, back and chest against the glossy framework of ebony silk, while the [illegible] takes them [illegible] to the [illegible] of freedom, that he doesn't mind it any more than if he was proposing the [illegible] for a Salvation Army sister.

[illegible]

The newest whim of aristocratic English women who go in for gymnastics [illegible] is for cut glass dumb bells. A prominent society lady just returned from Europe brought a beautiful pair of cut-glass bells with her other luggage. These newest toys are made in sizes from four ounces to two pounds. Some are of polished French glass, clear and pure as Japanese crystal.

A bald headed woman is unusual because she is [illegible], but gray hair is common with a [illegible]. Baldness and grayness may be prevented by using Hall's Hair Renewer.

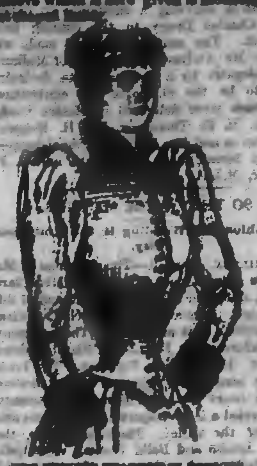
Shiloh's Cough and Consumption Cure is sold by us on a guarantee. It cures Consumption. Sold by Geo. A. Schofield, Druggist, Peterborough.

WHAT SHALL WE WEAR?

SOME NEW FEATURES [illegible] EARLY SPRING GOWNS AND [illegible].

Present Fashions in Bodices and Skirts—Tailor Made Costumes—An Illustration of the New High, Full Sleeves—New Wool Fabrics—Late Styles in Millinery.

The newest feature in French bodices is the sleeve, which is now made so high and full, to [illegible] that the shoulders are level with the ears. The bodice shown in our cut illustrates this feature. Another point is that the [illegible] a different material from the bodice, as in the instance of our picture, where [illegible] is used for the bodice and [illegible] for the sleeves. The sleeve which is here [illegible] is [illegible] a [illegible].



[illegible]

The Redfern skirt prevails in tailor made gowns; it is quite plain in front, with a slight fulness at the back. [illegible] is a favorite color. The new wool fabrics for outdoor costumes are [illegible] in small checks, large [illegible] and stripes of new colors, to be made up in tailor style of the most simple design. The small checks combine effectively with three or four colors of light shades, as green and white, with red, or mauve with brown and blue. The [illegible] are of a [illegible] and [illegible], and are to be made up [illegible]; those of gray with violet, black with green, [illegible], two tones of blue with white, or beige with brown are among the [illegible]. [illegible] have dotted stripes alternating with plain stripes in two shades of green with white, [illegible] with white, with also beige and gray shades.

[illegible]

Most of the night gowns [illegible] in [illegible] are [illegible] place by colored [illegible] have [illegible] these garments in colored [illegible] of delicate tints, but there is nothing like pure white. Original [illegible] but [illegible] becoming, [illegible] of [illegible] black French silk, which [illegible] with deep [illegible] of Valenciennes lace.

For chemise and drawers the trimmings are adopted [illegible] the V shape [illegible] preferred for the former. One in French cambric, hand embroidered, had the [illegible] made entirely of insertion, with rows of pale blue ribbon run in and out; dainty shoulder knots of the same to match. Night dresses with sailor collars, the border of a different color, are much in demand at present, the [illegible] being handsomely [illegible] at one corner.

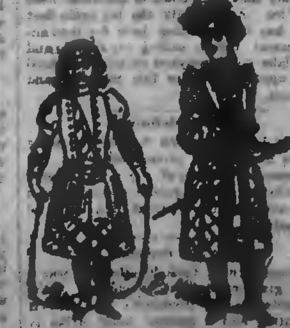
Under petticoats have become quite a feature in lingerie, and are made both in silk and French lawn. Some made in the latter material are tucked half way up with alternate insertions of torchon; deep [illegible] of the same border the hem. A novelty is the accordion plaited petticoat, [illegible] suited to every day wear, as in the laundry the plaits come out of place.

[illegible] for [illegible]

The prettiest bonnets herald the approach of Easter by a subtle change in style and coloring. Violets are the flowers in the newest importations of bonnets, while black and [illegible] appear along with other trimmings on the new wide [illegible] hats. Some of the most stylish bonnets are entirely black, depending on jet for their adornment. Dainty little gem bonnets made of jet open work, resemble in form a thirteenth century coif, with three or four bunches of yellow cowslips, [illegible] with tiny black velvet bows. [illegible] crownless bonnets are to be seen, although the [illegible] of wearing them is [illegible].

[illegible] Costumes.

We present in the accompanying illustration two charming models in the way of children's costumes for spring wear. The dress for a girl of 8 or 9 years of age shows in its material a combination of red serge and checked red and cream serge. The jacket, which is of the plain material, is trimmed with buttons. The [illegible] is [illegible] with the checked material, which also [illegible] the sleeves.



[illegible] FOR GIRL OF 7—COSTUME FOR GIRL OF 9.

The material employed in [illegible] suitable to [illegible] for a girl of from 9 to 12 [illegible] and green woollen [illegible]. The skirt [illegible] in wide plaits. The waistcoat, collar and cuffs are velvet, likewise the [illegible]. A tartan plaid ribbon forms a [illegible].

An Idea for [illegible].

The English women are just now favoring, for riding habits, long jackets, that reach to the saddle when the rider is mounted. The requisite length is formed by the deep basques, fitted perfectly over the hips, and joined to the waist seam. It is whispered that these deep basqued jackets will soon find their way to favor for walking.

An [illegible] Discovery.

The cave accidentally discovered on a farm in Wilson county, Tenn., by [illegible], has since been explored. The exploring party consisted only of the [illegible] in number—and one of them thus tells of the trip in a communication to the Nashville American: "Saturday morning we all set [illegible] with lanterns and plenty of candles. We began to descend into the cave. We went about 100 yards, when the ceiling seemed to be about 15 feet above our heads; the walls were as smooth as a plank. We came to a small creek, crossed it, and about 20 yards from this creek we found [illegible] the old-fashioned [illegible] and some [illegible]. One of the pistols had the letters M. S. [illegible] on the [illegible] and on the wall was written [illegible] June 5, 1793. In an entrance further on we found the skeletons of five human beings. Off to one side lay a skeleton that seemed to be that of a woman, for on her right forefinger was a plain gold ring lettered: R. W. to M. E., 1[illegible]. Dr. Snead took the ring off the finger. We also found one tooth plug of gold."—Ex.

A COLUMN OF FUN.

[illegible]

[illegible]—What's the difference between a [illegible] and a [illegible], anyway?
[illegible]—The [illegible]!—Harper's Weekly.

To Suit Made.

Jack—How will these trousers wear?
Clerk (who has had a row with boss)—Out!
—Texas Siftings.

[illegible]

"Did you go to the President?"
"No, I [illegible] a very necessary accessory to that operation."
"What?"
"I left my [illegible] at home."—Life.

BE WILLING,

Wary and Wise. Willing to bury your doubts and give a fair test. Wary of the unreasoning effect of our competitors, and [illegible] your [illegible] in our ability to please you with [illegible]. Bargains in Ready-made Clothing for boys, youths, and men of any shape or size. M. B. Kidd.

"Say, Mandy, where are you going to buy the boy's clothes this spring?"
"[illegible]"
"Well, I've been thinking that neighbor Perkins is getting so so spruce style since he began to trade at M. B. Kidd's, that he had better go there too."

A [illegible].

They had a quarrel and she sent
His letters back next day;
His ring and all his presents went
To him without delay.

"Pray send my kisses back to me!"
He wrote; "could you forget them?"
She answered speedily that he
Must come himself and get them.
—Judge.

She Loved to Know.

Mr. Cumso—And so old Mrs. Gadd is dead?
Mr. [illegible]—Yes, dead and buried.
Mr. Cumso—Dead and buried! Humph! I'll wager that by this time she knows all the family [illegible] of the women in the adjacent lot.—Life.

"Say, Colville old friend, Dr. Scott and [illegible] the other day."
"He did! Why what was it?"
"Why he slipped into M. B. Kidd's to look over the new stock of Ready-made Suits and dropped a ten-dollar bill on the counter, and—"
"Oh, [illegible]!"
"Ha! Ha! Hum! Hum!"

[illegible]

Miss T. (who is fishing for a compliment)—Do you think I am so very old?
Mr. Blundering (anxious to please)—No, indeed! You are not half as old as you look.—Chicago Times.

[illegible]

"You can't catch guinea pigs by putting salt on their tails."
"Why?"
"One reason is, they have no tails."—[illegible].

TESTIMONIALS.

In preaching I find that I can get a better flow of language after taking a cup of that fine [illegible] of M. B. Kidd's than from any other tea.

Rev. T—— B——.

Thoughts come in a flowing sheet, and words so pure and ready to the tongue that it is no trouble to preach eloquent sermons after using that fine black tea from M. B. Kidd.

G. P. F——.

My best sermons are always delivered after taking a good draught of that fine young hyson tea from M. B. Kidd.

Rev. B——.

[illegible]

"You are an authority on featured strength, I believe," remarked a stranger to the sporting editor.
The latter bowed and replied:
"What can I do for you?"
"I wish you would tell me which is the stronger, the [illegible] or the woman who [illegible] a waist?"—Munsey's Weekly.

COME!

To us when you are weary of being [illegible] and want to know where you can get a full dollar's worth.

M. B. KIDD,

READY MADE CLOTHING, GENTS' FURNISHINGS, ETC.

[illegible] George-st., Peterborough.

The [illegible] Way.

Doctor (after the railroad accident)—Are you much hurt?
Railroad Official (warily)—I must positively decline to furnish any information.—Puck.

A [illegible].

Judge—You ought to go to [illegible].
[illegible]—Where, Judge?
Judge—Because you are no good on earth.—[illegible].

Annie—Why, John, where have you been? [illegible] into [illegible].
John—I have been [illegible].
Annie—Good heavens!
John—Don't be alarmed. I was only looking [illegible] at M. B. Kidd's [illegible].

A [illegible].

Stranger—I [illegible] that fellow Buckle, of the Peerless [illegible] Troupe, last evening. What a [illegible] chap he is! He's got a good part, but he never plays it without [illegible].

[illegible]—What is it?
[illegible]—[illegible] his [illegible] lip in the [illegible].

It is a fact [illegible] that no person can read M. B. Kidd's advertisement without acknowledging that some pleasing truths have been presented.

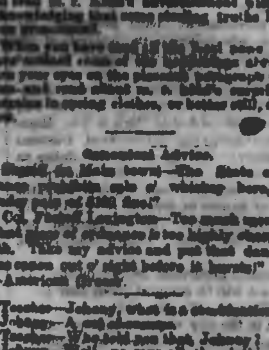
When you have tired of the local news and have looked [illegible] around, turn your eyes on the [illegible] paragraph and read about M. B. Kidd's surprising bargains in spring clothes, or better still, do it now.

[illegible] Advice.

[illegible], the Main town—The State [illegible] whiskey [illegible] sale of $[illegible] fine!"
Col. [illegible] Lexington—Too much money! That [illegible] is too highly charged, [illegible]. Take my advice and put that dangerous [illegible] out of sight before it bursts!"
—American [illegible].

Teacher—Johnny, what is a [illegible]?
Johnny—A [illegible].
Teacher—Who told you that, Johnny?
Johnny—Well, ye see all the [illegible] in here [illegible] to knock out [illegible], but they can't do it, [illegible].
Teacher—Hush! Hush! You ought not to say that.
Johnny—[illegible].

A Precocious Child.



Irate Father—I can see through you, you little rascal!
Suffering boy—You ought to be able to; I'm trans-parent.—Life.

GOING OUT LIKE FUN!

THEY ARE THE GOODS!

They Pleased Hundreds Mightily

and well they might as they are daisy bargains every one.

HATS - HATS - HATS

Hundreds of Styles. New, nobby and becoming. We are making quick sales, and no wonder for we ask only one half as much as the high priced Hatters. Get your Spring Hat from us.

GOUGH BROS.

377 and 379 George-st., Peterborough.

A MAN IN SKIRTS.

The Strange Attire Chosen by a Southern [illegible].

"You ought to have been in East Macon yesterday," remarked Engineer [illegible] last night.
"Why so?"
"There was the biggest sensation of the season in that interesting suburb for a few hours."
"Well go on and tell the story."
"I, among others, was standing on the sidewalk near old man Henry Jones's store, and I saw a queer looking object coming down the street. It was a man somewhat above the ordinary height, with a long snow-white beard and a pair of white whiskers that nearly completed the covering of his face. He wore a woman's old-fashioned sun bonnet which flopped over his face and concealed his head, giving him the appearance of one of those pictures of [illegible] that you see in Sunday-school books."
"Why did he wear it?"
"Hold on! That is not all. He had on a calico frock that reached to his ankles, and in the old-fashioned body-and-skirt style, which made him look still more like a patriarch. The strings of his apron hung down, looking like a country woman in her every-day dress of twenty years ago."
"Was he drunk?"
"Why, no, not by any means, and from the way he looked and acted I don't suppose he was ever drunk in his life. As he came striding down the street, the legs of his heavy boots showing at every stride, he was about the greatest specimen of humanity I ever struck. There was a mob at his heels and everybody stared hard as he passed, and it looked as if John Robinson's circus was passing down the street in grand parade and all East Macon had turned out to see the elephants."
"Who was he?"
"His name is Roberts, and he was born and still lives in Jones County. For some reason that I do not know, he has worn female attire all his life, or as long as [illegible] years old, as I was informed. He has [illegible] by the State authorities granting him [illegible] to wear women's clothes, [illegible] that [illegible] the law will not interfere with him. [illegible] off somewhere and was returning to his home when he passed through East Macon.
"That is a curious story, but it is a true one. I do not know why he chooses to wear skirts in preference to trousers, but he does, and that's why he created such a sensation as he walked the streets. He is quite old, and they say he is a man of good intelligence. In everything except his queer costume he looks like any other old farmer; but that frock and bonnet caused a sensation in East Macon."

How Dom Pedro Lives in Exile.

A Paris correspondent says that Dom Pedro's life at Nice, differs little from what it was in Brazil. His chief pleasure continues to be derived from literature. His study, which is on the second floor of the Hotel [illegible], commands a full view of the Mediterranean, and is embellished with handsomely bound volumes of many of the famous authors of ancient and modern times. His favorite among the latter is Victor Hugo.

The Emperor rises every morning at 6 o'clock and after partaking of his cafe au lait, reads the newspapers, many of which are published in various languages. At 9 o'clock he takes a genuine Yankee breakfast, a taste and habit he acquired while visiting the United States. He then goes out for a drive, in the course of which he visits places of historical interest. Returning to his apartment about noon, he partakes of a light luncheon, then spends two hours in his library. At two o'clock he has his dinner served in French style. After dinner he sometimes receives intimate friends, to whom he devotes an hour or so. Later he takes a walk for about a half an hour. Returning to his study, he gives himself up to writing until seven o'clock, when supper is served. After supper an hour is devoted to the society of the members of his household, who entertain him with some favorite game; finishing this, he returns to his library, where he converses with his chosen authors until nine or ten, when he retires for the night.

[illegible]

The rare [illegible] of divorce [illegible] [illegible] according to the requirements of the [illegible] took place recently in Louisville, in the B'Nai Jakob synagogue. The woman was Mrs. J. Levin, whose husband was killed by [illegible] last summer. She had no children, and the old laws of the orthodox Jews is that in such a case the dead man's oldest brother is to marry the widow and raise up children in the name of the deceased. Mrs. Levin, however, did not desire to marry Moses Levin, her husband's brother, nor he her. Accordingly, she must be divorced from the dead [illegible]. The ceremony can only be performed by two orthodox Jewish rabbis acting in conjunction. As these could not be found in Louisville they were imported from Chicago for the occasion. An admission fee of 25 cents was charged and quite a number of persons witnessed the remarkable ceremony.—Courier Journal.

SANITARY RESOLUTIONS.

The Board of Trade [illegible]

The inaugural meeting of the local Board of Health was held in the Council committee room last night. The members present were Dr. Fife, [illegible] T. B. [illegible], Pearce and R. Shortly, Dr. Clarke, Medical Health Officer, Chief Rennie, Sanitary Inspector, and Mr. Jas. G. Macdonald, Secretary.

The meeting was called to order by the secretary, who asked the members to elect a chairman. On motion of Mr. [illegible], seconded by [illegible], Dr. Fife was elected chairman for the coming year.

A communication was read from an odorless excavator company of [illegible]. It was received.

Several complaints regarding nuisances were referred to the [illegible].

SANITARY RESOLUTIONS.

It was moved by Mr. Pearce, seconded by Mr. Shortly,—That the Inspectors be instructed to ascertain the [illegible] hotels and factories [illegible] and as far as possible the number of employees and an approximation of the number of [illegible] for the next meeting of the Board.—Carried.

Mr. Shortly moved, seconded by Mr. Pearce,—That in case of complaints regarding [illegible] that the medical health officer procure a sample and forward the same to Ottawa for inspection by the proper officials.—Carried.

It was moved by [illegible], seconded by Mr. T. B. [illegible],—That the Sanitary Inspectors be empowered to employ a scavenger to remove refuse from any premises for which an owner cannot be found, [illegible] of the town.—Carried.

After discussing several minor matters relative to the health and sanitary improvement of the town the meeting adjourned to meet at the call of the chairman.

St. Paul's Church.

Call and get a [illegible] from Kidd the butcher.

The annual meeting of the [illegible] was held in the [illegible]. The Secretary-Treasurer, [illegible], presented the annual report, which showed the Association to be in a flourishing condition. The election of officers was then proceeded with, resulting as follows:—

PRESIDENT.—Lt.-Col. H. C. Rogers.
FIRST VICE-PRESIDENT.—Rev. [illegible]
SECOND VICE-PRESIDENT.—Major Bell.
SECRETARY-TREASURER.—[illegible]
[illegible] W. A. [illegible]

It was arranged to carry on the monthly [illegible] the first Thursday in May and the others on the first Thursday of each month following. [illegible] The meeting then adjourned.

A [illegible]

The residence of Mr. [illegible], of the Peterborough Business College, was totally destroyed by fire this morning [illegible]

[illegible]

THE LABOR MOVEMENT.

LARGE AND REPRESENTATIVE MEETING IN LABOR HALL.

An Able and Earnest Address by Mr. Henry Lloyd, of Toronto—The Trade Unions and the [illegible]

[illegible] "Labor and the Eight-Hour System." [illegible] Mr. Lloyd arrived on the [illegible] train from Belleville [illegible]. Mr. Geo. McGreggor, President of the Carpenters' Union, was the chairman for the evening. Mr. J. R. Stratton occupied a seat on the platform, and later in the evening Rev. G. R. [illegible] and Rev. S. J. Shorey also entered and were called to the platform.

LETTERS OF REGRET.

In addition [illegible] to be present had been sent to all the members of Parliament and the candidates in the coming election and also to all the clergymen of the town. [illegible] He then called upon Mr. Stratton to address the meeting.

[illegible]

Mr. Stratton in his short address [illegible] the measures which the Ontario Government had passed for the benefit of the workingmen, and [illegible] that the workingmen should have representatives in the Legislature [illegible] and to give the reasons for their passing. He offered his assistance to the workingmen and advised them to advance slowly [illegible]

[illegible] Mr. Lloyd [illegible] of his address was similar [illegible] to the others he had delivered here, but it [illegible] an audience in Peterborough. He said he had anticipated that all the political aspirants [illegible] been present upon the platform. He [illegible] for the liberty of manhood. [illegible] told him if they knew what move was ultimately going to benefit the workingmen they [illegible] the effect it was going to have fifty years from now. [illegible] who should be in the first rank of this movement [illegible] take a stand, being first sure that they were moving in the right direction. In Ottawa he had a large [illegible] been clergymen on the platform to endorse this labor movement. He spoke of the advance [illegible] made and said he would begin his address by laying down the principle [illegible] unto Caesar [illegible] unto God that [illegible] them to follow him in this line because there had been a time when he had stopped to consider whether the church was aiding [illegible] they must have

[illegible]

before they could hope for success. This question [illegible] the leading men in all [illegible] and avocations [illegible] the case of the young German Emperor who had met the demands of the workingmen with the [illegible] to consider the condition of the working [illegible] to the conclusion that the condition of the workingmen must be bettered, and this was to be done by [illegible] power. [illegible] Their worst opponents, he said, were men [illegible] expected. [illegible] labor, he said, [illegible] close investigation. One was that trade unions were always striving to give the [illegible] the same wages and the same privileges as the skilled [illegible]. They did not believe that the battle was to [illegible] because they said unions were striving to [illegible] labor said that the [illegible] that the poor man was made of the same clay as the rich [illegible] wage system was being introduced in the [illegible] they had to handle. Some who looked upon them with with being

IGNORANT AND VULGAR

would turn around in the next breath [illegible] a chance as another. Many workingmen [illegible] for trades unions and could get along without them. They said they saw men in the unions who were not skilled workmen. He combatted this objection by pointing out that if the trade unions fixed a minimum wage for the poor mechanic then the more skilled [illegible] would get a far better wage in consequence. Then he advocated union on the [illegible] of brotherly love, helping the weaker ones. Some said trade unions [illegible] the strongest unions were the least frequent. It should not be argued that strikes were a curse. While strikes were only the last resort, yet he believed that some strikes had done more to better the condition of the working classes than fifty years of legislation. As proof of this he instanced the late dock laborers' strike in London. There was no other weapon but the strike to bring the unfair boss to time, and [illegible] workingmen would have to wait if they said to an employer "if you do not give us our demand we [illegible] go back to work." [illegible] the strikes upon the workingmen. [illegible] because there was a principle involved. Mr. Lloyd [illegible] a principle at stake and men had [illegible] that they were not going to be treated as dirt and have their labor bought for what the capitalist wished to offer. They had to meet [illegible] all along the line [illegible]

[illegible]

And he asked how they could be expected to compete [illegible] and combines unless they were organized. [illegible] because they said if they went into unions they lost their individuality. In [illegible] individuality. The gaol was full of men who believed and acted too much upon their individuality [illegible] on his individuality was standing in the same position. He gave several amusing arguments which went to show the fallacy of this belief in individuality and to show that a man had not the right to sell his labor for just what he could get for it. He [illegible] the case of a man with a wife and family who [illegible] to educate, and this man who was in turn [illegible] by the [illegible] of family. [illegible] change the social system [illegible] world, in [illegible] ways, the telegraph [illegible] and banking [illegible] control of the Government [illegible] have the Government take hold of [illegible] would not be held as a threat over the head of the workingmen. He pointed to the [illegible] Cardinal Manning, Canon Farrar, and W. E. Gladstone, and [illegible] condition of the dock laborers as shown by the recent strike. He also spoke of the [illegible] distribution of wealth, saying [illegible] He referred to the measures passed by the Mowat government and said that while he had seen good ones passed he had also seen the Government [illegible] have been [illegible] the statute books which should not be there. They asked for

NO CLASS LEGISLATION

but wanted to [illegible] for everybody and in the interests of the whole people. They [illegible] that may be [illegible] the candidates upon these. [illegible] would always have [illegible] assisted immigration and then proceeded to consider the shortening of the hours of labor. While objection might be made [illegible] the hours of labor [illegible] machinery, which was replacing labor at an enormous rate [illegible] placed in competition with men. The speaker [illegible] the condition of the women and children in the manufacturing centres of the New England States [illegible] engaged the women because their labor was cheaper, while the husbands remained at home or walked the streets. It was the duty of all citizens to raise the standard of living of all men. They should [illegible] an intelligent people and a prosperous country. It was the men who walked the streets who fixed the wages because they came into competition with employed labor. He not only wanted workingmen given the eight hour system [illegible] to keep them, but if they shortened the hours of labor to eight, they would [illegible] make labor a scarcity to the extent of 75,000 men, which would be a healthy state of affairs. The economy preached by so many of wearing one pair of boots [illegible] of wearing a suit of [illegible] instead of a suit of cloth, was a false economy, as it was robbing the shoemaker and the tailor. To make a prosperous people they must [illegible] The shortening of the hours of labor was one of the questions which would very soon demand the attention of every right thinking man and woman in the community. In concluding he eloquently compared the luxury of the wealthy with the poverty of the working [illegible] that the speaker was loudly applauded.

A resolution of thanks was moved by Mr. [illegible] tendered the lecturer.

Rev. Messrs. [illegible] and Shorey in short speeches expressed sympathy with the [illegible]

Mr. Lloyd then [illegible] benefits paid in connection with the order, and told the [illegible] He also stated that this would be his last visit to Peterborough in his official capacity, as he was about to leave Canada to take up his residence in the United States, his native land. [illegible]

THURSDAY, APRIL 10, 1890.

THE JUDGE

But a woman of 40, still handsome, with magnetic [illegible] approach to a younger generation, could not be expected to remain forever content with the incidental pleasures she derived from the greatness of her son. [illegible] Mrs. McCook was wondering whether the judge did not watch her with brighter eyes than the bonds of friend[illegible] for. After [illegible] in [illegible] on which the judge was sitting, she felt sure that he was more courteously attentive than she remembered to have seen him before in all their acquaintance.

"Margaret is a sweet girl," said the widow to herself, "but a daughter however affectionate is not a wife." The widow was neither coarse nor designing, but the heart of woman is [illegible] for sentiment. Age had certainly touched the judge lightly. In his elegant evening dress, with his iron gray hair brushed back from [illegible] and [illegible], his eyes [illegible] with a sort of magnetic brightness, he wore a look of power and dignity that might well thrill a more idealistic woman than his old friend.

[illegible] The room was dusky and no one could see [illegible]

"I hear you have taken up esoteric Buddhism," she [illegible] in its mysteries it will give you a world [illegible] you will not [illegible] If they are locked up in a box it will make no difference, for you [illegible] fourth dimension [illegible] yourself [illegible]."

McCook [illegible] sake of [illegible] picions. He looked at Harry keenly. That youth still preserved his unaccountable silence. He stood with his eyes half closed, watching [illegible]

"The consequence of all this will be a bad poem in Life [illegible] the lip, which he changed into a smile when he [illegible] strolled down to the far end of the conservatory and waited there for a while, as if trying to think of something. [illegible] he could [illegible] Margaret without being seen. What he saw filled him with an angry [illegible]. He [illegible]

"It seems to me that [illegible] May I ask the [illegible]" Harry turned on him, with a [illegible]

"I have not the honor to be the host here this evening, Mr. McCook. That pleasure belongs to my uncle. I am never anything but a guest here!"

"That will be changed some day, no doubt," said McCook, in a voice that only Harry and Margaret could hear. "The time will come [illegible] Harry's arm.

"Mr. McCook cannot know how offensive that remark [illegible] "You must not [illegible] upon it. I am [illegible] cannot doubt the [illegible] Mr. Loker."

"This is an [illegible] Miss Barthwait [illegible] What does one live in [illegible] look after the [illegible] and I blame no one else for doing it." The attorney had a suave voice, and it always [illegible] when he became disagreeable.

"I do not [illegible] McCook," said Harry [illegible] "Pardon me while I go in search of an attorney for Miss Barthwait [illegible] you to look over the heart of the [illegible]" said to Margaret. Then he rushed out of the conservatory [illegible] that was rapidly [illegible] discretion. [illegible] was not possessed of much [illegible] over his other virtues may have been.

"Mr. Loker seems to be particularly sensitive on the subject I broached," said the smiling attorney [illegible] Harry had left.

"Do not be [illegible] a frank face on him [illegible]

"We threw into [illegible] each other for years, [illegible] that seems to [illegible] we were strangers. One would think to hear the way you spoke to Harry [illegible] that you were a gentleman in a French comedy, and had just made his acquaintance, and were determined to act the villain. You know as well as I do that he is the most unselfish fellow in the world. His one object in [illegible] is to make [illegible] happy. [illegible] we all called him uncle. Why have you stopped doing so? Why do you speak to Harry as if you hated him? I am sure you can have no cause. I do not like the way you smile, either. This is a very [illegible] indeed, and I cannot [illegible] kindly and mystery. If you and Harry have any misunderstanding, [illegible] go into the other [illegible] with him. Harry will not avoid you, but do not be mysterious."

"This world contains much more mystery than you know anything about, Miss Barthwait. If you have not [illegible] it yet you are very fortunate."

"Well, [illegible] What you get against [illegible] is what [illegible] anxious to find out. I did not think you could purposely hurt his feelings."

"I seem to have hurt yours at the same time, Miss Barthwait."

"Of course, you did. [illegible] would also hurt my feelings if I had heard him injure yours. I never could find any excuse for any one who was disagreeable. Is there not enough [illegible] who judges me [illegible] of happiness."

"Then you have a grudge against me! What can I do [illegible]" He leaned forward [illegible] a few inches of Margaret's. She [illegible] any delicate [illegible] to notice it, and [illegible] by accident.

"By telling Harry you [illegible] by your words, and by treating your friends with less suspicion in the future."

"If I am to be [illegible] to Mr. Loker in order to obtain your [illegible] they will be [illegible]."

Margaret gave [illegible] the hands.

"Horrible [illegible], Mr. McCook! I never [illegible] in my life, but there have been many occasions when I have [illegible]. I cannot imagine [illegible]"

"[illegible] Mr. Loker, I [illegible], Miss Barthwait?"

"Yes. Why?"

"[illegible] in the case, I do not understand why you should call him Harry, and me 'Mr. McCook.' May I ask you how I have offended you?"

"I do not call him Harry when I speak to him."

"Only when you are [illegible] his cause?" Margaret's [illegible] could stand no more.

"What are you aiming at, Mr. McCook? I am not used to having questions put to me that seem to have a double meaning. I should hardly presume to call you by your first name when you are so much older than I. I should not think you would desire it. Is there anything peculiar in that?"

"You [illegible] Harry [illegible] and I [illegible], I still think you [illegible] call him Harry."

"[illegible] Why do you make so much of a little thing?"

"Because it is not a little thing to me." [illegible] feigned stupidity, after the manner of her kind.

"You [illegible] smiling, [illegible] back [illegible] Harry, the flower will [illegible] I have [illegible] to see the [illegible] move."

"I shall [illegible] you to-morrow, Miss Barthwait."

"It is a [illegible], Mr. McCook, but I fear I [illegible]"

"[illegible]"

"At what hour?"

"How [illegible] out riding [illegible] hour he may come for me. You will have to take your chance."

"Would Harry have to take his chances [illegible]"

"[illegible]"

(To be Continued.)

IS IT CONTEMPT OF COURT

To Advertise "[illegible]" or the Mystery [illegible]."

TORONTO, April 10.—The editor and [illegible] Weekly, [illegible] this city, has got himself into difficulties with those interested in the defence of Birchall, in jail for the murder of Benwell. The trouble arises out of a notice which appeared in a late issue of this paper lately, which announced that a thrilling serial story would soon be commenced, entitled, "Who Killed Benwell? or the Mystery of Blenheim Swamp," which would introduce the principal features of the Benwell-Birchall tragedy and deal with the early history in England of "Rex Somerset." Yesterday at Osgoode Hall before Mr. Justice Maclennan, Mr. Hellmuth of London, Birchall's counsel, applied to the court for an order calling upon the editor of The Fireside Weekly to show cause why he should not be committed to jail for contempt of court in publishing this notice, and for an order restraining the publication of the story. Mr. Hellmuth [illegible] the minds of the public against Birchall and prevent a fair trial for his client. His Lordship granted the order asked for and the editor will be called upon to defend his action on Tuesday, when the motion is returnable for argument.

Michael McLaughlin, the proprietor of a lodging house at [illegible] Simcoe-street, who is charged with having put two bullets in David Mason's foot during a row, was brought up before [illegible] yesterday. As Mason is still in the hospital the prisoner was remanded [illegible] The case was adjourned till Tuesday.

A deputation composed of Messrs. [illegible], Hamilton and Campbell, representing the East [illegible] Conservative Association, waited upon Inspector Hughes yesterday afternoon and formally offered him the nomination for the Legislative Assembly. Mr. Hughes accepted, conditional upon the permission of the Public School Board.

At the [illegible] Hotel, Queen-street east and [illegible]-street, [illegible] Coroner [illegible] body of Mrs. [illegible] O'[illegible], [illegible] avenue, who died suddenly under alleged suspicious circumstances. Dr. [illegible], who made the [illegible] Mrs. O'[illegible] [illegible] of natural causes was returned.

The [illegible] Conferences will be held this year as follows: [illegible] Conference, at [illegible] Church, June [illegible]; London Conference, at Chatham, June 4; Niagara Conference, at Centenary Church, Hamilton, June 4; Guelph Conference, at Central Church, Stratford, June 4; Bay of Quinte Conference, at [illegible] Church, Cobourg, June [illegible]; Montreal Conference, at Dominion Church, [illegible]; Manitoba Conference, Brandon, June 5; British Columbia Conference, at Vancouver, May 22; Nova Scotia Conference, at Yarmouth, June 19; New Brunswick and Prince Edward Island Conference, at Fredericton, June 19; Newfoundland Conference, at Gower-street Church, St. John's, June 26; Japan Conference, at Azabu, June 4.

SAN FRANCISCO, April 10.—C. P. Huntington was to-day elected president of the Southern Pacific Railway.

SAN DIEGO, Cal., April 10.—Another capture of 10 Chinese was made at 1 o'clock this morning. They were entering the harbor in a [illegible] boat from Lower California [illegible]. The boat was owned by J. E. [illegible], who is also [illegible].

The Chinese [illegible] are part of those transferred to the [illegible] from the steamer City of Peking in San Francisco harbor, March [illegible], and taken by the [illegible] to Ensenada, Lower California. Twenty-three Chinese are now in custody here.

WASHINGTON, April 10.—The Ways and Means Committee was in session for a short time to-day. The Republican members submitted [illegible] the bounty schedule and a provision that the [illegible] not take effect until Jan. 1, 1891. Otherwise they were confined to changes in phraseology. It is expected the majority and minority reports will be completed to-morrow.

MILLINERY NEWS

—AT—

TURNBULL'S

We had two delightful days for our Millinery Opening and were exceedingly pleased with the hearty response our townspeople gave to our invitation to come and inspect the new Spring Styles. We had previously announced that we did not look to make sales these days but expected as many as found it convenient to pay us a visit and pass through without purchasing.

Notwithstanding this announcement when we came to count up the days sales in the various departments we found that they had far exceeded any similar occasion which was gratifying, being a proof that our friends and the public generally appreciated our endeavors to place before them all the new lines in Staple and Fancy Dry Goods as they come out of the hands of our Canadian and foreign manufacturers. We have just received a large shipment of Tapestry Carpets, the patterns are very choice and new, prices range from 30c. to 85c.

Flannelettes have come out in darker shades this year. We show some good patterns in Grey Stripes and Checks; remember them when you are buying children's wear. Our Curtain Nets, Art Muslins and Scrims are even a surprise to ourselves, they are so much cheaper than former years. See our Art Muslins at 10c. a yard.

When Buying [illegible] for boys call on us, we strongly recommend the goods we sell at 85c. a yard.

The [illegible] Review.

[illegible] RIOT.

THE STREETS OF VALENCIA BARRICADED.

The Carlist Club Invaded and Fired—The Troops Make Several Charges on the Crowd—Many Persons Wounded and Several Reported Killed.

MADRID, April 10.—The arrival of the Carlist leader, Marquis Cerralbo, at Valencia to-day was made the occasion of an anti-Carlist demonstration. [illegible] Carlists met at the station and followed the Marquis to his hotel. They smashed many windows of the hotel and tried to set fire to the building, when a detachment of troops charged and dispersed the mob. Many persons were wounded.

Later a mob of 2000 persons invaded the Carlist Club and set fire to the furniture. When the troops came the mob fled to other streets. [illegible] the mob then [illegible] burned a carriage in the courtyard. [illegible] tried to burn a church but [illegible] prevented by troops. The troops have failed, however, to disperse the constantly gathering crowd. The latter have built two barricades in the streets. The military authorities have taken possession of the city and the whole garrison is under arms.

MIDNIGHT.—The rioting continues. The troops have made several charges. Many persons have been injured and it is reported some have been killed, though orders were given to avoid bloodshed as long as possible.

THE POLICE CALLED OUT.

A Lively Row at a Church Conference in Chicago.

CHICAGO, April 10.—The conference of the German Evangelical Church [illegible] being held here to-day at the [illegible] Church was inaugurated with a row and the police were called out. Soon after the meeting assembled the crowd in front of the doors became so dense that the street cars were stopped. Deacon Bergman and the Bishop Dobs faction, who were inside in possession of the church, locked the doors and prevented the [illegible] [illegible]

[illegible]

[illegible] to begin work on their line through the city. To-day a staff of engineers and surveyors were at work laying out the line from Bay-street [illegible] This evening a deputation, composed of Mayor George Roach, J. N. Young, F. C. [illegible], G. E. Smith and W. H. Gillard, left for Ottawa to apply for a Dominion bonus of $3200 a mile for the portion of the railway between Hamilton and Welland.

[illegible]

ALBANY, April 10.—In the Assembly today Mr. Sheehan moved to reconsider the vote by which Senator Langbein's bill, appropriating $[illegible] for [illegible] [illegible] moved to table for [illegible] to table was lost. [illegible] motion to reconsider was then adopted and the bill was passed, 67 to 47.

A [illegible] Thief.

DOYLESTOWN, Pa., April 10.—The shortage of the absconding lawyer and politician, [illegible], is now estimated at $[illegible],000. Every hour brings to light some new evidence of his rascality. His large Orphans' Court practice gave him special opportunities to make away with money entrusted to him. The crime of forgery has also been fastened upon him.

Continuous Pool.

BROOKLYN, April 10.—The [illegible] of the [illegible] continuous pool [illegible] ment between Alfred D'Oro, the Cuban champion, and Charles H. Manning of New York took place here to-night. D'Oro won, 250 to 185. The series is for the championship of America and a purse of $200.

Found Dead in Bed.

THAMESVILLE, April 10.—Mr. James McGillivray, a highly-respected farmer and one of the pioneers of Kent, aged 72, living about three miles from here, was found dead in his bed at 8 o'clock this morning. Death was supposed to have been caused by heart disease.

THE NEWS AT OTTAWA.

THREE NEW GOVERNMENT MEASURES INTRODUCED.

Sir John Thompson's Criminal Law Amendment Bill Partially Disposed of in Committee—The Modus Vivendi—The Rykert Investigation.

OTTAWA, April 10.—In the House to-day three Government bills were introduced, these being to amend the Indian Advancement Act, to amend the Inland Revenue Act and to extend the modus vivendi.

Hon. John Costigan, being questioned, said the representations made to the Government respecting the bill relating to the stamping of leather were now under consideration and he could not say whether or not the measure would be proceeded with.

The second reading of the Criminal Law Amendment Bill, which has been twice reprinted since it was introduced, was moved by Sir John Thompson, who briefly explained the provisions. To the clause covering the seduction of females by employers or guardians he proposed to add a provision enabling the defendant to testify on his own behalf and requiring the evidence of the prosecutrix to be corroborated. The provision respecting offences against males had become necessary by reason of the notoriety which such offences had attained in the old country and the fact that they had made their appearance here.

Hitherto there had been no Dominion legislation on the subject of incest, the anomaly existing that offences of this nature highly punishable in some provinces were not punishable at all in others. In Nova Scotia, New Brunswick, British Columbia and Prince Edward Island there were convicts serving long terms, while in old Canada the offence involved not one hour's imprisonment.

The clause as now drafted did not interfere with the marriage relation except as between parent and child, brother and sister and grandparent and grandchild.

A clause had been inserted at the request of the labor organizations making it perfectly plain that their members would not be liable to prosecution for combining to refuse to work for any person. Certain other requests had been made in this connection which it had not been thought advisable to grant. For instance, [illegible] had been asked from punishment for the worse [illegible] of [illegible] but this he was not willing to [illegible]

Provision had been made for the comfort of jurors, allowing them refreshments and fuel in the jury rooms in certain cases, for in [illegible] he thought it was no longer required that they should starve and freeze while coming to their determination. The House then went into committee on the bill.

At the suggestion of Mr. Blake, in which Sir John Thompson concurred, the age of women protected against seduction by guardians or employers [illegible] [illegible] proposed in the bill to 20 years. [illegible] [illegible] by making five years instead of two the [illegible] to which persons convicted are liable.

The [illegible] after recess, [illegible] occurred [illegible] providing against [illegible] This is introduced [illegible] of Mormons from [illegible] our Northwest. Mr. Blake [illegible] his disbelief that they [illegible] from polygamy in the Northwest and hoped that the Government would not only legislate [illegible] [illegible] further [illegible]

Hon. Edgar Dewdney said he had had reported [illegible], and some of these very [illegible] [illegible] the Mormon [illegible] in Ottawa some time ago he [illegible] the Criminal laws would be most vigorously put [illegible]

The bill was adopted in committee with the exception of a few clauses of little general interest reserved for further consideration.

The bill from the Senate further amending the Steamboat Inspection was read a second time.

The bill from the Senate respecting agricultural fertilizers was read a third time and passed.

The House adjourned at 12.05.

[illegible]

[illegible] Privileges and Elections [illegible] Hon. William Macdougall [illegible] [illegible] the [illegible] [illegible] In the first place he held that Mr. Rykert had not committed any offence as a member as against the law of Parliament. The order of reference did not say that he had done so. It did not allege that these letters were published by Mr. Rykert. It was not [illegible] or specified that a breach of the law had been made. If the private letters of a member of Parliament are published not by him but by [illegible] what principle or precedent could [illegible] be taken of them? It must be proved that they were published by [illegible] The Globe newspaper that [illegible] them published; Sir Richard Cartwright then made his [illegible] when they were entered [illegible] [illegible] proceedings, and in this way handed down to posterity. Sir Richard Cartwright and The Globe were responsible for their publication and not Mr. Rykert. There was no constitutional or legal authority granted Parliament to [illegible] The Canadian House of [illegible] right to [illegible] Mr. Rykert or [illegible]

The Canadian Parliament, he said, was not old enough to claim any ancient customs or anything beyond constitutional powers conferred upon it by statute for the purpose of [illegible] [illegible] House of Commons [illegible] He was never [illegible] [illegible] quoted from Erskine May, a well-known authority on parliamentary procedure. The [illegible] case he cited was that of [illegible] in 1806, who was accused of fraud and for which the British Parliament endeavored to expel him. But there was an important distinction between the Canadian Parliament and [illegible] Parliament, since the [illegible] House of Commons was created by [illegible] of 1867 and [illegible] [illegible] from [illegible] England. There was no [illegible] [illegible] Parliament to [illegible] any of its members. [illegible] him that the revised statutes of 1877 gave this power to the House. The act of 1877 was merely a digest of the act of 1868.

However, he would argue this case upon the hypothesis that the Canadian Parliament had the same powers as were conferred upon the English House of Commons. Coming therefore back to the case of [illegible], Mr. [illegible] pointed out that the proceedings in that case [illegible] that a grave offence had to be committed before a member's seat could be attacked. The contention when it came before Parliament was that a conviction had to be obtained before proceedings could be taken against a member.

Nor was there any pretence in the present case that Mr. Rykert had committed any offence. The publication of these private letters written between Mr. Rykert and his client Adams was no fault of Mr. Rykert's. Parliament, by taking notice of them, is assuming [illegible] authority vested in the Provincial and [illegible] the Federal authority, and consequently [illegible] In other words the federal [illegible] jurisdiction to act. He [illegible] setting up for [illegible]

For [illegible] that the case [illegible] the alleged grave offence [illegible] before he became a member of this Parliament. These letters were written and published before this Parliament [illegible] They were [illegible] and circulated [illegible] his constituency [illegible] he was returned to Parliament. In [illegible] [illegible] the case of Christie [illegible] [illegible] [illegible] lived in the [illegible] [illegible] [illegible] [illegible] [illegible] other matter. [illegible] their [illegible] in this [illegible], and by 580 of a majority, [illegible] greater majority.

In conclusion, he said that it was not necessary for him to say that by the evidence produced before the committee, the [illegible] of the solicitors of the crown and of officers of the Department, Mr. Rykert was wholly exonerated of having done anything that was wrong.

Sir John Thompson said that it would not be customary for him or any other member of the Government to say anything at present, owing to [illegible] [illegible] this question in the House. Mr. [illegible] suggested that the committee [illegible] Tuesday, when there would be [illegible] [illegible] proposed by Mr. McDougall and the [illegible] could [illegible] [illegible] [illegible] To suit [illegible] members of the committee the next meeting was arranged for Wednesday next.

Notes and Gossip.

OTTAWA, April 10.—Hon. J. A. Chapleau was well enough to take his place in the House again this afternoon.

There is one new provision in the modus vivendi submitted to the House this afternoon. This is that fishing licenses issued by the Newfoundland Government shall be valid in Canadian waters provided that those issued by Canada are made valid in Newfoundland waters.

A large deputation of Conservative members from Ontario, Quebec and the [illegible] waited on the Government to-day to urge that there be no modification of the [illegible] duties on pork and beef [illegible] [illegible] this year.

Mayor Buchanan, Dr. Wilson, Mr. Ellis of [illegible], E. S. Law and Dr. [illegible] of Tilsonburg waited on Sir John Macdonald to-day, being introduced by Col. Tisdale, and asked a subsidy for the Tilsonburg & Lake Erie Railway from Port Burwell to Ingersoll via Tilsonburg.

Col. Gzowski, C.B., and John Page, chief engineer of canals, have been appointed a commission to examine the plans submitted to the Government for the extensive [illegible] [illegible] improvements. Mr. [illegible] [illegible], M.P., has consented to act as [illegible] [illegible]

Mr. [illegible], promoter of the [illegible] company who proposed to operate from Three Rivers, was accompanied before the Minister of Agriculture today by a number of Quebec members, who backed him up in the request that quarantine regulations should be so relaxed as to permit of the importation of Amer[illegible] cattle for slaughter at Three Rivers. [illegible] in the day Mr. Marshall [illegible] a deputation of members from Ontario and the West who urged that the [illegible] application should not be granted.

ARRESTED AS AN ACCESSORY.

A Shabona Woman Charged with Abetting Her Husband's Murder.

BELLEVILLE, April 10.—Mary Emery, wife of William Emery, a farmer of [illegible] township, who was shot near his home in September last, was [illegible] arrested on the charge of aiding [illegible] in the crime. The arrest resulted from an investigation by William [illegible], government detective, who has been for 10 days in the county working up the case.

Albert, Herman and George Lloyd, brothers, who were convicted at the Spring Assizes last week of criminal assault upon a 14-year-old girl named Mary Deneau, were to-day sentenced by Chief Justice Armour. George and Herman were given seven years in the penitentiary and Albert, who had only assisted in the commission of the crime, was sentenced to one day in jail.

LUMBERMEN AT MONTREAL.

A Satisfactory Interview with Sir Joseph Hickson.

MONTREAL, April 10.—The lumbermen's interview with Sir Joseph Hickson to-day was very satisfactory indeed, and the [illegible] will have prompt relief. On the question of a local car [illegible] Sir Joseph informed the deputation [illegible] forward demands for cars and information respecting cars in transit may be made to Mr. [illegible] of Toronto. The permanent [illegible] of Mr. [illegible] Toronto is under consideration.

[illegible]

[illegible], April 10.—The Archer [illegible] [illegible] in addition to $120,000 of coupon bonds which State Treasurer Archer disposed of for his own account, over $[illegible],000 of registered bonds are missing.

The investigating committee to-day made a report to Governor Jackson charging State Treasurer Archer with malfeasance and misappropriation of [illegible] funds. Archer was [illegible] [illegible] He was too sick to be removed and an officer was placed in the house.

The Radio Wrecked.

MILWAUKEE, April 10.—A special from Racine says a collision occurred on the Northwestern [illegible] and several passengers are reported killed.

The Flour Output.

MINNEAPOLIS, April 10.—The Northwestern Miller says: The flour output last week was only 11,640 barrels. Only 12 mills running. Up to Monday the [illegible] market ruled extremely dull, but the advance in wheat during the past three days has infused considerable strength into the domestic market, and yesterday and to-day there has been an increased demand for patents at old prices. Some have accepted more or less orders on this basis, but with wheat selling still higher to-day a general advance was made of 10c to 15c per barrel. The export market is wholly devoid of life.

TRANSATLANTIC ADVICES.

MR. H. M. STANLEY INTERVIEWED AT BRUSSELS.

The Wealth of Congo's Forests—"The Rubber Reservoir of the Universe"—A Paris Journalist Wounded in a Duel—Preparing for a Fight.

BRUSSELS, April 10.—King Humbert and Prime Minister Crispi telegraphed messages of welcome to Mr. Stanley on his arrival here. Speaking of Emin Pasha, Mr. Stanley said he did not believe he would attempt to reconquer the Equatorial province. An immense effort, he declared, would be necessary to eject the Mahdists who have overrun the province. With reference to the claims made by the Germans to territory in Africa, Mr. Stanley said he was astonished at their pretensions. They [illegible] [illegible] The Germans, he said, could secure the services of Tippoo Tib if they paid him the price he demanded. Under much pressure Mr. Stanley stated an important fact which he had intended to mention solely in his forthcoming book, and that was that the Aruwimi [illegible] belongs to the Congo Free State, was enormously richer in everything, especially in rubber trees, than the Amazon forests. This section of Africa he believed would be the rubber reservoir of the universe.

Fighting in Crete.

ATHENS, April 10.—In consequence of the murder of a Turk at [illegible] in Crete 40 Christians have been arrested with a view to compelling them to reveal the name of the murderer. In a conflict at Kandano between Turks and Christians many were killed on both sides.

Preparing for a Battle.

ZANZIBAR, April 10.—The Germans are preparing to attack Kilwa on April 25.

Strangers Expelled from Italy.

ROME, April 10.—M. Lacaillete, correspondent of The Paris Figaro, and Herr Grunwald, correspondent of The Frankfurter Zeitung, have been expelled from Italy on the ground that they sent to their papers reports calculated to injure the financial credit of the kingdom.

A French Duel.

PARIS, April 10.—M. Deroulede, formerly a member of the Chamber of Deputies, and M. Edwards, director of the Matin, fought a duel to-day. Edwards was wounded in the arm.

FLEEING FROM THE WRATH TO COME.

Exodus of Woodworthites from the Doomed City of Oakland.

SAN FRANCISCO, April 10.—There was a big meeting of negro doom-seekers at the railway station at Oakland this afternoon, and unbelievers in the dire prophecies that have been uttered as to the coming destruction of the town by a tidal wave were warned in Gospel to flee from the wrath to come. The [illegible] did not seem particularly worried at the impending calamity, but sang and beat time with their gripsacks and umbrellas in true revival style. They left for St. Helena on the 4.40 train. This train carried away to safety many white believers also. Their faith affected them differently from what it did the colored people. They were mainly foreigners and their pale faces told how much they were impressed by the nearness of the things that are to happen on April 14. There were traces of tears on the faces of the women among them.

According to the original prophecy none of these people should have been leaving Oakland. It was foretold that after April 4 no trains could leave and escape would be impossible. They seemed to consider the holding off of the event as a mark of Divine favor and were highly thankful that they were given additional time to escape. Probably 25 people took the train for St. Helena to-day and many others fled to the hills back of Berkeley.

The example set by the more fervent Woodworthites has stirred up a big rush for the mountains. Yesterday and the day before the departures took more the form of an organized exodus than ever before. Those who left earlier quietly went aboard [illegible] [illegible], one or possibly two families to a party. Families [illegible] went in this way, and it was [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] at [illegible] where the prophecy was first [illegible] was to be found in Oakland to-day. All have fled to the mountains. A camp [illegible] [illegible] several departing church and [illegible] the same answer in every case:

"We are leaving because God has plainly revealed the approaching catastrophe and we dare not neglect his warning."

The weather to-day is unusually warm, and this, taken in connection with the lunar rainbow a few nights ago, is regarded as evidence of the approaching upheaval.

THREE BROTHERS DROWNED.

Loss of a Goderich Fishing Boat and Crew—Swamped by a Big Sea.

GODERICH, April 10.—The loss of the fishing boat Pickles and her crew, the three [illegible] brothers, is only too true. Hope were entertained up to a late hour last night that the boat might have drifted [illegible] between here and Bayfield, but a despatch from there says there are no tidings of them. The [illegible] crew and others have been on the lookout, but so far have failed to discover anything of the missing boat. The supposition is that the boat, which was heavily laden with nets, was struck by a big sea, [illegible] her, and [illegible] [illegible] was sighted by one of the other crews, which was about a mile off [illegible] [illegible] but on looking again she had disappeared from view. [illegible] [illegible] [illegible] [illegible] [illegible] [illegible]

The Welland Canal.

ST. CATHARINES, April 10.—The Welland Canal will be opened for navigation on April 15.

INTERESTING ITEMS BY WIRE.

The steamship Avona was sunk late by the North Cheshire and [illegible] No lives lost.

A cyclone which at [illegible] has caused much damage.

Henry M. Stanley has arrived at Brindisi from Cairo en route to Brussels.

A credit of from 40,000,000 to 50,000,000 marks will be demanded by Germany's military bill.

High - Pressure

Living characterizes these modern days. The result is a fearful increase of Brain and Heart Disease — General Debility, Insomnia, Paralysis, and Insanity. Chloral and Morphia augment the evil. The medicine best adapted to [illegible] is Ayer's Sarsaparilla. It purifies, enriches, and vitalizes the blood, and thus strengthens every function and faculty of the body.

"I have used Ayer's Sarsaparilla, in my family, for years. I have found it invaluable as

A Cure

for Nervous Debility caused by an inactive liver and a low state of the blood." — Henry Bacon, Xenia, Ohio.

"For some time I have been troubled with heart disease. I never found anything to help me until I began using Ayer's Sarsaparilla. [illegible] — J. P. Carzanett, Perry, Ill.

"[illegible] practicing physician for over half a century, and during that time I have never found so powerful and reliable an alterative and blood-purifier as Ayer's Sarsaparilla." — Dr. M. Maxwell, Louisville, Ky.

Ayer's Sarsaparilla,

PREPARED BY

Dr. J. C. Ayer & Co., Lowell, Mass.

Price $1; six bottles, $5. Worth $5 a bottle.

Children Cry for Pitcher's Castoria.

The Daily Review.

FRIDAY APRIL 11, 1890.

[illegible]

There are not only signs that the Legislature will be dissolved; there were significant signs during the session that the Mowat Government is on the point of dissolution — that it is really "tottering to its fall," to use a [illegible] phrase. Some of its own supporters in the House dared not support it with their usual fidelity, [illegible] former supporters [illegible] the danger of continuing their support and have become opponents, by the [illegible].

There were a number of important divisions in the closing days of the session on the schools and license questions, and in almost every division the Government [illegible] who had supported it for years [illegible] a life time stand up with its opponents. It saw a normal majority of over twenty dwindle away to nine, and men who had been staunch supporters voting steadily against its [illegible]. The [illegible] in the country had caused alarm in the Legislature, and that [illegible] will be manifested more [illegible] after the people have had [illegible] to speak.

Here are the [illegible] of the Government in Ontario [illegible] to be encouraged? They have had, it is true, much to discourage them in years past, but the Government has abused the confidence of the people and they have been aroused to the course of [illegible] pursued by it. When [illegible] who had been elected as Reformers or Liberals by their votes in the House [illegible] vital points to the Government? When before in [illegible] vote did the Government find itself opposed by friends, [illegible] on questions that meant the life or death of the [illegible]? [illegible] behind these members in their constituencies that forced them into opposition to the Government [illegible] to [illegible] who disregarded the signs of the times will find [illegible] constituents that they would have been wise, and would have more correctly represented the people, if they, too, had [illegible] the Opposition.

HAVELOCK HAPPENINGS.

A Farewell, Address and Presentation — [illegible]

Correspondence of the Review.

[illegible] — Last Sunday evening Rev. [illegible] Clarke, of Norwood, preached a [illegible] sermon here which was well appreciated by all who heard it. Many new ideas were brought out by him, and from the [illegible] [illegible] accompanied Rev. Mr. Clarke, and then there would have been [illegible] but he was unable to be present, so the service was wholly conducted by Mr. Clarke.

A Farewell. — On Tuesday evening the employees of the [illegible] in the [illegible] Hall to show their good feelings towards Mr. B. Preston, [illegible] Mrs. Preston, [illegible] are soon to take their departure [illegible] to Winnipeg. They all have won for themselves the highest [illegible] were [illegible] with them, and their place will be very hard to fill in the church as well as in the social circle. [illegible] and it is hoped that [illegible] friends he [illegible] may be found in their new home as they will leave behind them here. The employees could not allow Mr. Preston to depart without showing how they were appreciated and honored, so that Havelock might ever be dear in their memory. A silver tea service was presented to Mr. Preston and a gold watch was given to Mrs. Preston, with suitable [illegible]. An address was presented to [illegible] eloquent manner by Mr. T. Milne, who also made the presentation. The following is the address: —

HAVELOCK, April 8th, 1890.

To Mr. and Mrs. Preston —

Dear Friends, — [illegible] a few words to you expressive of [illegible] the C.P.R. employees under your charge.

That ever since [illegible] the progress of Havelock has been [illegible] your energy and [illegible] your removal to other fields of labor we will console ourselves for our great loss by the [illegible] future of the pleasures and benefit we have received in the past from your association and services, and that [illegible] by happiness, prosperity and contentment, and that your future efforts for the good of yourselves and others may be crowned by one complete success.

Signed on behalf of the employees,

THOS. MILNE.

We would at the same time ask you, Mr. Preston, to accept this silver tea service, also Mrs. Preston this gold watch as a slight token our respect and esteem.

The inscription on the tea service was: — "Presented to Mr. B. Preston, locomotive foreman, Havelock, by the C.P.R. employees, on the eve of his departure, as a token of their respect and esteem in which he was held the past three years.

April, 1890."

The inscription on the watch: — "Presented to Mrs. B. Preston by her Havelock friends as a slight token of their respect and esteem.

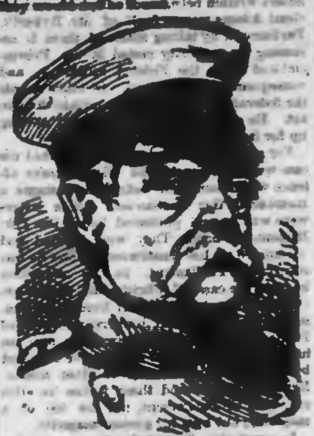
"April, 1890."

OTTO VON BISMARCK.

HIS WEALTH, HIS HOME LIFE, HIS HABITS.

He Has an Income of More than $000,000 a Year — A Devoted but Irritable Husband and Father — His Early Dissipations.

Bismarck is the typical German strong will and weighty intellect developed into the degree of genius and carried into a new field, [illegible] an [illegible] on explanation of the [illegible] [illegible] theory [illegible] day considered the [illegible].



[illegible] Bismarck owns Varzin [illegible] with [illegible] he received [illegible] the same source the estate of [illegible]. The [illegible] of Varzin, [illegible] is at present, the [illegible] all [illegible] Herbert [illegible].

His [illegible] very [illegible] still owner [illegible] thoroughly posted in the various processes of these diverse [illegible] a sharp [illegible] for all [illegible] tions relating to them.

As it is impossible for [illegible] to [illegible] of public life [illegible] Varzin, the Chancellor, resorts to some of all sorts to avoid them. He will rarely [illegible] to rid him of these visitors. One day a foreign ambassador asked Bismarck at the [illegible] people who bored him. "Very [illegible]," was the answer. "When my wife thinks that anyone has been with me too long she sends some one to ask me to come to her, and of course the visitor must go. At [illegible] servant opened the door and said that the Princess requested the Prince to [illegible].

This "Great Cousin," as the French take a [illegible] his wife and [illegible] to whom he is notoriously devoted, kind and affectionate. The Prince's love for his wife and children is warmly returned, the family being a [illegible] model of [illegible] affection. He [illegible] life that he never [illegible] of the Emperor, and never goes to the theatre, to balls, banquets, or other entertainments. He is, however, fond of entertaining [illegible] great chambers at Varzin and Friedrichsruhe are always occupied when he is at home [illegible].

The Chancellor is an [illegible] of sleeplessness [illegible] irritability [illegible] with [illegible] for his subordinates [illegible] in 1877, heard Bismarck complain very bitterly while [illegible] very little satisfaction to himself personally and won him very few friends, he had not added to the happiness of himself, his family, or of anybody [illegible] say this suggested that he had made a great [illegible] how many [illegible] have I rendered unhappy? But for me three great wars would never have taken place, 80,000 men would not have been killed in battle; fathers, mothers, sisters, and wives would not have been plunged into misery. I have settled all that with my conscience and with my Creator, but I have reaped very little, if any, happiness from all that I have done. The only things it has yielded me are various anxieties and griefs.

The [illegible] of this Colossus require [illegible] him, [illegible] quietude that love [illegible] him, whether at home or in the Foreign Office at Berlin or in his retreat at Varzin, in the Pomeranian country, [illegible] the honor of having given [illegible] but, as a [illegible] he is nowadays less to deal with anyone, owing to his increasing nervousness and [illegible]. His chief physical trouble, as is well known, is a painful [illegible] which the physicians call "sciatica," and which they greatly dread on account of its [illegible].

The life of Bismarck is very well known to everybody, and [illegible] tions, determined [illegible] [illegible] to a belief that there was a God, a divine order of things, an [illegible] for every man, and a future life. His conversion to a more complete Christian doctrine dates from his marriage in 1847, but during several [illegible] that of Bismarck [illegible] be willing to believe that there is truth in his profession of religious faith. — Philadelphia Telegraph.

He Was Never Killed.

[illegible]

Just a [illegible] maiden,
Just a [illegible] old,
Just a [illegible] wedding,
Just a [illegible] of gold.

Just a funeral sermon,
[illegible] away,
Just a blooming widow,
[illegible] and rather gay.

Just a dashing fellow,
Trim from head to feet,
Looking for a fortune,
Something of a [illegible].

Just another wedding,
Just a honeymoon,
Just a foolish woman,
Learning something soon.

Just a squandered fortune,
Just a grim divorce,
Just a gray-haired woman,
Just the usual course

LO WAS BROUGHT UP.

An [illegible] in Helena [illegible].

"[illegible] this," said an old-[illegible] old [illegible] Bill Hamilton of Stillwater, sometimes called Wildcat Bill, was a United States Deputy Marshal and sheriff of Choteau county. There had been some illegal whiskey selling going on around the Blackfoot country, and finally Bill got after the guilty parties.

"A young Indian named Two Wolves got mixed up in the affair, and Bill arrested him as a witness and brought him to Helena. Howey was Marshal here at that time and I was a deputy.

"When Bill arrived in town with his Indian he called on Howey and me to help take care of him. Well, on the night of the day that Bill and his prisoner arrived, there was some sort of a show going on in an old hall up on Bridge street. We all wanted to go, but we didn't know what to do with the Indian. Finally Bill said: 'We will take him along with us,' which we agreed to do.

"Neither Bill nor the Indian had ever seen a show before. Well, we went up to the hall and got seats in the gallery, the Indian being seated between Bill and me. I forget what the play was, but it was one of the old-fashioned kind, where the whole company was killed off before the show was over.

"We got interested in the performance and forgot all about the Indian. He kept quiet until the killing began. When the actors began firing pistols and showing knives the Indian got nervous, and finally, when the people on the stage began falling thick and fast, he could stand the show no longer.

"Suddenly he made a jump from the seat, and before Bill and I could stop him, that Indian had jumped clean through a window near by and out on to a sort of platform. He got down to the ground, stole a horse somewhere, and rode twenty-five miles bareback down to the valley. There he stole a saddle and went home again to his friends in the tribe.

"Bill never caught him, but we heard afterward that the Indian said the reason he left was because he was afraid of being killed. He said the white folks in Helena were killing each other on a platform in one end of the room and the rest of the people were sitting around laughing at the [illegible]."

More Advice to Smokers.

"Lots of advice has been given to smokers, but I'll tell you something which has never been written up and ought to be known."

This was told a reporter in the Grand [illegible] last evening by one of the biggest tobacco dealers in New York.

"Come into the cigar store," he went on, "and you will notice that two out of three men will cough while lighting cigars."

The first person who set fire to a cigar coughed quite violently.

"Didn't I tell you?" exclaimed the lecturer. "Two out of three will do that."

"It's caused by the smoke."

"Never. When you are about to smoke, cut of the mouth end of the cigar, put the smoke end in the mouth, and then blow. This expels all the fine particles of tobacco and dust inside the cigar. When you have done this reverse the 'torch,' and you won't cough when lighting it. These little bits of tobacco get down your throat, and are injurious. More people have been injured by swallowing these little specks than you have any idea of, yet they think they were hurt by inhaling the smoke."

In purchasing medicines, don't try experiments; the first and only consideration should be genuineness. Ayer's Sarsaparilla has stood the test of forty years, and today it is in greater demand than ever — a triumphant proof of popular approval.

The groom is a young man whose industry and energy is bound to carry him to success in his business, and he and the lady of his choice will receive the best wishes of a vast number of friends for a happy future.

THE SPRING ASSIZES.

List of Cases Entered for Trial—A Light Docket.

The Spring Assize Court will open here at the Court House on Monday afternoon at one o'clock before Judge Dean, of Lindsay. The civil business which is entered to occupy the attention of the Court is not very heavy, consisting of only three jury and one non-jury case.

THE CRIMINAL CASES.

The criminal docket is also light, consisting of three cases. These are as follows:—

Queen vs. Bowen—Larceny, [illegible].

Queen vs. Jerome C. Green—Forgery, three cases.

Queen vs. [illegible]—Larceny.

These cases are fresh in the minds of all readers. Thomas Bowen, who has to face the five charges of larceny, is the man who is charged with wholesale cattle stealing and whose alleged accomplice, John Peacock, is now doing two years in the Central Prison. The forgery case against Jerome C. Green, is in connection with the business of an agency for agricultural implements which the accused operated near Havelock. The last case, that of Sarah Clarke who is charged with larceny, is only a few days old. The girl is charged with stealing a [illegible] from [illegible] Scrimshaw.

THE CIVIL DOCKET.

The cases entered on the civil docket are as follows:—

JURY CASES.

Campbell vs. Roach.—This is an action brought by [illegible], as administratrix of the late Alex. Campbell, jr., against Catharine Roach, of Otonabee, for the recovery of land.—John Burnham, Q.C., for the plaintiff; Stratton & Hall for the defendant.

Hamilton vs. Scott.—Action for illegally selling goods under distress for rent.—[illegible] for the plaintiff; [illegible] & [illegible] for defendants.

Morrison vs. Blake.—Action for rent and for damages for breach of covenants in lease.—[illegible] for plaintiff; John Burnham, Q.C., for defendant.

NON JURY CASE.

Howson vs. Wolstenholme.—Action to recover money loaned.—Stratton & Hall for plaintiff; [illegible] for defendant.

To the Golden State.

Mr. Fred Irwin and wife, son of Mr. John Irwin, left this morning for Toronto, whence they leave to-night for San Jose, Cal.—Mr. Irwin has been in California before, and this time he goes with the intention of residing permanently. His friends here will wish him success.

Kidd has a full line of the finest boots to be had in the market, also a line of the cheapest boots in town. d84-w15

On the River and Lake.

The Steamer Daisy left this morning for Sherwood with a scow load of goods and furniture. If the ice is out of Rice Lake she will start [illegible] will [illegible] which is being put in good order by the Grand Trunk.

[illegible]

Since Joe Hess, the reformed pugilist and [illegible], was in [illegible] the [illegible] of meetings at [illegible] Toronto [illegible]. He will open another campaign here by the Opera House on Sunday afternoon at 3.15. Hear him, and hear him often. 1d85

That Concert.

[illegible] given Friday evening, in [illegible] Hall, over China Hall, under [illegible] An [illegible] programme will be given, and Mr. [illegible] of stereopticon Views. Come to the concert and bring your friends. Remember Friday evening, April 11th. 2d84

[illegible]

Thos. Howden, butcher, was charged at the Police Court this morning with keeping a slaughter house within two hundred yards of a dwelling and within one hundred yards of a street. He pleaded guilty and the Magistrate fined him ten dollars and [illegible] condition, it would seem, is going to be improved if possible, and not only slaughter houses, but all nuisances will have to be removed [illegible].

Ayer's Hair Vigor is a most pleasant preparation for the hair. [illegible] experience. Its use promotes the growth [illegible] The Vigor is a sure cure for dandruff.—J. W. Bowen, Editor Enquirer, McArthur, Ohio.

[illegible]

[illegible] This horse trotted quietly along, and the two in the rig chatted [illegible]. All at once the horse is startled, stretches its muscles, snorts, and away it goes. Great Scott! how it flies. [illegible] The stalwart driver has pulled on the reins and his sinewy strength brought up the frightened [illegible] had been accustomed [illegible] d84-w15

[illegible] Cottages.

While men were engaged [illegible] the [illegible] slipped into the [illegible] the sewer and cart. Our street inspector should be authorized [illegible] the town may [illegible] Lakefield. [illegible]

Call and get a pair of boots from Kidd the booter. d84-w15

[illegible] Evening.

The Salvation Army [illegible] for [illegible] April 22nd of the celebrated Musical Monstrosity including Staff-Capt. Griffiths, the renowned violinist, [illegible] Tom Plant, the famous [illegible] Griffiths, [illegible] Emma Lee, colored [illegible], and Master Dick Griffiths, bass viol. The company will play with concertina and brass band accompaniments. Entertainment at 7.30 p.m. Holiness meeting [illegible]. All Christians are invited. Commissioner Adams, Major Spooner, [illegible] will be present, [illegible] the [illegible] conduct the meeting.

To Nervous Debilitated Men.

[illegible] address, we will mail [illegible] pamphlet explaining all [illegible] Electro-Voltaic Belt [illegible] charming effects upon the nervous debilitated system, and how they will quickly restore you to vigor, and manhood. Pamphlet free. If you are thus afflicted, we will send you a Belt and Appliances on a trial. Voltaic Belt Co., Marshall, Mich.

Breviers.

—Empty were the cells last night.

—Joe Hess will be here again on Sunday.

—The street scrapers are doing good work.

—Aslin Joslin at the Opera House to-night.

Croup, Whooping Cough and Bronchitis immediately relieved by Shiloh's Cure. Sold by Geo. A. Schofield, Druggist, Peterborough.

TENNYSON NIGHT AT THE "Y."

An Interesting Entertainment—The Secretary's Report of the Year's Work.

[illegible] an auditorium with carpeted platform at one end. Upon this were seated the President [illegible] The meeting opened with a [illegible] The members repeated the Lord's prayer in concert, after which they resumed seats and gave a responsive reading, Psalm 144. This was followed by the ritual of the Association. This service, which has been arranged by the President for the special use of Peterborough "Y," gives in brief form the aims of Young Women's Unions, with the duties and responsibilities of each officer and [illegible].

[illegible] gave an outline of the work accomplished during the year [illegible] character of [illegible] women, [illegible], etc. It read as follows:—During the past year we have [illegible] a membership of 47, [illegible] active, [illegible] With the exception of the summer season we have held a monthly business meeting. On the 13th of October possession was taken of our present quarters, the formal opening being given under the [illegible] Conversazione [illegible] date, and Christmas two receptions for honorary members were held, also a unique entertainment under the title of a "Cobweb Party." New Year's day we held our first general reception, and in spite of the pouring rain, entertained nearly forty callers. On the [illegible] of February [illegible] of the Grand Council of R. T. of T. and a number of our citizens, it was indeed a loyal occasion, leaving with us happy memories and a very substantial token of good will in the shape of a donation to our piano fund.

So much for [illegible]. From July until the [illegible] of September our Flower [illegible] bouquets. An idea of the work [illegible] the [illegible] and [illegible] it was a labor of love and not a few encouraging [illegible] from the hospital [illegible] that these white-winged messages were gladly welcomed.

In November a long cherished plan was put into operation. This was to have our hall open from 7 to until 9 o'clock every Saturday evening as a resort for young women. Parlor games, attractive literature, and music were free to all, and a hearty welcome extended.

A number of young women took advantage of [illegible] the hours thus spent. We hope that next season our influence in this line of work will be greatly increased.

To the many friends who have helped and [illegible] by material contributions and words of sympathy [illegible] the word of [illegible], "Be not weary in well doing."

THE FINANCES.

The treasurer's report was also presented, [illegible] the receipts for the year ending March [illegible] and the expenditure [illegible].

THE SECOND PART.

The second part of the programme opened with a paper on the "Life and principle works of Lord Tennyson," by Miss E. Burpette, [illegible] careful study and keen appreciation of the fine passages in many poems.

"[illegible]" and "[illegible]" Misses [illegible] the audience with one of their popular duets on piano and violin. The next number on the programme was a recitation from Tennyson, "Lady Clare," given by Miss L. Sanderson. Miss Jennie Moise followed with [illegible] "The Fisher Maiden" [illegible] responded to [illegible] reciting a quotation from Tennyson. The Misses Robinson rendered an instrumental duet in a pleasing manner. The President made [illegible] and [illegible] to the end that humanity may rise to the highest possibilities. These remarks were founded upon the axiom, "The whole is not greater than the sum of all its parts."

After refreshments had been served Mr. R. J. Colville, at the request of the President, gave an earnest address upon the discouragements and encouragements of Christian work. The closing exercises of the ritual finished the unique programme. The members of the "Y" desire [illegible] the friends who [illegible] in carrying out the programme of last evening's entertainment.

FROM ENNISMORE.

[illegible] with few peculiarities worth noting. The month came in cold, and no doubt it would amuse, if not edify, a number of your readers to give a short account of the cold dip, following which was [illegible] the coldest spell of the winter. On the morning of the 2nd the thermometer stood at zero, on the morning of the 3rd at 3 degrees below, on the 4th a little milder, on the 5th at 11 below, on the 6th at [illegible] degrees below, on the 7th at 20 degrees below, on the 8th at 10 degrees below, and, on the 9th at 6 degrees below, after which there was a spell of fine, pleasant weather until just a few days of its departure, but on the 28th we were visited with a Northeast gale and blinding snow storm, no doubt a feeder to the awful cyclone which swept through the Central States, causing such destruction of life and property. [illegible] was the coldest, and the [illegible] the hottest, the latter being [illegible] the morning and 48 degrees at sundown, leaving the mean temperature of the month at 20 degrees. [illegible] the depth of [illegible] inches [illegible] March [illegible] looking bull dogs embracing the sun. The following are the different points from which the wind was blowing at sunrise during the month, namely:—North-west, 7 days; [illegible] days; northeast, 3 days; south, 2 days; north, 1 day; east, [illegible] days; southeast, 3 days, and south-west, 3 days.

Moving to Town.—Mr. Patrick Moran is preparing to leave his store and to reside in town. He has sold his stock of groceries to [illegible]

[illegible] The Lake [illegible] occurred yet. The drifting of the ice in the [illegible] the bridge and prevent traffic. It is hoped that it will pass away quietly this spring.

Accident.—While working in the woods on Monday Mr. Patrick Kennedy made a severe gash in his foot with an axe. He will recover.

Personal.—The family of Mr. John Galvin, deceased, arrived home from Nebraska on Friday last. They have been absent for four years.

For Delicate, Sickly Children.

Scott's Emulsion is unequalled. See what Dr C. A. Black, of Amherst, N.J., says: "I have [illegible] Scott's Emulsion of Cod [illegible] with Hypophosphites, for [illegible] and [illegible] now [illegible] Its [illegible] it the great favorite for children, and I do highly recommend it for all wasting diseases of children and adults." Sold by Druggists, 50c. and $1.00.

A PLEASANT EVENT.

The Baptist Mission Band Holds a Successful Entertainment.

The Mission Band of the Murray-st. Baptist Church held a most successful entertainment in the Sunday school room of the church last evening, which was [illegible]. The room had been very artistically decorated, [illegible] Messrs. L. Cody and George and Frank [illegible]. The attendance was large and the evening passed most enjoyably. The programme was an excellent one and was [illegible] the children being especially pleasing. The training of the children was undertaken by Misses M. Gilmour, Ada Aldridge, Ella Stratton and Mrs. J. [illegible], and these ladies are to be congratulated on the success which attended their efforts, while the children can also feel proud of the manner in which they acquitted themselves.

A PLEASANT PRESENTATION.

There was an interruption in the rendition of the programme, when Miss Nicholls, one of the leading and most active members of the Mission Band since its organization, was presented with a kindly-worded address, accompanied by certificates of life membership in the Home and Foreign Mission Bands. The Secretary of the Band read the address as follows:—

Miss Nicholls:

Our Dear Ex-President,—We, the members of the Mission Band, gladly take advantage of the present occasion to show you that we in some manner have appreciated your untiring devotion in the oversight and work of the Mission Band for the [illegible] years of its existence.

We ask your acceptance of these certificates of life membership in the Home and the Foreign Mission Bands and trust they may be pleasant reminders of your earnest efforts with us in Mission work and of our love for Christ and missions.

We pray that God's abundant blessing may rest upon you [illegible].

Yours faithfully,

On behalf of the Band,
Ada W. Aldridge, Secretary,
N. Gilmour, President.

THE LADY'S REPLY.

Miss Nicholls, who was wholly taken by surprise, replied as follows:—"I can truly say we [illegible] little [illegible] the events that are before us. Of all [illegible] surprises my mind [illegible] none could have [illegible] on this evening. I [illegible] for words to express my feelings to you for the unexpected and unthought of honor. While having the honor of being your president I often felt my unworthiness to fill the office, and in accepting this token, do so, knowing it is the promptings of loving hearts, who patiently forbore with all my shortcomings. In working for the Master we are not looking for [illegible] in our [illegible] we are a band of workers asking God to guide and bless the efforts for the spread [illegible] again thank you for this loving proof of your love and appreciation of my humble effort and in retiring would earnestly hope your president, who has been such a faithful worker since its origin, as all the other officers and each member may have their names written in the Lamb's Book of Life."

THE PROGRAMME.

The programme, as stated before, was well rendered and needs no further comment. It is published as presented as follows:—

Openin prayer ....Rev. P. C. Parker
Song ...."Gleaning"..........Chorus
Missionary exercise."Idols"....Four girls and [Chorus
Reading .... [illegible]
Song .... [illegible] Chorus

Rev. P. Clifton Parker [illegible] a short, happy address [illegible] which refreshments were served.

When Baby was sick, we gave her Castoria,
When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria.

Master of Himself.

Bismarck's reputation for [illegible] a good [illegible] tremendous capacity for eating, drinking, and smoking, but the narrators of anecdotes have omitted to note the fact that Bismarck, while a master of diplomacy [illegible] his associates from the [illegible] rigid hand, should be credited with another achievement. He has shown his ability to master himself and all of his appetites and passions absolutely. For 65 years he ate, smoked, and drank more in all probability than any other single man in the world. Six quarts of Rhine wine in the course of an afternoon [illegible] with [illegible] to reduce his weight—he had grown dangerously stout—he deliberately shut off on all liquids, ceased eating [illegible] himself on a diet that [illegible] temper, pluck, and [illegible] tic of amateur athletes until he had reduced his bulk nearly 70 pounds. It is related that in a similar way he ceased smoking at an hour's notice so as to make an accurate test of the effect and smoking had upon his nerves. One of his physicians told him that a tremulousness of the heart, of which he complained, was the result of his inordinate use of tobacco. He thereupon broke off a lifelong habit with as much ease as though [illegible] At the end of [illegible] he took up smoking again [illegible] results which it was always feared would follow [illegible] The [illegible] world [illegible]

APRIL 15th.

APRIL 15 is the date of the Grand Easter Charity Concert in the Opera House. Go and hear MISS AGNES KNOX in her remarkable realistic dramatic impersonations, and MISS [illegible] McANUS, the Wonderful Baby [illegible], assisted by prominent local talent.

KEENE CHRONICLES.

[illegible]

Correspondence of the Review.

[illegible] last R. W. Bro. [illegible], D.D.G.M., [illegible] District [illegible]

[illegible]

Deaths.—Mrs. [illegible], who has resided in the vicinity of Keene for over fifty-seven years, died on Wednesday last at the residence of [illegible] The funeral took place on Friday and was largely attended.... Mrs. Wm. Lean died at the residence of her son on [illegible] Mrs. Lean had resided in this township for a very long time. The funeral on Monday to Fair's Cemetery was largely attended by friends.

Roads.—The roads have not been as bad for fairly years as they are now. So say some of the old settlers.

Veterinary Surgeon.—Mr. Johnston, our new veterinary surgeon, is here, having passed a very successful examination at the Ontario Veterinary College in Toronto. We wish him success. Residence opposite Town Hall.

Keene Curling Club Medals.—At the annual [illegible] the following are holders of the medals for this year:—Winners' and Losers' Rink Medal, M. Kennelly; Winners' and Losers' Rink Medal, Jno. Miller; 3 pair stone Medal, W. C. McCoy; Points Medal, J. M. [illegible]

Wedding Bells.—On Tuesday evening at the residence of the bride's father, Mr. Wm. [illegible] dale, of [illegible], [illegible] Fife, fourth daughter of Mr. Silvester Fife, [illegible]. We extend the best congratulations [illegible] happy couple.

A good healthy scalp is essential before there is hair, but grey hair is common with those who are [illegible]. Baldness and greyness may be prevented by using Hall's Hair Renewer.

SELWYN.

Correspondence of the Review.

Killed in the Woods.—On Tuesday morning last Mr. Edward Robinson was killed in Mr. R. Freeborn's woods by a falling tree. The unfortunate man was engaged felling trees in company with Mr. Morrison, the young man who [illegible] years of age [illegible]

Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle. [illegible]

Shiloh's Cough and Consumption Cure is sold by us on a guarantee. It cures Consumption. Sold by Geo. A. Schofield, Druggist, Peterborough.

Children Cry for Pitcher's Castoria.

SPRING EXHIBIT!

Any one will recognize the benefit of dealing with a house that shows a Large Range of Goods as well as the Newest Colorings and Styles.

In this connection we would mention the fact that we have several hundred different [illegible] assortment embracing [illegible] Our selections [illegible] from the markets' choicest [illegible].

We would [illegible] who contemplate ordering [illegible] that we have been favored with [illegible] and would [illegible] order early.

Our facilities are now taxed to their full capacity and early orders will prevent delays.

Never since our existence have we been so [illegible] with work. What is the cause? The answer is easy. Our Styles are right, our Goods are right and our prices are right.

HARVEY.

Correspondence of the Review.

Township Council.—The Harvey Council met at Scott's Mills on the 7th inst., pursuant to adjournment. The members were all present. The minutes of the last meeting were read and confirmed. The Reeve presented a report from Mr. Belcher, County Engineer, re repairs on Nogie's Creek bridge, stating that the Bridge span over the creek required a truss support [illegible] to be [illegible] by the county, and that the approach on the east end is to be repaired and maintained by the township of Harvey. On application [illegible] was appointed as [illegible] of a union school section at Buckhorn. Orders were drawn for payment of accounts as follows:—[illegible] for [illegible] Mr. Abbot, an indigent person, [illegible] $1.00, [illegible] for [illegible] roads and [illegible] of side and [illegible] allowance and [illegible] were discharged. The Council adjourned, to meet at the Town Hall on June 2nd for Court of Revision.

The Daily Review.

FRIDAY, APRIL 11, 1890.

THE JUDGE.

"Are you going to marry Harry Leiter? Have you promised to be his wife?"

"Sir, you are asking too much even for an old friend. If I were concerned alone, I should not reply. But it is only fair to Mr. Leiter to say that he has never done me the honor to ask me to be his wife. I do not think of such things. Papa and I never [illegible] You [illegible] I am only a [illegible] the parlor. Harry was not there. Neither was he in the music room. She searched the library with like success. Then she called softly, "Harry, Harry!" There was an answer equally subdued from the smoking room. She went in. Harry was sitting with his feet on the table, smoking furiously. Margaret entered with cheeks as red as fire.

[illegible] laughed [illegible].

"What an angel!" he cried. "Come in the other room out of this chaos of smoke."

"Not just yet," said the maid who a moment before [illegible]. "I do not want to go till I have made you ask something."

"Ask something? I'll ask anything. I am sure there are a great many things you could tell me. What do you want me to ask?"

"I thought there might be something you [illegible] to know."

"[illegible] would [illegible] lady [illegible] been mad with curiosity to know for months. I have tried to find out by [illegible] of her. But my dreams told nothing. I have sat by the hour feverishly wondering if the time would ever come when I dare look into her eyes as I do now—as she gave me the right to do by what she said in the conservatory this evening. But if I know [illegible] this lady loved me, I do not think there is another thing in the whole universe that I would be curious about. I cannot conceive what [illegible] worth [illegible]. What, then, [illegible]?"

"But then you can not know whether or not this lady will love you always." The cheeks were redder yet, the eyes were swimming, the hands trembling and raised to the lips to hide the quiver of those perfumed things. "This lady may be sought by others, although she is but a worthless thing. Would you not like to know if she will be—will belong——"

"If she will belong to me? Well, I should say she would! I should be pleased to have any one question it!"

"But she has not the right to say that [illegible] Harry! Mr. McCook has been talking to me. He is coming to see me."

"Margaret! You wish me to ask you now, before you see him, to be my wife? Love, be my wife. Give me your spirit now, for eternal keeping. I can never thank you enough for your confidence. I shall remember to my dying day that you came to me for refuge. I shall give you a ring of betrothal now, and from now till death you are mine. I shall but lend your glances to others. It will be only by my courtesy that [illegible] your hand."

He drew a ring from his finger and slipped it on Margaret's. She [illegible] and looked at him with a rare radiance in her eyes. They stood for a moment gazing at each other with awe. What a miracle life was! What a stupendous creation was the soul! Why had they never observed how marvelous man and woman were? Suddenly Harry threw his hand over his eyes as if blinded by the glory of that revelation. When he found the courage to look up [illegible] Margaret was gone.

As Margaret [illegible] the conservatory her [illegible] small [illegible] the door. The judge was talking animatedly, but he saw her accident and loosened the dress, setting the palm back in the place where it had stood. "The boy was born with a thirst for blood," he was saying. "I realized that from the first. His chief delight when he was an infant was to catch worms and torture them. As he grew older it was impossible to leave him alone with the other children. He was [illegible] in some way. His sister had a dozen marks on her where she had been cut by him at different times. I could not find that he was especially vicious in any other way. He [illegible] was [illegible]. He had never been known to steal. He only lied when it was necessary to conceal his atrocities. I could not even say that his face was evil. Indeed, had I seen him before I knew any thing about his life, I should have said that he had a very strong face. There was certainly no look of imbecility in it, and as far as I was able to judge, no look of insanity either. But in his short life of twelve years that boy had killed four of his playmates. He had not been content with killing them outright, but he had tortured and mangled them horribly. I cannot say that I thought him exactly insane. I believed that he would have been able to have resisted this temptation to kill had he desired. And yet, it was evident that he could not be treated like a common murderer. If I had sent him to a reform school his presence would have endangered the life of every child in the institution. There was no doubt that the best thing for every one would have been to execute him. That would have been the most economical thing—if you understand what I mean by economical in that sense. But he was too young to execute. I had to have him put in solitude in the penitentiary. But I felt then, as I often have, that there should have been an institution between the penitentiary and insane asylum where he could be put. I never visit a poor house and see the vicious imbeciles there that the need for such an institution is not impressed upon."

"Such a creature would seem to be the habitation of devils. You remember how the possessed persons used to tear and cut themselves in the days of Christ," remarked Mrs. McCook, who [illegible] bit. "I cannot [illegible] normal about a [illegible] who would [illegible] such crimes [illegible]."

"Well," cried Margaret, "of all subjects, I must say you have struck the most lugubrious. Why, I should like to know, should we talk about imbeciles and maniacs?"

"Why, indeed," drawled McCook, "we surely are above the danger of misfortune."

"Mr. McCook," said Margaret, with ill-concealed anger, "has an insinuating tone when he speaks this evening that makes it seem as if we might be capable of anything—even murder."

Harry sauntered in just then, wearing a peculiarly self-conscious expression that was evidently meant for nonchalance.

"So we might," said Mr. McCook, replying to Margaret's indignant remark.

Mrs. McCook shook the [illegible] out of her lap and rose to go. She and Margaret went up the stairs together with their arms around each other's waists, talking softly after the manner of women. When they descended, all the gentlemen were in the hall except the judge, who [illegible] in a few moments. As he walked down the long parlor, Margaret watched him with the proud reflection that she had never seen him look so young, so alert, so noble and dignified as now. "Even Harry," she said to herself, "will hardly look as well at that age."

Unfortunately there was no opportunity to give Harry even a glance of parting that all the others could not partake in, so she preferred not to look at him at all, thinking it better to leave him with the memory of that long, holy glance, which sealed their troth.

"Uncle," said Harry when the doors were closed on the guests, "McCook is not the fellow he used to be. I don't know of any one who can make himself more particularly [illegible] he [illegible] is never asked to set his foot in this house again!"

The butler, [illegible] his way in the adjoining cloak room, came in to lock up. He bore the historic name of Guy Mannering—or at least, Harry insisted that he did. There were no family secrets that he did not share, and he stopped now in astonishment at hearing the gentle old man say severely:

"I do not cast off the children of old friends for a caprice on your part lad. William McCook is a splendid fellow, as he ought to be, considering his father and mother. You can hardly expect me to close my doors on a man simply because he has some personal peculiarities that you don't like."

"I tell you, uncle," responded Harry, "I feel, though I cannot prove it, that he is a [illegible]. [illegible] Margaret [illegible] I will not have Margaret meet him here again." The dictatorial pride of the young man touched the pride of his uncle. He straightened himself and fixed an angry eye on his boy.

(To be Continued.)

A YORKSHIRE LASS' MISHAP.

For Which She [illegible] a Farmer's 19-Year-Old Son—$1000 Damages.

HAMILTON, April 10.—A large amount of soiled linen is being washed at the Assizes [illegible] there was a crowd of youths and bald-heads in attendance to-day who had congregated on the promise of spicy revelations in connection with the case of Strangham v. Smith, in which Robert Strangham sued James Jack Smith, a dashy youth of 20, for $1000 damages occasioned by the loss of his sister Elizabeth's services.

The story as told by Miss Strangham and her brother—they were the only two witnesses examined—was this: Miss Strangham came from Yorkshire to this country when 25 years of age—that was three years ago—and went to live with her brother, the plaintiff, in Saltfleet. During her residence with him she kept his house, he being a bachelor, until 1888, when she accepted service in the [illegible].

According to the arrangement made between Miss Strangham and Mrs. Smith, the former was to be allowed to go to her brother's house every evening and put his house in order. For nearly seven months did Miss Strangham retain her situation at the house of the Smiths. James Jack, the defendant, was then only 19 years old, and he and Elizabeth, notwithstanding the disparity between their ages, soon became fast friends. When Elizabeth went to her brother's house in the evening James Jack accompanied her and they played cards and enjoyed themselves like two doves in the woods. By degrees Elizabeth and James Jack began to discover that their attachment was ripening under the baleful influence of these apparently innocent excursions into what they imagined was warm, undying love. Alas for man's perfidy and woman's worse than weakness! James Jack and the fair maiden finally became unduly intimate. It was merely a repetition of the oft-repeated story after that. Their unlawful and secret intercourse continued until one day Elizabeth made the startling discovery that she would soon become a mother. When the facts were made known Elizabeth could no longer retain her position and she took up her lodgings at her brother's house. There her child was born. Such was the story she told from the witness stand amid many blushes this morning.

The jury brought in a verdict of $200 for plaintiff.

WIZARDS OF THE KEY.

The Telegraphers' Fast-Sending Tournament at New York.

NEW YORK, April 10.—The national fast-sending tournament of the telegraphists opened to-day. The afternoon was devoted to the "ladies' class" and the "old timers' class." The latter was open only to telegraphists of 25 years' experience. In the ladies' class three prizes, $60, $40 and $20, were given. Miss Stephenson of New York took first prize, transmitting 219 words in the five minutes allotted, Miss Dennis second, 213 words; Miss Venslow third, 210 words. A special prize for excellence and speed combined, $25, was won by Miss Prouchel.

The second contest was that of the "old timers." Mr. Albert B. Ayres of the United Press, New York, won the first prize of $50 for highest speed ([illegible] words) and also the special prize of [illegible] offered by the United Press for excellence combined with speed. Mr. Fred Catlin of New York won the second prize of $40, sending 217 words.

The next competition was in class A, open to all operators. First prize $100, second [illegible], third [illegible], and a special prize of [illegible] offered by the United Press for excellence combined with speed. When all the [illegible] in this class had finished [illegible] found impossible to decide the [illegible] and the judges agreed to another trial, which resulted as follows: First prize, [illegible] Pollock, Hartford, Conn., [illegible]; second, W. E. Gibson, formerly of Montreal, [illegible]; third, F. G. Kline, [illegible] words; special United Press prize, W. L. Waugh, New York, [illegible].

The next and last contest was in class B, open to all except those who have a record of sending [illegible] words inside 11 minutes. The first prize of [illegible] was won by Frank L. Catlin, who sent 251 words in five minutes. The second prize, [illegible], was won by W. L. Waugh, [illegible] words, and the third, [illegible], by Frank English, [illegible]. The special prize for excellence combined with speed was won by J. P. [illegible], [illegible] words. The prize of [illegible] offered for the clearest transmission regardless of speed was awarded to A. B. Ayres and a similar prize to the receiving operator who made the best pen and ink copy was taken by T. R. Taltavall.

Prohibition [illegible] in Iowa.

DES MOINES, April 10.—The Liquor License Bill was defeated in the Senate to-day, [illegible].

CHICAGO, April [illegible]—Emma [illegible], the servant girl who is under arrest charged with putting poison in the food she cooked for a family named Newland, which resulted in the death of Mr. and Mrs. Newland and the [illegible] of their two children, has made a full confession. She admitted to-day that she put "Rough on Rats" into some canned corn she was cooking for the Newlands' supper, wishing only to test its strength. The girl said she had been betrayed and wished to put an end to her existence, but had no intention of killing the Newlands. She ate some of the corn herself, but it only made her slightly sick, and supposing its effect would be no more serious on the others she served it for supper.

"WHAT MEDICINES ARE MOST CALLED FOR?"

asked the reporter of an old druggist. "Dr. Pierce's preparations," he replied. [illegible]

Copyright, 1888, by World's Dis. Med. Ass'n.

$500 OFFERED for an incurable case of Catarrh in the Head by the proprietors of Dr. Sage's Catarrh Remedy. By its mild, soothing and healing properties, it cures the worst cases, no matter of how long standing. By druggists, 50 cents.

MILLINERY NEWS

—AT—

TURNBULL'S

We had two [illegible] days for our Millinery Opening and were exceedingly pleased with the hearty response our townspeople gave to our invitation to come and inspect the new Spring Styles. We had previously announced that we did not look to make sales these days but expected as many as could make it convenient to pay us a visit and pass through without purchasing.

Notwithstanding this announcement when we came to count up the days sales in the various departments we found that they had far exceeded any similar occasion which was gratifying, being a proof that our friends and the public generally appreciated our endeavors to place before them all the new lines in Staple and Fancy Dry Goods as they [illegible] of the hands of our Canadian [illegible] foreign manufacturers. We have just received a large shipment of Tapestry Carpets, the patterns are very choice and new, prices range from 30c. to 85c.

Flannelettes have come out in darker shades this year. We show some good patterns in Grey Stripes and [illegible] them when [illegible] ren's wear. Our Curtain Nets, Art Muslins and Scrims are even a [illegible] they are so much cheaper than former years. See our Art Muslins at 10c. a yard.

When [illegible] for boys call on us, we strongly recommend the goods we sell at 35c. a yard.

TRANSATLANTIC ADVICES.

GROWING ANTI-STANLEY FEELING AT BERLIN.

[illegible] from the German Capital—[illegible] Alleged to Have Been Poisoned at Paris by Russian Agents—All Quiet at Valencia.

LONDON, April 11.—A correspondent at Berlin says he notes a growing anti-Stanley feeling there. Herr Reichard, while lecturing recently, declared that Stanley, while on his search for Livingstone, learned from Arabs at Zanzibar Livingstone's location [illegible] in order to enhance [illegible] further declared [illegible] induced Emin to [illegible] himself had fail[illegible] grabbing and [illegible] by hi[illegible] for [illegible] Company, had information [illegible] proposition to Emin was to collect forces and go and establish himself and found stations in [illegible] while Stanley would bring two [illegible] from [illegible] and join him in an expedition to conquer Uganda and Unyoro and create these provinces of an equatorial dominion, of which Emin with a princely salary should be ruler in the service of the British East Africa Company. [illegible] through the dominion, [illegible] with the sources of the Nile. This scheme, the writer said, would [illegible] the grave of all the commercial hopes of the Germans.

The Arrest Upheld.

MADRID, April 11.—The Senate to-day, [illegible] to 66, upheld the recent arrest of Senator General Dauban for issuing a circular urging resistance to Government mandates.

Poisoned by Russian Agents.

LONDON, April 11.—The [illegible] paper [illegible] says several persons implicated in the [illegible] conspiracy in Bulgaria have confessed that Floanoff was poisoned in Paris by Russian agents.

Emperor William Returns to Berlin.

BERLIN, April 11.—Emperor William has returned to Berlin.

Valencia Quiet.

VALENCIA, April 11.—Valencia has been quiet to-day. The Marquis Cervalho and family departed this evening escorted by guards.

Renewed Disorder in Vienna.

VIENNA, April 11.—Disorder was renewed in the Tavoriten quarter of this city to-day. The disturbers were dispersed by police and hussars [illegible]

[illegible]

LONDON, April 11.—Paolia, the oarsman has entered for the diamond scull contest at Henly.

The Direct Meat Company.

LONDON, April 11.—Notice is officially given to-day of a petition presented to the Chancery Court [illegible] Company for [illegible]

[illegible]

[illegible] Two [illegible] Haigh [illegible] They were naked with the exception of short [illegible] but in the first round the [illegible] to shreds and the clogs were [illegible] The bodies of the men presented a sickening spectacle at the close of the fight. They were seamed, scarred and gashed in all directions. Haigh was declared the victor. Moran was carried home unconscious.

Stanley at Rome.

ROME, April 11.—Henry M. Stanley arrived to-day. He was greeted with cheers and [illegible] a great crowd of people. The President of the Italian Geographical Society welcomed him and presented him with a gold medal.

Moscow's New Governor.

ST. PETERSBURG, April 11.—Grand Duke Sergius, brother of the Czar, replaces Prince Dolgorouky as governor of Moscow.

A SELF-CONFESSED FORGER.

Downfall of an Ohio Clergyman—Several Banks Defrauded.

DAYTON, O., April 11.—Letters have been received from Rev. Edward Mason, a resident of this city and pastor of the progressive Brethren Church at Miamisburg, confessing he is a forger and that he is on his way to Wales to reclaim an inheritance, or failing in that to [illegible] himself. He leaves a wife destitute, having squandered a small inheritance of hers. He left home April 4, saying he was going to St. Louis to preach a funeral sermon, but instead he went to New York, whence he wrote to his wife and others making the above statements. He forged notes and borrowed money from a number of banks. The amount is not known and it is a mystery what was done with the proceeds. Mason had a high standing in religious circles and is an author of some repute. It is said he was addicted to the use of opiates.

PRICES AND PROSPECTS.

BRADSTREET'S WEEKLY REVIEW OF TRADE.

A Noticeable Gaingin Demand—Collections Improving—Increase in Railway Earnings—Shipments of Wheat—Business Failures—Dun-Wiman's Report.

NEW YORK, April 11.—Special telegrams to Bradstreet's show that owing to more prevalent spring weather and improvement in the condition of country roads there has been a noticeable gain in the demand from interior merchants. Fears of further damage from overflows along the Mississippi are subsiding. Mercantile collections generally are unsatisfactory though signs of improvement are noted. Cattle are firm at Omaha, but dull at Kansas City, where hogs are lower. Raw sugar is up 1-32c, and refined is about steady. Coffee has advanced slightly on a reduced total visible supply. Hog products are fairly active with fractional advances, but butter and eggs have declined sharply.

Earnings of 129 railroad companies for March aggregate $31,004,479, a gain over March last year of 8.7 per cent. This is smaller than any monthly increase since last summer. Reduced overland cotton movement and floods at the south have reduced earnings of roads in the Mississippi Valley. The heavy movement of crops west and northwest does not quite offset the effect of rate cutting in that section. Earnings of 127 companies for the first quarter of the year aggregate $[illegible], a gain over last year of 10.8 per cent.

Exports of wheat (and flour as wheat) the past week have equalled 2,0[illegible],719 bushels against 1,[illegible] bushels in the like week of 1889, and 1,[illegible] bushels last week. The total shipped July 1, 1889, to date is [illegible] bushels against 70,[illegible] bushels in a like share of 1888-'89. California exports continue small, but this week 30,000 bushels were cleared from San Francisco for Rio Janeiro, a new demand on Pacific coast supplies.

Eastern drygoods commission men report a slightly better re-order demand from western jobbers. There is a considerable distribution of spring dress goods through price concessions. Prices in the regular way are firm, except as to bleached cotton, which favors buyers, and print cloths are 1-16c to 1/8c higher. Woolen goods are dull and further restriction of men's wear production is discussed. Raw wool is generally dull and unchanged, except at Boston, where there is an improved demand from manufacturers. Raw cotton is 1-16c higher.

Business failures reported to Bradstreet's number 157 in the United States this week against 152 last week and [illegible] this week last year. Canada had [illegible] this week against [illegible] last week. The total number of failures in the United States since Jan. 1 is [illegible] against [illegible] in 1889.

Dun-Wiman's Review.

NEW YORK, April 11.—Dun, Wiman & Co.'s Weekly Review of Trade will say:—With larger tonnage in motion than in any previous year at the same season, a larger volume of [illegible] in active circulation, larger payments through clearing houses by nearly 10 per cent., larger imports and exports and larger domestic production in agriculture, in iron and steel, leather and boot and shoe manufactures, the country has entered upon the second quarter of the year with great hopefulness. Trade throughout the country seems gradually improving. Yet there are unfavorable symptoms which do not disappear, but grow more distinct and threatening. Several failures with unpleasant features have disturbed confidence. The coal trade and the woolen manufacture do not improve. Winter wheat has sustained some injury from the unnatural season. Proposed tariff and other legislation causes uncertainty in many branches of trade, which is likely to increase with prolonged delay. The wars of railways grow more threatening to investors. At the same time labor disturbances begin to menace important industries. The iron industry has advanced too rapidly—the expected setback has begun. The production for the quarter may be estimated at [illegible] against 2,300,000 last year [illegible] are accumulating. [illegible] Coal is still stagnant [illegible] stocks unsold. The speculative markets have been more active with a higher range of prices [illegible] The average of all prices for commodities is but a shade higher than a week ago, [illegible] manufactured products have declined. Reports from the cities are more generally favorable than is usual. At the south outside the direct effect of floods, trade is good and less time [illegible] than is usual. The monetary situation [illegible]

Losses Caused by Flames.

LONDON, Ont., April 11.—Sutherland's woolen mill at Napier and contents were destroyed by fire Wednesday night. Loss about $15,000, origin of fire unknown. Mr. Sutherland will rebuild at once.

LITIZ, Pa., April 11.—John R. Stauffer's cigar factory, [illegible] cigar factory, Bomberger & Co.'s hardware warehouse and five frame stables were burned this morning. Loss $[illegible],000.

Wreckage Found Near Goderich.

GODERICH, April 11.—Yesterday the life-boat crew, under Capt. Babb, patrolled the beach between here and Bayfield and found two oars, a rudder, a part of the bulkhead and [illegible] of the ill-fated [illegible] covered.

[illegible]

The Central Labor Union [illegible] a Strike in New York.

NEW YORK, April 11.—At 11 o'clock to-day the carpenters, stair builders, steamfitters, plumbers, house-smiths, bricklayers and [illegible] laborers employed on several large buildings in course of erection down town laid down their tools and walked out, having been ordered to stop work by the Central Labor Union. The buildings were those of the Union Trust Company, Brown Bros., the Lancashire Insurance Company and several [illegible] It is said the iron men [illegible] to employ only union men, which they were not in the habit of doing.

The [illegible] in the N.Y. Wheat [illegible]

NEW YORK, April 11.—The highest prices for wheat here to-day were May [illegible], June 91½c, July 91⅛c and December [illegible] After the close of [illegible] prices broke to [illegible] May, 90¼c to [illegible] June, 90[illegible], July and 92½c December, as though taking in profits had started. A feature of marked importance is the export trading, which has for several days been quiet. This business for shipments reached 15 boat loads, including nine loads No. 2 Milwaukee spring to arrive for English markets, quoted [illegible] to Buffalo, or about 99c to 99½c delivered here.

NORTHWEST NEWS.

School Board Complications—Arrivals of Immigrants.

WINNIPEG, April 11.—The Protestant School Board of this city have asked the Superintendent of Education a few questions that, from all accounts, will make him burn the "midnight oil" some more before he settles them. The questions affect the workability of the recent school legislation on May 1, when the new act comes into effect and what comes then. Do the Protestant school boards' functions cease? Does the Catholic school board go out of office? If so, how is the new Board of Public Schools to be chosen and in the interregnum who is going to look after the educational work of the city? These are some of the problems that are puzzling the trustees. There seems no reason to doubt but that on May 1 the functions of both Winnipeg School Boards cease and the results must be chaos. For some time at any event the existence of the two boards in the city is the cause of complication.

The population of the country was swelled by about 400 souls to-day. A special train arrived early in the morning with 180 Old Country immigrants on board, destined for points in Manitoba and the Northwest, and nearly 200 Ontario people arrived by the regular express at noon, most of whom went to Southern Manitoba.

[illegible] laborer named Martin was killed to-night by the caving in of a well which he was digging in the Northern Pacific yards.

Several Winnipeg dealers have cleaned large sums on the recent wheat bulge in Chicago.

The bodies of George [illegible] of St. James' Cemetery, was [illegible] yesterday afternoon, between 3 and 4 o'clock. There was no [illegible]

Thirty-seven boys for Dr. Barnardo's Industrial [illegible] arrived here to-day from England.

IMPORTING LIVE QUAIL.

Hamilton Sportsmen Providing for the Future—Alleged Acquittal.

HAMILTON, April 11.—A number of sportsmen in this city, who are fond of a day's shooting and who deplore the scarcity of quail in this vicinity, have determined to stock several farms about Hamilton with these [illegible] Some time ago an order was placed in Chicago for 50 dozen brace of quail, and this morning the first consignment of 12 dozen brace arrived. They were [illegible] a dozen farms near the city. Every effort will be made to protect these birds from the ravages of pot-hunters and to prevent their being [illegible]

At the Assizes to-day Judge Falconbridge directed a verdict of acquittal in the case of William Mapham, charged with incest by his 16-year-old daughter Alice. The grand jury has brought in a true bill against Mapham for seduction. W. H. Deary was acquitted on the charge of assault upon John Kent, and the trial of Alexander Cheale, alleged to have set fire to the Riley House at Dundas, was begun.

The report of Inspector Ballard to the Board of Education shows that [illegible] boys and [illegible] girls were enrolled as pupils during the year. The average daily attendance was [illegible] per cent. There are [illegible] teachers on the staff and [illegible] students at the Model School.

Richard Roach, the wrestler, who left this city a couple of weeks ago for Chicago, is said to have got a bad [illegible] up in a bar-room fight in that city. A couple of years ago, it will be remembered, he got into a row in another American city and was badly stabbed.

The Board of Works Committee of the City Council have twice advertised for tenders for a supply of nails. Many tenders have been received but on both occasions all tenderers quoted the same price, [illegible] and it looks as though a ring had been formed. Tenders have again been asked.

NORTH ESSEX REFORMERS.

[illegible] Cleary Outside the Sitting Member [illegible]

WINDSOR, April 11.—The Reformers of North Essex met here in convention to-day to select a candidate for the Ontario Assembly in the coming elections. Mr. Luc Montreuil presided, and there was a large attendance. After the credentials of the delegates had been presented, the convention proceeded to ballot for a candidate with this result:

Pacaud............[illegible] Wintermute............[illegible]
Cleary............[illegible] Moore............1
Anderson............[illegible] Durgan............1

[illegible] a second ballot was taken with this result:

Cleary............[illegible] Anderson............[illegible]
Pacaud............54

The nomination of Mr. Cleary was then made unanimous.

Francis Cleary, the choice of the convention, is a Windsor lawyer.

Will Remain at Whitby.

WHITBY, April 11.—A big public meeting of ratepayers in the Town Hall here to-night accepted the proposition of Alexander Brown, president of the Mowat Manufacturing Company, in regard to continuance of their agricultural foundry here. The works will reopen the first of next week.

First of the Season.

PORT COLBORNE, April 11.—The steam barge [illegible] and barges Cameron and Cavalier left at 6 o'clock this morning for Bay City, light, to load timber, being the first departure of the season from this point. The steam barge Clinton and barges expect to leave to-morrow for Toledo.

A Move in the Right Direction.

HALIFAX, April 11.—A bill was introduced in the House of Assembly to-night for the abolition of the Legislative Council, and passed its first and second readings.

Canadian Notes.

Ottawa carpenters threaten to strike for nine hour's day.

There will be a baseball club in the London Insane Asylum.

The medal of the Royal Humane Society will be presented Albert Eberbach at Harriston on Monday night.

An M.C.R. brakeman named Pallett, residing at Niagara, was run over at Brownsville and lost a leg.

The annual meeting of the North Middlesex Conservative Association will be held at Ailsa Craig on Tuesday next.

Henry Williams, who is wanted at Windsor for the murder of William Lyman last June, is, it is believed, in custody at an Indiana city.

Would Ruin Business.

WASHINGTON, April 11.—A hearing was had to-day by the House Committee on Agriculture on Butterworth's bill to prevent dealings in options and futures. There were present delegations from the New York Produce and Cotton Exchanges, the Chicago Board of Trade and the New Orleans Cotton Exchanges, and all of them protested against the passage of the bill, which has already been recommended by the committee. The burden of the arguments was that the enactment of such a law would ruin the business of the whole country.

NOTES FROM THE CAPITAL.

THE HOUSE IN COMMITTEE OF WAYS AND MEANS.

Discussing the Tariff Changes—Mr. Gillmor Comes Out Strongly for Free Trade—Measures Advanced a Stage—Notes and Gossip.

OTTAWA, April 11.—In the House to-day Hon. J. A. Chapleau introduced a bill to amend the Franchise Act and reduce the cost of printing and other expenses.

General Laurie rose to make a personal explanation why he had drawn mileage for the distance between London, Eng., and Ottawa. He said that since last session he had removed his residence to London and when he had explained the circumstances to the clerk he was told that he could draw the mileage upon signing the declaration he had drafted.

The Government bills to amend the Territories Real Property Act and to prevent the disclosure of official documents and information were read a second time.

The House then went into committee of ways and means, taking up the tariff resolutions. The greater part of the afternoon was taken up with a discussion as to whether or not Hon. G. E. Foster had been justified in saying as he did the other night that it was criminal for public men in this country to attempt to create the impression that the Government were animated by a malicious desire to retaliate upon the United States. Mr. Mulock raised the point that this language, being applied to the Opposition, was unparliamentary and should be withdrawn, and several other members backed him up in this contention.

Three items were passed during the afternoon, those relating to live animals, artificial flowers and feathers.

After recess the bill relating to the extension of George T. Smith's patent and that respecting the Grand Trunk Railway Company were adopted in committee. These private bills were read a third time:

To incorporate the Montreal Bridge Company.

Respecting the Napanee, Tamworth & Quebec Railway Company.

To incorporate the National Construction Company.

To amend the act incorporating the Imperial Trust Company of Canada.

To incorporate the York County Bank.

To incorporate the Home Benefit Life Association.

To incorporate the Calgary & Edmonton Railway Company.

Respecting the Columbia & Kootenay Railway & Navigation Company.

To amend the act incorporating the Dominion Mineral Company.

The House again went into committee of ways and means and these items of the tariff were adopted:

Axle grease, petroleum barrels, surgical belts and trusses and suspensory bandages, blacking and harness dressing, advertising pamphlets and printed matter of like nature, maps, charts and globes, supplements for newspapers, blank notes and other commercial forms, bookbinder's tools and implements, fancy work boxes, brass in strips, bricks or unpaved ore.

The duty of 1¼c per cent. on uncleaned or unhulled rice, the same as in the old tariff, provoked a long discussion. Mr. Gillmor took the opportunity to make an attack upon the National policy. Protection he called a child of the devil and specific and ad valorem two thieves licensed to go forward plunder right and left. He called upon the Liberals to openly renounce any half-hearted protection and to fight their battle with free trade as their chief cry.

The rice item was passed and the duty of 75 cents per barrel on flour was next discussed.

At 3 a.m. the House was still sitting.

NOTES AND GOSSIP.

The [illegible] Deputation—An Application for Incorporation.

OTTAWA, April 11.—Application is made for the incorporation of James D. Tait & Co. (limited), to carry on business as dealers in all kinds of drygoods and general merchandise, with a capital stock of $[illegible],000 and headquarters at St. Catharines.

A large delegation, accompanied by Messrs. Brown, McKay, Carpenter, Boyle, Montague and Ferguson (Welland), M.P.s, waited upon the Government to-day to urge the granting of a subsidy to the Toronto, Hamilton & Buffalo Railway. The usual answer, that the matter would be carefully considered, was given the delegation.

At the Senate Railway Committee to-day an act to incorporate the Detroit Windsor Railway Bridge Company was passed.

A meeting of the Banking and Commerce Committee was held this forenoon, when an act to incorporate the Bankers' Safe Deposit & Loan Company was passed.

Mr. D'Alton McCarthy was in his seat in Parliament to-day for the first time since the dual language debate.

In answer to a question put by Mr. Mulock to-night, Sir John Thompson said that a despatch from the Imperial Government on the subject of the recent Canadian copyright legislation is now on its way out. The proclamation necessary to put the act into effect has not yet been issued.

Undisturbed Meetings in Hull.

OTTAWA, April 11.—Miss Wright's evangelistic meetings have been resumed at Hull without meeting any opposition. A prayer meeting was conducted there last evening by Mr. R. Stewart, who was accompanied by Mrs. Moore and Messrs. Helmer and Gilbert of this city. The meeting was held in the new Gospel meeting hall on the corner of Wellington and Duke-streets, a much more centrally-situated place than the old one, which was guarded by three Hull police. Not the slightest attempt at disturbance was made by the former rioters. A regular series of Thursday evening meetings had been arranged for.

McGill's Law Faculty.

MONTREAL, April 11.—Rev. [illegible] Trenholme, Q.C., of the law firm of [illegible] Taylor & Buchan, has been [illegible] permanent professorship in the Law Faculty of McGill University, provided for by the recent endowment of Mr. W. McDonald. The emoluments connected with the position are $3000 a year, and one of the conditions is that the occupant must retire from active practice before the Bar and merely act as a consulting barrister.

The Charges Against Atty.-Gen. Blair.

FREDERICTON, N.B., April 11.—The charges against Attorney-General Blair of receiving money in connection with the dry dock contract has been put in the hands of a committee of the House for investigation. The affair is occasioning great excitement.

Thrown Overboard.

HALIFAX, April 11.—The Liberals of Guysboro to-day nominated James A. Fraser, M.L.A., and Mr. McGuire as their candidates, thus throwing ex-Attorney-General Weeks overboard.

Shortly after the arrival of the steamer Polynesian at Halifax on her last trip a hotelkeeper kidnapped one of the boys sent out by Miss Rye and the boy's disappearance was not discovered until after the departure of the boys for Brantford. The man is to be prosecuted.

High-Pressure

Living characterizes these modern days. The result is a fearful increase of Brain and Heart Diseases — General Debility, Insomnia, Paralysis, and Insanity. Chloral and Morphia augment the evil. The medicine best adapted to do permanent good is Ayer's Sarsaparilla. It purifies, enriches, and vitalizes the blood, and thus strengthens every function and faculty of the body.

"I have used Ayer's Sarsaparilla, in my family, for years. I have found it invaluable as

A Cure

for Nervous Debility caused by an inactive liver and a low state of the blood." — Henry Bacon, Xenia, Ohio.

"For some time I have been troubled with heart disease. I never found anything to help me until I began using Ayer's Sarsaparilla. I have only used this medicine six months, but it has relieved me from my trouble, and enabled me to resume work." — J. P. Carzanett, Perry, Ill.

"I have been a practicing physician for over half a century, and during that time I have never found so powerful and reliable an alterative and blood-purifier as Ayer's Sarsaparilla." — Dr. M. Maxstart, Louisville, Ky.

Ayer's Sarsaparilla,

PREPARED BY

Dr. J. C. Ayer & Co., Lowell, Mass.

Price $1; six bottles, $5. Worth $5 a bottle.

Children Cry for Pitcher's Castoria.

The Daily Review.

SATURDAY APRIL 12, 1890.

A WORTHY SOCIETY.

Two objects, each a worthy one, are kept in view by the St. Andrew's Society. No one need be told that in this Society the sons of Scotland unite together, and the two-fold object of the union is benevolence and social intercourse. In order to better accomplish the latter the local society has fitted up rooms in which the members meet and quietly enjoy themselves in congenial surroundings. But at no time has social intercourse or pleasure been the chief aim of the society. The principal reason for its existence is that Scotchmen may be in better position through united effort to relieve any of their brother sons of Scotia who may be in distress, and this object has been kept prominently in view by the members. It is to replenish its benevolent funds that the Society is holding a concert, and the object as well as the talent engaged for the occasion should attract the people.

A PLEA FOR THE FARMER.

The following letter, from the Ottawa Citizen of April 8th, answers an objection raised against a portion of the recent changes in the tariff, and points out its benefits :—

SIR,—I notice in Saturday's Free Press that the lumbermen intend holding a meeting in the Russell House on Tuesday, for the purpose of objecting to the increased tariff on pork brought in from the United States.

I trust the Government will not be influenced. Lumbering has been profitable in the past, with bright prospects for the future. It is to be hoped the lumbermen will reflect for a moment and ask themselves the question if it is to their interest to ask the Government to stifle an industry on an important commodity, which can be raised at a profit with judicious management by the farmers of our Dominion. I claim we can produce a superior article in every respect, being of a firmer and sweeter quality, while now, with the unremunerative price of coarse grains, namely, peas and barley, which, from my own experience, can be fed with a greater profit than by disposing of the above-mentioned cereals even at a higher price than can be obtained at present.

I have raised and fattened as many as fifty-four on my farm in one year, averaging two hundred and fifty pounds, of course some being heavier, turning the scales at four hundred pounds, which would answer well for the lumbermen, while the lighter ones can be readily disposed of in our cities at a fair value. The farmers have every reason to thank the Hon. Finance Minister, also his associates who may have assisted him, in giving protection to these industries that must in the near future prove beneficial to that part of the community who deserve equal rights with their fellow men, and glad to relate the thought that the money that has heretofore gone into the pockets of the American dealers and farmers will now revert into that channel which will greatly assist in building up this vast country of ours.

Yours very truly,
D. J. WAGGONER,
County of Frontenac.

INTERESTING ITEMS BY WIRE.

Prince Doria, who died at Rome a few days ago, bequeathed $200,000 to charities.

According to Stanley, Emin can only retain his old province with a powerful force.

Herr Vesben says the German Government is undecided whether or not to convert East Africa into a Crown colony.

The Emin Relief Committee in Berlin has subscribed 10,000 marks to Emin's expedition on condition that the expedition rescues Dr. Peters.

In the supplementary ballots for members of the Reichstag the Conservatives, Nationalists and anti-Semites gained one seat each; the Radicals lost two seats and the clericals lost one.

Advices from Haphazard say the water from the Tensas River is running over the levees from Frogmore up and rapidly filling up the fields, so that plowing is suspended.

The river at Natchez, Miss., rose three inches in the past 24 hours and is now two inches above the highest point reached this year and still rising. All the levees from Vicksburg to Natchez are considered safe.

Myers & Co., Kansas City grain commission men, have failed on account of the bulge in wheat and the refusal of customers to put up more margins. Liabilities $25,000. They expect to resume.

The Russian Government has granted the Danube Steamship Company a subsidy of 2,700,000 roubles to increase its flotilla, on the condition that all the company's vessels be henceforth considered in the active service of the Russian navy.

Seven hundred workmen have been dismissed from the German dock at Kiel because they refused to work overtime unless they received 25 per cent. extra instead of 10 per cent. as at present. The Government has provided men to replace those engaged in building ironclads.

It is stated the action of the Italian Government in expelling from Italy Herr Greenwald, correspondent of The Frankfurter Zeitung, was taken at the instance of Germany, which requested his expulsion for attacking the Triple Alliance.

Deputy Delmaule, speaking of the Newfoundland difficulty, says that England should indemnify the French fishermen, buy the lobster fisheries, recognize French rights on the Grand Banks and further appease France by territorial concessions in either Africa, the West Indies or the islands of the Indian Ocean.

FARM AND GARDEN.

NOTES FOR THE HUSBANDMAN AND STOCK RAISER.

Wool Burring in Australia—The Weight of Earth Worms—On the Value of Manure—Some Hints on Butter-Making—A Bushel of Corn Takes a Pound of Wool.

The Illustrated Sydney News states that one of the wool companies there has a burring machine recently imported from America which effectually eradicates all burrs and other extraneous matter from sheep skins, and its work is done in the most complete manner; skins thickly matted with burr and seed are put through this machine and turned out clean and free, without doing the slightest injury to the wool, while its value is materially enhanced. This is a great acquisition to the company in their fell-mongering department, enabling them to treat the very worst class of skins in a complete and satisfactory manner. There is also connected with these works a tannery on an extensive scale, where from 250 dozen pelts per week are converted into leather of a high class, for which there is a ready market.

The Weight of Earth Worms.

Darwin estimated that worms, by swallowing earth for the sake of the vegetable matter it contains and forming castings, bring to the surface as much as ten tons of earth per annum on an acre. Worms are great promoters of vegetation by boring, perforating, and loosening the soil, and rendering it pervious to rains and the fibres of plants, by drawing straws and stalks of leaves and twigs into it, and, most of all, by throwing up such infinite numbers of lumps of earth called worm casts, which form a fine manure for grain and grass. The earth without worms would soon become cold, hardbound, void of fermentation, and consequently sterile; this has occurred in many cases where the worms have been either accidentally or intentionally destroyed, and the fertility of the soil thus lost has only been destroyed when the worms had again collected and resumed their fertilizing work.

Farm Notes.

Reports of large yields of corn from certain new kinds should not induce farmers to discard the old varieties, as the soil, manure, and climate are the most important factors that enter into the yield of a crop.

A few years ago farmers in grain-growing localities used straw lavishly for bedding, for the purpose of making the largest possible manure piles. Now the tendency is to use as little straw for bedding as is consistent with cleanliness. Cut straw, mixed with ground grain, makes a valuable feed, the straw furnishing carbonaceous matter, and the meal giving the elements that make muscle and growth. If cornmeal is used it should be mixed with ground oats or wheat bran to make a good feeding ration.

There are two kinds of fresh, sweet butter; one filled with butter-milk and water, the other firm and dry. It requires high skill to make the latter, and it is the only kind that the best market will tolerate, but it must be made from cream that is comparatively sweet. Do not fool yourself with the idea that because you like butter with a strong, high flavor, that critical buyers will agree with your taste, for they will not. If you honestly believe that you make a first-class article, and yet cannot get a first-class price for it, then put on your Sunday-go-to-meeting clothes and take a trip to the city and induce some of the commission merchants who handle the highest priced article to let you sample it, and get them to tell you wherein yours differs from that. They usually take great pleasure in telling all they know, and one good object lesson may be worth hundreds of dollars to you if you are only willing to learn.

The value of manure varies as to character of food and locality. In some places it is difficult, if not impossible, to get it except by feeding animals and thus getting a home supply. How to do this economically is a question worth studying. The kinds of food that are best for fattening are not also best for manure making. Corn is an excellent food for making fat, but it does not make rich manure. It is mainly starch or carbon, which for plants is mostly furnished by the carbonic acid of the air. Wheat bran is excellent for making growth, and if fed to animals that have attained their growth, will give most of its phosphate to the manure pile. At present prices of cotton-seed meal and linseed meal, they will return a good deal of their cost to the manure pile, if the manure made from them is estimated at the same price as are nitrogen phosphate in commercial fertilizers. It is better to buy such feeds now and have rich home-made manures, than to wait until the growing season, and expend the money for commercial manures alone. There is some profit in feeding animals if done rightly, besides the manure they make.

Live Stock Notes.

Sheep must be kept in dry yards and in dry pasture. Wet footing is the one thing that sheep cannot stand.

Experienced stock-growers who have tested ground and whole oats for hogs pronounce it superior to corn for promoting growth.

Make the nests of sitting hens warm at this season. A cool place for the nest is desirable for a brood hen in summer, but in winter it requires a large proportion of animal heat to warm the nest and eggs.

An experienced sheep raiser says one bushel of corn will produce a pound of wool. That is better than selling corn at less than 30 cents. The same man says one acre of corn, yielding 40 bushels, cut and fed to a flock of sheep is worth $60. If that estimate is correct, the man who raises corn to ship abroad at the average price of recent years is very unwise.

The American Agriculturist advises, if you can't get meat for your fowls, to buy them some cotton-seed meal. If fed daily, one pint to a mess of soft food for 100 hens is sufficient. Milk is also an excellent substitute for meat, and, in fact, is considered preferable by some poultry keepers. No matter how well balanced their ration may be, change is often. A variety of food gives zest to the appetite and stimulates digestion.

The low price of beef and dairy products is causing more attention to be paid to sheep, which in consequence, are growing scarcer. There is another reason for the great amount of labor a herd of cows make, whether their milk be sold direct or made into butter or cheese. The old English rule was that the keep of eight sheep equaled that of one cow. Sheep are, however, more delicate feeders, and will not thrive on coarse stalks as well as cows will. They are also close feeders in summer, and on old pastures live where a herd of cows would starve. On the other hand, sheep in the winter will not eat the butts of cornstalks as closely as cattle will.

Grape fruit is served as a preliminary course at Philadelphia dinners. The large yellow globes are cooled on ice, cut in two, sprinkled with sugar and served on a dessert plate, a half to each cover. The juice is scooped out with a teaspoon. It is excellent as an appetizer. The grape fruit is really one of the most excellent of all the citrus fruits.

Killed by Alcohol.

MONTREAL, April 12.—A man named Bruin was found dead in bed at Lachine. A verdict was returned by the coroner's jury that he died from excessive use of alcoholic liquors.

Gen. Laurie Leases His Farm.

HALIFAX, April 11.—General Laurie, M.P., has leased his famous farm, known as Oakfield, to B. W. Chipman for a term of years.

THE EFFECT OF TOBACCO.

A Distinguished English Physician Gives His Views on Smoking the Weed.

To sum up, I believe that most people can smoke in moderation without injury, and that to many tobacco acts as a useful nerve sedative. On the other hand, if indulged into excess, the habit is always injurious, and I am sure a great many persons either cannot see or willfully shut their eyes to the "scientific frontier," which separates moderation from abuse. It must also be borne in mind that the condition of the throat as well as that of the general health varies greatly at different times, and that an amount of smoking which at one time would be attended with no bad effect might at another produce serious harm. Every smoker knows that when the stomach is out of order the pipe or cigar loses its charm, but it is not so generally known that at such times the tongue (which to the experienced eye is a mirror of the invisible stomach) and the throat are more vulnerable than usual to tobacco. If nature's warnings on these points are disregarded, as they generally are, the smoker will bring on himself much unnecessary discomfort and even suffering. In connection with the variation in susceptibility just referred to, it may be mentioned that persons leading an out door life can, as a rule, smoke with much greater impunity than those who spend most of their time indoors. It is further worthy of remark that the inhabitants of warm climates suffer less than the dwellers in what is probably, on the a non lucendo principle, called the temperate climate of England. This is doubtless due to the greater resisting power of throats less harassed by fogs and East winds, and partly, perhaps, to the use of milder tobacco.

To conclude with a little practical advice, I would say to any one who finds total abstinence too heroic a stretch of virtue, let him smoke only after a substantial meal, and if he be a singer or speaker let him do so after, and never before, using the voice. Let him smoke a mild Havana or a long-stemmed pipe charged with cool smoking tobacco. If the charms of the cigarette are irresistible, let it be smoked through a mouthpiece, which is kept clean with ultra-Mohammedan strictness. Let him refrain from smoking pipe, cigar, or cigarette to the bitter, and, it may be added, rank and oily end. Your Turk, who is very choice in his smoking and thoroughly understands the art, always throws away the near half of his cigarette. Let the singer who wishes to keep in the perfect way, refrain from inhaling the smoke, and let him take it as an axiom that the man in whom tobacco increases the flow of saliva to any marked degree, is not intended by nature to smoke. Let him be strictly moderate in indulgence—the precise limits each man must settle for himself—and he will get all the good effect of the soothing plant without the bane which lurks in it when used to excess.—Morell Mackenzie.

Murder by Hypnotism.

Let us consider a case. I set a subject to sleep and place him in somnambulistic state. I then say to him: "You know A; he is a contemptible fellow and is ever trying to injure you; he must be put out of the way. Here is a dagger. To-morrow"—or ten days hence, for the suggestion may extend over a considerable interval—"you will make your way to his home; you will wait till he quits the house and will stab him without any pity. He must die. You are not to remember at all that I ordered you to kill him, even if you be hypnotized again." The subject takes the suggestion and promises to kill the one who has become his enemy. At the appointed hour he will be at the place named, and will deal the blow with a steady hand. Whether arrested or not for the deed, he will find it out of his power to reveal the name of the one who put the dagger in his hand. The theme is an attractive one, but can the thing be done?

Personal Morality and Political Morality.

When the corrupt use of the public patronage for party-ends first began to be practiced, it was not regarded as necessarily involving, in those who employed it or in those who were benefited by it, any personal dishonesty or lack of integrity. Personal morality and political morality were esteemed to be two quite different things. But the practice is intrinsically and essentially dishonest, and no man can participate in it without shortly losing sight of all the ordinary distinctions between right and wrong. The man who sought office for the emolument it brought, rather than for the honorable functions with which it clothed him, would hardly hesitate to use the opportunities and the powers of office to increase his gains. And history has painfully demonstrated that the corruption involved in the original distribution of office is insignificant and trivial, contrasted with that infinitely larger corruption which has grown out of the prostitution of office itself to mercenary ends.

Not Easily Forgotten.

Persons entering the premises of W. J. Morrow cannot easily forget the mistake they have made if they have been buying groceries elsewhere. Our announcements cause a great deal of discontent among people in our line owing to the success our cheap sales meet with. They pay 50 cents for Baking Powder when you can buy strictly pure in 1 lb. tins for 15 cents, 3 lb. tins Peaches, 15 cents each, French Peas, 15 cents per tin, Salmon, 2 tins for 25 cents. We are sacrificing all our lines of Teas, and certain to give you extra good value in all lines. W. J. Morrow, 348 George-st. 486-w16

Don't be too Hasty

in assuming that spring weather will rule. There's another month to straddle over before the linen ulster and palm leaf fan will be useful or fashionable. In the meantime the question of Tweeds is before you. Barring during a week or two of hot weather, a good tweed suit can be worn every day. Get such a suit, selecting the material, if you want it for little money, from the bankrupt stock of Duncan Cameron, now being sold at the old stand, George-st. Some splendid pieces of tweeds are still left and lots of trouserings. If you haven't bought your spring suit, do so at once and save money. Remember the sale and the place, Duncan Cameron's old stand, George-st. 6d11

A Crowded House.

As was expected "Alvin Joslin," drew a packed house at the Opera House last night, and from general manifestations the large audience seemed to be thoroughly satisfied with the presentation which they witnessed. "Uncle Alvin" was the same old down east farmer, and his new play, "One of the Old Stock," gives him scope for his own peculiar impersonation. He kept the audience in good humor throughout the evening, and was supported by a very fair company. Miss Ray Briscoe as "Bessie Joslin," the wayward daughter of Uncle Alvin, portrayed her part exceedingly well. The stage furniture used is all carried in a special baggage car and was one of the features of the play. The music was also good, while the singing of the brother quartette, the Bentley brothers, was exceedingly fine. Their imitations were good and the audience demanded several repetitions. The company left on the noon train to-day for Port Hope.

Croup, Whooping Cough and Bronchitis immediately relieved by Shiloh's Cure. Sold by Geo. A. Schofield, Druggist, Peterborough.

To Harwood.

The steamer Daisy will leave Peterborough for Harwood on Monday morning at 8 o'clock. 1d86

Personal.

Rev. J. C. Davidson is at Colborne, where he will officiate to-morrow. His place at St. John's will be taken by his father, Rev. Canon Davidson, Incumbent of Colborne and Rural Dean of the district.

Who Will be the Next.

Six volumes more have been added to the slowly accumulating library of the police force. Rev. V. Clementi was the donator of this last valuable addition and the police are duly grateful. If this liberality continues a well filled book case will ornament the police station before long and the officers will not find time hanging so heavily on their hands.

Non-Payment of a Fine.

Alex. Ross was arrested a year ago last January for being drunk and disorderly. At the Police Court he was fined two dollars and costs, amounting in all to $4.25. He was given time in which to raise the necessary wherewithal to pay his indebtedness to the court, but he left town without meeting this liability. He returned recently and this morning he was arrested and taken up to gaol to serve the ten days. However, he had not languished long behind the bars before his friends paid the fine and he regained his liberty.

¶ In purchasing medicines, don't try experiments; the first and only consideration should be genuineness. Ayer's Sarsaparilla has stood the test of forty years, and today it is in greater demand than ever—a triumphant proof of popular approval.

Letter of Condolence.

At the last regular meeting of King William Lodge No. 43, True Blues, the secretary, Mr. A. Manning, was authorized to forward the following letter of condolence to Mrs. James Rose, jr., sister of late Brother Robert Brooks, whose remains were interred on Sunday last:—

To Mrs. James Rose, jr.

We, the members of King William Lodge, No. 43, True Blues, desire to convey to you our deepest sympathy in your sad bereavement caused by the death of your late brother Robert Brooks.

Signed on behalf of the Lodge,
A. MANNING,
Secretary.

KEEP YOUR
EYE
ON
THIS SPACE.

Another Slaughter House Complaint.

Mr. John Mervin, butcher, was charged at the Police Court this morning with using a slaughter house within the town limits as prosecuted by law. The slaughter house complained of stands on Chamberlain-st., but Mr. G. W. Hatton, who appeared for Mr. Mervin, while he pleaded guilty to the charge, yet asked for leniency from the court. He alleged that the house complained of had only been used on this one day, when an animal of a vicious nature had been slaughtered there instead of being taken to the house outside the town limits. The Magistrate deferred fixing the penalty until Wednesday next.

"Ayer's Hair Vigor is a most excellent preparation for the hair. I speak of it from experience. Its use promotes the growth of new hair, and makes it glossy and soft. The Vigor is a sure cure for dandruff."—J. W. Bowen, Editor Enquirer, McArthur, Ohio.

Change in the Officers.

The steamer Norseman, says the Port Hope Times, is undergoing a thorough system of repairs, and will be ready to undertake her daily trips to Charlotte about the 15th of this month. A radical change has been made in the officers of the boat for the coming season. Capt. Nicholson, of Kingston, late of the steamer Hero, will succeed Capt. Dunlop in command. A Kingston engineer has been engaged to succeed Mr. Riley, who for many years acted efficiently in that capacity, but who has been appointed to the more lucrative position of engineer on one of the C.P.R. boats on the upper lakes. A gentleman from Gananoque will succeed Mr. Cunningham as purser, the latter having resigned in order to pursue the practice of medicine. It will be regretted by our citizens generally that Capt. Dunlop will not be in charge this summer.

Y.M.C.A. Notes.

Young men's meeting to-night at 8 p.m. Special praise meeting for blessings received at Conference, hearty singing led by orchestra.

Consecration Meeting Sabbath morning at 9 30. Mr. Albert Hamilton will lead.

Owing to the "Hess" meetings in Opera House at same hour as our personal purity meeting and gospel and song service we have decided to withdraw them so that our young men may attend.

Bible training class Tuesday evening at 8 p.m.

We have received this week an elegant table cover from Miss H. Sanderson. We return our sincere thanks for same.

Who is going to give us a book case? Our need is great. One of our young men who receives a limited salary handed the General Secretary five dollars this week, as a mark of his appreciation of the work being done by the Association. We trust his self-sacrificing example may be followed by others. Will you be one to help?

To Nervous Debilitated Men.

If you will send us your address, we will mail you our illustrated pamphlet explaining all about Dr. Dye's Celebrated Electro-Voltaic Belt and Appliances, and their charming effects upon the nervous debilitated system, and how they will quickly restore you to vigor, and manhood. Pamphlet free. If you are thus afflicted, we will send you a Belt and Appliances on a trial.

VOLTAIC BELT CO., Marshall, Mich.

LETTER FROM A PROTESTANT.

The Rector of Peterborough vs. Archdeacon Farrar.

To the Editor of the Review.

MR. EDITOR,—At the commencement of the recent Lenten services in St. John's Church in this town, the Rector, the Rev. J. C. Davidson, gave a very cordial invitation to the people of the other churches—"those from other religious bodies" were his exact words—to attend, and though I did not avail myself of the kind invitation, yet I did read with proper care the authorized reports of those services, together with the Rector's notes thereupon as printed in the Examiner.

And now I wish to call attention to some of the views therein set forth, and to compare—rather to contrast them with those of another and presumably equally eminent divine of the same church.

First, I find at the very inception of these services, the position taken by the Rector of "but one visible church." And I understand, and the Rev. Mr. Davidson will of course admit, that by "but one visible church" he means the church to whose clergy he belongs, the Episcopalian Church, known here as the Church of England.

Next I find he says, "no man can become a Christian without becoming a member of Christ's Church," and that "outside the church is outside the Kingdom of God."

The statements have at least the merit of plainness, and say in effect to all outside the pale of the Episcopalian Church, "You are outside the Kingdom of God."

This is not an inference drawn from these statements. It is their plain, indeed their only meaning. Thus unchurched, unchristianized and put "outside the Kingdom of God," "those from other religious bodies" might naturally have been expected to resist strenuously such claims, and to oppose with proper warmth such views. But it would be difficult, if not indeed impossible, to find from any quarter so scathing and indignant a repudiation of such views as is furnished by the words of that celebrated English Church clergyman, Archdeacon Farrar, in a sermon preached in anticipation of the Lambeth Conference in Westminster Abbey.

You have heard what the Rector of Peterborough says about the church.

Here below is what Archdeacon Farrar says about it.

Look first on this picture and then on that:

"Perish the hand which would circumscribe by one hairsbreadth the limits or the definition of the Church of Christ; perish the arms that would exclude from that one flock of the Good Shepherd 'the other sheep which are not of this fold'; perish the narrow assumption that the wind of God which 'bloweth where it listeth, and thou hearest the sound thereof, but canst not tell whence it cometh or whither it goeth' can only be conveyed by mechanical transmissions. I, for one at any rate, refuse to flatter the priestly pride which would sectarianize the Catholicity of the Church of Christ. The articles which I accepted at my ordination taught me that the visible Church of Christ is a congregation of faithful men wherein the pure word of God is preached and the Sacraments duly administered, and I, for one, even if I were to stand alone, would repudiate and protest against the unCatholic teaching which would pretend to do what it cannot do by unchurching any who love the Lord Jesus Christ in sincerity and truth.

"When I speak of the church in general I do not mean this or that communion, under this or that organization, but I mean, in their ten thousand times ten thousand and thousands of thousands, the whole multitude of the Saints of God. What! are we not to claim as full and honored members of the Church of Christ in every possible true sense of that word because they were Moravians, those holy missionaries who planted successfully

> Sweet Sharon's Rose
> On icy plains or in eternal snows?

Or Williams, the Apostle of Polynesia and the martyr of Erromanga, because he was a dissenter? Dr. Carey and others in India, because they were Baptists, or Elizabeth Fry because she was a Quakeress? If there are any who think that He who died for all mankind, came mainly or chiefly for outward organization, their views of Christ are not such as I learn from Him who made keeping the commandments the essential of entering into the kingdom of Heaven. I say with Whitefield, "Do they profess repentance towards God and faith in our Lord Jesus Christ? If so, they are my brethren." True and unswervingly loyal in my love for the Church of England, yet I would stand bare headed before any true Saint of God, and be he Romanist or Independent, or Quaker or Presbyterian, so he be a saint of God, desiring ten thousand fold more that I may stand with him before the throne of Christ rather than with those who, though they may have had "Lord, Lord," or "The Church, The Church," forever on their lips, and have spent their lives in the endless round of outward ordinances, may yet, if their lives have been unloved and unworthy, hear those awful words, "Woe unto you scribes and pharisees, hypocrites," and "Depart from Me, I never knew you." For it is Christ and Christ alone, it is not episcopal government, or apostolic succession, or ancient ritual, or the orthodoxy of curiously articulated creeds, it is Christ and Christ only, and the innocence which shines in the lives of them that truly believe in Him which has been the strength of Christianity."

Which of these views think you, my reader, is the most consonant with reason, which the more in accord with the teaching and spirit of Christ?

Yours truly,
PROTESTANT.

Shiloh's Cough and Consumption Cure is sold by us on a guarantee. It cures Consumption. Sold by Geo. A. Schofield, Druggist, Peterborough.

A Well Attended Entertainment.

Court Little John, C.O.F., gave a highly successful entertainment in their hall at the corner of George and Simcoe-sts. last night. The attendance was large and the programme was a good one and well rendered. Mr. E. J. Neitherout was in the chair and performed his duties most acceptably. An excellent opening chorus, "I love the Sea," was rendered by the Jones family and Mr. R. A. Kempt. Then followed a song, "My heart is Scotland's Yet," rendered in good voice by Miss Scott. This number was especially worthy of mention, and the audience manifested their appreciation of the lady's fine rendition by enthusiastic applause. Mr. R. M. Roy next gave a number of very fine stereopticon views of Canadian scenery. He began at Peterborough and took his audience on a trip down the St. Lawrence as far as Quebec. The Jones family and Mr. R. A. Kempt then gave another vocal selection, "In the Starlight," in good voice, after which Mr. W. Bartick delighted the audience with several selections on the mouth organ. Miss Johnston contributed an organ solo, when Mr. Roy gave the second part of his series of views, taking his audience across the Atlantic and showing them the sights of England. Mr. Roy's views were unusually fine last evening, he having secured the most powerful lenses for his instrument that are manufactured. The audience were greatly pleased with their trip on canvas and frequently applauded when a familiar scene or one of extra beauty was presented. An anthem, "God Bless Our Broad Dominion," was next contributed by the Jones family and Mr. Kemp and the programme was closed with "God Save the Queen."

Brevities.

—The Spring Assizes open on Monday.

—There was a large market this morning.

—The cells were again tenantless last night.

—The Trent Valley Canal Commission will hold sessions here on Monday and Tuesday.

—The Alvin Joslin car was inspected by a large number of citizens as it stood at the G.T.R. station here yesterday.

—The snow plough can now go to its rest, and the voice of the citizen will now be raised in a plaintive cry for the watering car.s.

Epworth League.

A very interesting meeting of the members of the Epworth League of Charlotte-st. Methodist church was held last evening. A unique programme was rendered. President Barrie occupied the chair. Miss E. Morris rendered an instrumental solo, Mrs. McGuire and Miss Graham rendered "Home Again" very acceptably. Miss Ostrom gave a reading. Miss Lumsden and Miss Brundrette solos. Mr. Rowse took charge of the Bible study on the subject for to-morrow's study, "The Widow of Nain." The study was very profitable. Meeting dispersed after singing doxology and Rev. Mr. Sheppy pronouncing the benediction.

One of the Old Timers.

Another one of the old landmarks which carry the memory of some of Peterborough's older inhabitants back into the past has been removed. This was the old rough-cast house at the corner of Brock and Water-sts., which was occupied for years by Mr. Alex. McNeil. Mr. J. J. Lundy is the present owner of the property, and he has had the house torn down to remove any danger from fire. Mr. Thos. Irwin had the contract and his men made short work of the job, commencing yesterday morning and this afternoon the last timber was rolled away from the foundation. The house was built about forty-four years ago, the date being remembered by Mr. W. J. Mason, as he was at the time attending school in the small brick building on Brock-st., now used as a paint shop.

Religious Services.

The following is a list of services in the several churches to-morrow:—

ST. JOHN'S CHURCH.—Rev. J. C. Davidson, M.A., Rector. Rev. C. B. Kenrick, M.A., Curate. First Sunday after Easter, April 13th. 8.30 a. m., Holy Communion. 11 a. m., Matins, Litany and Sermon. 3 p. m., Sunday school and Bible Class. 7 p. m., Evensong and Sermon. Strangers heartily welcomed at all services. Ushers for the day, Messrs. Bowman, H. Long, F. V. Clementi, and G. Stevenson.

ST. LUKE'S (Ashburnham).—Rev. W. C. Bradshaw, Rector. April 13th, first Sunday after Easter. Holy Communion at 8 a. m. Morning Prayer and Litany at 11 a. m. Sunday school and Bible Class at 3 p. m. Evening Prayer and Sermon at 7 p. m. Services conducted by the Rev. J. W. McCleary. In the morning a missionary sermon will be preached. All seats free. Strangers are welcome.

ST. PETER'S CATHEDRAL.—At St. Peter's Cathedral, Roman Catholic, there will be two masses celebrated, the first at 8 a.m., and the second at 10.30 a.m. Vespers at 7 p.m.

ST. PAUL'S.—Rev.E.F.Torrance,M.A., pastor. Services as usual at 11 a.m. and 7 p.m.

GEORGE-ST. METHODIST CHURCH.—Rev. M. L. Pearson, pastor. Services at 11 a. m., and 7 p. m.

CHARLOTTE-ST. METHODIST CHURCH.—Rev. S. J. Shorey, pastor. Services at 11 a. m. and 7 p. m. The pastor will conduct both services. Short prayer meeting at the close of the evening service. Sunday school 3 p. m. Bible Class 3 p. m. All are welcome.

ST. ANDREW'S CHURCH.—Services at 11 a. m. and 7 p. m. Rev. Alex. Bell, pastor.

[illegible] CHURCH, [illegible]—Rev. F. Clifton [illegible], pastor. Services at 11 a. m. and 7 p. m. The pastor will preach morning and evening. Evening subject, "The Glorious Gospel of Christ." Sunday morning prayer meeting at 10 o'clock. Sunday school meeting at 3 o'clock. A cordial invitation is extended to all. No rented seats. The church supported by voluntary offerings.

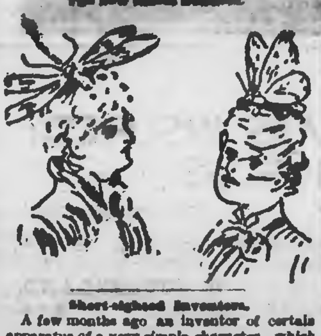
[illegible] CHURCH, Mark-st. (Ashburnham)—Rev. A. C. Wilson, pastor, will preach both morning and evening. At 11 a. m. the subject will be "Joseph's Dispersal of his Brethren." At 7 p. m., "Why the Lord Jesus would not permit a man to attend his Father's funeral." Free seats and a hearty welcome to all. Messrs. [illegible] and [illegible] ushers. Sabbath school at 2.30, Mr. E. [illegible] Armstrong Superintendent.

[illegible] MISSION [illegible] WARD.—First Sunday after Easter, April 13th. 3 p. m., Sunday school. 7 p. m., [illegible] and sermon. Services conducted by the Rev. C. B. Kenrick, assisted by members of the [illegible] choir.

[illegible].—Corner Dalhousie and [illegible]-sts. On Sunday services will be held as usual. Sabbath school at 3 o'clock in the afternoon. Reading service in the evening at 7 o'clock. A cordial invitation is given. Hymn books provided.

PETERBOROUGH LAYMEN'S EVANGELICAL ASSOCIATION.—Services at the gaol 9 30 a. m., [illegible] supplied by [illegible] and [illegible]. [illegible] Home, 3 p.m., and on [illegible] supplied by Wm. Might and Joseph Hatton.

The New Bonnet Bonnets.



Short-sighted Inventors.

A few months ago an inventor of certain apparatus of a very simple character, which could have been readily duplicated in many different forms, was offered $6,000 for the right to a certain inland town. He was a poor man and needed the money badly. The reader supposes, of course, that the inventor jumped at the chance and pocketed the money on the spot. Not he: he told the buyer that the patent was worth $100,000, and he was not going to sell one town in New York State for $6,000. The same inventor was offered a similar sum for another large town in the State, or $10,000 for only two cities in the country, but he refused to take it. We have these facts from the inventor himself, and they are correct. Before it was too late to negotiate, we berated the man soundly for his folly, but he was deaf to all argument. The sequel was that the inventor never sold a single right, and has his patent to this day.

The fatuity of inventors on this one point, the value of their patents, is wholly incomprehensible from a business point of view. If a farmer was offered $10,000 for ten bushels of potatoes, and refused it upon the ground that the bushels would produce tons of potatoes, he would be no more inconsistent than the inventor who refuses a good round sum of money for an unmarketed invention. Yet this is what they do every day in the year. There are men walking the streets in poverty who have devices of more or less value, which in the hands of business men, would have commercial value, that they refuse to part with because they are not paid highly enough in their own estimation.

Let inventors remember, for their own good, that an undeveloped, unmarketed invention is of no more value than the paper the patent is written on. It has possibilities, no doubt, but these last are intangible, and before they can be converted into dollars and cents another head must be called in, and as his risks are greater than the inventor's he must have an adequate reward. Every patent of any prospective value, even, has to be litigated sooner or later, and this costs money; its value is not established until the absolute priority of the patent is settled. If inventors would only bear these facts in mind and sell their inventions as soon as possible there would be fewer disappointed patentees. —The Engineer.

For Delicate, Sickly Children.

Scott's Emulsion is unequalled. See what Dr C. A. Black, of Amherst, N.J., says: "I have been acquainted with Scott's Emulsion of Cod Liver Oil, with Hypophosphites, for years, and consider it one of the finest preparations now before the public. Its pleasant flavor makes it the great favorite for children, and I do highly recommend it for all wasting diseases of children and adults. Sold by Druggists, 50c. and $1.00

BIRTH.

STACEY.—In Seymour, on the 31st ult., the wife of MR. JOHN STACEY, of a son.

MARRIED.

SCOTT—WIGMORE.—At the residence of the bride's brother, on Thursday, 3rd inst., by the Rev. Jas. Carmichael, M.A., MR. JOHN SCOTT, of Port Hope, to MISS ANNIE WIGMORE, of Dummer.

DUNSFORD—DENISON.—At St. Anne's Church, Toronto, on April 10th, by the Rev. T. C. Street, Markham, assisted by the Rev. J. MacLean Ballard, WILLIAM HARRIS DUNSFORD, son of the late Martin Dunsford, of Lindsay, Ont., to AGNES, eldest daughter of Lieut.-Col. George T. Denison, Heydon Villa.

DIED.

HUBBLE.—At Havelock, on March 27th, MILLFORD ROY, infant son of Mr. Hubble, aged 6 months and 6 days.

HAIG.—At Havelock, on the 6th inst., MARSHALL ROY, infant son of Firm Haig, aged 7 weeks.

RUSSEL.—At Douro, on Thursday, the 10th of April, 1890, ISABELLA, wife of Mr. Thomas Russell, aged 76 years.

LANGDON.—At Port Hope, on Thursday, April 10th, aged one year and two months, WALLACE FREDERICK, only son of Wm. and Jane Langdon.

JEWELL.—At North Monaghan, on Tuesday, 1st April, ROSANNA, wife of Wm. Jewell, aged 55 years and 3 months.

ROBINSON.—At Selwyn, on Tuesday, April 8th, EDWARD ROBINSON, aged 45 years.

PEARSON.—At Young's Point, on Monday, April 7th, STELLA MAUD, daughter of Mr. Wm. Pearson, aged 1 year and 2 months.

When Baby was sick, we gave her Castoria,
When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria

Advice to Mothers.

MRS. WINSLOW'S SOOTHING SYRUP should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.

—OUR—
SPRING EXHIBIT!

Any one will recognize the benefit of dealing with a house that shows a Large Range of Goods as well as the Newest Colorings and Styles.

In this connection we would mention the fact that we have several hundred different Styles in our Tweed Department embracing many new and novel effects. Our selections have been made from the markets' choicest offerings.

We would state to those who contemplate ordering their Spring Suit that we have been favored with a very large trade and would esteem it a favor if buyers would order early.

Our facilities are now taxed to their full capacity and early orders will prevent delays

Never since our existence have we been so overwhelmed with work. What is the cause? The answer is easy. Our Styles are right, our Goods are right and our prices are right.

The Daily Review.

SATURDAY, APRIL 12, 1890.

THE JUDGE!

"Harry, my lad," said he, in a voice trembling with nervous excitement. "I have run my own house for twice as many years as you have lived. I can do it still, without any suggestions. William McCook will come here often, I hope, and I trust he and Miss Margaret will spend many evenings here together under my roof, where until now no guest has ever been slandered." Harry had a temper that flashed up at such moments. His anger came upon him as quickly and as surely as the explosion of a gun follows the flash. The experiences of the evening had made him doubly sensitive, and his emotions lay near the surface.

"Then, sir," he said, rising and striding about the room, "I imagine it will come to a question of choosing between your beloved William McCook and myself. If he comes here I do not."

"You're a fool, sir," retorted the old man indignantly. "But you need not think you can dictate to me. Get to your room and go to sleep. But before you go there have the kindness to recollect that I [illegible] the [illegible]." Harry walked out of the room with his head up, and left the old man sitting with his treasured violin.

Guy Mannering saw to the fastening of the front door, and as he went up stairs, turning once to look back at his old master. His anger had been the feeble anger of age, and now two great tears were slowly coursing down his cheeks, as he stared into the dying fire. His long, white locks looked more snowy than ever before to the sympathetic serving man. His blue veined hands, resting on his cane, were feeble and thin.

"I would like to pick him up and carry him to bed," said Guy Mannering to himself. But he feared to hurt the old man's feelings by seeming to see his feebleness and grief, so he climbed the second flight of stairs to his own room.

"I can't quite remember," was his last thought as he turned his face to the wall and dropped off to slumber, "whether I fastened the east window in the music room or not. That darn fool Harry turned my head."

Guy Mannering was the first to enter the conservatory the next morning. It was his duty to arrange the flowers for the breakfast table. The scent of the flower that had blossomed the night before was almost sickening. But it was not that that made Mannering lean against the side of the door and turn deadly pale. Neither was it that that made him run for the kitchen and return with the cook and the coachman and the laundress. There are few flowers, however deadly, that would make four sturdy working people all turn white and sick at once. What they saw was the remains of the little pink-eyed rabbit. Its remains were literally strewn over the floor. A lynx would not have more savagely demolished it. But it had not been torn by the relentless teeth of a lynx. The instrument that had mangled it was the little garden rake. These little teeth had pierced its tender breast; they had pulled out its brains; they had ripped up its spotless fur.

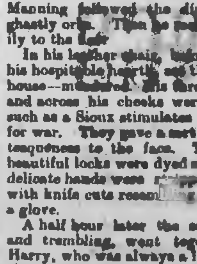
"Luna," gasped Guy Mannering to the cook, "[illegible]. Go to the music room and see Mr. Lotis. He is down by this time."

A scream like a cry from the blood of the already trembling servants. It was hardly a cry—it was a howl, that increased each moment. Guy Mannering, more courageous than his fellows, made his way to the room from which it proceeded. The first thing that met his eyes was Luna sitting upon the floor and giving voice to that crescendo of terror. Her lids fluttered up and down with an automatical movement. Manning followed the direction of those ghastly orbs. Then he reeled and fell heavily to the floor.

In his leather chair, before the ashes of his hospitable hearth, sat the master of the house—murdered. His throat had been cut, and across his cheeks were bloody gashes, such as a Sioux stimulates when he paints for war. They gave a sort of frightful grotesqueness to the face. The ends of the beautiful locks were dyed scarlet. The long delicate hands were slashed up the back with knife cuts resembling the markings of a glove.

A half hour later the servants, moaning and trembling, went together to waken Harry, who was always a late sleeper. As they neared the door they saw that it stood open, and when they looked in the room they saw that it was empty and that the bed had not been slept in.

CHAPTER III.



WHEN Henry left his uncle the night before, he went immediately to his room. Fifteen minutes of solitude there made him miserably ashamed of his foolish anger. In half an hour he made up his mind that his first act in the morning would be to apologize. At the end of an hour he determined to make his peace that night. Still he hesitated from a sort of boyish shame. When he came to think the matter over, it seemed as if a good part of his life had been spent making mistakes and apologizing for them. That he should have been guilty of such inexcusable ebullition on the very night made sacred with Margaret's promise was particularly humiliating.

His face turned hot with mortification as he paced the room thinking it over. What a regenerating, holy thing her love had seemed to him, as she came to him with her beautiful appeal to him for protection! What modesty and what innocence was hers! A coarser girl would never have been capable of such frankness—conventionality and not womanhood would have spoken. Tears filled the young man's eyes as, with a flood of glorified recollection, her tenderness, her freshness, her peacefulness, all came back to him. Then there came to him by a sudden transition of memory a day that he had spent as a boy in a summer meadow. That day had been a revelation to him. In it he had discovered that nature was beautiful. Until then, the full eloquence of the wind, the beneficence of the sky, the miracle of running water, of growing grass, of the eternal fruition and harmony had never reached his soul. Never since that wonderful day had he known such an hour of illumination as that which Margaret had given him. And mark the difference! That other day had ended in prayer. This one had ended in an exhibition of selfishness and arrogance, and toward the kind old soul who loved him better than life. He was a heedless, egotistic fool!

Having arrived honestly and fully at this conclusion he hurried out of the room and down the stairs, thinking that he might find his uncle still in the music room. But all the lights were out, and it was evident that he had retired. Harry's next impulse was to go to the old man's room, but he concluded that if he had fallen asleep, as it was likely that he had, then it would be a pity to disturb him for something that would keep perfectly till morning. He was a light sleeper and would be awakened if one but [illegible] would be disturbed. So it was really best to leave it till morning.

Sleep was, however, far from Harry's eyes. His cheeks still burned fiercely and his blood was hot and restless. He decided to see what the night air would do toward soothing it, and groping his way to the rack he found his coat and hat and let himself softly out of the front door.

(To be Continued.)

A bald headed woman is unusual before she is 40, but gray hair is common with them earlier. Baldness and grayness may be prevented by using Hall's Hair Renewer.

TORONTO TOPICS.

Cranks on the Library Board—A Verdict Against a Hotel-keeper.

TORONTO, April 12.—The cap-sheaf of a stack of queer regulations lately promulgated by various powers that be was placed on the top of the heap yesterday, when the Free Library Board ordered that female assistants in the library must not be less than 5 feet 3 inches in height.

The annual commencement of Trinity Medical College took place yesterday. The scholarships were awarded as follows:

First year—J. T. Robinson, $50 (standing, 89 per cent.); C. B. Shuttleworth, $30 (86 per cent.); J. A. G. Wilson, $20 (85 per cent.).

Second year—D. Beattie, $50 (89 per cent.); H. E. Bucher, $30 (87 per cent.).

Mr. J. W. S. McCullough carried off the highest prize in the gift of the college, the Trinity gold medal, for the best standing in the final year. His percentage was 86.

J. M. Sifton won the First Trinity silver medal for the next highest standing (83 per cent), and J. R. Macdonald the Second Trinity medal, his standing being 81 per cent.

An interesting case was tried at the assizes yesterday in which Caroline Emma Stagdill sued James Duggan for $1000 damages on ground of the husband having [illegible], it is claimed, upon excessive drinking in the defendant's tavern in King township on the night of Feb. 20 last. The jury returned a verdict of $100 for plaintiff.

Mr. B. B. Osler, Q.C., continued his address to the jury yesterday for the defence in the St. George railway case.

Nine-year-old Lawrence O'Reagan fell from a velocipede in front of a Sherbourne-street car yesterday and was struck by the gearing of the car. His neck was broken.

Mr. Alexander Marling, LL.B., Deputy Minister of Education, died suddenly last evening of heart failure. Yesterday was his 58th birthday.

The Bucket Shop War.

CHICAGO, April 11.—A mass meeting of the Board of Trade was held here to-day. As bucket shops are getting quotations by private wires the directors were authorized to act in their discretion to compel removal of all such wires from the offices of members of the board. The meeting also voted to forbid any member or combination of members from collecting or disseminating continuous quotations. It was also resolved that the telegraph companies be requested to restore the rates in force from the exchange rooms and in the event of refusal that the board take steps to organize a telegraph company among the different boards throughout the country.

Judge Ryland's Serious Joke.

SEDALIA, Mo., April 11.—Acting under instructions of Judge Ryland the Grand Jury has issued subpœnas for a number of members of the "High Five" club, a tony organization among whose members are a number of young ladies, to appear before that body. It is supposed an effort will be made to find indictments against persons at whose houses the club has met on the charge of permitting gaming or gambling on their premises. Judge Ryland's instructions to the jury to indict all parties participating in the games of "euchre," "high five," or "church-raffles" [illegible]. At first it was regarded as a joke but now a more serious view [illegible].

[illegible]

DETROIT, April 11.—James Davies, whose harness shop is at 345 Michigan-avenue and residence at the same number, hanged himself in his barn at 7½ this morning. Davies was 55 years old, was born in Toronto and came to Detroit 27 years ago. His business had fallen off considerably of late and Davies was despondent, fearing failure could not be averted. He leaves four children, all grown.

The Daily Smash.

MANSFIELD, O., April 11.—A collision occurred near here on the Baltimore & Ohio Railway to-day. It was caused by the engineer of the west bound train overlooking his orders. Two engines, seven emigrant coaches and 10 freight cars were demolished, and the debris was piled as high as the telegraph poles.

Scratched 28 Years

Body covered with scales. Itching terrible. Suffering endless. No relief. Doctors and medicines fail. Speedily cured by Cuticura at a cost of $5.

Cured by Cuticura.

If I had known of the CUTICURA REMEDIES twenty-eight years ago it would have saved me $200.00 (two hundred dollars) and an immense amount of suffering. My disease (psoriasis) commenced on my head in a spot not larger than a cent. It spread rapidly all over my body and got under my nails. The scales would drop off of me all the time, and my suffering was endless and without relief. One thousand dollars would not tempt me to have this disease over again. I am a poor man but feel rich to be relieved of what some doctors said was leprosy, some ringworm, psoriasis, etc. I took ... and ... Sarsaparillas over one year and a half, but no cure. I went to two or three doctors, and no cure. I cannot praise the CUTICURA REMEDIES too much. They have made my skin clear and free from scales as a baby's. All I used of them were three boxes of CUTICURA and three bottles of CUTICURA RESOLVENT and two cakes CUTICURA SOAP. If you had been here and said you would have cured me for $200.00, you would have had the money. I looked like the picture in your book of psoriasis (picture number two "How to Cure Skin Diseases"), but now I am as clear as any person ever was. Through force of habit I rub my hands over my arms and legs to scratch once in a while, but to no purpose. I am all well. I scratched twenty-eight years, and it got to be a kind of second nature to me. I thank you a thousand times.
DENNIS DOWNING, Waterbury, V.

Cuticura Resolvent

The new Blood and Skin Purifier and purest and best of Humor Remedies, internally, and CUTICURA, the great Skin Cure, and CUTICURA SOAP, an exquisite Skin Beautifier, externally, speedily and permanently cure every species of itching, burning, scaly, crusted, pimply, scrofulous and hereditary diseases and humors of the skin, scalp and blood, with loss of hair, from pimples to scrofula.

Sold everywhere. Price, CUTICURA, 75c.; SOAP, 35c.; RESOLVENT, $1.50. Prepared by the POTTER DRUG AND CHEMICAL CORPORATION, Boston.

Send for "How to Cure Skin Diseases," 64 pages, 50 illustrations, and 100 testimonials.

PIMPLES, blackheads, chapped and oily skin prevented by CUTICURA MEDICATED SOAP.

FREE FROM RHEUMATISM

In one minute the Cuticura Anti-Pain Plaster relieves rheumatic, sciatic, hip, kidney, chest and muscular pains and weakness. The first and only pain-killing plaster. 30c

LONGFELLOW'S MAIDEN,
who is—
"Standing, with reluctant feet,
Where the brook and river meet,
Womanhood and childhood fleet!"

is a type of thousands of young girls who are emerging from the chrysalis stage of their existence, as they enter upon their "teens." Nervous, excitable, irritable, stirred by strange, unknowable forces within them, each a mystery unto herself, our girls need the tenderest care, the most loving, patient oversight, and the aid of Dr. Pierce's Favorite Prescription, to safely carry them through this critical period, during which, in too many lives, alas, are sown the seeds of distressing forms of diseases peculiar to the female sex. But this boon to womankind will prevent all such diseases, or cure them if they have already seized a victim. Woman owes it to herself, to her family, and to her social station, to be well and strong. Let her then not neglect the sure means of cure. "Favorite Prescription" is a legitimate medicine, carefully compounded by an experienced and skillful physician, and adapted to woman's delicate organization. It is purely vegetable in its composition and perfectly harmless in its effects in any condition of the system. Sold by druggists; $1.00, or six bottles for $5.00.

Copyright, 1888, by WORLD'S DIS. MED. ASS'N.

Dr. PIERCE'S PELLETS

regulate and cleanse the liver, stomach and bowels. They are purely vegetable and perfectly harmless. One a Dose. Sold by druggists. 25 cents a vial.

Coughs, Colds, Croup.

Allen's Lung Balsam was introduced to the public after its merits for the positive cure of such diseases had been fully tested. It excites expectoration and causes the Lungs to throw off the phlegm or mucus; changes the secretions and purifies the blood; heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. Such is the immediate and satisfactory effect that **it is warranted to break up the most distressing cough in a few hours' time,** if not of too long standing. It contains no opium in any form and is warranted to be perfectly harmless to the most delicate child. There is no real necessity for so many deaths by consumption when Allen's Lung Balsam will prevent it if only taken in time. For Consumption, and all diseases that lead to it, such as Coughs, neglected Colds, Bronchitis, Asthma and all diseases of the Lungs, ALLEN'S LUNG BALSAM is the Great Modern Remedy. For Croup and Whooping Cough it is almost a specific. It is an old standard remedy, and sold universally at 50 cents and $1.00 per bottle. The 25-cent bottles are put out to answer the constant call for a Good and Low-Priced COUGH CURE. If you have not tried the Balsam, call for a 25-cent bottle to test it.

MILLINERY NEWS
—AT—
TURNBULL'S

We had two delightful days for our Millinery Opening and were exceedingly pleased with the hearty response our townspeople gave to our invitation to come and inspect the new Spring Styles. We had previously announced that we did not look to make sales these days but expected as many as could make it convenient to pay us a visit and pass through without purchasing.

Notwithstanding this announcement when we came to count up the days sales in the various departments we found that they had far exceeded any similar occasion which was gratifying, being a proof that our friends and the public generally appreciated our endeavors to place before them all the new lines in Staple and Fancy Dry Goods as they come out of the hands of our Canadian and foreign manufacturers. We have just received a large shipment of Tapestry Carpets, the patterns are very choice and new, prices range from 30c. to 85c.

Flannelettes have come out in darker shades this year. We show some good patterns in Grey Stripes and Checks; remember them when you are buying children's wear. Our Curtain Nets, Art Muslins and Scrims are even a surprise to ourselves, they are so much cheaper than former years. See our Art Muslins at 10c. a yard.

When Buying Tweeds for boys call on us, we strongly recommend the goods we sell at 35c. a yard.

GRATEFUL—COMFORTING
EPPS'S COCOA
BREAKFAST.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—*Civil Service Gazette.*

Made simply with boiling water or milk. Sold only in packets, by grocers, labelled thus:

MONDAY, APRIL 14, 1890.

A WARNING TO RUSSIA.

THE TRIPLE ALLIANCE MAY TAKE ACTION.

Leading Federal Princes Trying to Tone Down the German Emperor's Self-Confidence—Austria to Have a Free Hand in the Balkans.

BERLIN, April 12.—The *Pesther Lloyd* in an official communication alluding to the concentration of 150,000 Russian troops on the Austrian frontier, says it rejoices in the formal renewal of the triple alliance and warns Russia that the allied powers will not much longer submit to continued provocation. According to the same paper Chancellor von Caprivi's note to Prime Minister Kalnoky reaffirming the alliance did not admit an identity of interests in Eastern Europe. Austria will have a free hand in the Balkans and act on her own responsibility. The accord with Italy is equally perfect although the alliance has been weakened through the uncertain position of Signor Crispi.

The Progressist press indulges in dreams of a revision of the tariff in the direction of owering or abolishing duties on articles absolutely necessary for the use of the people. It is not believed the Emperor will entangle himself in the difficulties entailed by a revision of the tariff. Equally discredited are the rumors that the Emperor intends to propose a revision of the constitution in the direction of reducing the powers of the Bundesrath while centralizing power in the hands of a ministry controled by the Emperor. Neither the Reichstag nor the Bundesrath will ever assent to an extension of the imperial power toward absolutism.

Already the leading federal princes of the empire, incredulous of the Emperor's capacity and scared by his methods of governing, are trying to tone down his self-confidence. It is an open secret that the governments of Bavaria, Wurtemburg and Saxony, which hold 14 votes in the Bundesrath, will not co-operate in imperial measures unless the Emperor consults them more on the general lines of his policy.

To-night the Reichsanzeiger has a curt, significant disclaimer of the reported organization of the central ministerial departments. It is denied that the Government ever contemplated increasing the responsibility of the ministers. The temper of the leading Federal Governments would not brook any discussion of the subject.

The Samoan treaty was formally signed to-day.

Court advices from St. Petersburg are that the movement in favor of a constitution finds adherents in the Czar's circle. *The Grand Duke Vladimir*, the Czar's brother, induced less by liberalism than by fears of a revolution, heads a ministerial section that is urging the Czar to create a Parliament consisting of representatives of the nobility elected by the Zemstvos with a limited number of delegates elected by towns.

The millowners of Gorlitz have agreed to discharge workmen joining in the strike movement, and the workmen in the state factories of Austria have been warned that if they absent themselves from work May 1 they will be dismissed.

Prince Bismarck is credited with describing his last days in Berlin as a first-class funeral.

THE BLYTHE WILL CONTEST.

Protracted Fight Over an Estate of Four Millions in 'Frisco.

SAN FRANCISCO, April 12.—The taking of testimony in the celebrated Blythe will case came to an end yesterday. The contest was begun for a $4,000,000 estate on July 15 last, and yesterday was the 170th day of actual trial. The strongest case has been made by Florence Blythe, a 15-year-old girl, whose mother was betrayed by Blythe on one of his visits to England. He acknowledged the girl as his daughter and corresponded with her, but did not adopt her according to the California law. The other chief claimant is Alice Edith Dickinson, who claims to have been married to Blythe by verbal contract, but who only proved that she had been his mistress. One of the best cases has been made by what are known as the Gypsy Blythes of Kentucky, who trace their descendants from Betty Savage, who married Blythe's father. As counsel for each of the claimants will be given a chance for argument, the case will consume at least a month more.

The Pan-Americans.

WASHINGTON, April 14.—The general welfare committee of the Pan-American conference has submitted a report recommending that all disputes of American republics with European nations be settled by arbitration.

The committee on customs regulations has submitted a report recommending the establishment of an American international bureau here for collection and publication of information relating to commercial affairs between the countries represented.

Father Willoughby Dead.

BRANTFORD, April 13.—Rev. Wm. Willoughby, better known as Father Willoughby, died this morning. Father Willoughby has been in active service in connection with the Methodist Church in this section for more than 50 years. He will be much missed at their Annual Conference, being very highly esteemed by that Assembly.

STANLEY INTERVIEWED.

HE DENOUNCES THE STATEMENTS OF FATHER SCHINZE.

And Talks About Emin in a Disparaging Tone—The Latter Getting Ready for His Expedition—The Town of New Tipperary.

LONDON, April 14.—The Times' correspondent at Cannes has had an interview with Henry M. Stanley. Stanley declared that the statements Father Schinze made could only emanate from a depraved and degraded nature. Schinze's party were half-naked and half-starved until he provided for them and paid them tribute on arriving at the coast. In regard to the ivory it was not heaped up at Wadelai but widely scattered and it would occupy at least a year of hard work to collect it, detracting much from its value. Regarding Emin, Stanley said:

"Emin was friendly enough until he fell into the hands of the Germans. As to acquiring his province, one of the first things I showed him was his own offer to the British company.

"'Confound it!' he exclaimed. 'They ought never to have published that.'

"The whole of Emin's action," Stanley continued, "is on a par with De Brazza's who got King Leopold's money and handed the results of his labors with it to France." Stanley is surprised that England allowed the Wissman enterprise to proceed without a protest. He says the exploits of Dr. Peters ought to be carefully watched.

Stanley continues immersed in revising his book.

Emin Talks.

ZANZIBAR, April 14.—Emin has openly declared that Stanley's speech and his own disappointment were the principal causes of his entering the German service. He starts for the interior next week and expects to be absent nine months. Tippo Tip is hurrying here from Tobours in answer to a consular summons.

Decided Not to Sell.

LONDON, April 14.—A despatch from Brussels says: "It is stated Belgium guarantees a loan of the Congo State of £6,000,000. It is rumored King Leopold refused Germany's offer of £4,000,000 for the Congo State." A Paris correspondent confirms the report that King Leopold was desirous of selling the Congo State, but the French right of refusal and Stanley's report of rubber on the Aruwhimi led to indecision.

New Tipperary's Gala Day.

DUBLIN, April 13.—The ceremonies attending the opening of the town of New Tipperary took place yesterday afternoon. Deputations from all parts of Ireland were present with about twenty M.P.'s and many other notables. Speeches were made by Lady Sandhurst, Messrs. Davitt and O'Brien, M.P's. and others. The greatest enthusiasm prevailed.

The Rome Exposition.

ROME, April 12.—Preparations are being made to render the opening of the exposition of local industries next month a very notable affair. There will be at the same time a national rifle contest and a race open to the horses of all countries, at which the grand prize of Rome amounting to 100,000 francs will be open to contest for the first time. In connection with the opening steps are being taken to arrange for a series of fetes which promise to be of great interest.

The Panama Canal.

PARIS, April 13.—It is announced that the report of the commissioner sent to examine the Panama Canal water works will appear at the end of the month. It is stated the report copiously explains the position of the canal enterprise but avoids making recommendations and that the commission considers the completion of the work feasible, the plans for which are completed. It is understood these plans would involve an outlay of £25,000,000 to £30,000,000.

A MISTAKE FIVE MILES LONG.

The Queer Error that Cost a Railroad Company $3000.

BANGOR, Me., April 13.—The love of a Yankee jury for a great foreign corporation was most clearly shown in the Supreme Court room in this city yesterday. Last July there was a serious accident on the Canadian Pacific Railway near MacKamp Station, in this state, and as soon as it occurred a conductor left the place on a hand-car to go 15 miles for assistance. Telegraph offices on this section of the road are miles apart and in order to estimate the distance from the train to the nearest station the conductor counted the telegraph poles, but in computing the distance by them made an error of five miles.

Charles H. Laskey, an engineer, was sent with a relief train, and his orders, signed by Supt. Van Zile, gave the number of miles reported by the conductor. Owing to the error the disabled train was found five miles nearer than was expected and the relief train struck it in a cut while running at great speed. Engineer Laskey reversed his engine, took every precaution and then jumped, breaking two ribs and seriously injuring his back. Had he stayed aboard his locomotive he would have been killed. He promptly sued the Canadian Pacific for $10,000 damages on the ground that he was running under orders when injured. The defence was that it was through the misinformation of a fellow-servant, and that the railway was not responsible, a very common principle in law. The case, however, went to the jury and a verdict of $3000 was given to the plaintiff, exceedingly generous damages considering his injuries. The finest counsel obtainable appeared for the railway, but they had no weight with the jury. The foreign corporation was obliged to take its medicine.

Death of James Boyd.

VANKLEEK HILL, April 13.—James Boyd, ex-M.L.A., died here this morning after a week's illness. Mr. Boyd was elected to Parliament during the Sandfield Macdonald administration, which he opposed, having defeated the late Thomas D'Arcy McGee. After the fall of that Government he was defeated by G. W. Hamilton; and later by Albert Hagar, the present Sheriff of Prescott and Russell. He was Police Magistrate at the time of his death, and was engaged in mercantile pursuits.

Hitt's Reciprocity Resolution.

WASHINGTON, April 13.—Representative Hitt, chairman of the House Committee on Foreign Affairs, to-day introduced in the House this resolution:

Resolved—That in the opinion of this House closer commercial relations with the other states on the American continent would be of material advantage, and the House would view with favor reciprocity treaties modifying the duties upon the peculiar products of different countries by tariff concessions on both sides conducive to increased commercial intercourse and mutual profit, widening the markets for the products of all and strengthening the friendly relations of this country with its neighbors.

ISAAC SAWTELE'S CONFESSION.

A Conspiracy to Abduct His Brother Resulted in Hiram's Death.

BOSTON, April 13.—The Globe prints an alleged confession made by Isaac B. Sawtele of Boston, now in jail at Dover, N. H., awaiting trial for the murder of his brother Hiram, whose mutilated body was found buried in the woods in Lebanon, Me., last February. Isaac says he and Hiram's wife were parties to a conspiracy to lure Hiram to an abandoned camp in Lebanon, in which he was to be held captive by the notorious Dr. Blood and the ex-convict "Jack" who have been suspected of guilty knowledge at least of the murder, until he should relinquish in writing all claim to the estate left by his father. Isaac decoyed Hiram to Rochester, N.H., and drove him to a point near the camp where he was turned over to "Jack." Isaac claims his connection with the case then ended and he did not know of Hiram's death until he received a letter while in Portland telling him it had been necessary to put Hiram out of the way and each of the trio must look out for himself.

THE AUSTRALIAN FLOODS.

Hundreds of Families Homeless and Many Fatalities Reported.

SAN FRANCISCO, April 12.—The steamer Mariposa, from Sydney and Honolulu, brings the following advices:

Extensive floods have done great damage in New South Wales and Queensland. A large part of Brisbane was inundated, wharves submerged and railway traffic stopped. Hundreds of families are homeless and many fatalities are reported. Grafton, Singleton, West Maitland and other towns were flooded. Many losses of life and great destruction of property are reported from the interior points. At last accounts the floods were subsiding and communication between the different points was being restored.

A railway collision occurred March 1 on the Penshurst & Koroit line and seven men were killed.

The American schooner Cassie Hayward was lost on an island of the Hervey group Feb. 4. The crew were saved.

The schooner Agnes with all hands has been lost six or seven miles north of Brunswick River.

TORONTO TOPICS.

Mr. Hughes Accepts the Peel Nomination—Another Strike.

TORONTO, April 14.—Public School Inspector James L. Hughes has accepted the Conservative nomination in Peel against Mr. Chisholm for the Ontario Assembly.

The Polson Ironworks Company's stock has been increased to $[illegible] and the work of liquidation will be discontinued.

The stonecutters have joined the other strikers in the building trades. They demand 45 cents an hour, an increase of 7 cents.

The annual convocation of Trinity College took place Saturday afternoon. One of the features of the occasion was the presentation of the degree of M.D.C.M. to four lady graduates from the Woman's Medical College: Miss S. P. Boyle, Toronto; Miss J. Lynd, Richmond; Miss M. L. Ager, Chatham; Miss M. J. Hutton, Forest.

A MYSTERY OF NIAGARA.

The Skeleton of a Man Found near the Cantilever Bridge.

NIAGARA FALLS, Ont., April 13.—Yesterday afternoon, while young Harry Preston was setting squirrel traps at the base of the 160-foot precipice, a few rods south of the Cantilever Bridge, Canada side, he came across the skeleton of a man lying on the rocks. The flesh had entirely left the bones which were white and dry. The clothing was still in a fair state of preservation.

The general supposition is that it is the remains of Robert Thompson, who resided here and has been missing for the past three years and was supposed to have fallen over the bank.

TO RESIST THE LAW.

Manitoba Catholics Up in Arms Against the School Law.

WINNIPEG, April 13.—As the new law which comes into force May 1 abolishes all Catholic school boards where Protestant boards exist, the Catholics have determined to ignore the law and if an attempt is made to take possession of their schools to apply for injunctions from the courts. All the Roman Catholic school houses but one in Winnipeg belong to the church and if the new law is sustained they will be continued as parochial schools. The Catholic section of the Board of Education have petitioned the Governor-General to disallow the act.

The Way of the Transgressor.

GUELPH, April 14.—Thomas Kenny, a notorious character who has served several terms in the Central Prison and penitentiary on various charges, was wanted by the police Saturday for violently assaulting his aged mother. He has already served a long term at Kingston for a similar offence. He took refuge in a hay loft, and in jumping to the ground trying to escape had one of his legs badly fractured, the bones protruding through the flesh. He was allowed to lie where he fell until assistance came, when he was taken to the hospital, there to remain until sufficiently recovered to appear before the Police Magistrate. Liquor has been the cause of all the young man's troubles.

The Belleville Murder Cases.

BELLEVILLE, April 14.—At the Assizes Saturday Arnott was arraigned and pleaded not guilty to a charge of manslaughter. Davis was arraigned on a charge of murdering one Emory last fall. Mrs. Emory, the wife of the murdered man, was also arraigned as an accessory before and after the fact. They both pleaded not guilty. The woman, who is young and nice-looking, seemed to feel her terrible position keenly, and had to be supported by one of the constables while in the dock. The trial, which will be very lengthy, commences this morning. There are some 45 witnesses subpœnaed on behalf of the Crown.

Lost with All on Board.

VICTORIA, B.C., April 13.—Part of a ship's boat bearing the name Nellie May, which vessel left Port Madison, lumber laden, for San Francisco Jan. 28, has drifted ashore at Clayoquot Sound with other wreckage. It is supposed the vessel was lost in a storm with all hands.

Murdered for Money.

ASHEVILLE, N.C., April 14.—Three miles from here to-day Harriet Williams, colored, was found on the floor in her house unconscious and died in two hours. Seven terrible wounds were on her body and three on her forehead and the top of her head, showing the length of the blade of an axe which lay beside the body. The murder was evidently the work of a would-be robber.

A Big Forest Fire.

PLEASANTVILLE, N.J., April 12.—An extensive fire broke out in this section to-day. More than 15 square miles of young timber and several houses were burned. Loss $30,000. The flames were at times several hundred feet high.

VICTIMS OF CARELESSNESS

A SAGINAW BAY STEAMER CRASHES INTO A RAILWAY BRIDGE.

Thirty Passengers Swept from the Boat Into the Water—Eight Persons Reported Drowned—The Engineer and Steersman Arrested.

EAST SAGINAW, Mich., April 13.—The steamer Handy Boy of the Bay line of river steamers running between Saginaw and Bay City, while bound down to-day ran into the Flint and Pere Marquette Railroad bridge carrying away all her upper works. She was sixty feet west of her proper course. Carelessness of those in charge is given as the cause of the accident. Captain Dolson got ashore and escaped although the police are searching for him. Engineer George Little and Wheelman East are in jail. The following are reported drowned:

Miss May Haight, aged 22.
Mrs. Catherine Nevins, an old lady.
Two unknown women.
One unknown man.

Joseph Cassidy and two unknown men are also reported among the missing.

A number of the passengers were slightly injured. J. W. Thompson was badly hurt and taken to the hospital. It is estimated there were 30 people on the boat and they were all swept into the river. The number of lost, therefore, is merely conjecture. The river is being dragged for the bodies.

South Wellington Reformers.

GUELPH, April 13.—At the convention of the South Wellington Reform Association held here this afternoon Mr. Donald Guthrie was unanimously chosen to again contest this riding for the Ontario Assembly at the approaching elections.

INTERESTING ITEMS BY WIRE.

A soap manufacturer at Copenhagen named Phillipsen, arrested for insurance frauds, has confessed he strangled a clerk named Meyer and sent the body in a packing case to America. Meyer has been missing since Jan. 7.

The Roumanian Parliament has been summoned to meet April 26 to vote the remaining credits needed for strengthening and increasing the country's fortifications.

It is believed in official circles at Madrid that the Queen Regent will pardon Senator General Daban, who was arrested for urging resistence to Government mandates.

Republican senators have been elected in Eure, Finisterre and Ariege.

A despatch from Buenos Ayres announces the resignation of the Argentine ministry.

The Industrial Conference at Madrid has concluded its debates. It will meet this week to draw up a protocol.

Congressman Samuel J. Randall, the most famous Democratic protectionist in Congress, died at Washington at 5 o'clock Sunday morning.

It is asserted the Germans by their threats have compelled the Sultan of Zanzibar to cancel the concession of Manda and Patta to the British East Africa Company. It is generally believed, however, that the matter is still the subject of negotiation.

Advices from Mozambique are that Portugal has despatched a large armed force up the Shire River with the intention of attacking Nipanda. The expedition is supplied with artillery.

A Philadelphia despatch says: Two engines returning at high speed collided on the single track extension of the Pennsylvania Railroad. One engineer was killed and two employes badly injured. In another collision near Ridge-avenue an engineer was killed.

Messengers at Omdurman declare that the Mahdi has vanished and famine is raging throughout the Soudan.

The president of the French geographical society is opposed to a public reception to Henry M. Stanley because his enterprise had a commercial object, and because he treated Brazza with disdain.

At Philadelphia Sunday a 6000 gallon water tank weighing with its contents over twenty tons crashed through the roof of the Park Theatre, wrecking the paint frame, some scenery and about half the stage. The tank went through to the cellar where everything was flooded.

The break in the Atchafalaya levee two miles south of Simsport in Point Coupe Parish, La., is now 600 feet wide and seven deep. The town of Simsport is said to be two feet under water.

GREY BREAKS A RECORD.

Many Others Smashed at Boston's Meeting Saturday.

BOSTON, April 13.—The second annual indoor championship meeting of the Amateur Athletic Union was held in Mechanics' Building yesterday afternoon and evening under the auspices of the Boston Athletic Association. The first event was the 75-yards' dash, and the final heat was won by Carey in the fast time of 7 4-5 (the record is 7⅗): A. H. Green, H.A.A., was second. The 600-yards' run was won by W. C. Dohm, New York A. C., in 1.18 2-5. In the standing broad jump, Crook jumped 10 feet 8 inches, and closely approached the record. George R. Gray, N. Y.A.C., broke his own record, which was the world's record, in putting the shot by 1¾ inches. His previous record was 38 feet 10 inches. In the pole vault for distance the record was completely smashed. M. H. Green of Harvard won at 25 feet 4¼ inches, 2 feet 7¼ inches better than the best previous record. F. J. Hasp, M.A.C., second at 25 feet 4¼ inches (also beats the record), and W. G. Irwin, Tri-A.C., third at 24 feet 8¾ inches (leads the record). In the putting of the weight for height, J. S. Mitchell, N.J.A.C., broke the world's record of 15 feet, held by himself, making a record of 15 feet 2 inches.

O'Connor Matched to Row Stansbury.

The Steamer Chenango Burnt.

ERIE, Pa., April 10.—The steamer Chenango, bound from Toledo to Buffalo with grain, took fire off Erie Friday night and sank in four fathoms of water. The crew were picked up by the steamer Eber Ward and taken to Toledo.

High-Pressure

Living characterizes these modern days. The result is a fearful increase of Brain and Heart Diseases—General Debility, Insomnia, Paralysis, and Insanity. Chloral and Morphia augment the evil. The medicine best adapted to do permanent good is Ayer's Sarsaparilla. It purifies, enriches, and vitalizes the blood, and thus strengthens every function and faculty of the body.

"I have used Ayer's Sarsaparilla, in my family, for years. I have found it invaluable as

A Cure

for Nervous Debility caused by an inactive liver and a low state of the blood." —Henry Bacon, Xenia, Ohio.

"For some time I have been troubled with heart disease. I never found anything to help me until I began using Ayer's Sarsaparilla. I have only used this medicine six months, but it has relieved me from my trouble, and enabled me to resume work."—J. P. Carzanett, Perry, Ill.

"I have been a practicing physician for over half a century, and during that time I have never found so powerful and reliable an alterative and blood-purifier as Ayer's Sarsaparilla."—Dr. M. Maxstart, Louisville, Ky.

Ayer's Sarsaparilla,

PREPARED BY
Dr. J. C. Ayer & Co., Lowell, Mass.
Price $1; six bottles, $5. Worth $5 a bottle.

The Daily Review.

MONDAY APRIL 14, 1890.

CANADA AND THE UNITED STATES.

Mr. Foster and the other members of the Dominion Government have been treated to a liberal allowance of abuse upon the charge that the changes in the tariff will cause irritation in the United States. It is wrong, say the Liberal speakers, to retaliate by means of increased tariffs. Now, we are quite ready to say that to frame a tariff in the spirit of retaliation would be unwise. But that was not the spirit in which the changes were proposed. The alterations are not made to punish the United States for taking, or for having refused to take, any step, but because they are required in the interest of the people of Canada.

It is undeniable that some of the changes have caused displeasure across the lines. For instance, the lard dealers of Chicago are not pleased with the increased duty on lard, which makes it more difficult for them to send their mixtures over here to compete with pure Canadian lard and to take the trade that should go to Canadian dealers and farmers. But it is absurd to argue that because the Chicago makers of adulterated lard are dissatisfied the change should not become law. Parliament does not, or should not at all events, make the interests of foreign manufacturers or dealers the paramount interest to be considered by it. The first consideration surely should be the interests of the Canadian people.

The United States cannot say that Canada is opposed to freer trade relations with them. Arguments which applied to reciprocal trade forty years ago are, however, not applicable now, owing to the greatly changed conditions which exist, yet the Dominion has made repeated advances to our southern cousins for greater freedom of trade between the countries, and the advances have been rejected. The plain and simple truth is that when the United States are convinced that reciprocity will be to their advantage they will consent to it, and not till then. And shall Canada wait for ever for a change of opinion across the lines, without doing anything in the meantime to better her condition? Must Canadian tariff legislation be at a standstill, no matter what the requirements of the country demand, until the United States is pleased to permit us to make a change? The Liberals may believe that that should be the attitude of Parliament, but they will scarcely get the people to agree with them. It is many years since the former reciprocity treaty was abrogated by the action of the United States. A new generation has arisen since then, and Conservative and Reform Governments have been in office during the time without inducing the States to alter its resolution not to treat with us. If the Liberal doctrine now preached had prevailed, during all those years, and for no one knows how many years to come, the Canadian tariff would have been and would continue to be unaltered or framed to please foreign opinion, no matter how much home trade or the interests of the Canadian people suffered. Such an attitude would be the highest folly. Canada will not raise or lower an item in the tariff merely to injure the United States or anyone in it; but it will not, on the other hand, fear to make a change required by exegencies of Canadian interests lest, forsooth, a pork packer or a miller in a foreign country that refuses reciprocal trade should be displeased. The Parliament of Canada should legislate for Canadians. The action of the Liberal members in trying to make the United States believe that retaliation is the motive are not only trying to create an entirely false impression, but are also doing something that is calculated to do their own country injury merely to gain a party advantage. They are acting on the maxim which seems to have guided them for a long time, "rule or ruin."

A Historic War Horse.

The old horse Comanche, the only survivor of the famous Custer massacre, is still handsomely cared for at the Government's expense. By special order of the military authorities Comanche is provided with a comfortable stall fitted up especially for him out in Dakota. No one is permitted to ride him, and he is not allowed to do any work whatever. Riddled with bullets and scarred with sabre wounds, his body speaks eloquently of the perilous duty he has performed in his twenty-two years of service under the Government.—Pittsburg Dispatch.

MASSAGE FOR BEAUTY.

AN IMPROVEMENT IN THE ENAMEL IDEA OF BEAUTY.

A Well-Known Physician's Views on the Proper Spring Diet—Hot and Cold Baths—Sleep and Buttermilk Instead of Medicine.

Some revolutions are quietly going on in the beauty parlors patronized by conservative ladies. Instead of making up the face there is a growing demand for the massage treatment, supposed to restore the natural beauty and freshness of the complexion. Warm applications are first applied, then soothing oils are worked into the skin with a soft sponge, after which the "beautifier" pats, pinches and rubs the flesh to stimulate the circulation and bring about profuse perspiration.

Hot tea, bouillon, lemonade, milk, coffee and boiled cider, according to the taste of of the customer, is served, the rubbing and pinching is continued until the sweat glands are open and all the dust and black specks have been removed from the nose, forehead, temples and cheeks. This operation alone consumes a full hour, and is repeated until the skin is thoroughly cleaned. To restore the smoothness, cold cream and healing balms are applied, and then the face is pronounced washed and ready for the finish. If there are disfiguring moles, birthmarks or scars court plaster is applied and when possible the hair dressed to cover defects. The brows are strengthened after being brushed, the blue veins in the temple brought out with a few pencil strokes, the cheeks delicately colored a shade lower than the lips, and the ears tinted the same pink as the lining of eye. Unless colorless no rouge is put on the lips.

Instead of polishing the finger nails with powder and cherry-lip they are shaped, trimmed with a cuticle scissors and painted with a rose pink rouge that only a brush and hot water will remove. All things considered, the new method is a decided improvement on the enamel and carmine beauty designed by the unfortunate Mme. Rachel.

HOT AND COLD BATHS.

A prominent physician, whose medicines are largely compounded in the diet kitchen, has this to say about bathing. Only very strong women should take cold baths at any time. Hot baths are good to reduce flesh; for invigorating health the water should have the temperature of the body. Hot foot baths will cure sick headache and produce sleep. Infants should never be put into a bathtub more than three times a week, and to avoid cold and the results of physical exhaustion some strengthening gruel or broth is necessary, followed by a two or three hours nap.

Plenty of sleep and plenty of buttermilk are advised in lieu of Spring medicine. This same authority when asked for an expression regarding Spring diet prescribed the following bill of fare: Complete abstinence from veal, pork, cabbage, sausage, buckwheat, pickled, smoked and canned meats and fish. Mutton and beef in limited quantity cooked rare and eaten hot. Fresh fish, ocean food or soft boiled eggs for breakfast, light salad for lunch, but bouillon, beef tea and broth are preferable. If accustomed to oaten meal and wheat bread through the Winter, hominy and graham bread are advisable for a change. Rice is a good substitute for potatoes, and sweet milk and chocolate for tea and coffee. Eat freely of green vegetables, such as lettuce, spinach, celery, onions and cresses. Stewed apples, prunes and rhubarb are better than a drug shop for regulating the system and there is no better exercise than walking to color the complexion, brighten the eye and strengthen the muscles. The practice among specialists of children's diseases, of washing out the alimentary system, has been employed by this fashionable doctor, who in the treatment of indigestion applies a stomach-pump and cleans out the interior department. In the ordinary cases generally known as indisposition, relief can be had by flushing.

"Living rooms, shops, offices, churches and interiors of every sort," he says, wisely enough, "need systematic cleaning, and why not the human house? People do not drink enough, turn on the water, set the pumps to work and rinse out the system with a gallon of water every day. I am opposed to extreme temperatures, but warm is as good as cool water provided it does not produce nausea. It is advisable to drink it in sips and between meals. A quart before breakfast is not too much."—N. Y. World.

New York's Jaunty Girls.

Some of the young New York girls are getting on at a killing pace. At noontime four carriages wheeled up before a restaurant in the lower end of Broadway, where all the heavy business-men pass their days. From these carriages emerged twelve ladies, all young, all more or less pretty, and all extremely stylish. They were jaunty, thoroughbred girls, and plainly off on a quiet little time. From a hansom leaped, a tall, handsome man of middle age, his hair tinged with gray, but vitality beaming from his eye and expressing itself in his alert figure. He immediately took the even dozen young ladies under his wing and escorted them into a side entrance of the restaurant. It was easy but incorrect to suppose that this was a young ladies' seminary out to dine with the benevolent principal, or a Browning club running away with a soulful elocutionist. This was only an impromptu luncheon party given by a rich broker with a wife and children to the twelve prettiest women in his acquaintance. Under some circumstances the event would have been a delightful one in the eyes of all the world. If the wife of the broker was in the party, or even knew something of it, or if the husbands and parents of the various young women had sanctioned the festivity, all would have been well. But nothing was said about it at home, rest assured. It was all a jolly secret between twelve happy girls and one shrewd man. The luncheon was spread in a private room. A bouquet of roses was at each place and the table cover was cloth of gold. Cocktails began the feast and brandy ended it, while endless wines filled up the interim. The man made an eloquent speech that was roundly applauded, and then each girl stood on her chair and spoke a few words of gratulation to the gathering clustered about her. The fete began at one and ended at five. And then the girls were wheeled home, where, I have no doubt, they retired severally to their private apartments complaining of headache. The bill rendered to the broker for his doe luncheon was just $800. When New-York girls fall into the hands of men who pay such sums for luncheon there is, to say the least, danger in the air.

WRANGLE IN A CHURCH.

Brothers and Sisters Indulge in a War of Words Over a Scandal Case.

JOLIET, Ill., April 13.—The scandal in the First Baptist Church, involving the pastor, Rev. Dr. Whitman, who came here from Charlottetown, P.E.I., reached a climax last night at the annual meeting of the church. The election of officers resulted in the choice of a board of trustees and a clerk favorable to the pastor by a small majority. A resolution was offered sustaining the pastor and denouncing his traducers. This precipitated the most unseemly wrangle ever seen in a church. Brothers fought brothers in sharp, sarcastic language and the shrill voice of the sisters was also heard, while charges of forgery and lying were freely handled. The pastor said he would not be dogged into banishment by a conspiracy, and amid a great tumult the vote was taken on the resolution, which was carried by a vote of 97 to 79. The result was hailed with the most tumultuous applause. Then D. M. Stiles and wife, the first accusers of Dr. Whitman, were expelled. The opposition will build a new church.

A Proof of Her Love.

He—Do you really love me, darling?

She—Yes, really. To prove it I'll name my dog after you.—Yankee Blade.

Whitby's Disappointment

WHITBY, April 13.—The electric lights were started to-night, but ran only a few minutes, an accident to the machinery causing several days' delay for repairs.

THE DEAD SUCKING PIG'S PLAINTIVE APPEAL.

In the Easter display of meat on Saturday by H. C. Winch, the most conspicious attraction was a nice sucking porker with a lemon in its mouth facing towards an enormous fat calf from Joseph Redmond, of Otonabee:

It is Easter, O yes! but how sad is my lot;
Here I lie stiff and cold with death's wounds in my throat.
How I frolicked and frisked in my warm pig stye,
Now I am looked at and laughed at as lifeless I lie.
Four brothers, three sisters, our home family composed,
We squealed and we grunted, we sucked and we dozed,
With a mother as good as a porker could get,
For she spread herself out when we wanted the tit.
Not having foreknowledge, I had no fear or dread,
Thoughts of premature death never entered my head
Until Harry came round, on my boss he did call,
Looking for a young porker to show off his stall.
We were laid half asleep when they knocked at the pen,
So we sprang up with fright when we saw the two men;
As we ran past before them Harry shouted catch that,
It was me they laid hands on just because I was fat.
Cruel butcher, on you a pig's curse will remain,
With your sharp knife you severed my jugular vein.
Next boiling hot water you did plunge me in,
Every hair, every bristle you scraped off my skin.
All your sympathy, Harry, is not worth a fig,
Or you would not have killed me, a young sucking pig;
For your grand decorations you have dressed me off slick,
For your Easter display you would butcher Old Nick;
You have taken my life, in my mouth you have stuck
A lemon my death stiffened jaws cannot suck.
I require not its juice, I have no thirst to quench:
Revenge my death mother, come and grab Harry Winch.
You have drained my life's blood, my dead body you dressed,
Now preserve me in brine—Harry grant my request,
For the Queen's son is coming to visit you here,
Let him taste my fat loins as a sweet souvenier,
Show some pity spectators, for cruel Harry showed none,
He was deaf to my screaming and weak dying groan,
Now he stands in the crowd with his clear ringing laugh
Points at me then at Joe Redmond's well fatted calf.

WM. TELFORD, Smith.

The Telegram's Retort.

On a table two messages lay side by side,
Each bound on a different way.
"I'm going abroad," the cablegram cried,
"Perhaps I'll meet princes to-day.

"I'm sorry for you and your commonplace task,
But, then, you're not clever nor bright;
No wonder in Royalty's smile I may bask,
I always come forth with the light."

"Although," said the Telegram, "part of that's true,
Of boasting, my friend, have a care;
No matter how Royalty smiles upon you,
You're only a 'flash' affair."

An Expensive Son-in-Law.

A cable letter to the New York Sun gives some interesting details with regard to the price paid by Mr. C. P. Huntington in order to secure a prince for a son-in-law. It states that he deposited with Prince Hatzfeldt's trustees $1,750,000 in United States bonds, the income from which is, according to agreement, to be divided between the prince and his wife, each to receive his or her share independently of the other, and the income is to be paid to each just the same in case of divorce or separation. Mr. Huntington also agreed to pay at the London & Westminster Bank on the day before the wedding £20,000 to persons designated by the prince, and $80,000 more within six weeks, also to persons designated by the prince, who are, of course, his creditors. Princes come high, but the American heiresses, it seems, must have them.

His Signature.

"Sacrit votin ye call this Australian system, do ye, Mr. Mulcahy? But, be jabbers, small bit of secrecy, Oi'm thinkin' where wan has to sign his name for every candidate he votes for!"

"What are yez thinkin' about, Mr. O'Toole? Ye don't have have to sign your name at all, at all. All yez have to do is jist to make a cross."

"Thrue for yez, Mr. Mulcahy: but isn't that how Oi always sign me name, Oi don't know?"—Boston Transcript.

The weather is as uncertain as the age of a girl over 30.

A commission of officials of the Ministries of Public Instruction and police have made enquiries into the recent riots among the students at the Technological Institute. As a result 28 students will be expelled from St. Petersburg. The other students who were arrested for taking part in the demonstrations have been released.

For lame back, side or chest, use Shiloh's Porous Plaster. Price 25 cents. Sold by Geo. A. Schofield, Druggist, Peterborough.

THE GREAT EUROPEAN DYE

TURKISH DYES

Unequaled for Richness and Beauty of Coloring.
They are the ONLY DYES that
WILL NOT WASH OUT!,
WILL NOT FADE OUT!
There is nothing like them for Strength, Coloring or Fastness.

BLINDS.

Did you say you wanted Blinds?

LEE & THOMPSON

have succeeded in securing a large lot of

Dado Blinds!

bought at 60c. on the $

which will be sold complete, spring roller and ring, for the price of the blind. These goods must be sold at once.

Always in stock, plain material by the yard with fringes to match.

LEE & THOMPSON
No. 406 GEORGE-ST.

TO WEAK MEN
Suffering from the effects of youthful errors, early decay, wasting weakness, lost manhood, etc., I will send a valuable treatise (sealed) containing full particulars for home cure, FREE of charge. A splendid medical work; should be read by every man who is nervous and debilitated. Address, Prof. F. C. FOWLER, Moodus, Conn.

CONSUMPTION SURELY CURED

TO THE EDITOR:
Please inform your readers that I have a positive remedy for the above named disease. By its timely use thousands of hopeless cases have been permanently cured. I shall be glad to send two bottles of my remedy FREE to any of your readers who have consumption if they will send me their Express and Post Office Address. Respectfully, T. A. SLOCUM, M.C., 186 West Adelaide St., TORONTO, ONTARIO.

READ THIS CARD.

Now we have the merchants where we want them, worked up to the highest pitch over our price of goods. We are slaughtering them doing the business, hence the jealousy. W. J. Morrow is actually receiving anonymous letters and cards what they, the writers, will do if he does not advance the prices of goods but he answers in the affirmative that the step has been taken to buy goods for cash and sell cheap giving his customers the benefit will be continued. One actually speaks of cutting goods still lower and quotes prices. Why I can drop goods spokesof to his figures and make money. So this youth had better post himself in buying before trying to compete with

W. J. MORROW
The Only Cheap Grocer, 340 George-st.

Copy of Post Card, Note the Spelling.

PETERBOROUGH, March 28th, 1890.

DEAR SIR,—I notise you without any malice in the matter whatever, but one thing certain if you continue quoting prices in the paper we will put all man with all can Goods at 10½c. per can and it is no truble to sell sugar 20 or 25 lbs. for $1.00. There is no use in one man to think he is going to quote prices and others look on and if we start again there will be more of it than has been done, so you will please consider the matter at once. Yours etc.
GROCER.

BUSINESS CHANGE!

REMOVAL.

Having bought out the Flour and Feed business formerly carried on by Mr. W. Van Every, I have removed my Stock and Business to the old stand, Simcoe st., well known as the J. W. Flavelle Stand, where I will be glad to see all customers of the late proprietors.

A First-class Stock of all Lines of Flour, Feed, Provisions, Smoked Meats, etc., always on hand.

SPECIAL:—A choice assortment of Field and Garden Seeds just opened. These are good. Try them and you will be satisfied.

THE CITY AND SUBURBS.

Piano Tuning.

Mr. G. Gumpricht is in town Orders may be left at Messrs. Taylor & McDonald's or Mr. A. L. Davis' store. 1yd158

Mr. Anderson, in Grand Old English Songs in the Opera House To-morrow Night.

Thanks Returned.

Mrs. Rose, sister of the late Robert Brooks, wishes to acknowledge the receipt of the kind letter of condolence from King William Lodge of True Blues, and also to thank the members of that lodge for their unremitting attention and kindness during the time of the sickness of her brother and her bereavement by his death.

St. Luke's Rectorship.

At St. Luke's Church yesterday a letter from the Rev. W. C. Bradshaw to the church wardens was read, resigning the rectorship of St. Luke's. A meeting of the congregation will therefore be held this evening in order that the church wardens may ascertain the wishes of the people before conferring with the Bishop regarding the appointment of a successor.

A Free Show Blocks George-st.

George-st. was blocked on Saturday evening by an immense crowd which congregated in front of W. G. Bain's store to see the stereopticon views which were thrown upon the plate glass front of the second storey. The views were of a local and comic character and the show was utilized as an advertising medium for the St. Andrew's concert. The police had hard work to keep the streets open for pedestrians, but finally succeeded in making the crowd move on. The power behind the free show, as is easily guessed, was Mr. R. M. Roy.

In purchasing medicines, don't try experiments; the first and only consideration should be genuineness. Ayer's Sarsaparilla has stood the test of forty years, and to-day it is in greater demand than ever—a triumphant proof of popular approval.

Not Easily Forgotten.

Persons entering the premises of W. J. Morrow cannot easily forget the mistake they have made if they have been buying groceries elsewhere. Our announcements cause a great deal of discontent among people in our line owing to the success our cheap sales meet with. They pay 50 cents for Baking Powder when you can buy strictly pure in 1 lb. tins for 15 cents, 3 lb. tins Peaches, 15 cents each, French Peas, 15 cents per tin, Salmon, 2 tins for 25 cents. We are sacrificing all our lines of Teas, and certain to give you extra good value in all lines. W. J. Morrow, 340 George-st. d64-w13

Don't be too Hasty

in assuming that spring weather will rule. There's another month to straddle over before the linen ulster and palm leaf fan will be needful or fashionable. In the meantime the question of Tweeds is before you. Barring during a week or two of hot weather, a good tweed suit can be worn every day. Get such a suit, selecting the material, if you want it for little money, from the bankrupt stock of Duncan Cameron, now being sold at the old stand, George-st. Some splendid pieces of tweeds are still left and lots of trouserings. If you haven't bought your spring suit, do so at once and save money. Remember the sale and the place, Duncan Cameron's old stand, George-st. d81tf

The Recent Labor Meeting.

Mr. Jas. Stevenson, M.P., spent Saturday in town. His attention was called to a remark made by the chairman of the recent labor meeting, to the effect that Mr. Stevenson had not answered their invitation to be present and he "did not know whether he intended to ignore them or not." Mr. Stevenson said that when the chairman understood the matter he would see that that remark did not apply. The letter of invitation reached Mr. Stevenson's office after he had left to return to his Parliamentary duties at Ottawa and he therefore did not see it until he returned on Saturday, so that there was no intentional neglect on his part in not acknowledging it.

THE SPRING ASSIZES.

The Court Opened with Judge Dean Presiding—A Light Calendar.

The Spring Assizes opened at one o'clock this afternoon, Judge Dean, of Lindsay, presiding in the absence of Justice Rose. Mr. W. Kerr, Q.C., of Cobourg, attended to conduct the crown business. The members of the local bar present were Messrs. John Burnham, Q.C., R. E. Wood, County Attorney, W. H. Moore, G. Edmison, John Green, C. W. Sawers, John O'Meara, E. B. Stone, W. A. Stratton.

THE GRAND JURY.

The Grand Jury was sworn in as follows:—

JOHN McCLELLAND, Foreman.

J. J. Bennet,	P. Hamilton,
Hy. Best,	Wm. Harper,
Geo. Elliott,	Wm. Irwin,
T. Fitzgerald,	W. J. Mason,
John Brady,	Jas. McNeil,
Alex. Watts,	Andrew Nelson,
W. E. Sherwood,	Jas. Tindle,
Wm. Warner,	C. Young.

THE JUDGE'S CHARGE.

The JUDGE, in addressing the Jury, said the criminal list coming before them was not a large one. One charge was for forgery, which was a grave one. They should, as the charge was so grave, be careful in their investigation and be satisfied that a prima facie case was made out before finding the bill. They were not, however, to examine or consider what defence was to be offered. He commented on the nature of the offence. There were also several charges of larceny against one individual and one other charged with a similar offence, but this was a comparatively simple charge. He also instructed them as to their several duties, such as investigating the condition of the gaol or other public institutions, such as a hospital, which was maintained at public expense. He would be sorry to see the system of Grand Juries abolished, even although at times a mistake was made. Referring to the work of the Prisoners' Aid Society, he pointed out what it aimed to do, to aid and reclaim criminals and asked the Grand Jury for an expression of opinion regarding the views of the Society for the guidance of the Legislature. He pointed out the recent legislation making provision for the establishment of Homes for the Homeless by counties, and this subject or any other it would be proper for them to consider.

The Grand Jury then retired.

The case of Hamilton vs. Scott was the first one called.

Miss Kaland, Organist of St. Peter's Cathedral, gives a performance on the Pianoforte in the Opera House To-morrow Night.

Wedded in Chicago.

Mr. Warwick Ayling, a young man who formerly resided in Peterborough and a member of Otonabee Lodge, I.O.O.F., was married in Chicago on Wednesday last to Miss Ellen Stewart, formerly of Millbrook. The groom has many friends in Peterborough who will extend congratulations and wish him and his bride a joyous future. The happy couple went to St. Paul on their wedding tour.

Another Professor's Testimony.

As a reader Miss Knox is a genius. Her expression is the result of a piercing and discriminating intellect, a large and responsive soul, a vivid imagination and a rigid self-control. Her readings are not the affections of a so called art, but are the well-nigh spontaneous manifestations of nature, and they fascinate because of her attractive and queenly presence, and educate because her personality is ever the transparent medium of truth.—PROFESSOR SILAS S. NEFF.

Miss Knox gives four of her best selections in the Opera House to-morrow night.

KEEP YOUR

ON

THIS SPACE.

In Memory of Friendship.

On Saturday evening a pleasing event took place at the residence of Messrs. Gower, Parker and Hayes, when a number of the gentlemen friends of Mr. P. J. C. McDonnell, late teller in the Bank of Montreal here, met and presented that gentleman with a handsome silver mounted briar pipe as a memento of the friendship and esteem in which he was held among his gentlemen friends in Peterborough. Mr. McDonnell has been transferred to the London branch of the bank and leaves at once to occupy his new position.

Miss Agnes Knox, the Beautiful Histrionic Star, gives four of her Best Selections in the Opera House To-morrow Night.

Among the Churches.

Rev. Canon Davidson, Rural Dean of Colborne, conducted the evening service at St. John's church last evening. There was a large congregation. Rev. J. C. Davidson, rector, was at Cobourg yesterday.

A meeting of the St. Luke's congregation is to be held this evening.

Mr. Johnston, a student from Knox College, Toronto, preached at St. Andrew's church at both services yesterday.

Mr. G. M. Roger assisted Rev. E. F. Torrance in the services at St. Paul's church yesterday.

Songs in Character by the Misses Watson, in the Opera House To-morrow Night.

Dislocated a Shoulder.

On Saturday evening between five and six o'clock a runaway accident occurred on George-st. which resulted in painful injuries to the owner of the horse and bad damages to the buggy. A horse and buggy owned by a Mr. Wolstenholm was standing at Brady's flour and feed store at the corner of Brock and George-st., when the horse took fright at a farmer's team and bolted around the corner onto George st. The animal only went about a dozen yards when the buggy struck a post and Mr. Wolstenholm was thrown against the brick building by the collision. He was unconscious from the fall, and upon examination it was found that his shoulder was dislocated. The buggy was badly smashed as well.

For Delicate, Sickly Children.

Scott's Emulsion is unequalled. See what Dr C. A. Black, of Amherst, N.J., says: "I have been acquainted with Scott's Emulsion of Cod Liver Oil, with Hypophosphites, for years, and consider it one of the finest preparations now before the public. Its pleasant flavor makes it the great favorite for children, and I do highly recommend it for all wasting diseases of children and adults. Sold by Druggists, 50c. and $1.00

Shiloh's Cough and Consumption Cure is sold by us on a guarantee. It cures Consumption. Sold by Geo. A. Schofield, Druggist, Peterborough.

JOE HESS HERE AGAIN.

HE ADDRESSES TWO IMMENSE GATHERINGS IN THE OPERA HOUSE.

He Refers to "the Little Paper" he had Served on Him—His Work Since he Left Here—An Immense Gathering in the Evening—All Christians Should Wear the Blue Ribbon—The Meetings this Week.

"Joe" Hess, the ex-prize fighter, saloon-keeper and gambler, who attracted such magnificent audiences to hear him when he was here last month, has returned to Peterborough and this time he remains for one week. All this week he will address meetings every evening, and judging from the two held yesterday *he will talk to even larger gatherings than upon his first visit.*

The Afternoon Meeting.

The afternoon meeting was announced for 2.45, but long before the hands of the clock indicated that hour the people were streaming into the Opera House. At four o'clock the seats in the hall were all filled and the gallery was thrown open. It was a grand audience, and one which seemed to be interested in the address of the reformed saloon-keeper. The evangelist spoke with his usual vim and in his characteristic style.

Mr. J. J. Hartley presided as chairman, and, after the meeting had been opened with singing, a prayer by Rev. J. B. Huff and the reading of a portion of Scripture by Mr. Hess, he introduced the lecturer with a few words relative to the temperance cause. Mr. Hartley said these meetings were being held to educate the people to the temperance cause. He said they were not there to oppose the liquor dealers, but to oppose and condemn the business. They were the friends of the liquor men in seeking to remove the business. Where, he asked, is the man who has ever amounted to anything who has dealt in liquor? They would be better if they were working at some trade earning their livelihood.

HE AMOUNTED TO SOMETHING.

JOE HESS upon being introduced was received with applause. He was about to commence his address when a number of boys came clattering into the gallery with great commotion. "Get there, boys," good naturedly remarked the evangelist, "and we will sing a verse of a hymn while you are getting there." The verse was accordingly sung and then Mr. Hess resumed. He said, "I am much pleased to be hear to speak again in your town. I wish, however, to take exception to the remarks of the chairman when he asks 'Where is a saloon-keeper who has amounted to anything?' I say there was one. (Laughter). I never did when I was in the saloon business, but I have since I left it. I say I do amount to something as shown by my return here. When I left here I never expected to come back—so soon at any rate. I intended to be in Nebraska at this time. But I have amounted to so much since I was here on my previous engagement that I came back, and if I had not been brought back willingly I might have come back anyhow. (Laughter). I will take the case of the man who had not gone to a church meeting for a long time, but he went one Sunday and sat down in the middle of the church. The preacher came in and saw only the one man in the congregation and concluded there would be no use to waste his time on one man and so he started out. As he passed down the gentleman who composed the audience stopped him and said he had come to hear a sermon and wanted one. The preacher said alright, and he went back and delivered what must have been a rouser judging from the results. The next day some of the friends of the gentleman who had composed the congregation asked him how he liked the sermon. 'Oh,' was the reply, 'the sermon was good enough, but it was a little too personal.' (Laughter.) "So I," said Joe, "will have to be careful and not be too personal. It seems that the last time I was here something was said that would not go down with gruel. Therefore I will have to be careful and not say anything that people can say.

STEPS ON THEIR CORNS.

I speak what I feel and it is the truth. Truth is hard and it hurts very much sometimes and some would rather not hear it. But truth is truth and it has got to be uttered, whether from the pulpit, the political arena or the platform. It has to be uttered no matter who it hurts. I have put down note heads for my addresses during the week, and so if some fellow says to me you said so and so I can look at my note heads and know exactly what I did say." Continuing Mr. Hess said:—"I suppose some of you came here out of curiosity to hear what I would say about that little paper I had served on me. (Laughter.) Well, that little paper did not hurt me. If it had not been for that little paper I would have been in Nebraska and not here. So you see that it's an ill wind that does not blow some one good. If that little paper had not been served on me this temperance movement would have been dead in Canada, as I would have left. But now I have signed an agreement which will keep me here for one year." Mr. Hess went on to say that he would talk the truth just the same as before, for he could not do things by half. He served the devil with all his power when he was on his side, and now that he was on the other side he could do nothing else but use all his God-given powers in this great cause of humanity. He then proceeded to speak of the work he had been engaged in since he left here. He had been a week at Toronto Junction and he told of meeting an old friend of his in the town whom he had known in Rochester. This friend had been one of the good fellows who could take a glass and leave it alone, but he had gradually grown worse until when he had met Joe Hess and signed the pledge he had become a habitual drinker. The speaker warned young men against the social glass. He had gone from Toronto Junction to London. There a young man had come up to him, took him by the hand and said "Mr. Hess, do you see this blue ribbon? It got me a job on the railway." This young man said he had signed the pledge at the Hess meetings in Peterborough and had gone to London and had been given a job on the railway on account of being a temperance man. The speaker said all the temperance and Christian people should have

A BLUE RIBBON ON EVERY COAT.

He had one on every coat, his wife had one on every dress, his daughter also had one on every dress and his son had a blue ribbon on every coat and would have it on his pantaloons if he had no coat. A red nose, bleared eyes or blotched cheeks never gave a man a position in a commercial house, but the blue ribbon had. They who were Christians should be shining lights and be witnesses for Christ. A young man who had been through the back country, had told him that the meetings had done good in the back country. Some would say how was this. It was because the secular press had taken such a noble stand. The papers with their good reports had gone into the back country and men had been turned by these reports. In Bowmanville they had a good meeting. "It was an 'elegant' meeting" said Joe, "I don't know whether that's the right word or not, nor don't care." (Laughter). He then reverted to his visit to London. He did not want to go to that place because he had lived there under the name of John Brooks and was known by all the saloon keepers and sporting men, and worst of all he had left a number of creditors behind him when he left. Joe told of his meetings in London and the settling of his old debts in that city, and ended by saying. "I settled every legitimate bill and have got the receipts in my hands (shaking a number of papers triumphantly in his right hand) and I don't owe a man in Canada." (Applause). From London he had gone to Toronto, and he related some interesting incidents of his meetings in that city. He had then gone to Goderich, and he told of a hotel man there who had gone out of the business as a result of the meetings. He invited all hotel men to have interviews with him, and he might tell them something they did not know about their own business. He did not hate the liquor men, but he hated the business which had been the curse of his life and the ruination of his family for so many years. He was told they had some men in Peterborough who sold rum but did not drink it. The Scriptures said, "Woe unto the world because of offences, for it must needs be that offences come, but woe to that man by whom the offence cometh." He referred to the evils which followed in the track of the "damning cup" and told the men in the business to get out of it. If they could not make a living as easy, yet it would be an honest one, and they should remember that they would have to appear before their God who said, "Woe unto the man by whom the offence cometh." He told of another hotel man in London who had left the business as a result of the meetings there and closed by earnestly inviting all to sign the pledge, an invitation which was accepted by many.

The Evening Meeting.

At half past eight in the evening the Opera House was again packed to overflowing to hear the temperance evangelist speak again. Sheriff Hall occupied the chair and the meeting opened with singing, a prayer by Rev. M. L. Pearson and a short scripture reading. Mr. Wilbur Daly sang a solo "Eternity Where," in a very pleasing manner.

The subject of Mr. Hess' address was "Why Men Drink." Before proceeding to his subject, however, he made an appeal to all Christians to sign the pledge, and by so doing define their position. He said why men drank was a great conundrum and a question which no man in Peterborough could answer. There was not one man in a thousand who liked strong drink and he went on to ridicule the different reasons given for drinking, such as for dyspepsia, to help digestion, for the appetite, for business interests, for society's sake, etc. Each of these excuses the lecturer combatted and held up to ridicule and in closing made an earnest appeal to young men and young women to stand for temperance. He condemned the liquor business in no uncertain manner and said that no man with any respect for himself would sell liquor. "That's pretty hard," remarked Joe, "I will get another writ to-morrow." (Great laughter). He invited all again to sign the pledge, while the choir closed the meeting with a hymn.

THE WEEK'S MEETINGS.

Meetings will be held in the Opera House every night this week except Tuesday, when the meeting will be in the George-st. church. To-night's subject will be "It's No Harm" and to-morrow night's address will be on "Two Homes." On Thursday afternoon a meeting will be held for ladies only and the evening meeting on that day will be for men only.

A bald headed woman is unusual before she is 40, but gray hair is common with them earlier. Baldness and grayness may be prevented by using Hall's Hair Renewer

Miss McManis, the Inimitable Lady Whistler, gives four of her Unique Solos in the Opera House To-morrow Night.

A Runaway.

While driving on the road near town on Saturday the team of Mr. Trennum, of Smith, ran away. A wheel went into a hole broke a part of the rig, which frightened the horses and they bolted. The driver and Mr. Trennum's boys, who were in the rig, were thrown out, and the horses ran through Mr. Stothart's yard and smashed the vehicle. One of the boys was considerably hurt when thrown out.

Aiding Their Alma Mater.

Mr. E. B. Edwards, as secretary of the Peterborough Association of Graduates of Toronto University, has forwarded to the Library fund of the University the sum of $625 which was subscribed by local graduates of the University. The subscription list was as follows:—

W. D. Scott, B. A., M. D.	$ 100 00
A. Stevenson, B. A.	100 00
A. Weir, B. A.	100 00
E. B. Edwards, M. A.	100 00
J. H. Long, M. A.	50 00
W. H. Moore	50 00
John Burnham, Q. C.	50 00
John Jeffries, B. A.	25 00
Ralph Ross, B. A.	25 00
James A. Fife, B. A.	25 00
Total	$ 625 00

To Go to Montreal.

Mr. C. E. B. Price, choir master and organist of George-st. Methodist church, has accepted a similar position in Montreal at St. Andrew's church. The salary is $900. Mr. Price will assume his new duties 1st of May next. The trustees of George-st. church will regret very much Mr. Price's departure, as in the short time he has been in charge he has improved the choir and afforded a very satisfactory service at the organ. His abilities are sure to carry him to a front place in his profession.

An Early Settler in Peterborough.

A Woodstock despatch to the Toronto Empire to-day gives the following in reference to the death at Woodstock of an early settler of this district and a gentleman who has relatives still residing here:—The death occurred suddenly yesterday afternoon of Mr. Ralph Bickerton, Riddle-st. after a very brief illness. Deceased was born in Peterborough in the year 1823. He was one of the early settlers of that district. He came to Woodstock about 42 years ago and engaged in business as a builder. He was a member of the firm of R. Bickerton & Co., builders and contractors. As a contractor Mr. Bickerton built many of the important buildings in the town, including Woodstock College, the Collegiate Institute and Broadway school, the Central Methodist church, Dundas-st., the new St. Paul's and the Congregational churches, the Imperial Bank, the Molsons Bank, the O'Neill house, the Commercial and the Central Richard's soap factory, Karn's factory, etc., and a great many of the best residences in town. He leaves three children, Robert, William and James, all well known citizens of Woodstock and leading manufacturers.

Call and get a pair of boots from Kidd he bester. d64-w15

Land Slide on the C. P. R.

A land slide occurred yesterday on the Canadian Pacific railway about nine miles west of here, but traffic was not seriously interferred with in consequence. The slide occurred in a clay cut and was caused by the action of the frost. The slide was about forty feet long. A construction train was sent down and the work of clearing the cut was pushed yesterday without interfering with the regular traffic.

"Ayer's Hair Vigor is a most excellent preparation for the hair. I speak of it from experience. Its use promotes the growth of new hair, and makes it glossy and soft. The Vigor is a sure cure for dandruff."—J. W. Bowen, Editor Enquirer, McArthur, Ohio.

Brevities.

—The liveries did a rushing business yesterday.

—The roads are now drying up and travelling will be good once more.

—A regular meeting of the Building and Savings Society will be held in the office of the President, Mr. Thos. Cahill, this evening at eight o'clock.

—A young man by the name of Robert Sutherland was arrested on Saturday evening for drunkenness. He was discharged at the Police Court this morning by the Police Magistrate who gave him some good advice.

—A bon fire kindled by some children on Burnham's point on Saturday ignited the tall dry grass and a prairie fire on a small scale was the result. The villagers were startled by the cloud of smoke but the fire was extinguished before serious damage was done, although a considerable area of the point is now a blackened waste.

To Nervous Debilitated Men.

If you will send us your address, we will mail you our illustrated pamphlet explaining all about Dr. Dye's Celebrated Electro-Voltaic Belt and Appliances, and their charming effects upon the nervous debilitated system, and how they will quickly restore you to vigor, and manhood. Pamphlet free. If you are thus afflicted, we will send you a Belt and Appliances on a trial.

MARRIED.

AYLING—STEWART.—In Chicago, Illinois, on April 9th, 1890, at 2,443, Cottage Grove Ave., by the Rev. J. F. Bartlett, pastor of the Englewood Baptist Church, MR. WARWICK AYLING, formerly of Peterborough, to MISS ELLEN JANE STEWART, formerly of Millbrook.

—OUR—

SPRING EXHIBIT!

Any one will recognize the benefit of dealing with a house that shows a Large Range of Goods as well as the Newest Colorings and Styles.

In this connection we would mention the fact that we have several hundred different Styles in our Tweed Department embracing many new and novel effects. Our selections have been made from the markets' choicest offerings.

We would state to those who contemplate ordering their Spring Suit that we have been favored with a very large trade and would esteem it a favor if buyers would order early.

Our facilities are now taxed to their full capacity and early orders will prevent delays

Never since our existence have we been so overwhelmed with work. What is the cause? The answer is easy. Our Styles are right, our Goods are right and our prices are right.

The Daily Review.

MONDAY, APRIL 14, 1890.

THE JUDGE!

The night was heavy and dull, with a moist wind blowing from the east. The massive clouds seemed to almost touch the tops of the loftier buildings. Harry walked on unconscious of whither he was going until he found himself in front of the Barthwait mansion. He laughed aloud softly at the instinct that had brought him there, and, leaning against a lamp-post, he stared at Margaret's window.

> "I arise from dreams of thee
> In the first sweet sleep of night,
> When the winds are breathing low
> And the stars are shining bright;
> I arise from dreams of thee,
> And a spirit in my feet
> Has led me—who knows how?
> To thy chamber window, sweet."

He repeated with a half-mocking emphasis. Harry was not used to being sentimental. His sense of the humorous was stronger than his romanticism, and he could not all at once resign himself to the sweet follies of love. No matter how holy the passion, he must still have seen its ludicrous side, and he could not help being amused at himself for shivering there in the damp winter air, and repeating Shelley to the solitude. But, however he might jeer at himself, there was no denying that he was a lover of quite the old-fashioned type, and that his heart was beating much faster than it ordinarily did, because he was standing in front of the house that held Margaret. How wonderful it would be if a light were to break from behind those curtains which sheltered her from the sights of the world! He had never seen the interior of her room, familiar as he was with most of the house, and he fell to guessing what it was like. He recalled the rooms belonging to various heroines of romance; there was Lucile's room with its Indian mattings, its tender piano and Sevres vases; there was Maud's, all in an oaken gloom; and Aurora Leigh's, green as the honeysuckle vine that swayed by the window; there was Rowena's hung with pictured tapestry, and Evangeline's with its moonlit flood and spun linens. But none of these were fit for his Margaret. They were all too pallid, too monotonous, too severe. He decided that when they were married Margaret should have a Moorish boudoir, rich with carvings and hung with tapestries of mellow splendor. There should be no statuary, no etchings, no bronzes, but pictures full of life, passion and color, and embroideries glittering with Turkish bullion and faience glowing with the inimitable hues of France.

While he stood there dreaming he saw a marvellous thing. A man came running rapidly from the back of the house, and without pausing, began to clamber up the balcony that led to Margaret's room. This room was upon the side of the house, but it had a large square window that made it perfectly visible from the front. This window was supported by a porte-cochere, which extended out further into the yard than did the window, and a part of the roof of this was utilized as a balcony. A *sort of artistic* lattice work that walled in one side of the porte-cochere made it as easy to climb as if it had been a ladder. Harry, with his heart in his mouth, rushed forward to keep the fox away from the fold of his lamb. His impression was that it was a burglar who had been reckoning upon the chances of success at that particular portion of the house, and was acting rapidly to lessen the chances of detection. And yet was it no likely that a man bent upon such a mission would have examined the vicinity to make sure that he was not observed? Harry was standing under the street lamp where he could be plainly seen by any one who looked his way. But this man did not look to right or left. For the life of him, Harry could not help thinking that he climbed that lattice as if he had accomplished the feat before. He was unarmed, or he would certainly have fired at him. He could not tell what it was that kept him from calling out. But there seemed to be something familiar in the figure. That peculiar familiarity filled him with a sort of unreasonable terror. He had a feeling that if the man turned his face toward him, he should see the countenance of a friend. But by the time the man had reached the top of the structure and swung himself over the railing—and it took him but the briefest time to do it—Harry had found his wits sufficiently to know that he must stop him from getting in that room. But at the minute that he would have called out, he was stopped. What he heard literally froze his blood.

"Now, my pretty Margaret," said the man to himself, as he busied himself with the window, "I am here."

The window yielded. He went in. In another moment a soft light gleamed from behind the curtains. After a little it was extinguished, but the man did not come out. Harry listened, and thought he heard voices, but he could not be sure.

When he was a little lad he had once had a run of fever, and for weeks he seemed to live the same dreadful nightmare over and over again. He appeared to be walking an endless road that wound in and out among cruel cacti, and though his feet bled and his tongue hung out he could take no rest, for the ground was hideous with reptiles. Wherever there was not a writhe of slimy serpents there were great patches of glaring alkali, more deadly still—and both serpents and alkali seeming the curse of the Creator.

The next few hours seemed like a repetition of that delirium. He appeared to be walking forever, forbidden to rest, and all about him were clouds of rolling flame and sulphurous smoke. In short, there was nothing but madness. His reason could not credit what he had seen—and yet, beyond all peradventure, he had seen it. When at length these clouds rolled away, he found himself on the open prairie. In the east the sky was splendid with shimmering billows of rose. At the dawn of creation the sky could not have been more tender. It turned the far-stretching plain into an opalescent sea, for as the snow reflected the glow from its hard and polished surface, lights of amber and purple raced over the whiteness like shadows over a summer field. Harry stood like one entranced, looking at this transfiguration. As he looked he sank slowly to the ground and let himself be bathed in the glory.

Two hours later a farmer driving into town saw a man asleep on the snow, his face drenched with tears. He awakened him and induced him to take a seat beside him on his waggon. An hour's drive brought them once more to the heart of the city. Harry, who had not spoken, signified that he would like to go. The farmer stopped. Harry felt in his pocket for his purse. But he was without it, and still wore the dinner dress that he had so carefully attired himself in the night before. He tapped all of his pockets to make sure that there was nothing with which to reward the man, and his hand struck a fob—a fine intaglio—that dangled from his watch ribbon. He unclasped it from his watch and tossed it to the man. Then he started to cross the street, but he staggered and almost fell. A policeman caught him by the arm and drew him to the walk.

"You'd better call a cab, young man," said the official. "What's the matter with yeh?"

"I've been horribly sick," gasped Harry thickly. "Isn't that the bath-house there? I'll get in there awhile." The policeman helped him down the steps, and the proprietor, recognizing an old customer, poured a cup of coffee down him and locked him in a room. There he slept like one dead till afternoon.

(To be Continued).

A BULGE IN PORK.

Wild Excitement in the Chicago Provisions Pit.

CHICAGO, April 12.—When trade opened in pork here to-day the wildest excitement prevailed, the crowd waking up to the fact that the market was cornered. For some months past the Sawyer-Wallace clique of New York, it is generally supposed, have been buying up pork, and when business started this morning there was no May pork for sale under $12.75. The closing price yesterday was $11.45. It kept advancing 5 cents or more at a time and before the close of the first hour was selling at $15.25. Very little was sold but there was tremendous excitement and the pit was crowded with traders and speculators. July pork showed a similar advance and lard and ribs were somewhat higher. McCormick & Co., the representatives of the New York clique, were prominent buyers of July pork Armour, Hutchinson, Poole and Baldwin were also buyers. Later in the morning Hutchinson's men bid $15.75 for July pork, an advance of more than $4 per barrel over last night's closing prices. It was apparent that the clique was after some big shorts, most of the orders coming from New York to Hutchinson. As no regular pork can be made until October the clique has control of all the months up to that time. Subsequently July pork was offered at $12.55 and it looked as though some big short had been run in, for the offerings were numerous and there were no bids. It was said that one house called margins for $300,000 on provisions. A good many on the board, however, attributed the squeeze to Armour. They say the Sawyer-Wallace clique transferred the deal to him when they found they were unable to carry it through and that he is now the master hand. Hatley and Swift were large buyers of lard and Armour bought ribs, while T. J. Ryan & Co. bought 4,000,000 pounds of May and July ribs.

Wheat Takes a Jump at New York.

NEW YORK, April 12.—The wheat dealings after close of change suddenly jumped to an advance of 2¼ cents, with May option to 93¼ cents and July to 91¼ cents, wholly on account of some cornering in Chicago and the dread that the Butterworth anti-option trading bill will be favorably considered by Congress. Subsequently May declined to 92½ cents.

THE T., H. & B. SUBSIDY.

Mr. Smith Thinks the Government Will Grant It—Ambitious City News.

HAMILTON, April 12.—C. B. Smith, W. H. Gillard and George Roach have returned from Ottawa, where they went to press the claims of the Toronto, Hamilton & Buffalo Railway for a subsidy from Welland to Hamilton, and on the Brantford, Waterloo & Lake Erie line between here and Waterford. The company did not ask for a subsidy from here to Toronto. Mr. Smith said to-day that the interview with Sir John A. Macdonald was a very satisfactory one, and he thinks that the Government will grant a subsidy. Mr. Helm remained in Ottawa, and J. N. Young, the financier of the company, returned to Chicago.

Boquet Benson, the old pensioner who has been advertising for a wife, died in the hospital last night. He has been suffering from a lung trouble for years.

Alexander Chosie has been convicted at the Assizes of arson. The jury recommended the prisoner to mercy. Robert O. Fielding defended himself on a charge of forgery and was acquitted, as was also John McInerney, larceny, in whose case the jury were out all night. Two other alleged larcenists were acquitted.

The smallest will on record in the local courts was probated this morning. The testator's name was William McFarlane of Barton, and the amount devised $10. It was done for the purpose of a suit.

Thieves have been at work among the residences in the Grimsby Camp ground and have got away with a lot of loot.

ABSENT WITHOUT LEAVE.

A New Brunswick Bank Agent Decamps with Stolen Funds.

HALIFAX, April 12.—J. McD. Cromar, the Edmundston (N.B.) agent of the People's Bank, is "absent without leave" and the London Guarantee Company, which is on his bond, has obtained a warrant for his arrest. The books are being examined to discover the amount of the shortage. Cromar came here several years ago from Scotland.

FOUND DROWNED.

Three Bodies Fished Out of the Canal at Montreal.

MONTREAL, April 12.—The bodies of three men were found in the canal last night and this morning. One has been identified as that of Young Cahill, who disappeared on St. Patrick's Day, and another as that of Pary, the man who broke through the ice while crossing the canal at Cote St. Paul.

A Big Boston Strike.

BOSTON, April 12.—A meeting of the amalgamated building trades here to-day ordered all men employed by Norcross Brothers, builders, to quit work to-morrow. Norcross Brothers are filling many contracts in New York and New England. It is said this strike will affect directly or indirectly 20,000 men. The strike is the outcome of the present lock-out of free-stone cutters and is a practical defiance to all builders.

All About a $9 Fine.

BRUNSWICK, Ga., April 13.—Balrow was fined $9 yesterday for pushing off the sidewalk a negro woman who insulted him. The fine enraged Baldrow and on leaving court he insulted the judge. Policeman Massey went to bring him back and Baldrow shot him. Baldrow then shot, not fatally, Marshal Houston and attempted to shoot Policeman Witcher. He was jailed.

Averse to Suicide.

HALIFAX, April 13.—The bill to abolish the Legislative Council, which passed the Assembly almost unanimously, is now before the Upper Chamber, but is not likely to pass, the councillors being evidently averse to suicide.

"AGE CANNOT WITHER HER,"

remarked an old gentleman, as he gazed fondly upon the comely little woman by his side; "but frankly," he continued, "at one time I was afraid complexion would. The silly little woman, in order to appear youthful, plastered her face with different varieties of whitewash, yclept 'balms,' 'creams,' 'lotions,' etc." "Yes," interrupted the little woman, "I did, until my skin became like parchment and so pimply and coarse." "Well," said the listener, "What do you use now?" "Use," was the reply, "nothing but common sense and Dr. Pierce's Golden Medical Discovery. Common sense told me that if my blood was pure, liver active, appetite and digestion good, that the outward woman would take on the hue of health. The 'Discovery' did all those things and actually rejuvenated me." If you would possess a clear, beautiful complexion, free from blotches, pimples, eruptions, yellow spots and roughness, use the "Golden Medical Discovery." It is guaranteed to do all that it is claimed to, or money paid for it will be promptly refunded.

MILLINERY NEWS
—AT—
TURNBULL'S

We had two delightful days for our Millinery Opening and were exceedingly pleased with the hearty response our townspeople gave to our invitation to come and inspect the new Spring Styles. We had previously announced that we did not look to make sales these days but expected as many as could make it convenient to pay us a visit and pass through without purchasing.

Notwithstanding this announcement when we came to count up the days sales in the various departments we found that they had far exceeded any similar occasion which was gratifying, being a proof that our friends and the public generally appreciated our endeavors to place before them all the new lines in Staple and Fancy Dry Goods as they come out of the hands of our Canadian and foreign manufacturers. We have just received a large shipment of Tapestry Carpets, the patterns are very choice and new, prices range from 30c. to 85c.

Flannelettes have come out in darker shades this year. We show some good patterns in Grey Stripes and Checks; remember them when you are buying children's wear. Our Curtain Nets, Art Muslins and Scrims are even a surprise to ourselves, they are so much cheaper than former years. See our Art Muslins at 10c. a yard.

When Buying Tweeds for boys call on us, we strongly recommend the goods we sell at 35c. a yard.

TUESDAY, APRIL 15, 1890.

NOTES FROM THE CAPITAL.

A Favorable Report on the Clapp and Walker Divorce Petitions.

OTTAWA, April 14.—The Senate committee on divorce agreed to-day to report in favor of granting relief in the Clapp and Walker divorce cases. In the first application was made by the husband on the ground of the wife's alleged adultery, of which there was evidence before the committee. She appeared and denied her guilt. In the Walker case the application is on an act of declaring null and void a marriage celebrated between the parties, who were minors and had married without the consent of their parents. The marriage was never consummated by cohabitation, the parties being separated immediately after its solemnisation.

D'Alton McCarthy says the last shot has not yet been fired by the Equal Rights party. They will again be heard from during the discussion on the Northwest bill when it reaches the House of Commons. Not only will the dual language question be revived, but that in regard to separate schools will be brought up.

The first transfer of the season's fish was made from the fish hatchery here to-day, when Messrs. Veale & Waters forwarded 1,000,000 young whitefish to Brockville for location. At present there are about 3,000,000 whitefish hatched out, and these with all the British Columbia salmon are doing splendidly. Large transfer cans to contain the fish during transit are being made and will soon be used. The Restigouche salmon are rapidly approaching the completion of the process of incubation. The speckled trout are hatching fast, and in about a fortnight the salmon trout will commence hatching.

William Howe is the successful tenderer for three years' supply of heavy British polished plate glass required by the Marine and Fisheries Department for lighthouse purposes in the Provinces of Ontario, Quebec and British Columbia.

THE N.A.A.O.

The Annual Regatta to Be Held at Worcester—Oarsmen Reinstated.

NEW YORK, April 14.—The National Association of Amateur Oarsmen decided to-night to hold the next annual regatta on Lake Quinsigimond, Worcester, Mass., Aug. 12 and 13.

The six oarsmen disqualified for rowing against John J. Murphy at the Boston regatta Saturday were reinstated.

The California Wonder.

BROOKLYN, April 14.—James Corbett, the California wonder, was given a benefit here to-night and in his 3-round contest with Dominick McCaffrey, he made game of the eastern man having outgeneraled McCaffrey on every point. The terms were three rounds for scientific points. This did not altogether please the 2500 spectators, they wanted to see a knock-out. Several Californians were in the audience. In the first two rounds the sparring was light, but in the third and last round Corbett received hearty applause when he demonstrated how easy it was for him to do as he pleased with McCaffrey. Steve O'Donnell, the referee, had no occasion for hesitation in giving Corbett the fight. O'Brien, the manager of the affair, said he would bring Corbett and Sullivan together before long. Jack Barnett was a spectator.

Balked by the Police.

BOSTON, April 14.—The glove fight scheduled for to-night at the Parnell Athletic Club between George Godfrey and Patsy Cardiff was not permitted by the police.

The Pool Sellers Were Arrested.

NEW YORK, April 14.—About twenty pool-sellers were arrested here to-day for selling pool tickets on horses at the Clifton races. They gave bail.

A Sudden Death in Church.

OAKVILLE, April 14.—During the delivery in the English Church yesterday morning of a sermon specially for the Masonic fraternity of Oakville, Mrs. William Austion, whose husband is a respected farmer living near Bronte, became faint, and in fifteen minutes after being assisted out of church she died. Her death was caused by strangulation, produced by her artificial teeth, which lodged in her throat during a fit of vomiting. A young family of six and her husband remain to mourn her sudden death.

The Captain Drowned.

ST. PIERRE, Nfld., April 14.—The French brigantine Joseph, Capt. Nichol, from Cadiz with salt, went ashore on Saturday night on Dog Island at the entrance to this harbor. The night being very foggy, the pilot mistook the light in a dwelling house for a beacon light. The crew, eight in number, got ashore by means of a basket swung by a rope. The captain, who was the last man to leave the ship, was lost by the basket upsetting. A heavy sea was on.

TRANSATLANTIC ADVICES.

THE STRUGGLE FOR POSSESSION IN AFRICA.

The Land Purchase Bill—The Portuguese Elections—The Socialist Conference—Jewish Fears of the May Day Demonstrations at Vienna.

LONDON, April 14.—Sir James Ferguson stated in the House of Commons this evening that some points in the negotiations with Portugal remained unsettled, including the questions of the Delagoa Bay Railway and with reference to Mashonaland. He said he would not doubt the loyalty of the Portuguese Government in adhering to its engagements. Rumors of a fresh expedition appeared unfounded. The Portuguese Minister of Marine had telegraphed orders to withdraw any proposed expedition, while the Portuguese Government had declared it would sanction no fresh action pending the negotiations. As to the new expedition under Emin Pasha, the German Government had sent assurance that Emin intended to operate only within the German sphere. It was not sought to prejudice British interests.

Mr. Parnell will make a motion in the House of Commons for the rejection of the Irish Land Purchase Bill.

With a few exceptions the whole opposition will support Mr. Parnell's motion to reject the Land Purchase Bill.

Mr. Parnell consulted with Mr. Gladstone prior to deciding to move the rejection of the bill.

The Jewish tailors and pressers and the machinists at Manchester have struck for shorter hours and higher wages.

The elections for the 50 elective members of the Portuguese House of Peers have been held and have resulted in the return of the Conservative and Progressist candidates. Not a Republican was elected.

The Berlin National Zeitung states that the Socialist conference, which was projected to be held at Dresden yesterday, was suddenly transferred to another place. The deliberations will be secret.

Henry M. Stanley visited Dom Pedro at Cannes to-day.

The members of the Industrial Conference at Madrid have signed a protocol subject to the approval of their respective governments.

The Austrian Cabinet at a meeting to-day decided that the men employed in the Government workshops shall be prohibited from taking a holiday May 1, under pain of dismissal. The Ministry will not interfere with men employed by private concerns except to prevent intimidation or disorder.

The Jewish fears regarding the May Day demonstrations at Vienna are affecting tradesmen generally. A large number intend to close their shops and many will leave the capital. It is probable that theatres and other places of public resort will be closed. The police authorities have forbidden street processions and will take extensive precautionary measures. The police will have military assistance.

The Telegraful of Jassy states Grand Duke Constantinovitch has been arrested at St. Petersburg for being connected with revolutionary propaganda.

A Cannes correspondent reports that the Emin Relief Committee intends to publish the correspondence with Emin after Stanley started, giving a true idea of Emin's action. The correspondent also hints that some of the committee's letters to Stanley were intercepted and that the contents became known to the German officials in Africa. Stanley declares that Reichard's statements are unworthy of notice.

The American delegates to the Industrial Conference at Madrid opposed the proposition for the repression of false marks of origin on industrial products but assented to a proposal to refuse admittance to falsely marked goods.

Prince Karl of Trauttmansdorf has been placed under control in consequence of reckless extravagance. He has lost large sums on the turf and on the stock exchange.

The Emin Relief Committee has decided that the London reception to Henry M. Stanley shall take place May 3. The Prince of Wales will preside.

THE DAY OF DOOM.

'Frisco, Oakland, Chicago and Milwaukee Escape Destruction.

SAN FRANCISCO, April 14.—According to the prophecy of Mrs. Woodworth, George Erickson and several other revivalists who created considerable excitement in Oakland some time ago, this was the day on which San Francisco and Oakland were to be destroyed by earthquake and tidal wave, and Chicago and Milwaukee were to suffer the same calamity. There has been no indication of any convulsions of nature here but the "doom-sealers" have evidently held their faith in the prophecy to the last moment. Several hundred persons who believed Mrs. Woodworth's prediction have been leaving Oakland for high ground during the past week or two and to-day they were encamped on the hills near Santa Rosa, St. Helena and Vacaville, holding religious services and waiting for news of the destruction.

Losses Caused by Flames.

RIDGETOWN, April 14.—The residence of Mr. Truax, sr., near the Michigan Central depot, was burned this morning owing to a defective chimney. Loss $700, no insurance.

PICTON, April 14.—The explosion last night of a coal oil lamp in the dental rooms of Dr. D. H. Platt's residence, Main-street, was the cause of damage from fire, water and smoke to the extent of $500. Insured in the Imperial for $2000 on building and furniture and $800 in the British-American on contents of dental rooms.

MADRID, April 14.—Fire broke out in the Madrid Gas Works this evening and at the present hour is blazing fiercely. Immense crowds have been attracted to the scene and great consternation prevails. The consequences will probably be disastrous.

OMAHA, April 14.—The clothing store of Browning, King & Co. was burned this morning and the stocks of N. B. Falconer, drygoods, and Mrs. Benson, milliner, were damaged. Loss $105,000.

ELLENSBURG, Wash., April 14.—The Northern Pacific machine shops and the roundhouse here were burned this morning with several locomotives, including a 114 ton engine. Loss $100,000.

DES MOINES, Ia., April 14.—The Gilbert Starch Works were burned to-day. Loss $200,000.

The Niagara Falls Mystery.

NIAGARA FALLS, Ont., April 14.—A thorough examination of the clothing on the skeleton found at the foot of the precipice Saturday, discloses the fact that the body was not that of Robert Thompson as at first supposed. The victim appears to have been a tramp. No inquest will be held but the coroner will keep the skeleton and clothing for identification.

Whitby Electric Lighted.

WHITBY, April 14.—The Ball Electric Light Company have the central part of the town lighted to-night for the first time. The people are pleased with the light.

FOUND IN A CASK.

The Copenhagen Murderer's Story Turns Out to Be True.

NEW YORK, April 14.—The body of a man was found in a barrel of lime at the Custom House to-day. It is believed to be the body of one Meyer, a clerk for a soap manufacturer of Copenhagen named Phillipsen who was arrested for insurance frauds and who confessed to strangling Meyer and sending the body in a packing case to this country.

The cask was shipped from Copenhagen Jan. 13 and the charges were paid by a Mr. Smith. It was consigned to Beresford Brothers, Racine, Wis., U.S.A. The cask arrived here Feb. 4 and was sent to the appraiser's stores. It was there examined by taking out the head of the cask, scraping off a pound or so of the contents, which looked like plaster of paris, and then re-headed and set aside until it should be called for. Duty was fixed at $2.50, which an express company paid. The express company wrote to the Racine firm and learned the name was fictitious. The case was cleared up when it was learned from a cable despatch that a man named Phillipsen was arrested in Hamburg and made a confession that he had murdered Meyer, the messenger of a factory in Copenhagen, and had shipped the body of his victim to New York in a cask. The body is still in a good state of preservation. The body is that of a large-sized man.

THE OTTAWA CITY VACANCY.

Mr. Mackintosh a Candidate for the Commons—The Liberals' Choice.

OTTAWA, April 14.—A meeting of the supporters of Mr. C. H. Mackintosh, ex-M.P., was held in the Opera House to-night. Mr. Mackintosh was presented with a largely signed requisition asking him to be the Conservative candidate for this city in the coming election for the Commons. He consented and gave an account of his former stewardship. Mr. John Davis, amidst frequent interruptions, attempted to show that Mr. Mackintosh had not kept his promises in relation to printers' grievances, but the audience would not hear him speak. Mr. Mackintosh obtained a warm reception.

Mr. McCarthy intends to have a conference with the local executive of the Equal Rights party in Ottawa in respect to bringing out a candidate for the city.

Leading Liberals of Ottawa have wired Mr. Pattee, the late Mr. Perley's partner, to California, where he has been for some time past, to be a candidate for the city vacancy in the Commons.

TWO BAD INDIANS.

Bloodthirsty Bannocks Threaten War in Montana.

WASHINGTON, April 14.—The Commissioner of Indian Affairs has received a telegram from Indian Agent Upshaw asking for troops to suppress a threatened uprising of Indians on the Tongue River Reservation in Montana. In another telegram Upshaw asks that authority be given the troops stationed in the neighborhood to arrest two Bannock Indians who are presumably making trouble.

The War Department has been requested to hasten troops to the scene. The Indian officials express the belief that nothing very serious will occur. The Indians in question have been regarded as restless, somewhat vicious, and hard to control, especially in the spring when they become impatient of restraint.

TORONTO TOPICS.

The Island in Danger—A Blackmailing Case at the Assizes.

TORONTO, April 15.—The City Council last night adopted a petition to the Dominion Government for an appropriation to aid in protecting the Island from the assaults of the lake. Great damage has been done to the Island by the storms this spring.

At the Assizes yesterday, in a case where the plaintiff sought to recover damages for two alleged indecent assaults by his employer upon plaintiff's wife, the Judge remarked, after a verdict for the defendant, that these cases were becoming very frequent and that many of them were brought purely for blackmailing purposes. He threatened to have the blackmailers arrested.

The funeral of the late Deputy Minister of Education, Mr. Alexander Marling, took place yesterday to St. James' Cemetery and was very largely attended.

THE CURTAIN RUNG DOWN.

Lawrence Barrett Not Likely to Appear Again on the Stage.

CINCINNATI, April 14.—While in this city last week Edwin Booth received a letter from Lawrence Barrett, who is in Europe, which makes it appear improbable that the latter will ever again appear on the stage. The letter says the operation to which Mr. Barrett submitted last summer would not finally relieve him of the affection of the neck for which it was undertaken as a last resort; that the complaint has again manifested itself in enlargements on other parts of the body. One of his legs, Mr. Barrett states, is especially distorted with the tumors. However, he is not without hope of a cure.

The Penalty for Marrying in Lent.

PLAINFIELD, N.J., April 14.—At the mass in St. Mary's Roman Catholic Church yesterday morning Rev. Father Smyth, the pastor, publicly announced that John Day and Mary Newman had been excommunicated because they were married by a Brooklyn clergyman during the lenten season. He said the couple would not be entitled to receive the sacraments until they made the public reparation. The matter has created a stir in Catholic circles.

The Linseed Oil Combine.

CHICAGO, April 14.—The National Linseed Oil Trust, as a trust, has ceased to exist and in its place stands the National Linseed Oil Company. The capital stock is $18,000,000. The property of the new company consists of 40 oil mills, 40 elevators ranging from 720,000 bushels downwards, and a line of tank cars. The old trustees are elected directors with Mr. Euston president. The stock advanced 3 points to-day.

Fell Under the Train.

PARIS, Ont., April 14.—John Cahill, a 14-year-old Woodstock boy who had abandoned printing for tramping, tried to board a Grand Trunk freight that was passing the station here yesterday morning, missed his footing and was terribly mangled, his head being severed from the body. Coroner Webster held an inquest, the jury bringing in a verdict in accordance with the above facts and exonerating the railway company.

A Medal for Life-Saving.

HESPELER, April 14.—Adam Brown, M.P., to-night presented the Royal Humane Society's medal to Albert Ebenbeck of this place, who last summer rescued Rebecca Heath of Woodstock from drowning.

The Pan-Americans.

WASHINGTON, April 14.—The Pan-American Conference to-day adopted the report of the Committee on Banking and the supplementary report of the Committee on Customs Regulations recommending the establishment of a capital bureau of information and [illegible] [illegible] [illegible].

THE DUNNVILLE FLOATER.

IDENTIFIED AS DAVID LAWRIE OF TORONTO.

The Murdered Man Had $800 in His Pockets When He Went to Haldimand—Government Detective Murray Tightening the Coils About Clemo.

DUNNVILLE, April 14.—Detective Murray of Toronto was in town again to-day in connection with the murder of the man found in the canal here on Nov. 9, 1888. He was accompanied by Mr. John Lawrie of Toronto, who identified the body as that of his father Mr. David Lawrie of Toronto, a harness maker, formerly of Montreal, where he at one time carried on an extensive business and gave it up on account of ill-health. Mr. Lawrie says his father had considerable money with him at the time, about $800 or more, and was looking about among the small country towns with the object of starting in business. The murdered man last wrote to his family from Cayuga on Oct. 28, since which time no trace of him could be found.

Mr. Murray says he is indebted to the public press of Toronto for being able to have the body identified, as it was the description there given some weeks ago that was noticed by the unfortunate man's family.

Mr. Murray is making the connecting links in the chain of evidence very close to Clemo, who will be tried at Cayuga on April 28. The detective says there are others connected with the crime who are not yet in custody.

For nearly 18 months the authorities have been endeavoring to identify the murdered man. On March 28 last Government Detective Murray furnished the Toronto papers with a description of the man and the clothing he wore, and this it was that led to his identification. In The World of April 5th it was stated that the body was thought to be that of a harness-maker formerly of Toronto. The above despatch confirms the report. Mr. John Lawrie, boarding at 88 Richmond-street west, a mailing clerk on the staff of The Empire, after reading the description of the Dunnville floater came to the conclusion that the body might be that of his father, David Lawrie. The latter, who was about 54 years of age, was a harness-maker by trade and left for Haldimand County, intending to start a shop in one of the villages there. He had about $800 in his possession. A letter was received from the old gentleman, dated Cayuga, a few days before his disappearance, announcing his intention to locate in that neighborhood.

Mr. Lawrie communicated his fears to Detective Murray and yesterday accompanied that officer to Dunnville, and after inspecting the clothing positively identified it as that worn by his father when he left Toronto. Deceased, besides the son mentioned above, left another son and two married daughters in Toronto.

LUST LED TO MURDER.

The Crown's Case in the Emory Murder Trial at Belleville.

BELLEVILLE, April 14.—The trial of Peter Davis for the murder of William Emory in the Township of Marmora on Sept. 19 last, and of Mary Emory, wife of the murdered man, as an accessory, was begun at the Assizes before Chief Justice Armour this morning.

Emory, who was a farmer and lived in Marmora township, left his home on Thursday, Sept. 19, and went to a marsh about three miles distant to cut hay, taking with him a rifle and a scythe. He did not return that night and on the following day he was found dead where he had been working—shot through the heart. His rifle was standing upright about six feet from his body, the muzzle having been forced into the soil to a depth of five or six inches.

An inquest was held when the medical testimony showed that it could not have been a case of suicide. The evidence developing the fact that an improper intimacy had existed between the murdered man's wife and Davis and that there had been bad blood between the men and an exchange of threats of violence, the coroner's jury returned a verdict of wilful murder against Davis, who was committed to jail here. The woman, who afterwards came to town with the object of being near her paramour, went to her father's house in Marmora a few days ago and was there arrested as an accessory last week. This arrest was caused by Provincial Detective Greer, who had been working on the case for about ten days.

The grand jury returned true bills against the prisoners on Saturday. Messrs. S. B. Burdette, Q.C., M.P., and B. C. Clute, Q.C., are counsel for the prisoners, and W. R. Riddell is conducting the prosecution. There are forty-one witnesses for the crown.

The most damaging testimony so far was that of Mary Jane McGarvey, a sister of the female prisoner, who testified that Davis said to her there was but one woman in the world that he wanted and that was Mrs. Emory and that he would have her within a year in spite of her husband, whose blood he would shed like a dog's if there was occasion to do so. She also said that she had seen Davis and her sister acting like lovers infatuated with each other.

Two brothers of the woman testified as to the conduct of the prisoners and threats by Davis. One of the brothers had carried letters between Davis and Mrs. Emory before the murder, and afterwards she said she thought Davis had shot her husband.

The feeling of the woman toward her fellow prisoner was evidenced by William Bonter, a local constable who arrested Davis. She said to him that if Davis was hanged her heart would be broken and that she would as lief be hanged herself. At the inquest she gave Bonter this letter:

"MR. BONTER: I want you to let me have a chance to talk to Peter for a few minutes, for God's sake if you won't for mine. Oh! Mr. Bonter, I hope you won't forget me so soon. I cannot stand it much longer. Oh! do let me see him for a little while and I will be so much obliged to you. Oh! my heart is broken. I beg of you to let me see him for God's sake. MARY."

She said she was willing to die in Davis' place. On Jan. 15 she voluntarily stated to Bonter that she told Davis that her husband was abusing her on his account and said he would shoot him if he ever caught him around. Davis said if he ever saw Emory in the woods with his gun he would shoot him if he could and then he would in time make her his wife. She said: "Peter, don't for your own sake, for I am afraid that you will be found out." He said he did not think so, and if so he would be content to suffer for it.

The case will be finished to-morrow.

Quarreled About Their Wives.

SPRINGFIELD, Ky., April 14.—Abraham Kelly to-day shot and killed Samuel Logan. Both the men were young and had been recently married. They were working together on a farm and quarreled about their wives.

She Gets a Slice of the U. S. Surplus.

HAMILTON, April 14.—Mrs. McDonald of Mad-avenue has secured arrears of pension from the United States Government to the extent of $2000, with a monthly allowance of $12 from this time forward. Her husband carried union arms during the rebellion.

High-Pressure

Living characterises these modern days. The result is a fearful increase of Brain and Heart Diseases — General Debility, Insomnia, Paralysis, and Insanity. Chloral and Morphia augment the evil. The medicine best adapted to do permanent good is Ayer's Sarsaparilla. It purifies, enriches, and vitalizes the blood, and thus strengthens every function and faculty of the body.

"I have used Ayer's Sarsaparilla, in my family, for years. I have found it invaluable as

A Cure

for Nervous Debility caused by an inactive liver and a low state of the blood." — Henry Bacon, Xenia, Ohio.

"For some time I have been troubled with heart disease. I never found anything to help me until I began using Ayer's Sarsaparilla. I have only used this medicine six months, but it has relieved me from my trouble, and enabled me to resume work." — J. P. Carzanett, Perry, Ill.

"I have been a practicing physician for over half a century, and during that time I have never found so powerful and reliable an alterative and blood-purifier as Ayer's Sarsaparilla." — Dr. M. Maxstart, Louisville, Ky.

Ayer's Sarsaparilla,

PREPARED BY

Dr. J. C. Ayer & Co., Lowell, Mass.

Price $1; six bottles, $5. Worth $5 a bottle.

The Daily Review.

TUESDAY APRIL 15, 1890.

A CHARGE OF FRAUD.

A Former Agent of the Dominion Grain and Seed Company Arrested.

George A. Landon, who acted as agent for a time in this neighborhood for "the Dominion Grain and Seed Co., which "deals" in seed grain, was arrested yesterday at Belleville on a charge of having fraudulently obtained a note from Mr. James C. Leary, of Emily.

The note was made payable to one Foss for the "Dominion Grain and Seed Co." and Mr. Leary, alleging that it was obtained by fraud, had a warrant issued and Landon was arrested.

This arrest will probably add another chapter to the literature of the seed grain dealings at "speculative" prices in this country.

ENORMOUS WHEAT DEALS.

Excited Speculators on the Chicago and New York Boards.

CHICAGO, April 14.—Business at the Board of Trade to-day was on an enormous scale. The popular interest centred in wheat. Margins were called freely and enormous sums were made and lost. The board forbade smaller fluctuations than ⅛c to be sent out, but the ups and downs were so frequent and liberal that this was sufficient for most speculators. "Turns" were made by the frequenters of the offices of brokers and it was quite a common thing for a man to rake in a profit of $1000 on his trade in the course of an hour. The recent expansion in business on the Board is remarkable and the members say it is chiefly the result of the policy adopted by the president and directory. Wheat appears to be getting pretty high but everybody has the buying fever.

There was a wild time this morning, the May future, which closed at 88⅛c Saturday, opening at 90c, immediately booming to 92⅛c and then falling to 89c. There was talk of a corner but the principal cause of these strange fluctuations appeared to be the over-sold market. The shorts were frightened and rushed into the market to buy but found very little for sale. A panic resulted and after a little was sold the longs offered so much that prices fell quicker than they advanced. July fluctuated only 1⅝c, sales being at 87c to 85⅛c. There was an almost universal disposition to settle up trades in May owing to the manipulated condition of that option and to trade in the July future. Hutchinson and others were heavy sellers: During the last hour Hutchinson became a buyer and this helped along the rise. There was some excitement in pork at the opening but it subsided a little later.

Sharp Fluctuations.

NEW YORK, April 14.—The business to-day in wheat options was the largest ever known here. There were sharp changes in prices. After 'change there was a spurt upward with May selling at 93⅞c to 94⅛c, closing at 94c to 94⅛c; June 93⅝c to 94⅝c, closing 93⅛c; July 92⅝c to 93⅝c, closing 93c. Margins were extensively called for but everything moved along easily. The variations in prices were so frequent that it was impossible to keep protected. All parties were alike buyers and sellers almost at the same moments. No new influences were at work.

A Ruined Exchange.

NASHVILLE, April 14.—The Merchants' and Traders' Produce Exchange (B. Lauier, Hugh McCrea, A. R. Duncan and Isaac Reese) assigned to-day. Liabilities $100,000. The exchange hopes to pay in full. The failure was caused by the recent rise in wheat and pork and fall in Tennessee coal and Louisville & Nashville Railway stocks.

Plummer's Bad Failure.

NEW YORK, April 14.—Ex-Judge Donohue filed the schedules of John F. Plummer & Co., the drygoods merchants, in court to-day. Liabilities are $887,550, nominal assets $1,041,548, actual assets $75,803. John F. Plummer's individual liabilities are $70,369, nominal assets $591,901, actual assets $128,556.

Failure of a Watch Company.

LANCASTER, Pa., April 14.—Judgments aggregating $60,000 were confessed this afternoon by the Keystone Standard Watch Company in favor of creditors.

Other Failures.

NEW YORK, April 14.—Aarons & Feder, wholesale dealers in clothing, are financially embarrassed. Their liabilities are said to be $50,000.

LOUISVILLE, April 14.—The W. H. Metz Company, dealers in staves, barrels, lumber, etc., failed to-day. Liabilities $55,000, assets nominally the same.

ATLANTA, Ga., April 14.—S. H. Phelan & Co., dealers in cotton and produce, failed to-day. Liabilities $50,000; no assets.

An Indiana Political Outrage.

WASHINGTON, Ind., April 14.— David Horen, an old respected farmer of Barr township, was taken from his house by a masked mob last night and whipped into insensibility, over 100 blows being administered. Horen caused the arrest of a local politician at Cannelsburg last week on a charge of attempting to buy votes and it is believed the outrage is the outgrowth of this trouble.

Advice to Mothers.

Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.

Call and get a pair of boots from Kidd he booter. d84-w15

AGRICULTURAL NOTES.

USEFUL NOTES FOR FARMERS IN CIT AND COUNTRY.

Winter Butter and How to Make It—Plant for Living Rooms—Horticultural an Farm Items.

WINTER BUTTER.

A Madison-county dairyman says in th American Agriculturist that careful, experi enced housewives, who make the finest of but ter during the warm season, signally fail t produce a gilt-edged article through the win ter. What is the cause of so many failures and where lies the remedy? The whole mat ter is, that amateur butter-makers make n allowance for the weather and the changin seasons. They have one way of setting milk of treating cream, and manipulating butter and they apply that way to the domestic dair, without alteration in June, in September, an in January. This is a grave error, and i must be rectified in every household befor fancy or even fairly good butter can be ex pected. Cream must be separated from milk and afterward mature, before it is churned The time given for attaining that maturit should not be less than 24 hours, or more tha 36. In summer, the normal atmospheri warmth will ripen cream sufficiently withi that time, and, without knowing it, man amateurs have their cream just right a churning-time. As the weather become cooler, of course the acid develops mor slowly, and artificial heat should be supplie to ripen it within a moderate length of time This is where most of the domestic butter makers fail. They make not the least allow ance for the cold weather, and keep thei cream around in a cool atmosphere until i actually becomes bitter instead of sour To make fine winter butter, skin as in summer, and then mature the cream by artificial warmth. Put the cream-jar i a room heated to a temperature of 75 de grees, and keep it there 24 hours. If such a temperature ripens it too quickly, reduc the heat, say to 60 or 65 degrees. Try it ever way to make the condition of the milk cream, and separating butter similar to wha its condition would have been in the summer The science of fine butter-making is not subtle art that few can comprehend, but i possesses salient points, that all must observ as essential, if they desire to be counte among the successful. Mature cream, churn ed at the proper temperature (about 60 de grees in summer and degrees in winter), wil grain butter hard and firm, and work into product of the proper consistency and tem ture. Use no color but such as is known t be reliable, and do not use an excessiv quantity of that.

PLANTS FOR LIVING ROOMS.

Plants do not thrive as well in dwelling rooms as in green-houses, and a common im pression exists that gas is particularly obnox ous to them, that is, gas light. The heat-dryin effect of the gas flame no doubt affects th plants, but not to the extent that it is sup posed to; anyhow not much more than lamp or a stove would. This evil effect ma be remedied to a very great extent by settin the plants on saucers inverted into others c larger size, and keeping these large saucer constantly full of water. This will grad ally evaporate and keep the air around th plants in a moist condition, sufficient t counteract the evil effects of gas or stove hea The inverted saucers should be large enoug so that the base of the pot in which th plants are growing, does not actually stan in the water, although occasionally this beneficial to the plant especially when muc drainage has been used.

Many persons try to grow crotons, azalea and camellias in rooms, but as a genera thing the result is failure and destructio of the plants, as these require an abundanc of syringing and moisture.

HORTICULTURAL AND FARM NOTES.

Roots of growing trees are equal in lengt to their height. Remember this in manuring and not put all the manure, nor any larg portion of it, close around the body.

A way to preserve cut flowers is thus give by the Orange Judd Farmer: "Immerse i a solution of gum arabic and water two o three times, waiting a sufficient time betwee each immersion to allow the gum to dry This process covers the surface with a thi coat of the gum, which is entirely impe vious to the air, and thus prevents th withering of the flowers. Roses thus pr served have all the beauty of freshly-pluck ed several months.

Too many buy too much land and have t pay interest and taxes on what does not pro duce much. The nearer you locate to tow the smaller your farm should be.

Now is a good time for the farmer to mak repairs on his buildings. It is a very payin operation to fix up all the stables snug an warm. By thus doing the stock will be ver much more comfortable and considerabl fodder will be saved by having the stab's warm; and at the same time do not forget t have the stables light. We like to have ligh and sunshine in our dwellings. It is nece sary for our health and comfort; and is i any the less necessary for the well-being our stock? I think not. Put in some gla and let the sunshine in.

The very best and highest-priced potatoe in Boston to-day are of the snowflake variety though the present crop is not so good i quality as that grown in 1888.

Buy your breeding stock now while yo have time to make a careful selection an test them before you need to use them.

It is the late frost—the frost that comes at time when Spring appears like Summer—tha damages the crops. Do not be in too great hurry to plant seeds. Wait until the groun is warmed and all danger of frost is ove Peas and onions, as well as other plants tha can endure a slight frost, may be risked.—N Y. Journal.

There are scrub animals among bloode stock as well as among the so-called nativ Lack of proper weeding out and individu selection, together with poor care and foo are what make scrubs. The proper way to mercilessly reject all animals of a scru character and thus keep the type in all i perfection if no improvement can be mad It is only by this method that we can mak all cows turn out their 300 pounds of butter year.

A New York dairyman who has been qui successful in his farm matters asserts tha cows need something more than rich foo and plenty of it to produce large yields milk. They must have proper care and n be left out in the yard, misheltered, durin severe weather. This is a sensible idea an yet many farmers will not heed it.

Southdown sheep are steadily growing i popularity. Southdown mutton command the market, being delicate and juicy, th lean nicely marbled with the fat an unsurpassed in flavor. While this breed de mands better care than some others, it ampl repays attention.

Oats is one of the most useful crops and de serves the best treatment. It should be sow early on land prepared in the best manne and well manured. The seed should b thoroughly harrowed in and well covered three inches is the best depth to secur abundant roots firmly set in the soil, and pro tection from late frosts. And with thi treatment a large yield may be reasonabl looked for.

SOUTH AMERICA'S CHICAGO.

Buenos Ayres, Its Sudden Growth and Remarkable Enterprise.

This is Chicago reduced to southern latitude. When one goes to the Boca and sees the shipping jammed and wedged into the Riachuelo he is reminded of the Chicago River. When he returns by train along the water's edge and goes out to Belgrano, passing two riverside parks, he recalls again the metropolis of the West, with its railways, pleasure grounds, and palatial residences along the lake shore. The sun rises over a river so broad that it is like Lake Michigan. From that river base the city has shot out north, south and west over a broad and level plain, doubling its population within a decade and developing an immense volume of business. It is the most important railway center in South America. It is the outlet for the agricultural produce continental reaches of wheat belt. It is the chief saladero, or slaughter-house, for the stock-raising pampas. It commands a fluvial system exceeding in volume the watershed of the Mississippi. Its commerce has expanded into enormous compass. The city is fairly pulsating with vitality, enterprise and ambition. It has absolute faith in its manifest destiny as one of the chief commercial centres of the world. Not to put too fine a point on it, Buenos Ayres is not particularly modest. In all these respects, as well as in intensity of local pride it strongly resembles the Chicago of the North.

No contrast could be more striking than that between the somnolent, lethargic coast towns of Brazil and this wide-awake, bustling city. Ther is a striking sense of activity in the streets betokening an enormous mass of business. There is no dawdling on the sidewalk. Men walk briskly, think quickly, and have no time to waste. Twenty times a day I imagine that I am in New York and look about for a glimpse of the Tribune tower the roadways are closely packed with carriages in the business quarter, and there are constant blocks in the middle of the day. An American, who was anxious to have me see the new harbor, attempted to drive with me to the Boca. The carriage became hopelessly entangled in an old-fashioned Broadway block. Finding, after an hour's delay, that we could not make headway, we got out and took a street-car. That, too, became involved in another block and finally ran off the track. My friend was profuse in his apologies, but I thanked him for furnishing another proof that Buenos Ayres was like Chicago or New-York, since it made me feel at home and less lonesome. So inadequate are the street-cars for the requirements of the city that a system of rapid transit has been introduced by the steam railways which encircle the town. It is slow rapid transit like that in New York.

The progress of the city has been so rapid that much of the public work has been badly done, and processes of reconstruction are in progress everywhere. Montevideo has the aspect of a completed city. Buenos Ayres is rebuilding, and looks unfinished. Thousands of workmen are employed on the new docks and in laying out streets and grading the acres reclaimed from the river. Pavements are in process of repair in all sections of the city. Water mains are going down and sidewalks are coming up for a change of grade. Wood pavements are replacing stone where carriage driveways are needed, and stone is substituted for wood where teaming is heaviest. The streets are torn up like those of an American city at the mercy of jobbing contractors. As the drainage system has not been generally introduced this transition stage will be prolonged indefinitely. The gutters in many of the streets are the foulest I have seen in South America. There are openings at the side by which the draining of the houses is carried into the gutter and left to evaporate there in the sun. Early in the morning each of these streets has its characteristic stench, and can almost be identified by the smell. The atmosphere of the town is contaminated at those hours with surface sewage. This evil is to be abated when the drainage system is completed. The stench will not bloom alway.

The houses and business blocks are undergoing similar processes of reconstruction. The finest buildings are of stone and marble, but ordinarily brick walls have been covered with plaster. The wear and tear of active business here is too great for these plaster fronts. The bases are bruised and torn, and sometimes the whole front has a ragged look, the brick showing through the crumbling plaster. A great number of these false fronts are being removed and marble or stone slabs substituted for them. Many more of these hastily-built structures have been demolished and more substantial blocks are gradually taking their places. The streets are littered with brick, mortar, and rubbish, and building operations are carried on in almost every long block. The architectural effects would be greatly improved if stone or marble fronts were more general in the business quarter. The process of transformation suffices, however, in its present stage to impart an unfinished aspect to the town.

The progress of Buenos Ayres is without precedent or parallel in the history of South America. The population was 78,500 in 1857; 177,800 in 1869; 295,000 in 1882, and it is at least 530,000 to-day.

TRADE AND TRAFFIC.

Leading Features of the Grain and Produce Markets at Home and Abroad.

TORONTO, April 15.—Eggs are unchanged at 10½c. Dressed hogs are nominal at $6 to $6.25. Beef is unchanged at 7c to 8½c by the carcase. Veal is scarce and firm at 8c to 10c. Last year's lamb 12c per pound, and new spring lambs $5 to $10 each. Choice butter is wanted at 16c to 18c for tubs, but, medium and low grades are almost unsaleable and offer as low as 5c. Bailed hay is firm. Cars of good timothy on track would bring $10 and mixed is steady at $7 to $8.50. Baled straw is unchanged at $6 to $6.50 for oat in cars on track. Potatoes are steady at 55c. for cars and 65c for small lots out of store.

BREADSTUFFS.

Flour—The market is quiet and unchanged, though some millers appear willing to bill orders at old, low prices. There were sales of straight rollers Saturday at equal to $3.85 here.

Wheat—The market is very firm and prices are away up. There is very little white wheat left, and holders are asking $1 outside for 60 lbs. Spring is more plentiful and is not advancing so fast. No. 2 is held to-day at 90c. outside.

Barley—The market is very firm, and prices stiff. There was a sale of No. 3 extra Saturday at 49c here. The Oswego market was higher Monday, showing an advance of 3 to 4 cents over Saturday, when No. 2 Canada was quoted at 53c and 54c, and No. 2 extra 59c and 60c. No. 2 was held yesterday at 57c, and No. 2 extra at 69c.

Oats—Firm. Mixed are quoted at equal to 33c and 34c here. At outside points 30c is bid freely for mixed.

Peas—Firm, though there is only a moderate demand. Holders are asking 55c on the Northern and 56c on the Midland.

LIVERPOOL MARKETS.

Liverpool reports: Wheat firm; demand poor; holders offer sparingly. Corn firm; demand poor. Spring wheat 7s 3d; red winter 6s 11½d. No. 1 Cal. 7s 1d. Corn 3s 7d. Peas 5s 6d. Pork 56s. Lard 33s 3d. Bacon, long, clear, heavy 30s, and light 30s 6d; short clear 30s. Tallow 24s 6d. Cheese 54s.

BEERBOHM'S REPORT.

Beerbohm reports: Floating cargoes—Wheat and corn firmer. Waiting orders—Wheat, 1. Cargoes on passage—Wheat, turn dearer; corn, firmer. Mark Lane—Wheat, turn dearer; corn and flour, turn dearer. French country markets firm. Liverpool—Spot wheat, moderate demand; corn, good demand: No. 1 Cal. 7s 1d; Walla, 6s 11d. American red winter, 6s 11½d, all ½d dearer; India, 6s 11½d: flour, 28s; corn, 3s 6¾d; peas, 5s 6d; all unchanged.

Coalers Fall Out.

PHILADELPHIA, April 14.—The Reading Railway Company to-day began suit to secure a decree declaring void an agreement between it and the Pennsylvania Railway Company regarding a division of the coal tariff.

An Anglo-American ladies' tailor has invented a business woman's dress. It has no less than six pockets, arranged in the most convenient manner. One is a little vest pocket on the left side, useful as a watch pocket or for a memorandum book. Pockets are on the hips, suitable for purse, keys or penknife. A clever little device is the insertion of tiny pockets in the sleeves, just large enough for railroad tickets or loose change and the usual skirt pocket completes the half dozen.

Where He Had Gone.

"Where is old Bilkins?" asked Lumley.

"Gondolier at the chorus girls, I guess," replied Tumley.—Pittsburg Chronicle.

GOING OUT LIKE FUN!

THEY ARE THE GOODS!

We had a rattling trade on Saturday. Though our British Columbia and Northwest Goods only got here by the noon train we had them on sale during the afternoon.

They Pleased Hundreds Mightily

and well they might as they are daisy bargains every one.

HATS - HATS - HATS

Hundreds of Styles. New, nobby and becoming. We are making quick sales, and no wonder for we ask only one half as much as the high priced Hatters. Get your Spring Hat from us.

GOUGH BROS. 377 and 379 George-st., Peterborough.

STYLISH LITTLE MEN.

Fauntleroy, the Children's Young Hero, Still Sets the Fashion.

The rage for Little Lord Fauntleroy suits is unabated, and really such a suit for dressy home wear on a child of tender years is usually picturesque and becoming, unless the boy is a remarkably sturdy little fellow. In such case the Spanish jacket of black velvet with full blouse waist of white cambric and a silk sash worn with white velvet knee-pants will be found more becoming.

"A full dress suit for young boys has wide revers on the coat in front and the close-fitting knee-pants prevent the coat, which is minus the "claw-hammer," from looking like a waiter's coat cut down. This natty and stylish-looking suit is made of fine cloth and beautifully finished. Sometimes the vest and knee-pants are made of black satin, and the coat only of cloth. Such a suit is very appropriate for a young lad to wear on the occasion of an elderly sister's wedding or any other full-dress occasion.

The kilt suit is the first distinctively masculine garment the "coming man" is put into, but this is rarely satisfactory to his aspiring ambition, and every boy longs for the time when he can actually wear "pants."

Kilted skirts of cheviot, tricot, and various fancy cloths are generally worn and some such suits have very short Spanish jackets to be worn over a flannel or cambric blouse-waist, but, although this is a picturesque style especially in velvet, it is not so often liked as the little cut-away coat, vest, and kilt.

Velvet suits for small boys are in dark colors, green, mulberry, brown, and black silk galloon arranged in trefoils at the ends of the same.

Knee-pants are made quite plain and fit neatly, without much ornamentation except two or three "lasting" buttons at the outside seams, and even these are sometimes dispensed with. The taste for extreme neatness and reserve in ornament noticeable in gentlemen's fashionable attire for city wear is emulated in the costumes of boys of all ages.

Older boys dress so very much like their elders that there is little to note in the matter of styles. As a rule their clothing is bought ready-made, and even if especially ordered is left so much to the discretion of the tailor and—be it said of Young America—to the taste of the youth himself that mothers give themselves very little concern in the matter.

The Fauntleroy suit illustrated consists of jacket, sash, and trousers, and, as usual, is made of silk and velvet, with deep frills of white lace at the waist and wide collar of lace.

A pretty suit consisting of but two pieces, jacket and trousers, is in fancy sailor style. Green cloth and velvet are used in combination, with elaborate garniture of gilt braid. Either of these suits may be worn by boys 10 or 12 years old, but are prettier upon younger children.

A Man Whom Vanderbilt Made.

There arrived at the Palmer House yesterday a quiet little man that one would put down for a actor. Young-looking, without a silver hair, yet he is seventy years of age. Many years ago he was struggling for a living in New York State. Suddenly he was a millionaire; then almost as suddenly he had not a penny. Again the scenes shifted and he had more pennies than an English syndicate. After four or five years on the top wave again he was down. This is a brief history of John Harker.

When Commodore Vanderbilt was searching in the United States for a mate for his flyer, Mountain Boy, Mr. Harker, then a small horse trader, appeared in New York and presented Commodore Vanderbilt with Lady Planet.

"I think I've matched your horse," said Mr. Harker. "If Mountain Boy and Lady Planet make a swift team you are welcome to my horse. I don't want a cent for her."

It was a swift span, as everybody knows. The Commodore beat every team on the road and held the double team record for years. John Harker was not forgotten. He was given stocks, bonds, &c., which made him worth some $800,000 in a little while. Harker was not satisfied and the many whirls he took in Wall street soon caused his fortune to disappear. Again Commodore Vanderbilt placed him on the top shelf. The erst-while horse-trader then retired from active speculation and lived like a king for a few years, until he found his way to Wall street once more. His association with the bulls and bears soon caused a separation between him and his coin, and for the third time he joined the bread-winners. Now he has a fair competency and enjoys life.—Chicago Tribune.

MILLINERY

TO-NIGHT.

The Recent Labor Meeting.

Mr. Jas. Stevenson, M.P., spent Saturday in town. His attention was called to a remark made by the chairman of the recent labor meeting, to the effect that Mr. Stevenson had not answered their invitation to be present and he "did not know whether he intended to ignore them or not." Mr. Stevenson said that when the chairman understood the matter he would see that that remark did not apply. The letter of invitation reached Mr. Stevenson's office after he had left to return to his Parliamentary duties at Ottawa and he therefore did not see it until he returned on Saturday, so that there was no intentional neglect on his part in not acknowledging it.

A New Instrument.

A new instrument has just been purchased for the use of the different choirs and societies that meet in the rooms at 126 Hunter-st., occupied by the curate of St. John's. This is an organ by the celebrated Bell firm, of Guelph, and those who are able to judge have pronounced it unsurpassed by anything of the kind made on this continent. Specially adapted for church purposes, it possesses a power and resonance eminently suitable for the purpose of supporting a large choir of singers and is certainly a striking illustration of the benefits which the National Policy has conferred upon the country in developing its manufactures. The instrument was obtained through Mr. Errett, the agent for the manufacturers.

Sons of England.

The regular meeting of Peterborough Lodge, S.O.E., took place last night. One pleasing feature of the evening was the initiation of members, Messrs. A. P. Poussette, H. Long and G. A. Smith being admitted. Also the appointment of Bro. G. S. Bean to the office of Treasurer, that office having become vacant on account of the removal from town the late Treasurer, Bro. T. G. Hazlitt. A committee was appointed to confer with Lansdowne Lodge, No. 25, S.O.E., relative to the annual church parade, which will take place on Sunday, May 25th. At the close of the business, Bro. Wm. Brandrette, at the request of the Lodge, favored the members with the good old song entitled "Cheer, Boys, Cheer," which was highly appreciated. Bro. A. Clegg, chairman of the committee, followed with a reading from Mark Twain's, entitled "Memoirs of Benjamin Franklin," which was rendered in his usual good style. After spending a profitable evening, the lodge closed at an early hour.

Why will you cough when Shiloh's Cure will give immediate relief? Price 10c, 50c, and $1. For sale by Geo. A. Schofield, Druggist, Peterborough.

SEVERING PASTORAL RELATIONS.

Rev. W. C. Bradshaw Resigns the Rectorship of St. Luke's—His Successor.

There was a large attendance and a harmonious time at the adjourned vestry meeting of St. Luke's Church, Ashburnham, which was held last evening for the purpose of concluding the business of the congregation and considering the resignation of Rev. W. C. Bradshaw as rector and the recommending of a successor. Rev. J. W. McCleary occupied the chair when the meeting opened.

Messrs. J. J. Rooney and F. Adams, auditors, presented their report on the financial statements which were submitted at the Easter vestry meeting.

SEVERING PASTORAL RELATIONS.

Rev. Mr. McCleary was then requested to retire and Col. H. C. Rogers was placed in the chair. The following letter from Rev. Mr. Bradshaw resigning his position as rector was then read:—

JAMES HALL, ST. JOHN COLLEGE,
Denver, Colorado.

MY DEAR FRIENDS AND PARISHIONERS:—After long and serious consideration of the matter I find myself brought to the discharge of a duty which is the most trying one likely to arise in a pastoral relation which has been so abundantly blessed and so extremely pleasant as my connection with the parish of St. Luke's for nearly fourteen years.

I need scarcely say that I have been in deep perplexity for many months past and it is only because I feel convinced I am following the will of God that I dare write you as I do. I believe the time has come when I should offer my resignation as your rector, a post which before has only brought pleasure and happiness. I cannot tell you the respectful feelings I have in writing this nor the sorrow that fills my heart at the severance of such pleasant ties, and, were it not that it is borne in upon me as the guidance of the Holy Spirit, I could not say the words which will separate me forever from a flock I love so well.

Considerations of health and duty alone lead me to sever my connection with you as your clergyman and I feel convinced that in no station of life I may in future occupy can the lines fall to me in such pleasant places. But now I go out praying that His deepest blessing may rest upon you individually and as a congregation. May there be raised up from among the servants of the Lord, one who will prove to you a faithful shepherd and an active follower of Christ.

I ask your sympathy and your prayers in this the most trying hour of my life and with the sincerest gratitude for your unnumbered tokens of kindness and good-will and hearty co-operation.

I am in sincere sorrow, your servant in Christ Jesus.

W. C. BRADSHAW.

This communication was received and a committee was appointed to draft a resolution of regret to be forwarded to Rev. Mr. Bradshaw.

HIS SUCCESSOR.

The congregation then proceeded to discuss the question of a successor to the now vacant rectorship, and, after short consideration, a resolution was adopted requesting the lay delegates and church wardens to recommend to his Lordship the Bishop, that Rev. Mr. McCleary be appointed to the position.

The meeting then adjourned.

The Twin Social.

A novelty in the way of social entertainments will be a Twin social to be given in the school room of the Charlotte-st. church on the evening of May 11th.

Another Token of Esteem.

Mr. P. J. C. McDonnell, of the Montreal Bank, who goes to London this week, was the recipient of another pleasant presentation last evening. This time the patrons of the bank here were the donors, and the gift was an elegant travelling outfit in the shape of a handsome leather trunk, portmanteau, etc.

Insurance Changes.

A reference to our advertising columns will show that the firm of Mulholland & Roper have added the Agricultural Fire Insurance Company to the list of companies they now represent, and the advertisement also announces that Mr. Felix Brownscombe, who has been manager of the insurance department, has now been admitted as a full partner in this department. Mr. Brownscombe is an energetic young gentleman who understands the insurance business and his admittance as a partner will be greeted with congratulations by his friends.

KEEP YOUR

ON
THIS SPACE.

The Final Week of the Sale.

You must act promptly if you want to help yourself to the bargains at the Duncan Cameron bankrupt sale. This is the closing week. A lot of the stock has been sold but there are some splendid things left in Tweeds. The patterns are choice and goods the right weight for summer wear. Just such as every man needs. Don't fail to see these Tweeds and if you see them you will buy. Hurry up. Sale closes on Saturday next. Not much time left but you can get there if you are quick. Remember sale at D. Cameron's old stand, George-st. d83tf

In purchasing medicines, don't try experiments; the first and only consideration should be genuineness. Ayer's Sarsaparilla has stood the test of forty years, and today it is in greater demand than ever—a triumphant proof of popular approval.

Joe Hess in the Opera House.

The crowd which climbed the stairs to the Opera House last night to hear Joe Hess was not as large as the two which packed the building on Sunday, but, nevertheless, the house was well filled. Dr. Fife was in the chair. The meeting opened with singing by the choir and a short prayer by Mr. Colville, General Secretary of the Y.M.C.A. The subject which the temperance evangelist had announced for his evening's address was "It's no harm." Around these three words he worked one of his interesting, energetic and characteristic temperance addresses which the audience listened to attentively. Mr. Hess sought to combat the statement in the title of his address by showing that there was harm in the cup of intoxicating liquor, claiming that it was not good even for medicinal purposes. He also referred to the liquor traffic in general and again condemned the saloons and in closing he said he could easily understand how men could be temperate and not religious, but he could not understand how they could be religious and not temperate. This evening's meeting will be held in the George-st. church and the subject of the address will be "Two Homes."

To Nervous Debilitated Men.

If you will send us your address, we will mail you our illustrated pamphlet explaining all about Dr. Dye's Celebrated Electro-Voltaic Belt and Appliances, and their charming effects upon the nervous debilitated system, and how they will quickly restore you to vigor, and manhood. Pamphlet free. If you are thus afflicted, we will send you a Belt and Appliances on a trial.

VOLTAIC BELT CO., Marshall, Mich.

TRENT VALLEY CANAL.

THE COMMISSIONERS TAKING EVIDENCE HERE.

Mr. R. B. Rogers Gives Some Information—Mr. W. H. Law Speaks Regarding Manufactories—The Lumber Interests.

The Trent Valley Canal Commissioners, Judge Weller, Chairman, and Messrs. W. Kennedy, of Montreal, and F. Turner, of Toronto, held a session in the Council Chamber yesterday afternoon. The Secretary, Mr. Oliver, the reporter, Mr. Winkham, and Mr. Carnegie, Secretary of the Trent Valley Association, were also present.

Mr. R. B. ROGERS, C.E., Superintendent of Trent Valley Works, took the witness stand. He said that he had no doubt that there would be a sufficient supply of water for the canal. He put in a table of the shore line that would be made accessible by the canal between Trenton and the Georgian Bay, amounting to 780 miles. Within five miles of the shore there would be about 2,560,000 acres of land. This estimate took in the main line, and not any branches that could be easily made. He thought, judging from his experience on the works, that cheaper works than those put in at Burleigh would be sufficient for the purpose of the canal and would need as little expenditure for repairs. The difference in the work in the locks would, speaking generally, make a difference of from 30 to 50 per cent. There were several points at which lift locks might be put in, such as at Healey's, at points between Peterborough and Lakefield, and from Campbellford down. A re-survey with that in view would cheapen the estimate. They had now six feet of water all along, and there would be no difficulty at all in getting six feet of navigation except about six weeks in the fall, and by storing the water they could keep it up to six feet all the time. Navigation had prior rights over the lumber drives, and as the requirements of navigation it was intended to enforce the rights of navigation. There would be no difficulty, so far as the present works were concerned, in raising the depth of navigation to a seven feet minimum, and there could not be much expense through land damage claims as the water had been that high in the locks frequently, although the question of damage might arise in regard to the power at Heaslip, Buckhorn and Lindsay. In regard to Mr. Rubidge's estimate of $200,000 for improving the present navigable stretches, he did not know where such an expenditure would be necessary. Mr. Rubidge's estimate of $5,500 for lock gates was about double what it should be. If the width of the locks were reduced to 23 or 24 feet there would be less excavating, foundation and flooring and a reduction in the expense, and with the proposed depth a less width would be sufficient.

After discussing in a conversational way different points the commission adjourned until 10 30 next morning.

Tuesday Morning.

The Trent Valley Canal Commission resumed this morning, Judge Weller and Mr. Turner being present.

IRON AND COAL.

Mr. W. H. LAW, C. E., proprietor of the Central Iron Bridge Works, said that the material used in his business was principally steel, iron and coal. He used about 600 tons of coal last year. He got his material from the Old Country and was brought by rail from Canadian ports. If the canal was built through to the lake he could get his iron and steel brought up to the works by boat and would have that advantage. They paid about 15 cents a hundred freight on car loads of iron from Montreal. He was certain the waterway would reduce the rate. He got his coal from Buffalo by way of Niagara, and the freight on it would be cheapened by the canal. He could ship bridges cheaper with the canal, as it cost 24 to 28 cents now on shipments to Montreal. The canal would also help him in shipping manufactured articles west and also in a local way in this and neighboring counties. For instance, he was building a bridge now for a point near Trenton and the waterway would be a great advantage in that case. The building of the canal would, he believed, decrease the price of coal $1 a ton. This would be of assistance in manufacturing pig iron, for which there was plenty of iron ore in this neighborhood, and with the pig iron made here the manufacturers would be relieved of a great disadvantage. It would be just as well to bring the coal to the ore as to take the ore to the coal. Iron was cheaper in the Southern States than in any place except Belgium, because everything was cheaper and because there was not a good market. Peterborough would be an excellent location for smelting works and rolling mills, because the ore could be brought in from the different mines and the shipping facilities to the markets would be excellent. The canal would help the freight rates and would have the effect of aiding the establishments of these industries. If they were established here they would help Cobourg and other places where there was manufacturing. The building of the canal could not fail to help the towns and villages on its line. There was a great deal of stuff that would be shipped by water that is not shipped by rail on account of the expense, and business would increase in the district. Referring to the estimate of the cost of bridges in Mr. Rubridge's report, he said steel bridges, which would be better structures, would be $1,500 cheaper than the estimate. The estimate for pressed spikes was 8 cents a pound, and he thought 3½ would be enough, and other similar estimates were excessive. Where a staircase of locks was required a steel lift lock would be cheaper. The lift locks could be built here or at other places on the line. He believed steel would be much cheaper on account of the quicker processes of manufacture.

PRICE OF TIMBER.

Mr. J. M. IRWIN, C. E., lumberman, said that in Mr. Rubidge's estimate was about one-third higher than it should be.

DEEPENING THE DRAFT.

Mr. R. C. STRICKLAND, of Lakefield, also said that the price of timber given in Mr. Rubidge's estimation were excessive, about one-third too high. He agreed with Mr. Rogers' opinion that a six feet canal could be made with very little additional cost. With very little expenditure immense reservoirs could be constructed for the canal and it would benefit the whole country.

The Commission then adjourned until the afternoon.

"Ayer's Hair Vigor is a most excellent preparation for the hair. I speak of it from experience. Its use promotes the growth of new hair, and makes it glossy and soft. The Vigor is a sure cure for dandruff."—J. W. Bowen, Editor Enquirer, McArthur, Ohio.

—OUR—

SPRING EXHIBIT!

Any one will recognize the benefit of dealing with a house that shows a Large Range of Goods as well as the Newest Colorings and Styles.

In this connection we would mention the fact that we have several hundred different Styles in our Tweed Department embracing many new and novel effects. Our selections have been made from the markets' choicest offerings.

We would state to those who contemplate ordering their Spring Suit that we have been favored with a very large trade and would esteem it a favor if buyers would order early.

Our facilities are now taxed to their full capacity and early orders will prevent delays

Never since our existence have we been so overwhelmed with work. What is the cause? The answer is easy. Our Styles are right, our Goods are right and our prices are right.

THE SPRING ASSIZES.

Hamilton vs. Scott—True Bills Against Thos. Bowen and Sarah Clark.

At the assizes yesterday afternoon the case of Hamilton vs. Scott occupied the attention of the court until adjournment in the evening.

HAMILTON VS. SCOTT ET AL was an action brought by Alfred J. Hamilton, of Dummer, against James Scott, of Asphodel, and Thomas Hill, bailiff, of Norwood, for $460 damages for alleged trespass of goods, viz., one horse, one mare, one double wagon, one buggy, one set of heavy double harness and one set of light harness. The jury returned a verdict for the defendant. Edmison & Dixon for the plaintiff; Sawyer & Stone for the defendant.

TRUE BILLS.

The Grand Jury last night brought in the following true bills on the criminal cases on the docket:—

QUEEN vs. THOS. BOWEN—(Larceny)—True bill, five indictments.

QUEEN vs. SARAH CLARKE—(Larceny)—True bill.

BOWEN ON TRIAL.

This morning Thomas Bowen, the Auburn butcher, was arraigned on the first charge against him, that of stealing twelve bags of wheat from Robert Donohue, of Emily, on the night of the 29th of January. The evidence brought forward in this case was the same as that given at the preliminary trial at the police court. Peacock, his alleged accomplice, was brought down from the Central Prison to give evidence. The entire morning was taken up with the case and it was still occupying the attention of the court at three o'clock this afternoon.

The Grand Jury to-day were considering the case of Queen vs. Jerome C. Green for forgery.

Kidd has a full line of the finest boots to be had in the market, also a line of the cheapest boots in town. d84-w15

The Daily Review.

TUESDAY, APRIL 15, 1890.

THE JUDGE!

CHAPTER IV.

THE assignment book of the Morning Chronicle of this afternoon contained the following laconic direction:

"Leiter murder—Pond."

The young man for whose eye this was intended, glanced at it with some interest, consulted the directory, buttoned his coat around him and walked in a business-like way to the corner of State street, where he took a Cottage Grove avenue car. He chose the front seat of the grip, although the day was chilly and damp, and, folding his arms, sat there stiffly without the comfort of a smoke.

When Dennis Pond reached the Leiter mansion he found that he was only ten minutes behind the coroner and his assistant. These gentlemen were listening to the tale of poor Guy Mannering as he poured it out between his hysteric sobs. Pond, having established his right to enter, walked into the room and regarded the ghastly figure in the chair. It was evident that the warlike marks on the face and hands were made after the throat of the old man had been cut. Had it been otherwise he would have been able to make some resistance. That he had made no resistance was proved by the fact that his poor, mutilated hands still grasped the cane as Guy Mannering had seen them when he turned to look back at his master the night before. The coroner's assistant scoured the place for some weapon with which the assault could have been made, but without success. Everything in the room was in place; there was not even a displacement of the rug before the fire, on which the feet of the murdered man still rested. Pond made a note in a little blank book he carried. It was thus:

"He had no reason to fear harm from the hand of the person who murdered him. The attack was a surprise. Since he evidently did not even attempt to arise from his chair, it must have been made by some one he had no cause to fear."

"Who sleeps in the house beside yourself?" he inquired of the pallid butler.

"Lena, sir, the cook, sir; and Nora, the housemaid, sir; and Jim McCarty, the coachman, sir; and Mr. Harry."

"Who is Mr. Harry?"

"Mr. Harry Leiter, sir, the nephew of—of him."

"Where is he now?"

"I don't know, sir. He has not come home yet."

"Did he go out after the murder was discovered?"

"No, sir, we could not find him this morning."

"Did he not sleep here last night?"

"Well, sir, we found his bed undisturbed this morning. He sometimes sits up to write at night."

"Has he ever been missing before in the morning?"

"No, sir. I think not."

"Is it his habit to sleep away from home without telling of his intention?"

"I can't say that I ever remember of it before, sir."

"Did you suppose that he had gone to his room last night?"

"I saw him go up stairs, sir. I thought he had gone to his room."

"About what time was that?"

"After midnight, sir. We had a dinner party last evening and the guests did not leave till almost midnight."

"Who was at the party?"

"Judge Barthwait, sir, and his daughter, Mr. McCook, the State's Attorney, and his mother; and Mr. Harry and his uncle, of course."

"What did Harry Leiter do after the company left?"

"He stayed and talked with his uncle awhile."

"Do you know what they talked about?"

"Well, they talked some about Mr. McCook."

"What did they say?"

"I had rather not tell, sir. It weren't much."

"You will have to tell in court and at the inquest. You may as well tell now." Pond had no heart to be harsh with the faithful serving man; for the wretched old soul stood trembling with terror at the sight before him, and at a vague alarm that seemed to have just come to him.

"Mr. Harry said he didn't think much of McCook, sir, and that he hoped he would never be invited to the house again."

"And what did Mr. Leiter say?"

"He said, sir, that he would invite whom he chose."

"And then?"

"That was pretty much all, sir."

"Now, see here, my friend, what did Mr. Leiter reply—young Mr. Leiter reply to that?"

"Well, then, sir, he said—he's kind of quick an' don't always mean what he says—been like that from a baby—he said then his uncle would have to choose between him and Mr. McCook. That's just his way, sir, but he don't mean nothing."

"How did the old man take that?"

"He seemed terribly cut up, sir. He told him he was a fool and that he had better go to bed."

"And then did he go?"

"He went upstairs."

"Did you go soon after?"

"Yes, sir. Mr. Leiter was still sitting there in the chair. The tears was rollin' down his cheeks, sir. He was easy cut up—bein' so old."

"But the young man went to bed angry?"

"Yes, he did, sir, but his anger ain't very deep nor lastin'."

He could say no more, but broke into audible sobbing, seeing as he did, with terrible clearness, the drift of the questions. Pond turned away his head out of consideration for the poor old soul. As he glanced out of the window, a sudden thought came to him. He followed the idea by looking at the window fastenings. They were every one fast. He suggested to the assistant coroner that they try all of the windows in the house. Every one was found tightly fastened.

"The murder must have been committed by some one in the house," said the assistant, who was young, and who had read Gaboriau's novels.

"Yes," said Pond, "or by some one who got in through the door, or who climbed by the window and closed the latch after they—he, she or it—were in."

"Not likely," said the assistant with a professional emphasis.

"No?" said Pond, deferentially.

"See here, friend," he said to him softly, holding him by the coat so that he could not get away, "what in the world is that bloody thing in the conservatory?"

"That, sir, is Mr. Harry's little pet rabbit. We found it all chewed up like that this morning when we came down, an' it was when we went to tell Mr. Leiter about it that we found him, sir. Oh, don't ask me no more, sir. I wish I was dead, sir! I wish I was! Why in God's name, sir, don't Mr. Harry come home?"

"It looks bad for him, don't it?" asked Pond, with an affectation of candor.

"Not to one that knows him, sir. It is some accident that has kep' him out. He would never stay mad this long. I know him, sir."

"My friend, I want to know who killed the rabbit."

"Then you will know more than I do, sir. I ain't no idea. A prettier and more harmless creetur never was. There wasn't no sense in killin' it."

"My friend, you have a great head. Neither was there any sense in killing that white-haired old man. Don't you see the drift."

(To be Continued).

MISSING LINKS.

John Wanamaker's life is said to be insured for $1,700,000.

There were 50,321 physicians in the Japanese empire at the beginning of the year.

Real butterflies from Mexico and Brazil are put on some of the new bonnets by the Parisian milliners.

The last eye-witness of the battle of Trafalgar has just died at Sittingbourne, Kent—Joseph Sutherland, a centenarian seaman.

The biggest schoolboy in Rhode Island is believed to be William Davis, of Westerly, who is thirteen years old and weighs 287 pounds.

Dr. Rankin, a surgeon at Muncy, England, is said to be using hypnotism successfully as a substitute for chloroform in his practice.

The following is said to be the shortest sentence which contains all the letters of the alphabet: Pack my box with five dozen liquor jugs.

Mr. Kerr, of Yakima County, Washington, has sent to Japan for a large quantity of tea cuttings. He intends to see what can be done with that plant in his own country.

A herd of forty-seven elephants was recently captured in a single drive in the Garo Hills in India. The manager of the drive has caught 150 elephants within two months.

A cat in Millville, N. J., finds pleasure in swimming, and often catches fish in shallow water with its paws. It has been known to swim in pursuit of a dock rat clear across the river.

The insignia of the British Order of the Bath, which has heretofore been made of gold, is to be of silver gilt hereafter, and instead of being made by a jeweler they will be turned out on contract at so much the score by a Birmingham firm.

Pilgrims to the gravestone and monument of Shakespeare will not be able to see these relics for about three months, owing to the restorations at the Church of Stratford-on-Avon. Repairing of inside walls, roof and pavement will be extensive.

Tiger hunting is a pleasant pastime in Georgia. The man who wants to engage in this dangerous sport can find good, healthy tigers in Bullock and Newton counties. It has not been settled how the tigers got there. All the same they are there.

At Big Bend, Wash., a stockman who got snow-bound with his horses offered a rancher $150 for a ton of hay. The regular price in that region is $40 a ton, and whole bands of horses are dying of starvation. One man has lost not less than 1,000 horses.

London people have begun an agitation in favor of the addition of the hour and minute to the postmark on letters, as is done in American postoffices. Heretofore the English postmark has had only the day of the month, the year and the name of the office.

In the larger cities of northern Italy co-operative societies have recently started stores and dwellings for the benefit of working people, and they are meeting with extraordinary success. The stores give good stuff at cost, and the dwellings, though small and extremely cheap, are yet very comfortable, and supplied with modern conveniences, yards and flowers in profusion.

Journalistic criticism is a dangerous calling in Hungary. An article which appeared recently in the journals at Klausenburg gave so much offence that it led to no fewer than thirteen duels. The editor of the paper fought four duels, in one of which he killed his opponent; the author of the obnoxious article passed safely through three encounters and the sub-editor took the lion's share with six combats.

A relation of Wordsworth, Mrs. Dorothy (Wordsworth) Harrison, died recently at Ambleside, in her eighty-ninth year. Wordsworth lost his mother when he was eight years old, and his father when he was about fourteen; and then his paternal uncle, Richard Wordsworth, and his maternal uncle, Christopher Crackanthorp, became his guardians and sent him to Cambridge. This Richard Wordsworth was the grandfather of the old lady just dead.

France is welcoming her Stanley in Captain Trivier, who crossed Africa from the Congo to Zanzibar with a single companion. At a banquet in Paris the explorer gave a most interesting account of his travels, but drew a somewhat unflattering picture of the foreign colonies on the dark continent. He considers that to colonize the Gaboon District and adjoining regions is a useless sacrifice of life and money. "The country produces little and the climate is atrocious. If Europeans are sent there the first necessity is a cemetery for them."

A New Haven ice dealer who went to bed bewailing the short ice crop dreamed that the pond where he usually secures his supply had suddenly frozen over. Being anxious to find out how thick the ice really was, and supposing that he was throwing a stone upon it he jumped out of bed, grabbed a costly vase from the mantel, and threw it with all his might through a French plate mirror before he was aware of what he was doing. The racket awoke his wife and he was suddenly brought to his senses. His customers are pretty sure that they will have to pay for that mirror this summer.

A meteor weighing several hundred pounds fell in the yard of S. H. Hargis, ten miles northwest of Gainesville. The object had the appearance of a gigantic flint rock and was accompanied by a roaring sound like distant thunder as it came through the air, which was noticed some seconds before the great mass struck the earth. Just before reaching the surface the body exploded with a report like a cannon, and scattered fragments of rock for several rods around, many of which have since been picked up and are retained by the people of that community as natural curiosities.

The boundary line between the United States and Canada is not "imaginary," as most people suppose. The fact is the line is distinctly marked from Lake Michigan to Alaska by cairns, iron pillars, earth mounds, and timber clearings. There are 385 of these marks between the Lake of the Woods and the base of the Rocky Mountains. The British placed one post every two miles and the United States one between each British post. The posts are of cast-iron, and cast on their faces are the words "Convention of London, Oct. 20, 1818." Where the line crosses lakes mountains of stones have been build projecting eight feet above high-water mark. In forests the line is defined by felling trees for a space a rod wide.

The Question is Unanswered.

"You are an authority on feats of strength, I believe," remarked a stranger to the sporting editor.

The latter bowed and replied:

"What can I do for you?"

"I wish you would tell me which is the stronger, the female shoplifter or the woman who holds up a train?"—Munsey's Weekly.

His Unlucky Day.

"I tell you what it is," said a Brooklyn man. "I am firmly convinced that every man has his particular days for good and bad luck. Monday is my unlucky day. I have been watching it for twenty years, and nothing can shake me in this belief. I never begin any enterprise, no matter how trivial, or start on any journey on that day. Therefore I make Monday an off day and do nothing but putter around the house. Even in these little affairs everything goes wrong. Take the record of last Monday, a fair average, and be convinced:

"Smashed finger while nailing board on fence.

"*Fell down cellar stairs with coal-scuttle.*

"Fell over wheelbarrow while carrying step-ladder.

"Sat down on chair where children had been pulling taffy.

"Got swindled by peddler.

"Got thumb pinched in gate.

"*Dropped smoothing-iron on foot.*

"Baby got out in yard and was butted by strange goat.

"Tax man called.

"While eating supper square yard of ceiling fell on dining-table.

"Went to bed to escape further disaster, Had nightmare. Thought *I was falling from* top of Eiffel Tower. Fell out of bed and broke arm. Looked at clock and saw it lacked fifteen minutes of midnight. Laid still till clock struck twelve. Was afraid if I moved before Tuesday was ushered in would have broken neck.

"Yes, indeed," concluded the man. "Monday is my unlucky day, and I approach it with feelings akin to terror."

He—Do you really love me, darling?

She—Yes, really. To prove it I'll name my dog after you.—Yankee Blade.

IF A BODY MEET A BODY

the result is a collision, whether "coming thro' the rye," or not. Life is full of collisions. We are constantly colliding with somebody or something. *If it isn't with our neighbors it is with some dread disease that* "knocks us off the track" and perhaps disables us for life. Women especially it seems, have to bear the brunt of more collisions and afflictions than mankind. In all cases of nervousness, bearing-down sensations, tenderness, periodical pains, sick headache, congestion, inflammation, or ulceration and all "*female irregularities*" and "weaknesses," Dr. Pierce's Favorite Prescription comes to the rescue of women as no other medicine does. It is the only medicine for women, sold by druggists, under a **positive guarantee,** from the manufacturers, *that it will give* satisfaction in every case, or money paid for it will be refunded. See *guarantee* on bottle-wrapper.

READ THIS CARD.

Now we have the merchants where we want them, worked up to the highest pitch over our price of goods. We are slaughtering them doing the business, hence the jealousy. W. J. Morrow is actually receiving anonymous letters and cards what they, the writers, will do if he does not advance the prices of goods but he answers in the affirmative that the step has been taken to buy goods for cash and sell cheap giving his customers the benefit will be continued. One actually speaks of cutting goods still lower and quotes prices. Why I can drop goods spoken of to his figures and make money. So this youth had better post himself in buying before trying to compete with

W. J. MORROW

The Only Cheap Grocer, 340 George-st.

Copy of Post Card, Note the Spelling.

PETERBOROUGH, March 28th, 1890.

DEAR SIR,—I notise you without any mallice in the matter whatever, but one thing certain if you continue quoting prices in the paper we will put salmon with all our Goods at 10½c. per can and it is no trubie to sell sulpher 30 or 35 lbs. for $1.00. There is no use in one man to think he is going to quote prices and others look on and if we start again there will be more of it than has been done, so you will please consider the matter at once. Yours etc.

GROCER.

DRY GOODS NEWS
—AT—
TURNBULL'S

Our Figured Wool Delaines have been slow in coming. They were delayed in Liverpool by the strike which had affected the shipping department but they are here now in plenty of time. We need not say that Delaines are fashionable. We have imported lightly. Those who call early will get the first choice, as we cannot repeat any of the patterns this season.

We are showing Figured Lustres in new colorings. They are being greatly admired. We also show Black Lustre Brocades in a range of prices.

This week's express has brought three of the latest shades in Colored Henriettas, 43 in. wide at 50c. a yard. The colors are Violet, Salmon, Rose, Coachman's Drab.

The latest novelties in Neckwear are Lace Collars in entirely new designs. We will not attempt to describe them. We have just imported them from our American cousins, who are generally a season ahead of Canadian houses in getting up fancy styles.

This week has brought us a job line of small checks, Oxford Shirtings suitable for dresses, shirts or aprons, warranted to wash. Sale price 10c. a yard.

Hosiery—We have secured an immense line of Hosiery at job prices. We believe they are the cheapest line in Canada to-day, taking quality into consideration. All sizes from infants to ladies at 10c. a pair. Take your choice.

Our boys Clothing is now very complete. All the sizes in the new spring shades in stock. We are never beaten in price but believe we take the lead.

WEDNESDAY, APRIL 16, 1890.

DOMINION LAWMAKERS.

THE FLOUR AND FRUIT DUTIES PASSED IN COMMITTEE.

A Hot Discussion Over the Tax on Apples—The Criminal Law Amendment—The Alien Labor Law Put Off Until Next Session.

OTTAWA, April 15.—Sir John Thompson's bill amending the criminal law occupied the attention of the House all afternoon, verbal amendments suggested by the lawyers being made to several clauses reserved from the previous occasion.

Hon. Peter Mitchell gave notice that on the third reading he would move to strike out the clause protecting female employes in factories and elsewhere against offences by their employers or foremen. He objected that this clause gave too great facilities for blackmail.

In the evening the tariff was discussed in Committee of Ways and Means. Discussion was resumed on the item respecting the flour duty, which was passed and the succeeding items were next taken up. There was a warm discussion on the duty of 40 cents per barrel on apples, Messrs Armstrong, Somerville, Sir Richard Cartwright and others holding that this was calculated to induce the States to impose a duty which would shut out the Canadian apples from that country.

Messrs. Bowell, Wallace and Boyle pointed out that our apple export to the United States was only one-fourth of that to Great Britain and that almost the entire export of Canadian apples to the United States was for re-exportation to Great Britain. They showed that the McKinley Bill, submitted before our own tariff was brought down, proposed a tax of 25 cents per bushel on Canadian apples.

Sir Richard Cartwright declared that such clauses as that under discussion would facilitate the passage of the McKinley Bill and if that became law the Canadian Government would be chiefly responsible.

Mr. Colby declared that this language was the veriest political clap-trap, as the McKinley Bill was the outcome of an agitation kept up for several months for legislation to help the farmers of the Eastern States, who were being impoverished by western competition from which they could not escape. The only thing they could do was to secure relief from the Canadian competition, and this they expected from the McKinley Bill. In passing this they would be within their rights and Canada should not whine about this or any other legislation passed by the States in their own interests.

The debate upon the apple duty was continued until 1 o'clock, when it passed.

On the item for blackberries, gooseberries, raspberries and strawberries—3 cents per pound—Hon. Mr. Bowell stated that the weight of the small packages in which the berries were contained would be dutiable and not the crates. After some further discussion the item passed.

The House adjourned at 1¾ a.m.

Notes and Gossip.

OTTAWA, April 15.—In the Senate to-day Hon. Mr. Abbott reiterated the Government's determination not to imperil the advantageous position occupied by Canadian cattle in England by relaxing the quarantine regulations respecting American cattle. He spoke in answer to a query whether United States cattle would be allowed to be brought in without quarantine to be slaughtered in Canada.

In answer to Senator Poirier, Mr. Abbott said an appropriation would be asked by the Government to defray the expense of having Canadian products properly represented at the Jamaica Exhibition. The Government have applied for space. He hoped that the Canadian exhibit would be useful in promoting trade with Jamaica.

Mr. Landry, M.P. for Kent, has been appointed County Court judge for Kent and Westmoreland (N.B.), vice Botsford deceased. This makes the third vacancy in the Commons, the other two being caused by the death of Messrs. Perley and Chisholm.

The Alien Labor Law Committee recommended that the attention of the authorities at Washington be called to the oppressive application of the alien labor law of the States. They also recommend that the Taylor bill be deferred in order to give an opportunity for representations to be made, and that if such representations fail of effect some measure dealing with the grievance complained of be taken into consideration at the next session of this Parliament.

Losses Caused by Flames.

ORONO, Me., April 15.—E. & J. Webster' sawmill, on the Webster side of the river, and Perkins' block, stored with lumber, were burnt to-night. Loss $30,000.

PLEASANTVILLE, N.J., April 15.—The forest fire which came near sweeping out the town Sunday has broken out afresh five miles north of here. The flames are spreading at an alarming rate. The fire thus far is confined to the Doughty tract, which covers over 20,000 acres. A thunderstorm is looming, and it is thought that if it strikes here with any force it will put out the fire. The loss by Sunday's fire was over $40,000. Sportsmen also are big losers, as pretty much all of the young game in the vicinity of Absecom and North Pleasantville was burned up as well as old game, such as deer, rabbits and quail.

DAVIS TO BE HANGED

FOR THE MURDER OF WILLIAM EMORY OF MARMORA.

June 20 Fixed for the Execution—Mrs. Emory Acquitted by the Jury After They Have Expressed a Belief in Her Guilt.

BELLEVILLE, April 15.—The trial of the Marmora murder case was resumed at 9 o'clock this morning. Coroner Sutton, who held the inquest on William Emory, identified the handwriting of the female prisoner.

Jerome Keene swore that Mrs. Emory said in his hearing that Davis said he would shoot her husband the first chance he had; that she had told him he had better not and that they concluded to live together after a while.

Stephen N. Davis, brother of the male prisoner, testified that prisoner in a conversation about eighteen months ago said Emory had threatened to shoot him, but he would try to get the first bullet in. This would be done if either had to hang for it.

This closed the case for the crown. The defence did not call any witnesses.

William Riddell, on behalf of the crown, made a brief but strong address. Mr. Clute, Q.C., spoke for more than two hours on behalf of the prisoners. His Lordship's charge, in which the evidence was briefly reviewed, occupied an hour.

The jury retired at 1.30 p.m. and after 35 minutes' deliberation returned a verdict of guilty against Davis. As to Mrs. Emory, they believed she had knowledge before the fact and were sent back to pronounce as to her guilt. They returned with a verdict of acquittal.

Davis was sentenced to be hanged on June 20.

INTERESTING ITEMS BY WIRE.

Emperor William has sent to Jules Simon a handsome set of the works of Frederick the Great.

A Vienna correspondent says: The Government has now decided to grant holidays to its employes on May 1 if the men themselves demand it. The strike movement has virtually ended in favor of the workingmen.

A young and beautiful St. Petersburg girl has been arrested for an attempt to bribe a general staff clerk to obtain a copy of the new mobilization scheme. Her parents have been arrested. They are charged with being agents of a foreign power.

Edward Bush, Matilda Jackson and a boy, name unknown, were drowned at Town Lake, Ark., by the upsetting of a canoe.

Two negroes were killed by guards on the line of the Luna County levees in Mississippi. They were believed to be levee "beavers."

Wilkinson Bros. & Co. have attached the postal card works at Ansonia, Conn., on a claim of $40,000 on instructions from Washington. The Government officials have recently found fault with the cards made by Contractor Al. Daggett and he was forced to procure a new supply of paper from Lawrence, Mass.

The Detroit Steel and Spring Company, the largest concern of its kind in the United States, has suspended payment, with liabilities of $300,000. Assets nominally the same.

Herr Furth, of the Vienna Chamber of Commerce, has published a report declaring Vienna trade is on the verge of ruin as a result of protection. The report is corroborated by experts.

A Berlin correspondent says Bismarck in his letter to The North German Gazette used the word "dismissal" in referring to his leaving the Chancellorship.

Captain John Richardson and his wife have been murdered at their residence, near Madison, Tex. Robbery is believed to have been the motive. It is thought they were murdered by strangers, who accepted their hospitality for the night.

Over 1200 coke ovens in Pennsylvania were shut down indefinitely Tuesday by the Brick Schoonmaker and McClure Coke Companies. Over 1200 men are idle. The cokers threaten a general strike.

A syndicate of American capitalists, said to have a backing of $900,000,000, are preparing to buy up all the lithographic plants in the United States and form a lithographic trust. This scheme means that all forms of advertising outside of the newspapers will be in control of a rich trust.

In Lawrence County, Miss., the stable of Jerry Bass, colored, was set on fire by unknown parties. Bass and his son Charles came out to extinguish the flames and were fired on. The boy was killed and Bass badly wounded. Their dwelling was then fired. Governor Stone offers a reward for the arrest of the fiends.

TENACIOUS OF LIFE.

Nova Scotia's Legislative Council Refuses to Abolish Itself.

HALIFAX, April 15.—The Legislative Council refused to abolish itself by a vote of 13 to 4, the minority consisting of Messrs. Murray, Mack, Macneil and Fraser. An amendment by Hon. D. C. Fraser to submit the question to a plebiscite was lost.

The Legislature prorogued this afternoon, having passed 208 bills which received the royal assent. By one of these imprisonment for debt is abolished.

The Military Called Out.

VIENNA, April 15.—A strike has been inaugurated in the large collieries of Count Wilczek. The strikers forced a number of men employed in other mines to join them. The authorities deem the situation menacing and have called out the military.

Indianapolis Carpenters in Line.

INDIANAPOLIS, April 15.—Eight hundred union carpenters struck here to-day for the 8-hour day and 35 cents per hour.

The American Academy of Sciences.

WASHINGTON, April 15.—The annual session of the National Academy of Sciences began here to-day, the president, Prof. O. C. Marsh, of New Haven, in the chair. Several interesting papers were read.

The Dead.

Rev. Alexander Mackay, the famous missionary in the Uganda country, has died of fever.

Deacon Jacob Estey, founder of the Estey Organ Company and senior member of the firm, is dead at Brattleboro, Vt., of heart disease.

A private despatch from Clifton Springs, N.Y., says that Rev. A. E. Doherty of Carluke died there Sunday. He was pastor of St. Paul's Church, Carluke, and went to Clifton Springs for the benefit of his health. The body will be taken to Carluke for burial.

Crushed While Coupling Cars.

LOCKPORT, April 15.—This evening, at the Central Depot here, Richard Mahony, a brakeman on the Central Railway, was crushed while coupling cars. He cannot live.

CHICAGO, April 16.—President Baker says the fight of the Board of Trade with the bucket shops has worked admirably. He states that bucket shops are failing all over the country, and those in this city have to depend on stock quotations, as their grain prices are worthless. Business on the Board continues large.

W. H. MACLIN OF LONDON.

Chosen by the Conservatives to Contest North Middlesex.

AILSA CRAIG, April 15.—The Conservative convention for North Middlesex was held here to-day, there being a large number of delegates present from Lucan, Parkhill and other portions of the riding. These officers were elected for the ensuing year:

President—John Fax, Lucan (re-elected).
Vice-President—W. H. Hutchens, Parkhill.
Secretary—J. W. Orme, Lucan.
Treasurer—B. Stanley, Lucan.

W. H. Maclin of London was unanimously chosen to contest the riding in the Conservative interest at the coming provincial elections. The meeting was addressed by Mr. Maclin, Mr. D. Creighton, M.L.A., and others.

SOUTH BRUCE CONSERVATIVES.

Dr. Tennant of Lucknow Will Be Their Standard Bearer.

WALKERTON, April 15.—At a meeting of the Liberal Conservative Association of South Bruce held here to-day Dr. Tennant of Lucknow was unanimously selected as the party candidate for the coming election. Mr. Shaw, Q.C., of Walkerton, Mr. Tolton and Mr. Eckford of Brant, and Mr. Dickson of Carrick were also nominated, but in consultation among themselves the candidates agreed on Dr. Tennant. The doctor has been a member of the County Council for several years, and while in that position discovered the defalcation of the late county treasurer. The meeting was largely attended.

CENTRE SIMCOE REFORMERS.

Robert Paton of Sunnidale Selected as Their Candidate.

ELMVALE, April 15.—A large and successful convention of the Reformers of Centre Simcoe was held here to-day, Mr. W. C. McLean of Barrie, president of the association, in the chair. The election of officers resulted as follows:

President—J. Dickinson, Barrie.
Vice-Presidents—H. Sewrey, Dr. Allen, J. Orchard, W. Lisamp, J. Martin.
Secretary—C. E. Hewson.
Treasurer—C. H. Ross.
Executive Committee—D. F. McWatt, N. Harkin, A. Finlay, J. Paterson, J. Lamonia.

The selection of a standard bearer in the Reform interests was then proceeded with and on the tenth ballot resulted in the unanimous choice of Mr. Robert Paton of Sunnidale. Brief addresses were delivered by several of the candidates, by the nominee, Mr. Paton, the sitting member, O. J. Phelps, M.L.A., and Mr. W. T. R. Preston.

Equal Righters at the Capital.

OTTAWA, April 15.—The Equal Rights party held an enthusiastic demonstration in the Grand Opera House here to-night. The speakers were Principal Caven, D'Alton McCarthy, John Charlton and Col. O'Brien, M.Ps.

REPUBLICANS PROTEST.

Sixteen Congressmen Who Will Help Defeat the McKinley Bill.

WASHINGTON, April 15.—A protest signed by sixteen Republican representatives has been presented to the majority of the House Committee on Ways and Means against the sugar and wool schedule of the Tariff bill as published. These representatives urge that a reduction of 25 per cent. in the duty on sugar and an increase of duty on low grade or carpet wools from 2½c. to 3 9-10c. a pound is as great a change as should be made. The manufacturers of ingrain carpets say the change in duty proposed by the schedule will increase the price of their product from 50 to 90 cents a yard and practically wipe out their business, silencing 6000 looms and enforcing idleness upon 30,000 workmen. The signers of the protest, it is understood, are from all sections of the country and an understanding exists among them that in its present shape they will not vote for the bill in committee of the whole house.

TORONTO TOPICS.

Police Magistrate Denison's Ambition—The Benwell Murder Story.

TORONTO, April 16.—Police Magistrate Denison left for England last night. It is said he will endeavor to secure the position which is likely to be made vacant in the near future by the recall of Gen. Sir Fred. Middleton.

Yesterday, before Chief Justice Sir Thomas Galt, sitting in single court, Mr. J. M. Hellmuth of London and Mr. D. W. Saunders of this city moved absolute the order nisi granted by Mr. Justice Maclennan calling upon the proprietor and editor of The Fireside Journal to show cause why they should not be committed for contempt of court in publishing an advertisement that a story entitled "Who Killed Benwell? or, the Mystery of Blenheim Swamp," would appear in that journal, beginning with the first number in May.

Mr. E. F. B. Johnston, Q.C., and Walter Macdonald appeared for the parties called upon.

Mr. R. G. Wilkie is the proprietor of The Fireside Journal and Miss Kate A. Westlake the author of the proposed story.

The Chief Justice condemned in strong terms the course taken by this paper as wrong and most indiscreet. Still he refused to make an order to commit the parties for contempt of court, but made an order restraining them from publishing either the advertisement or the story.

The publication of this story, it was alleged, would influence the minds of the public against Birchall, the supposed murderer of Benwell, who now awaits his trial in the Woodstock jail.

Morality Inspector Archabold last night caused the arrest of Madame Milford, 143 Shuter-street, on a charge of fortune telling. Detective John Cuddy made the arrest and she told him that she did tell fortunes to the women, but was compelled to do so in order to support a family of eight children. Apart from the offence with which she is charged Madame Milford appears to be a respectable woman and felt keenly the indignity of being compelled to pass the night in the cage reserved for degraded women. The detectives themselves think Madame's case a hard one.

The true inwardness of the Meyerfey defalcation is still to be unfolded. Recent investigations have brought up the shortage to nearly $30,000 and this is not the worst point of it. There are several actions threatened against the city for false arrest for non-payment of fines imposed, when actually they had paid Meyerfey, who had pocketed the cash without crediting it. Taking into consideration the compromise which the city may offer sooner than go into court, the Meyerfey incident may cost the city well-nigh $12,000.

Mrs. Anne H. Heaslip of 144 John-street sued her husband, John Heaslip of 16 Vanauley-street, for alimony. They were married in 1882. A pitiful tale was given by plaintiff of the defendant's ill-treatment, cruelty, abuse and licentious conduct. She was granted interim alimony of $600 a year.

GENEVA, Ill., April 15.—Prof. Brooks, director of the Smith Observatory here, has just been awarded the medal of the Astronomical Society of the Pacific for his discovery of the comet now in the eastern heavens. It is the first medal awarded by the society.

THE PRUSSIAN DIET.

CHANCELLOR VON CAPRIVI MAKES A FELICITOUS SPEECH.

His Utterance Received With General Approval by the Chamber—What the Party Leaders Said—Bismarck's Attitude—Other Cable News.

BERLIN, April 15.—The Prussian Diet was opened to-day by Chancellor von Caprivi. In his speech he said:

It is not my intention to state the Government's program, but having hitherto held aloof from political life I now wish to speak a few words in order to approach you personally. [Cheers.]

The Chancellor then referred to the important position which had been held by Prince Bismarck and expressed the hope that in the future the empire would continue secure. The edifice of the state, he said, was cemented firmly enough to resist wind and weather. Moreover, the noble personality of the young monarch had already manifested itself at home and abroad. He affirmed his undying belief in the future of Prussia and the German Empire resting on Prussia's shoulders. Both for a long time to come would be a historical necessity. Both could anticipate the future full of hope. The Emperor had said that his course would remain the same. The inauguration of a new era was therefore not to be expected, although a more harmonious solidarity would be manifest among the members of the Diet.

In conclusion the Chancellor said he would allow the widest scope to practical criticism and would adopt what was good wherever it was found. He would co-operate with all persons having at heart the interest of Prussia and aiming to foster the monarchic feeling in Prussia and the national feeling throughout the Empire. [Cheers.]

The speech was received with general approval by the Chamber. Herr von Heune of the Right Centre went to the ministerial bench and shook hands with the Chancellor. Herr Rickert, a Freisinnige leader, expressed satisfaction with the general tenor of the speech and said he trusted the Government would concede a reform in taxation. His party, he declared, would continue to defend the constitutional state system. Herr Zedlitz of the Free Conservative party and Herr Richter, the German Liberal leader, expressed confidence in the Ministerial declarations. Dr. Windthorst declared that the Centrists insisted upon the re-establishment of the relations between church and state which existed before the Kulturkampf. He complained of maladministration in the Public Worship Department and defended adherence to protection policy in economic matters.

The Gazette says Chancellor von Caprivi has forbidden the ministers or other officials to furnish any communications to newspapers. All intelligence which it is deemed desirous should be published will appear in the Reichsanzeiger, the official paper.

The Hamburger Nachrichten says Prince Bismarck does not intend to assume the attitude of a fault-finder toward the Government, although he will not refrain from expressing his views on momentous occasions.

Emperor William in a letter to the committee on the proposed Bismarck monument expresses his deep pleasure and sympathy and says he believes all classes will cordially co-operate in the movement. He desires himself to support and promote the project and will be happy to become a patron as required by the committee.

HOME RULE FOR INDIA.

Gladstone Hailed as the Champion of the Cause—The Panama Canal.

LONDON, April 15.—The Indian National Congress at Bombay has adopted resolutions demanding Home Rule for India and hailing Gladstone as the champion of the cause.

France and Holland have agreed regarding the powers of the arbitrators in defining the boundaries of the respective possessions in Guiana, Holland consenting that the arbitration shall be absolute.

At the Panama Canal Lottery drawing in Paris to-day M. Monchicourt, the liquidator, announced that the report of the Committee of Enquiry would soon be published, but he said there could be no question of arresting the liquidation. In order to form a new company to complete the canal the past must be clearly repaired. A new company administered by men of firm character and integrity, with the work under the direction of practical men, could alone inspire confidence. He did not consider the completion of the canal as impossible. The financial support already obtained would powerfully assist the work when the situation had been accurately defined by the committee's report.

A sensation has been caused in Bradford by the arrest of Francis Stubbs, who was at the head of the dyeing department of the Lester Company (limited) Silkworks, said to be the largest in the world. It is alleged he has committed frauds amounting to thousands of pounds. Other arrests are expected.

King Leopold, sovereign of the Congo Free State, denies that any proposals were ever made by Germany looking to the purchase of that state.

The anti-Semitic disorders at Vienna were renewed Tuesday but there was no serious trouble.

The Madrid gas works fire has been extinguished. No further damage was done.

BISHOPS IN CONCLAVE.

Archbishop Walsh and Bishops Dowling and O'Connor Visit Mgr. Cleary.

KINGSTON, April 15.—The Archbishop of Toronto and the Bishops of Hamilton and Peterboro arrived in the city this evening on a visit of a few days to the Archbishop of Kingston.

It is believed that they will select the names of three ecclesiastics for recommendation to Rome, of whom one will be accepted by His Holiness to fill the new episcopal see of Alexandria.

Working Girls' Convention.

NEW YORK, April 15.—The first annual convention of the Association of Working Girls' Societies met here to-day. Miss Grace H. Dodge presided. The convention was held under the auspices of the New York, Boston and Brooklyn associations and the Philadelphia New Century Working Women's Guild. There were 400 delegates, of whom over half came from out of town.

Justifiable Homicide by a Boy.

DONIPHAN, Mo., April 15.—Two of a gang of four masked men who visited the residence of an old man named Holland, living at the Pike place near here, last [illegible] for the purpose of whipping him, were [illegible] by Holland's 14-year-old son. The [illegible] knocked the old man down and were beating him when the boy opened fire on them with a double-barrelled shotgun.

Navigation Open at Escanaba.

ESCANABA, Mich., April 15.—The steamer Hiawatha is making her way through the ice in the harbor and navigation [illegible] open.

Common Sense

In the treatment of slight ailments would save a vast amount of sickness and misery. *One of Ayer's Pills*, taken after dinner, will assist Digestion; taken at night, will relieve Constipation; taken at any time, will correct irregularities of the Stomach and Bowels, stimulate the Liver, and cure Sick Headache. Ayer's Pills, as all know who use them, are a mild cathartic, pleasant to take, and always prompt and satisfactory in their results.

"I can recommend Ayer's Pills above all others, having long proved their value as a

Cathartic

for myself and family."—J. T. Hess, Leithsville, Pa.

"Ayer's Pills have been in use in my family upwards of twenty years, and have completely verified all that is claimed for them."—Thomas F. Adams, San Diego, Texas.

"I have used Ayer's Pills in my family for seven or eight years. Whenever I have an attack of headache, to which I am very subject, I take a dose of Ayer's Pills and am always promptly relieved. I find them equally beneficial in colds; and, in my family, they are used for bilious complaints and other disturbances with such good effect that we rarely, if ever, have to call a physician."—H. Voulliemé, Hotel Voulliemé, Saratoga Springs, N. Y.

WEDNESDAY APRIL 16, 1890.

THE SEPARATE SCHOOLS.

The following circular issued by Archbishop Cleary to his clergy was made public in Toronto papers a few days ago:—

PRIVATE AND CONFIDENTIAL.

To the Very Rev. and Rev. Clergy of the Diocese of Kingston:

THE PALACE, KINGSTON, Feb. 24, 1890.

DEAR REVEREND FATHER: Should there be any Catholic ratepayers in a separate school section in your district, who by a reason of absence from home, or any cause other than a wilful anti-Catholic determination to withhold his taxes from the Catholic school, has not signed the notice to the clerk, you should see that his name be registered as heretofore, on the assessment roll of separate school supporters. For it is not absolutely certain that every Catholic failing to sign the notice may be counted for the Protestant schools, although it seems very probable he may. All Catholics ought therefore to be registered as Catholic school supporters in the absence of positive declaration to the contrary, as has been done for the past 25 and more years. This is, moreover, the fair and reasonable interpretation of the wish of every Catholic ratepayer.

If unhappily there be any Catholic ratepayer who, in this hour of conflict between the kingdom of Satan and the kingdom of Christ, deliberately choose to side with the enemy for the gradual destruction of Catholic education in this province, I hereby charge you as the pastor of the souls of your people and guardian of the rights of Jesus Christ and His church, to call upon every such ratepayer before the first of next March and announce to him in my name and authority as his bishop that:

1. His action in this matter is rebellion against the church and he comes under the anathema pronounced by the Son of God, "If any man will not hear the church let him be to thee as the heathen and the publican."

2. That I hereby reserve to myself alone, or in my absence from my diocese to the administrator for the time being, all power of absolving such rebellious Catholic from his sins, unless he shall have signed a written declaration, or ordered it to be signed by his agent, that he [illegible] repents of having injured the church, and scandalized his neighbors by his withdrawal of his taxes from Catholic education and shall have promised to become a supporter of the separate school at the earliest opportunity. On receipt of this declaration in writing, any priest of my diocese may absolve him.

3. This reservation of [illegible] applies to the article of death as firmly as to any other time. The rule that "no case is reserved at the hour of death," signifies that only penitents who at that hour confess a reserved sin, and are heartily sorrow for having committed it, and firmly resolve to avoid it in the future, and moreover willing to repair in the manner prescribed by the church whatsoever scandal their evil action may have given, may be absolved by any priest without awaiting special faculties from the bishop. But neither in life nor at death can a sinner be validly absolved without true contrition for his sins and firm purpose of amendment and reparation, as far as in him lies, of the injury done by him to individuals or to the church, or to Christian society.

4. It follows that such rebellious Catholics as I refer to cannot receive any sacraments or any favor from the church, even in "articulo mortis," so long as they persist in the rebellious disposition and refuse to sign the written declaration aforesaid, or order it to be signed in their name. And should any of them unhappily die in that state, I hereby ordain that no public mass shall be offered nor any public prayer said for his soul, nor shall his corpse be admitted into the church, nor any bell be tolled for announcement of his death or burial, nor shall it be lawful for any priest to attend his funeral. But if the dying sinner shall have signed the required declaration of repentance, and consequently died in the peace of the church, the pastor is hereby required to read such declaration aloud to the faithful in the church before the funeral mass or absolution of the corpse, and also at mass on the following Sunday before praying for the soul of the deceased.

And it is furthermore required that the pastor shall send such declaration signed by the penitent to the bishop of the diocese without delay. Should the sick sinner be unable to sign the declaration his wife or any member of his family or the priest may be his agent for the signing of his name, if he has given orders for this to be done, in presence of one or more witnesses.

5. The pastor of each mission is hereby required to send to the bishop as soon as possible after March 1st a list of the names of all, should there be any, who have declared against supporting separate schools.

DEAR REV. FATHER—I have not deemed it necessary heretofore to make the withdrawal of support from Catholic schools a reserved case, although the other bishops of the province have done so. In the present crisis, however, when Satan has raised a violent agitation against the church and has chosen the school-room for his battle-ground, there is exceptional danger to our people, many of whom may be seduced from the path of duty by the misrepresentations of an irreligious press and the cajolery of party politicians or by personal inducements supplying pretexts of one kind or another for deserting the cause of Christ and ranging themselves on the side of the enemy.

I confidently hope you will succeed in preventing this evil in your district. If after March 1 any of your people be found registered, through neglect or any accident, on the assessment roll of the common schools, see that they protest in the Court of Revision. When sending me the list of renegades mark (X) the names of such as may be reasonably excused on account of the excessive distance of the separate school or any other fair cause, and state exactly to me the truth or falsity of the excuse.

† JAMES VINCENT CLEARY,
Archbishop-elect of Kingston.

Advice to Mothers.

Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.

Are you made miserable by Indigestion, Consumption, Dizziness, Loss of Appetite, Yellow Skin? Shiloh's Vitalizer is a positive cure. For sale by Geo. A. Schofield, Druggist, Peterborough.

Call and get a pair of boots from Kidd the booter. d81-w14

MR. VANDERBILT'S FARM.

A LUXURIOUS COUNTRY RETREAT NEAR NEWPORT.

The Old House As It Has Been Remodeled—Horse and Cow Stables—The Dairy and Hennery—The Occupants of the $50,000 Stable.

The stable is a wonderful affair, especially to the simple, unsophisticated farmers of Portsmouth, who were horrified at the thought of the expenditure of $50,000 for the erection of a structure to be used for the base purpose of a habitation for cattle, and no wonder, for there is hardly a farm on the island which is worth—land, farmhouse, stable, and all—as much as this stable alone cost. The form and appearance of the stable, too, were to the plain, unartistic tillers of the soil, a wonder and a revelation. That a frame barn could be anything other than a plain, bare, rectangular building, guiltless of any ornamentation more elaborate than a ventilator or a vane, had scarcely entered the mind of even the most progressive inhabitant of the town. But here rose before their astonished eyes a structure which seemed to them to have hardly a straight outline to it and to be all ornamentation, and as for the interior, the like of this marvelous stable had never been seen before. Hardwood finish and brick and tile and asphalt floors in a stable were certainly never heard of before in this democratic land. But there it was, irregular in outline, picturesque in adornment, elaborate in appointment, and worth $50,000, and there it is to-day.

The building is really in three sections, joined together at the ends, as it were. The first section in plain in appearance and one story in height, and is the part used for the storage of carriages. It is surmounted at the west end by a ventilator, this portion being the horse stable. At this end it is joined by another section, the junction being by the overlapping of the two sections. This section is more elaborate in its external appearance, having a handsome central tower on each side and a gable also on each side just beyond the tower. The towers are built from the ground, but rise only to about the height of the beginning of the roof, which in this section is higher than in the first, to give space in the eaves for the storage of hay. The roof is surmounted by two ventilators. The third section joins this section also by overlapping. This is for the use of the cattle, and has gables and towers like the part just described, and the supply of ventilation is even more elaborate. The building is clapboarded to the beginning of the roof, which, in the main sections, is double-pitched and shingled. The gable and ventilators are also shingled. The towers are shingles from the ground, but is red to the beginning of the second pitch of the roof, and from that point in the ordinary color, making a very marked contrast. The windows, which appears at intervals all over the building in no regular order, are set with small panes. The doorways are wide and the entrance large. The lower story is painted the fashionable light yellow, to correspond with the house, but the shingles are left unpainted, thus producing an odd effect.

The entrance to the carriage house is through a covered shed, which is used as a standing place for the horses and carriages of visitors. Passing through a sliding door from the carriage house, the horse stable is entered. The floor is laid in brick, the finish of the room is hard pine, and the five box stalls and six open stalls are also of the same material. Above the woodwork of the box stalls are fixed iron gratings. There are accommodation for twelve horses, and at the writer's visit each stall was occupied. Among the animals were a thoroughbred horse, Kentucky, which has made a mile in very close time; a thoroughbred year-old colt, unnamed, which is half sister to Maud S., saddle horses and polo ponies. Out of the horse stable open the harness room, well supplied with all conveniences and equipments, the feed room, and the hay barn.

Out of the hay barn opens the cow stable, which is a model apartment of its kind, and might well make the neighboring farmers stare with wonder and bewilderment at the character of its appointments. The floor is laid in sheet asphalt, the woodwork is hard pine, and the places for the cattle are simply two rows of low stalls, which face each other and extend down the centre of the room. These are supplied merely with bedding, the food of every kind being served to the animal upon the bare floor, which, together with every appointment of the apartment, is kept scrupulously clean. There are accomodations for twenty cows, and all the stock are registered or eligible to registration. On the front of each stall is a plate bearing the name and pedigree of the animal occupying it, and each cow wears about her neck a chain with a padlock, upon which are the initials of Mr. Vanderbilt.

Out of this room opens another, which is occupied by a number of box stalls for the use of cattle and calves. There are probably few cows on the island which cost as much as $100, while here there is not one which is valued at $500, and from that sum they rise in price to $3,000 and $4,000, and one animal jumps in value up to $10,000.

A door from the cow stable admits to a large shedlike addition, which is the sheepfold, where some forty or fifty sheep are sheltered. This, too, is floored with asphalt, but has a thick covering of straw above it to give greater warmth.

Other features of the farm are a large hennery and a model dairy. The hennery consists of a series of houses forming three sides of a hollow rectangle. They are low and rambling in style and of varying dimensions of height, length, and width, thus giving a very picturesque effect. Adjoining the houses are three large henyards, enclosed by low wooden fences topped with high wire nettings. The hennery furnishes accommodations for a large flock of hens and other poultry.

The dairy is certainly a model of its kind. It is an addition to the main house, a single story in height, and plain in its outside appearance. Within everything is neat and clean and sweet. Passing through an anteroom, where the churning and buttermaking processes are performed, a door opens upon a flight of steps which descend to the dairy proper, which is half below ground. The steps are broad stone slabs, with a handsome brass railing, and the floor to which they lead is of red tiles, while the walls are of white glazed tiles and the ceiling of hard pine. The dairy is divided into two rooms, both small, but admirably adapted to their purposes. The first contains a large refrigerator and both hot and cold water.

The buildings are now all in order, and the work of improvement is in progress upon the grounds. The land is being sewered to provide the necessary drainage for the best cultivation of the farm, roads are being laid out over the estate, and the premises are being gradually brought under cultivation.—N. Y. Times.

A very ingenious electric device has lately been patented by which the hands of a clock set to a certain hour are made to complete an electric current connected with the kitchen stove so that the fire is started when the given hour arrives.

How He Sold Them.

Lady of the House—I don't need any of your burglar alarms.

Agent—That's just what the lady next door said.

Lady of the House (on the alert)—Said what?

Agent—That it was no use of me calling here, as you wouldn't need any because you had nothing to steal, but I [illegible]

Lady of the House (gritting her teeth)—Give me three.

Swallowed an Open Penknife.

OTTAWA, April 15.—Miss Alice Elliott, aged 22, while suffering from dementia, swallowed a small penknife with the blades open. So far she has experienced no unpleasant results, but the doctors are watching the case with great anxiety.

LACROSSISTS IN COUNCIL.

Annual Meeting of the C.L.A. at Woodstock—The [illegible] Games.

WOODSTOCK, April 15.—The third annual convention of the Canadian Lacrosse Association was convened here to-day, delegates from all the principal clubs in Ontario being present. The council met at 3 p.m., prepared their report and appointed these committees: On credentials, Vance, Hunter and McFadden; on nominations of new clubs, Garvin, Phemister and Baird. Hunter and Vance were appointed auditors.

In opening the regular meeting the president pointed out that out of over 100 championship matches last season only three disputes were brought before the Judiciary Committee.

The Committee on Nominations found these clubs eligible for membership: Hepworths, Victorias of St. Thomas, St. Catharines, Port Elgins, Beavers of Ingersoll, Capitals of Toronto, Brants, second twelve of Paris, Stars of Bright. The report of the auditors showed the condition of the association very healthy.

A communication was read from the N.A.L.C. secretary re Clewes' reinstatement. The C.L.A. refused reinstatement.

The secretary's report said that 46 of the 64 clubs are in good standing. In the association's three years the membership has steadily increased. Intermediate districts were increased from 8 to 11. The senior championship was won by the Athletics of St. Kitts, but the section mode proved unsatisfactory.

The winners of the various district championships were as follows: Northeastern, Orillias of Orillia; Central, Excelsiors of Brampton; Niagara, Niagaras of Niagara Falls; Southern, Dufferins of Ingersoll; Western, Stratfords of Stratford; Northwestern, Lornes of Mount Forest; Southwestern, Kents of Blenheim; Gerry, Listowels of Listowel; Eastern, Checkers of Beaverton; Central Southern, Ligars of Tilsonburg; Saugeen, Owen Sounds of Owen Sound.

The following players were reinstated last year: James McConaghy, J. Croynan, W. Edmundson, W. Hewitt, W. S. Hewitt, Alexander Burns, P. Brown, George Whitelaw, George Cheyne, William Patterson, Lou Campbell, H. Robbins, George Parker, Thomas Magnes, W. Perry, J. Gourley, T. H. Henry, W. Kearns, R. Anderson.

The evening sessions opened with discussions on the various proposed amendments. Sec. 6 rule 6 was amended giving the referee power to set aside or reverse the decision of an umpire. A section to rule 8 was added to compel referees to supply a certificate to the captain or secretary of the winning club by him to be forwarded to the secretary of the association.

The Capital Club of Toronto and the Niagaras were admitted to the senior championship series. The officers for the year were elected as follows:

Hon. president, E. W. Nesbitt, Woodstock; president, H. P. J. Good, Toronto; vice-president, James Vance, Ingersoll; first vice-president, A. H. Baird, Paris; secretary-treasurer, Henry O'Loughlin, St. Catharines; council, Mitchell, McCutcheon, Thompson, Kendall, McFadden, McGuire, Hunter, McKay, Bampfield, Arkell.

The Galt Baseball Club.

GALT, April 15.—A meeting of persons interested in the reorganization of the Baseball Club for the approaching season was held at the Imperial Hotel to-night. Notwithstanding the fact that several of last year's best players, including the battery, are not available, those present at to-night's meeting were unanimous in belief that a team equal if not better than last year is easily obtainable here. A club was formed and the following officers appointed: Hon. president, Thomas Cowan; president, W. J. Millican; vice-president, G. A. Graham; secretary-treasurer, J. W. Capron; directors, W. Thompson, W. Turnbull and W. C. Coulthard.

IRON WIRE FOR TELEPHONES.

A Russian Inventor Claims to Have Made an Important Discovery.

A remarkable story has reached us from the land of the White Czar, not, this time, of Siberian horrors, but of a wonderful new system of telephony—that is to say, wonderful if true. We are not accustomed to look to Russia for developments in the electrical industry; in fact, to the best of our belief, the Jablockoff candle is the only electrical invention that has emanated from that curious and interesting country.

The story is as follows: At the end of last year experiments were carried out with a view to establishing telephonic communication between Moscow and St. Petersburg, by means of the ordinary telegraph line, the system of telephony employed being that of Mr. K. Grosdoff. There were present at the experiments various high officials of the Russian telegraph system and other electricians.

Three sets of telephone apparatus were set up at the Moscow central telegraph office and at the technical school of the telegraph department at St. Petersburg. The results obtained are said to be highly satisfactory, speaking being clear and distinct.

The peculiarity of Mr. Grosdoff's system centers in the fact that the conductor employed is of iron, whereas it has hitherto been believed impossible to use iron wire for long distance telephony. The Russian officials estimate that a line between Moscow and St. Petersburg, constructed with iron wire, would cost at least 20 per cent. less than if copper wire were used.

When it is taken into account that the distance between Moscow and St. Petersburg is nearly 400 miles, or about four fifths of the distance from New-York to Buffalo, the results given above are very remarkable, indeed—if true. The great omission in this interesting little tale from Russia is a detailed description of Mr. Grosdoff's "system." Until that omission is supplied, we must be excused for being a trifle skeptical as to the employment of iron wire for long distance telephony.

Her Regular Habits.

Agitated Young Bridegroom (immediately after the ceremony)—Serena, shall—shall shall we—shall we kiss?

Self-possessed Bride (her third experience)—It is my usual custom, William.—Chicago Tribune.

An Unfilial Son.

"I passed, dad," shouted a Montana school boy, rushing into his father's arms.

"Passed did you, you young scoundrel. Why didn't you raise 'em a stack of blue and keep up the honor of the family."—Minneapolis Times.

The Way of It.

"Miss Browning used to be very cool towards you."

"Yes; but I took her skating and it's all right."

"I suppose you took a tumble and broke the ice."—Chatter.

Belied Its Name.

She looked with dismay at the result of her baking.

And remarked, with the tears in her eyes "If this really is angel cake I have been making,

Then why in the world don't it rise!"

—Terre Haute Express.

Nothing Wonderful After All.

Wickars—An artist friend of mine once painted a banana peel on the sidewalk so naturally that the first man who came along slipped and fell down on it.

Vickars—It couldn't have been very natural, if the first man that came along tumbled to it.—Terre Haute Express.

IRISH PLAYS.

With Few Exceptions They Are the Best Paying of Dramas.

One of the most striking features of the contemporaneous drama is the enormous money-making powers of Irish plays.

They always possess a certain amount of popularity, but it is only within recent years that they have transformed very humble actors into wealthy men and in some cases into millionaires. It is less than two years since Barry and Fay were engaged in the Broad Street Theatre in Philadelphia for producing "Irish Aristocracy," and yet now, with that play and "McKenna's Flirtation" and "Muldoon's Picnic" in their repertoire, they have requests for engagements for three years to come. Although they played almost the entire season in Harrigan's old house, the New Park Theatre, they have already been summoned back to New York and will appear next week in the Windsor Theatre. They are absolutely coining money and their manager, William Dunlevy, who has an interest in their plays, and who a little more than a year ago was a struggling newspaper man, is already rolling in wealth. It is odd how the quill-driver takes kindly to stage management, of which we have numerous brilliant examples from Augustin Daly down. Dunlevy, besides managing Barry and Fay, has also been made the resident manager of the New Park Theatre, which is nightly filled with a roaring crowd laughing at the wondrously clever comedy work of Frank Daniels in "Little Puck." There, by the way, in a box one night this week, I saw Joe Emmet, who furnishes one of the strongest illustrations of what I have said about the boom in the Irish drama. While he first gained fame as Fritz, a German character, of course, he soon recognized the wisdom of catering to that large portion of the amusement-going public who were born in Ireland or are descendants of Irish people, and so it was through the play of "Fritz in Ireland" that he amassed a fortune. What a career his has been! His public life began as a player on a snare drum in old Ben De Bar's Theatre in St. Louis, and the first dancing in public which he did was in a St. Louis gin mill, where he was paid $10 a week. To-day, notwithstanding his periodical sprees, he is unquestionably the richest actor in America, his wealth being estimated at not less than $2,000,000. His home in Albany, which is known as Emmet's Castle is said to have cost him $250,000, and there he has a collection of dogs for which he paid $20,000. The reason why his departures from sobriety have never cost him the faith of theatre managers is because when he does not appear he makes a rule to not only turn into the theatre treasury the expenses of the house, whether it be for a day or week, but, in addition, every penny of the largest possible prospective profits. When he was taken to Bloomingdale Asylum on the occasion of his latest and most protracted debauch, and his life probably saved by the care and attention of his wife, he gave that good woman, who is thoroughly devoted to him a peace offering in the shape of $750,000 in United State bonds. His popularity has not yet begun to wane. His last engagement in Boston, in the esthetic Hub, which ended, I think week before last, was the second largest theatrical engagement, in point of financial return, which was ever had in that city. And as he sat in the box at the New Park Theatre and witnessed the comicalities of Daniels, he laughed and doubled up and clapped his hands like a boy at his first play. After two years abstinence he is now again on the rampage, and his dates for the remainder of the season have been closed.

Then there is young William J. Scanlan. From singing Irish songs in a variety show he has become a star of great refulgence and with the aid of his business-like wife, many purses are required to hold the coin which he calls his own.

And Joseph Murphy, too, with his perennial "Kerry Gow." He is getting along in years, but by the aid of an Irish play and a close-fistedness which is not usual in the Irish character, he is gently sliding down the hill of life with nearly a cool million bulging in his pockets.

A New Species.

Young woman (looking at a sheep picture)—Isn't that a beautiful Jacques! How good those sheep are!

Young Man, They ought to be. Canvasback sheep, you know.
—Life.

The Sequences of Success.

A Collar Window.

Gentlemen who are interested in neat neck wear admire the display of collars and cuffs shown in the George-st. window of Mercer & Co.'s store. The beautiful white goods are tastefully arranged on neat brass rods, and there are hundreds of styles all fashionable and popular. The goods are from the best American manufacturers and suitable to a city trade.

New Meat Market.

Messrs. R. Stinton and J. A. Bennett have opened a meat market at the corner of Simcoe and Aylmer-sts. They respectfully bring the fact to the notice of their friends and the public generally and solicit a share of their patronage. The choicest meats will be always in stock, and every attention shall be given to the orders of those who may favor them with their custom. 6d88eod

Landon Spends the Night Here.

George A. Landon, a former agent in this vicinity for "the Dominion Grain and Seed Co.," who was arrested at Bellevilleon Monday charged with fraudently obtaining a note from Mr. J. O. Leary, of Emily, spent last night in the cells here. He was brought from Belleville by Constable George Wilson, of Lindsay, and was taken on to Lindsay this morning where he will be given his trial.

The Correct Reference.

In reporting Mr. R. B. Rogers' evidence before the canal commission on Monday he requests us to state that the reduction in Mr. Rubidge's estimate, of 30 to 50 per cent. had reference to the building of lock gates and not in regard to the whole estimate. With regard to the whole estimate of the canal he thought the figure could be reduced about 20 per cent. if the class of work such as at Young's Point, Peterborough, Hastings, Bobcaygeon, or Chisholms was adopted.

Royal Templars at Bridgenorth.

A number of the members of the local Council of Royal Templars were at Bridgenorth last evening, where a meeting was held in Kelly's hall with a view to organizing a Council of the Royal Templars in the village. Addresses were delivered by the Rev. Mr. Houck and Messrs. Wyatt and Conchie. The latter gentleman also sang two very pleasing solos. The result of the meeting will be that a Council of Royal Templars will be organized at Bridgenorth on Monday evening next.

To overcome the marks of age, all who have gray beards should use Buckingham's Dye for the Whiskers, the best and cleanest dye made for coloring brown or black.

Lacrosse Lethargy.

Some of the ardent lovers of Canada's National Game are anxious to know why the lacrosse boys have taken no steps at organization for the coming season. They would not want to see the game drop into the things of the past in Peterborough and, as Mr. H. Calcutt has signified his willingness to support the club should it organize there is no reason why a team should not be in the field this year. Let some of Peterborough's crack players, for we have them, come to the front and organize for the season.

Why will you cough when Shiloh's Cure will give immediate relief? Price 10c. 50c. and $1. For sale by Geo. A. Schofield, Druggist, Peterborough.

THE SCOTTISH CONCERT.

A Large Attendance at the Opera House—A Lengthy Programme.

It was a large audience that filled the Opera House last evening to listen to the Easter Charity Concert which was given under the auspices of the St. Andrew's Society. The benevolent object to which the proceeds of the concert were applied merited the support which the citizens in general gave the concert, while in return those who attended were given a programme which possessed among its numbers talent which well repaid all who climbed the stairs of the Opera House to hear it. There were two features in the evening which were rather to be regretted, viz., the length of the programme and the indiscriminate encores of the audience. The programme consisted of nineteen numbers, with a stereopticon exhibition sandwiched between the first and second parts, and had these numbers been allowed to run through without repetition the length might not have been so patent to or fully realized by the audience, but notwithstanding that a request to abstain from encores was printed on the programme, the audience encored indiscriminately and it was half past eleven before the end was reached. However, the audience was highly pleased with the renditions of Miss Knox, the whistling of Miss McManis, the singing of Miss Sophy Cameron and the playing of Miss Ealand. St. Andrew's Society can feel flattered at the magnificent manner in which their concert was patronized and will be enabled to place a good sum to the credit of their benevolent fund.

The personnel of the programme was as follows:—

Miss Agnes Knox, Miss Lottie Watson,
Miss Laura McManis, Miss Lizzie Watson,
Miss Alice McManis, Mr. Anderson,
Miss Sophy Cameron, Mr. McIntosh,
Miss Ealand, Mr. R. M. Roy,
Prof. Parker.

The instrumental solos were two in number and were both excellent renditions. Miss Alice McManus, sister of the lady whistler, opened the programme with a piano solo, while Miss Ealand was first on the second part with a very pleasing selection which was played with excellent taste. Miss Sophy Cameron was the only lady vocalist on the programme, except the Misses Watson who each gave a character song. Miss Cameron's singing has always been received with favor by Peterborough audiences, and last evening she sang in a remarkably pleasing manner which her listeners fully appreciated. Her first selection was the familiar Scottish song "Caller Herrin." It was well suited to her voice and was rendered exceeding effectively. Her second selection was "A Midsummer Night's Dream," and this too was given in good voice and elicited well merited applause. These were two bright and appreciated numbers in the evening's programme. Miss Agnes Knox, the talented elocutionist, whose visit was heralded with most profuse eulogies, did not disappoint her audience, but on the contrary delighted them. Miss Knox was down on the programme four times and was deservedly encored each time. Her first rendition was "Lasca," a love story of the Texan ranches, her second was the picture scene from Hamlet, her third was "Saunder McGlashen's Courtship," and her fourth "A Street Arab's Christmas." These renditions, with the encores, gave the gifted young lady splendid opportunities to show her versatile ability and her audience was delighted. Her rendering of the Shakespearian selection was remarkably fine, while the expression she gave to the portrayal of the Texan love story and the pathos thrown into the "Street Arab's Christmas," was just as true and effective as the acting and accent put into the humorous "Saunders McGlashen's Courtship." Miss Laura McManis, the lady whistler, was a new feature for a Peterborough audience and her four solos were apparently pleasing to the audience and exhibited the unusual gift which the young lady possessed as a whistler. She was encored on every appearance. Her last solo "The Mocking Bird" was especially good. The Misses Watson in their character songs amused the audience and were loudly applauded, as also were Messrs. McIntosh and Anderson in their vocal solos. The former gentleman also danced the Highland fling in true Scottish style and was encored.

During the intermission Mr. R. M. Roy gave a number of very fine stereoptican views of scenes in the Highlands. These views concluded with excellent portraits of Mr. Chas. Cameron, President of the St. Andrew's Society, and Mr. J. E. Noble, Vice-President. When the familiar countenances of these two leading Scotchmen in the local society came upon the canvas they were greeted with great applause and cheers.

The accompaniments were played during the evening by Prof. J. S. Parker, Miss Ealand and Miss Alice McManis, and each of these performed their tasks most acceptably.

At the close President Cameron thanked the audience on behalf of the Society for their attendance.

Sketching the Dollars

is one way of saving money. Every dollar you spend for groceries at W. J. Morrow's brings you in over a dollars value let alone the quality of goods. Morrow always keeps his stock up to the mark. Telephone No 130. d28f

Scrofula is transmitted from parent to child, and thus becomes a family inheritance for generations. It is, therefore, the duty of every scrofulous person to cleanse his blood by a thorough and persistent course of Ayer's Sarsaparilla.

The Final Week of the Sale.

You must act promptly if you want to help yourself to the bargains at the Duncan Cameron bankrupt sale. This is the closing week. A lot of the stock has been sold but there are some splendid things left in Tweeds. The patterns are choice and goods the right weight for summer wear. Just such as every man needs. Don't fail to see these Tweeds and if you see them you wil' buy. Hurry up. Sale closes on Saturday next. Not much time left but you can get there if you are quick. Remember sale at D. Cameron's old stand, George-st. d33tf

TWO HOMES.

Joe. Hess Tells How he got a New Home—Experience as a Book Agent.

A very large audience filled the George-st. Methodist Church last night to hear Joe. Hess, and the interest showed no signs of waning, but rather seems to increase. Rev. F. Clifton Parker presided and opened the meeting with prayer. Rev. S. J. Shorey was also on the platform. Mr. Hess read, for the Scripture reading, part of the sermon on the Mount and made running comments.

A GOOD WORK.

Rev. Mr. Shorey said that during the last few years he had decided that it was not well to criticize a man who could do a work better than himself. Some might not like Joe. Hess' methods, but he succeeded in doing a good and a needed work. He commented on the necessity for a strong voice to awaken and rescue drinkers.

TWO HOMES.

Joe. Hess was then introduced. He said that he did not mind criticism. Not a bit. Some people did criticise, but they came to the meetings just the same. And criticism advertised the meetings and saved money for the Royal Templars. At the same time if any one could do the work better than he could, let him trot right along. He then read a newspaper clipping regarding a learned professor who got drunk on his wedding tour, and commented upon it. He rallied the girls on being too quick to take up with a stylish looking young man, and warned them not to marry a man who drank and to always know that the man was sober and honest. He said that the devil used all manner of devices to catch men, and they should be as wise as the devil. Whether they made people laugh, or cry, or sit with long faces it was all right, so long as they did them good. He then took up his subject, "Two Homes." He told of his difficulty in knowing what to do when he signed the pledge, as he had never completely learned his trade. He visited Mr. Burdich and asked him to get him a job sweeping the streets, but he got him a job in a lumber yard shoving lumber. "Why, some people when they reform," said he, "want to get a job in the bank, or something of that kind, or to have people doddle them around like a baby. They should spank them!" (Laughter.) That job did not hold out and he related in a humorous way his experience in getting a job as a book agent and also his experience in trying to sell the books, drawing lessons as he went along. He then related in a similar manner the way he got a new home on Jones Avenue for his family to take them to from where they had lived and the assistance he received from kind gentlemen and also of how a number of Rochester citizens encouraged him and his family. He contrasted his present home of comfort with his former home and the greatly altered condition of his family. Now his children could go to school instead of working in a cigarette factory, because he was sober. With the help of God he would fight on, no matter what persecution he might meet. He invited all who had not signed the pledge to go forward and do so and be happy.

While the choir was singing a number donned the blue ribbon and the meeting closed.

To-night the meeting will be held in the Opera House and the subject will be "Prize Fighters." To-morrow afternoon at 3 o'clock Mr. Hess will give an address on "Women's Work" in the Opera House. All are invited, but especially women. To-morrow night the meeting will be for men only.

Kidd has a full line of the finest boots to be had in the market, also a line of the cheapest boots in town. d84-w15

The Reform Nomination.

The Reformers of this riding met in the Opera House this afternoon to nominate a candidate for the Ontario Legislature. As was expected Mr. J. R. Stratton, M. P. P., was the choice of the meeting.

For Delicate, Sickly Children.

Scott's Emulsion is unequalled. See what Dr. O. A. Black, of Amherst, N.J., says: "I have been acquainted with Scott's Emulsion of Cod Liver Oil, with Hypophosphites, for years, and consider it one of the finest preparations now before the public. Its pleasant flavor makes it the great favorite for children, and I do highly recommend it for all wasting diseases of children and adults. Sold by Druggists, 50c. and $1.00

Brevities.

—There was another blank at the Police Court this morning.

—A Young Men's Auxiliary is about to be organized in connection with St. Paul's church.

—A lodge of the Independant Order of Good Templars it is expected will be organised here next week.

—The Reformers of this riding are meeting in the Opera House this afternoon to nominate a candidate for the Ontario Legislature.

—A new advertisement from Messrs. Mulholland & Roper containing a special announcement regarding the admission of Mr. Felix Brownscombe to full partnership in the insurance department, which was referred to yesterday, will be found in another column.

"After a varied experience with many so-called cathartic remedies, I am convinced that Ayer's Pills give the most satisfactory results. I rely exclusively on these Pills for the cure of liver and stomach complaints."—John B. Bell, Sr., Abilene, Texas.

YOUNG'S POINT.

The Contract for the Wharf—Ready for the Opening of Navigation.

Correspondence of the Review.

WHARF.—Mr. C. Young has been awarded the contract for building the new wharf to be erected at the south end of the locks here, to be used for embarking passengers and loading and unloading freight.

THE STEAMER MARY ELLEN.—Mr. P. P. Young has got his nice little steamer, the Mary Ellen, thoroughly overhauled and repainted to be in readiness for her summer trips. Mr. W. Scollard will be master again this season.

RIVER DRIVING.—Two or three gangs of men passed through here for their respective drives. They behaved themselves pretty well. Poor fellows, they have hard work to perform for a living.

HOTELS AND LICENSES.—Mr. W. McFarlane has again applied for a renewal of license for his hotel near the locks. Mr. Jas. E. Kearney has also applied for the Lakeview House. Both the hotels have got their own [illegible] and do quite a good summer trade with tourists and others.

To Nervous Debilitated Men.

If you will send us your address, we will mail you our illustrated pamphlet explaining all about Dr. Dye's Celebrated Electro-Voltaic Belt and Appliances, and their charming effects upon the nervous debilitated system, and how they will quickly restore you to vigor, and manhood. Pamphlet free. If you are thus afflicted, we will send you a Belt and Appliances on a trial. VOLTAIC BELT CO., Marshall, Mich.

Shiloh's Vitalizer is what you need for Constipation, Loss of Appetite, Dizziness, and all symptoms of Dyspepsia. Price 10 and 75 cents per bottle. Sold by Geo. A. Schofield, Druggist, Peterborough.

BOWEN GETS FIVE YEARS

HE PLEADS GUILTY TO TWO CHARGES OF CATTLE STEALING.

Sarah Clarke Acquitted on the Charge of Larceny—The Civil Case of Howson vs Wolstenholm Heard—The Grand Jury's Presentment and His Lordship's Reply.

The hearing of the first of the quintette of larceny charges which Thos. Bowen, the Auburn butcher, had to face, occupied the court until five o'clock in the afternoon yesterday. This charge was that of stealing twelve bags of wheat from Robert Donoghue, of Emily, on the night of January 29th. The evidence for the prosecution as given at the preliminary trial at the Police Court was again gone over with little variation. The only new witnesses were for the defence. Alex. Ritchie, the well-known gaol bird who is now doing a term of six months for larceny, was called. He said that the accomplice Peacock had told him when they were in the gaol together that Bowen had used his (Peacock's) father mean in some business and he intended to get even with him now that he had the chance. Mr. Hicks, step-father of Bowen, who lives in Irondale, was called and swore that the prisoner was at his (Hick's) home on the 29th of January, the night when the wheat was stolen. The chain of circumstantial evidence, however, was so well woven and corroborated Peacock's story of the night's proceedings to such an extent that the jury, after the counsel for the defence and the Crown had both addressed them and His Lordship had charged them, brought in a verdict of guilty. The jury was out for about one hour.

THE FORGERY CASES.

The Grand Jury brought in three true bills for forgery against Jerome C. Green, of Havelock. Green was placed in the dock and pleaded "not guilty" to the three indictments.

SARAH CLARKE ACQUITTED.

This morning Sarah Clarke, the young girl who was to stand her trial for the alleged larceny of a silver watch, the property of James Scrimshaw, was put in the dock. She was defended by Mr. W. A. Stratton. The evidence offered in the case was the same as that given at the Police Court last week. It will be remembered that the girl was living as a servant at Mr. Geo. S[illegible], where Scrimshaw was also working. Sarah went home to Lakefield on a Saturday night and took with her a silver watch of Scrimshaw's which she says she had been in the habit of wearing and intended to bring back. The jury was out only a short time when they returned with a verdict of "Not Guilty" and the girl was discharged.

THE GRAND JURY'S PRESENTMENT.

The Grand Jury this morning brought in their presentment as follows:—

To His Lordship Mr. Justice Dean, Presiding at the Spring Assizes for the County of Peterborough:

The Grand Jurors of the said county desire to tender to Your Lordship their sincere thanks for Your Lordship's careful and lucid charge at the opening of the present assizes, and to report that they have disposed of all the business brought before them, and have taken advantage of the opportunity of visiting the Nicholls Hospital, and are pleased to be able to report the accommodation most complete, the building spacious, the location healthful and the equipments elaborate and generous.

We would also add that the management of the hospital is in the hands of a competent and efficient superintendent, and feel a pride in bringing to your attention the fact that this county has within its limits an institution where the sick and afflicted may receive the care and attention needed.

We feel it also to be our duty to express our thanks to the worthy lady who has with such generosity, endowed the hospital.

We have visited the gaol and fully agree with the presentments made by former grand juries that the gaol and premises are kept with care and cleanliness, the prisoners well treated, and everything necessary done for their comfort.

We have carefully gone over the report of the Prisoners' Aid Association of Canada, and are fully in sympathy with the objects of the Association and approve of the means proposed to obtain the ends sought thereby.

We beg to urge upon the county authorities the necessity of a better arrangement of the gaol premises so as to admit of a better classification of prisoners confined therein, and also to enable the gaoler to keep prisoners suitably apart, so that there may be no communication between prisoners whom it is desirable to keep separate.

Our thanks are due to the Queen's Counsel for the assistance he has given us in investigating the charges laid before us.

All of which is respectfully submitted.

Signed on behalf of the Grand Jury,

JOHN MCCLELLAND,
Foreman.

HIS LORDSHIP'S REPLY.

HIS LORDSHIP, in reply, said it was certainly a reason for congratulation that the county had an institution such as the Nicholls Hospital. The name of the lady to whose generosity they owed it, would be embalmed and would be gratefully remembered by future generations. It was pleasant to see those who possessed wealth not spending merely for their own gratification, but using it for the benefit of others. He referred to the other matters in the presentment and said he would send the recommendations to the proper authorities. It was very desirable, he said, that provision should be made for a proper classification of prisoners, as it was terribly cruel to place young prisoners where they would herd with hardened criminals. He thanked them for the kind allusions to the Queen's Counsel and himself.

A NON-JURY CASE.

HOWSON ET AL VS. WOLSTENHOLM.—This was an action tried without a jury. It was brought by Messrs. G. H. Howson and Edward Lowery against Mr. John Wolstenholm to recover the sum of $365 and interest thereon at 6 per cent. from the 22nd day of September, 1876, on a covenant in a chattel mortgage. The defendant contended that the mortgage was given under a mistake and does not represent the proper amount due by the defendant. The matter was referred to His Honor Judge Weller to take the accounts and ascertain the proper amount. The question of costs was reserved. John Burnham, Q.C., and R. R. Hall, for plaintiff; and D. W. Dumble and C. J. Leonard for defendant.

BOWEN SENTENCED

Just before the court adjourned for dinner this morning Thomas Bowen was brought out and arraigned on the second charge which lies against him, viz., that of stealing cattle from Mr. John Garbutt, of Smith. The prisoner pleaded "Guilty" to this charge. A third indictment was then read charging him with stealing cattle from Mr. Robert Perdu, of Emily. To this charge Bowen also pleaded guilty.

The other two charges of cattle stealing were dropped by the Crown, as is customary where convictions are secured on three charges against one prisoner. His Lordship in passing sentence upon the prisoner addressed him at some length, and sentenced him to five years in the Provincial penitentiary on each indictment, the terms to run concurrently. Bowen did not evidence much emotion when he heard his sentence.

The case of Queen vs. Jerome C. Green will come up to-morrow morning, it being delayed this afternoon on account of Mr. R. C. Clute, of Belleville, who is to defend the prisoner, not having arrived here.

TRENT VALLEY CANAL.

The Conclusion of the Sitting Here—The Commissioners to Visit the Erie.

The Commission resumed at three o'clock on Tuesday afternoon.

DEPTH OF WATER AND STYLE OF LOCKS.

Mr. GEO. W. RANNEY was examined in regard to the depth of the canal. He agreed with Mr. Rogers that it would be quite feasible by storing the water to maintain at least a six feet draft in the canal. He was Superintending Engineer of these waters nearly thirty years, and he came to that conclusion from his experience. In fact he had no doubt a navigation of six feet and a half could be maintained. The present locks would require no alteration for six and half feet navigation. A cheaper class of work than that put in at Fenelon Falls and Burleigh would be sufficient and would even be stronger. Locks such as the one at Peterborough were just as serviceable as the more expensive ones. The Peterborough lock was built in 1837-38 and was serviceable to-day. The difference in cost of the masonry would be about $5 a yard. He did not think Mr. Rubidge's estimate of the cost of the walls was excessive for the class of work such as at Burleigh, but he thought cheaper work would do as well. The cost of the backing might be reduced, and also the estimate for concrete. During the time he was in charge of the locks the masonry never failed. He did not think the gates he built cost half of the estimate in Mr. Rubidge's report.

MILL MACHINERY.

Mr. WM. HAMILTON, of the Wm. Hamilton Manufacturing Co., said they got in from 400 to 500 tons of iron and from 500 to 600 tons of coal in a year. They used Scotch and Nova Scotia and other iron and got it in by rail. They paid more freight in winter than in summer. The canal might help them in freights, and would help them in some cases in shipping the mill machinery they manufactured. There was a great deal of stuff that could be brought down if the canal was built. He had two hundred acres of wood in Harvey, but it would cost him more now to bring it down than it was worth. The canal would equalize rates. At one time they paid higher freight from Montreal here than was paid from Montreal to Toronto, because Toronto was a competing point, and the canal would prevent that. This was not a competing point with the railways now, but would be if there was water communication. In addition to the pig iron they used from 100 to 150 tons of wrought iron in a year. He also gave evidence as to the cost of bolts.

YOUNG'S POINT AND THE NORTH.

Mr. C. YOUNG, of Young's Point, said the portion of the canal completed had been of great service to lumbering. In shipping now they floated to Lakefield, from there by rail to Port Hope, and again transhipped and sent across the lake. The canal would in shipping be of great benefit to them, even if the canal boats could not cross the lake, but would be of greater benefit if they could. It would open the way to market for hemlock railway ties, which could not be sent out now. The canal would not help his present flouring business, but if the canal was built they would do an export business also. The canal would increase the value of the water power. The canal at the Point was built about twenty years ago and it was in a good condition. The stone work, which had been tuck-pointed once, was as good as ever. It was a cheaper class of lock than that at Burleigh, but would serve the purpose of the canal as well. It would be quite easy to have six feet of water in the canal. The widest vessel that passed through the lock now was sixteen feet. At present they were confined to the Grand Trunk for a market for their ties. Last year they had an offer for ties from Oswego, but had to refuse it because he could not make terms for shipment. There was no railway except the Grand Trunk that touched the waterway from Lakefield to Balsam Lake. There was large quantities of oak, ash, elm, basswood, etc., that would find an outlet to market with the canal. He also spoke of the benefit to trade in fire wood and other articles.

The Commission then adjourned. They decided to take a trip to inspect the Erie Canal owing to comparisons that have been made and will be required with that canal.

When Baby was sick, we gave her Castoria,
When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria

The Daily Review.

WEDNESDAY, APRIL 16, 1890.

THE JUDGE!

"No, sir. I don't see nothin' this mornin'. I feel as if the end of the world was comin'."

"Not because of this evil, my friend. If sights like these should end the world, it would have been over long ago. Both of these acts were insane. I think they were both done by the same person. The question now is, were they done by the same instrument."

"I can tell you that, sir. The little bunny was killed with the garden rake. You can't cut a man's throat with a garden rake."

"Suppose you show me that garden rake, friend." The old servant showed it to him willing but wearily. Pond examined it with care and then said:

"Don't you think you had better clear up this mess, my friend?"

Mannering obeyed without a word. He brought out a small [illegible] to feed the blood-stained floor, carrying the rabbit meanwhile out to the stable. Pond himself washed off the rake and set it back out of sight.

"If [illegible] gets hold of this," said Pond to himself, "it will be spoiled. I'll spring this on the dear public myself." Then he went out and stood on the corner for an hour.

At the end of that time he saw a young man walking [illegible] down the street.

"I think," said Pond gently, "I have met you at the Calumet Club sir."

"Ah, good morning," replied Leiter, absently, "glad to see you."

"Are you going home?" said Pond.

"Yes. Why?"

"Heard the news this morning?"

"What news?"

"About your uncle?"

"No! What is it? Is—What is it?"

"He is murdered, Mr. Leiter. He—" but the young man had leaped away from him without a word and was bounding up the steps in mad haste, every muscle tightened, every nerve strung tight, his face contorted.

"Innocent!" cried Pond to himself, "innocent, by Jove!" He started to follow him. Then suddenly he stopped and picked up something that stuck up from a dirty snow drift beside the walk. It was a large pocket knife, open and notwithstanding the fact that it had lain in the snow, it was blood stained. It had a horn handle in which a tiny bar of silver was imbedded, and on this bar was written, "Harry B. Leiter."

"Well," said Pond, taking out his handkerchief and wiping his forehead slowly, "now what will I do?"

He was given no choice. At that moment one of the city detectives came down the steps of the house.

"What did you pick up then, Pond?" said he. Pond held the knife out on his hand. The man took it and examined it with a quiet face.

"Come in," he said. Pond followed him into the house. The ghastly body had been removed from the music room, and here by the desolate hearth sat the very people who had met around it under such different circumstances the evening before. Margaret and Mrs. McCook sat side by side holding each other's hands. Judge Barthwait stood talking in a low tone with the coroner. McCook leaned against the mantel as he had the night before, but with a pale and horrified countenance. One or two neighbors were present and the coroner was but awaiting Harry's return from the room above, to begin the formal inquest. Beside these, was the hastily impanelled jury of six.

A few moments later Guy Mannering entered, leading Harry by the hand. Margaret started from her seat and held out her hand toward Harry, but he did not see it, and the judge hurried his daughter and pushed her softly back into her seat. He whispered something to her and she nodded her head. McCook regarded Harry with a long, penetrating look, of which the crushed young man was quite unconscious. His eyes still bore the horror that had fixed them when he looked on the frightful face of the dead. He did not tremble, but seemed to be frozen into a sort of painful rigidity. Pond also watched him closely, but before he had done so many seconds he murmured "innocent" once more to himself, and turned his attention to the other members of the room.

The inquest began with the re-examination of Mannering, who, for the first time in years, was put to the mental strain of remembering his own name, which was not Mannering at all.

"How do you come by an alias?" asked the coroner sternly.

"Don't know, sir. When I come here my name were John Watson. Mr. Harry named me Guy Mannering, sir. I've bein Guy Mannering for many years."

"Why," said the coroner, turning to Harry, "did you find it necessary to give this man an alias?" Harry turned his dull gaze slowly on the coroner and held it there waveringly.

"I do not understand," he said thickly. Margaret started to speak, but Mrs. McCook stopped her. She was not altogether sorry that Harry was being punished for some of his nonsense.

"This man has two names," repeated the coroner, with dignified emphasis. "Why?"

"Oh!" exclaimed Harry, a light breaking in on him, "you mean Guy Mannering! We've called him that for these ten years."

"I should like to know the reason for so doing," said the coroner, acting upon the belief that he had discovered something that must be sifted to the bottom.

"What did we do it for?" asked Harry, impatiently, yet with a gleam of humor breaking through his pain. "We did it, sir, for—for greens."

"Sir," cried the horrified official.

"That is the solemn truth. What do you suppose we would give him that fantastic name for? I named him that when I read the novel."

"Make a note of that," whispered the coroner to his assistant. The assistant gravely did so. "May this not be a clew," he thought to himself. "From this we may discover that the young man has been insane for years." One does not read Gaboriau's [illegible] for nothing.

The coroner resumed his examination of the old man, eliciting much the same replies as those that Pond had listened to before. The other servants were examined, but they had retired early and could throw no light on the matter. They all told the same story of how the murder was discovered in the morning, and none of them thought to mention the rabbit. Pond was still [illegible] to keep this fact to himself, especially as [illegible] from [illegible] were [illegible] having them [illegible] part in the morning. They [illegible] examined next. He told of the pleasant evening that had been spent by the party, and volunteered the information that Harry and his uncle were on the best of terms.

"That's a very curious thing for a judge to do," said Pond to himself. Harry also lifted his head at this gratuitous information, and stared at his old friend, but he made no remark. The [illegible] of the State's Attorney [illegible]. But his expression was inscrutable, and not even [illegible] could guess what he was thinking. The judge deposed that immediately upon leaving the house, he and his daughter had gone home, and that he had retired. He slept till late, and did not learn of the crime until 10 in the morning. At first he was too prostrated to visit the house, but was just preparing to do so when the summons called him to the inquest. The coroner turned his attention to McCook, and while they were talking Pond managed to get close to the judge.

"I beg pardon," he whispered, "but I think you said that all the guests departed about midnight?"

"I did," replied the judge, turning toward him courteously.

"You went immediately to bed, Judge Barthwait, and stayed there till morning?"

"Of course, sir. May I ask what paper you represent?"

"The Morning Chronicle, judge. Does any other man beside yourself have the key to the front door?"

"It is not likely, sir, since I am the only man in the house. I think we had better discontinue talking. We are making a disturbance."

He turned away with a gesture of apology to listen to what Harry had to say.

"Where were you last night at 12 o'clock?" inquired the coroner.

"Here, with my uncle."

"The dead man?"

"Yes."

"What were you talking about?"

"Personal matters."

"I must ask you to repeat that conversation to me, sir."

"I cannot do so here, sir. I will do it in private."

"Why not here?"

"Because it relates to a matter that cannot with courtesy be repeated."

"Nevertheless, I must ask you to do it, sir."

"I requested my uncle not to invite a certain gentleman here again. He said that he reserved the right to choose his own guests. I told him that if that man visited the house I should [illegible]. He told me to go to my room. I did so, but I did not go to bed."

McCook was half smiling now. Margaret saw it and clenched her hands.

"I was [illegible] ashamed [illegible] by the time I reached my room, and I started a dozen times to return and apologize for my language."

(To be Continued).

KILLED IN A TAVERN BRAWL.

Two Chesley Men Held For Trial on a Serious Charge.

CHESLEY, April 15.—Hotel-keeper Joseph Schohn of this village and his son, a young man of about 25 years, were tried here to-day before a bench of magistrates on a charge of assault and committed to stand their trial at the next Assizes.

The circumstances of the case are as follows: On Monday of last week James McFarlane, a shoemaker from Paisley, got into a dispute with young Schohn about his hotel bill. Words led to blows and the father coming to young Schohn's assistance, McFarlane, after receiving very rough treatment, was ejected from the house. He went to a blacksmith shop near by, where for some time he lay moaning and writhing in agony. He then started for home but had to return to Chesley, where he put up at the Windsor Hotel. Here he remained suffering greatly till Thursday, when death came to his relief. A coroner's inquest was held on Friday, the jury bringing in a verdict of acquittal. There was a general disapproval of the verdict and proceedings were at once instituted on the charge specified.

Bail has been accepted, $2000 for the old man and $500 for his son. The verdict of the magistrates meets with general approval.

NEWFOUNDLAND'S FISHERIES.

Delegates Appointed to the Governments at London and Ottawa.

HALIFAX, April 15.—St. Johns, Nfld., April 15.—Messrs. Winter, Morine and Scott have been appointed delegates to Great Britain re the French fisheries trouble. Messrs. Green, Q.C., Barrister Morrison and Editor Bowers of The Colonist have been appointed delegates to Canada. The latter leave next week, the former in May. The Government will also send delegates to England.

SHOT A POLICEMAN.

One of Napoleon's Descendants in Jail at Montreal.

MONTREAL, April 15.—Albert Louis Leopold Buonaparte, claiming to be a descendant of the great Corsican and hailing from Philadelphia, registered at the Western House a few days ago. To-night, without provocation, he shot a policeman and was arrested. The policeman will recover.

The Anniversary of Lincoln's Death.

SPRINGFIELD, Ill., April 15.—The 25th anniversary of the death of Abraham Lincoln was appropriately observed here to-day under the auspices of the Lincoln Memorial League.

Scratched 28 Years

Body covered with scales. Itching terrible. Suffering Endless. No relief. Doctors and medicines fail. Speedily cured by Cuticura at a cost of $5.

Cured by Cuticura.

If I had known of the CUTICURA REMEDIES twenty-eight years ago it would have saved me $200.00 (two hundred dollars) and an immense amount of suffering. My disease (psoriasis) commenced on my head in a spot not larger than a cent. It spread rapidly all over my body and got under my nails. The scales would drop off of me all the time, and my suffering was endless and without relief. One thousand dollars would not tempt me to have this disease over again. I am a poor man but feel rich to be relieved of what some doctors said was leprosy, some ringworm, psoriasis, etc. I took ... and ... Sarsaparillas over one year and a half, but no cure. I went to two or three doctors, and no cure. I cannot praise the CUTICURA REMEDIES too much. They have made my skin clear and free from scales as a baby's. All I used of them were three boxes of CUTICURA and three bottles of CUTICURA RESOLVENT and two cakes CUTICURA SOAP. If you had been here and said you would have cured me for $200.00, you would have had the money. I looked like the picture in your book of psoriasis (picture number two "How to Cure Skin Diseases"), but now I am as clear as any person ever was. Through force of habit I rub my hands over my arms and legs to scratch once in a while, but to no purpose. I am all well. I scratched twenty-eight years, and it got to be a kind of second nature to me. I thank you a thousand times.
DENNIS DOWNING, Waterbury, Vt.

Cuticura Resolvent

The new Blood and Skin Purifier and purest and best of Humor Remedies, internally, and CUTICURA, the great Skin Cure, and CUTICURA SOAP, an exquisite Skin Beautifier, externally, speedily and permanently cure every species of itching, burning, scaly, crusted, pimply, scrofulous and hereditary diseases and humors of the skin, scalp and blood, with loss of hair, from pimples to scrofula.

☞ Send for "How to Cure Skin Diseases," 64 pages, 50 illustrations, and 100 testimonials.

PIMPLES, black-heads, chapped and oily skin prevented by CUTICURA MEDICATED SOAP.

FREE FROM RHEUMATISM

In one minute the Cuticura Anti-Pain Plaster relieves rheumatic, sciatic, hip, kidney, chest and muscular pains and weaknesses. The first and only pain-killing plaster. 30c

Then he clasped her with emotion,
Drew the maiden to his breast,
Whispered vows of true devotion,
The old, old tale,—you know the rest.
From his circled arms upspringing,
With a tear she turned away,
And her voice with sorrow ringing,
'I shall not see my bridal day.'

This dramatic speech broke him up badly; but when she explained that her apprehensions were founded on the fact of an inherited predisposition to consumption in her family, he calmed her fears, bought a bottle of Dr. Pierce's Golden Medical Discovery for her, and she is now the incarnation of health. Consumption fastens its hold upon its victims while they are unconscious of its approach. The "Golden Medical Discovery" has cured thousands of cases of this most fatal of maladies. But it must be taken before the disease is too far advanced in order to be effective. If taken in time, and given a fair trial, it will cure, or money paid for it will be refunded.

For Weak Lungs, Spitting of Blood, Shortness of Breath, Bronchitis, Asthma, Severe Coughs, and kindred affections, it is an efficient remedy.

Copyright, 1888, by WORLD'S DIS. MED. ASS'N.

$500 OFFERED for an incurable case of Catarrh in the Head by the proprietors of Dr. Sage's Catarrh Remedy. By its mild, soothing and healing properties, it cures the worst cases, no matter of how long standing. By druggists. 50 cents.

SARSAPARILLA

Coughs, Colds, Croup.

Allen's Lung Balsam was introduced to the public after its merits for the positive cure of such diseases had been fully tested. It excites expectoration and causes the Lungs to throw off the phlegm or mucus; changes the secretions and purifies the blood; heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. Such is the immediate and satisfactory effect that it is warranted to break up the most distressing cough in a few hours' time, if not of too long standing. It contains no opium in any form and is warranted to be perfectly harmless to the most delicate child. There is no real necessity for so many deaths by consumption when Allen's Lung Balsam will prevent it if only taken in time. For Consumption, and all diseases that lead to it, such as Coughs, neglected Colds, Bronchitis, Asthma and all diseases of the Lungs, ALLEN'S LUNG BALSAM is the Great Modern Remedy. For Croup and Whooping Cough it is almost a specific. It is an old standard remedy, and sold universally at 50 cents and $1.00 per bottle. The 25-cent bottles are put out to answer the constant call for a Good and Low-Priced COUGH CURE. If you have not tried the Balsam, call for a 25-cent bottle to test it.

Allen's Lung Balsam

I CURE FITS! THOUSANDS OF BOTTLES GIVEN AWAY YEARLY.

When I say Cure I do not mean merely to stop them for a time, and then have them return again. I MEAN A RADICAL CURE. I have made the disease of Fits, Epilepsy or Falling Sickness a life-long study. I warrant my remedy to Cure the worst cases. Because others have failed is no reason for not now receiving a cure. Send at once for a treatise and a Free Bottle of my Infallible Remedy. Give Express and Post Office. It costs you nothing for a trial, and it will cure you. Address:—H. G. ROOT, M.C., Branch Office, 186 WEST ADELAIDE STREET, TORONTO.

DRY GOODS NEWS —AT— TURNBULL'S

Our Figured Wool Delaines have been slow in coming. They were delayed in Liverpool by the strike which had affected the shipping department but they are here now in plenty of time. We need not say that Delaines are fashionable. We have imported lightly. Those who call early will get the first choice, as we cannot repeat any of the patterns this season.

We are showing Figured Lustres in new colorings. They are being greatly admired. We also show Black Lustre Brocades in a range of prices.

This week's express has brought three of the latest shades in Colored Henriettas, 43 in. wide at 50c. a yard. The colors are Violet, Salmon, Rose, Coachman's Drab.

The latest novelties in Neckwear are Lace Collars in entirely new designs. We will not attempt to describe them. We have just imported them from our American cousins, who are generally a season ahead of Canadian houses in getting up fancy styles.

This week has brought us a job line of small checks, Oxford Shirtings suitable for dresses, shirts or aprons, warranted to wash. Sale price 10c. a yard.

Hosiery—We have secured an immense line of Hosiery at job prices. We believe they are the cheapest line in Canada to-day, taking quality into consideration. All sizes from infants to ladies at 10c. a pair. Take your choice.

Our boys Clothing is now very complete. All the sizes in the new spring shades in stock. We are never beaten in price but believe we take the lead.

CANADA'S FISHERIES.

FACTS AND FIGURES FROM THE ANNUAL REPORT.

A General Increase of $236,745 Over the Yield of the Previous Year—British Columbia's Big Salmon Catch—Returns by Provinces.

OTTAWA, April 16.—The Fisheries report was brought down to-night. With the exception of the Province of Nova Scotia, which shows a decrease in the yield of cod, mackerel and herring, and that of Manitoba, where a slight falling off is noticed in the catch of pickerel, pike and tullibee, it is satisfactory to be able to state that the fishing industry of the Dominion is in a thriving condition and shows a general increase of $236,745 over the yield of last year. In this connection the Province of British Columbia takes a leading rank, showing an increase of nearly 12,000,000 pounds of salmon in the canning industry. The total value of the fisheries of Canada for the year 1889 is as follows:

Nova Scotia	$[illegible]
New Brunswick	3,067,[illegible]
Quebec	1,876,194
British Columbia	3,048,007
Ontario	1,[illegible]
Prince Edward Island	886,430
Manitoba and Northwest Territories	167,679

showing an aggregate of $17,655,256 as against $17,418,519 for the year 1888, or an increase of $236,745. This increase is made up as follows:

British Columbia	$1,448,673
New Brunswick	169,176
Ontario	1[illegible],284
Quebec	16,131
Prince Edward Island	8,868

The other provinces show a decrease as follows:

Nova Scotia	$1,479,388
Manitoba and Northwest Territories	12,987

The above is exclusive of the consumption by Indians in British Columbia, which is given at $3,237,800, and that of Manitoba and Northwest Territories also, estimated at $68,000.

There is a decline of over $1,000,000 in the cod, haddock, hake and pollock fisheries owing to stormy weather during the season. The big catch of salmon in British Columbia offsets this with an increase of over $1,009,000. Mackerel and whitefish show a slight falling off and the smelt fishery an increase of $76,277.

IN THE HOUSE.

The Criminal Law Amendment Bill Passed—The Tariff Changes.

OTTAWA, April 16.—The House was occupied all afternoon with consideration of Sir John Thompson's Criminal Law Amendment Bill, on motion for third reading. Mr. Bergen moved to strike out the clause protecting female employes in factories and workshops against offences by employers or foremen, the protection to extend to women up to 30 years of age. His motion was lost. Hon. Peter Mitchell then moved to extend the protection to female employes in all places with the age limit reduced to 21 years. This was lost. Col. Tisdale moved that the age limit be reduced to 21 years and this also was lost. The bill was then read a third time and passed.

After recess on motion to go into Committee of Ways and Means Mr. Brien urged that the Government should admit free of duty such nursery stock as had been contracted for prior to the imposition of duty. His request was supported by Messrs. Campbell, Tisdale, Kirk, Mitchell, Charlton, Laurier and several others.

Messrs. Foster and Bowell said that the Government could not grant the request, as the importers of nursery stock had claims no stronger than importers of various other classes who had made large contracts which would be affected by the changes in the tariff.

Mr. Cook called the attention of the Government to illegal fishing being carried on in the Georgian Bay district, resulting in the wholesale slaughter of fish. His remarks were supported by Messrs. Dawson, Cockburn and McNeill and Mr. Colby promised that the matter would receive the attention of the Fisheries Department.

The House then went into Committee of Ways and Means.

Canadian Winners at the Buffalo Show.

BUFFALO, April 16.—The following is a summarized list of the Canadian prize winners at the dog show: Hugh Falconer, Shelburne, Ont., 1st for Moole; John Massey, Toronto, 2d for Minting Minor; Hugh Falconer, Shelburne, Ont., 2d for Shelburne Crank; Thomas J. Fitzsimmons, Toronto, 2d for Shot; James Douglas, Toronto, 2d for Phil Sheridan; A. Laidlaw, Woodstock, 1st for Romeo; 2d for Napoleon; George Bell, Toronto, 2d and special for King of Obos; J. G. Mitchener, Toronto, 2d for Dono; A. Laidlaw, Woodstock, 1st for Rabbi; T. J. Fitzsimmons, Toronto, 2d for Mollie; Bate and Geddis, Ottawa, 1st for Bromine; A. Laidlaw, Woodstock, 2d for Nancy Bell; D. and F. W. Ross, Toronto, 2d for Handy Andy; A. Laidlaw, Woodstock, 1st for Hamnon; J. G. Mitchener, Toronto, 2d for Dono; J. G. Mitchener, Toronto, 1st for Uno; J. Hackett, Hamilton, 1st for Dolly; George Bell, Toronto, 1st for Bilingo; Joseph Yorke, Toronto, 2d for Ruby; Allen Trebilcock, Toronto, 1st for Toronto Charles.

POISON IN THE WELL

ALLEGED ATTEMPT AT WHOLESALE MURDER.

John Wainman, jr., of South Orillia Committed for Trial on a Serious Charge—He is Said to Have Sought Revenge on His Wife's Brother.

ORILLIA, April 16.—John Wainman, jr., of the township of South Orillia, was to-day committed for trial by Mayor J. W. Slaven and G. J. Booth, J.P., for attempted murder by putting poison in the shape of paris green in the well used by William J. Armstrong and his family.

It appears that ill-feeling arose through the mistreatment by the prisoner of his wife, who is Armstrong's sister. Mrs. Wainman left her husband last August and has remained away ever since. The prisoner blames Armstrong for interfering between himself and wife, and being of a very peculiar disposition, has brooded over his affairs until he resolved to revenge himself on his brother-in-law. The prisoner has often made threats that he would be even up with Armstrong, and by the merest accident the attempt to poison the whole family was discovered.

Some time since Armstrong's house was fired and his barn, with all the season's crop, destroyed. The fire was apparently the work of an incendiary.

The evidence before the magistrates was mostly of a circumstantial nature.

THE GRAND TRUNK'S SCHEME

To Build a Railway Across the Continent—The C.P.R.'s Coming Rival.

NEW YORK, April 16.—The Herald says it is settled that there will be more railroad building this year in the Northwest Territories than for several years. A prominent gentleman has just arrived from London, where he went to confer with the Grand Trunk officials in regard to a proposed line from Winnipeg west to Victoria, B.C., via Vancouver Narrows and Yellow Head Pass, the route originally selected for the Canadian Pacific railway by the Mackenzie Government. He says that in conversation with the secretary of the Grand Trunk that gentleman made the positive assertion that surveys of the Canadian Northwestern Territories from Winnipeg to Victoria would be commenced this spring. He said the Grand Trunk and Northern Pacific would unite to build the road, and build it, too, without any unnecessary delay. A. W. Ross, M.P. for Lisgar, said the Hudson Bay road will commence this fall. The Manitoba Southeastern and the Calgary & Edmonton will start, and the Lethbridge & Montana will be completed, as well as the Regina & Long Lake road to Prince Albert.

POLITICAL CONVENTIONS.

Reformers, Conservatives and Equal Righters in Council.

AYLMER, April 16.—The annual meeting o the East Elgin Conservative Association was held in the Town Hall to-day.

Addresses were delivered by Messrs. Ingram, M.L.A., Dr. Marlatt, Emory, Martyn, McCully, Godwin, the president and others. These officers were elected:

President—E. A. Miller (re-elected).
Vice-President—J. P. Martyn.
Secretary-Treasurer—A. H. Backhouse.

The president was instructed to call the executive together within 30 days to consider the advisability of selecting a candidate for the House of Commons.

Bothwell Equal Righters.

DRESDEN, April 16.—The third party convened here yesterday for the purpose of naming a candidate for the coming elections. There were only 23 present, nearly all of whom were offered nomination but refused it. Finally Mr. Parrott accepted for the Dominion House with the understanding that he would withdraw if another could be found to take it. Mr. William Ward aspired but got only one vote. Several nominations were made for the Assembly but none would stand.

Ottawa's Fourth Candidate.

OTTAWA, April 16.—The Equal Rights convention was held to-night. Mr. D'Alton McCarthy, M.P., was appointed to join a deputation which will ask Mr. George Hay to be the Equal Rights candidate for Ottawa city in the coming election for the Commons. The meeting unanimously endorsed Mr. Hay's candidature.

A Fatal Explosion.

HAVANA, April 16.—By an explosion in the Harmonia Estate to-day a building was badly wrecked and a number of persons were caught under the falling walls. One dead body has been recovered and it is thought three other bodies are still beneath the debris. Twelve persons were rescued more or less injured.

Tempted as Was Mother Eve.

PLAINFIELD, N.J., April 16.—Albert Martin, the 17-year-old son of a New York commission merchant, was killing roaches last evening with paris green, when a desire came over him to taste of the drug, which he did. He was seized with convulsions and died soon after in great agony. Deceased was a very popular young man.

A Guelphite's Alleged Bad Break.

GUELPH, April 16.—James Hoban, a printer, was locked up to-day on a charge of attempted criminal assault upon 15-year-old Sarah Hodgkins. The offence is alleged to have been committed last Sunday night. Hoban is married.

Locked Out His Wife.

GUELPH, April 16.—Word was sent to police headquarters to-day that Robert Grey, who lives in the London road, was ill-treating his wife, and a constable was despatched to the place. He found the woman outside and the man had the doors bolted on the inside. He would not let the constable in, and as he had no authority to force an entrance nothing could be done in the matter.

Exhibition Games Yesterday.

At Toledo: The Detroits were easily defeated by the American Association team by 20 to 12.

At Brooklyn: Jersey City was beaten by the League team 27 to 5.

At Philadelphia: The League team beat the Athletics 5 to 3.

At Baltimore: Baltimore 15, Richmond 3.

At St. Louis: The Browns defeated the Cincinnati League team 9 to 4.

At St. Louis: The Chicago Players' team defeated Pittsburg Players 6 to 5.

Caprivi and the Press.

BERLIN, April 16.—In the Prussian Landtag to-day Chancellor von Caprivi adverted anew to the Government's attitude towards the press. He said the Government recently decided to curtail giving out information for newspaper publication and since then not a word had appeared in the newspapers from the Chancellor's department. Referring to the foreign press, Gen. von Caprivi said the Government would reserve the right to retain newspapers in its interest for the purpose of influencing public opinion abroad. But this right would be kept within well-defined limits.

TORONTO TOPICS.

Seeking Golden Balm for a Broken Heart—The St. George Trial.

TORONTO, April 17.—Emma [illegible] has sued John Ireland for $5000 for breach of promise of marriage. Both the parties live in the village of Kleinburg and the defendant runs a steam threshing machine.

Before the Master in Chambers at Osgoode Hall to-day, in the case of the Central Bank against Roaf, the defendant moved for particulars of the frauds practised by Barnett and the threats that he used in order to obtain the $100,000 which he did obtain from the defunct bank. Judgment was reserved.

Mr. Lount, Q.C., commenced his address to the jury at Osgoode Hall yesterday for the plaintiffs in the St. George railway case. The speech is expected to occupy several days. Mr. Osler's address for the defence occupied five days. The jury have devoted 10 weeks to the case.

The following candidates have passed the necessary examinations to qualify for provincial land surveyors: Lewis E. Stephens, London; Baylor B. Sherman, Brantford; Abel S. Weeks, Glencoe; Louis V. Rourke, Collingwood; David Burns, Toronto; James Gibbons, Renfrew.

The inquest into the death of the late William J. Young was concluded last night, resulting in a verdict of death from inflammation of the lungs being returned. Robert Young, who was held on suspicion, was discharged from custody immediately after the verdict had been rendered. The funeral of the dead man took place to St. James' Cemetery yesterday afternoon and was attended by Stevenson Lodge, A.F. and A.M., G.R.C., and Wilton Lodge, C.O.O.F., of which deceased had been a member.

THE CITY UNDER THE HILL.

Censure from the Grand Jury—A Real Estate Case—Railway Talk.

HAMILTON, April 16.—The grand jury in making their presentment to Judge Falconbridge said: "Your grand jury desire to express regret that in some of the cases laid before them, wherein persons charged with very grave offences have escaped punishment, it would seem from the manner in which they were presented to your grand jury that there had been a manifest failure of justice." The Herald asserts that Crown Counsel William Kerr of Cobourg was the person the grand jury had in mind. It was taken by the court, however, as a censure upon the juries trying the cases referred to.

At the Assize to-day the case of O'Sullivan v. Lake was on trial. This was an action brought by D. A. O'Sullivan, organist of Toronto, against John N. Lake, land valuator, also of Toronto, for alleged fraudulent valuation. It appears that some years ago defendant came to this city on behalf of plaintiff and valued the Murphy farm on the mountain at $18,000. On the strength of this valuation plaintiff advanced $9000 on it, but afterwards claimed that the property was worth but $5000 and sued defendant to recover damages for fraudulent valuation. The case was tried in 1887 and a verdict rendered in favor of plaintiff for $6000. This verdict was afterwards set aside and a new trial ordered. B. B. Osler, Q.C., and S. F. Lazier, Q.C., appeared for plaintiff; Edward Martin, Q.C., and J. J. McLaren, Q.C., for the defendant. The evidence was principally as to the value of land in the neighborhood of the farm in question, the defence endeavoring to show that the valuation was an equitable one.

This morning a deal was closed conveying a large slice of property near the corner of Hughson and Robert-streets to Ralston Bros. for $16,020. It is alleged that they are the brokers for the T., H. & B. Company, and that it is proposed to locate the passenger station in that block. The property comprises four large brick houses known as the Corby block, two smaller frame houses and an orchard, and it was purchased a year ago by Mrs. Æ. D. Mackay from S. R. Corby for $15,000. The same brokers have been trying to purchase the large residence and grounds occupied by Bishop Hamilton and owned by Mr. Corby, and as the properties are both immediately adjoining, though not on, the Toronto, Hamilton & Buffalo route as surveyed, it is surmised that the property is being bought for station purposes. Ralston Bros. were seen in reference to the deal and said they had bought the property for themselves and were not acting for the railway people.

Dr. Oille, the well-known projector of the Niagara Central Railway, was in the city today. Speaking about his road the doctor said: "We expect to have the Niagara Central running into Hamilton just as soon as the T., H. & B. is built, but if they don't build fast enough to suit us, why, we will come in on our own tracks. The road is booming, I tell you, and we have all the freight and passengers we can conveniently carry." It is said that the doctor is endeavoring to interest Hamilton capitalists in the road.

Mr. J. H. Sinclair, son of Judge Sinclair of Hamilton, has abandoned journalism for the show business and become associate manager of Rhea.

The Grimsby Park directors have offered a $200 reward for the arrest of the perpetrators of the recent burglaries at that place.

THE M'KINLEY TARIFF BILL.

Majority and Minority Reports Presented to Congress.

WASHINGTON, April 16.—The reports of the majority and minority of the Ways and Means Committee on the tariff bill were presented to the House this afternoon.

The majority report says it is difficult to ascertain the exact effect upon the Government revenues of the proposed bill. That there will be a substantial reduction admits of no doubt. The report further says it was the aim of the committee to fix the duties upon that class of manufactured goods and farm products which can be supplied at home, so as to discourage the use of like foreign goods and products and secure to our own people and producers the home market, believing competition among ourselves will secure reasonable prices. The general policy of the bill is to foster and promote American production and diversification of American industry. The committee admits that free trade or revenue duties would temporarily diminish prices, but argues that it would be at the expense of domestic products which would be displaced.

Three Men Killed by a Train.

HUNTINGTON, Pa., April 16.—Joseph Rasbeski, Anton Keltis and Anton Granver miners, were struck by a train here to-day The two former were killed and the latter fatally injured.

The Pan-American Congress.

WASHINGTON, April 16.—Final adjournment of the Pan-American Conference was not reached to-day. The conference adjourned till to-morrow.

Judging from Surface Indications.

She—I declare, it just disgusts me! That girl, Prudence Primrose, thinks she's just a perfect saint.

He—Well, she looks like a martyr.

She—How, pray?

He—Why, if beauty is only skin deep she must have been flayed alive.—Life.

THE RYKERT INQUIRY.

MR. D'ALTON M'CARTHY APPEARS BEFORE THE COMMITTEE.

He Thought There Was Something Wrong—An Alleged Change in His Constituents' Papers—Mr. Laidlaw's Evidence.

OTTAWA, April 16.—The meeting of the Committee on Privileges and Elections this morning to enquire into the connection of Mr. Rykert with the Cypress Hill timber limit deal developed some interesting evidence. The case was supposed to have closed at the last meeting with Hon. William McDougall's address on behalf of Mr. Rykert, and the meeting to-day was for the purpose of drawing up a report. But Mr. D'Alton McCarthy, M.P., and Mr. W. Laidlaw, whose names have been mixed with the affair, appeared to make an explanation regarding certain telegrams which were recently published. Mr. Girouard said it was understood that the case was closed and it would be somewhat irregular to reopen it. Mr. Blake contended that the committee, having been appointed to enquire into all the facts and merits of the case, would be neglecting their duty if they did not do so. Sir John Thompson supported this view and the chairman yielded. Mr. McCarthy appeared before the committee to explain this telegram:

TORONTO, Sept. 5, 1882.

Lindsay Russell, Deputy Minister of the Interior: Can I see you on Saturday, or when? Important, as the facts recently disclosed seem to show that a gross fraud has been committed re Cypress Hill limit. D'ALTON MCCARTHY.

The witness said that Messrs. Shortreed & Laidlaw were constituents of his who applied through him for a timber limit in question. The department answered on Feb. 1, 1882, that the limit was not for sale but that if it was it would go by public auction. He never saw Sir David McPherson or Sir John Macdonald about it. On April 11 Mr. Rykert met him and said he had obtained a timber limit for Mr. Adams and asked if he had not applied for one for Messrs. Shortreed & Laidlaw. Mr. Rykert said the license would be granted provided all arrangements could be made between Messrs. Adams and Shortreed & Laidlaw.

Mr. McCarthy said in August he began to suspect, from certain information he had received, that there was something wrong. The description of the license granted to Shortreed & Laidlaw started from a certain point and ran south, whereas what they had applied for started at that point and ran north and this latter territory was what was granted to Adams. The result was that Adams got the timber and Shortreed & Laidlaw, although prior claimants, were left out on the prairie. He was satisfied something had been done in the department to cause this change and this was why he sent the telegram.

He was informed that the application of Messrs. Shortreed & Laidlaw covered the Cypress Hill limit and believed that if the application had been carried out and faith kept by the department they would have got the limit. He had a very clear recollection of seeing in the department a written paper which was in accord with the application and on which the limit was described as commencing at the point in question and running north, not south. He had not the slightest doubt about that. On April 19 he and Mr. Rykert met and agreed upon the boundaries of the limit. They went to Lindsay Russell to have the agreement sanctioned. They agreed that the line of Shortreed & Laidlaw should run north and not south. In a letter dated Aug. 31, 1882, addressed to Sir John Macdonald, Mr. Lindsay Russell spoke of making an adjustment of their claims. Russell had no business to make an adjustment, because he (McCarthy) and Rykert had come to an agreement before meeting Russell. He could not say how the error arose and never received any explanation of it from the department.

Mr. Rykert subjected Mr. McCarthy to a short cross-examination. The Order-in-Council granting the limit was passed on April 10, but Mr. McCarthy swore that Mr. Rykert told him on April 11 that the matter was not yet settled.

Mr. W. Laidlaw appeared to explain the telegram from Mr. Rykert dated Sept. 8, 1882, to Lindsay Russell, in which he says:

Hope no more attention will be paid to Laidlaw's nonsense. He wants to levy blackmail.

Witness met Mr. Rykert to settle their differences and distinctly stipulated that Messrs. Shortreed & Laidlaw must have the prior choice of 50 square miles, because they had sent a man over the limit and knew the value of it. If Mr. Rykert would not agree to this, why the limit would have to be put up at public auction. Mr. Rykert agreed, and on April 25, 1882, he received a letter from him, in which Mr. Rykert said: "Your limit can be selected in any place within the 140 square miles" for which he had made an application. Afterwards he saw in a Winnipeg paper that the limit was offered for sale. Looking at the license granted Shortreed & Laidlaw he found that the limit granted them was not what they asked for at all. He applied to the department for a description of the license granted Adams, but was refused. He was politely shown into waiting rooms, but could get no information. He put these facts together and inferred there was fraud. By the line running south Shortreed & Laidlaw got none of the 140 miles for which they applied. What they applied for was what Adams got. He considered his treatment cruel, treacherous and unjust. He was so much grieved that he prepared a petition to Parliament on the subject, but was assured that the license would not be granted.

The committee decided to summon a surveyor from the department to explain the construction the department put on the conflicting claims. The enquiry was then adjourned until Tuesday next.

Losses Caused by Flames.

GRAFTON, April 16.—A destructive fire occurred here on Monday night. The Patterson House, the barns and stables occupied by P. Roach and Hutchings' harness shop were destroyed. Also the shops of P. Patterson. P. Roach was insured for $1600, which fairly covers his loss. Hutchings was insured for $600. It was a most suspicious fire. There was no insurance on the hotel.

CHIPPEWA FALLS, Wis., April 16.—Prairie fires have started in this vicinity and unless there is rain soon much damage will be done. At Maria, eight miles distant, all the farmers are fighting the fire to save fences and houses. Destructive fires are raging at other points in Wisconsin.

MILFORD, Me., April 16.—A fire occurred here to-day among a large number of lumber piles owned by different parties. The fire extended over six acres. The loss is estimated at $[illegible]. There is little insurance.

Lucky Montana Republicans.

WASHINGTON, April [illegible].—By a vote of 34 to 25, divided on party lines, the Senate to-day declared Sanders and Power elected senators from Montana, and they were sworn in.

The Senate by a vote of 41 to 8 tabled the Chinese Registration Bill.

Common Sense

In the treatment of slight ailments would save a vast amount of sickness and misery. *One of Ayer's Pills, taken after dinner, will assist Digestion; taken at night, will relieve Constipation; taken at any time, will correct irregularities of the Stomach and Bowels, stimulate the Liver, and cure Sick Headache.* Ayer's Pills, as all know who use them, are a mild cathartic, pleasant to take, and always prompt and satisfactory in their results.

"I can recommend Ayer's Pills above all others, having long proved their value as a

Cathartic

for myself and family." — *J. T. Hess, Leithsville, Pa.*

"Ayer's Pills have been in use in my family upwards of twenty years, and have completely verified all that is claimed for them." — *Thomas F. Adams, San Diego, Texas.*

"I have used Ayer's Pills in my family for seven or eight years. Whenever I have an attack of headache, to which I am very subject, I take a dose of Ayer's Pills and am always promptly relieved. I find them equally beneficial in colds; and, in my family, they are used for bilious complaints and other disturbances with such good effect that we rarely, if ever, have to call a physician." — H. Voullième, Hotel Voullième, Saratoga Springs, N. Y.

The Daily Review.

THURSDAY APRIL 17, 1890.

SMITH SIFTINGS.

A Resolution Adopted by Jubilee Lodge—Personal and Other Notes.

Correspondence of the Review.

EQUAL RIGHTS.—At the last monthly meeting of Jubilee L. O. L., No. 178, Smith, the following resolution was passed unanimously:—"That this lodge views with sorrow and regret the stand taken by both Governments in power at present in the way they are working under the power of the Church of Rome in giving them everything they demand, for no other purpose than to catch the Catholic vote, and that we pledge ourselves to vote in a body for equal rights for all and privileges to none."

PERSONAL.—Mr. Andrew Grant, jr., is home on his holidays from Harvey, where he is engaged teaching....Mrs. Thomas Edgar is lying very ill at present with congestion of the lungs....Capt. Ed. Henderson is able to be around again after his long spell of sickness....Mr. William Johnston, the gentleman who bought the Milburn farm from Mr. Fair, has moved to his new home. We extend to him a hearty welcome....We extend our congratulations to Mr. and Mrs. Grant on the event of their marriage and hope they may see many years of happiness and prosperity....Miss Elizabeth Milburn left last week for Canastota, N. Y., on a visit to her brother, Mr. Egerton Milburn....Mr. John Scott also left last week for Chicago, where he intends to reside for a while.

BAD ROADS.—The communication road was never known to be in such a bad state, as it is next thing to being impassable. Our Council will have to shell out this spring and put this road in good repair, as there is going to be a lot of travelling on it this coming summer.

Hymen Unites North and South.

SYRACUSE, N.Y., April 16.—I verified a report of a very interesting nature which has materialized into a fact of great significance and cannot fail to attract the widest attention in both Europe and America. In a word, it is the crowning event of the great Rebellion. It is nothing more nor less than the announcement made to very intimate friends here of the marriage of Miss Winnie Davis, the eldest daughter of Jefferson Davis, the late President of the Southern Confederacy, to Mr. Alfred Wilkinson of this city, the grandson of Samuel J. May, the great abolitionist leader.

The story of the courtship is most romantic. Miss Winnie Davis came North some four years ago to visit Dr. Thomas Emory of the firm of D. McCarthy & Co., in this city. It was her first visit to this old abolitionist stronghold, and she was consequently quite anxious to meet the society of Syracuse. At one of the receptions given in her honor she was introduced to Mr. Alfred Wilkinson. It will be remembered that Miss Winnie received a very cool reception in one or two houses here, and his treatment of the "Daughter of the Confederacy" is said to have brought her and Mr. Wilkinson in very close relations. He resented the coolness shown her and gallantly championed her cause. The friendship thus engendered between them blossomed into love in due time. Miss Winnie later on went to Europe with a cousin of hers and is still there.

Ives Beaten by Maggiola.

CHICAGO, April 15.—Maggiola defeated Ives tonight in a game at fourteen-inch baulk-line billiards for $250 a side. The score stood: Maggiola 569, Ives 440.

Hanged for Wife Murder.

FERNANDO, Miss., April 16.—Martin Cutrell, colored, was hanged here to-day for the murder of his wife.

The Usual Way.

William—So Philiam has been away on a shooting trip, has he?

William—Yes.

William—Shoot anything?

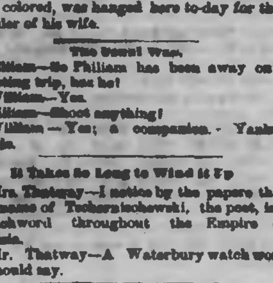
William—Yes; a companion.—Yankee Blade.

It Takes So Long to Wind it Up

Mrs. Thatway—I notice by the papers that the name of Tscharnitschewski, the poet, is a watchword throughout the Empire of Russia.

Mr. Thatway—A Waterbury watchword I should say.

Repulsed



Card Enthusiast—Play whist?

Quiet Passenger—No; thank you. I don't belong to any hose company or village band so I have a little time for the game at home after dinner.—Judge.

To Nervous Debilitated Men.

If you will send us your address, we will mail you our illustrated pamphlet explaining all about Dr. Dye's Celebrated Electro-Voltaic Belt and Appliances, and their charming effects upon the nervous debilitated system, and how they will quickly restore you to vigor, and manhood. Pamphlet free. If you are thus afflicted, we will send you a Belt and Appliances on a trial.

AROUND IN THIRTY DAYS.

The Ultimate Possibility of a Globe-Circling Voyage.

The following letter appears in the Chicago Railway Age:

MONTREAL, Feb. 26th, 1890.

To the Editor of the Railway Age.

Your editorial reference in the Age of the 22nd inst., to the possibility of reducing the time necessary for a journey around the world has induced me to inquire as to the real state of affairs in this regard at the present day.

You say that "it has been claimed that even now the journey can be made in sixty days, and the belief is expressed that within a few years it will be accomplished in thirty-eight days. This is on the assumption that Russia completes her great line across Asia, and that steamers will cross the Pacific in five days and the Atlantic in four days."

You are in error in assuming that new conditions as to speed, either by sea or land, would have to prevail to enable the time to be made around the world in thirty-eight days after the completion of the Russian Transcontinental Railway. With such steamships as are now crossing the Atlantic, and without any extraordinary railway speed, the feat would not alone be possible, but it could easily be accomplished.

The time from London to Liverpool by express trains is four and a half hours. The distance from Liverpool to Quebec, via Moville, is 2,708 nautical miles, as compared with 3,036 nautical miles from Liverpool to New York, via Queenstown, or 328 miles less. The time of the New York steamships from Liverpool is figured from Queenstown 236 miles out. Therefore, the direct distance from Liverpool to Quebec, being 92 miles less than from Queenstown to New York, a steamship that can make the run from Queenstown to Sandy Hook in six days can easily make the same time from Liverpool to Quebec.

From Quebec to Vancouver by the Canadian Pacific Railway the distance is 3,050 miles, and this can be covered by a special steamship express train in 100 hours, and in much less time if required. An average of 30½ miles an hour on a railway so well built as the Canadian Pacific is certainly a very moderate estimate.

The distance from Vancouver to Vladivostock, the Pacific terminus of the Russian railway, is 4,646 nautical miles, and with an 18-knot steamship (the contract speed of those building for the Canadian Pacific Railway Company for its Japan and China line) the time required would be 10 days and 18 hours.

From Vladivostock to St. Petersburg the distance by the great Russian railway will be 6,855 miles and at an average speed of 25 miles an hour this would require 11 days and 11 hours. The remaining stage from St. Petersburg to London requires at present 2 days and 20 hours.

The actual time required for the round the world trip, if connections are closely made, will therefore be as follows:

	Days.	Hours.
London to Liverpool		5
Liverpool to Quebec	6	0
Quebec to Vancouver	4	4
Vancouver to Vladivostock	10	18
Vladivostock to St. Petersburg	11	11
St. Petersburg to London	2	20
Total	35	10

Thirty-eight days would therefore leave a margin of 2 days and eleven hours for detentions from bad connections and otherwise, and as it is clearly within the power of the Canadian Pacific Company to start its steamship express train from Quebec within an hour or two after the arrival of the Liverpool steamer, and to start its Pacific steamer from Vancouver within an hour or two after the arrival of the train at that point, this margin will be ample for detentions.

The greatest delay likely to occur at any point would be at Vladivostock, but if there be a daily train service from there, this delay would be less than 24 hours. At St. Petersburg only a few hours' delay could occur owing to the frequency of the trains toward London.

At forty miles an hour over both the Canadian and Russian transcontinental railways —which is not at all improbable—the time would be reduced five days and three hours, and, *therefore*, assuming that close connections are made and that as fast time is made on the Atlantic as has already been made to New York, it will be seen that the feat may possibly be accomplished in thirty days.

All of us here smile at the applause following Nellie Bly's feat in going around the world in seventy one days. Why, an inanimate object—a newspaper—a copy of the London "Times," went around the world by the Canadian Pacific route nearly three years ago in two days less time than that. It was back in the "Times" office in London on the sixty-ninth day after its *publication*, and this occurred without prearrangement. The Marquis of Huntley while in Japan received a copy of the "Times" via Suez on the day a Canadian Pacific steamer was sailing for Vancouver, and it occurred to him to try the experiment. He forwarded the paper by mail to the "Times" with the result stated.

Next year when the fast steam ships of the Canadian Pacific take their place on the Pacific the time can readily be made as follows:

London to Hong Kong, via Quebec and Vancouver (regular time)......28 days

Hong Kong to London, by P. & O. steamers, via Suez and Brindisi (present average time)..............30 days

or 58 days in all, and this under favorable circumstances can be shorted to 55 days.

Two companies will shortly control a practically continuous line around the world—the Canadian Pacific Railway Company and the Peninsular and Oriental Steamship Company —and it would be an easy matter for them next year if they saw fit to make the circuit in seven weeks.

ROY V. SOMERVILLE.

A CHANCE ACQUAINTANCE.

Two men meet in a dark alley.

First Stranger—Pardon me; it is too dark to see your face or distinguish your size, but if I mistake not you are "Jack the Ripper."

Second Stranger—I am. And, although I have never met you before, I am quite confident from what I have read that your voice is that of Tascott of Chicago.

First Stranger—It is. Let us go down to the police station, where we can be safe from the officers of the law.

THE WIND TAKEN OUT OF HER SAILS.

"Mr. McClintock," she shouted, "I want you to take your feet off the parlor table."

"Mrs. McClintock," he said, in a fixed, determined voice. "I allow only one person to talk to me that way."

"And who is that?" she demanded.

"You, my dear, he replied softly, as he removed the pedals.

A sure sign that the door bell is going to ring: When you are the only one in the house and are in the bathtub.

Something Wrong.—A child who had just mastered her catechism confessed herself disappointed, because, she said "though I obey the fifth commandment, and honor my papa and mamma, yet my days are not a bit longer in the land, because I am still put to bed at 7 o'clock."

"No," sobbed the widow, "I shall never find John's equal; but p-perhaps I c-can find h-h-his equivalent."

City Man (on a summer jaunt)—Are you going to have an agricultural exhibition here this year?

Farmer (sadly)—No-o, I'm 'fraid not. Most of the old ladies what makes quilts is died off and there ain't a decent racehoss in the county.

"What is that?" asked the pretty visitor at the camp, as the bugle sounded the cheery dinner call. "That," said the Corporal, smelling the battle from afar, "is the horn that cheers but not inebriates."

WHAT FUNNY MEN SAY.

JOKES AND JESTS UTTERED BY THE WITS OF THE PRESS.

Gibes of the Funny Men That Will Raise a Laugh and Occasionally Point a Moral —Random Selections from the Humorous Departments of our Exchanges.

Dead Sea Fruit.

"Say, Pop, what is meant by 'dead sea fruit'"?

"I don't know, my boy, unless it is ocean currants."

Mr. Blitherby—Do you know, Miss Saline, you make me think of the Oolong and Orange Pekoe we buy at m. r. kidd's.

Miss Saline—My patience! Mr. Blitherby, what do you mean?

Mr. Blitherby—I mean that you remind me of them because you are such a lovely tease (teas.)

It's pretty thin, but just what you want for summer. That line of flannel suits for men and boys at m. r. kidd's. Prices mere nothing.

How He Answered.

Judge—And what did the prisoner say when you told him that you would have him arrested?

Complaint—He answered mechanically, Yer Honor.

Judge—Explain.

Complainant—He bit me on the head with a hammer.

Perfectly Satisfied.

Patron—I notice you ain't afraid to adulterate the goods you send over to the Prim family. Don't they complain sometimes?

Chalkem—You forget, sir, the motto they have in that household: "To the pure, all things are pure."—American Grocer.

It was Sunday evening. Charlie was sighing at Clara's feet as he had done for a year past without putting his sighs into a good vocalized confession of love. "What is your favorite hymn Charlie?" she said sweetly, while a dim religious light illuminated her eyes. "Well," he said with a little stammer, "I think I am most partial to 'Close to Thee.'" "What is your favorite, Clara?" With charming hesitation she replied "*I think my favorite* is 'Blest be the tie that binds.'" The wedding suit was bought at m. r. kidd's.

Tea, finest and best, fresh new groceries at lowest prices at m. r. kidd's.

Too Slow for Chicago.

Miss Madison, of New York—How did you like the gondola your uncle sent to you from Venice?

Miss Calumet, of Chicago—We didn't like it at all. It was a dreadful black color and was too slow for anything; but papa had it painted red and white and put a naphtha engine in it, so that it is very nice now.

They Roasted Him.

What! Have we cannibals amongst us? Stop! Not so many questions at once. The fire that roasted the man was kindled by that little member, the human tongue. His friends roasted him because he would not buy his clothing at the old place where he had been done brown many a time before. But independent in his rights of free trade principles he chose to buy his spring suit from m. r. kidd and is satisfied.

The Young Man Bowed.

"You are like Joshua," remarked Mrs. Snodgrass to her daughter, as young Dolley uncovered and remained standing while she passed.

"Why, mamma?"

"The son stands still for you."—Rocket.

Son of Genius.

First burglar (climbing in by the window) —According to Carlyle, we must be geniuses.

Second Burglar—Why?

First Burglar—Because we have such a capacity for taking panes.—Munsey's Weekly.

Have You Good Cents?

HUNTING SNAKES IN GEORGIA.

Invading a Den of Rattlers and Lassoing the Reptiles.

Last week the fires were raging in every direction upon the island, and some of us went out to fight against them for the purpose of saving from destruction the buildings and fences exposed.

The fire drove the rabbits from their beds, and their name was legion. "The hunt was up." The hunters came, both white and black, men and boys—some with guns and others, the boys mainly, armed with two short, stout sticks, and it was most surprising the skill displayed in throwing those sticks and the success had in securing the game. I saw one boy with seven rabbits hung over his shoulders, which he had killed with his sticks.

Among those who came to the hunt was Mr. William Cromley, the keeper of the Doboy Light. Mr. Cromley had his gun, it is true, but it soon became apparent that rabbits were not the animals for which he was in search, but a game far more dangerous, namely, the rattlesnake, the most deadly reptile known to our country; and, although he had his gun, it was the last weapon he proposed to use in his conflict with them. He searched for them himself about the stumps and requested others to do the same, and if a den was found to let him know of it. He presently found a "rattler," but it was too small to do anything with successfully.

In the course of the day information was brought him that a den had been discovered. All gathered to it. Upon examination, there they were, sure enough, and of large size, as was evidenced by the sound of their rattles when they were disturbed. All present joined in a request that he should postpone his capture of them to a given day, so that all who felt an interest in the proceeding could be present to witness it. To this he consented and proceeded to secure them in their hole under an old pine stump by driving sticks close together across the openings of their den.

Last Wednesday, the day appointed, quite a company, ladies as well as gentlemen, assembled at the spot. All things were as they had been left, and it soon became manifest from the sounds below that the rattlesnakes were there likewise. All things being ready, the sticks enclosing the hole were removed, and digging commenced. In a short time a snake was discovered moving about, and presently the ominous rattle was heard from below. It was short work to bring the reptile a full-grown "rattler" near 6 feet long, to the surface. With reared crest, glittering eye, quivering forked tongue and continuous rattle, he warned us that he was ready on the instant to put in his deadly work.

Mr. Cromley, who is a skilled taxidermist, came forward armed only with a looped twine string supported upon a stick about the size and length of a walking cane, and placing the noose around the snake's neck, just below the jaws, instantly and most dexterously captured him and held him swinging and writhing in the air. He at once hung him at a convenient height to a limb, against a tree. He then, with a long pair of surgeon's forceps, proceeded to open wide the snake's jaws. Then was presented the most revolting sight of all. The great white open mouth, the fangs nearly an inch long strongly protruding, the poison spurting and dripping from them. Mr. Cromley, with a long pair of surgeon's scissors, clipped off the fangs close, after cramming the mouth full of lint cotton with his forceps, the snake all the while writhing and rattling at a dreadful rate.

He then with a scalpel began deliberately to take the skin off, holding the same with the forceps, beginning at the head at the end of the upper jaw. This he did dexterously and expeditiously, going carefully around the eyes and breathing-holes down to the lower jaw in the same way and to the same point. He then took the skin off well down on the neck, behind the jaws, and cut off the head. All this was done, the snake the while writhing squirming and rattling most fearfully. He buried the head and all things to which poison could have attached, took the body down from its suspended position and placed it in a basket with a lid, such as fishermen use hung at their side in which to carry fish.

While Mr. Cromley was going through with the one as above described another was taken, not quite so large, a male "rattler," placed in the basket to be taken home, from the same den. He was suspended and taken through in all respects the same process as was his mate, and there at more leisure to finish the skinning, and to be carried through all the details practised by the taxidermist in preparing his subject to present a most lifelike appearance.

Two days afterward I was in Mr. Cromley's museum at the lighthouse where I saw those same reptiles finished complete from his hands, and presenting a most lifelike and threatening appearance. Indeed, beyond doubt, should one of them be laid in the grass by the side of the path, the passer-by coming suddenly upon it, would be startled to the extent of either taking to his heels in flight, or of at once preparing himself for deadly conflict.

Gloves and Hosiery.

We would call your attention to our stock of Gloves and Hosiery in all sizes. We have given special attention to this apartment this season and the balance is excellent. H. S. GRIFFIN & Co. 2109

Horse Men Attention!

Look out for the sale by auction of the well known trotting horse, "F. O. P." Sale at Grand Central Hotel, Peterborough, on Saturday, April 19th, at 2 p. m. Capital chance to secure a good horse. 2190

The Riders of the Steel Steeds.

The Bicycle Club met last night and discussed many matters of interest to wheelmen. It was decided to have a weekly run on Thursday evening in each week, and when the season advances fortnightly meetings at the Association grounds will be held.

New Meat Market.

Messrs. R. Stinton and J. A. Bennett have opened a meat market at the corner of Simcoe and Aylmer-sts. They respectfully bring the fact to the notice of their friends and the public generally and solicit a share of their patronage. The choicest meats will be always in stock, and every attention shall be given to the orders of those who may favor them with their custom. 6d86eod

To overcome the marks of age, all who have gray beards should use Buckingham's Dye for the Whiskers, the best and cleanest dye made for coloring brown or black.

Joe Hess and the Prize Fighters.

Joe Hess attracted another large audience at the Opera House last night. The chair was occupied by Mr. J. L. Hughes, who, after the usual opening exercises, made a short and inspiring temperance address. Mr. Gribble followed with a few remarks and then the temperance evangelist spoke on the subject of "Prize Fighters." He referred to the benefit of physical development, spoke of some of the noted men of the prize ring and their history. His address was a characteristic one and his manner of illustrating and applying the truths of his address was amusing as well as interesting. This afternoon a meeting was held in the Opera House for ladies and to-night the gathering in the Opera House will be for men only.

A Case From Married Life.

A young woman who was not probably more than two and twenty years of age was seeking justice at the Police Court this morning. Her name was Mrs. Skimmerhorn and her rather attractive face bore a very troubled aspect. It was the old, old story. She alleged that her husband had assaulted her this morning and given her a severe beating and she wished to have him punished. A warrant was sworn out for the husband's arrest, and, as a few minutes afterwards he passed the police station serenely smoking his pipe, Constable Stewart invited him in and locked him up. The man asked no questions, but evidently knew what was the cause of his arrest. He made several mean insinuations about his wife and her conduct and told the Chief to keep his eye on her, for she intended to "skip out." The man's name is Jacob, and he came here from Lakefield, but originally belongs to the Skimmerhorn family in Belleville. He and his wife are living in the terrace at the corner of McDonnel and George-sts. The story of their grievances will be ventilated in the Police Court to-morrow morning.

Why will you cough when Shiloh's Cure will give immediate relief? Price 10c. 50c. and $1. For sale by Geo. A. Schofield, Druggist, Peterborough.

THE SPRING ASSIZES.

The Last of the Civil Cases—The Green Forgery Case.

The last of the civil cases on the docket was disposed of at a long sitting of the court yesterday. This was the case of

MORRISON VS. BLAKE ET AL.—An action to recover balance of rent due and for damages for breach of covenant in the lease. The defendants leased a farm from the plaintiff and agreed to repair a shed and build a fence. They claimed that they had paid all rent due and fulfilled the covenants. This case occupied the court from about 2 o'clock Wednesday afternoon until 11 o'clock at night. The jury then retired and did not agree on a verdict until 2.30 o'clock in the morning, when they sent in a sealed verdict. On their verdict the Judge entered judgment for plaintiff for $218 and full costs.—Sewers & Stone for plaintiff; John Burnham, Q.C., for defendants.

THE FORGERY CASE.

Jerome C. Green, of Havelock, was arraigned this morning on the first of the three charges of forgery which have been found against him. Mr. R. C. Clute, of Belleville, arrived here and is defending the prisoner. The first charge is that the prisoner, who was an agent for Paterson Bros.' agricultural implements, did forge the name of W. W. Ellis, of Belmont, to a note for eighteen dollars. This was on the 10th of April. The case is still in progress and will likely occupy all day.

The Twin Social.

A novelty in the way of social entertainments will be a Twin social to be given in the school room of the Charlotte-st. church on the evening of May 1st.

Dental Electricity.

Mr. R. F. Morrow has introduced into his practice a superior dental electric instrument for the painless extraction of teeth. He is also having unparalleled success with the "old stand by" nitrous oxide gas. d66

Stretching the Dollars

is one way of saving money. Every dollar you spend for groceries at W. J. Morrow's brings you in over a dollars value let alone the quality of goods. Morrow always keeps his stock up to the mark. Telephone No 120. d82t

Scrofula is transmitted from parent to child, and thus becomes a family inheritance for generations. It is, therefore, the duty of every scrofulous person to cleanse his blood by a thorough and persistent course of Ayer's Sarsaparilla.

The Final Week of the Sale.

You must act promptly if you want to help yourself to the bargains at the Duncan Cameron bankrupt sale. This is the closing week. A lot of the stock has been sold but there are some splendid things left in Tweeds. The patterns are choice and goods the right weight for summer wear. Just such as every man needs. Don't fail to see these Tweeds and if you see them you will buy. Hurry up. Sale closes on Saturday next. Not much time left but you can get there if you are quick. Remember sale at D. Cameron's old stand, George-st. d86tf

The Athletic Association.

The directors of the P.A.A.A. held a meeting last evening in the Snowshoe club rooms, President R. B. Rogers presiding. Preparations for the approaching season were discussed and steps will at once be taken to place the grounds in a first-class condition. Several minor matters were considered and it was decided to gather in the subscriptions as speedily as possible. The lawn tennis court will be laid out and sodded without delay, so that this hitherto neglected feature in the sports of the Association will be a live and active game this season. Outsiders who trespass on the grounds at any time will be prosecuted in future. The Association has suffered so much in this respect in the past that they intend to make an example of any parties who may be found trespassing in future.

A Big Day for the 24th.

The officers of the 57th Battalion met in the orderly room of the drill shed last night. Regimental matters were discussed generally. It was decided to hold sports in conjunction with the P.A.A.A. on the 24th of May. A good programme will be arranged and a day of fine sport may be expected. It was also decided to send an invitation to the Queen's Own, of Toronto, asking that crack regiment to spend the Queen's Birthday in Peterborough and participate in the day's sport. Should this invitation be accepted a big day can be expected in town. Drill will be commenced about the first of next month. Among the battalion changes is that of Quartermaster. Mr. E. A. Peck has resigned and Mr. G. W. Forbes has been appointed to the vacancy. The officers also decided to arrange for an outing for the battalion on Dominion Day, July 1st. The battalion will visit some town or city and a pleasant and profitable outing can be enjoyed.

The Nicholls Hospital.

Mr. J. R. Stratton made an attack upon the REVIEW at the Liberal convention based upon the fact that in announcing that the Nicholls Hospital had been placed on the list of assisted institutions it did not give the amount it would receive. Now, the fact was that the REVIEW did not state the amount because it did not know it—a very good reason. A reporter of the REVIEW asked the Secretary of the Trust Board for a copy of the Inspector's letter containing the news and also enquired as to the amount, but the Secretary said he would not like to give it without the authority of the Chairman. The reporter then went to see the Chairman and waited some time at his office for him, and returned to see him but failed. Hence the REVIEW in making the announcement did not give the amount. So much for this small-minded attack. It might not be of place at the same time to point out that Mr. Stratton did not have to do much in connection with this matter. At the time when the Protestant Home was placed on the assisted list, before Mr. Stratton entered the House, the Inspector visited the Nicholls Hospital as well as the Home, accompanied by the then member, Mr. Carnegie, and the Inspector pointed out then what would be required to fulfil the conditions so the Hospital would be placed on the assisted list. These conditions having been met, the Inspector reported favorably and the assistance was given.

Keep your on that place.

Hawley Bros. sell the Finest Teas & Coffees, the Best Glass and China Ware in town. 370 George-st.

Shiloh's Catarrh Remedy a positive cure for Catarrh, Diphtheria and Canker-Mouth. For sale by Geo. A. Schofield, Druggist, Peterborough.

THE SECOND GUN FIRED

IN THE WEST RIDING CAMPAIGN FOR THE LEGISLATURE.

Mr. J. R. Stratton Again the Mowat Government Candidate—Hon. A. S. Hardy Fails to Draw a Large Audience—His Defence of the Government.

A meeting was held in the Opera House yesterday afternoon to nominate a supporter of the Mowat Government as a candidate in the West Riding for the Legislature. Hon. A. S. Hardy had been announced to speak, and by liberal advertising, by means of posters and by circulars sent through the post office, an attendance of about 400 was secured, many of whom, however, attended out of curiosity to hear the Cabinet Minister and took no part in the proceedings. Mr. Peter Hamilton was elected to preside, and Hon. A. S. Hardy, Messrs. J. R. Stratton, M.P.P., T. Blezard, M.P.P., and Geo. A. Cox occupied seats on the platform. The first business taken up was the election of officers, which resulted as follows:—

PRESIDENT.—M. Sanderson.
FIRST VICE-PRESIDENT.—W. Patterson.
SECOND VICE-PRESIDENT.—Wm. Crough.
SECRETARY.—G. M. Roger.
TREASURER.—John Hull.

The officers were asked to the platform and Messrs. Paterson, Roger and Hull took seats there.

A resolution was passed, on motion of Mr. Hull, seconded by Mr. J. Middleton, endorsing Mr. Stratton's course in the Legislature, and another, on motion of Mr. W. Paterson, seconded by Mr. M. Davidson, endorsing the general record of the Mowat Government.

THE CANDIDATE.

The nomination of a candidate was then taken up, and Mr. J. R. Stratton was nominated, on motion of Mr. A. Hall, seconded Mr. Wasson.

MR. STRATTON, on being called on, said that was a proud day in his life. He had, he said, given the Mowat Government a cordial and hearty support, and if returned would give them a cordial and independent support, but believed he would not have to exercise independence. He said that the Government, previous to his election, had neglected the claims of the northern part of the constituency, and he had been always ready to receive suggestions from constituents. He had got nearly everything from the Government that he expected. He referred to the Nicholls Hospital being placed on the list of aided institution, and said the REVIEW had not mentioned the amount given until it appeared in a Town Council report because, he supposed, it was a Protestant institution. If elected he would pursue in the future the same course he had in the past. He asked them to elect him and defeat the man who had never advocated equal rights. He said that Mr. Carnegie had accepted and been elected by Roman Catholic support in 1867, in 1871 asked for it on bended knee, and accepted their support in 1883, while 160 Roman Catholics had told him they voted for Mr. Carnegie last election. He held Mr. Carnegie responsible for legislation passed while he was in the House, quoted him as having spoken favorably of Mr. Meredith's platform and charged him with insincerity. He closed by prophecying that he would have a majority of from 300 and 500.

MR. JOHN MCNAUGHTON asked a question regarding the secrecy of the ballot, and Mr. Stratton said Mr. Hardy would answer it.

OTHER SPEAKERS.

MR. T. BLEZARD, M.P.P., referred to the campaign in the East Riding, said a little in praise of the late W. H. Scott and more in disparagement of Mr. Carnegie, and eulogized Mr. Stratton. He said Mr. Stratton drove hard bargains with the Government and for two years had been trying to get from the Government something for a public institution in the town that it should have.

MR. GEO. A. COX congratulated Mr. Stratton, and while he was sure they would win, warned them not to lose by a majority of one. He took the opportunity of thanking them for the hearty support they had given him in the last Dominion election.

THE MINISTER OF CROWN LANDS.

HON. A. S. HARDY was then introduced. In opening he said he was glad to speak in Peterborough, which was a great business centre in this district and was known abroad by its enterprise as well as by its ambition. He spoke, as was to be expected, in complimentary terms of the two candidates, Messrs. Stratton and Blezard, and said the charges against the Government, except those in regard to the Education Department, were trifling. He quoted from the Toronto Telegram and Mail as to the financial record of the Government. One charge against the Government, he said, was that they appointed License Inspectors and Commissioners, and he did not think that a grave charge. They appointed, he affirmed, the representative men and the best class of men to these positions. It was also charged that they appointed bailiffs and clerks of Division Courts, but this also was not a grave charge. He would leave them to judge whether these officers actually election agents. Mr. Meredith wished to have the sale of timber limits sanctioned by the Legislature before being offered, but he was triumphantly defeated in the House. He then gave the amount of limits sold and the price, and proceeded with a long attack on the Dominion Government and took up the Rykert case. Leaving that he referred to Mr. McNaughton's question and contended that the ballot had always been practically secret, although by good memory one in the polling booth might find out how one or two voted, and that the recent amendment adding other oaths to made it secret. The ballots, he said, went to Toronto sealed and remained in the custody of the officer of the House, unless an investigation took place, when they would be produced in court and the votes could be traced. He then turned to the school question and protested against mixing up Quebec questions with Ontario politics. The Protestant religion maintained the doctrine of free will, and he dwelt on this as if it were disputed by some one. The Separate schools were embedded in the constitution, and neither the Ontario Legislature nor Dominion Parliament had the power to change that. It had been made a condition of confederation that the rights of the Separate schools as they then existed should be guaranteed. The Roman Catholics had these rights whether they wanted them or not, for he believed many Roman Catholics were satisfied with the Public schools. He could not see that it made any difference in a Roman Catholic whether he was educated at a Public school or a Separate school, and he did not know that anything learned in a Separate school would make him any worse citizen. If the choice was between maintaining Separate schools, or having Public schools in which the Bible could not be read, then he preferred Separate schools by long odds. He denied that the Government had enlarged Separate schools. He said the "prima facie" clause had been put in the law for convenience and that it had always been necessary for a Separate school supporter to give notice. Referring to the bills introduced during the past session he claimed that the Government's proposal was the best, and said Roman Catholics had not asked for the ballot for Separate school elections. He had seen some people get very angry over the alleged connection between church and state in Quebec, but when he asked them if they knew that in England tithes were collected from all for one church, they thought that all right. There was connection between church and state in Scotland and some members of the Old Kirk were good Tories in Canada and Equal Rights or pretended Equal Rights men. The Separate schools were a matter of compact and one party to the agreement could not annul it, and he was sure that if the Imperial Parliament were asked to do so it would refuse unless Quebec consented. He maintained that in legislation the Government was abreast of the times, and he eulogized Mr. Mowat. He touched on the boundary award question and the opening of new territory, and said that terrible things would happen if Mr. Meredith was placed in office.

Mr. Stratton announced that Hon. G. W. Ross would speak here "before many weeks went over," and after a vote of thanks to Mr. Hardy and Mr. Cox the meeting closed with the usual cheers.

Personal.

It is understood that Mr. Parker, organist and choir master of St. Paul's church, has accepted a position at St. Louis, Mo., where he will take charge of the choir and service at one of the principal churches. The salary is named at $1,000. Mr. Parker is congratulated on his advancement, though his departure will be regretted.

Brevities.

—There was no Police Court this morning.

—If the owner of a heavy chain about forty or fifty feet in length which was lost or stolen some time about the last of last year will communicate with Chief Roszel he will receive some information to his benefit.

—An entertainment and sale is to be held at St. Luke's church this evening.

APSLEY AFFAIRS.

A Painful Accident—Wedding Bells—Personal and Other Notes.

Correspondence of the Review.

MATRIMONIAL.—On Thursday, 10th inst., Mr. Willis Peters was united in holy wedlock to Miss S. Allhouse, by the Rev. Canon Harding at St. George's church, Apsley. The contracting parties are from "The Ridge" and celebrated their nuptials by a dancing party in the Town Hall in the evening. Another Chandos young man is said to be in the toils and shortly to follow Mr. Peters's example.

SOLD.—The T. G. Eastland estate has been sold and as soon as preliminaries are settled Mr. W. A. Eastland, the purchaser, will put in a complete stock of groceries, etc. Mr. Booth, the assignee, is now in town relinquishing his trust.

PERSONALS.—Mr. Con. Maher, who has been long and seriously ill, is steadily progressing to recovery....Master Julius Mellmoyle, son of Mr. Thos. Mellmoyle, is somewhat better, though still in a very precarious condition....Mr. George Nickel, Methodist Missionary student here, is absent attending his examination at Campbellford. We wish him the eminent success he deserves....Mr. H. B. Anderson has carried off the coveted prize of a Trinity Medical Student, viz., a certificate of honor. We extend our congratulations and trust this is but the earnest of the success that awaits him in the practice of medicine, the theory of which he is now so successfully mastering.

BAD ROADS.—The residents at this end of the Peterborough and Apsley mail route would be everlastingly obliged if your Young's Point correspondent would make practical his suggestion by loaning our mail carrier a baloon or any other thing that would enable him to get here on time. Horseflesh is inadequate, as the roads are said to have never been so bad as they now are.

ACCIDENT.—Mrs. John Trotter had her leg broken just above the ankle by slipping from a straw stack where she was filling a bed. The accident occurred on Thursday last and at last reports the injured lady was doing as favorably as could be expected.

BUSINESS CHANGE.—Mr. J. J. Welsh has rented the blacksmith and carriage shops from Mr. Jas. Lindsay and will in future conduct the business in his own interest. He hopes to merit a continuance of the patronage the shop has enjoyed in the past.

ADVICE TO MOTHERS.

Mrs. Winslow's Soothing Syrup has been used by mothers for children teething for over fifty years with perfect success. It relieves the little sufferer at once, produces natural, quiet sleep by freeing the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste, soothes the child, softens the gums, allays pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle.

FRASERVILLE.

A New Cheese Factory Being Built—Encouraging Prospects.

Correspondence of the Review.

NEW CHEESE FACTORY.—Mr. W. A. Lean is erecting a new cheese factory here, complete with stable and shed. Mr. A. A. Goodfellow was let the contract. The majority of people, we hear, are thinking of sending their milk and if they do, we hope the returns will come up to their anticipations.

BAD ROADS.—The roads are very bad, almost impassible for barges. The iron horse and shanks mare are the best at present.

TARIFF.—The tariff question is creating quite an excitement, mostly with the ladies, eggs being the chief point.

BUCKHORN BRIEFS.

The Saw Mill Busy—A Lively Navigation Season Expected.

Correspondence of the Review.

THE MILL.—The saw in the mill is now humming. Mr. Hall is at present doing a good business cutting custom logs for his numerous customers and all are perfectly satisfied with their different kinds of bill stuff. Little Jim, of course, is at the helm.

CLEAR OF ICE.—The river is clear of ice from here down as far as Burleigh. Mr. Purser anticipates a good season's work with his handsome little steamer up and down the lakes.

ROADS.—The roads around here are drying up, but have been bad. The worst part of the road from here to Lakefield we find on the 14th concession, near the bend at Little Mud Lake and some distance south of the bend. It is anything but safe driving around there after dark, as there is just one narrow track. The road allowance presents a dilapidated appearance. There are dangers on either side of the track. That farm just there seems to have turned out on the road allowance more big stones, logs, rails, wood and dead orchard brush than any fifty farms in Smith. About two years ago the Selwyn correspondent of the REVIEW spoke of the benefit a finger post or guide board would be to the travelling public if placed at the end of the Buckhorn road. We think that would be a good investment, as there are almost daily parties coming in here who have got astray at that place, and now that the Scott limits have changed hands there are more strangers travelling on this road. The Buckhorn road can only be seen a few yards where it leaves the 14th concession, and looks more like a lane leading to a gravel pit than a main road to an important place like Buckhorn and the township of Harvey.

Kidd has a full line of the finest boots to be had in the market, also a line of the cheapest boots in town. d84-w15

Where Billiards Originated.

"I am satisfied now," spoke the funny man as he awoke, "that the heathen Chinee is the originator of the game of billiards."

"How do you make that?" asked one of the party.

"Because they handle the queue so well," responded the funny man, as he dodged the just stroke of the injured party.—Washington Star.

No Outward Symptom.

"Miss Pethebridge," said the embarrassed young man at the other end of the sofa, after a dreary pause in the conversation, "are you acquainted with my cousins, the Courtright girls?"

"Courtright! Courtright?" replied the young woman, dreamily. "Are you related to anybody of that name, Mr. Phoebie? I never should have suspected it."—Chicago Tribune.

In Executive Session.

"My daughter," remarked a grave and reverend United States Senator to his child, "didn't that young man who called on you last night remain very late?"

"Quite late, papa," was the dutiful reply.

"Well, my child, I should like to know what was going on that required so much time."

"It wasn't that kind of an executive session, papa," she said, with wise precaution. "We never tell."

Mrs. Langtry's Money Bump.

George Keogh, manager for Mansfield: I was manager for Lily Langtry when she made her debut and for some time after. Critics may differ about her ability to act, but there is no question among financiers and real-estate men about her ability to know a bargain and turn a nimble penny. She has natural talent for making money. When we were in Salt Lake City once, she was standing in front of the hotel. Turning, she said: "Call a cab. I believe I will go and look up some real-estate bargains. I think this is a good town in which to invest."

We were driven about the city until the Lily saw a tract of land which pleased her. She halted the horse herself, jumped out, looked over the ground, returned to the hotel, sent for the agent, and before night the title of that property was in Lily Langtry's name. The price paid was $20,000. The other day she was offered three times the purchase price. She has never lost a dollar in any investment she has made in this country.—Chicago Tribune.

A Sure Road to Success.

Reporter (to wealthy Canadian, formerly a citizen of the United States)—To what do you attribute your success in life?

Canadian—Young man, a careful study of geography and a thorough knowledge of railroad routes placed me where I am to-day.

Holding Out Hopes.

Police Justice (to prisoner)—Where were you last June?

Prisoner (impudently)—I can't remember to save my life. I had a different name last June from the one I have now, so I can't remember whether I was in New York or Chicago. This having so many names, and being in so many different places, is apt to confuse the best of us.

Police Justice—I hold you over for trial, and I think I can hold out hopes that before you get through with the law you will learn to stay in one place, and instead of having three or four names you will not have any name at all. You will go by a number after this.

So He Went Out to See.

She was younger and more innocent than she probably would be after a few years.

"Why are all those men going out?" she remarked, as the curtain fell on the first act.

His heart rose and fell with violent emotion as he answered:

"Suppose I follow them and see?"

"Yes, do," and her natural woman's curiosity became his salvation.

"It wasn't much," he remarked on his entrance; "only a man next door giving out paper collars for hot throats."

And by averting his face the breath of suspicion never reached her.—Philadelphia Times.

Synchronously.

Ardent Wooer—Clara, I can keep silent no longer. My heart is fired with a deep——

Disdainful Fair One (of Kalamazoo)—Sir!

A. W.—My heart is fired ——

D. F. O. (coldly)—And so are you. There is the door.—Pittsburg Bulletin.

When Baby was sick, we gave her Castoria,
When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria.

The Rev. Geo. H. Thayer, of Bourbon, Ind., says: "Both myself and wife owe our lives to Shiloh's Consumption Cure." For sale by Geo. A. Schofield, Druggist, Peterborough

OUR

SPRING EXHIBIT!

Any one will recognize the benefit of dealing with a house that shows a Large Range of Goods as well as the Newest Colorings and Styles.

In this connection we would mention the fact that we have several hundred different Styles in our Tweed Department embracing many new and novel effects. Our selections have been made from the market's choicest offerings.

We would state to those who contemplate ordering their Spring Suit that we have been favored with a very large trade and would esteem it a favor if buyers would order early.

Our facilities are now taxed to their full capacity and early orders will prevent delays

Never since our existence have we been so overwhelmed with work. What is the cause? The answer is easy. Our Styles are right, our Goods are right and our prices are right.

ROYAL BAKING POWDER

Absolutely Pure.

This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the multitude of low test, short weight alum or Phosphate powders. Sold only in cans. ROYAL BAKING POWDER CO., 106 Wall-st., N. Y. d67-w67

The Daily Review.

THURSDAY, APRIL 17, 1890.

THE JUDGE!

"But you did not return?"

"Over an hour passed before I did so. I thought I might find my uncle still in the music room, but as I groped my way downstairs I saw that all the lights were extinguished and imagined that he had retired."

"And then what did you do?"

"I knew I could not sleep, and I put on my coat and hat, which were hanging in hall, and went out on the street."

"Did you light the gas or make any light for the purpose of finding your coat and hat?"

"I did not. I knew just where to find them."

"Did you enter the room where Mr. Leiter had been sitting?"

"The music room? No, I did not!"

Margaret would hardly have realized the importance of these questions if she had not looked at her father's face. She saw that he was deeply fearful of the outcome. The veins stood out on his forehead, his hands were clasped, and tears of sympathy filled his eyes.

"Do they suspect——" she started to whisper, creeping close to her father, but she was stopped by his hand upon her her mouth. She drew it away and held it in her own.

"After you got on the street last night where did you go?"

Margaret felt before the answer came that it was going to be something fatal. She seemed to suddenly become conscious of a terror in Harry's soul. She could feel his misery. It was as if a curtain had been drawn aside, revealing him to her completely. But it was only his misery that she saw. All that caused it was impossible for her to know.

"It is impossible for me to tell you where I was last night," said Harry slowly. Every one in the room looked at him in astonishment.

"Mr. Leiter, do you fully realize all that such a denial will mean?"

"It might mean everything or nothing. I cannot tell where I was last night."

"Do you mean that you will not tell or that you do not know?"

"I cannot tell you where I was from 1 till 2 o'clock, and I do not know where I was afterward."

The veins stood out on the judge's forehead.

"What reckless answers," he whispered to Margaret. "Has the boy taken leave of his senses?"

"Do you recognize this knife?" asked the coroner.

"I do," said Harry, shuddering as he saw the blood on it. "It is mine."

"When did you have it last?"

"In the afternoon, before I changed my clothes."

"Before you changed your clothes for the suit you now wear?"

"Yes."

"Where did you have the knife?"

"In this room. I was fixing a violin bridge for my uncle."

"That will do," said the coroner; "the jury may retire."

As the men left the room Margaret left her father's side and rushed impulsively toward Harry. He saw her coming, put up his hands, shut his eyes and cried insanely:

"Keep her off! Keep her off!"

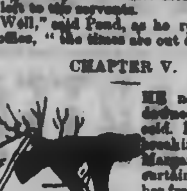
"Innocent!" said Pond to himself, "well, I'm not so sure, after all."

As for Margaret, she merely thought the poor boy had gone insane with his troubles, and like a sensible woman left him to the care of the family doctor, who was present. This kind old man sat beside the young man and divided his time between consoling [illegible] and the mixing of sedatives. Margaret looked on with a white and anxious face, but said nothing more, and made no attempt to win a glance from the man who had promised to love her always only the night before.

In a few moments the verdict of the jury was known. Harry was held to the grand jury suspected of the murder of his uncle. No one spoke. The judge dropped his arms on the table and buried his head within them. Margaret's head dropped lower and lower until it fell on the arm of the chair. Mrs. McCosh motioned to her son and he picked the girl up in his arms and carried her from the room, while his mother followed. As they went out Harry looked after them with a sort of a hardened smile. For a time all that was evil in him came uppermost. A few moments later the house was left to the servants.

"Well," said Pond, as he rode back to the office, "the times are out of joint."

CHAPTER V.



THE next morning dawned pale and cold. Its lurid light breaking in through Margaret's undrawn curtains, aroused her from her broken sleep. She sat up in bed, pushed the tangled masses of hair back from her eyes and looked out dreamily. Never before since her mother died, had she awakened to an utter sense of misery and pain, and even that sorrow had been less poignant than this. That bereavement had in it something holy, beautiful, chastening. This was related with crime; it was made up of violence, shame, terror and injustice. The former sorrow had in it a touch of Heaven. This seemed the work of hell. Yet, though her misery was so new, it wore a familiar aspect, and she could hardly believe that it was only yesterday morning that she had leaped from bed with a thrill of life and gladness, remembering all that had come to her. And that sudden enchantment had given way to sudden poverty. That palace of hope had fallen and left a [illegible]-heap!

How could the room she had known so long suddenly take to itself a look of neglect? Could her dejection permeate the very furniture, she wondered. The flowers in the vases were faded where she had forgotten to freshen the water. The curtains were not drawn; her hair hung in tangles, as she had unbound it the night before, forgetting to braid it for the night. It used to seem such a gay little room, but now—

Margaret brought herself up with a start. Though she was capable of intense passion, she was not sentimental. No stress of circumstances could have made a fatalist of her. She did not know what the quality of sweet resignation, of which she had so often read in women, meant.

"If I keep still and wait I shall eat my heart out," said she aloud. "I do not propose eating my heart out. Therefore I will neither keep still nor wait."

She got up, drew the curtains to shut out the ghastly daybreak, lit the gas, took the morning bath with the accustomed vigor, and dressed herself neatly in a dark walking gown. When she reached the dining-room she found her father had not yet descended, but she ordered her own breakfast to be brought in, and, for a girl with a breaking heart, ate remarkably well. The [illegible] was [illegible]. Miserable, she might be; despairing, she was not. And when she [illegible] she sent out for all of the morning papers, and read every line in them pertaining to the murder. Then to keep her thoughts from degenerating into a mournful reverie, she took paper and wrote her conclusions as she reached them.

"Harry is simply incapable of murdering his uncle. Even if he were wicked enough, he has not the nervous courage. He instinctively avoids anything offensive or disagreeable. I remember that when I cut my finger once and asked him to do it up for me he nearly fainted at the sight of blood. Of course my heart assures me of his innocence immediately, but I wish to convince my reason as well. The question now is, Why will he not establish his innocence by telling where he was? He must either be ashamed to tell or else he must find it impossible to do so for fear of compromising some friend in some way. Might it not be both? Let me see. He had just accepted my promise to marry him." (There was a tear drop here, but the writing remained firm.) He is an honorable gentleman. He will be true to me. But is it not possible that he had some old—friendship that he felt called upon to break with delicacy. I do not know much about such things, but I have heard that the best of men have chapters in their lives that they would not willingly have read by their most cherished friends. Can Harry be like the rest? My reason tells me that he can. May it not have been the recollection of this that made him call to me to keep away from him. May he not have felt polluted. Is it egotism in me to suppose that my trust might not have shamed him?

(To be Continued).

THE MYSTERY DEEPENS.

Chicago Police Can Find No Trace of Medical Student Everett.

CHICAGO, April 16.—If the earth had opened suddenly and swallowed up young Vernon Everett, the missing Chicago medical college student, his whereabouts could not be more completely enshrouded in mystery. Twelve days have passed since he left the house in which he lived, and since then nothing has been seen or heard of him. If the theory of murder is correct the case presents some of the features of the Cronin conspiracy, though no motive except that of robbery can be given for taking the student's life. On the day of his disappearance he told Miss Montgomery at the house that he had been called to attend a case on South Halstead-street without giving any number, and added, as if he had a premonition of evil, "I don't like the job a bit, I've got to go through a pretty tough neighborhood. If it wasn't for the principle of the thing I wouldn't go."

Calls for medical attendance are frequently received at the college and in most cases the students respond because of the experience it gives them. It was probably one of these calls which the missing student attended, but the police and college authorities now believe that it was a decoy summons. The calls come in various ways—by letter, word or telephone—and *no record is kept of such* cases, unless the student sent has something of medical interest to report.

The strangest part of the whole mystery is that all efforts to find out from what source Everett received the call have been unsuccessful, and the tough character of Halstead-street at night has aroused the fears of his friends that the summons was either a decoy or else the student was waylaid, murdered and robbed on his way to or from the sick man's house. When he left South Park-avenue he had with him a valuable gold watch and chain, considerable jewelry and a well-filled purse. His habits were strictly temperate, and no explanation except that of foul play can be given for his long absence. He was an athletic, handsome young man, weighing 180 pounds.

Dr. Everett, of Grinnell, Ia., who has been here for a week searching for his son, was summoned home yesterday on account of the serious illness of his wife, who is prostrated over her boy's strange absence. No search was made until two days after he disappeared, as the Montgomery family and the college officials supposed he was nursing and treating the unknown sick man. All his clothing and personal effects were left in his room, and nothing has been found which would throw any light on the mystery. A mysterious letter was received at the college just after Everett's disappearance, addressed to him in a feminine hand. No address to which the letter could be returned was given and the writer's identity is unknown. The police took possession of the letter to-day but will not divulge its contents or say if it contains a clue. Everett was not known to have any feminine friends or entanglements and no one believes there is a woman in the case. The police are sorely puzzled and have nothing to work on except it is the letter. The detectives cling to the murder theory.

ANGERS-HAMEL.

Quebec's Lieutenant-Governor Wedded—The Ceremony Private.

QUEBEC, April 16.—Hon. A. R. Angers, Lieutenant-Governor of the Province of Quebec, and Madame Alphonse Hamel (nee Lemoine) were married this morning in the church at Sillery by Rev. Cure Casgrain. The ceremony was private, none but the brothers and sisters of the bride and bridegroom being present. The bride was given away by her brother, Mr. Gaspard Lemoine, and Mr. Panet Angers acted as best man for the groom.

Disappointed the Crowd.

OSHAWA, April 16.—A large crowd assembled in and around the Roman Catholic Church here last night in anticipation of witnessing the marriage of Mr. Fagan of Whitby and Miss Cholle of Oshawa. Two priests were present to perform the marriage ceremony, but after waiting until 9½ all had to return home without seeing the knot tied, the contracting parties not having put in an appearance. The ceremony, however, was performed to-day by Rev. Father Hand.

ADMITTED TO BAIL.

The Trial of Mary Cole's Alleged Slayer Postponed—Convicted of Arson.

BELLEVILLE, April 16.—The trial of William Arnott, charged with manslaughter in killing Mary Cole, was begun this afternoon, but as a jury was out in another case the challenges of the defence exhausted the panel and Chief Justice Armour laid the case over until next Assizes. His Lordship commented severely on the summoning of so small a number of jurymen. When asked to accept bail for the prisoner he named as the amount $4000 for the prisoner and two sureties in $2000 each.

John R. Smith and John Bennett were to-day tried on the charge of burning the Woodbine Hotel at Trenton. They were convicted and sentenced to five years in the penitentiary.

Mrs. Emory, who was yesterday acquitted of the charge of being accessory to the murder of her husband, left town to-day for her father's house in Marmora.

The grand jury this afternoon returned a true bill against Frank Jones for shooting at C. W. Young with intent to do bodily harm.

"After a varied experience with many so-called cathartic remedies, I am convinced that Ayer's Pills give the most satisfactory results. I rely exclusively on these Pills for the cure of liver and stomach complaints."—John B. Bell, Sr., Abilene, Texas.

Call and get a pair of boots from Kidd the booter. d64-w14

CUPID'S HARNESS.

Most women naturally look forward to matrimony as their proper sphere in life, but they should constantly bear in mind that a fair, rosy face, bright eyes, and a healthy, well-developed form, are the best passports to a happy marriage. All those wasting disorders, weaknesses, and functional irregularities peculiar to their sex, destroy beauty and attractiveness and make life miserable. An unfailing specific for these maladies is to be found in Dr. Pierce's Favorite Prescription. It is the only medicine for women, sold by druggists, under a positive guarantee from the manufacturers, that it will give satisfaction in every case, or money will be refunded. This guarantee has been printed on the bottle-wrappers, and faithfully carried out for many years. $1.00 per Bottle, or Six Bottles for $5.00.

DRY GOODS NEWS
—AT—
TURNBULL'S

Our Figured Wool Delaines have been slow in coming. They were delayed in Liverpool by the strike which had affected the shipping department but they are here now in plenty of time. We need not say that Delaines are fashionable. We have imported lightly. Those who call early will get the first choice, as we cannot repeat any of the patterns this season.

We are showing Figured Lustres in new colorings. They are being greatly admired. We also show Black Lustre Brocades in a range of prices.

This week's express has brought three of the latest shades in Colored Henriettas, 43 in. wide at 50c. a yard. The colors are Violet, Salmon, Rose, Coachman's Drab.

The latest novelties in Neckwear are Lace Collars in entirely new designs. We will not attempt to describe them. We have just imported them from our American cousins, who are generally a season ahead of Canadian houses in getting up fancy styles.

This week has brought us a job line of small checks, Oxford Shirtings suitable for dresses, shirts or aprons, warranted to wash. Sale price 10c. a yard.

Hosiery—We have secured an immense line of Hosiery at job prices. We believe they are the cheapest line in Canada to-day, taking quality into consideration. All sizes from infants to ladies at 10c. a pair. Take your choice.

Our boys Clothing is now very complete. All the sizes in the new spring shades in stock. We are never beaten in price but believe we take the lead.

The Daily Review.

FRIDAY, APRIL 18, 1890.

ST. LAMBERT IN FLAMES.

Several Buildings on Fire—The Village in Danger—A Big Montreal Blaze.

MONTREAL, April 18.—At 1 o'clock this morning a serious fire broke out in St. Lambert and is burning fiercely at 3 o'clock. A large hotel and four houses are on fire and it is likely that the village will be consumed. A special train has just left here with reels, engines and firemen.

Other Fires.

PORT ELGIN, April 17.—Fire last night destroyed the Arlington Hotel stables, Thomson Bros.' and McGillivray's warehouses, two horses belonging to C. Carnagie and four hogs owned by J. Milau. Loss about $2500, covered by insurance; cause of fire unknown.

CONCORD, N.H., April 17.—Fire broke out in the cupola of the main building of the New Hampshire State Prison this noon after the prisoners had returned to their cells from dinner. All available apparatus was sent from the city and in a short time the blaze was under control. The damage is $25,000. The prisoners were not removed and for a time there was great excitement.

MONTREAL, April 17.—A serious fire occurred in mid city, causing damages estimated at $65,000 in the large brick block at the corner of St. Peter and Craig-streets, occupied by R. Mitchell & Co., brass and iron founders; J. Theo. Robinson, printer; Ewing Mills and the Troy Steam Laundry. The buildings are insured for $17,000, the principal holders being the North British & Mercantile, $6000; Phoenix, $6000; Royal, $2500; Guardian, $2500; the remainder being distributed about evenly between the Eastern, North American and Western.

NASHVILLE, April 17.—Grubb's cracker bakery was burned to-day. Loss $80,000.

BELLEVILLE, April 17.—A shed at the gas works which contained 150 barrels of tar was burned this morning with 100 barrels of the tar. Loss $500, insurance on building $150 in Royal and North American.

The Ontario Elections.

TORONTO, April 18.—The Empire and Mail both assert this morning that the writs for the Ontario elections will be issued in a day or two and that the date fixed is June 5.

THE AMERICAN ASSOCIATION.

Opening of the Season—Syracuse Gains a Creditable Victory.

The American Association began the championship season yesterday. All three of the International clubs of last year which have seceded were in yesterday's play, Syracuse alone securing a victory. Scores:

At Philadelphia:

		R.	H.	E.
Athletics	3 4 3 0 0 0 0 0 1	11	9	[illegible]
Rochester	2 0 5 0 1 0 0 0 0	8	14	2

Batteries—McMahon and Robinson, Callihan and McGuire. Umpire—Emslie.

At Columbus:

		R.	H.	E.
Toledo	0 0 3 0 0 2 1 1 1	8	10	6
Columbus	[illegible]	14	14	[illegible]

Batteries—Healy and Sage, Gastright and O'Connor. Umpire—O'Day.

At Brooklyn:

		R.	H.	E.
Syracuse	0 0 1 0 1 0 1 0 0	3	4	[illegible]
Brooklyn	0 1 0 1 0 0 0 0 0	2	4	6

Batteries—Casey and Briggs, Toole and Bower. Umpire—Barnum.

At St. Louis: Louisville and St. Louis, postponed; rain.

Racing in England.

LONDON, April 17.—The Newmarket Craven meeting closed to-day. The race for the Craven stakes was won by Lord Hartington's Morion, Lord Calthorp's Wildfire second, Abington's Touchwood third.

Lacrossists at Montreal.

MONTREAL, April 17.—The annual convention of the lacrosse league was held to-night in the Windsor Hotel, at which W. J. Cleghorn, Montreal, the chairman, presided and the delegates present were: C. W. Martin, Ottawa, secretary; F. W. Garvin, Toronto; J. Hunter, Cornwall; H. McLaughlin, Shamrock, Montreal. At the opening of the meeting there was a discussion as to whether they would increase the number of games in the series, but it was decided to have them as they are, each club playing two games with each other club in the series. P. Delorimer, captain of the St. Regis Indian team, entered and asked for some arrangements to be admitted into the league, but this was refused and the delegates promised to lay the proposition before the several clubs. They then took up the schedule and arranged two dates, but these were afterward rescinded and the whole work undone. A deadlock then ensued and for three hours nothing was done. At 1 o'clock in the morning it was decided to leave the question over

The Pan-Americans.

WASHINGTON, April 17.—The report of the Committee on Arbitration was finally disposed of by the Pan-American Conference to-day, although it is not certain that the delegates from the Argentine Republic will sign it. The entire session to-day was occupied in considering the subject. The three reports of the Committee on International Law and the supplementary report of the Committee on General Welfare are yet to be considered.

Failure in the Silk Trade.

NEW YORK, April 17.—The biggest case of commercial trouble in the silk business leaked out to-day when Louis Franks & Co., Louis Franks and Henry W. Straus, doing business in raw silks at 110 Grand-street, assigned. It is said the liabilities are about $1,000,000 and nominal assets $1,300,000. Louis Franks states that the suspension is only temporary and he expects to pay creditors in full.

MR. GOSCHEN'S BUDGET.

A LARGE EXCESS OF REVENUE OVER THE ESTIMATES.

The Increase in Receipts Mainly from the Tax on Alcoholic Beverages—The Tea Duty Reduced Two Pence Per Pound—What Gladstonians Say.

LONDON, April 17.—Mr. Goschen, Chancellor of the Exchequer, presented the budget in the House of Commons to-day. It shows expenses exceeded the estimates by £11,000 and receipts exceeded the estimates by over £3,600,000.

The duty on alcoholic beverages realised over £5,690,000. The beer duty exceeded the estimates by £370,000. The duty on foreign spirits exceeded the estimates by £421,000, on home spirits by £1,010,000 and on wine by £12,000. The total receipts from alcoholic beverages exceeded the estimates by £1,-800,000.

The duties on coffee, cocoa and chicory showed a decrease of £17,500, while the duties on tea showed an increase of £40,000.

Commenting on the gross revenue from alcoholic beverages, £29,265,000, Mr. Goschen said the figures showed a universal rush to the beer barrel, the spirit bottle and the wine decanter. Everybody seemed bent on toasting the national prosperity and increasing the revenue. It was a circumstance that must be deplored. A closer examination would not diminish the surprise, for the largest increase had been—of all the spirits in the world—from rum. [Laughter.] The rum was drunk mainly at seaports. In 1888 the number of drams taken reached 245,000,000. In 1889, 275,000,000. It was an extraordinary historical fact that in the years 1875 and 1876, the greatest drinking years recorded, there was precisely the same rush and precisely the same proportion of revenue from different spirits. Increased prosperity therefore meant a great increase in the consumption of alcoholic drinks.

The postal receipts exceeded the estimates by £160,000. The revenue from telegraphs exceeded the estimates by £80,000. The exact surplus reached £3,221,000. He said the national debt during the last three years had been diminished £[illegible]. This was the largest reduction of the debt during the same length of time.

Mr. Goschen estimated there would be an expenditure of £86,087,000 during the coming year and a revenue of £[illegible],-000. He proposed to allot £[illegible] to military barracks and to devote £160,000 to equipment of volunteers. The Indian and Colonial postage rate would be reduced to 2½ pence by any route. The apprentice agreement stamp would be reduced to half a crown and the stamp on health insurance policies and the duties on gold and silver plate would be abolished.

The tipplers who had largely produced the surplus would have a chance to relieve themselves, owing to the reduction of the tea duty by two pence per pound. [Cheers] He opposed the abolition of the tea duty because it was the only vehicle whereby the non-smoker and non-drinker could contribute to the revenue. The duty on currants would be reduced from 7 to 2 shillings per cwt. The increased beer duty would be taken off. The inhabited house duty would be reduced and all working class tenements under £20 rental would be exempt from the house tax. [Cheers.]

He proposed to raise revenue for county council purposes by an increased duty of sixpence per gallon on spirits and three-pence per barrel on beer. [Hear! hear! and Oh! Oh!] This would yield £1,600,000. He hoped friends of temperance would be satisfied and that publicans would take a broad view of the question.

Mr. Goschen said he trusted that the budget would be recognized as an endeavor to afford relief in various directions without resorting to violent measures.

Sir William Vernon Harcourt congratulated Mr. Goschen upon the country's satisfactory financial prospects.

Mr. Mundella complained nothing had been done for free education.

Mr. Goschen promised the subject would be dealt with at the next session. There was no likelihood, he said, of a general election before that, and in framing the present budget he had kept the question in view and could already see the way to obtaining £500,000 for the purpose. He hoped also before he left office to deal with the currency question.

Mr. Labouchere said Mr. Goschen tried to please everybody and would satisfy nobody.

Mr. Nolan said it was a model electioneering budget.

Mr. Sexton said a gross injustice had been done to Ireland and the Parnellites would resist the Government's proposals by every means in their power.

Formal resolutions were adopted authorising the proposed increase of duties.

The Gladstonians discussing the budget in the lobby called it a "dissolution budget."

In the House of Commons to-day Postmaster-General Raikes said he hoped the renewed negotiations with the United States looking to establishment of a parcel post between Great Britain and that country would be successful.

A letter from Rio de Janeiro dated March 27 says the discontent among the military is growing. The Government did not dare to enforce the order issued to three battalions of infantry to embark for southern provinces. The mutinous battalions resisted the order and during the nights of March 22 and 23 the barracks were guarded. Finally the authorities yielded. On the 25th placards bearing the words "Down with the Dictatorship" were posted throughout the city. It is reported the Government has decided to submit the constitution to a plebiscite instead of the Constituent Assembly.

In the Ostrau and Karwin districts of Austria there are 20,000 miners on strike. The men demanded an 8-hour day and the settlement of minor grievances. News comes from the disturbed mining districts that the strikers attacked a party of soldiers and in the fight three miners were killed and many wounded. The troops in the mining districts have been reinforced.

Henry M. Stanley left Cannes for Paris to-day. A large crowd bade him farewell.

Dr. O'Sullivan Wins His Suit.

HAMILTON, April 17.—The case of O'Sullivan v. Lake was concluded this evening. Barrister D. A. O'Sullivan of Toronto sued real estate agent J. N. Lake of the same city for damages for alleged negligence in reporting upon the value of a farm on the mountain brow near this city, on which Mr. O'Sullivan lent $3000 on a mortgage. The real value of the farm was said to be about $1000. In a former suit plaintiff got a verdict for $2000. The jury in the present suit found the defendant guilty of negligence and a verdict for $2549 was rendered.

A tragedy, resulting from poverty, has been enacted at Moscow. The widow of an army officer who was in dire want became discouraged, and she and her five children locked themselves in a room and turned on the gas. When found all six were dead from suffocation.

THE ST. ALBANS TRAGEDY.

Dubois on Trial at Quebec for the Murder of Four of His Family.

QUEBEC, April 17.—The trial of Nathaniel Dubois for the murder of his wife, two children and mother-in-law at St. Alban's on Feb. 23 last was begun this morning. The prisoner is defended by Mr. G. Hamel and the crown is represented by Messrs. Amyot, M.P., and Fitzpatrick. A mixed jury was sworn to try the case.

Joseph Thibault, husband of the prisoner's mother-in-law (one of the victims), and Joseph Thibault and Olympia Thibault, brother-in-law and sister-in-law, gave evidence as to the condition they found the murdered bodies in. The harrowing details have already been published. All agreed that Dubois was in very poor circumstances.

None of the prisoner's relatives or friends have come to Quebec and the medical evidence promised from the United States has not arrived, so that the defence will have to rely on local witnesses to prove the plea of homicidal mania.

Several witnesses from the neighborhood of the scene of the murder were examined, but their testimony was a repetition of that given at the coroner's inquest. Mr. Damase Naud, J.P., who arrested Dubois, swore that the prisoner was quite unconcerned and said he did not fear death for his crime.

Other witnesses testified as to the bad treatment Dubois received from his wife's relations.

THE BLAIR INVESTIGATION.

Majority and Minority Reports Presented to the New Brunswick House.

FREDERICTON, N.B., April 17.—Mr. Wilson, for the majority of the select committee appointed to investigate the charges against Attorney-General Blair, submitted a report to the House this morning. The majority find that Blair is fully exonerated from the charges preferred against him. Mr. Phinney, for the minority, submitted a report to the effect that while no direct evidence to sustain the charges was adduced at the investigation, yet in the opinion of the minority many important and relevant questions had been ruled out by the majority.

Henry Beckett's Two Wives.

NEW YORK, April 17.—An Englishman about 30 years of age, calling himself Henry Beckett, arrived at Castle Garden a month or so ago. He was accompanied by Alice Hewitt, an Irish girl 17 years old, whom he claimed as his wife.

Beckett gave his destination as Toronto, Canada, but being without funds the pair were detained by the Emigration Commissioners, who subsequently returned them to England. It now appears that he deserted a wife in Canada.

Beckett claimed to have lived in Toronto for some years, but obstinately refused to give any further information concerning himself or his past life.

It was thought by the commissioners at the time that Beckett had beguiled the young girl to this country under false pretences. A letter from Toronto was received by Secretary Jackson yesterday, written by Mrs. Mary J. Beckett, inquiring about her husband, Henry Beckett. She said she had heard he had been detained at Castle Garden.

Mr. Jackson wrote in reply, telling the deserted wife why her husband and his companion had been returned to England.

The Social Evil in Berlin.

BERLIN, April 17.—In the *Landtag* to-day during the debate on the budget, Rev. Dr. Stoecker made a speech in which he referred to the prevalence of public prostitution in Berlin. He gave statistics showing the rapid growth of the evil and declared the authorities took no means to check it.

Herr Herrfurth, Minister of the Interior, declared the statistics furnished by Dr. Stoecker were false.

Several members of the *Freisinnige* party protested against public discussion of the subject.

A number of ladies were in the galleries while Stoecker was speaking.

Black Sheep in Every Fold.

LANCASTER, Pa., April 17.—Rev. Z. C. Mower of Intercourse, a prominent clergyman of the United Brethren Church, has committed forgeries for small amounts on several banks and has disappeared. Warrants are out for his arrest. He bought a farm last year and this is believed to have led to his embarrassment.

INTERESTING ITEMS BY WIRE.

The Bank of England has reduced its rate of discount from 3½ per cent. to 3 per cent.

Gen. Salcedo has been sentenced at Madrid to two months' imprisonment for seditious writing.

Capt. O'Shea has withdrawn his suit of divorce, in which he made Mr. Parnell co-respondent.

The Conservatore Romano denies that the Pope has asked the views of the Powers on the subject of the restoration of his temporal power.

The attempt to raise a Portuguese loan has proved a fiasco. The subscriptions received will be returned.

The Imperial Palace at Oranienbaum, 20 miles west of St. Petersburg, has been destroyed by fire. Seven of the palace servants were burned.

Nearly all the London trade societies have signed a manifesto calling for a demonstration in Hyde Park on May 4 in support of the eight-hour movement.

Prof. Tyndall in a speech said that politically he opposed Mr. Gladstone to the teeth, but to save Gladstone's life he would risk his own at any moment.

The British steamer Euclid has been sunk near Hartlepool in a collision with the British steamer Altyre. The captain and three of the crew of the Euclid were drowned.

The London Times says: "If the policy of the silver ring should break down in America, whether through popular impatience or commercial and financial difficulties, the dammed up volumes of silver will pour out in an overwhelming rush on the world."

Coal in South Wentworth.

HAMILTON, April 17.—Councillor Marshall of Barton has struck coal on his property near Mount Albion. The coal is bituminous and burns well. Geologist A. T. Neill of the tax department, to whom the specimens were shown, thinks it is good coal but also thinks it cannot be found in any quantity. Mr. Marshall contemplates boring for gas near Albion Mills in the near future.

A Mysterious Disappearance.

HAMILTON, April 17.—Mrs. Diagmon, of Forestville, N.Y., has been writing to friends in this city enquiring about her daughter and son, who left here on March 24 to go to her but who have not yet made their appearance. The girl is 15 years old and the boy 7. Mrs. Diagmon used to live here, but when her husband deserted her she went away to Forestville. Three of her daughters still live here.

Brazil's Schools Non-Sectarian.

RIO DE JANEIRO, April 17.—Religious instruction in state schools has been suppressed.

THE ATLANTIC MAILS.

THE ALLANS' CONTRACT RENEWED FOR A YEAR.

The Duty on Nursery Stock Vigorously Debated and Some Changes Announced—New Items Added to the Schedules—The Free List Passed.

OTTAWA, April 18.—In the House yesterday Mr. Davies made a complaint about the unsatisfactory condition of the Atlantic mail service. Mr. Kenny endorsed the complaints and Messrs. Jones of Halifax and Mitchell said that the Allans were doing as well as could be expected and that their good service of the past should not be forgotten.

The discussion elicited from Postmaster-General Haggart the statement that the contract with the Allans had been renewed for one year on the 12th of this month. The company were to put only their best steamers on the service and a speed of fourteen knots per hour was called for.

The House having gone into Committee of Ways and Means, Mr. Foster announced these modifications of the new tariff as the items named were reached and taken up:

Candied peels, 1½c per pound in addition to the 35 per cent. already proposed.

Condensed milk and condensed coffee with milk, to pay if sweetened 1½c per lb. in addition to the 25 p.c. ad valorem.

Files and rasps to be omitted from the provisions of the new tariff and the duty to remain as formerly, and the change with respect to scythe handles or snaths is also cancelled.

Carpenters' tool baskets to pay 30 p.c. in place of 20 as proposed.

The duty on nursery stock was vigorously debated, the Opposition protesting that such stocks should come in free. Mr. Brien introduced the subject and his arguments were supported by Sir Richard Cartwright, Messrs. Charlton, Mills, Armstrong and others. On the other side Mr. Carpenter held that the Canadian nurserymen were quite well able to supply the Canadian market and only asked the privilege of doing so.

Dr. Ferguson of Welland declared that the protection asked was not against legitimate trade from the States but from the slaughter of inferior stock left over after the United States markets were supplied.

Sir Richard Cartwright retorted that all they wanted was the privilege of robbing those compelled by the tariff to be their customers. The discussion continued until 6 o'clock.

After recess Mr. Foster announced these modifications of the new tariff on nursery stock: Gooseberry bushes, 1c. each instead of 2c.; grapevines costing 10c. or less, 2c. each instead of 3c.; rose bushes costing 20c. or less, 2c. per plant, and other rose bushes 20 per cent. ad val. The first proposition was 3c. per plant on all rose bushes. Apple trees, 2c. each instead of 3c; peach trees, 3c instead of 4c; plum trees, 3c each instead of 5c. Seedling stock for grafting, viz., plum, pear, peach and other fruit trees which appear in the Tariff Bill at 10 p.c. are placed on the free list.

To yeast this new item is added: Compressed yeast, in bulk or mass of not less than 5 pounds, 4 cents per pound.

Carbon points, admitted at $1.50 per 1000, are not to exceed 12 inches in length.

The following new items were added to the new tariff:

Bird cages, formerly 30 p.c., to be 35 p.c.

Brass and copper nails, rivets and burrs, formerly 25 p.c., to be 1c. per pound and 25 p.c.

Boots and shoes, n.e.s., 25 p.c. ad val. This will include felt shoes.

All manufactures of leather, n.e.s., 25 p.c.

Barrels containing linseed oil 25c. each.

Lime juice fortified with or containing not more than 25 p.c. proof spirits, 60c. per gallon. When containing more than 25 p.c. proof spirits 2c. per gallon. Lime juice sweetened and fruit syrups, n.e.p., 40c. per gallon. Lime juice and other fruit juices, n.e.p., non-alcoholic and not sweetened, 10c. per gallon.

Granite and free stone, dressed, and all other building stone except marble, 30 p.c. in place of 20. Grindstones, not mounted and not less than 12 in. in diameter, $2 per ton.

India rubber cloth, surface waterproof cloths, to be 25 p.c. and 10c per pound in place of 35 p.c. This will slightly increase the duty on heavier coats and reduce it on the lighter.

Biscuits not sweetened to be 25 p.c. instead of 20.

Referring back to an item already passed, Mr. Foster moved the following changes: Silver, German silver and nickel silver, rolled or in sheets, to be struck out from the item imposing 10 p.c. duty and placed on the free list

Non elastic webbing to be 20 p.c. in place of 25 and elastic webbing 25 p.c. in place of 30.

The meat duties, which were passed over when reached in their order in the tariff, were then taken up.

It was explained that under the definition of mess pork contained in the General Inspection Act clear pork of certain descriptions may be admitted, so that clear will not necessarily have to pay 3 cents per lb. as complained, but rather 1½ cents per lb. The items were adopted after long discussion and a new item was added as follows:

Salted beef in barrels 2 cents per lb.

With respect to the duty on spirituous liquors, Mr. Foster announced a change whereby the initial figure upon which strength for duty shall be computed will be 15 below proof instead of proof, and in cased liquors the duty will be calculated on the actual quantities. The duty on ethyl alcohol is changed from $1.75 to $2 per gallon.

The free list was next passed with these additions and alterations:

Books printed and manufactured more than 20 years, bullion fringe, feldspar, corn for ensilage and fodder as well as for ensilage, uncut diamonds, extract of oak, brass and copper rolled round wire rods for making wire, litharge not ground as well as ground, boards of *amaranth*, hickory spokes in the rough, salt cake for other as well as for manufacturing purposes, silicate of soda in crystals or in solution, cutch, mustard seed, antimony salts.

Having passed the free list the committee rose at 1.40 a.m. and the House adjourned.

Sherman's High Jump.

NEW HAVEN, Conn., April 17.—In the running high jump at the New Haven Athletic Club games to-night Thomas C. Sherman, Yale's well-known jumper, increased his record by 2¼ inches, making a jump of 5 feet 10¼ inches.

The U.S. River and Harbor Bill.

WASHINGTON, April 17.—The House Committee on Rivers and Harbors to-day completed the River and Harbor Bill. The total appropriation is a little over $20,000,000.

Funeral of Mr. Randall.

PHILADELPHIA, April 17.—The train bearing the remains of Samuel J. Randall arrived a few minutes after 3 o'clock and the cortege proceeded out Ridge-avenue to Laurel Hill cemetery. A large crowd of sympathetic spectators had gathered at the station and hundreds followed the funeral procession.

Common Sense

In the treatment of slight ailments would save a vast amount of sickness and misery. One of Ayer's Pills, taken after dinner, will assist Digestion; taken at night, will relieve Constipation; taken at any time, will correct irregularities of the Stomach and Bowels, stimulate the Liver, and cure Sick Headache. Ayer's Pills, as all know who use them, are a mild cathartic, pleasant to take, and always prompt and satisfactory in their results.

"I can recommend Ayer's Pills above all others, having long proved their value as a

Cathartic

for myself and family."—J. T. Hess, Leithsville, Pa.

"Ayer's Pills have been in use in my family upwards of twenty years, and have completely verified all that is claimed for them."—Thomas F. Adams, San Diego, Texas.

"I have used Ayer's Pills in my family for seven or eight years. Whenever I have an attack of headache, to which I am very subject, I take a dose of Ayer's Pills and am always promptly relieved. I find them equally beneficial in colds; and, in my family, they are used for bilious complaints and other disturbances with such good effect that we rarely, if ever, have to call a physician."—H. Voullemé, Hotel Voullemé, Saratoga Springs, N. Y.

Children Cry for Pitcher's Castoria.

The Daily Review.

FRIDAY APRIL 18, 1890.

THE LIBERAL MEETING.

The meeting held by the Liberals in the Opera House on Wednesday differed, because of the presence of a Cabinet Minister, from an ordinary nominating convention, yet with the attraction of an address from Hon. Mr. Hardy, which was industriously advertised, the attendance was only a trifle larger than the attendance at the recent Equal Rights nominating convention held in the same place. Evidently the coming of a member of the Mowat Government did not create much enthusiasm.

Mr. Stratton, though he, of course, warmly praised the Mowat Government, drove home against it a really serious charge, when he claimed that that Government had for years persistently neglected the interests of this county. The requirements of the northern part of the county were brought before the Government by the former representative, and after dallying with the matter the reply he got from the Government was that "the appropriations were exhausted," although the Government after that could go on and spend money elsewhere. The Government was aware of the needs of the county, and with that knowledge it neglected the interest of the county, and, according to Mr. Stratton, saddled Peterborough with a law suit by its neglect, a neglect for which there is no excuse.

Mr. Stratton more than once in his speech referred to the REVIEW as Mr. Carnegie's organ. Now, it may as well be understood at the outset, if it is not so understood, that the REVIEW is not Mr. Carnegie's organ in any sense and that he is not responsible for the opinions it expresses, and has not been at any rate since November, 1887.

One phrase which was used by Mr. Blezard and repeated by him in his speech has a very peculiar one. He said that Mr. Stratton had "driven hard bargains" with the Government. Bargains? What is a bargain? It is an exchange or a trade. Now, what had Mr. Stratton to sell to the Government? Obviously in this connection it was his support. So that the acknowledged principle upon which the Mowat Government administers the affairs of the Province, according to Mr. Blezard, is to exchange public money for political support, or to attend to the requirements of a section only when it is forced to do so to secure political support. This is apparently so thoroughly understood by supporters of the Government in the House that Mr. Blezard seemed to think it an ordinary matter, although he was exposing the flagrantly corrupt manner in which the Government rules the Province.

Mr. Hardy alleged that the charges against the Government, except those in connection with the Education department, were trivial. It is a wonder that he did not go the whole hog and make no exception while he was about it. But let us take a specimen, as it would be impossible to go over the whole record at this time. When the Government first proposed to erect Parliament buildings in Toronto it only asked for $500,000. Finding this would be inadequate to carry out its ideas it returned to the House for half as much more and $750,000 was appropriated. The House and the people were then assured that that sum would be sufficient and would not be exceeded. On the strength of that assurance the money was voted. And throughout the Province during the last election campaign the people were assured by Government supporters that that would be the limit of the expenditure. Yet what is the truth? That $750,000 will only begin to put up the buildings the Government is erecting, and when Mr. Mowat was asked last session what the cost of them would be he blurted out, "I don't know." And is a charge of having deceived the House, of deluding the people, and of such extravagance only a trivial matter? Mr. Hardy thinks so, but he does not pay the piper.

Mr. Hardy wished it understood that he scored a point when he read from the Toronto Mail an extract speaking favorably of the Government's financial record. He might easily quote many such opinions from the Globe or Examiner, or other papers that desire to see the Government kept in office, as the Mail says it does.

The Minister of Crown Lands tried to mislead his hearers into believing that, while the Government wished to make the municipal council a court of final resort on the assessment rolls as to the rating of ratepayers as Public or Separate school supporters, Mr. Meredith proposed that the clerk should have that power and exercise that function in secret. Now, Mr. Meredith's proposal was that in making up the collector's roll the clerk should place as Separate school supporters only those who had given notice that they desired to be *so rated*, and further that "any errors of the clerk, in making up his roll, shall not be conclusive on any ratepayer who shall be erroneously rated or entered therein." Mr. Meredith's proposal was to restore the Public schools to their position as the foundation of the school system.

To Mr. Hardy was left the task of answering Mr. John McNaughton's question regarding the secrecy of the ballot. The Minister acknowledged, what before had been strenuously denied, that the ballot had not been a secret one, but he pretended that it was all right now ALTHOUGH THE SYSTEM HAS NOT BEEN ALTERED ONE PARTICLE. The change made has been to add oaths to those formerly taken, and to provide that notices should be put up to inform the voter as he comes to the booth that the ballot is not secret! The secrecy of the ballot was violated before on behalf of Government supporters, and until the system is changed will be again, while workers for the Government party will now be aided in coercing voters who are dependent upon them or the Government in any way by the official public notification of the fact that the ballot is not secret. This same Government provides for an unnumbered ballot for municipal elections, and thereby acknowledges that for all just purposes the secret system is adequate. The refusal to give a secret ballot to the people for Provincial election purposes is an outrage that should not be continued and should be resented.

THE EFFECT OF TOBACCO.

A Distinguished English Physician Gives His Views on Smoking the Weed.

To sum up, I believe that most people can smoke in moderation without injury, and that to many tobacco acts as a useful nerve sedative. On the other hand, if indulged into excess, the habit is always injurious, and I am sure a great many persons either cannot see or wilfully shut their eyes to the "scientific frontier," which separates moderation from abuse. It must also be borne in mind that the condition of the throat as well as that of the general health varies greatly at different times, and that an amount of smoking which at one time would be attended with no bad effect might at another produce serious harm. Every smoker knows that when the stomach is out of order the pipe or cigar loses its charm, but it is not so generally known that at such times the tongue (which to the experienced eye is a mirror of the invisible stomach) and the throat are more vulnerable than usual to tobacco. If nature's warnings on these points are disregarded, as they generally are, the smoker will bring on himself much unnecessary discomfort and even suffering. In connection with the variation in susceptibility just referred to, it may be mentioned that persons leading an out door life can, as a rule, smoke with much greater impunity than those who spend most of their time indoors. It is further worthy of remark that the inhabitants of warm climate suffer less than the dwellers in what is probably, on the a non lucendo principle, called the temperate climate of England. This is doubtless due to the greater resisting power of throats less harassed by fogs and East winds, and partly, perhaps, to the use of milder tobacco.

To conclude with a little practical advice, I would say to any one who finds total abstinence too heroic a stretch of virtue, let him smoke only after a substantial meal, and if he be a singer or speaker let him do so after, and never before, using the voice. Let him smoke a mild Havana or a long-stemmed pipe charged with cool smoking tobacco. If the charms of the cigarette are irresistible, let it be smoked through a mouthpiece, which is kept clean with ultra-Mohammedan strictness. Let him refrain from smoking pipe, cigar, or cigarette to the bitter, and, it may be added, rank and oily end. Your Turk, who is very choice in his smoking and thoroughly understands the art, always throws away the near half of his cigarette. Let the singer who wishes to keep in the perfect way, refrain from inhaling the smoke, and let him take it as an axiom that the man in whom tobacco increases the flow of saliva to any marked degree, is not intended by nature to smoke. Let him be strictly moderate in indulgence—the precise limits each man must settle for himself—and he will get all the good effect of the soothing plant without the bane which lurks in it when used to excess.—Morell Mackenzie.

Murder by Hypnotism.

Let us consider a case. I set a subject to sleep and place him in somnambulistic state. I then say to him: "You know A; he is a contemptible fellow and is ever trying to injure you; he must be put out of the way. Here is a dagger. To-morrow"—or ten days hence, for the suggestion may extend over a considerable interval—"you will make your way to his home; you will wait till he quits the house and will stab him without any pity. He must die. You are not to remember at all that I ordered you to kill him, even if you be hypnotized again." The subject takes the suggestion and promises to kill the one who has become his enemy. At the appointed hour he will be at the place named, and will deal the blow with a steady hand. Whether arrested or not for the deed, he will find it out of his power to reveal the name of the one who put the dagger in his hand. The theme is an attractive one, but can the thing be done?

Personal Morality and Political Morality.

When the corrupt use of the public patronage for party-ends first began to be practiced, it was not regarded as necessarily involving, in those who employed it or in those who were benefited by it, any personal dishonesty or lack of integrity. Personal morality and political morality were esteemed to be two quite different things. But the practice is intrinsically and essentially dishonest, and no man can participate in it without shortly losing sight of all the ordinary distinctions between right and wrong. The man who sought office for the emolument it brought, rather than for the honorable functions with which it clothed him, would hardly hesitate to use the opportunities and the powers of office to increase his gains. And history has painfully demonstrated that the corruption involved in the original distribution of office is insignificant and trivial, contrasted with that infinitely larger corruption which has grown out of the prostitution of office itself to mercenary ends.

His Signature.

"Secrit votin ye call this Australian system, do ye, Mr. Mulcahy? But, be jabbers, small bit of secrecy, Oi'm thinkin' where wan has to sign his name for every candidate he votes for!"

"What are yez thinkin' about, Mr. O'Toole? Ye don't have have to sign your name at all, at all. All yez have to do is jist to make a cross."

"Thrue for yez, Mr. Mulcahy; but isn't that how Oi always sign me name, Oi don't know?"—Boston Transcript.

The weather is as uncertain as the age of a girl over 30.

THE ST. CLAIR TUNNEL.

RAPID PROGRESS BEING MADE ON THE WORK.

Digging Away Under the River—How the 80-Ton Shield Is Driven Through the Clay—Seventy-five Men Busily Engaged Night and Day.

SARNIA, April 17.—The construction of the great tunnel under the St. Clair River, between Sarnia and Port Huron, is attracting much interest among the great trade carriers between the west and east, and as the work has already made such progress that its completion seems assured it is only a matter of a short time when the heavy freight will be taking rapid transit under the river instead of by the old and unsatisfactory makeshift of steamboat transfers. The present state of the work is interesting to the owners, the builders and the public. It is about entering under the river from each side, passing through the brick shafts which were sunk by the tunnel company on the banks of the river, which are exactly on the tunnel line.

The completed tunnel will be over one mile in length, 2310 feet being under the river, 1810 feet under dry ground on the Michigan side, and about 2000 feet on the Canadian side. Fifteen hundred feet of the portion under the river will be almost level, falling eastward slightly, to cause any water that may get into the tunnel to run to the Canadian side. The total length of the ascent on the Michigan side will be about 4000 feet, and on the Canadian side about the same. The length of the open cutting at the Michigan end will be 2500 feet, and at the Canadian side about 3300 feet.

The depth of the lowest part of the tunnel from the mean level of the river will be 81 feet, which is much higher than at first anticipated, but the borings showed such good material that it was decided that the tunnel could be built so much higher. The minimum depth of the top of the tunnel below the bed of the river will be about 15 feet. It will have a clear internal diameter of 20 feet, and will have a single track. It was at first proposed to construct a two-track tunnel, but careful estimates of the cost having been made, it appeared that two single-track tunnels could be built more cheaply than one double-track tunnel. If this tunnel is a success and the traffic demands it, the company intend to build a second one alongside. The Michigan portal of the tunnel will be about two miles from the center of Port Huron, and some change will be necessary in the running of the trains. The Canadian portal of the tunnel is within the corporation of the town of Sarnia.

The work is being pushed ahead day and night under the able supervision of Thomas Murphy, who is a practical underground man. The shield is the tunnel digger and weighs about 80 tons. It is driven by 24 hydraulic jacks of 125 tons pressure each, but half the capacity has never yet been required to move the shield. The shield is moved ahead by pumping water into the jacks and forcing the rams out against the tunnel walls with sufficient power to move the shield. The desired distance required, about 16 inches, having been obtained, the jacks are then sent home the same way. The water is caught in barrels. A ring of iron is then put up, the lower half with block and tackle, the upper half with a crane, which is attached to the rear of the shield and operated with a crank by four or five men. A key is put into the crown of the arch and the ring is finished. Preparations are then made for another advance.

In the meantime the diggers (about 25 men) are in the shield and ahead of the shield, busy making room for another advance. The clay is all passed through the shield and loaded on small cars, which are hauled to the portal by horses, hoisted up by derricks and dumped on flat cars to be taken away. The shield is about three inches larger than the tunnel, and as the shield is being pushed ahead the vacancy which it leaves between the iron lining and the surrounding clay is filled with cement grout, to prevent any movement of the tunnel. There are two tracks of narrow gauge in the tunnel for convenience in hauling material, and both tracks are kept quite busy. Switches are put in at about every 300 feet; track is lengthened and planked; bolts, castings and all material is being constantly brought in and out, so that about 75 men are kept busily engaged continuously. The pressure pipes and fresh air pipes are lengthened daily. All repairs are done on the premises by carpenters, machinists and blacksmiths. The whole works are lighted with electric lights, the incandescent system being used.

The doubt may be expressed about the possibility of making the two shields meet truly in line, but those concerned have no anxiety on this point, feeling confident that the work is in good hands. Mr. Hillman, the engineer in charge of the construction of the tunnel, takes lines and measurements every day and prepares a diagram therefrom, showing the location of the shields, which is handed to the workmen in the shield, and the shield is shifted according to the diagram by using jacks more or less on either side, or at the top or bottom, as may be required to keep the true line. When the clay is very soft it is more difficult to keep the shield in line, but so far the clay has been fairly good! The material has been a little easier to remove on the Canadian side, which accounts for the somewhat better time made lately on that end. Signals are given to the engineer of the hydraulic pump by means of an electric bell. There are three gangs of diggers in the shield. Each gang works 8 hours out of the 24. All the other men work 12 hours—from 7 until 7. There is a man in the shield boring with a clay auger ahead of the diggers, and a map, or diagram, is daily prepared showing the kind of material and where located. Each 100 feet is numbered and a record is kept of the kind of material found at every numbering, etc.

Over 12 feet of tunnel have been made some days at the Canadian side. This figure has never been reached on the American side. However, the average is from 7 to 9 feet per day. It is the intention to push on the work at the approaches at once. Very heavy retaining walls of the best masonry will be built in the open cuts and probably some overhead bridges will be erected. The whole will give employment to several hundred additional men.

The completion of the St. Clair tunnel will have an important effect upon transportation between the Western and Eastern States and also between Canada and the growing west, as the route by way of St. Clair River to and between Detroit and Buffalo or Toronto will be only eight miles longer than the direct route across the river at Detroit and Windsor, and the extra distance will be more than made up by the saving of time in running through the tunnel instead of crossing the trains by the car ferry.

The Chinese Shuttlecock.

NIAGARA FALLS, Ont., April 16.—The Chinaman Lem Sing, who was expelled from the United States yesterday and was held on the bridge and not allowed to land in Canada on account of not having the $50 tax, was allowed to land here last evening and is being watched by the United States officials. It is thought he will be sent back to the United States this morning.

Fabsley—What has become of old man Figg? I never hear of him any more. Is he dead?

Wickwire—No, not exactly. His wife is keeping boarders.

Madge—Peck, do you believe in sheol here on earth?

Mr. N. Peck—No, I don't believe in it but I have got to stand it.

To Clothe the Men of the Future!

GOUGHS' PROPHETIC PROPENSITY!

We want to do something for the men of the future, the boys of to-day. Can we do it better than by Clothing them tastfully, neatly and becomingly?

Thousands of mothers in the county are at their wits end to clothe their boys and do it without much outlay. Why bother with it at all. Come to GOUGH'S, the Boy Clothiers and suit your boys and save worry and anxiety. We have in Stock

EVERYTHING FOR BOYS WEAR.

Suits, Trousers, Coats, Hats and Boots.—Suits in many styles. Trousers tough and durable, will stand the strain of fence climbing, shinnying and all rough play. Suits that make your boy look like a gentleman and fit like a glove.

GIVE YOUR BOY A CHANCE

to look his best. He deserves it of you and you won't refuse. Fathers! Mothers! Uncles! Aunts! bring your boys to GOUGH'S for a Summer Outfit.

GOUGH BROS. 377 and 379 George-st., Peterborough.

HATS!

Our stock of Hats for the Spring is now complete, comprising an immense variety in all the shapes and colors from which to choose.

Our prices cannot be beaten, being direct importers.

See our celebrated Carrington & Sons' English Knock-Abouts, the best in existence, for which we are sole agents in town.

A fine line of Ministerial Soft Hats, Fine Silk Hats and English Felt Top Hats for professional men, now in Stock.

Also a big range of Ladies' Tweed Caps.

WM. LECH & SONS,

Joe. Hess' Farewell.

There will be a varied and very attractive programme at the Hess meeting this evening, when Joe. Hess will bid farewell to Peterborough. Mr. Hess will give an exhibition of club swinging, there will be singing by Mr. and Mrs. W. Daly and others, recitation by Miss Sanders, the farewell address of Joe. Hess, and Mr. Hess has announced a speech by "a stranger." Admission, to cover expenses, 10 cents. 1d91

Are you made miserable by Indigestion, Constipation, Dizziness, Loss of Appetite, Yellow Skin? Shiloh's Vitalizer is a positive cure. For sale by Geo. A. Schofield, Druggist, Peterborough.

Removing an Old Landmark.

The Norwood Register says:—"Workmen are busy engaged in moving the Methodist church to the eastern part of the lot in order to make room for the new structure, which is to be built partially on the site of the old one. The main part of the building is to be used as a place of worship until the new church is completed. It was found necessary, before undertaking to remove the building, to demolish an addition which has been erected some twelve or fifteen years ago, and also the tower and steeple, built over a quarter of the century ago. A great number of people witnessed the fall of the steeple, which was canted from its lofty perch, and fell with a terrible crash on Peterborough-st. The timbers were found in a fair state of preservation, although the tin-covered wooden sphere which adorned the top was badly decayed. This portion of the edifice was built in 1864—several years after the erection of the main building. The corner-stone contained an earthen-ware jar in which was found a copy of the Christian Guardian, dated April 26th, 1852; one of the Peterborough Review, dated April 16th, 1852; an English paper and a copper coin dated 1852. The jar, strange to say, contained no documents relative to the laying of the stone. The papers were badly mill-dewed and it was with great difficulty that the dates of the issues, etc., were obtained. To the sealing of the jar with mortar is attributed the destruction of the papers, as had it been sealed in the manner in vogue now-a-days, the documents would have been in as good a state of preservation as the day they were placed there."

For Delicate, Sickly Children.

Scott's Emulsion is unequalled. See what Dr O. A. Black, of Amherst, N.J., says: "I have been acquainted with Scott's Emulsion of Cod Liver Oil, with Hypophosphites, for years, and consider it one of the finest preparations now before the public. Its pleasant flavor makes it the great favorite for children, and I do highly recommend it for all wasting diseases of children and adults. Sold by Druggists, 50c. and $1.00

THE ASSIZE COURT CLOSED.

Jerome C. Green, who was Charged With Forgery, Acquitted.

The charge against Jerome C. Green, of Havelock, of having forged the name of W. W. Ellis, of Belmont, to a note for $18, was taken up at the court yesterday morning and occupied the entire day. The case was in some respects a peculiar one. In April, 1889, Mr. Ellis bought a harrow from Green, who was agent for Patterson Bros. and other firms. The price of the harrow was $16, and Mr. Ellis says he gave in payment two notes for $8 each, one to fall due last fall and the other next fall. In August Mr. A. Crosbie, travelling agent for Patterson Bros., received from Green a note for $18 purporting to be signed by W. W. Ellis and payable in April, 1891. Later the firm seems to have had doubts as to Green's accounts, and Messrs. Crosbie and Primrose were sent to Havelock. A warrant was issued for Green and he got out of the way. Search warrants were got out, and also warrants for Green's wife, father and brother and a man with whom Mrs. Green was staying. When Mrs. Green was arrested a number of notes were obtained from her, which she had in the bosom of her dress. It was stated in evidence that some of them were payable to Patterson Bros. and others to Green himself and some belonged to other firms. Mr. Crosbie got possession of the notes and sent two to another firm to which they seemed to be payable. One of the notes payable to Green was from W. W. Ellis and was for $8. This Mr. Crosbie took to Mr. Ellis and exchanged it for a similar note payable to Patterson Bros. Joseph Green, Jerome's brother, was brought to Peterborough for trial, but as the alleged offence was committed in Hastings county, he was discharged. He was re-arrested, but the prosecution was dropped, and the prosecution was not proceeded with in the cases of the others who were arrested.

Mr. Ellis pronounced the note for $18, which bore Jerome C. Green's name as witness, a forgery. Green returned and was indicted on this charge and on the charge of having forged two other notes. The crown witnesses were the agents, Messrs. Crosbie and Primrose, Mr. Ellis and several witnesses who said they did not think the signature was Mr. Ellis' writing their opinion being based principally on the absence of periods after the initials. The theory set up by the defence was that Mr. Ellis had bargained for or talked of buying a plough as well as the harrow, and that the $18 note and the $8 one Mrs. Green had were given to cover both transactions. Joseph Green and a witness named Taylor were called who said that since the prosecution had been started they heard Mr. Ellis speak to the prisoner about the plough.

The judge instructed the jury that, according to law, the evidence of Mr. Ellis, even if they believed every word of it, must be corroborated in some way before they could convict. The jury retired at five o'clock, and in about an hour returned with a verdict of not guilty. The crown offered no evidence on the other charges, and Green was discharged. Mr. W. Kerr, Q.C., of Cobourg, conducted the case for the crown, and Mr. E. C. Clute, Q.C., of Belleville, defended the prisoner.

This concluded the business before the court.

Dental Electricity.

Mr. R. F. Morrow has introduced into his practice a superior dental electric instrument for the painless extraction of teeth. He is also having unparalleled success with the "old stand by" nitrous oxide gas. d88

The Final Week of the Sale,

You must act promptly if you want to help yourself to the bargains at the Duncan Cameron bankrupt sale. This is the closing week. A lot of the stock has been sold but there are some splendid things left in Tweeds. The patterns are choice and goods the right weight for summer wear. Just such as every man needs. Don't fail to see these Tweeds and if you see them you will buy. Hurry up. Sale closes on Saturday next. Not much time left but you can get there if you are quick. Remember sale at D. Cameron's old stand, George-st. d88tf

The Northwest Land Office

The removal of the Dominion Land office from Winnipeg to Ottawa having been suggested, the Winnipeg Tribune, a Liberal organ, opposes the change, and in doing so makes a reference which shows that the services of Mr. H. H. Smith, formerly Mayor of Peterborough, are appreciated. It says:—"They (the people of that section) are very well satisfied with the administration of the Land Department, which is probably as efficient as it can be made. The commissioner is a man of business, courtesy and tact, and is not apparently under the impression that he has been sent here to render himself as disagreeable as possible." Of course the Tribune has to say something disagreeable and hits at officials at a distance from it, but it is satisfactory to see it at any rate acknowledges the ability and courtesy of the Dominion Land Commissioner.

The Trouble of Husband and Wife.

The domestic affairs of Mr. and Mrs. Jacob Skimmerhorn were ventilated to some extent at the Police Court this morning. The husband, who was locked up all day yesterday and last night, was charged by his wife with assault. The woman or girl, for such she is in appearance, is rather good-looking, but from the statements of her husband and some of his friends has not been an exemplary wife by any means. Jacob has been in the woods during the winter and upon his return his reception was not of the cordial character of a loving wife. He says his wife is in the habit of running around at nights and neglected her domestic duties. On Wednesday night she was late coming home and in the morning would not get Jacob's breakfast, but instead began to pack up her belongings with the intention of leaving the house. In the course of the packing up process the husband and wife quarreled and came to blows. The husband acknowledged that he slapped and kicked the woman. She said she did not want to live with the man any longer and the Magistrate advised the pair to try and get along peaceably, but if they failed in this they should separate. He discharged the husband. A woman friend corroborated the husband's evidence and said he was a hard working man and a good provider, but the woman was negligent and failed to do her duties.

TO THE WOMEN AND MEN

JOE HESS HOLDS A MEETING FOR EACH SEX.

The Men are Given Some Plain Talk—Some of the Cardinal Sins—Profanity, Sabbath-breaking, Gambling, Licentiousness and Intemperance—The Young Man and his Young Lady's Candies.

Joe Hess separated the women and men yesterday, and held two meetings, at one of which he talked to the ladies and at the other he poured some plain, straight talk at an audience of men only. As the chairman remarked at the men's meeting Joe has been "through the mill" and he gave his male friends the benefit of his experience.

THE WOMEN'S MEETING.

The women's meeting was held in the Opera House at three o'clock in the afternoon. Rev. P. Clifton Parker presided over the gathering of the fair sex, and the meeting proved a very interesting one. It was held under the auspices of the W.C.T.U. and there was a good attendance of ladies. The ex-saloon keeper made his address appropriate to his audience, speaking chiefly of the history of women and their gradual rise in the movements of the world, until to-day they were a recognized power. At the close of the meeting the "World's petition" was submitted for signatures and many of the ladies present signed the document. This petition, which is in the interest of temperance, has already been referred to the Review, and it will be remembered that the object is to secure the signatures of two million ladies and then it will be presented to the heads of the government of every Christian country.

THE MEN'S MEETING.

The gathering for the men was held in the evening and the Opera House was fairly well filled by an audience of males ranging from the youth of sixteen years all the way up to the grey-haired sire of three score and ten. Mr. R. J. Colville, General Secretary of the Y.M.C.A. presided, and, after the usual opening exercises, he introduced the lecturer with a few earnest remarks on the evils of which would be presented and asked the men to listen to and heed them as they came from one who had been "through the mill."

Joe Hess was received with some applause as he rose and buttoned his black Prince Albert around his portly figure. "Boys," he said, "I suppose I can call you all boys for though some of us have left the name of boy behind us and are called men, yet we all are not men. I want to speak of some evils and I wish I had all the saloon keepers and liquor dealers, who are looked upon as respectable, here to-night. I was rather afraid to give any address here to men only as the subject of temperance is unpopular among men, who are not all given to sobriety and make so light of temperance that it is hard to get a crowd." He said there might be among them Catholics and Protestants, Methodists and Presbyterians, but he would speak to them all alike and would call black black and white white. He would take as the opening words of his address the words of the 17th verse of the 19th chapter of Genesis, "Escape for thy life." Every man said he, has two instincts, one was the love of life and the other fear of death. There was not a man there but loved his life, and all of them feared death, in one way or the other, although the out and out Christian did not actually fear death when it came, as he had another to rely on. When he went to church or to hear a public lecturer he always took these things into consideration—did the man mean what he said in kindness and love, was he good, and did he know what he was talking about? In his case he would tell them he meant kindly to every man present, he was then good or he would not speak plainly, and they would find out he knew what he was talking about as he had had the experience. He wanted to speak of some of

THE CARDINAL SINS OF THE DAY

which they should escape from with their lives. The first was profanity. He had heard men standing on the corner as he went to the post office using language that was so bad that he believed if a mule with a comprehension of language had been passing and heard it he would have hauled off and knocked the brains out of the other mules. He had passed another street corner near a hotel and he had heard the same awful language. He was told that some of these men were church members and Joe denounced church members who were in the habit of swearing. Letting go a familiar oath Joe said "How does it sound? How does it grate upon your ears? Just as it grates upon your ears so it grates upon the ear of God and it will have to be answered for at the judgment. It was just as easy to use chaste language. He asked them

HOW SUCH LANGUAGE WOULD SOUND

to their children and said that with all our churches and all our social purity, men were constantly growing worse in this respect. "All who swore to-day, stand up?" said Joe. Unnecessary to say not a man moved. "Well, all who did not swear stand up?" At this request about half the audience rose to their feet leaving the other half in their seats elected as swearers. "I got in one on you that time," said Joe, "If I can't catch you one way I can another." Sabbath breaking was the second of the cardinal sins and the speaker denounced card playing and drinking on the Sabbath. The third cardinal sin he spoke of was gambling.

A MAN WHO GAMBLED

committed a sin, for if he won a dollar at a game of cards it was not legitimate but was stolen. He could put up with the gambling with cards, but he could not stand men in the Church of God who were gambling in grain—gambling on the markets. Joe called speculation on markets as bad as any kind of gambling. The boy who started playing penny-ante would soon want a little heavier game and if he was working for from one to five dollars a week he would take a dollar or two from the shop and getting deeper and deeper in debt would continue stealing until he ended up in Kingston penetentiary. A boy earning fifty dollars a month, said Joe by way of illustration, will pay $20 for livery, etc., $2 for laundry, $20 for board, $5 for gambling, $5 for tailoring and candies for his girl, and what has he left? He must take a little from the shop to play his little game of penny-ante. "Boys," and Joe spoke as though he meant it, "don't spend your money on candies for a girl. If you must buy candies to catch a girl let the catch alone. A girl that would not have me without me buying candies for her would wait a long time. I got a wife and never bought a pound of candies in my life and I caught a good girl too. She has often said to me "Well, Joe, if you did drink you never treated me to a pound of candies in your life." I said "No, I never did because I thought you were sweet enough without them." Gambling was the cause of the destruction of many a business man and he warned them all against it. In conclusion he spoke of two other cardinal sins—licentiousness and intemperance, denouncing both in no uncertain way and closed with an appeal to all to sign the pledge.

TO-NIGHT'S MEETING.

A farewell meeting will be held to-night at which a programme will be rendered and Joe Hess besides speaking will give an exhibition of club swinging.

Bill Heads! Bill Heads!

ow in price, excellent in quality, no atnes in printing, promptness in delivery, at the Review Stationery store, 358 George-st

"After a varied experience with many so-called cathartic remedies, I am convinced that Ayer's Pills give the most satisfactory results. I rely exclusively on these Pills for the cure of liver and stomach complaints."—John B. Bell, Sr., Abilene, Texas.

Kidd has a full line of the finest boots to be had in the market, also a line of the cheapest boots in town. d84-w15

Local Talent for Norwood.

The Norwood Register says:—Another organ recital will be given in the Presbyterian Church here on the evening of the 9th of May, by Prof. Cordingly, of Toronto, assisted by Mrs. W. A. Sanderson and Miss E. Hall, of Peterborough, Miss Fowlds, of Hastings, and other vocalists of note.

ADVICE TO MOTHERS.

Mrs. Winslow's Soothing Syrup has been used by mothers for children teething for over fifty years with perfect success. It relieves the little sufferer at once, produces natural, quiet sleep by freeing the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste, soothes the child, softens the gums, allays pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

Call and get a pair of boots from Kidd the booter. d84-w15

An Enjoyable Evening at St. Luke's.

The Young Men's Guild of St. Luke's church held a very successful and highly enjoyable entertainment last night, at which there was a good attendance. The programme rendered was an excellent one, while the farces or charades which were presented were remarkably well acted and amused the audience immensely. Each of the members on the programme was excellently given. The programme was as follows;—

Instrumental duet..	Misses Calcutt and Burnham
Vocal duet........	Miss Tivey and Mr. Tierney
Instrumental solo..........	Miss Kate Calcutt
Vocal duet..........	Miss Tivey and Mr. Tierney
Instrumental duet..	Misses Calcutt and Burnham
Farce........................	"Poor Pillicody"
Reading..................	Mr. Chas. Brown
Instrumental duet..	Misses Calcutt and Burnham
Farce...............	"From Pumpkin Ridge"

Scrofula is transmitted from parent to child, and thus becomes a family inheritance for generations. It is, therefore, the duty of every scrofulous person to cleanse his blood by a thorough and persistent course of Ayer's Sarsaparilla.

Protestant and Archdeacon Farrar.

To the Editor of the Review.

SIR,—In a late number of the Review I read "Protestant's" amiable contrast of two divines of the Church of England, viz, the Rector of Peterborough and Archdeacon Farrar. With your permission I will make a few observations on this not very theological composition. And first what does "Protestant" wish the public to infer from the immense indefiniteness of his anonymity? For there are Protestants and Protestants. Which of the two or three hundred sects of them does he belong to? Mormons in England have the protection of the laws under this denomination, which is now a mere cover for any amount of infidelity. James Mill, for example, an atheist, who brought up his son, John Stewart Mill, in strictest atheism yet warmly commended to his interest the Protestant Reformation; and quite lately Professor Huxley, the renowned Agnostic, appeals very forcibly to the British public to look after the safety of Protestantism, against those too successful Ritualists. Clearly these acute and learned gentlemen made a large distinction between Protestantism, which they favored, and Christianity which they approved. It is not given to everybody to conjure successfully with that much abused word "Protestant." I could easily fill a column of the Review with testimonies showing irrefutably that "Protestant" was once in England applied exclusively to the church, in contradistinction to the sects, as it is to this day popularly in Ireland, where the Protestant, Presbyterian and Roman Catholic chaplains of jails are thus distinguished.

So indefinite a gentleman as your correspondent is content to appear shows himself a much mistaken critic of the Rector of Peterborough, in charging him with confusing the visible church to the Church of England. No churchman does this. It is only the bigoted hallucination of persons who are determined to misrepresent the English Church, right or wrong. And yet this too foolish critic says "Mr. Davidson will *of course* admit this." Enough to say that *of course* Mr. D. would admit no such thing. Mr. D. is invidiously charged with maintaining that "no man can become a Christian without becoming a member of Christ's Church, and that outside the Church is outside the Kingdom of God. Surely these positions are unimpeachably correct. On new testament grounds they admit of no sort of contradiction. They really have "the merit of plainness." But "Protestant's" comment has the immense demerit of being illogical and unjust. "They say in effect to all outside the Episcopalian church you are outside the Kingdom of God." Remember, "Protestant" has already given us to understand that the Episcopalian church is the Church of England. What he means is the Kingdom of God is more comprehensive than the Episcopalian church; but admitting that is no disproof of what he does deny, viz. that a Christian must be a member of Christ's Church and of the Kingdom of God.

"Protestant" very properly describes Archdeacon Farrar as a "celebrated English Church clergyman." Yes, he is, but for what? for discursive reading, a great power of poetic quotation and a most unbalanced judgment! So much so that there is not a man of a tenth part of his abilities who has not more weight in the Church of England of to-day than he. Let me inform your correspondent, who evidently knows but little of that church, that he was most unlucky in selecting Archdeacon Farrar's name as one of weight and authority. If the Rector of Peterborough had not the brilliant abilities of Archdeacon Farrar, he may well have a larger share of a far better thing, the calm faith of the Catholic Church. It is rather surprising that "Protestant" doesn't notice the plain contradiction involved in his quotation: "The articles which I accepted at my ordination taught me that the visible Church of Christ is a congregation of faithful men wherein the pure Word of God is preached and the Sacraments duly administered;" and yet a little later he is indignant at the supposed exclusion of Quakers from that visible church, though they wholly repudiate the Sacraments which are an essential work of it! There's an example of passionate rhetoric versus logic, and a very complete picture of "the gentleman who elongated the gospels," as the dissenting M. P., Mr. Birrell, describes him in *Obiter Dicta.*

Instead of its being to the disadvantage of the Rector of Peterborough that he is "Versus Archdeacon Farrar," it is immensely to his honor and credit, and so may he remain to the end.

Yours,
A BETTER PROTESTANT.

Oshawa, 16th April, 1890.

To Nervous Debilitated Men.

If you will send us your address, we will mail you our illustrated pamphlet explaining all about Dr. Dye's Celebrated Electro-Voltaic Belt and Appliances, and their charming effects upon the nervous debilitated system, and how they will quickly restore you to vigor, and manhood. Pamphlet free. If you are thus afflicted, we will send you a Belt and Appliances on a trial.

Shiloh's Vitalizer is what you need for Constipation, Loss of Appetite, Dizziness, and all symptoms of Dyspepsia. Price 10 and 75 cents per bottle. Sold by Geo. A. Schofield, Druggist, Peterborough.

SHOT AND KILLED.

Hugh Graham, Formerly of Ashburnham, Reported Dead.

On Thursday, April 3rd, the following despatch appeared in our telegraphic columns:—

WILKESBARRE, April 2.—At Duryea this morning a quarrel occurred between John Pryor and John Butz. During the progress of the fight a shot was fired which struck Hugh Graham, killing him instantly. Pryor and Butz are in jail.

At the time this appeared it was wondered if the Hugh Graham who met his death by the fatal bullet could be Hugh Graham, who is well-know in town and Ashburnham and who was a son of Mr. "Joe" Graham, who with his family lately moved to Michigan. That such is the case now seems certain, as a Review reporter ascertained to-day that Mrs. Jos. Graham, jr., who lives near the C. P. R. track on Stewart-st., in Ashburnham has received word from her husband who is in the woods that he (Mr. Graham) received a letter from his mother stating that his brother Hugh had been shot and killed. Hugh Graham was a young man and when here was employed with Mr. T. G. Hazlitt and other lumbermen. His sudden and untimely end, should the news be correct, will be regretted by his friends.

Shiloh's Catarrh Remedy a positive cure for Catarrh, Diphtheria and Canker-Mouth. For sale by Geo. A. Schofield, Druggist, Peterborough.

Brevities.

—Mr. R. W. Peynolds an old Norwood boy, has been elected mayor of McLouth, Kansas. Congratulations!

—The Magistrate indifinitely postponed judgment in the case of Mr. John Mervin who was charged with keeping a slaughter house within the town limits.

—The Equal Righters of East Peterborough meet at Norwood on Monday to consider the advisability of nominating a candidate for the Ontario Legislature.

—Adam Dobbin was liberated from gaol yesterday where he was spending six months for vagrancy. Adam was again at the Police Court this morning for another ticket for free board at the gaol. The Magistrate granted his request and sent him up for six months.

The Rev. Geo. H. Thayer, of Bourbon, Ind., says: "Both myself and wife owe our lives to Shiloh's Consumption Cure." For sale by Geo. A. Schofield, Druggist, Peterborough

In the Hub.

Hub Mother (shouting downstairs)—Minerva, are you going to bed?

Hub Daughter—Let me have another half hour with Robert, ma.

H. M.—Another half hour with Robert! Goodness gracious! Have you a man in the house!

H. D.—The idea! I'm reading Browning.

Taking Care of Number One.

"Jean, run to the pastrycook's and get me a couple of patties. Here are six sous. You may eat one yourself."

Jean comes running back with his mouth full and his hands empty. "Here, monsieur, are three sous: they'd only one patty left." —Le Radical.

What He Was Afraid Of.

"Were you afraid I would say no?" asked she who had just said yes.

"No," said he who had been made happy. "I was afraid I'd make a fool of myself, that you'd say no, and then tell Sue Jones all about it, thus spoiling all my chances with her."—Yankee Blade.

An Expensive Son-in-Law,

A cable letter to the New York Sun gives some interesting details with regard to the price paid by Mr. C. P. Huntington in order to secure a prince for a son-in-law. It states that he deposited with Prince Hatzfeldt's trustees $1,750,000 in United States bonds, the income from which is, according to agreement, to be divided between the prince and his wife, each to receive his or her share independently of the other, and the income is to be paid to each just the same in case of divorce or separation. Mr. Huntington also agreed to pay at the London & Westminster Bank on the day before the wedding £20,000 to persons designated by the prince, and $80,000 more within six weeks, also to persons designated by the prince, who are, of course, his creditors. Princes come high, but the American heiresses, it seems, must have them.

When Baby was sick, we gave her Castoria,
When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria

Why will you cough when Shiloh's Cure will give immediate relief? Price 10c. 50c. and $1. For sale by Geo. A. Schofield, Druggist, Peterborough.

—OUR—

SPRING EXHIBIT!

Any one will recognise the benefit of dealing with a house that shows a Large Range of Goods as well as the Newest Colorings and Styles.

In this connection we would mention the fact that we have several hundred different Styles in our Tweed Department embracing many new and novel effects. Our selections have been made from the market's choicest offerings.

We would state to those who contemplate ordering their Spring Suit that we have been favored with a very large trade and would esteem it a favor if buyers would order early.

Our facilities are now taxed to their full capacity and early orders will prevent delays.

Never since our existence have we been so overwhelmed with work. What is the cause? The answer is easy. Our Styles are right, our Goods are right and our prices are right.

ROYAL
BAKING
POWDER

Absolutely Pure.

This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the multitude of low test, short weight alum or phosphate powders. Sold only in cans. Royal Baking Powder Co., 106 Wall-st., N. Y.

The Daily Review.

FRIDAY, APRIL 18, 1890.

THE JUDGE!

Margaret read these over slowly and reflected to herself that they showed great worldly knowledge and much brutality. It is no easy thing for a beautiful woman to forgive a man for hanging, even in the time of crushing trouble, to be protected from her when she advances with outstretched arms. Margaret's face turned hot when she remembered it. At the time her pity for him was too great for any feeling of personal chagrin to find room in her heart. But now the significant slight was borne in on her with sharpness. At such a time would not one have supposed that he would have turned to her for all comforting effect? As the telegrams came again and again in her mind she reached the opinion she first arrived at. The secret of that night must have been one that made him shrink from her. Margaret said to herself that she forgave him. She would go to him as soon as her father would go with her. Probably they would go in the afternoon, and then Harry would learn what her [illegible] was worth, and she would assure him that she would neither rest night or day till he was cleared. She thanked Heaven the time was past when men dared sneer at the proffered help of a woman. They had fortunately learned that a woman's help was valuable anywhere and under all circumstances. To tell the truth, there was a certain sternness in Margaret's mood this morning. In times of sorrow, in the [illegible] of luxury and leisure, no one could be more tender than she. But underlying all was a practicability almost masculine in its character, and the necessities of the present hour brought this to the surface. She looked at her watch. The hour was wearing on and her father had not yet appeared.

"I will reason out the murder some other time," said she, with not a little confidence, or assumed confidence, in her powers; and she called for her bonnet and cloak and went out. [illegible] after all. The poor child had a weight on her brain as well as on her heart. There was a deadly sinking sensation that almost overwhelmed her, and she knew if she gave way to it at all it would destroy her. The determination triumphed, and as she stepped out on the street she made a point of holding her head steady and high, so that if any were looking they should see she was fearless. A girl more conventional might have thought it her place to stay immured in solitude, to refuse to see any one and to spend her time in useless regrets. But this independent American girl thought of doing nothing of the sort. She walked out the dull morning in the midst of suicide, murder and mystery with her proud little head well up; as full of courage as any of her compatriots who laid down their lives for their country in times of trial. As she walked along absorbed in thought, her eye casually met that of a passer-by. For a second she thought that it belonged to a friend, and then she felt it [illegible] Margaret gave him a ceremonial bow in return.

"I saw you yesterday, Miss Barthwait," said the stranger.

"Yes?" Margaret cautiously responded.

"Yes, at the inquest. Will you take my card, Miss Barthwait? A reporter's importance is professional and you will perhaps pardon my addressing you?" [illegible]

"Would you mind if I walk a block or two with you? I dare say you are quite as much interested in the terrible affair as I."

"I dare say I am," Margaret said, with a sad little smile, "quite as much interested as you."

"And the Lattons, old friends of yours?"

"Very old friends indeed."

They broke the ice, and by degrees gained confidence enough in each other to talk about the details of the murder. Margaret would have liked to confess her relations to Harry, for then she could have asked the young man several important questions. She was anxious to know how Harry's actions could be turned against his will; but this was a subject she could not bring herself to speak on. She was very much surprised at Dennis. He was not at all like a Reporter, according to her ideas of that class. His mild blue eyes had in them a most kindly light. His manners were gentle. [illegible] a great many questions about the disposition of the dead man and of Harry, and questioned her concerning her impressions of Harry's possible guilt.

"The impressions of a friend sometimes count for a good deal in these matters," he said. "The law does not recognize their value, I know, but, if you will pardon me for saying so, the law is but a dull thing."

"I know very well," replied Margaret, courteously, "that you men of the press often succeed in tracing a crime to its [illegible]."

"Your father would not like to hear you say so, Miss Barthwait. I have heard him inveigh bitterly against what he termed the interference of the press in the course of justice. 'This case is being tried by the court, not by the newspaper,' he will say, haughtily; but I assure you that many a criminal would escape if it were not for the newspapers."

"Then, if you are used to dealing with such [illegible]," said Margaret, looking at him furtively, "perhaps you can tell me what you think about this affair. It seems motiveless to me."

"No crime is motiveless, Miss Barthwait."

"Do you think so? What could prompt a person to kill a pretty, innocent parrot, for instance?"

"Why," asked Pond quickly, "who killed a parrot?"

Margaret told him the story of her pet.

"I am glad," said Pond to himself, "that I said nothing about the rabbit after all." Then he plied her with what seemed to her the most extraordinary questions, and listened to her answers with deep attention, but made no notes. Margaret turned her steps toward home after a time, but still Pond kept by her. She began to wish he would go, fearing that if her father should see her with him, he might reprimand her. And, indeed, the young man's questions were becoming most personal and impertinent. He asked how long she had been at home from school, if she and her father lived alone, how she spent her days and what they did in the evening. All this was disguised slightly under the veil of general conversation.

"It must be something of a mental strain," said Pond lightly, "for a young person to live with any one so astute and profound as your father. I should think his very presence would offer a continual reproach to levity."

"Oh! you do not know him," cried Margaret. "He is a close student, it is true; but he only studies after I go to bed, and I assure you he is one of the most responsive companions in ordinary circumstances. He is very fond of story-telling, and his stories are always humorous. Besides, he has the rare faculty of never repeating himself. Oliver Wendell Holmes [illegible] a good deal too often, but I do not think that [illegible] his stories."

"If Judge Barthwait never repeats himself, I must believe—not to impeach his veracity—that he has a vivid imagination."

"Why, of course. I hope you are not one of those dull persons who require that a story shall be true, Mr. Pond. You might as well refuse to buy a beautiful picture because you do not know whom it is painted." Margaret dropped her head sadly. Why would this man talk on vapidly when he must see how heavy her heart was, and how hard it was for her to make fitting replies. But he was merciless and still kept up a fire of small talk, and Margaret saw that he was determined to accompany her to her very door. And indeed he did it, and only lifted his hat in farewell when her feet stood on the first step of her home. She nodded to him and lifted her dress preparatory to running up the steps, when she was stopped by the frightened yelling of her greyhound, Nat. A second later the great animal came bounding around the house in a frenzy of terror.

His hair literally stood on end, his eyes were starting out of his head, and when he saw his mistress he bounded to her side and then fell and lay there, breathing hard and trembling in every limb.

"Great heavens!" cried Margaret, "What can the matter be! My poor fellow! There, there, you are safe, Nat. Put your head in my lap. Mr. Pond, I wish—" but when she looked up Pond was gone. "Well," said Margaret, indignantly, "he is a most extraordinary young man. I have been wanting to get rid of him all the morning, and now at the very moment I want him, he is gone." He was not to be seen up or down the street, and Margaret waited till she had soothed the dog, and then went with the poor animal to his kennel. He hung back, crying piteously, [illegible] in dragging him with her. The dog's kennel stood near the stable door, where it could be easily seen from the upper rooms of the house, though not from the kitchen, from which it was screened by a low lattice. As Margaret reached the back yard, she saw Pond just leaving it. He had been examining the kennel.

(To be Continued).

"My friends are responsible for my being here," said the prisoner bitterly. "How was that?" asked the sympathetic visitor. "I was sentenced to be hanged, but they got the Governor to commute it to life imprisonment."

An Arkansas murderer of African blood, when about to be led to the scaffold Friday last, begged to be given one more watermelon before he looked his last on earth. His request was granted, and in an hour he was dead. Yet people tell us that watermelons are not unwholesome.

Inez (telling of her yachting trip)—And all the way home we just hugged the shore.

Young Saphead—Aw, do you know I would have been werry glad to have been the shore.

Inez—Thanks, but the shore has lots of rocks; quite an attraction nowadays, as you are aware.

Late hours tell on a man, but he doesn't seem to care so long as they don't tell his wife.

Boston Man—Well, my boy, how is real estate in the West, active?

Drummer (just back from Kansas)—Active? Well, I should say so. A cyclone carried a 160-acre farm forty miles the other day. It's a little too active for me.

Lecturer—All statistics prove that the blonde women are more difficult to get along with than the brunettes.

Astonished Man in the Audience (starting up)—Are you certain of that?

Professor—It is a fact.

Astonished Man—Then I believe my wife's black hair is dyed.

SALUTATION.

When maidens greet
Upon the street,
Exchanging love and kisses, too.
You must admit,
At sight of it,
Now "Here's a pretty how-dy-do."

HEALTHFUL EXERCISE.

Only a few months ago these romping, rosy-cheeked lasses were pale, delicate, sickly girls. By the aid of Dr. Pierce's world-famed Favorite Prescription, they have blossomed out into beautiful, plump, hale, hearty, strong young women.

"Favorite Prescription" is an invigorating, restorative tonic and as a regulator and promoter of functional action at that critical period of change from girlhood to womanhood, it is a perfectly safe remedial agent, and can produce only good results. It is carefully compounded, by an experienced and skillful physician, and adapted to woman's delicate organization. It is purely vegetable in its composition and perfectly harmless in any condition of the system. It imparts strength to the whole system. For overworked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," housekeepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic. It is the only medicine for women, sold by druggists, under a positive guarantee from the manufacturers, that it will give satisfaction in every case, or money will be refunded. This guarantee has been faithfully carried out for many years.

ROBERT FAIR

This is an important column and Ladies and Gentlemen alike are specially interested. We strongly urge your perusal of it.

As the Spring Season advances we are making new additions to every Department in our Store, as new Styles are introduced.

We have had an unusually active Trade this Spring, and as a result have been compelled to repeat many lines three and four times already.

A job lot of Fine 4-Button KID GLOVES in good Shades are selling fast at 50 cents per pair. We have all the sizes yet.

Our DRESS GOODS Department is very attractive.

Some new Novelties in PARASOLS and SUNSHADES.

The remark is frequently made that our CARPETS and OILCLOTHS are very handsome, and prices astonishingly low.

Orders for Scotch and Canadian TWEED SUITS are coming in very fast. Many new additions to this Department this week.

Drop in and see our MILLINERY and MANTLES. This is a very important branch of our business.

It will pay you to do your shopping at

ROBERT FAIR'S

[illegible] Golden Lion, [illegible] George-st.

W. W. JOHNSTON

wishes to call your attention to the fact that you can have a fine assortment of

New Spring Goods

to choose from, if you come to

DRY GOODS NEWS

—AT—

TURNBULL'S

Our Figured Wool Delaines have been slow in coming. They were delayed in Liverpool by the strike which had affected the shipping department but they are here now in plenty of time. We need not say that Delaines are fashionable. We have imported lightly. Those who call early will get the first choice, as we cannot repeat any of the patterns this season.

We are showing Figured Lustres in new colorings. They are being greatly admired. We also show Black Lustre Brocades in a range of prices.

This week's express has brought three of the latest shades in Colored Henriettas, 42 in. wide at 50c. a yard. The colors are Violet, Salmon, Rose, Coachman's Drab.

The latest novelties in Neckwear are Lace Collars in entirely new designs. We will not attempt to describe them. We have just imported them from our American cousins, who are generally a season ahead of Canadian houses in getting up fancy styles.

This week has brought us a job line of small checks, Oxford Shirtings suitable for dresses, shirts or aprons, warranted to wash. Sale price 10c. a yard.

Hosiery.—We have secured an immense line of Hosiery at job prices. We believe they are the cheapest line in Canada to-day, taking quality into consideration. All sizes from infants to ladies at 10c. a pair. Take your choice.

Our boys Clothing is now very complete. All the sizes in the new spring shades in stock. We are never beaten in price but believe we take the lead.

TORONTO TOPICS.

[illegible]—Toronto University Examinations.

TORONTO, April 19.—In the St. George accident case Mr. [illegible], for plaintiff, finished his address to the jury at 11 a.m. yesterday, and Mr. Blackstock commenced his address. It is expected that Mr. Blackstock will finish his address this afternoon and that the judge will deliver his charge to the jury on Monday, and the case given to them on the afternoon of that day.

The results in the Toronto University examinations in medicine and dentistry were [illegible] last night. About 45 got the degree of M.B. and about 20 in dentistry. [illegible] of the candidates in medicine were rejected. The [illegible] gold medal went to L. F. Barker.

A joint meeting of delegates of the striking stonecutters', stonemasons', bricklayers' and builders' labourers' unions was held at Richmond Hall yesterday and prepared a circular to be forwarded to the labor organizations of the country and Great Britain [illegible] causes leading to the [illegible] the [illegible] trade generally.

Twenty-seven additional traveling cards were issued by the unions yesterday, 16 of those leaving being stonecutters, 5 bricklayers and 3 or 4 stonemasons.

Despite the vigilance of the pickets large numbers of mechanics and labourers from outside points have arrived in the city this week and are at work on the Parliament Buildings and other structures. The [illegible] of the Builders' Association claim that they are [illegible] help they need [illegible] of the unions, who have returned to work at the old prices.

At 8½ o'clock yesterday afternoon an alarm of fire summoned the brigade to a blaze at [illegible] the factory of [illegible] & Co., billiard manufacturers. When the firemen arrived the top flat was in flames. Several streams of water were immediately turned on and the fire was soon extinguished, but not before the building and stock had been seriously damaged. The stock in the lower flats suffered much by water. The show room fortunately remained untouched. Mr. May estimates his loss at about $[illegible], fully covered by insurance. The fire is supposed to have originated from a bundle of cotton waste saturated with oil.

Some months ago the Federal Bank completed payment of all its deposits and circulation (about $4,[illegible]) and in February last it paid stock dividend No. 1 ($[illegible]) to shareholders, and now comes the further gratifying information that checks for stock dividend No. 2 ($120,000) were mailed to shareholders last night.

The Electoral District Society [illegible] a new feature to their annual flower show in July next, in providing a class for children of 15 years of age and under. The prize list, which is now being printed, will offer five prizes for the best collection of wild flowers, grasses [illegible], and three prizes for the best three pots of not over five inches [illegible] have been in possession of the child not less than six weeks previous to date of show. No entry fee is to be charged in [illegible].

By the death of [illegible] Toronto has lost one of [illegible] most respected citizens. [illegible] had been ill for four months and had reached the ripe age of 86. He was prominently connected with the troubles of '37, serving as a captain [illegible]

THE PRELATES AT KINGSTON.

[illegible] Chosen for the Alexandria Bishopric.

KINGSTON, April 18.—The Archbishop of Toronto and the Bishops of Hamilton and Peterborough have left for their respective dioceses. It is understood that the three names they have decided on in connection with the bishopric of Alexandria are:

Dean Gauthier.

Vicar-General MacDonald.

Father Murray of Trenton, formerly of Cornwall.

Tod Quick Acquitted.

CHATHAM, April 18.—Tod Quick was acquitted this morning on all the charges against him.

TRANSATLANTIC ADVICES.

WHY AUSTRIA BEARS THE BURDEN OF MILITARISM.

The German Clericals [illegible] State [illegible] Defences on the White Sea—Labor Riots.

LONDON, April 18.—In the House of Commons this evening [illegible] motion in favor of a conference on bi-metallism was rejected, 1[illegible] to [illegible].

Dr. Dunajewski, Austrian Minister of Finance, stated in the Lower House to-day that the Government would meet extra expenditure chiefly through increased receipts from the alcohol tax and tobacco monopoly. He [illegible] with those who complained of the burden of militarism but said Austria must [illegible], the armed alliance with Germany being the basis of European politics.

During the discussion on the public worship estimates in the Lower House of the Prussian Diet to-day, Dr. Windthorst, leader of the Clericals, [illegible] for the restoration of a Catholic section in the ecclesiastic affairs department, a settlement of the question relative to the appointment of priests, the abrogation of the Sperrgesetz, by which priests in certain cases are deprived of the stipends, a supervision of the schools by priests, the free admission of Catholic religious orders into Prussia and the [illegible] Catholic churches [illegible]. Dr. Von Gossler, Minister of Ecclesiastical Affairs, said the Government could not comply with the demands of the Clericals. Particular denominations could not claim to be represented in the Ministry. Catholic matters were attended to by Catholic officials. In affairs affecting the schools and universities the opinions of the Catholic leaders were taken. Dr. von Gossler announced that a bill dealing with the Sperrgesetz would be introduced. He declined to interfere with the Old Catholics. The Government, he said, had received no complaint regarding them. The question of the entry of religious orders into Prussia he declared could not be decided by the Ministry of Ecclesiastical Affairs alone.

The Germania says the Pope on the occasion of the visit of Austrian pilgrims to the Vatican remarked to a Catholic journalist: "You have a hard battle to fight with Jewish journalists and Freemasons."

A sensation has been caused at [illegible] by the announcement that a person who attempted to obtain plans of [illegible] fortresses acted under orders from Baron [illegible], an official of the German Embassy. The latter, it is said, suddenly decamped.

A naval officer recently sold plans of the Cronstadt fortress to a foreigner for £190.

Emin Pasha will start with his expedition Monday next from Zanzibar.

The London Standard says Belgium has abandoned the attempt to raise a Congo State loan of £6,[illegible],000.

Heavy rains prevail in New South Wales. The Darling River has overflowed and the town of Bourke is inundated. The residents were compelled to remove to the highlands.

During his stay in Brussels Mr. Stanley will occupy apartments in the Royal Palace, having been invited to do so by King Leopold.

Preparations are being made to construct a Russian fort on the White Sea and to organize torpedo defences. Two mortar batteries will be added to the artillery.

A despatch from [illegible] says one-half of the population there is suffering from influenza.

[illegible] on May 1 at [illegible] the industrial [illegible] and negotiations with them are impossible. Coal is becoming scarce and there are fears of a famine.

There was rioting among the striking bakers at Prague to-day. Many arrests were made.

The [illegible] Federation of Labor Unions in a manifesto urges workingmen throughout Britain to abstain from work on May 1.

The strikers in Ostrau are attacking the factories in the vicinity and damaging the buildings and are compelling those at work to desist under threats of violence. In Polnische Ostrau a collision occurred to-day between the strikers and the troops. The soldiers charged on the mob with fixed bayonets and eight [illegible] were wounded.

President Carnot was received in Toulon to-day with unbounded enthusiasm. While walking through the streets a great crowd gathered about him and a number of citizens lifted him to their shoulders and carried him in triumph to the Prefecture.

The steamer Northcote ran down and sank a cutter off Ostend, Belgium, to-day and five of those on board were drowned.

A conflagration at New Sandre, Austrian Galicia, has destroyed 139 houses. The fire originated in the Jewish quarter and is believed to have been incendiary.

National League Council.

St. Louis, April 18.—The Executive Committee of the Irish Land League not having heard from Mr. Parnell regarding the advisability of holding a national convention, closed its business to-day and adjourned. Mr. Parnell will be written to and the convention scheme strongly urged upon him. If he consents the convention will be held at Baltimore next autumn.

A Religious Terror in Cuba.

[illegible], April 18.—A reign of terror [illegible] for safety. [illegible] "I am going to Jesus." His neck was broken. The crime for which Kinney was executed was the murder of J. W. Meadows, a railroad [illegible] in February, 1888. In addition to this [illegible] and robbed an old farmer and his wife in Douglas County five years ago, shot a policeman in Atlanta, and in December, 1887, robbed and murdered an Italian peddler near this city.

A Religious War.

AYTHI, Kan., April 18.—Serious trouble has been caused here by the burning of the [illegible] elevator. The city is divided into two religious parties and each accuses the other of causing the fire. The principal [illegible] have hired patrolmen to [illegible] opposed the Catholic belief in auricular confession. Feeling is very bitter between the two factions.

RAILWAY LABOR.

A Vast Army of Employes—Liquor Regulations—Average Pay.

WASHINGTON, April 18.—C. D. Wright, Commissioner of Labor, has submitted to the President his fifth annual report. The single subject treated is railway labor. His report shows that on June 30, 1888, the number of railway corporations in the United States was approximately 1718, having a mileage approximately of 156,400 miles. The number of employes on these railways was [illegible], the trainmen numbering [illegible], switchmen, flagmen and watchmen 31,[illegible] and other employes [illegible].

The Commissioner selected sixty railways [illegible] all parts of the country and all conditions of labor. Connected with the sixty roads were 241,[illegible] employes.

The investigation of the relation of employes and corporations was extended to about 600 corporations by which the real railway business of the country is performed. It was found 377 companies prohibit the use of intoxicating liquors. The remainder have no rules on the subject or have modified restrictions. Nineteen roads maintain beneficiary institutions and a few pay hospital expenses while men injured in the service are being treated. Three or four contribute to relief funds and several furnish club houses and libraries for certain classes of employes. As a whole, however, it is found the railway corporations do not to any great extent maintain beneficiary institutions of their own or assist outside institutions. A fair share of the roads, however, assist their employes in securing life or accident insurance.

Six companies pension their superannuated employes and also their permanently disabled people. A few give superannuated employes light work or allow half time pay while a number make settlements upon the permanently disabled. Two hundred and sixty-six companies retain in their service [illegible] disabled employes, the number of such on the rolls at the close of 1888 being 3121.

A very large number of roads also provide some system of technical education for their men in their shops. A few roads have technical schools for their employes and in some cases for their families. Nearly [illegible] per cent. of the whole number of employes working on the roads considered are employed less than one half a year, [illegible] per cent. work from 30½ to 300 days and [illegible] per cent. work more than a full year.

The average earnings on all the sixty roads per year is $[illegible], although less than [illegible] per cent of all earn less than this average. The report shows that the average daily pay of locomotive engineers in Great Britain is $1.44, in the United States $[illegible]; of firemen in Great Britain [illegible] cents, in the United States $1.[illegible]; conductors in Great Britain [illegible] cents, in the United States $2.[illegible]; switchmen in Great Britain [illegible] cents, in the United States $1.[illegible]; flagmen in Great Britain [illegible] cents, in the United States $1.[illegible].

YESTERDAY'S BALL GAME.

Rochester, Syracuse and Toledo are Victors in Yesterday's Games.

It was rather a chilly day for the ex-International. Not one of the three clubs was a winner. The scores:

At Philadelphia:

Athletics .... [illegible]

Rochester .... [illegible]

Batteries—[illegible] and [illegible]; Fitzgerald and [illegible]. Umpire—[illegible].

At Columbus:

Toledo .... [illegible]

Columbus .... [illegible]

Batteries—Smith and Sage; [illegible] and [illegible]. Umpire—[illegible].

At Brooklyn:

Syracuse .... [illegible]

Brooklyn .... [illegible]

Batteries—[illegible]; Williams, [illegible]. Umpire—[illegible].

At Louisville:

[illegible] .... [illegible]

Louisville .... [illegible]

Batteries—Ramsey and [illegible]; Stratton and Ryan. Umpire—[illegible].

Exhibition Games.

At Hartford: [illegible]

At New York: New York (N.L.) 3, [illegible]

At Buffalo, [illegible] Buffalo (P.L.) [illegible] University 0. Attendance [illegible] The [illegible] played an errorless game, says The N.Y. World.

The Senior Lacrosse Schedule.

At the Senior Lacrosse convention in Montreal the following schedule of games was arranged, the first match to be played in Toronto, June 7, the Capital trophy being the attraction:

Date.	Clubs.	Ground.
June 7	Montreal v. Cornwall	Cornwall
June [illegible]	Ottawa v. Toronto	Toronto
June 14	[illegible]	[illegible]
June 2[illegible]	Toronto v. [illegible]	Montreal
June 2[illegible]	Ottawa v. Cornwall	Ottawa
June 28	Shamrock v. Toronto	Toronto
July 1	Montreal v. Ottawa	Ottawa
July [illegible]	Cornwall v. Toronto	Cornwall
July 1[illegible]	Shamrock v. Cornwall	Cornwall
July 1[illegible]	[illegible] v. Ottawa	Shamrock

Aug. [illegible]	Shamrock v. Montreal	Montreal
Aug. [illegible]	Cornwall v. Toronto	Toronto
Aug. [illegible]	Shamrock v. Cornwall	Shamrock
Sept. 6	Montreal v. Ottawa	Montreal
Sept. 1[illegible]	Toronto v. Shamrock	Montreal
Sept. [illegible]	Montreal v. Toronto	Toronto
Sept. 2[illegible]	Cornwall v. Shamrock	Ottawa
Sept. [illegible]	Cornwall v. Ottawa	Cornwall

Ottawa Liberals' Candidate.

OTTAWA, April 18.—The Liberals held an enthusiastic meeting to-night. After the usual speech-making F. H. Chrysler, barrister, was nominated as the Liberal candidate for the Commons by Mr. E. H. Bronson, M.L.A., seconded by N. A. Belcourt. Mr. Chrysler made a speech. He said he was a sound Liberal and went in to win.

East Kent Conservatives.

RIDGETOWN, April 18.—The annual meeting of the East Kent Liberal Conservative Association was held in the Town Hall here to-day. Mr. Henry [illegible] was re-elected president, P. H. Bowyer secretary, T. W. Brown treasurer. It was decided to place a candidate in the field for the Ontario Assembly. The convention will take place on May 6.

Hamilton Malefactors.

HAMILTON, April 19.—At the Assizes to-day Robert O. Fielding was convicted of forgery.

George and Charles Forsyth were fined $2 each at the Police Court this morning for violation of the Sabbath in spearing pike on April 6.

Drowned in Beaver River.

THORNBURY, April 18.—James Fay of Euphrasia was drowned in Beaver River this evening, where he had been engaged driving timber. The body has been recovered but life was extinct.

Four Men Drowned.

QUEBEC, April 18.—A despatch received this morning from Cape Ray by signal service bureau says the schooner Annie May was lost on Wednesday at Codroy. The captain and three men were drowned.

New York Returns to Gas.

NEW YORK, April 18.—The Gas Commission to-day sat down on the electric light companies and declared itself in favor of gas for illuminating the city. Mayor Grant said the electric light companies had combined on high prices. A contract for lighting 3,650 lamps was awarded to a gas company.

THE PULSE OF TRADE.

BRADSTREET'S REVIEW OF THE WEEK'S BUSINESS.

Unfavorable Weather—Industrial Disturbances—Railway Earnings—Speculation in Wheat—How Prices Have Risen—Failures in Canada and the States.

NEW YORK, April 18.—Special reports to Bradstreet's show only a moderate movement of general merchandise at Philadelphia, New York, Boston and New Orleans. At St. Louis cold, stormy weather and [illegible] heavy roads [illegible] in the tributary region have retarded general trade, and even at Chicago adverse weather influences have had their effect on several lines, notably millinery and clothing. There have been slight gains at Memphis, St. Paul, Omaha and San Francisco, but at Cincinnati and Kansas City the situation remains practically unchanged.

The industrial outlook is less favorable. For seventeen days of April 76 strikes, 21,542 strikers (and 19,000 employes idle in consequence) are reported as compared with 61 strikes and 12,19[illegible] strikers for the whole of April, 1889.

Snow blockades on the Pacific roads in February decreased net earnings in that group so that the gain in net on 135 roads during that month was only 5 per cent as against 15 per cent in January over January last year. For the first time in some months the dual trunk group showed a gain in net over the preceding year. For two months net earnings show a gain of 9.2 per cent. over 1889 for a like period.

From a condition of extreme dullness the stock market shows sudden activity and strength on the expectation that silver legislation will stimulate speculation.

There is no change in the generally unfavorable position of the iron and steel markets, judged from the point of view of the makers. Several large transactions are reported in Southern pig iron at very low figures and several contracts recently placed have been canceled. Production continues to increase in the face of the situation. Steel rails are 50c lower per ton and nails very unsettled as to price.

Speculation in wheat within a week has reached unexampled proportions, transactions at New York alone aggregating 135,000,000 bushels. This was caused primarily by the Government report that winter wheat in the ground was far below the average in condition on April 1, backed by continued bad weather and a report that India's new crop will fall far below expectations. Secondarily the stimulus came from the larger bull operators at New York and Chicago, who put their shoulders under the market with good effect. The exports of wheat, and of flour as wheat, from both coasts of the United States this week equal 2,146,646 bushels against 1,419,927 bushels in the like week of 1889 and 2,083,719 bushels last week. Exports July 1 to date equal 85,446,040 bushels against 71,686,120 bushels in a like portion of 1888-89.

Drygoods are in better distribution at retail and there is some slight gain in re-order demand. Price concessions are still a feature. Cotton is in better demand and in improved tone speculatively at an advance of 3-16c.

Business failures reported to Bradstreet's number 165 in the United States this week against 157 last week and 161 this week last year. Canada had 29 this week against 28 last week. The total number of failures in the United States from Jan. 1 to date is 3951 against 4054 in a like portion of 1889.

The Rise in Prices.

NEW YORK, April 18.—Dun, Wiman & Co.'s weekly review of trade will say: "A season of extraordinary speculation has set in. While helped by some considerations affecting the supply or demand for products, such as injury to wheat, it is mainly the result of proposed silver legislation, which is expected to expand the monetary circulation enormously and to lift prices at once. Grain, pork products, cotton, oil and sugar have advanced, the latter in spite of the proposal to remove the entire duty, and spruce lumber, also, in spite of the rapidly increasing interruption of building by eight-hour strikes. The general average of prices for commodities has advanced ½ of 1 per cent. in a week and 1.53 per cent. in three weeks. Stocks have also been stronger, the reports of trade which are influenced rather by prices at which goods are sold than by the volume of business transacted are uniformly more cheerful. At the same time here is continued evidence of an actual increase over last year in the volume of business transacted.

Wheat was started upward by reports of an injury in winter wheat states, which have been officially confirmed, and the price has advanced 7⅛ cents, of which 7 cents has been within the past week. At New York the sales have been 136,000,000 bushels, probably the largest week's transactions on record, but with only moderate dealings and no legitimate reason discoverable. Corn has advanced in sympathy 4⅛ cents and oats 1⅜ cents. Cotton has also risen a quarter of a cent on sale of 430,000 bales, the receipts and shipments both falling much below last year's. Oil has advanced 4½ cents without known reason. Pork has risen $3 per barrel, notwithstanding abundance and cheapness of corn, apparently because the short sellers were caught. Spruce lumber has advanced $1.50, raw sugar 3-16c and refined [illegible] and in existing conditions these changes clearly indicate the potency of speculative considerations. Stocks have been more active and stronger and sugar certificates are rising rapidly. There is not a corresponding improvement in the industrial condition.

Grand Trunk Earnings.

The traffic returns of the Grand Trunk Railway for the week ending April 12, 1890, compared with the corresponding period of last year were:

	1890	1889
Passenger train earnings	$[illegible]	$[illegible]
Freight " "	[illegible]	[illegible]
Total " "	$[illegible]	$[illegible]
Increase for 1890	$[illegible]	

Carkeek Defeats Cannon.

CINCINNATI, April 18.—In the wrestling match here to-night between Jack Carkeek and Tom Cannon, Carkeek gained two falls in three, winning the purse of $600.

Blown to Atoms.

CYGNET, O., April 18.—A wagon load of nitro-glycerine such as used in shooting oil and gas wells exploded this morning with terrific force. Two men who were on the wagon were blown hundreds of yards and nothing was left of them but strings of their clothing. The horses were killed and the wagon was reduced to kindling wood.

Below the Brutes.

PHILADELPHIA, April 18.—Henry W. King, ex-Prefect of the State Institution for the Instruction of the Blind, who has been on trial for two days past, charged with immoral practices with blind boys in the Institution, was to-day found guilty. Sentence was deferred.

Common Sense

In the treatment of slight ailments would save a vast amount of sickness and misery. One of Ayer's Pills, taken after dinner, will assist Digestion; taken at night, will relieve Constipation; taken at any time, will correct irregularities of the Stomach and Bowels, stimulate the Liver, and cure Sick Headache. Ayer's Pills, as all know who use them, are a mild cathartic, pleasant to take, and always prompt and satisfactory in their results.

"I can recommend Ayer's Pills above all others, having long proved their value as a

Cathartic

for myself and family."—J. T. Hess, Leicksville, Pa.

"Ayer's Pills have been in use in my family upwards of twenty years, and have completely verified all that is claimed for them."—Thomas F. Adams, San Diego, Texas.

"I have used Ayer's Pills in my family for seven or eight years. Whenever I have an attack of headache, to which I am very subject, I take a dose of Ayer's Pills and am always promptly relieved. I find them equally beneficial in colds; and, in my family, they are used for bilious complaints and other disturbances with such good effect that we rarely, if ever, have to call a physician."—H. Voulliemé, Hotel Voulliemé, Saratoga Springs, N. Y.

GRAIN SPECULATION.

EXTRACT FROM A JUDGMENT RENDERED BY JUDGE FRALECK.

The Peculiar Agreements and Nature of the Hulless Oats Transactions—A Scathing Exposure of the Fraud.

Below is given an extract from the judgment given at Belleville by Judge Fraleck in the case of Bonisteel vs. Saylor, an action to recover amount of two promissory notes for $150, each with interest, dated 2nd November, 1886, payable 1st January, 1889, made by the defendant in favor of one W. W. Hess, in the course of one of what is called "the hulless oats transactions," the defendant purchasing 10 bushels of the oats at $10 per bushel and receiving a bond or agreement on the part of Hess engaging to sell for him 20 bushels of the proceeds of the said oats on or before the 1st of December, 1888. The transaction was of the "speculative" character and the agreements or bond was similar to that used here by the "Dominion Grain and Seed Company" in its seed grain transactions. The fraudulent nature of the transaction is exposed in the following extract from the judgment:—

The test of transactions, like principles, is to carry them out to their legitimate results.

In applying this test, it must be borne in mind that the Company engages to sell double the quantity of grain furnished each purchaser, *prior to his notes falling due*, at $10 per bushel, for the modest recompense of 25 per cent commission and interest at 6 per cent upon his notes, which must be paid in cash.

Commencing operations the first year with, say 4,000 bushels of hull less oats—and that is all the capital the Company really invests; they sell to the purchasers, taking their notes for $40,000. At the end of the first year they, in order to carry out the conditions of their bonds must sell 8,000 bushels at $10 per bushel, $80,000, 25 per cent commission, $20,000, interest on notes, $2,400. At the end of the second year, to fulfil their agreements, they must sell 16,000, at $10 per bushel, $160,000, 25 per cent commission, $40,000, interest $4,800. At the end of the third year, they must sell 32,000 bushels, at $10 per bushel, $320,000,—25 per cent. commission, $80,000, interest $9,600. At the end of the fourth year they would be required to sell 64,000 bushels, at $10 per bushel, $640,000,—25 per cent commission $160,000, interest $19,200. At the end of the fifth year they would be required to sell 128,000 bushels at $10 per bushel, $1,280,000, 25 per cent, commission $320,000, interest $38,400.

By carrying out this calculation to the end of the ninth year, we find the Company would be required to sell at that time 2,048,000 bushels of hull less oats,—which, at $10 per bushel, would amount to $20,480,000—25 per cent commission on this $5,120,000 and interest on the notes for the preceding year's sale $1,228,800. We find that the aggregate amount received in cash for commissions during these years to be $10,[illegible] and for interest $2,[illegible], or $12,[illegible] in all, while the farmers, who were their patrons, would have $40,[illegible] of each others'—perhaps by this time worthless—notes.

It was urged on behalf of the plaintiff that he is not bound by any agreement the defendant may have made with a third party, viz: the Company, that the defendant made his notes payable to Hess or bearer, and that he became an innocent holder, for value, before they fell due.

It becomes, then, necessary to enquire into Hess' relationship to the Company. Hess, as appears by the bond, held himself out as the duly authorized agent of the Company. We had not, at the trial, the valuable assistance of Mr. Hess' testimony; a subpœna had been issued for him, but he was not to be found. We have not had the testimony of Mr. Witham, or of Mr. Brennington, the alleged president and secretary of the Company, nor was there any attempt to prove, or was it even suggested that this Company was solvent, or had any, or what assets either here or anywhere else.

From the evidence, and from the circumstances surrounding this case, I can form no other opinion than this, that the Company was none other than W. W. Hess, as far as this part of the Province is concerned; that this pretended bond of the so-called Company was a part of the scheme or contrivance to catch the cupidity of the unwary in order to put money into his own pocket; that he used this bond as a cloak to his transactions, knowing that more people would be caught by such a conspicuous document, than by a plain agreement from himself, who was a stranger without property in this locality. As to the intention of Hess to carry out his engagements, it is conceded that many of them were carried out, at the end of the first year. This was necessary or his operations would have stopped there; but he knew, or must have known, that from the very nature of these transactions, there would be a time, in the very near future, when no more of these hull-less oats could be sold here; when he could find no one to purchase them, and then it would become an impossibility to carry out his agreements with the purchasers; and knowing this, he must be charged with an intention to defraud from the very beginning of his operations.

I do not think the plaintiff can be heard to say, he had no notice of the agreement of the defendant with alleged Company; I am of opinion the plaintiff cannot be heard to say that his bond and agreement with Hess was one transaction and that the bond and agreement of the defendant was another, and entirely different transaction, of which he had no notice. He had entered into and had completed one circle of the man Hess' transactions. He had the *modus operandi* fully explained to him by Jones, Hess' agent, the year previous. He knew of his father's transaction with Hess. He went with an agent on one occasion and introduced him to a farmer, and stood by while the agent was canvassing that farmer for the sale of these oats. He cannot now say that he paid his commissions and interest and had received these two notes and put them in his pocket before he knew they were given for hull-less oats, for his closing up his dealings with Hess was all one and the same transaction, and took place at the same date. Moreover, on the back of the bond are printed the by-laws of the Company, and the fifth is as follows:

"It must be further agreed by said purchaser that he will do all he can to promote the sale of grain, and the interest of "the Company."

One of the many interesting features of this Company is to make it a part of the agreement, on behalf of the purchaser, *to do all he can to promote the sale of grain and the interest of the Company.* That, in order to secure the sale of his own grain, he is compelled to endeavor to dupe his neighbors. He is to puff the Company, thus making him, perhaps, the unwilling instrument to promote its own fraudulent aims.

The plaintiff contends that even if the [illegible] the defendant was a party and is now precluded from taking advantage of it relying upon [illegible] vs. Gibson, 8 T. R. 466 and Ross on Bills and Notes, 84 et seq.

But a contract induced by fraud is not void, but voidable at the option of the party defrauded. Pollock on Contract, 5th ed. 532. He may affirm the contract and insist upon its being carried out.

The plaintiff's counsel at the trial took this ground and offered to carry out his part of the contract upon the plaintiff fulfilling the conditions and considerations upon which the contract was made. I think he is entitled to the benefits of this position.

Now, as to the part which the defendant took in this transaction, his conduct strikes me in this way: He entered into it deliberately after taking time to consider it. He is evidently an intelligent man. He knew, or must have known, that this was not an honest transaction. He was aware that the value of these oats was no more than the ordinary oats that for years he had grown on his own farm. Like many others he must have allowed his dishonest cupidity to get the better of his common sense. He knew, or must have known, that these transactions must, from the very nature of them, come to a sad end, perhaps ruin to many farmers; that others must be mulcted in double the amount which he had engaged to pay in order that his own contract might be carried out by this so-called Company, the legality and financial standing of which he did not enquire into; and I have no doubt he, like many others, took his chance of getting out before the bubble should burst.

Taking the view I do, I cannot allow him costs.

Before taking my leave of this case I cannot but express my astonishment and pain that such transactions as these can take place in the light of day in this enlightened age, in a Christian land, and amongst apparently intelligent and respectable men. In the language of the Lord Chief Justice Wilmot in *Collins vs. Blantern*,—"*Procul O! Procul este profani.*" Judgment will therefore be for the defendant, but without costs.

DOMINION LAWMAKERS.

The Modus Vivendi—The Washington Negotiations—The Newfoundland Bait Regulations—Bills Read a Third Time—The Banking Act.

OTTAWA, April 18.—The Modus Vivendi Bill was considered in committee for a short time this afternoon and further consideration was postponed at the request of Mr. Blake, who desired to compare this bill with that which it superseded. The Minister of Justice stated that there was no material difference between the two.

Asked as to the progress of the fishery negotiations at Washington, Sir John Thompson said these two had hitherto been confined to the Behring Sea fisheries but intimation had been received that when some arrangement was arrived at with respect to the Pacific troubles the United States Government would be prepared to renew negotiations with respect to the Atlantic fisheries.

Mr. Davis called attention to the report that the Newfoundland Government intended to charge a fee of $1 per registered ton on every Canadian vessel every time it entered port in Newfoundland to purchase bait or for other like purposes. Sir John Thompson in reply said the Government had as yet no definite information on the subject, but the matter would immediately be made the subject of telegraphic communication with the Newfoundland Government and also with that of Great Britain. Mr. Davies stated that such a tax as proposed would amount to about $400 on each vessel during the season.

The Government bills respecting disclosure of official documents and information; and respecting the Interpretation Act were read a third time and passed and the Indian Advancement Act was discussed in committee and progress reported.

After recess the private bills respecting extension of Samuel May's patent, respecting the Grand Trunk Railway Company and respecting H. H. Vivian & Co. were read a third time and passed.

The bill respecting inland revenue was read a third time and passed.

Mr. Foster made a correction with respect to changes in the spirit duties made last night. He found that the amendment made was not as intended. What he had in view was with respect to the strength for duty to allow down to 15 below proof and no further and to charge on over proof. It had not been intended to change the unit of strength.

The House then went into Committee of Supply, taking up the penitentiary appropriations. With respect to the alleged excessive cost of the Manitoba penitentiary, Sir John Thompson announced that as the result of a departmental investigation recently made very important changes would have to be made in the management of the penitentiary. These he could not announce at present.

Miscellaneous items of the main estimates were subsequently discussed and adopted, and the House adjourned at 1.25 a.m.

An influential deputation of bankers interviewed the Government to-day with respect to the new act and some modifications will be the result. The Bank of Montreal representatives present concurred in the agreement which was arrived at. The payments to the note guarantee fund are to be limited to 3½ per cent. of the circulation for the first and second year and 1 per cent. for each succeeding year should the fund become diminished. The proposed audit system is to be left to the House to decide upon without pressure from the Government for or against. The bill will be pressed through this session.

The Bremner Fur Committee met again to-day. Stuart Henderson, solicitor for Bremner, was called as a witness and refused to produce certain papers in his custody relating to the civil suit against Gen. Middleton. Deputy Minister of the Interior Burgess produced the report of the commission on Bremner's claim, showing that it had been refused because Bremner was a rebel. The committee will meet again Wednesday.

In the Queen's Own Corp. R. L. Morton, Private A. L. Matheson and Private J. G. Burnham are appointed second lieutenants.

Capt. Harston of the Grenadiers is permitted to accept appointment as honorary A.D.C. to the Lieutenant-Governor.

In the York Rangers, Lieut. J. E. Leslie is appointed captain of No. 3 Company, Seaton Village, vice Percival, who retires, retaining rank, and Quarter-Master James Gower is made captain of No. 7 Company, Sharon, vice McCarty, who resigns. Alfred Curran is appointed second lieutenant of No. 1 company, Riverside, vice Cooper resigned.

An Explanation.

"A New York woman walked all over the city the other night in her sleep and never encountered the police. What do you suppose the cause was."

"The cause was that the policemen were not walking in their sleep."—Chicago Globe.

An Unkind One

Jones is a good salesman, but a trifle careless about his dress. Moreover, he despises "traps" on the road.

"I can't see," said Walker, "where Jones carries all his samples, can you?"

"Maybe in the bags of his pants," suggested Howlinswell.—Dry Goods Chronicle.

Where He Was Struck.

"Did the prisoner at the bar strike you in the altercation?" asked the lawyer.

"No, sar, boss," replied the darky prosecutor, "he biffed me rite behine de lef' year. Ef yo'll jes' lean ober a little ways I kin show yo' de 'xact spot." The lawyer didn't lean.—Atlanta Constitution.

Sale of Town Property.

Mr. G. [illegible], auctioneer, has received instructions from Mrs. J. Mackett to sell by auction, on Thursday next, April 24th, at 1 o'clock p. m., all of the household furniture now in the residence, No. [illegible], corner of Simcoe and Park-sts., town. Also at the same time will be offered for sale the household premises. This residence is pleasantly situated in one of the choicest spots of the town and convenient to the business streets. Particulars can be learned from [illegible], or on application to the auctioneer. Don't forget the day and date. 3d92

"Kit, the Arkansas Traveller."

Henry Chanfrau and company will appear in the Opera House here on Friday, April 25th, in "Kit, the Arkansas Traveller." Of this company and play the Rutland Daily Herald of Feb. 27th last says:—"Henry Chanfrau, assisted by the Bertram-Willard Company, appeared in 'Kit, the Arkansas Traveller,' at the Opera House last evening. The play is one of the best border dramas on the boards, and is too well-known not to be appreciated. Mr. Chanfrau did himself credit, as usual, and the inimitable Judge and Major were at their best. The company is well selected and each actor does his part creditably. The singing and dancing by the negro quartette was especially fine." 1d

The Young Men of St. Paul's.

The Young Men of St. Paul's church have organized a "Young Men's Auxiliary," a society formed with a view to promote the intellectual and social welfare of the young men of the congregation. The Board of Managers of the church were the prime movers in the organization of the Auxiliary, and their object was to interest and enlist the assistance of the young men in the general secular work of the church. The Society is to meet on the last Friday in each month, when debates and other literary pursuits will form the programme. The membership is to consist of young men who are members or adherents of the church, and by the inaugural meeting which was held in the Bible class room of the church last night the future of the organization is most hopeful. There was a good attendance of young men who all evinced an active interest in the Auxiliary. The constitution was adopted and the officers were elected as follows:—

President.—Mr. T. A. Hay.
Vice-President.—Mr. F. D. Mackay.
Secretary-Treasurer.—Mr. F. Hall.

A meeting for the perfection of organization will be held on next Friday evening, when a debate will also take place on the subject, "Resolved, that Secret Associations are Desirable." Mr. W. H. Hill will lead the affirmative side of the debate, and Mr. J. W. Bennet will champion the negative.

For Delicate, Sickly Children.

Scott's Emulsion is unequalled. See what Dr C. A. Black, of Amherst, N.J., says: "I have been acquainted with Scott's Emulsion of Cod Liver Oil, with Hypophosphites, for years, and consider it one of the finest preparations now before the public. Its pleasant flavor makes it the great favorite for children, and I do highly recommend it for all wasting diseases of children and adults. Sold by Druggists, 50c. and $1.00.

"F. O. P." Sold.

The well-known horse "F.O.P." was sold to-day to Mr. J. E. Smith, of Cannington. The price was $600.

Dental Electricity.

Mr. R. F. Morrow has introduced into his practice a superior dental electric instrument for the painless extraction of teeth. He is also having unparalleled success with the "old stand by" nitrous oxide gas. d66

Local Enjoyment.

The teachers and officers of Charlotte-st. Methodist Sunday school were entertained by the Superintendent of the school, Mr. O. C. Rowse, at his residence, on Thursday evening last. A very pleasant and profitable evening was spent in singing, conversation, games, &c. Thirty-one of the officers and teachers were present, one of the teachers being out of town. Gatherings of this nature tend to encourage the Sunday school workers in their arduous labors.

The Final Week of the Sale.

You must act promptly if you want to help yourself to the bargains at the Duncan Cameron bankrupt sale. This is the closing week. A lot of the stock has been sold but there are some splendid things left in Tweeds. The patterns are choice and goods the right weight for summer wear. Just such as every man needs. Don't fail to see these Tweeds and if you see them you will buy. Hurry up. Sale closes on Saturday next. Not much time left but you can get there if you are quick. Remember sale at D. Cameron's old stand, George-st. d66tf

Personal.

Mr. Albert Ostrom left for St. Paul, Min., this morning.

Mr. Chas. Peplow leaves to-night for Milwaukee, where he has accepted a lucrative position as draftsman with a large millers' supplies manufacturing firm. His friends will wish him success in the West.

The Port Hope Times says:—Mr. R. J. Winch, who has been in business in Cobourg for the past thirty-two years, has sold out his meat market to Mr. W. J. Maher. Our old friend, Winch, deserves a rest, for he has catered carefully and well for his customers. We hope in retiring from business he takes with him a cool half million.

Court Peterborough Officers.

At the regular meeting of Court Peterborough No. 29, C. O. F., held on Friday evening, the following officers were duly elected for the term ending 31st Oct., 1890:—

" H. Long and H. S. Armstrong	Organists

Representatives to High Court at Kingston in June,—Bros. T. Hooper, sr., A. McNeil and A. D. Russell.

Joe Hess on Women's Work.

Quite a number of ladies met in the Opera House on Thursday afternoon to hear Mr. Hess on "Woman's Work." The speaker began by stating that when asked by the ladies of the W.C.T.U. to speak on this subject, he hesitated through fear of not being able to do it justice, and still felt that he could not, but had been refreshing his memory as to dates, etc., and would do the best he could in his own way. He then spoke of the oppression of woman in the early ages, and how she was first honored by the birth of the Saviour; then by His appearance to Mary upon the resurrection morning. Wherever the gospel of Jesus Christ goes it exalts and honors women. A glance was taken down through the ages and examples cited to show how woman has been a power, behind the scenes, in politics, religion, art and discovery. Then the speaker came down to 1873, when the first crusade began in Hillsboro, Ohio, and from which the W.C.T.U. sprung. This movement has been called the sober second thought of the woman's crusade. In 1874 the first Union was formed in Chicago with Miss Frances E. Willard as President. The work has gone on until now the W.C.T.U. encircles the globe, and Miss Willard is President not only of the U. S. National, but also of the World's W.C.T.U. Mr. Hess spoke very feelingly of the time when he sat in a drunken stupor in Farwell Hall, Chicago, while Miss Willard was speaking; of how she came to him, took his hand and asked him to sign the pledge. She afterwards persuaded him to go into the Washingtonian Home for drunkards. The three greatest women in the moral reform movement to-day are Francis E. Willard, of Evanston, Ill., Annie Wittenmeyer, of Philadelphia, and Letitia Youmans, of Picton, Ont. Miss Willard is an eloquent and learned speaker. She worked with Mr. Moody in Boston at one time where every day she addressed audiences of from 5000 to 6000 women. The speaker closed with an appeal to the mothers and wives to come forward and help in this great work. At the close Mr. Hess and Rev. Mr. Parker, chairman, explained the World's Petition and nearly all present affixed their signatures. Quite a number gave their names as members of the Union. The ladies of the Union wish to take this opportunity of thanking Mr. Hess very heartily for the [illegible] way in which he dealt with the subject and for the warm interest he takes in the work of the women. We also wish to express our gratitude to Rev. Mr. Parker for the able manner in which he performed the duties of chairman and his earnest appeal to the women (he thought [illegible]) to come and join in the good work that is being done. He explained that while many sympathized a few were left to do the work and this was not right. The W.C.T.U. always feels sure of a warm friend and helper in Rev. Mr. Parker. Our membership before this meeting was 22 and we feel sure that as the women of the town understand our work better our numbers will be increased.—Com.

HESS GOES ONCE MORE

HIS FAREWELL ADDRESS TO A LARGE AUDIENCE.

[illegible] Moderate Drinking.

The farewell meeting of the temperance series conducted by Joe Hess, held last night, was largely attended. The proceedings were of a more varied character and were very interesting.

Dr. Goldsmith presided and the meeting was opened with prayer by Mr. Gribble. Mr. R. C. [illegible] sang a solo, "I'm Hiding," and was generously applauded.

THE R. T. OF T.

The Chairman referred to the success of the meetings, and to the earnestness and ability of Mr. Hess and the good he had done. He spoke of the Society of Royal Templars, under which the meetings were held, warmly commended it and invited all to join.

Mr. and Mrs. W. Daly were warmly received on coming forward to sing a duet. They sang "Jesus Lover of My Soul" in excellent voice and were forced to respond to an emphatic encore. Miss Sanders then recited "The Maniac" in a very realistic manner and was loudly applauded.

TWO SHORT SPEECHES.

Two short addresses were then given. Mr. R. F. Colville [illegible] who had signed the pledge not to depend on their good resolutions, but to seek refuge in God. Mr. W. Daly said he had good cause to speak against—not so much the liquor dealers—but against the liquor traffic, because himself and many of his friends had been immeasurably injured by it. He warned them against the danger and wrong of moderate drinking.

JOE'S LAST ADDRESS.

After a hymn had been sung Joe Hess was called upon. He said that he thought before long Peterborough would have a "Joe Hess," not so large, but about the size of Mr. Daly (applause). They could count, he said, about 100 to 125 men who had been drinkers but who had signed the pledge. He had talked to many of them, and the wives of some had come and thanked him for what had been done. He said that some said they "could drink or let it alone." These were moderate drinkers, but if they wished to see how great a hold it had on them he asked them to just let it alone for a week. The safe way was to "never drink and always let it alone." Numbers who had been moderate drinkers had died drunkards, but a total abstainer had never died a drunkard. Many who had fallen low had learned to drink in their homes. There was no middle ground to take on the question, they must be drinkers or total abstainers. He urged more sociability and did not see why, in a civilized country, even strangers should not speak to each other as they passed, and not be like icebergs with each other. Moderate drinking was the cause of all the drunkenness in the country, and he appealed to all to abstain. He had returned to many places a second time. He had found that four-fifths of the young men who had signed the pledge had kept it, and 150,000 persons had signed the pledge at his meetings and 11,000 had done so in Canada since Feb. 9th last. Encouragement and the hand of fellowship should be given those who reform. Soon after he signed the pledge some men at the temperance meeting said 'What's the use of doing anything for that [illegible] Hess." He entered a little room and prayed, and when he came out went to work and got 25 to sign the pledge that night. Men had said "they would give Hess three weeks," but he was still kept by the grace of God. Every man could stand firm in the same way. He gave women, and men too, a drive for following fashion, and advocated economy. He warned the boys against cigarettes, which, he said, were made from cigar "snipes," and asked them to neither smoke nor drink. If the mothers of the country were drinkers there would be a murder committed every five minutes of the day, and the men should conform to the standard they set up for their wives. Many took an eye-opener in the morning, a stimulator at noon, a settler in the evening, a cigar and a night-cap at night—spending forty-five cents a day. If they commenced at 18 years of age to save this 45 cents a day, at 26 they could buy a lot, build a cage, furnish it with furniture and a piano, and then get a "canary" and be happy. If all the young men of Peterborough would be total abstainers and do this Peterborough would be a prosperous town. He thanked them for the attention they had given him while he had talked to them here, and his last request was for them to remember him at the throne of grace that they might all meet hereafter.

Mrs. Daly then sang, in her well-known pleasing manner, "Where Is Heaven?"

A PASTOR SPEAKS.

Rev. M. L. Pearson said he regretted that he had not been able to attend the meetings more frequently, as he was thoroughly in sympathy with the work. He was in sympathy with prohibitory legislation, but much more in sympathy with work such as this. Mr. Hess had said some strong things, but had not been within a thousand miles of speaking strongly enough. Although men got angry when it was said that the demijohn, the fine cant pots and other things [illegible] money that should [illegible] clothe [illegible] way of putting it. Next to heaven, the best place he knew of was the home of a sober, industrious Christian.

Joe Hess then gave his promised exhibition of club swinging, and it was a fine exhibition of that exercise and drew forth tumultuous applause and an encore.

The invitation to sign the pledge was given and the meeting closed with the National Anthem.

The First Cow Case.

A citizen was summoned before the Police Magistrate this morning for allowing his cow to run at large. This cow nuisance is going to be [illegible] the owners of bovines who are allowed to [illegible] will be made poor paying fines. This morning a fine of ten dollars and costs will probably make this owner of the cow more careful in future.

A Social Farewell.

After the closing meeting of the Hess series last evening Mr. Hess, the choir and some of the committee and workers meet in the "Y" rooms, where a social time was enjoyed. Refreshments were served and music provided and Miss Sanders gave a recitation. Dr. Goldsmith presided, and a vote of thanks to Mr. Hess was moved by Rev. M. L. Pearson and seconded by Mr. G. J. Early. After remarks by Mr. R. J. Colville and others the motion was carried amid applause. Mr. Hess acknowledged the vote in a brief speech and tendered his thanks to the committee, choir and all who had assisted him. The occasion was a very pleasant one.

To overcome the marks of age, all who have gray beards should use Buckingham's Dye for the Whiskers, the best and cleanest dye made for coloring brown or black.

Sale of Useful Articles.

The Ladies Aid Society of St. Paul's Church intend holding their sale on Tuesday afternoon, 29th of April, in the school room. All are asked to send in their contributions in good time to any of the following ladies:—Mrs. Dennistoun, Mrs. Walsh, Mrs. Innes or Mrs. Robert Hall. A substantial tea will be served from 5 till 7 p.m. Admission 25c. 2w15-6d25

Scrofula is transmitted from parent to child, and thus becomes a family inheritance for generations. It is, therefore, the duty of every scrofulous person to cleanse his blood by a thorough and persistent course of Ayer's Sarsaparilla.

New Meat Market.

Messrs. R. Gibson and J. A. Bennett have opened a meat market at the corner of Simcoe and Aylmer-sts. They respectfully bring the fact to the notice of their friends and the public generally and solicit a share of their patronage. The choicest meats will be always in stock, and every attention shall be given to the orders of those who may favor them with their custom. 3d85eod

Call and get a pair of boots from Kidd the booter. d94-w16

Epworth League.

The regular meeting of the "Onward Upward" branch of the Epworth League was held last night in the school room of the Charlotte-st. Methodist Church. The following programme was rendered very acceptably:—

Instrumental Solo	[illegible] Schneider
Reading (A selection from Dickens)	Mr. Barrie
Essay, "The Tower of London."	Miss Sherlock
Duet	Misses Ostrom and Brundrette
Essay, "Westminster Abbey"	Miss Ostrom

On account of the length of the programme and the amount of business transacted the Bible study did not take place.

Editor—What price have you put on that poem?

Poet—A dollar and eighty cents a thousand feet; same as Gas Company charges. This is a higher rate than Hawley Bro's. teas at 30 cents per pound, but the public have got to get Hawley's teas and spring poetry. Hawley has the tea, the poetry can be supplied. dtf

A Boarder's Troubles.

An assault case of a rather trivial character in the eyes of the general public, but which, nevertheless, could not be winked at by the eye of stern justice, came before the Police Magistrate this morning. The complainant was a young man by the name of Henry Ritchie and the defendant was Mr. S. W. Lowry, [illegible]. The story as gathered from the evidence was something like this. Ritchie and another young man work in the Bridge Works and board with Lowry. [illegible] dropped behind in their board, [illegible] some twenty dollars for back board. Lowry, naturally anxious about his past dues, went to the Bridge Works [illegible] the young man. The young man did not [illegible] action very favorably [illegible] home last night he told Lowry [illegible] of his business now much [illegible] Lowry replied that that was [illegible] he got for trusting him and [illegible] and went to leave the house [illegible] him and pushed him [illegible] the street. Ritchie returned shortly afterwards and demanded his clothes, but was again ejected. No blows were struck or bad language used. The Magistrate said that [illegible] an assault had been committed and he fined the defendant two dollars or ten days in gaol. The fine was paid.

"[illegible] varied experience with many [illegible] Pills give [illegible] I fully [illegible] Pills [illegible]"

Religious Services.

The following is a list of services in the various churches to-morrow:—

ST. JOHN'S CHURCH.—Rev. J. C. Davidson, M.A., Rector; Rev. C. H. Kenrick, M.A. Curate. Pamphlet free. If you are thus afflicted, we will send you a Belt and Appliances on a trial.
VOLTAIC BELT CO., Marshall, Mich.

Shiloh's Vitalizer is what you need for Constipation, Loss of Appetite, Dizziness, and all symptoms of Dyspepsia. Price 10 and 75 cents per bottle. Sold by Geo. A. Schofield, Druggist, Peterborough.

"F.O.P." and "Puzzler," Sold.

The sale of horses, carriages, etc., which was advertised for this afternoon in the yard of the Grand Central hotel attracted quite a crowd of horsemen, townsmen and farmers. The sale of the trotting horse "F. O. P.," F. J. Daly's chestnut stallion "Phil Rysdeck," and the pacer known as "Puzzler" were the three items of interest in the sale. "F. O. P." was first put up and he was knocked down at $600 to Mr. J. E. Smith, of Cannington. The young stallion, "Phil Rysdeck," was next offered, but $375 was the highest bid and Mr. Daly had the right of a reserved bid of $500 and the animal was returned to the stable unsold. "Puzzler" was next put up and he was sold to Mr. J. H. Metcalf, of Kingston, for $100.

The Rev. Geo. H. Thayer, of Bourbon, Ind., says: "Both myself and wife owe our lives to Shiloh's Consumption Cure." For sale by Geo. A. Schofield, Druggist, Peterborough.

Brevities.

—There was a good market this morning.

—The License Commissioners meet on Monday afternoon.

—A runaway team caused some excitement on Simcoe-st. this morning.

—The Equal Righters of East Peterborough meet at [illegible] on Monday.

—Quitting advertising in dull times is like tearing out a dam because the water is low.

—The preliminary examination in the case of Dunn vs. Hess was to have taken place here yesterday, but was postponed.

—A steam shovel is at work in the cut at Campbellford, on the east side of the river, where a line is being built to divert the Grand Junction railway.

—A box car was blown off the Grand Junction track at Stirling yesterday. It was standing on a siding and the wind started it in motion and ran it off a switch.

—The anniversary sermon to the local Lodges of Oddfellows will be delivered by Rev. S. J. Shorey, a week from to-morrow, in the Charlotte-st. church. The service will be held at three o'clock in the afternoon and the local Oddfellows, with visiting brethren, will attend in a body.

Kidd has [illegible] boots to [illegible] of the cheapest boots in town. d94-w15

It was a Misconception.

To the Editor of the Review.

DEAR SIR,—I very much regret that the reports of the late Lenten Mission should have given rise to misunderstanding and to controversy.

With regard to the letter which appeared last Saturday signed "Protestant," you will notice that it is entirely based upon the supposition that by the one visible church I mean the Church of England. Nothing could be further from my convictions or those of my colleagues in the Lenten mission.

Trusting that this will quiet our friend's alarm,

I am
Yours, &c.,
[illegible]DSON.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

ADVICE TO MOTHERS.

Mrs. Winslow's Soothing Syrup has been used by mothers for children teething for over fifty years with perfect success. It relieves the little sufferer at once, produces natural, quiet sleep by freeing the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste, soothes the child, softens the gums, allays pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle.

Why will you cough when Shiloh's Cure will give immediate relief. Price 10 cts., 50 cts., and $1. For sale by Geo. A. Schofield, Druggist, Peterborough.

—OUR—

SPRING EXHIBIT!

Any one will recognize the benefit of dealing with a house that shows a Large Range of Goods as well as the Newest Colorings and Styles.

In this connection we would mention the fact that we have several hundred different Styles in our Tweed Department embracing many new and novel effects. Our selections have been made from the markets' choicest offerings.

We would state to those who contemplate ordering their Spring Suit that we have been favored with a very large trade and would esteem it a favor if buyers would order early.

Our facilities are now taxed to their full capacity and early orders will prevent delays.

Never since our existence have we been so overwhelmed with work. What is the cause? The answer is easy. Our Styles are right, our Goods are right and our prices are right.

The Daily Review.

SATURDAY, APRIL 19, 1890.

THE JUDGE!

"What did you [illegible]," she cried after him.

"The kennel seems to be all right. Some one must have scared the dog," Pond called back.

"Wait," cried Margaret, authoritatively, "wait, Mr. Pond. There was something peculiar—[illegible] what makes you look so—strange? Mysteries little and big seem to encompass us these last few dreadful days. What was it, Mr. Pond?"

"I do not know," he said, pityingly, "I [illegible]. You [illegible] and upset, Miss Earthwaite. [illegible] such a little thing [illegible] that [illegible]. It is not worth while."

"I cannot help thinking that you saw something that you will not tell me. Nat has an almost human intelligence. I had much rather talk to her than many people I know. Such a dog as this is not easily frightened, I can assure you, and I know that the mere presence of a rough [illegible] would not alarm him. I cannot tell why it is, but everything seems to have grown strange and terrible these last few days. Nothing is as it used to be."

"Miss Earthwaite," said Pond softly, "you have been [illegible] with a dreadful experience, and it is not strange that [illegible] things she takes on a [illegible] aspect. I can imagine how you feel. Before I leave you, I want to know if I may ask a favor of you?"

"[illegible] may. What is it?"

"[illegible] or [illegible] current [illegible] will [illegible] about [illegible] separate [illegible] [illegible] imagine that I have any [illegible] to gain in asking you this. This tragedy may bring strange things to light, and the end is not yet. If you should need a friend, will you not call on me? I will be very proud of your confidence."

"I take your [illegible] as it is meant, Mr. Pond. My father [illegible] man, immersed in his own affairs, [illegible] old friend is dead. Harry [illegible], who has been like a brother to me for years, is where he can neither help himself nor me. Therefore, if I need help I will let you know." She held out her hand, and the clasp of his, sympathetic and strong, made the tears roll down her cheeks. She turned away, with a gesture of deprecation for her weakness, and ran into the house, Nat keeping close at her heels, like a frightened child. Margaret found her father in the library [illegible] in a book. His [illegible] papers lay beside him untouched, though one would have thought that, considering how nearly they touched him, he would have been reading them. But the judge had never been a great reader of newspapers. "I [illegible] to keep with the literature of the day," he would say, "and the only way that one can find time to read the valuable books is by neglecting the newspapers." And it was often noticed that he cared little to talk upon current topics, unless they were of great importance. He had the instinct of a historian for [illegible] [illegible] would have a wide bearing, [illegible] such events alone would he inform himself.

"Papa," cried Margaret to him, "you can not possibly imagine what a dreadful time I have been having with Nat. He acts as if he had gone insane. See here!"

The judge laid down his book and looked at the dog.

"What is it?" he said. "Come here, Nat, [illegible]. [illegible]" But [illegible] with a [illegible] bounded up the stairs to Margaret's room, where she found him when she went to take off her wrappings. Margaret told him to lie down on the rug and then hastened to her father, for there were matters of great importance to talk over.

The judge was reading again when Margaret entered the room, but she took his book out of his hand with her usual pretty tyranny and [illegible] upon his knee.

"Well," [illegible], kissing his forehead lovingly, "at what time shall we go to see Harry?" She was anxious to get him started upon the subject of the murder that she might tell him her theories about Harry's [illegible].

"[illegible] Harry!" exclaimed the judge, pushing her back and looking into her face sternly. "We shall not go to see Harry."

"Papa, what can you mean? He will think we have deserted him."

"[illegible] to be [illegible] make a hero of every criminal? Do you intend to join the ranks of those absurd women who decorate a murderer's cell with flowers?"

"Father!" cried Margaret, starting from his arms, "it cannot be possible that you are referring to Harry! You do not mean that you think him guilty?"

"My child, let me ask if it is possible that you have for one moment supposed him innocent? My judgment is much better than yours in such matters. I cannot trust —[illegible], I [illegible] you to make yourself ridiculous in this matter."

"You seem to utterly forget that I have promised to marry him, papa."

"Margaret, the only thing you can do is to forget it. It must be done, my daughter."

"Why, you cannot mean it, papa," her voice broke and the tears began to fall. She put up her hands to hide them and the drops trickled through her fingers and ran down them. The judge held out his arms to her, but she refused to see the gesture.

"I know best daughter," he said again.

"Papa," asked she, "I did not think you could ever be so unjust! Or so blind! You who have known Harry all his life, and you who know so well how misleading circumstantial evidence is! I cannot understand it!"

"Margaret, we have never had a hard word in our lives. Shall we have any now over a worthless ingrate and a criminal? I must go down town. Stay in [illegible] to-day. It is not best that you should be seen out much just now. I am very anxious that your name should not be connected in any way with this terrible affair. [illegible] time, that I [illegible]."

"It is evident," said Margaret to herself after he had gone, "[illegible]. Could anything [illegible]? [illegible] fight for himself. And if the grand jury decides against him he will be tried. [illegible] it seems like a horrible dream. I am sure I would [illegible] really true. I wonder how we can take things so calmly when they come like [illegible] it cannot have happened to me, who have already been so happy and fortunate." She sat in the chair her father had left with her elbows on her knees, her face in her hands, for a long time.

"I must work alone," she cried at last, starting up, "I will confide in no one, and I will find out the truth. Henceforth I have no friends. I will trust no one." [illegible] as she walked out of the room [illegible] aged [illegible] into her eyes [illegible] the first [illegible] all that she was to bear and suffer was borne in upon her by a fateful presage.

CHAPTER VI.

W[illegible] the floor of her room she [illegible] [illegible] should she [illegible] to Harry alone? It was more [illegible] [illegible]. [illegible] he would be, counting the hours and looking for her, anxious to ask her forgiveness for his [illegible] of [illegible]. How strange that her father should be cruel to her [illegible] times. He had never [illegible] word to her [illegible] [illegible] this [illegible] that for it was doubly cruel. Though, of course, one could not say that he had been exactly harsh —[illegible] what he would do if she disobeyed him and visited Harry. She knew that he could be frightfully stern when he liked, and she feared to risk his displeasure. [illegible] went to the [illegible] the determination which [illegible] an [illegible] in the morning [illegible], and, after sipping at a cup of tea absently, she went to the drawing room, and seating herself at the piano, played [illegible] hours, not conscious of what she was playing, but only furnishing a noisy accompaniment to her thoughts.

Lear in his misery and madness exulted in the roar of the tempest. "Howl and crack your cheeks," he cried [illegible]. It was this feeling that [illegible], and to change [illegible] was [illegible] nothing [illegible].

(To be Continued.)

DUBOIS' TRIAL.

The Case for the [illegible] Closed—[illegible]

QUEBEC, April 18.—The evidence for the Crown in the Dubois case closed this morning with that of the medical men, who proved the cause of death and stains of blood on the clothing of the prisoner.

The defence called Carl Powell, Mr. Ableson and others who testified that the prisoner was a [illegible] in many ways and that he was in the habit of talking to and dancing by himself and that he always had a strange look about the eyes.

There are several more witnesses to be called to prove similar facts and then the medical experts will be heard as to the prisoner's sanity. The verdict will probably be given to-morrow evening.

Dr. Geldner of Staten Island, who knows prisoner's family, has telegraphed that he will come on and give evidence for the defence.

Marine Fireman Drowned.

NORTHPORT, Ont., April 18.—Last evening about 11 o'clock James Mayo, first fireman on the steamer [illegible], was drowned at the wharf here. It is supposed he missed his footing in the darkness and fell into the bay. His body was recovered in 15 minutes, but life was extinct. The unfortunate man was an Englishman, unmarried.

Hoban Granted Bail.

GUELPH, April 18.—James Hoban was arraigned this morning before Judge Chadwick on a charge of criminal assault on a 15-year-old girl. He elected to be tried by a jury and was remanded until the June Sessions. The prisoner applied for bail, and the judge gave an order for two sureties of $500 each, and himself in $1000.

Losses Caused by Flames.

PICTON, April 18.—The residence of James Dunlap, in Fairfield-street, was burned last night. Very little of the contents were saved. Insured in the Phoenix $600 on building, $600 on contents. Origin of the fire unknown.

Racing in England.

LONDON, April 18.—The Derby spring meeting opened to-day. The race for the Sudbury stake of 750 sovereigns was won by Lord Hastings' Jeramy, Lord Ellesmere's Sabra second, James' Poimto third.

The principal event of the day was the race for the Welbeck handicap of 500 sovereigns. It was won by Combe's [illegible], [illegible] second, [illegible] third.

They Easily Resort to Kill.

TEXARKANA, Tex., April 18.—To-day B. W. Stewart was shot and killed by the 11-year-old son of R. K. Street at the latter's saloon here. The elder Street had a difficulty with Stewart, getting the worst and leaving the building, when the son seized a pistol and shot Stewart through the [illegible] head. The boy was arrested. Public feeling' regarding the case is [illegible].

[illegible]

WASHINGTON, April 18.—Secretary Windom has directed that the case of the Chinaman who is on the bridge at Niagara Falls, N.Y., and who is not allowed to return to this country nor to enter Canada, be called to the [illegible] State Department for such action as the [illegible] think proper.

OTTAWA, April 18.—In the House to-day Mr. [illegible] having called attention to the reported [illegible] bridge at Niagara Falls for non-payment of duty of $50 demanded, Sir John Thompson said the Chinaman could not be kept out of the country, though he was liable to punishment for coming in.

Scratched 28 Years

Body covered with scales. Itching terrible. Suffering endless. No relief. Doctors and [illegible]. Speedily cured by Cuticura at a cost of $5.

Cured by Cuticura.

If I had known of the CUTICURA REMEDIES twenty-eight years ago it would have saved me $200.00 (two hundred dollars) and an immense amount of suffering. My disease (psoriasis) commenced on my head in a spot not larger than a dime. It spread rapidly all over my body and got under my nails. The scales would drop off of me all the time, and my suffering was endless and without relief. One thousand dollars would not tempt me to have this disease over again. I am a poor man, but feel rich to be relieved of what some doctors said was leprosy, some ringworm, psoriasis, etc. I took ... and ... Sarsaparillas over one year and a half, but no cure. I went to two or three doctors, and no cure. I cannot praise the CUTICURA REMEDIES too much. They have made my skin as clear and free from scales as a baby's. All I used of them were three boxes of CUTICURA and three bottles of CUTICURA RESOLVENT and two cakes CUTICURA SOAP. If you had been here and said you would have cured me for $200.00, you would have had the money. I looked like the picture in your book of psoriasis (picture number two "How to Cure Skin Diseases"), but now I am as clear as any person ever was. Through force of habit I rub my hands over my arms and legs to scratch once in a while, but to no purpose. I am all well. I scratched twenty-eight years, and it got to be a kind of second nature to me. I thank you a thousand times.

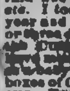
DENNIS DOWNING, Waterbury, Vt.

Cuticura Resolvent

The new Blood and Skin Purifier [illegible]

[illegible]

PIMPLES [illegible]



FREE FROM RHEUMATISM

[illegible] The first and only pain-killing plaster. 30c.

GUARANTEED.

The only medicines sold by druggists, under a positive guarantee from their manufacturers, that they will do just what is claimed for them, benefit or cure in all cases of disease for which they are recommended, or the money paid for them will be promptly refunded—are Dr. Pierce's world-famed specifics, manufactured by World's Dispensary Medical Association, of Buffalo, N.Y.

Dr. Pierce's Golden Medical Discovery cures all diseases arising from a torpid or deranged liver, or from impure blood, as Dyspepsia, or Indigestion, Pimples, Blotches, Eruptions, Salt-rheum, Tetter, Erysipelas, and Scrofulous Sores and Swellings. Consumption, or Lung-scrofula, is also cured by this wonderful remedy, if taken in time.

Dr. Pierce's Favorite Prescription is the world-famed remedy for all those chronic weaknesses and distressing derangements so common to American women. It is a most potent, invigorating, restorative tonic, or strength giver, imparting tone and vigor to the whole system. As a soothing nervine it is unequaled. The guarantee printed on the bottle-wrapper and faithfully carried out for many years.

Copyright, 1888, by WORLD'S DISP. MED. ASS'N.

$500 OFFERED

for an incurable case of Catarrh in the Head by the proprietors of Dr. Sage's Catarrh Remedy. By its mild, soothing, and healing properties, it cures the worst cases, no matter of how long standing. By druggists, 50 cents.

WAREROOMS—[illegible], north end of George-st. The finest hearses in the Province and all funeral requisites. This department is in charge of [illegible], Graduate of the Rochester School of Embalming.

Coughs, Colds, Croup.

Allen's Lung Balsam was introduced to the public after its merits for the positive cure of such diseases had been fully tested. It excites expectoration and causes the Lungs to throw off the phlegm or mucus; changes the secretions and purifies the blood; heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. Such is the immediate and satisfactory effect that it is warranted to break up the most distressing cough in a few hours' time, if not of too long standing. It contains no opium in any form and is warranted to be perfectly harmless to the most delicate child. There is no real necessity for so many deaths by consumption when Allen's Lung Balsam will prevent it if only taken in time. For Consumption, and all diseases that lead to it, such as Coughs, neglected Colds, Bronchitis, Asthma and all diseases of the Lungs, ALLEN'S LUNG BALSAM is the Great Modern Remedy. For Croup and Whooping Cough it is almost a specific. It is an old standard remedy, and sold universally at 50 cents and $1.00 per bottle. The 25-cent bottles are put out to answer the constant call for a Good and Low-Priced COUGH CURE. If you have not tried the Balsam, call for a 25-cent bottle to test it.

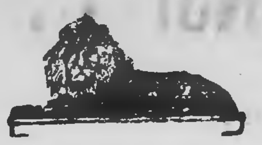
VOL. XXIII.—No. 93. PETERBOROUGH, MONDAY, APRIL 21, 1890. TEN CENTS A WEEK

Probabilities.
Moderate to fresh north-east to north-west winds; fine weather; a little higher temperature.



ROBERT FAIR

This is an important column and Ladies and Gentlemen alike are specially interested. We strongly urge your perusal of it.

As the Spring Season advances we are making new additions to every Department in our Store, as new Styles are introduced.

We have had an unusually active Trade this Spring, and as a result have been compelled to repeat many Lines three and four times already.

A job lot of Fine 4-Button KID GLOVES in good Shades are selling fast at 50 cents per pair. We have all the sizes yet.

Our DRESS GOODS Department is very attractive.

Some real Novelties in PARASOLS and SUNSHADES.

The remark is frequently made that our CARPETS and OILCLOTHS are very handsome, and prices astonishingly low.

Orders for Scotch and Canadian TWEED SUITS are coming in very fast. Many new additions to this Department this week.

Drop in and see our MILLINERY and MANTLES. This is a very important branch of our business.

It will pay you to do your shopping at

ROBERT FAIR'S
SIGN OF THE GOLDEN LION, 388 GEORGE-ST

W. W. JOHNSTON

wishes to call your attention to the fact that you can have a fine assortment of

New Spring Goods

to choose from if you come to

410 GEORGE-ST.

The Stock is complete in all departments. If you want a Dress we have them in all the Shades and Prices. If its a Print the ladies say they are very handsome and oh, so cheap.

In COTTONS, COTTONADES and SHIRTINGS, our Stock is very complete. The same may be said of our

EMBROIDERIES and LACES,

and as for

LACE CURTAINS

we can do up the town.

All our Millinery marked away down

SAFETY STEEL

Barbed Fence Wire

at 5½c. per lb. or rod.

DRY GOODS NEWS
—AT—
TURNBULL'S

Our Figured Wool Delaines have been slow in coming They were delayed in Liverpool by the strike which had affected the shipping department but they are here now in plenty of time. We need not say that Delaines are fashionable. We have imported lightly. Those who call early will get the first choice, as we cannot repeat any of the patterns this season.

We are showing Figured Lustres in new colorings. They are being greatly admired. We also show Black Lustre Brocades in a range of prices.

This week's express has brought three of the latest shades in Colored Henriettas, 43 in. wide at 50c. a yard. The colors are Violet, Salmon, Rose, Coachman's Drab.

The latest novelties in Neckwear are Lace Collars in entirely new designs. We will not attempt to describe them. We have just imported them from our American cousins, who are generally a season ahead of Canadian houses in getting up fancy styles.

This week has brought us a job line of small checks, Oxford Shirtings suitable for dresses, shirts or aprons, warranted to wash. Sale price 10c. a yard.

Hosiery—We have secured an immense line of Hosiery at job prices. We believe they are the cheapest line in Canada to-day, taking quality into consideration. All sizes from infants to ladies at 10c. a pair. Take your choice.

Our boys Clothing is now very complete. All the sizes in the new spring shades in stock. We are never beaten in price but believe we take the lead.

MONDAY, APRIL 21, 1890.

THE NEWFOUNDLAND BUDGET.

A Deficit of Nearly $700,000—The Tariff Readjusted.

ST. JOHNS, Nfld., April 19.—In his Budget speech the Receiver-General announced last year's revenue to have been $1,382,893, expenditure $2,039,735, leaving a deficit of $656,842. The funded debt of the colony to Dec. 31 last was $4,133,204.

The tariff is readjusted and the rates largely increased. The principal changes are:

Ale, porter, cider, per gallon, 30c; calves, pigs, sheep, each 60c; horses, mares, each $5; oxen, cows, etc., per lb. live weight, 1c; apples, barrel, 50c; cheese per lb. 3c; butter per lb. 4c; cigars, 15 p.c. ad val. and $5 per 1000; jams, preserves, etc., 20 p.c. ad val. and 4c; brandy per gallon, $3; rum. $1.85; gin, $2.10; whisky, $2.40; cordials, $3; champagne, $4; claret, 50c; hock, $1; port and madeira, $2; all others, 15 p.c. ad val.; fresh meat and poultry per lb., 1½c; hay, leather, nails, etc., 20 p.c.; all other goods, an increase of 5 p.c. over previous tariff.

BRER BLAINE BACKS DOWN.

Behring Sea Not a Mare Clausum—Alleged Basis of a Settlement.

WASHINGTON, April 19.—It is understood that Mr. Blaine has practically agreed that in the settlement of the Behring Sea dispute the rights of the Canadian vessel-owners for compensation for the loss of their vessels which were seized by the United States revenue cutter shall be admitted. Sir Charles Tupper will place the damages at $500,000, and this amount he feels confident he will be able to secure, and the abandonment of Mr. Blaine's contention that Behring Sea is mare clausum. It is only on this basis that the British and Canadian negotiators will consent to the signing of a treaty which makes the seizures a violation of international law and a money compensation in the easiest mode of solution for this Government. The claim of exclusive jurisdiction in the Behring Sea having been virtually abandoned in behalf of the United States, the British Government is ready to conclude with the United States any reasonable arrangement for a regulation of the seal fishery in the waters, but not for a prohibition of pelagic sealing. The regulation is to be restricted to whatever provisions indisputable facts may show to be essential to a preservation of the seal herds resorting to the Behring Sea, but in the proposed international agreement no consideration can be given to the revenue interests of the United States or to the pecuniary interests of the lessees of the seal islands, such considerations lying entirely beyond the scope of international cognizance.

South Wentworth Conservatives.

HAMILTON, April 20.—At a meeting of the South Wentworth Conservative Association held here Saturday afternoon to select a candidate to contest the seat in the Legislative Assembly in the coming elections, Mr. G. D. Potts was the unanimous choice of the convention and accepted the nomination. Speeches were delivered by the nominee and others. There was a large attendance of delegates from all parts of the riding.

The Ottawa Nominations.

OTTAWA, April 19.—The following nominations for member of Parliament in place of the late W. G. Perley, member for the city of Ottawa, were made to-day:

C. H. Macintosh, Conservative.
George Hay, Equal Rights.
F. H. Chrysler, Liberal.
Mr. Christie has retired.

Windsor's Boom.

WINDSOR, April 20.—The demand for real estate in Windsor and Walkerville shows no signs of diminution and the sales during the past week aggregated nearly $300,000.

Detective McKee wants to find the ownership of three bonds issued by the Sandwich Council for $350 each and expirable in 1891, 1896 and 1893. There are a number of detached coupons also. The above papers were taken from a thief arrested in Detroit yesterday.

Dr. Coventry, chairman of the Board of Health, yesterday received word to the effect that diphtheria was raging in and around Tecumseh, and children were dying with frightful rapidity. Nothing is being done to stop the disease, and the corpses are carried into the churches and public funerals are held. The Windsor board will take steps to quarantine all those coming from the afflicted places.

THE LABOR PROBLEM.

POPE LEO TALKS FREELY TO AN INTERVIEWER.

His Holiness' Scheme—Strikes in the States—Vienna Authorities Alarmed—The Agitation Spreading in Prussia—The May-Day Demonstration.

LONDON, April 19.—The Herald prints the report of an interview with the Pope. In discussing the labor question His Holiness dwelt upon the necessity for improving the moral condition of both workmen and employers. He said he intended to form a committee in every diocese in the world whose duty it would be to call the toilers together on every feast day and rest day and discuss their duties and teach them and inspire them with true morality. Sound rules of life, said the Pope, must be founded on religion. The committees which he proposes to form are to consist of workmen or those sympathising with workmen and a bishop is to be at the head of each committee.

Referring to the subject of European disarmament, he said a military life surrounds thousands of young men with violent and immoral influences and crushes and degrades them. Armies drain countries of their wealth, they withdraw labor from the soil, overtax the poor, impoverish the populace, set the people against each other and intensify national jealousies. They are anti-Christian. The doctrine of arbitration as accepted by America is the true principle, but most of the men controlling Europe do not desire truth.

Austrian Authorities Alarmed.

VIENNA, April 20.—The workmen of the mines and iron works of the Prague Industrial Company and of the Austro-Alpine Mining Company demand a working day of eight hours, threatening to strike if the demand is not granted. Their movement is ominous of a general strike throughout the empire and causes the gravest fears among the authorities. The movement is traced to foreign meetings, first affecting the smaller trades of Vienna, Prague and Gratz and next the masons of Vienna, followed by the bakers and the tanners. The present state of general excitement ensures demonstrations on May 1. The authorities are nervous and the Cabinet Council has prepared a proclamation, which will be published shortly with a view to influencing workmen. The authorities at Kladno, where 17,000 men threaten to strike, ask for troops, and other industrial centres where there are no garrisons make similar demands, the local authorities declaring that they will be powerless to maintain order.

The Eight-Hour Movement.

NEW YORK, April 20.—The Central Labor Union to-day adopted a resolution calling upon all unions to attend a demonstration to be held here on May 1 in Union-square in favor of the eight-hour movement and under the auspices of the Socialistic labor party. The miscellaneous section asked for a mass meeting to be held to protest against the brutality and corruption which they claim exists in the police force. A long debate ensued. Several delegates opposed the proposal while others favored it. Delegate Archibald said he was ashamed to hear it acknowledged that the citizens of this republic were afraid of the police. The workingmen must either annihilate the police or the police would annihilate them. The Central Labor Union had made a move against them and they must make another, for the workingmen throughout the country were watching them. A motion to table the resolution calling for a mass meeting was passed, 43 to 33.

17,000 Idle at Mulhausen.

BERLIN, April 20.—The strike agitation begun at Bochum is spreading to Prussia. Cavalry are guarding the frontier. Two Polish agitators have been arrested at Prussian soil. It is believed Austrian and German Anarchists are in London raising money for the agitation.

At Mulhausen 17,000 spinners and weavers are idle and total cessation of work in all factories is expected to-morrow.

Struck for an Increase.

BOSTON, Mass., April 19.—Eight hundred employes of John R. Squire & Co.'s pork packing establishment struck to-day for an increase of wages and full time.

Chicago Master Carpenters Weakening.

CHICAGO, April 19.—Signs are not wanting to show that the Master Carpenters' Association is beginning to weaken.

The Situation at Pittsburg.

PITTSBURG, April 19.—There is no important change in the threatened strike of switchmen. The conductors demand 24 cents per hour for day work and 26 cents per hour for night work. The brakemen demand 18 cents per hour for day work and 19 cents per hour for night work.

The May Day Demonstration.

LONDON, April 20.—Eighteen district meetings were held in London to-day in response to the call of the Federation of Labor Unions, and all voted in favor of the proposed demonstration May 1. The largest contingent assembled in Hyde Park and was addressed by the socialist John Williams, whose remarks were loudly cheered. He said the workmen had four holidays forced upon them by the capitalists whether the men wanted them or not. Let them now show their pluck and unite with their brother laborers abroad in taking May 1 as their own holiday.

The Buda-Pesth newspaper proprietors will grant their compositors a holiday on May Day.

Sunday Fishers Drowned.

PHILADELPHIA, April 20.—Five young men started in a small boat to-day from Gloucester, N.J., to spend the day in fishing. The craft capsized in the middle of the Delaware River. All five clung to the sides of the boat, but [illegible] and Joseph Kohl, who grew [illegible] and sank out of sight. The other three remained in the cold water for over two hours. Their cries attracted the attention of those on board a tug and they were rescued when completely exhausted.

A 16-Year-Old Borgia.

PITTSBURG, April 20.—Pretty 16-year-old Mary Stewart of McKeesport is under arrest on the charge of poisoning her 4-year-old brother. Friday the girl did the cooking for dinner, paying especial attention to a very fine soup. All the family but herself ate heartily of the soup and were seized with violent pains. Physicians pronounced the case arsenical poisoning. A 4-year-old boy died yesterday and three others of the family are in a serious condition. The girl evades all questions and stoutly declares her innocence of any attempt at poisoning.

Suicide Suspected.

CHICAGO, April 19.—Mrs. Mary Stevens and her 8-year-old son Harry disappeared from their home at No. 823 Thirty-third street last Thursday evening, and Mr. Stevens says he believes his wife jumped into the lake and carried the lad with her.

THE PAN-AMERICAN CONGRESS

Among the Things that Were—Secretary Blaine's Parting Words.

WASHINGTON, April 19.—At noon to-day the Pan-American Conference adjourned sine die. After the transaction of routine business and the adoption of resolutions offered by Delegate Alphonso of Chili, pledging the sympathetic association of the members of the conference with the quadro-centennial celebration of the discovery of America, and by Delegate Peraza of Venezuela, expressing their gratitude for the hospitality of the United States, a motion to adjourn sine die was made and put to vote. At 11.30 a.m. Mr. Blaine, rising to announce the result, said:

"The extent and value of all that has been worthily achieved by your conference cannot be measured to-day. We stand too near it. Time will define and heighten the estimate of your work; experience will confirm our present faith; final results will be your vindication and your triumph. If, in this closing hour, the conference had but one deed to celebrate we should dare call the world's attention to the deliberate, confident, solemn dedication of two great continents to peace and to the prosperity which has peace for its foundation. We hold up the new Magna Charta, which abolishes war and substitutes arbitration between the American Republics, as the first and great fruit of the International American Conference. That noblest of Americans, the aged poet and philanthropist, Whittier, is the first to send his salutation and his benediction, declaring: 'If, in the spirit of peace, the American Conference agrees upon a rule of arbitration which shall make war in this hemisphere well nigh impossible, its sessions will prove one of the most important events in the history of the world.'"

The delivery of the address was characterized by Mr. Blaine's customary deliberate emphasis, and also by evidences of deep feeling on his part. Towards the close his voice trembled with emotion, and when he took his seat the council chamber rang with hearty and long-continued applause. The members of the conference then took carriages to the Executive Mansion to pay their parting respects to the President. The delegates were received by the President in the east room shortly after noon, each of them being introduced to him personally by Secretary Blaine. The President then spoke briefly.

The delegates to the Pan-American Conference left Washington to-night at 11 o'clock for a trip through the Southern States which will occupy three weeks.

THE WAR IN KENTUCKY.

State Militia Ambuscaded by Outlaws—Four Soldiers Killed.

FRANKFORT, Ky., April 19.—Additional news has been received here to the effect that members of the State militia have been ambushed at Black Mountain. The companies there are from Harrodsburg and Lexington, with a few of the Governor's Guards from Frankfort. Hon. Ben Lee Harden received advices from Harrodsburg at 9 o'clock that four of the members of the Harrodsburg Company were killed. Charles Alexander, Dan Curry and Sergeant Fulton were the killed from Harrodsburg. The fourth man's name is not known.

Horrible Attempt to Suicide.

PHILADELPHIA, April 19.—Shortly before midnight to-night a woman who gave her name as Celia Clay was arrested for street-walking. Harry Clay, who has just been released from the House of Correction and who claimed that the woman was his wife, interfered with Officer Dawson, who made the arrest. He struck the officer and the latter beat him so badly that he was carried to the Pennsylvania Hospital in what is believed to be a dying condition. The woman was locked in an upper room of the Fourth District station house. While the officers were discussing the affair the smell of burning clothing was noticed, and rushing up stairs they were horrified to find the clothing of the woman in flames, she having set fire to herself. She is burned almost to a crisp, the flesh falling from her back and arms in strips. She was taken to the hospital and placed on a cot near that of her reputed husband.

Absconding Bank Official Captured.

LOUISVILLE, Ky., April 19.—A telegram was received to-day by the chief of police stating that W. H. Pope, teller of the City National Bank, who absconded with $70,000 of the bank's funds, has been arrested at Lamy, New Mexico.

A Theater Manager's Crime.

BROOKLYN, April 19.—Asa R. Waterman, manager of the Lyceum Theatre at Montrose-avenue and Leonard-street, to-night shot and killed Peter Doran, aged 20, in front of the play house.

A Battle with Desperadoes.

CATTLETTSBURG, Ky., April 20.—In West Virginia near Pigeon Creek Friday Deputy-Sheriff Brewer and a posse tried to arrest Smith, John and William Baredee, brothers, and noted desperadoes. The officers were fired upon. A battle ensued and the desperadoes were killed or mortally wounded.

TRANSATLANTIC ADVICES.

UNFRIENDLY CRITICISM OF MR. GOSCHEN'S BUDGET.

Balfour's Speech at the Primrose League Meeting—Proposed Exploration of Central Asia—Stanley's Reception at Brussels—The O'Shea Divorce Case.

NEW YORK, April 20.—Mr. G. W. Smalley cables The Tribune from London: Nothing in the week's history has so much interested Englishmen as Mr. Goschen's budget. The business world is always stirred by the Chancellor of the Exchequer's yearly financial statement, but this year the excitement ran higher than usual, because it was known that Mr. Goschen had a considerable surplus to dispose of. The surplus proves to be $17,000,000, here reckoned a large sum. It was at any rate large enough to enable the Chancellor of the Exchequer to carry out some large scheme. He has preferred to nibble at a large number of small schemes. He does a little for the army in the shape of barracks, a little for the volunteers by a gift for equipment, a little for India by abolishing the duty on silver plate, a little for Greece by reducing the duty on currants, a little for householders whose rent is under $300 by lowering the house duty, and a little, perhaps, for tea-drinkers by reducing the duty on tea from 12 to 6 cents a pound. Most of this last, however, will go into the pockets of the grocers. He leaves the iniquitous income tax of sixpence in the pound untouched. It is the middle class who pay income-tax and the middle classes are in a large majority of voters in this kingdom.

The budget has been called many things—a peddling budget, a twopence-halfpenny budget, a claptrap budget and a temperance budget, since, as Mr. Goschen said, his surplus comes from drink and he spends it for tea. One enthusiast even calls it an Imperial budget, because this great financier devotes $400,000 to equalizing postage rates between England and India and the Colonies. It is, at any rate, a popularity-hunting budget. Mr. Goschen has flung his flies at random all over the stream in hopes of catching sundry small fish. He will probably catch none of them, for such relief from taxation as he gives will seldom benefit the consumer. Even the dealers who may profit by it are not grateful. "What does the trade think of the twopence off tea?" was asked yesterday of the manager of a large house. "The trade doesn't care twopence about it," was the answer. On the whole, Mr. Goschen has had a large opportunity which he has not used largely. His budget is a budget of small ingenuities throughout.

The divorce case of O'Shea versus O'Shea, with Mr. Parnell as co-respondent, is now thought likely to be reached for trial in the course of the summer. Efforts are, however, making to postpone it till after Parliament adjourns, which would mean practically till next winter.

It is painful to have to contradict that charming story about the Queen in the uniform of the German dragoon regiment of which Her Majesty is honorary colonel. No such uniform, or even jacket in red and blue, has been ordered or will be worn, says the court authorities.

Stanley at Brussels.

BRUSSELS, April 19.—Henry M. Stanley and the party accompanying him reached this city at 2 o'clock this afternoon. A great crowd had gathered at the railway station and Stanley was given an ovation. The city was decorated in honor of Stanley and wore a gala appearance. The flags of Belgium, the United States and the Congo Free State were lavishly used. A detachment of the Civic Guard and a body of troops were drawn up at the railway station as a guard of honor to Mr. Stanley, and as he appeared the troops presented arms and the band accompanying them played the Belgian and American National Anthems. Count Oultremont, who represented the King, received Mr. Stanley when he alighted from the train. Mr. Stanley and the members of his party entered the Count's carriages which were awaiting them and were driven to the Royal Palace. The burgomaster of Brussels and the aldermen of the city met Stanley at the French frontier and accompanied him to Brussels.

Henry M. Stanley dined with the King at the royal palace this evening.

The King has appointed Capt. Rey and Lieut. Liebrechts to attend Stanley during his stay here.

To Explore Central Asia.

ST. PETERSBURG, April 20.—Six explorers under the leadership of Suard, who have been sent out by the Paris Geographical Society to explore Central Asia south to the Indian frontier, have arrived here. Two officers of the Russian general staff will accompany them.

Col. Kovaleff has started for Central Asia to arrange the trans-Caspian tour which the Czar will make this year.

Balfour's Boast.

LONDON, April 20.—A meeting of the Primrose League was held at the Covent Garden Theatre yesterday. Mr. Balfour, chief secretary for Ireland, presided. He made an address in which he said that the Irish struggle was a battle for the integrity of the empire and in the interests of liberty in Ireland. Although, he said, the principles of liberty have not been completely vindicated, individual liberty is greater now than it was in 1886. The Irish Land Purchase Bill he declared was the most generous proposal ever offered to the Irish tenantry.

Program of the Emperor's Tour.

BERLIN, April 19.—As the Emperor starts to-morrow upon a flashing tour of various points of the country, which will continue until the eve of the meeting of the Reichstag, a council was held at the schloss to-day to consider the ministerial program. Although the Government officials now pretend to ignore the press, reliable communications are obtainable when the ministers deem them opportune. In this way it is known that the council considered measures relating to reforms in the educational system, to the abrogation of the remaining May laws, to the strike movements and to the erection of monuments to the late Emperors William and Frederick.

The program for the Emperor's tour is as follows: On Monday he goes to Bremen to lay a foundation stone in memory of his grandfather. Thence he goes to Bremerhaven, where he will embark on Tuesday to meet the squadron under Prince Henry. On the 23d he goes with Prince Henry to Altenburg on a woodcock shooting expedition. On the 25th he will meet the Queen of England at Darmstadt. Thence he will go to Wartburg shooting with the Grand Duke of Saxe-Weimar, returning here May 1. His meeting with the Queen will be a family affair. His Majesty will not be accompanied on his tour by any of his ministers.

Gotham's New Immigration Depot.

NEW YORK, April 20.—To-day 1400 immigrants arrived here. The second day's experience of the new immigration depot was a continuation of the noise and disorder of yesterday. It is now evident the place is entirely inadequate.

Common Sense

In the treatment of slight ailments would save a vast amount of sickness and misery. One of Ayer's Pills, taken after dinner, will assist Digestion; taken at night, will relieve Constipation; taken at any time, will correct irregularities of the Stomach and Bowels, stimulate the Liver, and cure Sick Headache. Ayer's Pills, as all know who use them, are a mild cathartic, pleasant to take, and always prompt and satisfactory in their results.

"I can recommend Ayer's Pills above all others, having long proved their value as a

Cathartic

for myself and family."—*J. T. Hess, Leithsville, Pa.*

"Ayer's Pills have been in use in my family upwards of twenty years, and have completely verified all that is claimed for them."—*Thomas F. Adams, San Diego, Texas.*

"I have used Ayer's Pills in my family for seven or eight years. Whenever I have an attack of headache, to which I am very subject, I take a dose of Ayer's Pills and am always promptly relieved. I find them equally beneficial in colds; and, in my family, they are used for bilious complaints and other disturbances with such good effect that we rarely, if ever, have to call a physician."—H. Voullieme, Hotel Voullieme, Saratoga Springs, N. Y.

MONDAY APRIL 21, 1890.

NOTES ON MR. HARDY'S SPEECH.

MR. HARDY, in his speech in the Opera House, made a plea for the doctrine of free will. "The boast of Protestantism is," he said, "that it has proclaimed the doctrine of free will to man, each man to choose for himself. Our opponents would cast this to the winds and impose laws almost as hateful as the laws which disgrace those dark ages which have passed away." By "our opponents" we presume Mr. Hardy meant the Opposition in the Legislature. But he slandered Mr. Meredith and his followers and did it deliberately. What did Mr. Meredith propose? One of his proposals was that no one should be rated as a supporter of a Separate school unless he gave notice that he desired to be so rated. Would that deprive anyone of his liberty? Would it circumscribe the free will of any citizen? Was it not rather calculated to secure a freer exercise of liberty, and instead of being a disgrace to the laws of the Province it would have removed a blot placed upon the statutes by the Government. Another proposal made by Mr. Meredith was that the ballot should be used in all school elections in cities, towns and villages. Now, one of the purposes of the ballot is to give greater freedom to the voter. It was for that purpose that the ballot has been adopted in other elections. Then how, in the name of common sense, would this proposal have been a deprivation of freedom, or how could it be classed as a law of the dark ages? Like the first proposal it was calculated to secure greater liberty and freedom of will. Another proposal was that all teachers in schools receiving Government aid should have certificates in accordance with the Government standard. This is required in Public and High schools now. And is it an outrage? Does the law disgrace the Province? If not, how is it possible that to extend the principle to all state-aided schools could be classed as depriving anyone of free will? A fourth proposal from the Opposition side was that English should be the standard language of the Public schools. This was required because in some schools the teachers were unable to teach English. Where was the outrage in that proposition? Nay, the outrage is on the part of the Government in voting out the bills introduced by the Opposition, and no wriggling, no raising of entirely false issues, no malicious assertions without foundation, will avail the Government and its supporters in an attempt to evade the questions which the people demand shall be dealt with.

The Commissioner of Crown Lands stirred up the boundary matter again, and asserted that Mr. Meredith had taken a stand against the Province. Now, that was not true. Mr. Meredith urged the Government to take a certain course—to go to the Privy Council—to obtain the rights of the Province. The Government refused, but after the elections adopted the course Mr. Meredith had advocated and Ontario secured the territory. Mr. Meredith's policy was thus shown to be the correct one in the interest of the Province.

The surplus which is said to be in the Ontario treasury was also mentioned. Credit for the Government is claimed on this score. Now, if the Government has, by economy, saved a surplus of $6,000,000, it should be an easy matter to prove it. In what years was it saved, and how and when was the money invested by the Mowat Government? Let Mr. Hardy or any other Liberal give this information if he can.

Mr. Hardy objected to mixing Quebec affairs with Ontario politics. But he does not practice what he preaches—a common thing with the Government and its members. He and the other supporters of the Government seldom or never speak without mixing Dominion and Ontario politics. Their object is obvious. They desire, quite naturally, to draw attention away from the doings of the Mowat Government and to divert the discussions into Dominion affairs. Dominion affairs will be discussed at proper times, but Mr. Hardy's device will not work. The Mowat Government must fall on its record.

Let us carry Mr. Hardy's logic a little further than he carried it. He argued that Sir John Macdonald was a Conservative and Mr. Meredith was a Conservative, therefore Mr. Meredith is responsible for the Dominion Government's acts and their policies must be the same. On the same principle, Mr. Mowat is a Liberal and Mr. Mercier is a Liberal and Mr. Mowat is responsible for the acts of Mr. Mercier's Government. The evidence, however, is stronger in this case, for Mr. Mowat and Mr. Mercier have met in secret conference to formulate their policy. And when Mr. Mercier became so liberal with Quebec funds in his efforts to make sure his position, Mr. Mowat became a party with him in a plan to make the Dominion treasury recoup Quebec so that the money would really be paid by the people of the Dominion.

For Delicate, Sickly Children.

Scott's Emulsion is unequalled. See what Dr C.A. Black, of Amherst, N.J., says: "I have been acquainted with Scott's Emulsion of Cod Liver Oil, with Hypophosphites, for years, and consider it one of the finest preparations now before the public. Its pleasant flavor makes it the great favorite for children, and I do highly recommend it for all wasting diseases of children and adults. Sold by Druggists, 50c. and $1.00

BIRTHS.

BOYCE—In Smith, on Saturday, April 12th, the wife of Mr. W. Boyce, of a son.

FAIRBAIRN—In Smith, on Sunday, April 13th, the wife of Mr. A. Fairbairn, of a son.

MANNING—At Selwyn, on Thursday, April 17th, the wife of Mr. Wellington Manning, of a son.

DIED.

BOYCE—In Smith, on Saturday, April 12th, infant son of Mr. W. Boyce.

LILLY—At Otonabee, on Monday evening, April 14, MARY LILLY, in the 71st year of her age.

LANG—In Cavan, on Saturday, April 12th, 1890, WILFRED, youngest son of Mr. Frederick Lang, aged 18 months.

FIFE—On the 21st inst., THOMAS FIFE, of Otonabee, aged 61 years.

The funeral will take place on Wednesday, 23rd inst., at 1.30 p.m. from his late residence in Otonabee.

Mr. Marling's Successor.

TORONTO, April 20.—The vacancy caused in the Education Department by the death of the late Mr. Alex. Marling has been filled by the appointment, as Deputy Minister, of Mr. John Millar, B.A., principal of the St. Thomas Collegiate Institute. Mr. Millar is a graduate of Toronto University and has taught in St. Thomas for the last 20 years. It is understood that the appointment will take effect May 1.

Hamilton Malefactors.

HAMILTON, April 20.—At the Assizes Saturday forger Robert O. Fielding and firebug Alexander Cheeie were each sentenced to three months in the Central Prison.

The converted actor, H. A. Long, ran away from his boarding-house, No. 121 Hunter-street west, last night, taking Mr. Reid's overcoat, two suits of underclothes and other articles. Mrs. Reid, the boarding-house mistress, laid complaint to that effect to-day.

Severe Earthquake Shocks.

VICTORIA, B.C., April 19.—The steamer Princess Louise arrived from northern ports last night bringing reports of several earthquake shocks on Queen Charlotte Islands, some of which were severe. At Skidegate several native houses were shaken down and deep fissures made in the earth. The Indians were badly frightened.

The Daily Smash.

WHEELING, W.Va., April 19.—The Pittsburg and Cincinnati express on the Baltimore & Ohio Railroad struck a freight train east of Barnesville, O., to-night. Both trains are reported badly wrecked. A number of passengers were wounded and an engineer killed.

The Perils of Flirting.

NEW YORK, April 20.—John H. Griffin, a young man, in trying to reach some girls with whom he had been flirting, attempted to leap from roof to roof over an airshaft separating two houses but fell a distance of 60 feet and was killed.

The T., H. & B.

HAMILTON, April 19.—It is said that the Michigan Central Railway has signed an agreement to operate the Toronto, Hamilton & Buffalo.

Ended in a Murder.

CHAMBERSBURG, Pa., April 20.—John Rhodes, a well-known farmer near Green Castle, shot and killed his nephew William Rhodes last evening during a quarrel.

Suffocated in a Mine.

LASALLE, Ill., April 20.—A fire started last night in a lower level of shaft No. 3 of the Spring Valley Coal Company's mines. This forenoon Superintendent John Bastice with a gang of men went below to check the flames. They sent back orders which were understood to be to shut off the air supply. This was done. The shaft quickly filled with gas and Bastice, N. P. Ahoyson and Jacob Williamson were suffocated. Their companions were rescued before losing consciousness.

Fever in a College.

ROCK ISLAND, Ill., April 19.—A typhoid fever epidemic has broken out in Augustana College. One student has died, a great many are seriously ill, and one of the professors is dangerously sick. The origin of the trouble has been traced by the health authorities to defective sewerage in the main college, which is being remedied as fast as possible.

Accident at a Baptism.

SPRINGFIELD, O., April 20.—An immense crowd to-day was watching the negro baptism by immersion in Lagonda Creek, when a span of the foot passage of the bridge gave way, precipitating 50 persons to the water's level. Twelve or more people were seriously injured.

Burnt to Death.

BETHLEHEM, Pa., April 19.—The house of Farmer Andrew Young of Pennsville was burned last night. Two little children of Mr. Young were burned to death and Mrs. Stelfe, the housekeeper, was horribly burned while rescuing the other children. The fire was caused by the explosion of a lamp.

An Explanation.

"A New York woman walked all over that city the other night in her sleep and never encountered the police. What do you suppose the cause was."

"The cause was that the policemen were not walking in their sleep."—Chicago Globe.

An Unkind Cut

Jones is a good salesman, but a trifle careless about his dress. Moreover, he despises "traps" on the road.

"I can't see," said Walker, "where Jones carries all his samples, can you?"

"Maybe in the bags of his pants," suggested Howlinswell.—Dry Goods Chronicle.

Where He Was Struck.

"Did the prisoner at the bar strike you in the altercation?" asked the lawyer.

"No, sar, boss," replied the dusky prosecutor, "he biffed me rite behine de lef' year. Ef yo'll jes' lean ober a little ways I kin sho yo' de 'zact spot." The lawyer didn't lean.—Atlanta Constitution.

Demolished the Dock.

SARNIA, April 20.—The steam barge Romania ran into Clark's dock Saturday, demolishing the whitehouse, the ferry waiting room and [illegible]. The loss is heavy.

To overcome the marks of age, all who have gray beards should use Buckingham's Dye for the Whiskers, the best and cleanest dye made for coloring brown or black

The Sporting Season.

The Hamilton Cricket club has written asking for the 12th of June for a game here. The local club has a match dated for the 11th of June with Trinity College school.

The first cricket of the season was played on Saturday afternoon on the P.A.A.A. grounds.

Sale of Town Property.

Mr. C. Stapleton, auctioneer, has received instructions from Mrs. J. Hackett to sell by auction, on Thursday next, April 24th, at 1 o'clock p. m., all of the household furniture now in the residence, No. 362, corner of Simcoe and Park-sts., town. Also at the same time will be offered for sale the household premises. This residence is pleasantly situated in one of the choicest spots of the town and convenient to the business streets. Particulars can be learned from posters, or on application to the auctioneer. Don't forget the day and date. 3d91

He had Secreted a File.

Peacock, the partner of Bowen, the Auburn butcher and cattle stealer, and Alex. Ritchie, who were brought down here to give evidence at the trial of Bowen, were taken back to the Central on Saturday. When Peacock was searched it was found that had secreted a file on his person, with what intent can be surmised. Where he got the little instrument is not known, but if he had any hopes of gaining his liberty with it he was dismally disappointed. Bowen will be taken to Kingston tomorrow to do his five years.

The War Canoe Arrives.

The Trenton, N.J., True American, of April 15th says:—"The war canoe which the Trenton canoeists purchased arrived yesterday afternoon, and the paddlers were wild with joy. Most of them were so eager to see it that they walked away up the track beyond the Reading freight depot to view the boat. It was taken to the club house in the latter part of the afternoon and the boys could not resist the temptation to try her, and they took a short paddle. The canoe is 30 feet long and 50 inches wide at the broadest point. Eighteen paddles can work at a time, including the bow and stern paddlers. This is the first canoe of the kind ever brought to the United States. She was made by the Ontario Canoe Company, at Peterborough, Canada. Her name is 'Wah-Wah-Tay-See.' Four or five passengers can go in her besides the paddlers. It is proposed to use the canoe chiefly for attending meets and for State occasions."

ADVICE TO MOTHERS.

Mrs. Winslow's Soothing Syrup has been used by mothers for children teething for over fifty years with perfect success. It relieves the little sufferer at once, produces natural, quiet sleep by freeing the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste, soothes the child, softens the gums, allays pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

METHODIST CONFERENCE.

The Programme of Services at the Bay of Quinte Conference in Cobourg.

The Bay of Quinte Conference of the Methodist church will meet in Cobourg this year. The programme as announced by the President, Rev. N. Burwash, S.T.D., and the Secretary of Committee, Rev. J. C. Wilson, is as follows:—

The Stationing Committee will meet in Jackson's Hall, on Monday, June 2nd, at 3 p. m.

The Conference will commence its sessions in Division-st. Church, on Thursday, June 5th, at 9 a. m. Conference prayer-meeting from 9 to 10 a. m.

PUBLIC SERVICES—SUNDAY, JUNE 8TH.

Division-st—Love feast 9 a. m., Rev. A. Browning; 11 a. m., Ordination sermon (by ex-President, Rev. Dr. Burwash, followed by the Ordination services, conducted by the President of the Conference; 3 p. m., Sunday-school addresses by Rev. J. A. Jewell, B.A., Rev. Andrew Wilson, B. A., and Wm. Johnston, Esq.; 7 p. m., Rev. A. B. Chambers, L. L. B: Sacrament of the Lord's Supper, Rev. Thomas Cleworth.

King-st—11 a.m., Rev. Caleb Parker; 3 p.m., Sunday school addresses by Rev. W. B. Seccombe, Rev. D. N. McCamus and A. L. Morden, Esq.; 7 p.m., Rev. G. G. Johnston. Sacrament of the Lord's Supper, Rev. J. J. Rice.

Hall's Corners—3 p.m., Rev. W. J. Young.

Court House—3 p.m., Rev. R. G. Greatrix.

Baltimore—10.30 a.m., Rev. R. J. Fallis; 6.30 p.m., Rev. C. H. Coon.

Presbyterian Church—11 a.m., Rev. W. R. Young; 7 p.m., Rev. R. M. Pope.

Congregational Church—11 a.m., Rev. R. Duke; 7 p.m., Rev. J. S. Clarke.

Baptist Church—11 a.m., Rev. W. Buchanan; 7 p.m., Rev. Wm. Limbert.

PUBLIC MEETINGS.

Wednesday, June 4th—Temperance meeting at 8 p.m. Addresses by Rev. J. C. Seymour, Rev. M. L. Pearson, and R. W. Clarke, Esq.

Thursday, June 5th—Educational meeting at 8 p.m. Addresses by Rev. J. Griffith, Ph. D., Rev. J. M. Hodson, M.A., and T. A. Holgate, Esq.

Friday, June 6th—Reception service at 8 p.m. Addresses by Rev. Wm. Williams, D.D., Rev. O. R. Lambly, M.A., and the President of the Conference.

Saturday, June 7th—Theological Union meeting in King-st. church at 8 p.m. Lecture by Rev. S. J. Shorey.

Monday, June 9th—Missionary meeting at 8 p.m. Addresses by Rev. Amos Campbell, Rev. William Johnston and Judge Dean.

Tuesday, June 10th—Sunday school meeting at 8 p.m. Addresses by Rev. Wm. Burns, Rev. D. F. Gee and W. S. Griffin, Esq.

A Temperance Meeting.

An interesting meeting was held in the Royal Templar's hall on Hunter-st. last evening. Addresses were delivered by Mr. Geo. Howson, Dr. Stevenson, V. S., and others, while the singing was very heartily entered into by all present.

Personal.

Mr. George A. Cox has agreed to give an annual bursary of $85 to the department of New Testament Exegesis in Victoria University.

Dr. Roome, M.P. for Middlesex, was in town over Sunday, the guest of James Stevenson, M.P.

A Sunday Runaway.

Church goers on Water-st. were given an exciting incident yesterday morning just as the bells were ringing for the morning service. A horse attached to a buggy in which was seated a man, came up Water-st. at a terrific speed with the man frantically attempting to hold him in. The traces were broken and allowed the buggy to strike the animal's heels and this had started him.

Militia Orders.

The Canada Gazette of Saturday contains, in the militia orders, the following in regard to the 57th Battalion of Infantry, Peterborough Rangers:—"To be Quartermaster: Charles Wallis Forbes, (formerly 2nd Lieutenant), vice Edward Armour Peck, whose resignation is hereby accepted."

The orders also contain official notice that Lieut. C. J. Snyder, of the Durham Field Battery, has received from the Royal School of Artillery, a first-class grade A certificate.

Where Would Peterborough Be.

An event in which the residents of Stirling and Chatterton have taken a deep interest came off at Stirling on Friday afternoon. In response to a challenge for a spelling match from the Stirling high school, ten scholars from the Chatterton school dropped down on them with both feet. The ten scholars from the Stirling school were selected from among those who are studying for a third class certificate. The same number which composed the Chatterton faction were mere children. Joe Frappey called off the words and at the end of the first match five of the Chatterton scholars were still on the floor. The next was a written match, at which Stirling made thirty-four errors and Chatterton only two. Is there anyone around Stirling who can spell? Where would the Peterborough pupils be in a contest such as this.

Call and get a pair of boots from Kidd the booter. d84-w16

Literary Notes.

"SYRLIN"—We have received through Saltsbury Bros. a copy of a late publication issued by John Lovell & Sons, of Montreal, entitled "Syrlin." It is by the popular author Ouida, and depicts an interesting piece of English society and political life in London. The book is a popular one and being largely read.

Col-Sergt. Faughnan, the author of "Stirring Incidents in the Life of a British Soldier," a well-known and much appreciated work, has written and published a new book. His new work, however, is not biographical, but is a story of love and war. "The Young Hussar, or Lady Iris's Adventure" is its title, and anyone who makes the acquaintance of the Lady Iris in the opening pages will follow her through her adventures, many of them thrilling, and not stop until her story comes to an end in a way that all good stories should. The scenes are laid in Ireland, the Crimea, England, the United States and Canada, and the faithful manner in which the author portrays the different characters and the characteristics of different nationalities stamps him as a close observer and one who can paint with his pen as he sees. As this is a story of war, the reader is taken through the Crimea war and is also given a glimpse of the "recent unpleasantness" between the Southern and northern States. It is also a story of love, and the fidelity of Hubert, the hero, and above all the faithfulness of Lady Iris will win the admiration of the reader. The tale is well told, the book is well written, containing many good pieces of descriptive writing, and the story is interesting from the first page to the last page of the 300. The author will himself dispose of the books.

PETERBOROUGH'S 24TH.

Queen's Own Officers Inspecting Available Sites for Their Camp—The Invitation Favorably Received.

Peterborough's prospects for a gala celebration of the Queen's Birthday are now very bright. The 57th Battalion and the P.A.A.A. have announced a grand day of sports for the occasion and besides this an invitation was sent to the Queen's Own Rifles, of Toronto, to spend the holiday here. This invitation was very favorably received and on Saturday Adjutant Capt. Macdonald and Capt. McGee, of Toronto's crack corps, arrived in town to inspect the available camping grounds with a view to the acceptance of the invitation.

The visiting military men were taken in charge by Major Edwards and Adjutant Capt. Dennistoun and were shown the different sites which it was thought would be suitable for a camp ground. The Exhibition grounds were first visited and the Toronto men were much pleased with these quarters, the main building furnishing a very desirable place for mess rooms or a retreat in case of wet weather. However, when the officers were taken to Burnham's Point, they were more than delighted with the site. The beautiful, grassy incline, with the surrounding water and the cool, refreshing breeze from the neighboring hills make it an ideal spot for the soldiers to encamp. With favorable dry weather the officers did not think this site could be improved upon, and if the visit is to become a reality this will probably be the site where the white tents of the Toronto Rifles will be pitched.

There is every reason to believe that the Queen's Own will visit our town as Capt. Macdonald and Capt. McGee will strongly recommend the acceptance of the 57th's invitation in preference to the others that have been received. Should they come the town will put on its holiday attire to receive them and they can expect a good outing. They will come on the evening of Friday the 23rd, and remain until Monday morning. Her Majesty's birthday will therefore have to be celebrated on Saturday if the Toronto boys are to participate. The band of the Queen's Own, which is one of the finest in the Dominion, will be at the grounds during the programme of games and will also probably give a concert in the evening. There will be a church parade on Sunday, and taken altogether the visit will not only be pleasant for the visitors, but also to the town. By all means, it will be said, let the invitation be accepted.

Joe Hess in Belleville.

Joe Hess, the temperance evangelist, went to Belleville on Saturday morning and was met at the station in that city by a deputation of Royal Templars. He began a series of meetings in the Opera House there yesterday.

By Auction, to be Sold.

Here you have it! Such a chance only comes once in five years. The balance of the Duncan Cameron bankrupt stock will be sold by auction on Wednesday evening, 23rd inst., commencing at 7 o'clock. Big bargains will be given. Come to the sale and secure a share. Everything must be cleared. Everything must go. d8

Editor—What price have you put on that poem?

Poet—A dollar and eighty cents a thousand feet; same as Gas Company charges. This is a higher rate than Hawley Bro's. teas at 30 cents per pound, but the public have got to get Hawley's teas and spring poetry. Hawley has the tea, the poetry can be supplied. dtf

Y. M. C. A. Notes.

Mr. Wallbrook's earnest address made a marked impression on all present at the Young Men's meeting Saturday night. The orchestra was out in full force and rendered very valuable and effective services. We rejoice that two young men accepted Christ, to God be the glory. Mr. Arthur Burch led the Conservative meeting Sabbath morning. "It was good to be there."

The General Secretary conducted the Personal Purity meeting giving a short talk which was followed by earnest words from Messrs. Powel, Carveth, Hamilton, Wallbrook, it was a very helpful service.

Mr. Edward Duff gave an excellent address from Josh. 24,15, his words were highly appreciated and bore fruit. One young man accepted Christ. We do rejoice at this out pouring of God's Holy Spirit and we shall hold a short prayer meeting each evening this week at 7 p. m. Bible Class Tuesday evening.

The Condemned Murderer.

The Belleville Intelligencer thus speaks of Peter Davis, the condemned Marmora murderer, who is to hang on June 20th:—"No one can fully appreciate the agony and suspense of a person condemned to die. As Davis sits in his cell night and day with no sound to break the monotony except the steady tread of the watch constantly near his door, and the tick-tack of the clock measuring seconds into minutes, minutes into hours, and hours into days that only bring the prisoner unto a nearer approach to his doom, who can measure the depth of his agony? The prisoner receives spiritual attendance from Rev. Mr. Daw, and fully realizes the importance of making his peace with Him who never turns a deaf ear to the distressed. He constantly protests his innocence, but says he cannot expect pardon when his brother [illegible] against him, but [illegible] he will go to the scaffold an innocent man, and that although man has the power to judge here and to destroy the body, his spirit will go before God innocent of the crime for which he is condemned to die."

Rumored Contemplated Changes.

It is rumored that several important changes are contemplated in the train service of the Midland and G. T. R. railway which will affect Peterborough to a greater or less extent. These changes will come into force on the first of May, but what they will exactly be is not definitely known. It is said that Conductor Morris' train, which reaches here at 7.45 in the evening from Belleville, will, under the new time table, run straight through to Lakefield and remain there all night, coming down in the morning and running to Belleville on the usual time. At present this train lays here all night. It is also said that the early morning train which now leaves here for Toronto via Port Hope is to be discontinued after the first of May. This is the train which runs from here early in the morning and returns by Port Hope at 8.55 in the evening. Then it is rumored that Conductor Stanton's train which runs in here at 8.15 in the morning from Belleville, and connects with a Toronto train via Lindsay, will now run straight through to Toronto, while another train will run a straight trip from Port Hope to Lakefield in the morning. Of course these changes are not given out officially as yet, but it is a certainty that changes of some kind are to be made in the service.

Scrofula is transmitted from parent to child, and thus becomes a family inheritance for generations. It is, therefore, the duty of every scrofulous person to cleanse his blood by a thorough and persistent course of Ayer's Sarsaparilla.

AN OCTOGENARIAN GONE.

Mr. Thomas Fife, of Otonabee, Passes Over to the Silent Majority.

Another one of the old residents who was connected with the early history of this county has been gathered to his fathers in the person of Mr. Thomas Fife, of Otonabee, who died at his residence in that township this morning at the ripe old age of 81 years. The deceased gentleman was widely known throughout the county and has always been a much respected resident. His death was caused by old age, there being no definite development of any kind.

Thomas Fife was born in the town of Kincardine on the Firth of Forth, Scotland, in the year 1807. In 1820 he came out to this country with his father who settled in the township of Asphodel. The deceased lived with his father until he reached his majority, when he went to reside on the farm in Otonabee where he died. Thus for sixty years he lived on the same farm, and during that time won the respect of all with whom he came in contact. He was married to Janet Beckett, of Asphodel, who preceded him across the dark river in May last. He was the father of a family of eleven children, seven of whom still survive. They are as follows:—Dr. Fife, of Peterborough; Messrs. Isaac H. and Fred Fife, of Otonabee; Mr. Alfred Fife, of Asphodel; Mrs. Shearer, of Keewatin; Mrs. Geo. Hunt, of Manitoba, and Mrs. Donald Cameron, of Dummer.

The funeral will take place on Wednesday afternoon from his late residence.

Changing Organists.

The report that Prof. Seward, organist of St. John's church, had applied for the position of organist of the George-st. church and that his application had been accepted was correct. Mr. Price will leave for his new position in Montreal in about three weeks, when Mr. Seward will go to the George-st. church if his resignation at St. John's is accepted. Mr. Parker's resignation as organist at St. Paul's has also been accepted and he will leave about the last of May for his new position in St. Louis.

The Rev. Geo. H. Thayer, of Bourbon, Ind., says: "Both myself and wife owe our lives to Shiloh's Consumption Cure." For sale by Geo. A. Schofield, Druggist, Peterborough.

Notes of Down the River.

Mr. Wm. Metcalfe is to have the management of Juniper Point this season and will make this popular resort even more popular by giving the utmost attention to visitors. The Point is being put in good order, as also is Idyl Wild, and it is expected that these will be favorite excursion and picnic points during the summer for all the places along the line.

The steamer Daisy went to Harwood this morning with a load of furniture. She also carried a number of men from Bain & Co's. who are going down to "shoot-iron" the mill.

The water is very high again. This is shown by the fact that the "Yankee Bonnet," which usually stands five feet out of water, is now entirely submerged.

"After a varied experience with many so-called cathartic remedies, I am convinced that Ayer's Pills give the most satisfactory results. I rely exclusively on these Pills for the cure of liver and stomach complaints."—John B. Bell, Sr., Abilene, Texas.

The New C. P. R. Offices.

Work on the new market building is being pushed along, and a visitor can now obtain a very good idea of what the interior is to be when completed. The market upstairs is going to be a fine, large, airy and well-lighted room, while the stores below will also be desirable places of business. The store at the southern corner has also been pushed ahead and is now ready for the tenants as soon as the plate glass is put in. This store has been rented by the C. P. R. Telegraph Company, and the fixtures are ready to go in as soon as the glass for the windows arrive. The Company have to vacate their present premises a week from next Wednesday, so that no time will be lost in getting the new quarters in readiness for occupation. The new office of the company will be an exceedingly fine one, being well lighted by the four large plate glass windows, and from a business point of view the situation is a very good one.

A Night With the Sons of Ham.

The entertainment, the programme of which has been for some time in preparation, by the minstrel annex of the Snow Shoe Club will be given in the Opera House on Tuesday evening, May 6th. A regular old time burnt cork exposition of the beauties and oddities of minstrelsy may be looked for. The overture contains a number of new and popular ballads, to be sung by local soloists, while the choruses will be given by twenty voices. The Amateur Orchestra will play the accompaniments and some splendid selections. There will be the orthodox clog and jig dances by light heeled people who know how to dance, several amusing and entertaining specialties by others, including banjo solos and character songs. Four end men will contribute songs, jokes and witticisms. The entertainment will be first-class and gentlemanly, and particular care has been taken that the performance will have nothing vulgar or coarse. If you want to see thirty colored gentlemen sing and play in style and in a gentlemanly manner, make a note of the day and date. Posters, hangers and tickets will be issued in a few days.

A [illegible] Engagement.

The Belleville Ontario [illegible] thus speaks of the production of "Kit, the Arkansas Traveller" by the Henry Chanfrau Company, which appears at the Opera House here on Friday evening, 25th inst:—"For twenty years Chanfrau achieved fame and honor in his representation of this beautiful Southern melo-drama. Gathered to his fathers, he has been succeeded by his son, who in the same title role, is endeavoring to earn a similar position in the hearts of the present generation. The play was well placed on the stage, the fittings, scenes and accompaniments were admirable. The Judge and the Major were irresistable, their acting was simply delicious—the imperturbable gravity of the Judge, and the military bearing of the Major carried the 'gods' by storm. The heroine was not overplayed, and considering the age of this wild south western drama, there was a noticeable absence of exaggeration in all the characters. The play is decidedly different from any thing which has been produced here for a long time. It cannot exactly be said that it is a taking one with a Belleville audience although it is a perfect representation of southern life and as such was hugely enjoyed by those who are familiar with the manners and customs of western people."

To Nervous Debilitated Men.

If you will send us your address, we will mail you our illustrated pamphlet explaining all about Dr. Dye's Celebrated Electro-Voltaic Belt and Appliances, and their charming effects upon the nervous debilitated system, and how they will quickly restore you to vigor, and manhood. Pamphlet free. If you are thus afflicted, we will send you a Belt and Appliances on a trial.

The Daily Review.

MONDAY, APRIL 21, 1890.

THE JUDGE!

In the midst of this she heard the musical whirr of the door bell. A moment later the servant brought in the card of William McCook. Margaret's distressed heart hoped that he might have come as a friend, although her instinct told her that this was not likely. But, womanlike, she determined to be diplomatic in all that affected Harry, and she therefore hastened to the little reception-room with that look and manner of cordiality that women of self-containment so easily assume. McCook rose with a look of well-bred sympathy on his face. Instead of the business suit which he usually wore during the day he had donned a suit of black and wore his Prince Albert buttoned well up. So unreasonable is woman, that Margaret was repelled by this very act of respect to the melancholy state of her surroundings and set it down merely as affectation. The [illegible] be intended for a visit of ceremony [illegible] sort of dress, and that it lacked the spontaneity one would expect from an old friend in time of trouble.

"This is an odd time in the afternoon to call, Miss Margaret. But my time is not my own."

"No," said Margaret with gentle satire, and immediately hiding her grief as is the way with women of good training, "you belong to the commonwealth." McCook darted a sharp glance at her. He was not prepared for this mood. Margaret motioned him to a seat, and, finding a comfortable one for herself in the shade of the curtains, continued:

"But I am very glad to see that you are sometimes able to escape from the cares of State."

McCook could not for the life of him decide whether this was friendly banter or a [illegible] thrust.

"It hardly seems possible that so much has happened since we dined together the other evening," watching her, meanwhile, closely.

"Catastrophies always seem sudden," said Margaret, merely for the sake of replying, "yet who knows how long this terrible tragedy may have been hanging over the head of dear old uncle!"

"Do you think, then, that it may have been a deliberate murder?"

"I can not think. I can imagine no motive for anything so revolting. You are much better able to guess at the cause than I. I have never studied crime and its causes."

"If you had, Miss Margaret, you would have learned that a man seldom commits a crime unless he expects to gain something by it. The first question to ask is, who profited by Uncle Reuben's death? [illegible] heaven that it will remain [illegible] that his murderer is brought to justice. I ask for no higher mission. I shall be the avenger of that dear old man's death, Miss Margaret." Margaret smiled at him coldly. She was thinking, "he cannot even look heroic when he tries."

"Miss Margaret, I have come here to-day to ask you to join me in this. Lend me your woman's wit to help me avenge our kind old friend."

"I will willingly help you avenge him and clear Harry," said Margaret slowly.

"That is not the compact. We will avenge him, no matter whom his murderer is."

"Well," said she, "I do not know that I object to your phraseology. For, whoever it is, it is not Harry."

The words goaded McCook so that he could no longer keep his seat. He got up and walked toward Margaret, and stood over her while he said in a tone more authoritative than suppliant:

"It is not alone in this that I want your help, Margaret. Dear little girl, I want your aid in everything. I want you for my wife. You must marry me. I shall carry your promise away with me." His assurance gathered as he went on. He stooped over the girl and with strong and wilful gaze commanded her to return his look. In some dark and inexplainable way he seemed to threaten her. Margaret felt it, and against her will she let him know by her blanched face that she did so.

"Heaven help me," she breathed tremblingly, "I cannot do that, Mr. McCook. I have no heart to give you."

"In whose keeping is it, then?" he asked in a low voice, but with such a fierce intensity that he seemed to Margaret to almost shriek the words. "You had a heart not long ago. I saw it looking out of your beautiful eyes. Where is it now? It should be mine, and it will be yet, Margaret."

"No," said she, trembling still, but looking him bravely in the eye. "I cannot call it back. You are quite right. It is held in keeping. It will never be mine to give again."

"Then I know who has it. But does he want it? You told me yourself the other night that he had not asked you for it."

"Since I told you that, Mr. McCook, I have become—I have promised."

"Then," said McCook sharply, "he must have asked you very soon after, for that night came the tragedy, and our friend was nowhere to be found; and yesterday I saw him drive you away as if he could not bear to look upon your pure face, or else as if he hated you. Which was it?"

"It was neither," cried Margaret, rising and tossing back her proud little head. "It was neither, sir."

"No? I beg your pardon, Miss Margaret. I did not mean to vex you. Pray sit down again, pray do. If it was neither, what was it?"

"How do I know?" said Margaret angrily, wondering if she were not going to burst into wild tears, and saying to herself that she would rather die than do it. "I cannot read the minds of you men. You do not take trouble the way we do. If you have any regard for me, Mr. McCook, you will not continue this conversation. It seems a strange time to me to—think about such things."

"The time of trouble is the time that one wishes to protect the woman one loves."

"You are taking a strange way of doing it," returned she, but softening the words even as she spoke them, it being utterly strange to her to speak harsh words even when they were deserved."

"Better not reject that help, Miss Margaret. It is honestly offered; and you may yet have cause to be thankful for it."

"I thank you indeed for all kindness that you may offer. If you wish to do me a real kindness, it will be by aiding Harry."

"You seem to forget my official position, Miss Margaret. If the grand jury decides against your friend, it will be my business to present the cause of the State."

"Mr. McCook, you know as well as I that it lies in your power to give him a great deal of aid. But I do not think you are willing to give it. You deny the aid, and when I specify what I wish you to do, you will not. Why do we talk together longer? We shall only make one another angry."

"You cannot make me angry, Miss Margaret. I like you none the less for being loyal to your friend. Your opinion of him—I would say, I am not surprised at the position you take. And yet I feel sure that you will change. I shall not lightly resign the love of the woman I love, be certain of that. I have loved her too long."

"Mr. McCook, why do you force me to say anything more to pain you and myself? I am under a terrible shadow. Unless Harry is cleared I shall never come out from under it. Why do you speak to me of this matter? Do you not see that I have no right to listen to it?"

"Miss Margaret, you will soon have the right. Even if you were married to Mr. Leiter, the law would soon give you the right to listen to just such words."

"What do you mean?"

"The chances are that he will soon be dead to you and all his friends. You know what I mean, I can see that by your face. Tell me, if I prove him guilty, and so quite unworthy of your love, will you not retract what you have said to me to-day?"

"Have you known me to so little purpose all these years, William McCook? I have nothing against you, or at least I had nothing until now, but it is not for me to care for you; it is not my destiny. And now that you have suggested this treacherous treatment of your friend, I shall distrust and dislike you always—and I'm very sorry to have to say it, but you force me to be plain." It began to dawn on McCook that the matter was hopeless, but this did not lessen his determination to do his utmost.

(To be Continued.)

THE IRISH NATIONAL LEAGUE.

Parnell Urged to Consent to a Convention in America.

ST. LOUIS, April 20.—Just before the adjournment of the Executive Committee of the Irish National League here last week Dr. Thomas O'Reilly of this city was deputed to write John Dillon, M.P., and ask him to procure the consent of Mr. Parnell to hold a convention of the league in this country in the near future. The doctor in his letter to Mr. Dillon, dated to-day, says: "As you have Mr. Parnell's confidence permit me to impress on you that the necessity just now for calling a convention is pressing, as the present organization in this country is moribund. The apprehension felt by you on the other side of the Atlantic that the disturbing element on this side would do something calculated to compromise the friendly relations exhisting between your party and the Liberals throughout England, Scotland and Wales is without foundation. We hold ourselves subordinate to the Irish organization controlled by Charles Stewart Parnell, and will conform to any proper course which may be dictated by them." The doctor requests Mr. Dillon to communicate with President Fitzgerald at an early date.

A Firebug Lynched.

FAYETTEVILLE, Tenn., April 20.—Last month C. J. Kelso's barn here was burned. Steve Jacobs, colored, who had been discharged by Kelso, was arrested as the incendiary and jailed. Threats of lynching were made, but it was thought best to let the law take its course. Last Thursday night W. J. Sanders' barn was burned, which again called attention to Jacobs' case. At 2 o'clock this morning 100 determined men rode into town, went to the jail, ordered the sheriff to deliver Jacobs to them. The sheriff refused, whereupon the mob commenced to break down the jail doors with sledge-hammers. Finding resistance useless the sheriff opened the door and he and his deputy attempted to force their way through the mob and give the alarm, but were seized and carried back and were forced to unlock Jacobs' cell. A rope was put around the prisoner's neck and he was taken about a mile from town and hanged to a tree, after which the mob quietly dispersed.

Losses Caused by Flames.

WATERTOWN, Wis., April 19.—The beehive and box factory of Lewis & Parks and the Watertown woolen mill, owned by Miss Jane Chapman, were burned to-day. Loss $50,000.

DULUTH, Minn., April 20.—The cold storage warehouse owned by Barton Hoffman of New York and the Marquis de Mores was burned to-day. Loss $60,000.

PHILADELPHIA, April 19.—The William H. Hoskins Company, dealers in stationery, were burned out to-night. Loss $60,000.

GUELPH, April 19.—Smith's cider mill, with all the machinery and contents and a stable adjoining, were completely destroyed by fire at 7 o'clock this morning. Total loss about $1600, insured for $600 in the Wellington Mutual. The fire is supposed to be the work of an incendiary.

BRIGHT, April 20.—John Hewitt of concession 7 of Blenheim, five miles from Bright, had his barn burnt to the ground with all his grain, hay and implements, to-day at noon. Loss $1200, insured in the Brant Company for $600. Cause of fire unknown.

UTICA, April 20.—At Oneida, N.Y., about 3 a.m., fire destroyed the Empire drug store, Devereux Block, and Opera House and Farnum's hardware store with several offices. Total loss $45,000, two-thirds insured.

At a fire in Auburn, N.Y., this morning, Hall's furniture manufactory and a blacksmith's shop were burned. Loss $6000.

RANGOON, April 20.—Five hundred houses at Taungdwingye, including the commissariat stores containing 250,000 rupees worth of corn, have been destroyed by fire.

Bermuda Bottled.

"You must go to Bermuda. If you do not I will not be responsible for the consequences." "But, doctor, I can afford neither the time nor the money." "Well, if that is impossible, try

FIELD, GARDEN & FLOWER
SEEDS.

Purchasers of seeds must now be convinced of the disappointment experienced in buying seeds from boxes or packages already put up and placed in stores on commission and in many instances transferred from place to place for many years before being sold, the disappointment experienced not only from their non-vegetative powers but from the small quantity contained in each paper. To prevent these disappointments Messrs. Ormond & Walsh sell the whole of their seeds by weight at a fair and moderate price with a guarantee of their

Freshness and Vegetative Power.

INTERCOLONIAL
RAILWAY OF CANADA.

The direct route between the west and all points on the Lower St. Lawrence and Baie des Chaleur, Province of Quebec, also New Brunswick, Nova Scotia, Prince Edward, Cape Breton and the Magdalene Islands, Newfoundland and St. Pierre.

Express trains leave Montreal and Halifax daily (Sunday excepted) and run through without change between these points in 30 hours.

The through express train cars of the Intercolonial Railway are brilliantly lighted by electricity and heated by steam from the locomotive.

New and elegant Buffet Sleeping and Day Cars are run on all through express trains.

The popular summer sea bathing and fishing resorts of Canada are along the Intercolonial or are reached by that route.

Canadian-European Mail and Passenger Route.

Passengers for Great Britain or the Continent leaving Montreal on Thursday morning will join outward mail steamer at Rimouski the same evening.

The attention of shippers is directed to the superior facilities offered by this route for the transport of flour and general merchandise intended for the Eastern Provinces and Newfoundland, also for shipments of grain and produce intended for the European market.

Tickets may be obtained and all information about the route, also freight and passenger rates on application to

Probabilities.

Moderate to fresh east to south winds; fair warm weather.

ROBERT FAIR

This is an important column and Ladies and Gentlemen alike are specially interested. We strongly urge your perusal of it.

As the Spring Season advances we are making new additions to every Department in our Store, as new Styles are introduced.

We have had an unusually active Trade this Spring, and as a result have been compelled to repeat many Lines three and four times already.

A job lot of Fine 4-Button KID GLOVES in good Shades are selling fast at 50 cents per pair. We have all the sizes yet.

Our DRESS GOODS Department is very attractive.

Some real Novelties in PARASOLS and SUNSHADES.

The remark is frequently made that our CARPETS and OILCLOTHS are very handsome, and prices astonishingly low.

Orders for Scotch and Canadian TWEED SUITS are coming in very fast. Many new additions to this Department this week.

Drop in and see our MILLINERY and MANTLES. This is a very important branch of our business.

It will pay you to do your shopping at

DRY GOODS NEWS

—AT—

TURNBULL'S

Our Figured Wool Delaines have been slow in coming They were delayed in Liverpool by the strike which had affected the shipping department but they are here now in plenty of time. We need not say that Delaines are fashionable. We have imported lightly. Those who call early will get the first choice, as we cannot repeat any of the patterns this season.

We are showing Figured Lustres in new colorings. They are being greatly admired. We also show Black Lustre Brocades in a range of prices.

This week's express has brought three of the latest shades in Colored Henriettas, 43 in. wide at 50c. a yard. The colors are Violet, Salmon, Rose, Coachman's Drab.

The latest novelties in Neckwear are Lace Collars in entirely new designs. We will not attempt to describe them. We have just imported them from our American cousins, who are generally a season ahead of Canadian houses in getting up fancy styles.

This week has brought us a job line of small checks, Oxford Shirtings suitable for dresses, shirts or aprons, warranted to wash. Sale price 10c. a yard.

Hosiery—We have secured an immense line of Hosiery at job prices. We believe they are the cheapest line in Canada to-day, taking quality into consideration. All sizes from infants to ladies at 10c. a pair. Take your choice.

Our boys Clothing is now very complete. All the sizes in the new spring shades in stock. We are never beaten in price but believe we take the lead.
